R. G. POMEROY, Manager

Housework is hard enough when healthy. Every Charlevoix woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Charlevoix woman's experience:

Mrs. Chas. Hyers, 207 Park Ave., Charlevoix, says: "I had trouble with my kidneys. I bought a supply of Doan's Kidney Pills at Metcalf's Drug Store and they soon relieved me of the trouble."

Mrs. Hyers gave the above statement October 5, 1916 and on May 4, 1920 she added: "The cure Doan's brought about has proven permanent."

STATE FARM BUREAU NOTES

Published for the Benefit of Charlevoix County Farmers

Passage of a great quantity of legislation featured the past week in the Legislature, while sessions in the Senate were comparatively calm and peaceful, the storm-clouds continued to hover over the lower House. Long debates were frequent and delayed legislative progress, so forenoon meetings to supplement the afternoon sessions became the rule. Issues of importance attracted large numbers of lobbyists, who mingling with general visitors, high school students and numerous reporters, thronged the galleries and side-lines of the legislative halls.

Outstanding among the important developments of the week was the passage by the House by a vote of 69 to 26 of Rep. Mosler's constitutional amendment allowing for legislative enactment of a state income tax law. The proposed constitutional amendment provides: "The Legislature may provide by law for a tax upon, or with respect to, gains, profits and incomes of individuals, from whatever source derived, which tax may be graduated and from which there shall be no exemption except to those persons who, because of poverty, are unable to contribute to the public burden. Such tax upon incomes shall be in lieu of all assessments upon and taxes levied against intangible personal property."

The income tax proposal found substantial strength with the farmer members, only one farmer voting against the measure. Wayne county representatives, on the contrary, stood almost solid against the Mosier proposal, only 2 of the 14 Wayne members supporting it. The bill was rushed to the Senate, where no doubt it will start a lively scrap. Present indications are that it will pass that body. It will be submitted to the voters at the November election in 1922.

Rivaling the death penalty issue in intensity of general interest, the movie censorship bill occupied the central place in the attention of the House on Wednesday. After being warmly debated at considerable length and amended to a mere skeleton, the bill passed on the final reading by a vote of 84 to 10. It prohibits such pictures as are "sacrilegious, obscene, indecent, or immoral, or such as tend to debauch or corrupt public morals." Censorship of films, slides, reels or movie advertising is placed under supervision of the state administrative board. Punishment by a fine of from \$25 to \$100 and imprisonment in jail for not more than 90 days is specified for any violation of this act.

Drastic action to prevent automobile stealing is being taken by the present session of the Legislature. Sen. Coudon's anti-auto stealing bill which provides for a certificate of title issued by the Secretary of State to establish ownership of automobiles passed the House by a vote of 82 to 7. The bill had previously been passed by the Senate.

According to the provisions of

this bill, no automobile license will be issued in Michigan after July 1, 1922 until the owner has secured a certificate of title to the car. Operation of a car without obtaining such a certificate would be punishable by a fine of \$5,000 or imprisonment up to 10 years. By including a provision requiring the licensing of dealers in second-hand cars and the keeping by them of complete records of all cars bought and sold, the bill is so drawn as to greatly simplify and expedite the apprehension of auto thieves.

Rep. Johnson's bill increasing the severity of the penalty to reckless motorists convicted of manslaughter passed the House. The jury shall determine what shall be considered an excessive rate of speed in cases arising under the act.

"Mister Chairman—pardon me—Madam Chairman," was the somewhat stumbling remark of one of the leading senators which evidenced his confusion when for the first time in Michigan history a lady wielded the gavel in the Senate. Mrs. Hamilton, lady senator from Kent, had been designated by Lieut. Gov. Read to preside over the Committee of the Whole of the Senate. Mrs. Hamilton skillfully piloted the solons through the mazes of parliamentary technicalities.

Millions of dollars are being appropriated by the Legislature, but probably never before have the scores of appropriation measures been so closely pared or subjected to such careful consideration and discussion. The enormous budget requests of the state institutions, boards and departments are being nearly cut in half and the totals are being kept well down to those of last session. The House devoted almost its entire attention to appropriation bills during the latter part of the week. It was very evident that the representatives had not forgotten the pledges of economy which they had made to their constituents.

While the House has been turning its attention to financial matters, issues of headline importance have been accumulating on the docket and are awaiting consideration of the 83 bills on the House calendar for Friday, legislative consideration did not proceed further than the first 15. With only three more weeks before the tentative date set for final adjournment, the law-makers are still confronted with a great volume of proposed legislation. Bills introduced to date total 810. Fifty-nine appeared during the past week.

More careful grading and standardization of the packing and sale of apples in closed packages has been assured by the passage through both branches of the Legislature of Rep. Brannan's bill specifying standards for the various grades and classes of apples.

Measures for improvement of rural educational conditions came in for favorable consideration in the Sen-

ate. Rep. Rowe's bill to require school districts not maintaining high schools to pay the actual per capita cost of tuition to a nearby high school not to exceed \$60 for each student, and Sen. Bakers's bill to facilitate consolidation of rural schools on a township basis were passed by the Senate.

A bill to repeal the law requiring threshermen to send in figures as to crops threshed by them has passed both houses and awaits the Governor's signature. Statistics received from this source were declared to be incomplete, inaccurate and the law could not be enforced.

Elimination of undesirable stallions is being sought by a bill to prohibit the licensing of any grade stallion or of any stallion afflicted with certain specified diseases or unsoundness. A bill along somewhat similar lines, providing for the registration of bulls has been introduced in the House. The stallion bill has passed both houses.

The "search and seizure" amendment to the Wiley prohibition enforcement law has been introduced in both branches. It is intended to replace a provision of the Wiley law which was recently found to be unconstitutional.

Of special interest to live stock breeders were two bills proposed by Sen. Ross of Livingston. The first of these bills is entitled, "A bill to prevent fraud and misrepresentation in the registration of animals as pure-bred upon the herd books of recognized registry associations, and in the transfer of ownership of such registered animals, and to prevent the making of false statements with reference to the breeding, ownership, color markings or registration of animals." The second of these measures is, "A bill to prevent fraudulent and dishonest practices in making official or semi-official records of milk and butterfat production of cows."

AT THE MOVIES

American Legion Benefit at Palace
"Shore Acres" is a story of plain New England folk on the rock-ribbed coast of Maine. Martin Berry, a stern old lighthouse keeper, forbids his spirited daughter Helen to speak to the man she loves. It is Martin's fondest hope that Helen will marry Josiah Blake, the village banker, Helen refuses to obey her father, and elopes with her sweetheart on the "Liddy Ann," a vessel bound down the coast. Her father learns of her departure and, in a rage he prevents his brother, Nathan, from lighting the beacon that will guide the vessel safely out of the harbor. Desperately the two men battle together in the lighthouse—one to save the vessel, the other to destroy her. A sou'wester is raging, and during their struggle the "Liddy Ann" goes on the rocks, and the passengers are left to the mercy of the storm. The scene fairly makes the nerves tingle with excitement. What befalls thereafter is thrillingly unfolded in this picturization of the greatest American play of the century. "Shore Acres" is a big human drama of thrills and heart throbs, replete with delicious humor and tender pathos.

The master screen craftsman, David Wark Griffith, producer of the greatest sensations, creator of the most advanced innovations in motion picture productions, finder and developer of the world's greatest screen stars, has produced another wonderful production, "The Love Flower," which is being heralded everywhere as a creation of exquisite beauty, haunting charm and spirited drama. United Artists Corporation recently announced its release and the first showing of this newest of Griffith productions in this community will be at the Palace Theatre on next Saturday and Sunday.

The Ford Coupe

More and more this fine enclosed car for two—but it will carry three—is growing in popular demand. Strongly built, the body rests upon that marvelous Ford chassis. It brings to its owner every modern-day convenience; easy riding—while sliding plate glass windows make it breezy and cool in hot weather; dust proof and water proof when the windows are closed—it is cozy and comfortable in inclement and wintry weather. Then there is the durability of the car, coupled with the low economy of first cost and the saving of money in operating expense. Behind it, and every other Ford car, is that unsurpassed "Ford After-Service" which is given by the army of Ford dealers scattered over the country, together with some 15,000 authorized garages, until the Ford owner is always within immediate touch of dependable, reliable service, where the genuine made Ford parts, and the genuine Ford methods are applied in the care of this car.

The Ford Coupe administers to a great variety of owners from the physician to the traveling man, from the engineer to the architect, and then for a pleasure car for two it is unbeatable. We ask your early order if you want a Ford Coupe, because we want to make a delivery as quickly as we can but we must have a little time. Come in and talk it over.

SURVEY STARTED ON NORWOOD ROAD

Engineers of the State Department Making Survey

Engineer Dow in charge of the state highway surveyors, started work on a preliminary survey of the Norwood road, Monday, which has been under discussion for some time.

Work commenced at the four corners south of the city and will probably be carried through to Sprick's corner, and probably from there around by Norwood to the county line near the Albert Smith farm, and south from Sprick's corner to the foot of Jolliffe's hill, over the newly proposed route.

While the question as to the definite route of this road is not as yet entirely settled, we are led to believe that it will be built as a federal road from the city limits south to Sprick's corner, thence across to the foot of Jolliffe's hill, and from there on through Atwood to Eastport. At the same time a road will be built over the original Dixie Highway to the county line at Smith's corner.

ADDITIONAL LOCALS

Thirteen members of the East Jordan order of Rebekahs visited the local lodge last Tuesday evening at their regular meeting. Refreshments consisting of ice cream and cake were served.

Mae Smith of Detroit left Saturday for Los Angeles, California, after spending a few weeks with her parents, Mr. and Mrs. H. H. Smith of Hayes and her brother Ney Smith of this city.

The Woman's Missionary Society of the Congregational church will meet Friday afternoon with Mrs. Geo. D. Swinton and Mrs. H. A. Craig. Mrs. A. F. Bridge has charge of the program.

Thirty-nine members of the Charlevoix lodge I. O. O. F. attended the meeting of the Horton Bay lodge Saturday evening, putting on work in the first degree, after which the Horton Bay order served the visitors with a chicken supper.

The Holy Name society of St. Mary's church was reorganized last Sunday morning following early Mass, about thirty men being present. After the business session the members adjourned to the school hall where breakfast was served.

Mr. and Mrs. J. S. Baker have closed their winter hotel, the Granada, at St. Augustine, Fla., and left that city Monday enroute for Charlevoix. They report a very successful season, and the prospects were never better for a good season here.

A dollar spent on that tire right now will save you the cost of a new tire in a little while. We will make them almost as good as new. Benj. Brown. 14tf

Had Pet-Luck Dinner
About thirty members of the ladies' aid society of the Congregational church drove to the home of Mrs. Emmet Coulter for a pot-luck dinner last Wednesday and in the afternoon held their monthly business meeting.

Bring your tires and tubes to us for repairs and vulcanizing. Our work will stand the test. Benj. Brown. 14tf

Many Auto Licenses Sold
County Clerk Richard Lewis reports the sale to date of 1152 auto licenses since the beginning of the present year. From eight to ten are sold each day. The present sale of licenses would indicate about 1500 autos and trucks owned in the county.

Splutter, splutter—spat—don't euss the car. It needs to be tuned up. Bring it to our garage. Benj. Brown. 14tf

First Church of Christ, Scientist
Sunday service at 10:45 a. m. subject, "Doctrine of Atonement."
Sunday school at 12 m.
Wednesday service at 7:45 p. m.
Reading room open Tuesday, Thursday and Saturday, 2 to 5 p. m.

Don't start running your car without having it gone over and put into shape. It will cost more later. Bring it in. Benj. Brown. 14tf

Two hoboes have been sentenced to 5 days in jail at Cadillac for having ridden on a freight train unauthorized. However, in spite of this delay, it is believed they will reach their destination in time to miss the jobs they had in mind.

Card of Thanks
We wish to express our deepest thanks and appreciation for the many acts of kindness and words of sympathy during the illness and death of our beloved son and brother, Gerald. Words cannot be spoken which express our feeling to the members of the American Legion for their many expressions of sympathy and efforts to lessen our grief. Mr. and Mrs. J. B. Parsons and family.

Sterling Tire Shields

Eliminate blow-outs and are 90 per cent puncture proof. They are guaranteed to satisfy. If you wish to get away from so much tire trouble, just invest in a set of Shields and put them in those old tires and prove them out. They will lengthen out your tire mileage about one-third in your good tires.

EAST JORDAN

CENTRAL LAKE

EAST JORDAN BOYS FINED AND JAILED

Brought Before Justice on Assault and Battery Charge

Harold Atkinson and Tom Kizer, both from East Jordan, were arrested Saturday and placed in the county jail on the charge of assault and battery.

Monday they were taken before Justice H. C. Cooper and Atkinson sentenced to serve 60 days in the county jail, while Kizer drew a fine of \$25.00 and costs amounting to \$12.50.

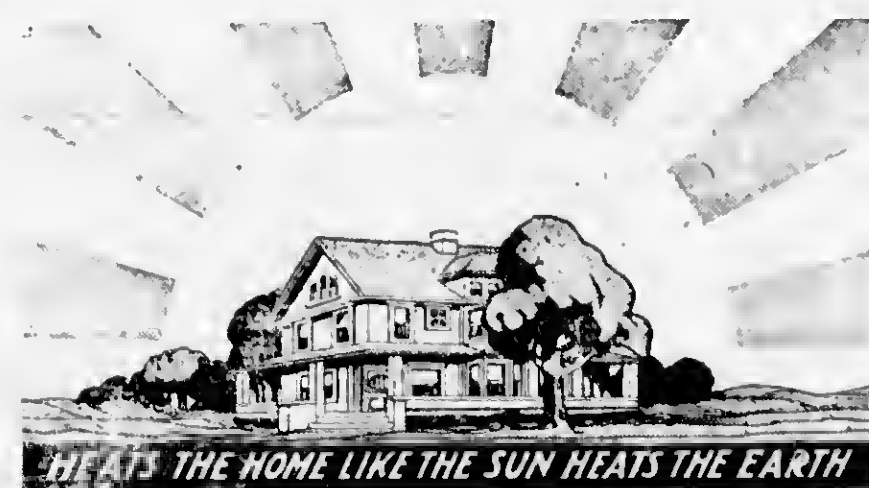

The case has been the cause of considerable comment. The young men, according to their testimony, were invited to the city by one of the two persons who were the cause of their arrest. Their present plight should be a lesson to the younger element and it might be well to suggest that parents keep a closer watch on their young girls.

Give your bicycle a thorough overhauling and let us do the work. Prices are right. Benj. Brown. 14tf

W. R. C. Meeting April 7th
The Women's Relief Corps met at the I. O. O. F. hall April 7th at which a large number were present. The committee for the good of the order, served ice cream and cake. The few members who were absent were missed and it is hoped that all will endeavor to attend the next meeting as the ladies promise something good either in the way of entertainment or refreshments.

For Road Maintenance
County Treasurer Charles H. Emery reports the receipt of \$8,444.05 from the state treasurer for 1921 road maintenance, the above amount being Charlevoix county's share of auto license money covering into licenses issued during the quarter ending March 31, 1921.

Bicycle tires, tubes, and repairs of all kinds. A little attention now will save your wheel. Benj. Brown. 14tf

CALORIC PIPELESS FURNACE

A miracle of modern science—offering to every family in this community a better heated home at lower cost.

Caloric heating is based on the natural law that warm air rises and cool air falls. In obedience to this law, Caloric heat flows naturally to every part of the building, without resistance—without waste.

CALORIC
Uniform heat distribution—fuel saving of 15 to 25—convenience—clean, healthful heat—are features that have made Caloric the most popular heating plant in the world. More than 125,000 users.

The Caloric heats old or new homes of 18 rooms or less. Installed in a day. No plumbing, no alterations, no pipes to freeze. The written guarantee of the largest manufacturer of warm air furnaces in the world, and our personal guarantee, assure your satisfaction or money back.

Investigate and learn the advantages of Caloric heat for your home—now.

New Palace Theatre

Especially Good Attractions For This Week

THURSDAY, APRIL 4—Universal presents Carmel Myers in "Folly's Trail." The spectacular drama of New York Bohemian life. Her first picture after a year on the New York stage in musical comedy. Also a one reel Rowland comedy, "Flat Broke."

SATURDAY and SUNDAY APRIL 16th and 17th—United Artists present D. W. Griffith's production, "The Love Flower." Starring Richard Barthelmess and Carrol Dempster. A story with a strange and vibrant spirit taken from the Collier's Weekly tale, "Black Beach." Screened with the zest and fascination of story telling only Griffith can provide. A deep-breathing romance of the out-doors. Happy, thrilling, and delightful, with scenes of quickening beauty and a gallery of art splendor. Also a beautiful scenic reel, "Ballyhooing on the Anarika." An Outing Chester picture.

WEDNESDAY, APRIL 20—Special attraction, benefit of the American Legion. Metro presents, "Shore Acres," starring Alice Lake. This picture is so unusual that we should like to recommend it to all. A dramatic story of a stern old New England father who forbade his daughter to speak to the man she loved. Her elopement with the man and her father's enraged effort to sink the ship that is carrying them away. For sheer dramatic power, as well as tender sentiment, this picturization of the stage play which run for nearly thirty years, is unsurpassed. "Shore Acres" is a big human drama of thrills and heart throbs.

COMING—Saturday, April 23 Paramount picture, "The Cost."

COMING—April 30th. Wm. S. Hart in, "Sand."

Ellsworth Section

ELLSWORTH

Zeno Schoolcraft of Bellaire was in Ellsworth on business one day last week.

Wm. Driggett, Jr., of Charlevoix was in town on business one day last week.

Mr. and Mrs. G. C. Townsend of Boyne City called on friends here on Sunday.

Miss Emily Wieland spent two or three days last week with friends at Boyne City.

Supervisor Ralph Wiltse was in Ellsworth and vicinity this week doing assessment work.

The Misses Boss, Sanoluski, and Annisier of Charlevoix spent Sunday at the W. A. Boss home.

Abel Spekman purchased a Chevrolet Model 490, from the Ellsworth Garage one day last week.

Leonard Hillman who has been working at Lansing for the past year is at home for the summer.

L. VanSkiver entertained his brother A. VanSkiver of Defiance, Ohio, several days last week.

Mrs. Wm. Russell and daughter of Muskegon visited friends and relatives here several days last week.

Mr. and Mrs. Wm. Knight of Atwood who have been spending the winter in Florida are at home again.

Wolf Galiaski of Petoskey bought and shipped a carload of live stock from Ellsworth on Monday of this week.

Don't forget the dancing party at the Blue hall Saturday evening, April 16th. Music by Fairman's orchestra. All are invited.

The Misses Ida Hennep and Bertha Cooper who have been at Chicago during the past year arrived home last week.

John Fielstra has rented his farm and will hold an auction sale on Tuesday, April 26th at his farm south of town.

Joseph Gaunt was confined to his home the most of last week by a severe attack of eczema. He is better at this writing.

Fred and Emmett Denny of Flashing arrived last week called here by reason of the illness of their father, David Denny.

Meslames C. L. Tacey, A. L. Ely, and Marion Best and Miss Elizabeth Klebe were Petoskey visitors on Saturday of last week.

William Root and wife of Escanaba are spending a few days at the home of Mrs. Root's parents, Mr. and Mrs. E. A. Dean.

R. Nelson has been busy grading and setting out shade trees around his residence at the corner of Center street and Angel avenue.

Friends of Mr. and Mrs. Charles Empey received word last week of Mr. Empey's serious illness with pneumonia at the Empey home in Newagen.

Special meetings at the M. E. church are still in progress and are being well attended both at the evening meetings and at the afternoon prayer meetings.

Richard DeYoung and L. Groepink left for Grand Rapids on Monday of this week to attend a meeting of members of the Reformed churches of the state.

Men are expected this week to begin work on the new Standard Oil station which will be built just south of the depot. Two tanks and the material for concrete are already on the ground.

Gerrest Drenth, an employe at the Farmers' Warehouse for the past two years, has resigned and rented the E. H. Boss farm north of town for the coming year. Albert Tornqvist is working at the warehouse in Mr. Drenth's place.

Rev. J. E. Pickard of Hudsonville arrived in Ellsworth last Saturday and left for his home on Tuesday driving his car back to Hudsonville. Rev. Pickard has been pastor of the Christian Reformed church at Atwood for the past six years.

The congregation of the Christian Reformed church voted last week to hold one service of each month to be conducted in English and Sunday morning April 17th, will be the first service of this nature and a cordial invitation is extended to all.

A. N. Nicholls arrived at the New Orient last week where he will spend the summer. Mrs. Nicholls will join him in the near future. Mr. Nicholls expects to spend a part of his time this summer in building and repairing on his brother's farm east of the Miles schoolhouse.

C. J. Dregman, an official of the Holland-St. Louis Beet Sugar company addressed a large crowd of beet growers and prospective beet growers at the Blue hall on Thursday of last week. Arguments were put forward by several of the local farmer who have grown beets for the concern for several years, in an effort to raise the contract price per ton from \$6 to \$8, but to no avail. The company stands pat at \$6 and the prospects are that sugar beets in this locality will be conspicuous by their absence this year.

ROCK ELM

Jesse Lawton buzzed wood for Mr. Jensen last week.

Farmers are starting their spring work for which the weather is quite favorable.

Earl Danforth is busy trucking logs to the beach. The snow left too early for his job.

Norman Jensen who worked in a garage in Detroit through the winter returned home Saturday to help his father with the farm work.

Mr. and Mrs. George Metz, Mr. and Mrs. Swanson, Miss Jessie Metz and Mr. and Mrs. Joe Whitfield were Sunday visitors at the home of Mr. and Mrs. Levi Metz.

MILES DISTRICT

Miss Margaret Hodson of Muskegon is now visiting Manila Miles.

M. and Mrs. Thos. Withers and children spent Sunday at the LaLonde home.

Mrs. A. Miles is spending a few days with Mr. and Mrs. H. H. Cummings of East Jordan.

Lynd Sheldon, Emma Wakefield and Lawrence Supernow called on Miss Esther LaLonde Sunday.

Miss Kate Mohlo of Charlevoix and Alfred Raymond of Boyne City were visitors at the Miles home Sunday.

COMMUNICATIONS

Dr. Hewitt Answers His Adversaries

In justice to my family and friends; in honor to God's Holy Word, and in the interests of the thousands of christian churches established by the shed blood of our Lord and Savior Christ Jesus, I feel it my duty to make answer to written statements which were published in the Charlevoix Courier of March 30th issue: The writer of said statements are not fully known to me at this time, but the signer, E. J. Chellis I have known for some little time. Mr. Chellis is a farmer living near Ellsworth, Michigan. I believe him to be an honest citizen of splendid moral character.

Pardon this personal allusion. I am a poor sinner saved by the Grace of Jesus Christ. When a young man I hit the trail with the devil and his gang. But since my conversion many years ago, I challenge, I defy any to show one single incident in my teachings in college, my sermons, my gospel question box writings, my daily walk and conversation that has not been true to the teachings of God's Holy Word. I have a burning desire within my heart to save souls for Jesus Christ. I am a sworn adversary of the devil, I am against everything that the devil is in favor of, and in favor of everything that the devil is against, and wherever the devil shows his head, whether it be in church or out of church I will fight him to the finish. God has bountifully blessed me by giving me the privilege of sitting under the instruction of some of the greatest divines in America, and by diligent study I have gained some knowledge of the Hebrew and Greek roots in the scriptures, and I propose to give what little knowledge I have of God's Holy Word to the public pure and unadulterated and the devil and all his hosts can't stop me. I fear no man, I seek only the approbation of Jesus Christ. No man can charge me with allowing a bunch of dirty church hypocrites to tell me how to preach. Not on your life!

The written article which Mr. Chellis signed, referring to me states, "But then we suppose the Dr. is excusable for feeling grieved toward the M. E. people as the M. E. conference did not boost him into a high position at once as per his request." To this accusation I reply: I have never made application for admission to the Methodist conference. I have never asked the Methodist conference or any other christian association to boost me to a high position. I have always been treated very kindly by the Methodist people. Occasionally Methodist ministers and I disagree on Scriptural points, but in the spirit of love, I hold to and believe in the Methodist doctrine of Holiness as taught by John Wesley and I maintain that any man is a mighty poor Methodist who does not want Holiness. I love the Methodist church and shouldn't I? My father and mother were Methodists before me. My wife has been a Methodist all her life, and I have been a member of the Methodist church for fourteen years, and held credentials from one of the leading Methodist churches in the state, which were recently issued. I have performed some work for the Methodist conference and have letters on file compelling me to file highest terms for services I rendered them.

I am charged in the writing to which Mr. Chellis signed his name, with stirring up strife among members of the M. E. church. Well, if trying to drive "basket ball, cussing, and foul profanity out of a building which has been made sacred by the assemblage of christian people for something like twenty years; where many a funeral sermon has been preached, if helping to organize a Sunday school in the Atwood and Norwood churches; if trying to bring about an influence to get the Norwood church repaired, which had become a disgrace; if subscribing \$26 toward the repairs of the Norwood church; if giving in the last twenty-six months to the churches and Sunday schools of the Ellsworth charge \$127.29 and I am not a member of these churches; if organizing prayer meetings and having some conversations and helping establish family altars in homes; if this is what Mr. Chellis calls "stirring up strife among members" then I stand guilty. Oh, but be careful says the devil, it's not popular nowadays to pray to homes; don't talk about Jesus too much and by all means don't preach Holiness; my, if you do you will not be considered modern in your methods, you will be regarded as "the rolling thunder of a brain storm."

I have no apology to make regarding what I said in my answer to a question which referred to basket

ball in church. In making the answer to a question, I mentioned no names and referred to no particular church and I want it understood that my answer might apply to any church or denomination; I had no intent of "lambasting"; hitting any person or persons; I was simply giving the scriptures' proper definition as taken from the Hebrew root. And my answer will not be criticized by anyone learned in theology.

In conclusion I will say, I have no ill feelings against the board of trustees or pastor of the Ellsworth church and I only pray that God will bless them spiritually if they differ with me on the scriptures, they certainly will do so in the spirit of Christian love; if they are christians as they claim to be.

C. W. Hewitt.

WILDWOOD

Jim and Harm DeYoung were callers at Wildwood on Friday morning.

Mrs. Cross and Miss Kate Wilson were over Sunday visitors with relatives here.

Jason Fincher has moved his family and their household goods to the Clarence Fules house for the summer.

Neal Crawford and John Crawford took a raft of logs to Central Lake last week to have cut into lumber down there.

Mr. and Mrs. Nelson Smith who were friends of the Chns. Shaw family in Ohio are spending a few days visiting friends here.

The Jim Wilson family are recovering from an attack of severe colds that seem to be visiting nearly every home in the neighborhood.

Neal Crawford has just concluded putting a drive of logs through to the O. P. Barber mill at Central Lake. We are all noting Neal, the lumber and lath.

Mr. and Mrs. John Fielstra have sold stock and other farm equipment and rented their farm for a term of three years and will soon leave for a temporary residence at least in Grand Rapids. The very best wishes of their many friends go with them and hopes for a return of the family to the farm when the lease has expired three years hence.

A party of friends and relatives to the number of 28 gathered unannounced at the home of Mrs. Fielstra on Monday night of last week and after recovering consciousness she proceeded to entertain the welcome guests in a very commendable manner. After the evening thus spent regrets at the arrival of the hour for departure were very numerous.

George Cudy is home from Ypsilanti and last week purchased the splendidly matched team of bays horses from James Wilson and will farm this summer. In times gone by, perhaps, such a move on the part of such a very eligible young man would be regarded with suspicion in regard to his very near future. We are not offering congratulations as yet, however.

ANTRIM CITY

R. Baumbach is baling hay this week.

Mr. and Mrs. Wm. McKnight has come home from Florida.

Mr. and Mrs. G. Bedell and family were visiting at L. M. McDowell's Sunday.

Miss Edna McDowell who has been visiting relatives and friends at Bellaire came home Sunday.

Mr. and Mrs. Oliver and family and Garret Oliver were visiting at L. McDowell's one day last week.

LOCATION FOR NEW ORCHARD

It Should Be Placed on Good Ground and Convenient to Farm Dwelling House.

Have you decided on the location for your new orchard? Do not choose the poorest land in the most neglected portion of the farm, but place the orchard on good ground convenient to the house. You will find yourself taking greater pride in seeing that it is cared for properly. A good orchard, besides affording much pleasure, yields returns more than sufficient to pay for the care that is bestowed upon it.

You want what you can't get till you get it.

CASE

THRESHING MACHINES

Case Grain-Saving Threshers

Case steel built threshers with proper attachments which we are prepared to furnish will thresh all grains and seeds grown.

CASE threshers are sturdily built of steel, insuring long life. Steel construction also prevents total destruction by fire. Rotting and warping is impossible in a Case steel thresher. Distorted frames and disalignment of shafts and bearings from the pull of main drive belts are avoided by the Case method of construction. Galvanizing prevents rusting.

Add to this the fact that Case threshers insure the cleanest of threshing, thorough separation, perfect cleaning and unequalled saving and you have the reason why more Case threshers were built and sold last season than in any previous year of the history of the J. I. Case Threshing Machine Co.

We suggest you place your order for a Case thresher as early as possible. If you buy a Case you will be satisfied. Come in and let's talk it over.

STANDS OFF A LOT OF DOCTOR BILLS

Recommends Pe-ru-na for Catarrh of the Stomach, Colds and Grip

"I have used Pe-ru-na for several years and can heartily recommend it for catarrh of the stomach or any other ailment. I always get benefit from it for colds and grip. It stands off lots of doctor bills and makes one feel like a new person."

R. F. D. No. 3, Box 11, Wayneburg, Kentucky.

It is wise to keep a bottle of Pe-ru-na in the house for emergencies. Coughs and colds may usually be relieved by few doses of Pe-ru-na taken in time. Nasal catarrh, indigestion, constipation, diarrhoea, rheumatism or other trouble due to a catarrhal condition of the mucous membrane all call for Pe-ru-na as the successful treatment. The health building, strength restoring qualities of this well known remedy are especially marked after a protracted sickness, the grip or Spanish Flu.

PE-RU-NA is justly proud of its record of fifty years as health protector for the whole family.

CHARLEVOIX PUBLIC SCHOOL NOTES

Prof. Goodrich of the state department of education spent Friday at the high school.

In the prize essay contest for the state historical commission Richard Saultonhall of Class 1923 was the winner of first place. The second place was won by Albert Widdfield of Class 1924. Those given honorable mention were Jean Swinton, Phila Armstrong, Persis Vanderstreek, Forrest Brown, Margery Brown and Eleanor Finucan.

At the sub-district declamation contest representative Kathryn Gaskin won first place and will represent us in the district contest to be held soon.

Katherine Fitch won third place in the oratorical contest the same evening.

The junior class is working on three one-act plays which they will present in the near future.

Cecil Welch is a new pupil enrolled in the first grade this week.

The normal class visited the fish hatchery Wednesday.

Four new pupils have enrolled in junior high. The seventh grade are thinking of taking possession of the assembly as there are now fifty enrolled.

Clair Myers and Carl Raber are training for track, running up and down stairs.

University of Michigan Extension

Lecture by Prof. Ray K. Immel will be given at the Palace Theatre, Friday evening, April 15, at 8:15. Lecture recital, "The Devil's Dilemma."

On Tuesday of last week the usual hour for Bible study was given over to Judge Correll and every one present listened to a most interesting and instructive lecture on "The Mosaic Laws."

The question was asked, "What is Law?" and answered, "Law is a binding custom or rule of conduct and creates in man a rebellious attitude." It has been from the very beginning of time. The laws upon which those of our present time are based were used, long before Christ, by the Israelites. These laws included the Ten Commandments and were formed by Moses. The first four laws bear upon the relation of God to man; the last six are the relation of man to man. The latter are used in our courts today and man is punished for his violation of them, but the first four which are equally important are often forgotten as being thus.

Judge Correll believes that for violation of any of these ten laws man should be punished.

This lecture being instructive as well as interesting was listened to attentively by the pupils as well as some of the patrons of the school.

Celebrated Birthday Anniversary

Mrs. Guy Eccleston entertained at her home last Thursday afternoon from three until five o'clock in honor of her small son, Floyd, the occasion being his third birthday anniversary. There were five children and mothers present to whom the hostess served a delightful luncheon late in the afternoon.

NORMAL ACREAGE OF SUGAR BEETS

Estimated at 175,000 Acres—Valued at \$11,000,000

Sugar beet growers locals are signing the crop contract drawn up in their behalf by the Michigan Sugar Beet Growers' association in preference to those offered by the factories, declares C. E. Ackerman of Durand in a statement to the state farm bureau, announcing that the campaign to sign 12,000 growers of the state will close April 16.

Indications point to a conservative planting of beets in Michigan this year says Mr. Ackerman, stating that locals are reporting from 200 to 1,000 acres, much lower than the acreage in normal years. Some growers will not plant this year, others are going slow. Reports from Ohio show that growers in that state will plant smaller acreage this year and are holding off for better prices from the manufacturers.

The growers' contract presented by the Association carries a scale of prices based on the wholesale price of sugar and is designed to give the grower a larger share of the return from his beets, says the association. The contract provides for \$6.45 a ton for beets when the wholesale price of sugar is five cents, and adds \$1.29 per ton to the growers' return for every additional cent increase in the wholesale price of sugar over five cents.

Utah and Idaho farm bureau-sugar beet growers and their manufacturers originated the contract offered by the Michigan association. Its adoption in the west raised the total crop return of Utah and Idaho growers more than \$2,000,000. The Michigan contract would make the state association the sole representative of the grower before the 17 factories of the state.

Michigan's normal acreage of sugar beets is 175,000 acres, which produce about 1,000,000 tons of beets annually, valued at more than \$11,000,000.

Don't start running your car without having it gone over and put into shape. It will cost more later. Bring it in. Benj. Brown. 141f

VETERANS HAVE NOT APPLIED

Medals and Victory Buttons Ready for Distribution

Anxious that every man who served honorably during the World War should be given a token of appreciation from a grateful nation, the War Department has directed that recruiting officers shall give their entire time and attention to the distribution of Victory Medals and Victory Buttons to the veterans of western Michigan, now that recruiting for the Army has been suspended. Major H. M. Fales, the officer concerned has opened an office in Room 130, Federal Building, Grand Rapids, where the work will be carried on.

Although many thousand Victory Medals have been distributed in western Michigan, the records show that scores of veterans have not applied. In order to obtain a Medal the veteran must apply for it. All postmasters of western Michigan have been supplied with the proper blank application forms and instructions for accomplishing them and are ready and willing to help all veterans who apply. If veterans prefer they may apply directly by mail to the Army officer on duty for this work in Grand Rapids.

Like the G. A. R., the World War veteran will value his medal and Victory button more and more as the years go by, and, it is pointed out, it may be very troublesome to obtain these awards later when the government discontinues the present accessible machine being used to render this service to the World War veterans.

Take Proper Care of Garbage

Residents of Charlevoix township have lodged complaint to the health officer that some person or persons are dumping garbage along the road leading to the city dumping ground, and near the Coulter farm. This not only includes tin cans, but spoiled meat and rotten vegetables. This practice MUST stop. Read the state law regarding disposition of garbage. I will prosecute to the fullest extent of the law any person apprehended, and will also hold drivers of vehicles dumping the garbage responsible.

WM. H. COOK, Health Officer Charlevoix Twp. adv 1512

CONGREGATIONAL CHURCH

Morning worship and sermon at 10:30. Subject of sermon, "The Higher Nature of Man a Revelation of God." Church school at 12 m. Christian Endeavor at 6:30. Evening worship and meditation at 7:30.

GARBAGE LAW BEING VIOLATED

Health Officer of Charlevoix Township Gives Warning

The law, also common sense and decency, is being violated by some person or persons in regard to the disposal of garbage.

Complaints have been made by residents of Charlevoix township, that tin cans, old papers, spoiled meat and bones and rotten vegetables are being scattered along the road to the city dumping ground and also along the road south of the old beet sugar factory.

You can drive either of these roads and after leaving the city limit find piles of rubbish along the road.

The city provides a place for dumping all garbage, and we can see no reason for this violation. It is not only a menace to the health of the community, but a disgrace to the entire district.

Attention has been called to it by many residents and if the practice is not stopped immediately prosecution will certainly follow.

To the Users of Electric Light and Power

On Sunday, April 17th, if the weather and roads will permit, the main transformers at the Charlevoix substation are to be interchanged with those at the power house in Bellaire. This work is practically the finish of the change of the electric system from two phase to three phase which has been going on during the winter. It will necessitate the shutting down of the plant for the whole day but every effort will be made to have the work completed and the lights on before dark.

Motor customers are cautioned that when the power first comes on the motors may run in the reverse direction from what they formerly did. This trouble will be corrected as soon as possible.

As planned the power will be shut off at 2 a. m. Sunday so that the transformers can be loaded by daybreak on the county trucks. By starting as soon as it is light it is expected that the trucks will reach their destination by noon and the unloading, placing and reconnecting can be started.

The transformers at Bellaire which must be transported to Charlevoix each weigh two tons and the two at Charlevoix which go to Bellaire each weigh two and one-half tons. You will realize that with these weights an accident in loading or a mishap on the trip would not be unnatural and could cause serious delay. With this in view have a good lamp handy but trust that the men at the power plant are doing everything possible to have the electricity on for you at the earliest possible minute. adv 1511

SCHOOL TEACHER PROBLEM

DISTRICTS FACING A SERIOUS SHORTAGE

Out of 64 Teaching Last Year, 33 Leave the Profession This Coming Year

The problem of keeping good teachers in the rural schools looms bigger than ever before, just at the time when the county had hoped that the problem might have been partially solved. Of sixty-four teachers in the one-room schools, thirty-three are leaving the profession for the coming year—quitting for good, entering into other lines of work, going to school for a year or two, or getting married. The remaining thirty-one are going to teach, half of them remaining where they are for another year, perhaps, others looking for something better.

Ordinarily a county school commissioner figures on a twenty or twenty-five per cent change and transfer in the faculty. This is a change of more than half. Inquiries into conditions in the southern part of the state bring data to the effect that good teachers are harder to get than ever, the shortage keener than ever before. Is it a taste of independence, a touch of business life, or more money and less work or all three—that we do not know, but the teachers are not "coming back" as was predicted.

There are ten students in the county normal class and prospects that at least one college student will write the county examination. This will leave the schools, many of them open, and begging for teachers. One or two high school graduates have expressed a desire to take the six weeks' course and take the examinations. Of these very few pass, and of those who pass only a small percentage are able to handle the work. The course of study is too complex and the work too difficult for untrained teachers to handle. Directors paying for service recent experimentation while the teacher learns her profession after taking the contract.

City school boards of education have some of them employed their teachers for the same wage as the present contract, other make a ten or twenty per cent raise. Rural school officers have been holding back to see what had to be done. They are not to be blamed as each solves the entire problem for the community. Taxes are high and if a drop is to be made, they would prefer making it now. Teachers note but a slight decrease in the cost of living and resent any drop in wages.

On the other hand, the one big argument for a good wage for teachers is not one of the cost of living. This sincerely enters into the question at all. Every teacher is entitled to a living wage and as much more as she earns. Teachers must necessarily lay off for three or four months each year while living expenses continue. If the contract salary for the year is divided by fifty-two weeks, the daily wage, and the weekly wage becomes smaller in our sight. If we add to this the fact that teachers must keep up with rapidly changing methods, and improved conditions, go to school at least two summers out of three, the expense of the profession must be subtracted from the contract salary. The salary is small and the girls who prefer to be self-supporting have many of them sought other professions. The work is hard and every teacher should have enough salary so that she can afford to hire all clothing made and all grooming cared for. A business man does not waste time on details. He gives his sole attention to his work. The salary should be large enough so that the teacher would feel able to take complete rest, whether in bed, or in whole-some recreation, in short vacation periods. The teacher must do this, must do all of these things in order to be a complete success and dependent upon her success are the lives of the boys and girls.

The training necessary, the long lay off in the summer time with "no pay," the hard work, in school and out, these are the drawbacks of the profession. To offset these is the opportunity for service. But a teacher cannot live on service. Neither can we get teachers who will give a maximum of service if every teacher who applies is given a school. We should be able to pick and choose, select only the best and advise oth-

A. D. Crimmins

A. D. CRIMMINS ELECTED CASHIER GRAND RAPIDS NATIONAL CITY BANK

Will Leave Charlevoix About May 15th to Assume New Duties—A. A. Swinton Acquires His Holdings and will Become Active Manager of Local Bank

Alvah D. Crimmins, Cashier of the Charlevoix State Savings Bank, has been elected Cashier of the Grand Rapids National City Bank, one of the largest and best known banks of western Michigan, and will leave in a short time to assume charge of his new office. We learn that this change has been in contemplation for some time and that Mr. Crimmins has made his decision only after mature deliberation. The advantages and inducements presented were offset only by the loss of a residence in Charlevoix and the severing of active connection with a bank which he has done so much to develop and advance.

Mr. Crimmins has been cashier of the Charlevoix State Savings Bank upwards of four years, during which time he has demonstrated exceptional abilities as a banker and financier building up the business of the bank by careful and close attention to duty and displaying all of the essential qualities of courtesy, honesty and fairness recognized by all who know him. However, in contemplating his proposed departure, his business qualities and abilities are not what we would first emphasize, but rather his character as a citizen and a man. His friendliness, uniform courtesy and unfailing good nature have endeared him to a large circle of friends and have marked a place for him in the social life of this community. He has been closely identified with many matters of public interest and has been ever ready to aid in the advancement of the material prosperity of the city. Charlevoix can ill afford to lose Mr. Crimmins, but recognizing personal considerations and his future, we are constrained to be resigned.

Archie A. Swinton, secretary and treasurer of the Argo Milling com-

pany and since the death of the late Henry M. Enos, the active manager of that company, has acquired the major part of the holdings of Mr. Crimmins in the local bank and will continue as vice-president with additional duties as active manager. Mr. Swinton, by reason of his recognized business ability and activities, will give the new management an excellent standing. He is vice-president of the State Bank of East Jordan and present mayor of Charlevoix. Mr. Crimmins will continue as one of the directors of the State Bank, thus giving it the benefit of his frequent advice and counsel.

Archie Livingston, present assistant cashier has been promoted to the position of cashier. His selection is a wise one and we predict for him a successful career. He has been connected with the bank since July 1913 and during that time has steadily advanced in favor in banking circles. Under his management there will be as little interruption in the business of the bank as possible.

We wish to congratulate Mr. Crimmins in his advancement, because it is surely an advancement for him. We assure him that there will always be an open door for him in this city whenever he chooses to return, and we hope that he will. We invite him to visit us summer or winter, particularly the latter season. We will then give him the glad, warm hand of welcome. If in summer, and he comes to us in his Pierce-Arrow, Packard or Cadillac we will get our Fords out of his way as much as possible. We offer him the use of our good roads, our famous hostilities, golf grounds and more than all these, our hearts and homes. Good luck, Alvah, and if you ever have any surplus money to loan at a low rate, kindly remember us.

Dr. A. A. Swinton

DR. W. F. LEWIS TO LOCATE HERE

Will Locate in Offices Over Levinson Store

Dr. W. F. Lewis, formerly of Tustin, Michigan, will locate permanently in Charlevoix, and by the last of the present week will occupy the suite of offices in the Levinson block adjoining those of his brother, R. L. Lewis.

Dr. Lewis is well known in the city having practiced medicine here several years ago with his father, the late Dr. Levi L. Lewis.

SCHOOLS WERE WELL ATTENDED

MEETINGS HELD ACCORDING TO SCHEDULE

State Farm Bureau Pool Disposes of Half Million Pounds of Wool at Good Figure

The farm accounting schools were held according to schedule last week. W. J. Kurtz emphasized the difference between bookkeeping and farm accounting. Good farm accounting, not only gives a basis for computing losses or gains, but also furnishes a valuable study on which farm operations, the loss or gain is made. The schools were all fairly well attended and excellent interest displayed.

The call for agreement blanks for cattle testing work was so heavy that we run out of blanks in the middle of the week. A telegram soon brought another supply and we have plenty on hand at the present time. Remember you can have yours by calling at the county agent's office or by dropping the county agent a postal card. We are promised that the veterinary will be in the county in about two weeks' to begin the work. The blanks must first be sent to Lansing, and those waiting to sign up when the veterinary comes will not get in on the first test.

Ward just received at this office states that thirty carloads of wool, approximately a trainload, and representing half a million pounds of wool from the state farm bureau pool were sold last week to a great eastern clothing mill, with which the farm bureau has connections. Direct sale to the mill of properly graded wool in such quantities, without any commissions accruing to one or several in-between dealers, netted the farm bureau members several cents additional a pound. Growers are asked to compare the system with what the local buyers have to offer. The wool sold as follows: 3-8 blood 27c, 1-4 blood 26c, short combing wools 21c. Such direct selling connections with mills as noted above are a tremendous asset. The farm bureau has several such. Last week a representative from an eastern firm with eight great woolen mills headquartered at the farm bureau pool called and opened negotiations leading to a connection with his mill.

Entertained in Home of Friends—Miss Mary Newton entertained at her home on the south terrace last Saturday evening in honor of the Misses MacNeill, the occasion being their birthday anniversary. The affair was a surprise to the Misses MacNeill but they were very much pleased after the first astonishment had worn off. The early part of the evening was spent in dancing after which Mary served a dainty lunch to the ten guests present.

A full line of Baby Carriages, Park Carts and Sulkies at S. M. Sec & Sons.

WORST STORM OF THE SEASON

TORNADOES AND BLIZZARDS SWEEP OVER REGION

Storm Reaches as Far North as Cadillac Where Three Inches of Snow Fell

Typhoons and blizzards scoured the middle west Saturday taking a heavy toll of life and spreading misery and destruction over an extensive area.

The worst storm in years whipped into the Mississippi valley from the west, lashing the states from the Great Lakes to Texas. Communication and transportation were paralyzed. The storm swept the middle section, paralyzing communication and demoralizing transportation.

Southwest Arkansas and east Texas were hardest hit. A tornado which swept through the district killed nearly forty, mostly negroes, and caused hundreds of thousands of dollars property damage.

A heavy gale was reported over practically the entire Mississippi valley. The sixty-mile wind swept down trees, telephones and some frame buildings. It was accompanied by a heavy rainfall.

In the northern states the rain turned to sleet and snow. Railroad trains were stalled and wires were down. Wisconsin reported the heaviest snowfall of the winter with street cars in several cities tied up and thousands of persons forced to walk to work.

As the gale swept over Lake Michigan is sent many vessels scurrying to port. Many were unable to make the ports and attempted to weather the storm on the lakes.

The storm hit the region south of Charlevoix at about 9 o'clock Friday night, and snow, sleet and rain fell in the Cadillac region, starting at about that hour and continuing during much of the night. Cadillac Saturday morning reported three inches of snow.

Grand Rapids reported a hard storm over part of southern Michigan and that telephone and telegraph lines had suffered severely. Saturday forenoon Grand Rapids reported many telephone lines going out of order and train service hampered.

Charlevoix people who were out in the open late Friday evening reported a quick change in the air and the wind. From a steady, but light blow from the west, the wind quickly changed to quite a gale, with signs of rain and snow. Saturday morning the wind had shifted from northwest to northeast and the mercury had taken a very decided drop during the late night, going to twenty-six degrees above zero. There was no snowfall in this immediate section.

Northern Michigan fruit growers do not believe the cold snap of last week caused any damage to fruit in this region. If any damage was caused, fruit growers say, it was to early fruit only. Early cherries, plums and perhaps some other fruit of the early season kind.

CHEERING NEWS TO VACATIONISTS

Pere Marquette to Sell All-Season Tourist Tickets

Cheering to vacationists was the announcement this week by the Pere Marquette railway that, commencing May 15, all-season tourist tickets will be issued with a return limit good until October 15, 31, at ten per cent reduction from the regular fares. The Resort Special, trains 9 and 10, will be placed in commission this year from Chicago, Detroit and Toledo to Petoskey, June 20. There will be advance service on June 3, 7, 10, 14 and 17.

MAYOR'S PROCLAMATION

To the Citizens of Charlevoix: We are all desirous of increasing the beauty of our city. In order to help each one of you in this matter, arrangements have been made to collect garbage and refuse of all kinds, except ashes, if you have it collected on the street or alley adjacent to your residence, on the following dates: April 29-30, 1921.

A. A. Swinton, Mayor

DEATH TAKES OLD RESIDENT

M. J. STOCKMAN A PIONEER OF CHARLEVOIX

Located Here Sixty-Four Years Ago And Built a Cabin On the Belvedere Site

Morris J. Stockman was born in Elyria, Ohio, in 1833 and died Saturday morning at 11:15 o'clock at the age of 88 years.

Mr. Stockman came direct to Charlevoix from his boyhood home on account of poor health, 64 years ago, in the fall of the year, in company with Seth Munson. At that time there were only two other settlers in what is now known as Charlevoix, namely, John S. Dixon and Medad Thompson. He built his log cabin a little to the south of the present Belvedere hotel site and in this house Mrs. Stockman joined him the following spring. Several years later he built the Stockman home on Park avenue, where he lived until the time of his death. Mrs. Stockman having died about four years ago. At the beginning of the Civil War he enlisted and served his country as a sharpshooter.

There are no immediate surviving relatives, although he educated two children, Will McClellan, who is a minister in Buffalo, N. Y., and Grace Starkworthy, now of California.

The body from the time of his death was at the home of A. E. Munson, a nephew. Funeral services took place from the M. E. church of which he was a member, Tuesday, 2:00 p. m., under the auspices of the Knight Templars of the Masonic order. Interment at Brookside cemetery, in the soldiers' section.

SPEEDERS DRAW JAIL SENTENCES

Cheboygan Judge Says Fast Driving Must Stop

Believing that the placing of a fine against persons convicted of speeding automobiles on the city streets to be not in accord with the seriousness of the offense, Justice M. W. King of Cheboygan last Tuesday morning sentenced Willis L. Bradford to thirty days in jail for driving a machine thirty miles an hour on Main street of that city. Bradford admitted that he was driving that fast, and also pleading guilty to not having a driver's license. Justice King stated that all speeders who are brought before him in the future will receive straight jail sentences without the option of paying a fine.

Furniture Sale—A quantity of household furniture belonging to the Elbert Carpenter estate will be sold at private sale Saturday, April 23rd, at 2:00 p. m., at the Carpenter bungalow, 203 Clinton street. A. F. Bridge, Administrator.

Mrs. Frank Bearss is prepared to do dressmaking at her home on the Norwood road. Phone 95115, 1612

MAYOR MAKES HIS APPOINTMENTS

Resolutions Passed for New Sewers and Paving

Mayor A. A. Swinton and members of the council transacted a large amount of business at the regular meeting Monday evening.

Resolutions were passed as the first legal step towards the building of new sewers on West Upright and West Lincoln streets and the paving of Grant street, between Clinton and Antrim. All of the newly proposed work is badly needed, having been postponed for some time on account of the high cost of labor and material.

One of the first acts of the new mayor was the naming of the various working committees as follows: Finance—Genett, Levinson and Miller.

Electric Light—Wood, Hamilton and Levinson.

Water—Hamilton, Miller and Genett.

Commerce, Ordinance and Charter—Bergeon, Genett and Miller.

Police, Fire and License—Miller, Wood and Bergeon.

Public Building, Parks and Bridges—Bergeon, Wood and Hamilton.

Advertising—Levinson, Wood and Bergeon.

CHARLEVOIX LOSES PIONEER RESIDENT

Had Been a Resident of This City For 24 Years

Alex H. Rinehart, a pioneer resident of Charlevoix, died at his home on Dixon avenue, April 11, after an illness covering a period of several years.

He was 81 years of age and had lived here over 24 years. Deceased was born in Albany, N. Y., January 26, 1840. He leaves a wife and nine children.

Funeral services were held from the family residence on Friday last, at 2:00 p. m. Rev. Sheldon of Flint officiated. Interment at Brookside.

Start New Dray Line

W. H. Burns and son have started a new dray line in this city, and will do all kinds of work in this line. Mr. Burns was a former resident of Hynes township.

Bicycle tires, tubes, and repairs of all kinds. A little attention now will save your wheel. Benj. Brown. 141f

It is expected that Rev. Dayoung of Holland, Mich., will preach at the South Barnard church next Sunday.

Our highway commissioner with the township board made a tour of the township on Saturday for the purpose of inspecting the roads and estimating cost of repairing where needed.

Advertise in the Courier.

PHELPS

Ennis Shafer is the owner of a new Ford runabout.

John Timmer spent Sunday with home folks south of Ellsworth.

P. A. Maschn has moved his household goods to the H. L. Francisco home.

Mrs. A. B. Clarke visited at the home of her brother Chas. Stevens Friday.

Chas. Stevens and N. P. Griffen were business callers in Charlevoix Monday.

F. R. Klonster and family visited at the Jake Klooster home one mile south of Ellsworth Sunday.

Look for F. R. Klooster's announcement as to when he will have his store open in the evening.

Mr. and Mrs. E. Shafer were Sunday visitors in Atwood at the John Boa home on Sunday afternoon.

Mrs. Albert Balch returned to her home Thursday after a ten-day visit with friends and relatives in Detroit.

Miss Helen McElroy returned home from the Fairmen home where has been employed for the past two months.

Oran Everts is home again after undergoing a very serious operation for appendicitis at the Charlevoix hospital. He is rapidly gaining and expects to be back on his rural route in a very short time.

C. Vandenberg has been confined to his home for several days with a cold and the grip. Tom Klooster is staying at the Vandenberg home until Mr. Vandenberg is able to work again.

Splutter, splutter—spat—don't cuss the car. It needs to be tuned up. Bring it to our garage. Benj. Brown. 14tf

EAST CHANDLER

A. R. Tonsley is very poorly at his writing.

Frank Atkin was a Boyne Falls caller Monday.

John Eastwood was a Boyne City caller Monday evening.

Mrs. Mina Walton is having a new house built on her farm.

Mr. and Mrs. Wm. Townsend were Boyne Falls callers last Tuesday.

The Misses Edith Quinn and Edith Sellars spent the week-end at Petoskey.

Mrs. Dolly Kittle is staying at Vanderbilt with her sister, Mrs. Dan Gooseberry at the present time.

Ernest Walton who has been on the sick list the past week is able to resume his school duties again.

Mrs. George Fetterly who has been in very poor health for some time is not improved at this writing.

The Misses Orthena Porter, Edith Quinn and Cadet Denise were callers at the Wm. Hughes home Monday evening.

Miss Kittie Mackie who has been making her home in Chicago for some time is here visiting her father and brothers.

Mr. and Mrs. Westbrook and family who have been living here the past winter, have returned to their home at Pineconing.

Our new road commissioner, Mr. Winberg, has already made himself busy and is repairing the roads here on Chandler hill which was needed badly.

Mr. Grover who recently rented the James Smithingell farm has blood poison in one of his hands. It is in a serious condition and he has moved to Vanderbilt where he can be near his physician.

Don't start running your car without having it come over and put into shape. It will cost more later. Bring it in. Benj. Brown. 14tf

IRONTON

Mrs. Bement (from Florida) is visiting at the Alexander home.

Mr. and Mrs. Price and Mrs. Barnum spent Saturday in Petoskey.

Harry McMulken from Manistique is visiting his brother, George McMulken.

Mr. and Mrs. Ogden and children spent Sunday evening at the Mathew Saunders home.

Mr. and Mrs. Ben Clark and Mrs. Joe Clark of East Jordan spent Sunday at the Grant Hammond home.

Mr. Crump from Chicago is spending a month in Ironton to benefit his health. He is boarding at Mrs. Tumath's.

Mr. and Mrs. Hugh Kink were pleasantly surprised Saturday evening when a large crowd of their friends gathered in to enjoy the evening with them. Music and a delicious lunch helped pass the evening in a delightful manner.

Splutter, splutter—spat—don't cuss the car. It needs to be tuned up. Bring it to our garage. Benj. Brown. 14tf

NORTH HAYES

(Too late for last week)

The farm bureau voted to meet at Hayes township hall May 4th.

Wm. Gregory is confined to his bed with rheumatism at this writing.

Messrs. Withers, Cook and McGarrison of Marion Center attended the Hayes farm bureau meeting April 6th.

Theodore Tunison is home from Grand Rapids for a short visit with

his parents, Mr. and Mrs. T. S. Tunison.

Glenner Arbor met at their hall April 7th. There was a good attendance. A pot-luck supper was served.

Spiegel Bros. shipped a car of potatoes last week. We are all living in hopes that they will have something left after they pay the freight.

Miss Violet Griffen is spending her two weeks' vacation with her grandmother, Mrs. Matthews. Violet is employed at the Petoskey hospital.

A party was given Friday evening at the Maple Grove hall in honor of Miss Mildred Kane who is here from Chicago visiting her parents, Mr. and Mrs. Roy Kane. She expects to return soon to her duties at that place.

Regular farm bureau meeting was held at the court house in Charlevoix April 6th. Mr. Farrell, a fruit man from Huron county was present and gave the farmers many good pointers on spraying, pruning and

the kind of apples to raise in this section.

Bring your tires and tubes to us for repairs and vulcanizing. Our work will stand the test. Benj. Brown. 14tf

MOUNTAIN DISTRICT

Alice Stallard who has been ill is again in school.

Edward Dunlop will teach the Bible class next Sunday.

Mrs. Seiler, Sr., who has been ill for two weeks is slowly convalescing.

Sam Curry and son were business callers in Charlevoix last Saturday.

Mrs. Raymond Gokee of Clarion is visiting Miss Mary Dunlop this week.

M. A. McDonald and mother took Sunday dinner at the Duncan McDonald home.

The children of our school closed their clean-up day by a marshmallow roast.

Mrs. Wm. Scott is in Charlevoix this week taking treatments at the

Shockley sanitarium.

A township teachers' meeting was held in the Mountain schoolhouse Wednesday afternoon.

Judging from the number of agents driving to the Sanderson residence a new car will be seen soon.

STATE FARM BUREAU NOTES

Published for the Benefit of Charlevoix County Farmers

Almost buried under an avalanche of pending legislation, with more proposed bills piling up, and with April 29th set for the date for winding up the work of the present legislative session, the law makers have worked overtime for the past week.

Lately appropriation bills have been given right of way in the Legislature. The Finance and Appropriations Committee of the Senate and the Ways and Means Committee of the House have worked night and day cutting to the very minimum the appropriation requests for the various state institutions and departments. In most cases their recommendations were agreed to without question, but there were exceptions.

Three days in succession the House fought over the bill to grant an appropriation to cover the deficiency now existing in the four normal schools of the state. It seems that in order to retain instructors and professors, the State Board of Education has granted considerable salary increases to the faculty of these institutions, thus causing the present deficits. Finally, after weathering all sorts of amendments and opposing motions, the bill passed 59 to 28. Even those who supported the bill did not approve of the practices which had resulted in the deficit, and believed that such occurrences should be guarded against in the future. However, they decided that in the present case there was nothing to be done but to "pay the bills."

Five insurgents from the hundred per cent support which has heretofore been accorded to all administrative measures were discovered when Governor Groesbeck's proposal to create a state department of public safety came up for final passage in the Senate. It is proposed that this new department shall take over the work of the State Fire Marshal's Department, the State Oil Inspector's Department and the Department of the Michigan State Police and be specifically charged with the enforcement of the prohibition law in Michigan. Without any debate, but with no apologies or excuses, Senators Baker, Bolt, Bryant, Rioselle, and Smith of Wayne voted

"Nay" on the Governor's measure. Twenty-three stand-patters answered, "Yea."

The House, however, voted unanimously for the creation of the proposed State Welfare Department to centralize and coordinate the control of the several penal, reformatory and charitable institutions of the state. Boards having a total membership of 67 would be abolished and their duties placed under five boards all under the direct supervision of the Director of Public Welfare. This is another of the administrative reorganization measures.

Independent thinking marked consideration by the House of Governor Groesbeck's bill providing a tax on corporations. There was no spirit in evidence of swallowing the proposal whole, and many amendments and prolonged discussions were the rule. An amendment to reduce the minimum tax from \$50 to \$5 and others to increase the maximum above \$1,000, as proposed, or to remove any maximum entirely, failed to pass by narrow margins. It was explained that this tax, in order to be held constitutional, must be regarded as one on the privilege of doing business as a corporation, rather than as a tax on property. The bill passed as originally drafted, 82 to 12.

"The eternal feminine" enlivens the solemn sessions of the Senate this year. Even the most long-faced law makers could not refrain from evidencing signs of mild amusement when Mrs. Hamilton, lady, senator from Kent, voting on a particularly perplexing problem, answered the roll call with the unorthodox response, "I don't know." The secretary misunderstood her remark as being, "I vote no," and recorded her among the "Nays." Mrs. Hamilton may not know everything there is to be known but contrary to the custom of her "fellow" senators, she is not afraid to admit it, sometimes.

For the first time in Michigan's history, a bill requiring lights on animal-drawn vehicles using the public highways after night-fall has passed both branches of the Legislature. This bill has been greatly modified

and rendered considerably less drastic by restricting its provisions to carriages, buggies, and wagons traveling on village or city streets and trunk line highways. This bill passed the Senate 27 to 0 and awaits the Governor's signature.

Rep. J. E. Warner's bill to prohibit any truck loads over 14 tons or over the rated capacity of any truck on the public highways has passed both branches and now requires merely the Executive signature to become a law. The bill makes an exception in the case of trucks of two tons or less rated capacity when equipped with pneumatic tires.

Sen. Smith's bill to prohibit placing of advertising signs within the limits of any public highway or on private property of another, without the owner's explicit consent, passed the Senate 27 to 0.

Senators Tuft's bill "To accept the requirements and benefits of an Act of Congress to provide for the promotion of vocational rehabilitation of persons disabled in industry or otherwise and their return to civil employment" passed the Senate 27 to 0.

Enforcement of the present prohibition law will be rendered more complete by final passage of several measures now being considered favorably. The Senate passed the Hicks' bill to require that all patent medicines be so compounded as to be "unfit for beverage purposes," only three Detroit Senators opposing it. The so-called "search and seizure" amendment to the Wiley law is being rushed through the legislature to facilitate prohibition enforcement.

Disposal of idle confiscated booze now in state storehouses is proposed by Rep. Robinson. A resolution offered by him reads in part, "The State Administrative Board is authorized to sell and dispose of, for purposes not prohibited by state or national laws, any and all intoxicating liquors seized or held by any state official or employee because of any violation of State laws." All money so received would be credited to the general fund of the State Treasury.

The "Mother's Pension" bill which for some time has lain on the table in the House, was taken up and after a lively fight was passed 78 to 8. Reps. Frick, Dufoe, Miles, Lord, and Rowe led the fight for this measure.

Motion picture owners and managers are getting nervous over the progress of the movie censorship bill which has passed the House and is now being considered in the Senate. Thirty-one petitions with a total of 39,000 signatures were presented in the Senate on one day last week. All of them have been secured by the movie interests and opposed the movie censorship proposal. Scores of petitions favoring movie censorship had been presented previously.

Sen. Ross' bills to prevent fraud in the registration of animals as pure-bred or in conducting official or semi-official record tests of butterfat production of cows have been rushed through the Senate and sent to the House.

Sen. Amon's bill providing for easier and more satisfactory consolidation of rural schools has finally passed the House, although it was subjected to radical amendment.

Sen. Smith's bill to allow counties to issue abstracts of title of real estate was a veritable storm center in the Senate. Speaking in support of the bill, Sen. Baker said that charges are now based on what the traffic will bear. He added that the bill was opposed by abstractors who saw in the measure a glimmering of some of their unearned profits.

A dollar spent on that tire right now will save you the cost of a new tire in a little while. We will make them almost as good as new. Benj. Brown. 141f

Wear Granddad's Hat

The man who does not advertise because his granddad did not, ought to wear knee breeches and a queue.

The man who does not advertise because it costs money, should quit paying rent for the same reason.

The man who does not advertise because he tried it and failed should throw away his cigar because the light went out.

The man who doesn't advertise because he doesn't know himself ought to stop eating because he can't cook.

The man who does not advertise because somebody said it did not pay, ought not to believe that the world is round because the accents said it was flat.—Business Printer.

Car don't run right—just bring it in to our repair room and we will adjust the difficulty. Benj. Brown. 141f

Bicycle tires, tubes, and repairs of all kinds. A little attention now will save your wheel. Benj. Brown. 141f

Life-Saving Stations
for batteries
of all makes

Get that examination NOW!

THAT is precisely the function of the Prest-O-Lite Service Station—to make your present battery last until it hasn't a leg to stand on; until it gasps and gives up the ghost.

And you won't be told that you need a new battery until all hope for the old one is gone. That's the Prest-O-Lite code of ethics on which the tremendous Prest-O-Lite business was built, and on which it will be maintained.

Go, therefore, with confidence that the Prest-O-Lite Service Man will give you his expert and honest opinion. If your battery is strong and healthy, he won't recommend medicine. Prest-O-Lite struck the "vice" out of "advice".

When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery.

Get that examination now. The motoring season beckons you and a sound, strong battery.

DR. HEWITT'S GOSPEL QUESTION BOX

The popular reception given the series of questions and answers of C. W. Hewitt appearing in the Charlevoix Courier during the past few months has exceeded the fondest hopes and expectations of both author and publishers. The Doctor is to be congratulated and the reading public, to whom this work has been an educational and spiritual help, is to be given due credit for its speedy recognition of his efforts. The letters of commendation from all parts of the country reached by the publication, and the many requests from newspapers for permission to copy, have lead the author to consider resuming publication necessarily suspended because of the press of other work. The work has been purely gratuitous on the part of the author, but it is hoped that some plan may be devised whereby he may receive at least partial remuneration for his labors.

Some persons seem to think that the questions answered by the Doctor are phony questions framed for

the purpose of the answer. This is not a fact. The queries are original, bona-fide ones received under the signature of the questioner and have accumulated so rapidly that the author has found himself unable to handle promptly. He is now in receipt of many inquiries asking why questions are not answered.

The breadth of thought, profound learning and knowledge of the subject shown in these writings command immediate recognition from even the most learned, and the simple, clear and concise English employed appeals to the popular mind in a manner equalled by few productions of recent appearance. The author is fearless and vigorous in his expressions; positive without arrogance, and tolerant without being dogmatic. He leaves plenty of room for the opinions and beliefs of those who do not agree with his reasonings, without surrender or relinquishment of his own convictions, or detracting in any measure from the stability of his position. We look forward with much pleasure to the prospect of an early resumption of the publication of these articles.

A full line of Baby Carriages, Park Carts and Sulkies at S. M. See & Sons.

CHARLEVOIX PUBLIC SCHOOL NOTES

The Normal class visited several rural schools last Thursday.

The seventh grade boys are making first aid books for fair exhibit.

The domestic art classes have an exhibit of their work in the domestic science room.

The Normal class visited Loch Farms Tuesday morning.

The baseball team will play its first game of the season Friday with East Jordan at that place.

On the evening of May 2nd, the Service Flag of Charlevoix high school will be lowered with appropriate exercises. The public is invited to be present.

The three one-act plays to be given by the juniors entitled, "Traditions," "The Teeth of the Gift Horse," and "Spreading the News," are to be presented at the Palace Theatre, Friday, April 29th.

A full line of Baby Carriages, Park Carts and Sulkies at S. M. See & Sons.

Notice of Teachers' Examination
The county examination for the teachers of Charlevoix county will be held in the Court House in the city of Charlevoix, April 28, 29, and 30, beginning each morning at 8:30. For information write to the County Commissioner of Schools at East Jordan.

Commissioner May L. Stewart,
1512 East Jordan, Mich.

AFTER EIGHT YEARS

Charlevoix Testimony Remains Unshaken

Time is the best test of truth. Here is a Charlevoix story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. John Cook, 307 Mason St., Charlevoix, says: "I have used Doan's Kidney Pills for kidney disorder and backache and they have always given me splendid results." Over eight years later, on May 4, 1920, Mrs. Cook said: "I haven't had occasion to use Doan's for some time as they made a cure which has lasted."

Get it at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

ADDITIONAL LOCALS

Mr. and Mrs. R. Benthron were in Traverse City Sunday visiting friends.

Miss Anne Shediva of East Jordan was at the Northern Auto company on Monday.

Cleo LaPeer and family of East Jordan were Sunday guests at the E. N. Davey home.

Rev. Merrill, pastor of the M. E. church of Boyne City, was in town on business Monday.

Miss Gladys Gelken and Mrs. Devine of Pellston are in the city a few days visiting friends.

The Sweltzer family have purchased the property at 1100 State street and moved there Saturday.

Miss Vera Menra has taken a position at the Northern Auto company's office for the summer.

Edmund Dean of the Northern Auto company of Petoskey was at the local garage Monday on business.

Maggie Coulter returned Sunday from a visit of several days with her brother, Sam Coulter, of East Jordan.

Mr. and Mrs. William Scroggie arrived in the city from Detroit Friday to prepare their summer cottage for occupancy.

Miss Vern Mears returned from Toledo, Ohio, Thursday, where she has been attending business college the past winter.

Mrs. Ava Smith left Friday for a stay of several weeks with relatives in Chicago. She expects to bring her mother back with her.

Mrs. Olive Nowland is remodeling her house at 304 May street. Ira Nowland of Petoskey and John Zeitler of this city are doing the work.

Mr. and Mrs. Herbert Hurley arrived here Monday from St. Augustine, Florida, to open the Baker cottage before the arrival of Mrs. Baker.

Frank G. Thompson, secretary of the Boyne City Chamber of Commerce, and E. E. Ormsby of the Citizen were in the city Monday on business.

The T. J. Gilbert farm south of the city on the Norwood road, was sold last week to Thos. Clark of Oregon, who will take immediate possession.

Mr. and Mrs. L. J. McCann, Mrs. W. C. Taylor, and Mrs. R. O. Crain were Sunday guests at the home of Mrs. Crain's uncle, Joseph Taylor, at Walloon Lake.

Lyman Rinehart returned to his home in Chicago Monday after spending several days in the city, called here by the death of his father, Alexander Rinehart.

Korth's market is undergoing extensive changes this week. The meat cooler is being moved thus giving more room in the front of the store for shelving and stock display.

McCann's Bakery is now nicely located in the Brown building, corner of Bridge and Mason streets. The retail store has been opened in the room formerly occupied by the Music Store.

Mrs. Archie Livingston entertained last Tuesday afternoon in honor of her aunt, Mrs. Hoover, of Buffalo, N. Y. The guests played bridge until the later part of the afternoon when the hostess served luncheon.

The property owned by Miss Minnie Cooper, corner Clinton and Grant streets, is being remodeled and improved by putting in a new basement and cement block foundation. Other changes will also be made.

Miss Grace Shockley who has been spending the winter in St. Petersburg, Fla., is now touring the south Atlantic states enroute to Washington, D. C. and Baltimore, where the party will spend a week or ten days before returning to Cleveland and Detroit.

A full line of Baby Carriages, Park Carts and Sulkies at S. M. See & Sons.

The Ford Touring Car

Here is the greatest motor car in all the world. Great because there is more of it in use than of any other car in the world. Great because that in our demand for a million and a quarter Ford cars this year fully 50 per cent of that demand is for the Touring Car. Surely every Ford touring car is a car of great service. You see it wherever you go, day or night, rain or shine, summer or winter—the ever-faithful Ford Touring Car is delivering service and satisfaction, pleasure and economy, in a larger measure than falls to the lot of any other one piece of mechanism in the world.

We can now deliver Ford cars to you with reasonable promptness. Leave your orders without delay, if you would be wise. The prudent man carries his umbrella when it is dry, because any fool can carry one when it rains!

Never forget that right hand to every Ford Car is that ever-dependable and universal "Ford After-Service." Here we are, with the genuine made Ford parts, Ford mechanics, and Ford equipment, to give service to Ford cars instantly, so that your car is never out of commission.

Northern Auto Co.

AN OBJECT LESSON IN EFFECT OF A TARIFF

Chinese eggs under our present non-protective tariff have been selling in the American market recently at 52 cents a dozen. A half million eggs arrived from the Orient, it is stated, without one being broken. These eggs are bought in China for from six to ten cents a dozen. It will be noticed that the importers do not sell them at a reasonable profit beyond the cost price, but at just enough below the market price for eggs from American farms to get the business. The effect of such im-

portations is not, therefore, to appreciably or healthfully lower the cost of living. Should the American farmer find the keeping of chickens and raising of eggs unprofitable because of such competition, making his output a drug on the market, the industry would rapidly decline, but with the domestic supply thus reduced prices would then automatically rise and the last state of the American egg-eater would be worse than the first, with money going abroad to enrich importers and middlemen instead of being kept at home to build up the American farming industry. The same argument applies to every line of importation. The theory that the invasion of the American market by articles of alien production permanently reduces prices leaves out of account the fact that retail prices are based upon what the market will bear and supply and demand will permit. Increase of domestic production in many lines by greatly enlarging the supply of certain commodities, like steel and tin plate, has very greatly reduced prices to the American consumer over a long period of years. Instead of causing increased prices, the protective policy in the long run benefits both producer and consumer. History, especially recent history, when vast importations have failed to reduce price levels in the United States emphasizes this fact. Low price periods come through the destruction or impairment of American purchasing power, and that is accompanied by unemployment in industrial centers and unprofitable operations on the farm; in other words, by "hard times" such as we have had at the end of the last three Democratic eras—those of Cleveland, Buchanan and Wilson. There is no more baseless sophistry than that protection causes high living costs except by making the whole country prosperous through industrial activity, thus increasing ability of the people to pay. That process is such a contribution to the general welfare that no patriotic American possessed of horse sense ought to object to it.

jump at the conclusion that the carelessness referred to is that on the part of the driver.

Police Commissioner Enright of New York, says that his records show that 78 per cent of the automobile accidents are the fault of pedestrians failing to cross at corners, jay-walking, running ahead of approaching automobiles, and committing other violations of traffic ordinances.

If it is true that the pedestrian is 78 per cent responsible and the driver the 22 per cent responsible for automobile accidents of this kind, we would not hesitate to accept this ratio as substantially correct in every city. There is a lesson in it to the pedestrian which heretofore has not been taken very seriously by that much concerned individual. This does not, of course, relieve the driver of an automobile from any of his responsibilities, which are major in every sense of the word. In other words, since he is operating the machine which is capable of killing or injuring persons, it is his first duty to drive carefully and at all times within the law. Having done this the secondary responsibility rests upon the pedestrians and granted the driver is within his rights and his duties it is then up to other users of the street to look after their own obligations. Automobile accidents are frightfully in excess of what they should be in the number of deaths and injuries are appalling, but there must be joint co-operation between the drivers of machines and the public to improve this record.

Bicycle repairing is our specialty. We have a man just for that work. Benj. Brown.

SOME GENUINE OPTIMISM

By Wood Rainwater, of the Rainwater Bank.

His horse went dead and his mule went lame.

And he lost his cow in a poker game, And a cyclone came on a winter day And blew his house where he lived away.

Then an earthquake came, and when that was done,

It swallowed the ground his house stood on.

Then a tax collector, he came around—

And charged him up with the hole in the ground.

I you've had harder luck than this friend of mine, we will present you with a twelve month's ready-made living.

We live in a free country where a fellow can do as he pleases, so you don't break the law (or get caught).

Persimmons, pecans, hickory nuts and acorns grow wild for winter food. If these are troublesome to find anybody will give you a beef cow for a load of wood or one-half day's work.

Dewberries and polk salad grow (continued on page 7)

LEGAL NOTICES

MORTGAGE SALE

Default having been made in the performance of the conditions of a certain mortgage made by Albert J. Shockley and Ellen A. Shockley to B. P. Wilkinson, of Charlevoix, Michigan, dated April 22nd, 1918, and recorded in the office of the register of deeds of Charlevoix county, Michigan, on the 23rd day of April, 1918, in liber 54 of mortgages, page 391, containing a power of sale, on which mortgage there is claimed to be due on the date of this notice, the sum of Six Hundred Twenty-three dollars and fifty cents, and the sum of One Hundred Nine dollars taxes assessed against the lands described in said mortgage and paid by said mortgagee, and an attorney fee of fifteen dollars provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof,

Notice is hereby given that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, the undersigned will on the 14 day of May, A. D. 1921, at 10 o'clock in the forenoon, at the East front door of the Court House, in the City of Charlevoix, Michigan, that being the place in which the circuit court for the County of Charlevoix is held, sell at public auction to the highest bidder, the premises described in said mortgage, or so much thereof as shall be necessary to pay the amount due on said mortgage and taxes paid as aforesaid, with interest at seven per cent from the date hereof and all legal costs and said attorney fee, the said premises being described as follows: All of certain pieces or parcels of land situate in the City of Charlevoix, in the County of Charlevoix and State of Michigan described as follows, to-wit: First parcel commencing thirty-nine rods (39) east of northeast corner of section thirty-four (34), in town (34) thirty-four north, in range eight (8) west and two rods south of north section line at a stake; thence west seventy-three rods (73); thence south thirteen rods (13); thence east seventy-three rods (73); thence north thirteen rods (13) to place of beginning. Second parcel commencing two rods south of north quarter post of the above said section; thence south thirteen rods (13); thence east forty-eight rods (48); thence north thirteen rods (13); thence west forty-eight rods (48) to place of beginning.

Ellsworth Section

ELLSWORTH

Albert Parsons was in East Jordan on business on Monday of this week.

W. E. Byers of Charlevoix was in town on business Tuesday of this week.

W. S. Richardson of Central Lake was in Ellsworth on business Tuesday of this week.

Quarterly conference of the M. E. church will be held at Norwood on Wednesday, May 4th.

Geo. Klooster is the owner of a Buick-six Sedan purchased from the East Jordan agent on Monday of this week.

Only one hundred and six days until the barbecue and home-coming at Ellsworth. Don't forget the date, Thursday August 4th, 1921.

Workmen are busy this week erecting the oil tanks and building the station for the Standard Oil company south of the depot.

Mrs. Andem has so far recovered from her recent operation at the Charlevoix hospital that she was able to come home on Thursday of last week.

The present week will probably finish the special meetings at the M. E. church at Ellsworth and the Evangelist, Rev. Short, with his wife and daughter will start a series of

meetings at Norwood on Sunday, May 1st.

A crew of surveyors from the state highway department were stopped in town the first of the week while surveying the new trunk line from Eastport to the Joe Sprick corners north of Atwood, over the state road.

Henry Elzinga left for Flint the first of the week and will drive back one of the Chevrolet Model F-B, one-ton trucks which will be used for an oil delivery truck by the manager of the Standard Oil station here.

Ed Hoffman, a young farmer living near Atwood suffered a serious injury, last Sunday afternoon when a gun which he was carrying was accidentally discharged while he was climbing a fence. The charge tore the flesh from his stomach and abdomen nearly across his body. He was rushed to the Charlevoix hospital where his condition is reported as being serious but not fatal.

Despite the price of six dollars per ton paid by the Holland-St. Louis Beet Sugar company for the raw product a very fair increase of beets are being contracted by H. J. Timmer who has charge of the contracts in this locality. He informed us that 66 acres are already contracted with four acres more promised. The total will reach 75 acres at least and possibly more.

MILES DISTRICT

Mrs. Velma Russell and son Lloyd of Muskegon spent the week-end with the Miles family.

Work has been resumed on the East Jordan-Ellsworth road. Here's hoping it is to the finish.

Miss Myrtle Palmer returned to her home in Kewadin after visiting with Mrs. Fred Bancroft.

Mr. and Mrs. Gilbert LeClair and little daughter Bee, of East Jordan were Sunday visitors at the Jerry Mobilo home.

Mr. and Mrs. H. H. Cummines and Harry Kowalski of East Jordan motored to the home of Mr. and Mrs. A. Miles Sunday.

ROCK ELM

Darlene Shaw was on the sick list one day last week.

Earl Danforth is plowing for potatoes on the Charles Donaldson place.

The masons are laying the foundation for a new barn for Ben Smitts.

Several from this neighborhood attended the school of farm accountancy at East Jordan last Friday and found it both interesting and instructive.

The new bridge over Mill located on Mr. Smitts' place near Mondere creek, began work last week. They have installed a steam traction engine to furnish the power for the work.

Circulation counts—we have 1.

ELECT OFFICERS OF BASEBALL CLUB

Ellsworth to Have a Fine Bunch of Players This Year

D. E. Clow was elected manager and Arthur Gridley secretary-treasurer of the Ellsworth baseball club at a meeting held on Thursday evening of last week. Prospects are bright for a winning ball team for Ellsworth this coming season. Following the organization of the team H. H. Elzinga was elected captain with full control of the team while on the field and expects to take his bond south, either to Snowflake or Comfort for a short training season at once. The first game is scheduled with Central Lake for Wednesday, April 27th, and more games will be arranged for within a few days.

An effort will be made to induce all business places to close during home games and with the support of the citizens of the town it is expected and hoped that many pleasant afternoons will be spent during the summer.

PROMINENT YOUNG COUPLE MARRIED

Will Live On Their Farm North of Ellsworth

At the M. E. parsonage at Ellsworth on Friday afternoon, April 15th, occurred the wedding of Orris G. Carpenter, oldest son of Mr. and Mrs. D. E. Carpenter, living three miles west of Ellsworth, and Miss Mary Vance, daughter of Mr. and Mrs. Geo. Vance of Echo township. The ceremony was conducted by the Rev. E. E. Clark.

Neither of the young people need an introduction to residents of this vicinity as they are well known and highly respected.

They will make their future home on their farm north of town where they will receive the congratulations of their many friends.

ATWOOD

Miss Alice Klooster suffered another attack of quinsy.

Fred Brooks is doing some carpenter work for Henry Klooster.

Mr. and Mrs. Frank Brown spent Sunday at the J. L. Brown home.

Archie Brown spent Saturday afternoon and Sunday at Central Lake.

Albert Harwood has been doing some necessary grading the past week.

The cold weather of the past week checked the farming operations somewhat.

Mrs. L. Zylstra has been under the doctor's care the past week, having heart trouble.

Miss Strehl, teacher of the primary grades here spent Sunday with friends in Ellsworth.

The minister called to the Christian Reformed church here will conduct services here next Sunday.

Surveyors of the state highway department have been making a preliminary survey of the roads in this neighborhood.

Miss Persa VanderStreek has not been able to resume her studies at the Charlevoix high school on account of illness.

Joseph Hoffman is settled in his brother's house on the old Byers' place. He had the misfortune to lose a valuable horse last week.

Edw. Hoffman was badly injured Sunday through the accidental discharge of a shotgun. He was taken to the Charlevoix hospital for treatment.

Mr. and Mrs. T. Goeling left for their home at Grand Rapids last Friday he having finished the barn for Paul Venstra. They expect to come back in a few weeks to do some more work in this vicinity.

Rev. Borgman from Lucas, Michigan conducted services at the Christian Reformed church here Sunday. He reported about five inches of snow fell Friday night in the eastern part of the state and he had to buck drifts in order to get from Lucas to Traverse City traveling by auto.

EDITORIAL

(Continued from page six)

early in the spring, blackberries in summer. Besides, everybody has kind-folks in Oklahoma or Texas. Go visit them between seasons.

Fellow says, what's become of the money?

There is more money and credit than the world has ever known before. Last year there was \$31.00 cash for every man, woman and child in the United States. This year there is \$50.00.

Most of our customers have plenty of corn and meat. Besides, the eight hours you sleep, you are as well off as Rockefeller—the eight hours you work you are as happy as Pierpont

Morgan. The eight hours you loaf eat and play, you are as happy as Woodrow Wilson. Besides, money won't buy red whiskey, and most of us don't care for clothes, and we wouldn't swap one ear or one eye for a wagon load of dollars. So money is a very poor thing to base all our happiness on. Hard times makes better citizens of us.

As long as a fellow has health, if he loses money some years that's not bad. If a man never had a loss it wouldn't be any pleasure to win. If you knew the day you were going to die you wouldn't have any fun living.

Every fellow thinks he has the hardest time. We have food, clothing and can worship our Creator if we wish. There is ONE guaranteed rule for happiness, peace and plenty: The Bible tells you how you can get it. If you are not interested, that's your trouble. What a man sows he reaps.

Be man enough to take your medicine without kicking. There is plenty of good years to come. If waiting for them is a horrible dread, a nickel's worth of Paris green will take you to a country where it doesn't snow nor have any cotton market. Come on, buck up and be a life man. Go after what you mostly desire—wealth, pleasure or happiness. They say there is a Creator who will assist you. You might try Him and see if it's so.

The government of the United States says it's time to work for a living instead of borrowing it. I believe in the government.

I've given advice (fine advice, I think) for ten years and made one convert; that's encouraging.

All of us have more property than we had in 1914 or we had more fun or owned a Ford. So if we die early we had a good time for one year, any way. So what's the difference?

Our friend Senator M. F. D'Arce of the Charlotte Republican rises to a point of order and to remark, "It will be a wise democrat who passes any of those civil service post-office examinations from now on," and we quite agree with him from our personal observation and experience with so-called "civil service."

The democratic press insists that President Harding is carrying out the policies of President Wilson, but do not say whether the statement is intended as a boost or a knock. Most people will not care if the Wilson policies are carried out just so they are carried far enough and buried deep enough.

An Illinois bank cashier has been sentenced to spend a year in the national training school for boys at Washington for stealing \$96,000.00 from a bank. He ought to have been sent to the capital while the government was buying aircraft and heavy artillery in order to perfect his education properly.

The Soviet government has issued a ukase against American emigration to Russia, so that anyone who has been expecting to travel in that country for his health this year will have to go elsewhere.

Every socialist candidate for office in Milwaukee was defeated at last week's city election. There is no cure for radicalism in politics so sure as radicalism in power; but it's a severe course of treatment.

One fine thing about the firm notes of Secretary Hughes is that their recipients do not have to sit up nights wondering whether they mean what they say.

The compliment paid to a president by naming a boy after him seems somewhat doubtful since Grover Cleveland Bergdoll broke out of custody and got into print.

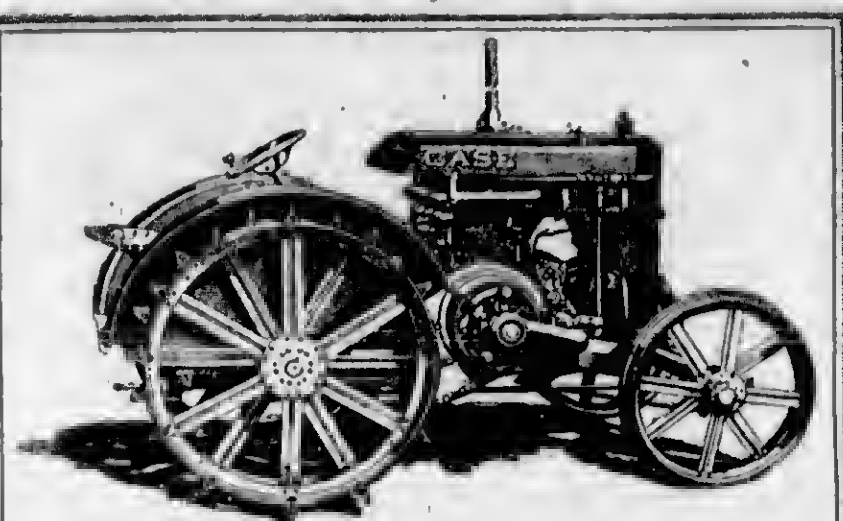

Sterling Tire Shields

Eliminate blow-outs and are 90 per cent puncture proof. They are guaranteed to satisfy. If you wish to get away from so much tire trouble, just invest in a set of Shields and put them in those old tires and prove them out. They will lengthen out your tire mileage about one-third in your good tires.

We can give you plenty of references of those who really know. Inquire

AT THE MOVIES

Local picture-goers will see on the screen a picturization of a great stage success of Cecil Raleigh, when "The Fatal Hour" comes to the Palace Theatre Wednesday as the feature production. It is a Metro special production, played by an all-star cast.

An exciting photoplay of British society, it portrays two adventurers who get revenge by cheating a young Englishman of his title and inheritance. It opens with the renowned Healey Regatta on the Thames, leads to a robbery of crown jewels under unusual circumstances, and reaches its climax in scenic Switzerland with a furious fight near a yawning abyss.

Julia Burnham wrote the scenario, George W. Terwilliger directed, under personal supervision of Maxwell Karger, Metro's Director General.

David Graham Phillips' novel of college and political life, "The Cost," has been produced as a Paramount-Afterart picture and will be shown at the Palace Theatre Saturday and Sunday. Violet Fleming, the pretty stage star who recently made her screen debut in the title role of "Everywoman," has the heroine's part.

A lie is believed faster than a poor excuse.

CATCH TWO MEN SETTING FIRES

Discovered Firing Cut Over Land "Just to See It Burn"

Louis Jewell, Mullet township, Cheboygan county resident, and Warren Jewell, a sixteen-year-old boy living in Aloha township, were arrested by deputy game wardens April 13th, when they were apprehended setting fires to the cut-over lands in those townships.

The man was caught in the act of lighting matches and setting the brush afire in Mullet township. A short time later the boy, a nephew, was apprehended firing the cut-over land in Aloha township.

Both were brought to Cheboygan and taken before Justice M. W. King the same afternoon. Both pleaded guilty and gave their reasons for firing the brush that they "wanted to see it burn."

The boy was released on probation for six months, he being ordered to report to the court every thirty days. Lewis Jewell was fined \$15 and costs or given the alternative of spending thirty days in the county jail.

Card of Thanks

We wish to thank our friends for their kindness to our son and brother, Orson Everts, during his illness at the hospital. Also for the many beautiful flowers he received. Special thanks is due to the post office employees, Methodist church, Epworth League and also the Ladies Aid of Norwood.

Mr. and Mrs. Geo. N. Everts and family. 1611pd

VISIT OLD HOME IN DENMARK

Jake Lund to Spend Three Months in Native Country

The following taken from a Monroe paper of last week's issue will be of interest to friends of Jake Lund, whose visit to Denmark is mentioned. Jake was a former baker here and his friends will be glad to learn of his success where he is at present located.

"Next Monday Monroe will lose one of its well known business men when Jake Lund, for the past four years owner of the Washington Street Bakery, leaves for a three months' vacation to his native country, Denmark. During his short residence in Monroe he has won the esteem and good will of all of the citizens of Monroe. Coming here four years ago he opened a bakery that soon became a mecca for all those desiring to purchase pastries that were of the best.

"Jake as he is known by all expects to return to Monroe sometime the latter part of August."

Don't start running your car without having it gone over and put into shape. It will cost more later. Bring it in. Benj. Brown. 14tf

CHURCH OF GOD.

Services at follows, beginning next Sunday, April 24th:
Preaching at 10:30 a. m.
Sunday school at 12:00 m.
Preaching at 7:00 p. m.
Wednesday evening prayer service at 7:30 at the Chapel.

We were pleased to have A. L. Sheldon of Flint to preach to us last Sunday, morning and evening.

Sunday, May 1st, will be the pastor's farewell sermon to the congregation.

A. G. Postinus, Pastor.

Furniture Sale

A quantity of household furniture belonging to the Egbert Carpenter estate will be sold at private sale, Saturday, April 23rd, at 2:00 p. m. at the Carpenter bungalow, 203 Clinton street. A. F. Bridge, Administrator. 1611

Will Make Improvements

Rep. R. L. Lewis, who was home from Lansing over Sunday, made the statement while here that about the first of May he contemplated making extensive changes in the Levinson block, and also on the other property he controls. He will convert the back rooms over Levinson's store into living rooms, fitted out with modern conveniences.

Beautify that lawn of yours with some of our Special Lawn Fertilizer. Argo Milling Company. 1611

Observe 102nd Anniversary

The Odd Fellows of Charlevoix will observe the 102nd anniversary of the order in America by attending service in the Congregational church next Sunday morning, April 24th. All members are requested to meet at the hall at 10:00.

Sunday School Class Meets

Mrs. William Poole entertained twenty members of her Sunday school class of the Methodist church and their friends at her home on Mason street Tuesday evening. The first few hours of the time was spent in playing games after which the hostess served ice cream and cake.

A dollar spent on that tire right now will save you the cost of a new tire in a little while. We will make them almost as good as new. Benj. Brown. 14tf

M. E. CHURCH NOTES

The twenty-first annual meeting of the Women's Home Missionary Society of the Grand Traverse district will convene in this church May 5th and 6th. Delegates from Traverse City, Harbor Springs, Petoskey, Boyne City, Manistee, Bellaire, East Jordan and other places are expected to be present.

Edward Edwards is the teacher of the recently organized Sunday school class for young men. Mr. Edwards is college trained and has had experience in teaching the Bible. Young men who are not members of other classes are cordially invited to enroll in this new class.

Edward Shanton and Rev. Candler leave for Traverse City next Monday to attend a convention over which Bishop T. Henderson will preside.

Rev. R. J. Slee will conduct the third quarterly conference at the Barnard M. E. church May 2nd, at 7:30 p. m.

The pastor has formed a class of candidates for church membership which meets every Saturday afternoon at 2:30 at the church. This class is for young people over ten years of age.

This Thursday evening, April 21, the prayer meeting will be followed by a business session to which all members of the church and congregation are invited.

Choir practice every Tuesday evening at the church. The orchestra will rehearse every Wednesday evening at the home of Will Bellinger.

Furniture Sale

A quantity of household furniture belonging to the Egbert Carpenter estate will be sold at private sale, Saturday, April 23rd, at 2:00 p. m. at the Carpenter bungalow, 203 Clinton street. A. F. Bridge, Administrator. 1611

Take Proper Care of Garbage

Residents of Charlevoix township have lodged complaint to the health officer that some person or persons are dumping garbage along the road leading to the city dumping ground, and near the Coulter farm. This not only includes tin cans, but spoiled meat and rotten vegetables. This practice MUST stop. Read the state law regarding disposition of garbage. I will prosecute to the fullest extent of the law any person apprehended, and will also hold drivers of vehicles dumping the garbage responsible.

WM. H. COOK,
Health Officer Charlevoix Twp.

EIGHT PAGES

COURIER, CHARLEVOIX, MICH., WEDNESDAY, APRIL 27, 1921

PRICE \$2.00 PER YEAR

COMMENCES SUIT AGAINST CITY

C. S. ABBOTT ALLEGES THAT
FRAUD WAS USED

Charges That Damage to Self and
Business Interests Goes Be-
yond \$100,000 Mark

Last week suit was commenced in the circuit court of Antrim county upon bill of complaint filed by Charles S. Abbott, against the city of Charlevoix, Henry Richardi and the Hydraulic Light and Power company of Bellinre. The suit arises out of transactions between Mr. Richardi and Mr. Abbott prior to the lease made in December, 1917, whereby the city took over the operation of the Bellaire power plant. It is claimed by Mr. Abbott that he secured an option, dated September 8, 1917, wherein Mr. Richardi agreed to sell to him the plant, transmission lines, flange rights, etc., for \$100,000 to be paid by the sale of an issue of bonds on the plant. After obtaining this option, which was for 60 days, Mr. Abbott entered into a contract with the city of Charlevoix to furnish electric current for a ten-year period, under terms similar to the old Richardi-Charlevoix contract.

In his contract with the city Mr. Abbott agreed to move the steam plant at Bellaire to Charlevoix, loop in the East Jordan system, via Ellsworth, and secure a release from Richardi of any and all claims arising out of the old Richardi-Charlevoix contract. It will be recalled that the city of Charlevoix, at and before this time was obtaining its current from the Rock Product company's steam plant, which was only a temporary arrangement, and likely to be terminated at any time. For some reason Abbott and Richardi never consummated their deal. The 60-day option expired, and Mr. Abbott was apparently unable to acquire the plant and perform his contract with the city.

It appears that the city council at that time were advised by Mr. Abbott that the whole deal was off, whereupon the city entered into the lease of December 18, 1917, and later exercised the option of purchase contained in the lease. Since that time the city has been in possession of the plant, has made extensive improvements and repairs, and has paid a considerable part of the purchase price as the bonds issued therefore matured.

It was not until quite recently that the city council became aware that Mr. Abbott claimed any rights under his Richardi option, and his contract with the city. Plaintiff is asking for a decree compelling the performance of the terms of the option and contract, and an accounting of profits.

The issue presented in the case raises the question of whether Mr. Abbott's default was caused by matters or happenings beyond his control. To excuse his default the plaintiff charges that the city of Charlevoix, through its proper officers, conspired with Mr. Richardi to prevent performance, and by fraud, cheating, persuasion, solicitation and inducements, hindered and embarrassed him in procuring performance.

DON'T BORROW YOUR NEIGHBOR'S PAPER

If you are not a subscriber to the Courier, borrow it and read it anyway. Of course we would like to have you on the regular list, but if you cannot afford it or are nursing a grouch, borrow it. It is interesting and instructive reading, and we feel highly complimented to see the trouble and sometimes expense the borrower may read a good home paper with a good reputation at home and abroad. Of course they try to cover their tracks, but we know most of them and the methods they resort to that they may read it without helping support it. They are a bunch of good public-spirited citizens—in a horn. We don't find them doing anything for the upbuilding of their village or the region, but are always willing to reach out and grasp the benefits accruing from the efforts and expenditures of their more progressive, broad-minded, liberal and patriotic neighbors.

Our citizens will be interested to learn in just what way our former city officials succeeded in perpetuating such a gigantic conspiracy. It is to be observed that none of the then alderman have been proceeded against individually.

SCOTT WOULD CHANGE THE SEAMEN'S ACT

Introduces Bill at Washington to
Help Lake Shippers

A Washington dispatch says: Radical changes in the Lafollette seamen's act as it applies to great lakes shipping has been proposed in a bill introduced by Representative Scott, Republican, Michigan. The measure, introduced by the Michigan congressional delegation, provides for opening of the navigation season May 1 instead of May 15 and for the close October 15 instead of September 15, requires ships making trips of 16 hours or less to have only two instead of three crews and permits shipping companies, unable to obtain enough able-bodied seamen, to employ a limited number of certified lifeboat men to help man the vessels.

The use of life rafts, accommodating 20 persons instead of those large enough for 50 persons is provided. Mr. Scott said the bill had the support of chambers of commerce in practically all great lakes cities.

JUNIOR CLASS TO ENTERTAIN

AT PALACE THEATRE FRIDAY
EVENING

Evening's Entertainment Consists of
Three One-Act Comedies—
Deserve Packed House

The Junior class of the Charlevoix High School will entertain the public at the Palace Theatre on Friday evening of this week by producing three one-act plays, and deserve a packed house. The program follows:

"Tradition," a play in one act by George Middleton. This play is of special interest to every father and mother.

Cast—
George Ollovan, Claire Bartholmew, Emily, his wife, Phila Armstrong, Mary, his daughter, an actress, Helen Mason.

"The Teeth of the Gift Horse" is a comedy in one act revealing a complication of embarrassments because the vases which were wedding gifts were sent to a rummage sale.

Cast—
Richard Butler, Earl Coulter, Florence Butler, his wife, Eleanor Fineman, Mariette Williams, his aunt, Gladys Livingston, Devlen Blake, friend of Butler's.

"Spreading the News" is one of Lady Gregory's famous one-act Irish plays. A deaf woman and a gossiping community badly mix up affairs.

Cast—
Bartley Fallon, Earl Coulter, Mrs. Fallon, Hilda Hyers, Jack Smith, Claire Bartholmew, Shann Early, Alex Sinclair, Tim Casey, John Nordrum, James Ryan, Raphael Stafford, Mrs. Tarpey, Alice Smith, Mrs. Tully, Carrie Meggison, A Policeman, Richard Saltonstall, A Removable Magistrate, Edward Shanahan.

SMALL INCREASE IN SCHOOL FUND

State Primary Account Will Not Get
Heavy Increase in 1921

The smallest increase in per cent going into the primary fund has just been made by the state tax commission in their tentative assessment of corporations, which is \$700,000 over last year.

The total to be paid in is estimated at \$6,997,069 if present plans carry.

The amount to be derived from inheritance tax will be greater than any year since the tax was first levied due to the death of the two Dodge brothers, Detroit automobile manufacturers.

Fix the break or cut at once and save the tire. This is our work. City Vulcanizing and Repair Shop. 17tf

KILLED BY AUTO IN RUN FOR CAR

SAMUEL BEAUBIEN, FORMER
CHARLEVOIX CITIZEN

Dies Shortly Afterward in Receiving
Hospital—Had Been Visiting
At Home of Friends

Samuel Beaubien, a former resident and business man of this city, died Saturday in Detroit from injuries sustained when he was struck by an automobile shortly after midnight, Saturday.

The following taken from the Detroit News tells of the accident: "Samuel Beaubien, 45 years old, 1922 Trumbull avenue, died shortly after midnight in Receiving hospital from injuries sustained Friday night when he was struck by the automobile of William Hanna, of the Trumbull Steel Co., 5098 Burns avenue, on east Jefferson avenue between Riopelle and Russell streets. Beaubien was standing in front of the Pontchartrain Apartments, 1344 Jefferson avenue with three women and two men and ran into the street to hail a street car."

Deceased left this city some five years ago for Holly, this state where he engaged in the hotel business, later disposing of holdings and for a time conducted a grocery and meat market. From Holly he went to Detroit, and for several years had been in the employ of the Ford Motor company.

Prior to his leaving Charlevoix, he was engaged in various lines of business. In the early days of Charlevoix he was in the saloon business, afterwards conducting a blacksmith shop and implement store.

For several years he owned and operated the Hotel Charlevoix, disposing of this to Mr. and Mrs. J. S. Baker.

He is survived by two brothers, one located in Flint, Michigan, and the other in Ohio. Up to the time we go to press no information has been received here as to the time of his funeral or place of interment.

POMONA GRANGE WELL ATTENDED

Nine Granges in the County Were
Represented

One of the best Pomona meetings in some time was held at Ironton April 21. Bro. F. W. Taylor of New Era, was present and added lots of pep to the meeting. Nine granges in the county were represented with an attendance of 98. The following program was rendered:

Afternoon Session
Musical reading, Sidney Lumley.
Solo, J. A. Newville.
Reading, W. A. Mundy.
Solo, W. F. Taylor.
Address, "The Elements of a Successful Grange," by W. F. Taylor.
Instrumental music, Miss Grace Cross.

Talk on tuberculosis test, by C. W. Wing, county agricultural agent.

Evening Session
Song, "Beulah Land," by Grange. Stunt, between married men and single men. Single men won.
Address, "The Building of a Rural Community," by W. F. Taylor.
Song "Old Black Joe," by Grange. An old fashioned sneeze, Grange members.

Solo, W. F. Taylor.
Community singing led by Brother Taylor sandwiched in between the various numbers did wonders. Ironton Grange degree team initiated fifteen candidates in the fifth degree in a very creditable manner. The next Pomona meeting will be held in June.

FIRST TRIP OF STEAMER MISSOURI

Arrived Here About Midnight Sat-
urday Night

The Str. Missouri of the Michigan Transit Co.'s line arrived in Charlevoix about midnight on Saturday night on her first sailing trip from Chicago. She was well loaded with freight for upper Michigan lake ports, and unloaded a large amount of furniture here for Hallett's Inn. On her way south bound Monday, she passed up the lake to Bayne City leaving this harbor late in the afternoon.

Tire repairing that is satisfactory. Take your work to the City Vulcanizing and Repair Shop. 17tf

SPRING HOUSE CLEANING HINTS

HOME SHOULD BE FUMIGATED
WITH FORMALDEHYDE

Make Sure Bacteria is Destroyed—
Give the Woodwork a New
Coat of Paint

Every spring the house should be fumigated with formaldehyde. This makes sure that the bacteria are destroyed; it will also kill off all living moths, worms in the carpets and furniture. It is not at all a difficult feat, in these days when one can buy ready mixed paints to give all the woodwork in a room a new coating of paint and it adds a world of freshness to the appearance of a room, and a can of white enamel does marvels. Chairs that are old and dingy will present quite a respectable appearance when painted white and adorned with bright gingham cushions, and many articles of furniture can be much improved by the amateur painter. If you have an old paint brush you would like to use that is dry and hard, use hot turpentine on it, a little at a time, and work it on a board until clean and soft. Instead of buying an expensive floor stain get a package of dye, mix with hot water and apply with a scrub broom. When thoroughly dry put on a coat of varnish and you will be surprised at the floor finish. An excellent preparation for cleaning carpets is made with one bar of laundry soap and four ounces each of alum, powdered borax and sal-soda. Shave the soap and put the three ingredients in a gallon of water and let boil 20 minutes, then add four gallons of cold water. Scrub the carpet with a brush, wiping up quickly. Have the carpet well dusted and tacked to a clean floor before scrubbing. One of the best soaps to use in all housecleaning is made by dissolving a bar of soap shaved fine in a pint of boiling water and then stirring in a tablespoonful of borax until well mixed. You can find nothing better than this dissolved soap for washing lace and muslin curtains, painted woodwork, matings and metal beds, and it is surprising how much dirt will come off and how fresh the enamel will look after its cleaning. Window glass can be made to shine by washing with warm borax water without soap, then an extra shine can be given windows and mirrors after they are washed clean by rubbing over them a little thin cold starch, allowing it to dry and then rubbing off the powder with a chambray. Then your windows can be kept bright a long time without polishing by rubbing off every few days with a soft, dry cloth to remove all dust.

STIMULATE TRAVEL TO MICHIGAN RESORTS

Resort Special Will Be Placed in
Commission On June 30—First
Train on June 3

To stimulate travel to the resorts of Michigan, the Pere Marquette railway has, after long consideration, decided to institute a short limit ticket for the benefit of the two-week vacationist, at a lower fare than the all-season ticket. Fifteen day tourist tickets will be placed on sale at Chicago, Detroit and Toledo, commencing May 15th, at a reduction of 30 per cent from the regular fares. These tickets will be good for 15 days following date of sale.

Similarly there will also be a fifteen day ticket sold at Chicago to the Lake Michigan East Coast territory as far north as Pentwater, at reductions of from 20 to 30 per cent from the regular fares.

All-season tourist tickets, too, will be issued commencing May 15, with a return limit good until October 31. These fares will be sold at a reduction of 10 per cent from the regular fares.

The "Resort Special" trains 9 and 10, will be placed in commission this year from Chicago, Detroit and Toledo on June 20th, with advance season runs from Chicago on June 3, 7, 10, 14, and 17, and connecting sleeping car service from Detroit on June 17.

WILLIAM HIGMAN HURT IN FALL

Suffers a Dislocated Shoulder and
Other Bruises

William Higman narrowly escaped serious injury Monday forenoon, when he fell through an open stairway on the second floor of the Galbraith home, to the first floor.

The stairs had been removed preparatory to remodeling the room, and Higman, who was taking some measurements, and was unaware of the opening, stepped into the hole and fell to the floor below. In falling he slid down the partition, badly dislocating his right arm at the shoulder.

He was taken to Dr. Armstrong's office and given medical assistance, but will be laid up several days as a result of the accident.

First Call for Current

Deputy City Clerk D. S. Payton informs the Courier that the first call of the 1921 season for electric current has been placed by L. J. Rupert, who will open his summer home on the Belvedere resort on April 27. Mr. Rupert has been among the advance guard of Charlevoix's summer visitors for years.

Bicycle tires, tubes, and repairs of all kinds. A little attention now will save your wheel. Benj. Brown. 14tf

Have your vulcanizing work done at the City Vulcanizing and Repair Shop. 17tf

AUTO OWNERS MUST REGISTER CARS

New Law to This Effect Becomes
Operative July 1

Every automobile owner in the state must register his car at the office of the secretary of state under the provisions of an act passed by this legislature, which goes into effect July 1, 1921. The object of this measure is to assist in eliminating the theft of motor vehicles and it is believed that it will bring about a reduction of the cost of theft insurance.

Under the provisions of the act the secretary of state will supply all licensed car drivers with a copy of the law and a blank for registration. What will happen to those drivers who have not a proper license will be embarrassing to them. By July, 1922, every motor vehicle must be registered and a certificate of title issued therefore at a cost of \$1. On and after October 1, 1921, no motor vehicle can be purchased or second-hand car sold without a certificate of title and the transfer of the title in case of a secondhand car.

In the penalty provisions it is provided that to make a false statement as to ownership or to have a stolen car in possession makes one liable to a fine of not more than \$5,000 or not more than 10 years incarceration in state prison, or both.

IMPORTANT NEWS TO LEGIONAIRES

MEN ASKED TO SPEND BONUS
FUND WITH CARE

Makes Number of Suggestions to
Michigan Men Regarding Funds
Soon to Be Paid Them

Bulletin No. 18, issued by the American Legion at Detroit headquarters regarding the use of funds accrued by Legionnaires from the state bonus soon to be paid, reads as follows:

The people of the state of Michigan have voted to pay additional compensation to the service men and women of the late war. Blanks with full information will be forwarded to all posts as soon as available. Writing letters of inquiry to Legion posts or state officials only holds up the work. All newspapers will carry full information as soon as detailed plans are completed.

The men and women who are to receive this additional compensation have more than earned it. It is theirs as a matter of right, equity and justice, and it is the business of nobody how it is spent; however, one of the chief arguments of the tight-fisted flag-wavers has always been, "the boys will only throw it away and it will do them no good." It is up to every true Legionnaire to put the money received from the state bonus to see that the argument above referred to, proves utterly false, bearing in mind that the attitude of the Michigan members of congress on the federal bonus may depend to some extent upon the use to which the service men and women apply their state bonus.

Let's put the dice away and apply our bonus in a manner typical of Michigan men in all great undertakings.

Here are a few suggestions:
Sit tight.
Don't try to sell or sign or barter it away.

If you are in debt pay up.

If you are out of work, spend it carefully until re-employed.

If you wish to remember mother, wife or sweetheart, do, by all means. Whatever you do, spend or invest your state bonus money in your own home town.

Should you desire to invest the money, your local banker will be more than glad to give you advice and assistance.

Lyle D. Tabor,
Department Adjutant.

ENTERTAINED AT H. K. ALLEN HOME

Three Young Men Agreeably Sur-
prised on Birthday

Messrs. V. Y. Tuttle, Harland Hatch and Oakley Hammond were pleasantly surprised Saturday evening at the H. K. Allen home on Clinton street, the occasion being their birthday anniversaries.

Games and dancing were features of the evening until 10:30, when a birthday cake was served to the guests. Those present were the Misses Beatrice Harrington, Blanche Oliver, Anna Lombard, Nellie Allen, and Dr. and Mrs. W. W. Mitchell, Mr. and Mrs. Forrest Fowler, Mrs. Edna Rotert, and Messrs. Clarence Bridge, C. Rice, V. Y. Tuttle, Harland Hatch, and Oakley Hammond.

A full line of Baby Carriages, Park Cars and Sulkies at S. M. See & Sons. 16tf

PEOPLE URGED TO SAVE ARBUTUS ROOTS

Complaints which are as reliably annual as the blooming of the arbutus are being made that seekers of this spring flower are following their usual tactics of taking bloom, stem and roots, thereby robbing the region of one of its big spring attractions. To cut the stems of the arbutus brings about a healthy growth of the plant but to pull up the entire plant means that no plant replace it next year. Although most of this destructive work is done by thoughtless children it is not uncommon to see older people who should have greater judgment, come in town with great baskets of the flowers with roots still attached. This is the surest possible method of robbing the region of its arbutus.

CORRESPONDENCE

NORWOOD

Harris Pierce was a business caller at Ellsworth Tuesday.

Mr. and Mrs. Dice visited at the home of Will Richardson Sunday.

Mrs. H. Pierce leaves Tuesday for a week's visit with her mother and sisters at Manton.

Mrs. Guy Empey has been confined to her home with illness the past week but is some better.

Albert Parsons and family of Ellsworth spent Sunday at the home of her mother, Mrs. Haskins.

Dr. Hewitt and family and Mrs. Morehouse attended the revival service at Ellsworth Sunday.

Buff Andrews and family of Elk Lake visited at the home of Mrs. Andrews' mother, Mrs. Cora Jennett, Sunday.

Eph Kidder and son and family of Echo visited at the home of Mrs. Kidder's mother, Mrs. Cora Jennett, Sunday.

Mr. and Mrs. F. E. Richardson and son Cecil and Merrill Richardson and family motored to Eastport Sunday and visited friends.

Word was received Monday from Detroit of the death of Mrs. Nelson Empey. Funeral services will be held with burial at Traverse City on Wednesday.

The L. A. S. will hold an ice cream social at the town hall Friday night, April 29 at which time a quilt will be auctioned off. Everyone is invited and you may be sure of good ice cream.

Splutter, splutter—spat—don't cuss the car. It needs to be tuned up. Bring it to our garage. Benj. Brown. 14tf

EAST CHANDLER

Mrs. W. Mandaville is reported to be in very poor health.

A good many from here attended the sale of Wm. Connell last Wednesday.

Frank Atkin and Frank Paddock visited at the Wm. Hughes home Sunday.

A. B. Tousley who has been sick for some time died Sunday morning April 17th.

Mrs. Orpha Snyder visited at the

home of her daughter, Mrs. Clark last Sunday.

Gertrude Hughes and Eva Parrish spent the week-end at the former's home.

Mrs. Mina Walton and Bernie Adams and family were Petoskey callers Thursday.

Miss Edith Quinn spent the week-end with Miss Edith Sellers at the Jesse Peters' home.

Messrs. Will Hughes, Arthur Crego and John Eastwood were Boyne City callers Thursday.

Mrs. Forrest Ashman visited a few days at the home of Mrs. Bernice Clark of Clarion recently.

Mr. and Mrs. Carl Clark and daughter Lois visited at Mrs. Bernice Clark's of Clarion Thursday afternoon.

Little Orill Hughes had the misfortune to fall on the blade of a jackknife, piercing clear through his cheek, last Sunday afternoon. It is reported to be healing rapidly.

Announcements have been received of the marriage of Florence Adams formerly of this place, which took place at Kalamazoo Saturday, April 16. Her friends here extend her hearty congratulations.

Don't start running your car without having it gone over and put into shape. It will cost more later. Bring it in. Benj. Brown. 14tf

MCGEACH DISTRICT

Ardene Davenport spent Sunday at the home of Nelson VanDusen.

Thelma VanDusen spent last Wednesday evening at the home of Anna Jones.

Howard Gornell and family and Miss Robinson of Barnard called on Mrs. Flagg Sunday evening.

Freda Sutton spent Sunday evening at the home of her sister, Mrs. Fred Trimble of Charlevoix.

Mr. and Mrs. Clarence Heise and daughter Beth spent Sunday at the home of Mr. and Mrs. Vernon Jones of Charlevoix.

Mrs. Emma Sutton and son Alfred and daughter, Mrs. Harry Hammond, spent Sunday at the home of Mrs. James Block.

Mr. and Mrs. Louis Shapton and Mrs. Arthur Beattie and son Forrest motored through to East Jordan, Boyne Falls and Boyne City Sunday.

NORTH HAYES

Mrs. Guy Compton of Petoskey is visiting her mother, Mrs. Banks.

Gleaners met in their hall in Bay-Shore April 23. There was a good attendance.

M. K. Chew sold 100 bushels of potatoes to a party living south of Charlevoix, receiving \$10 for the lot.

R. Kane and family of Sutton, Michigan have been visiting Mr. Kane's parents, Mr. and Mrs. Frank Kane.

Frank Hamlin and family and Mr. Hamlin's mother, Mrs. Hamlin, of Charlevoix spent Sunday at the home of Henry Hair.

Born, to Mr. and Mrs. George Dickerhoof, a nine pound boy Saturday, April 23. Mother and child are getting along fine.

Born, to Mr. and Mrs. Elmer Hanna at Harbor Springs, at son Tuesday, April 19. Mrs. Hanna was formerly Miss Wilma Dickerhoof of Hayes.

Loran Hamlin, Jr., met with quite a serious accident at Horton Bay when returning from Boyne City. His steering gear broke causing the car to turn turtle. Dan Wiseman was riding with him. Neither were hurt more than a good shaking up.

Give your bicycle a thorough overhauling and let us do the work. Prices are right. Benj. Brown. 14tf

PHELPS

Mike Saganet is the owner of a Ford car.

Mrs. Ennis Schafer spent Monday in Ellsworth.

Miss Alice Zylstra was a Charlevoix business caller Tuesday between trains.

Mrs. Ralph Klooster is spending a few days at the home of her sister Mrs. Chas. Stevens.

Mr. Sage of Central Lake was in our burg contracting squash acreage for a couple of days last week.

Born, to Mr. and Mrs. Chas. Stevens, April 19, a nine pound daughter who will answer to the name of Phillis.

Mr. and Mrs. Lawrence Bos and son Johnnie, visited at the F. R. Klooster home Thursday evening of last week.

Mrs. Emrey and little daughter of Central Lake visited over Sunday with her daughter, Miss Alda Emrey, the school teacher at Phelps.

There will be church services in the Holiness church Sunday evening, May 1st, at 7:30 p. m. local time. Everybody come. You are welcome.

Splutter, splutter—spat—don't cuss the car. It needs to be tuned up. Bring it to our garage. Benj. Brown. 14tf

CLARION

Miss Margaret Johnson of East Jordan was in town Wednesday.

Mrs. Ben Bustard of Petoskey visited at J. W. Colden's on Sunday.

E. R. Everts who has been taking his annual vacation is carrying mail again.

Mrs. W. G. Wener was the guest of her daughter, Mrs. H. E. Kauffman of Oden, Sunday.

Mr. and Mrs. Ben Johnson and daughter June of Midland are visiting their parents, Mr. and Mrs. C. Johnson.

Mrs. Myrtle Jackman, who was called here by the illness of her father, Charles Johnson, returned Thursday to her home at Marquette.

Fred Whitney and wife have sold their property in Petoskey and moved out to their farm about two and one-half miles east of Clarion. Their son, Earl Whitney and wife, will live with them.

Mr. and Mrs. J. W. Colden have received word of the death, at Stratford, Cal., on April 17, of their eldest daughter, Mrs. Ruth Wheeler. Death was caused by pneumonia following an attack of the "flu."

Bring your tires and tubes to us for repairs and vulcanizing. Our work will stand the test. Benj. Brown. 14tf

BARNARD

Mr. and Mrs. Mills are moving to their farm having sold their place on the state road.

Mrs. A. B. Clark spent a few days at the home of her brother, Chas. Stevens, of Phelps recently.

Mrs. John Clark visited her parents, Mr. and Mrs. Robert Sherman of Eveline, a few days last week.

Mr. and Mrs. Ed Townsend and daughter and Mr. and Mrs. Arlo Townsend and daughter from near Petoskey were Sunday visitors at the Charles Townsend home.

Car don't run right—just bring it in to our repair room and we will adjust the difficulty. Benj. Brown. 14tf

IRONTON

Miss Stewart visited the school Thursday.

The Pontona Grange was largely attended Thursday.

Mrs. McMulken spent Monday and Tuesday at Mancelona.

Mr. and Mrs. Will Webb of Boyne City spent Sunday at the Henry Webb home.

EMREY'S

You have made a long step toward getting satisfactory furnishings if you are headed this way

Here you will find clothes, hats, caps, shirts and ties with style, character and individuality for men who want to dress correctly and economically.

For men and young men who like to select from full assortments, now is the time to buy

The Ford Touring Car

Here is the greatest motor car in all the world. Great because there is more of it in use than of any other car in the world. Great because that in our demand for a million and a quarter Ford cars this year fully 50 per cent of that demand is for the Touring Car. Surely every Ford touring car is a car of great service. You see it wherever you go, day or night, rain or shine, summer or winter—the ever-faithful Ford Touring Car is delivering service and satisfaction, pleasure and economy, in a larger measure than falls to the lot of any other one piece of mechanism in the world.

We can now deliver Ford cars to you with reasonable promptness. Leave your orders without delay, if you would be wise. The prudent man carries his umbrella when it is dry, because any fool can carry one when it rains!

Never forget that right hand to every Ford Car is that ever-dependable and universal "Ford After-Service." Here we are, with the genuine made Ford parts, Ford mechanics, and Ford equipment, to give service to Ford cars instantly, so that your car is never out of commission.

Catarrh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. Write for any case of Catarrh that HALL'S CATARRH MEDICINE fails to cure. Druggists 10c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

STATE FARM BUREAU NOTES

Published for the Benefit of Charlevoix County Farmers

With an over-abundant grist of 33 to repeal the James law of 1919 bills and a dearth of time in which to grind them through, the legislative mill has been shifted in high speed sessions from 10 a. m. until after 10 p. m. with numerous committee meetings sandwiched in between have become the established practice under the big dome at Lansing. Verbose addresses by sentimental solons who are prone to lead their fellow law makers back in fancy to "the little red school house" and other features of "the good old days" have not met with favor. The senate has been the scene of many sharp debates and close decisions. In the house long speeches have been frowned upon or limited by rule to five minutes per member.

One of the liveliest fights of the week centered around the proposal for a constitutional amendment to raise the salary of the law makers from \$800 to \$1,200 per two-year term. Friends of the measure asserted that the present legislative salary was so small as to make it almost prohibitive for a poor man to serve in the Legislature. They maintained that the present system favored boss rule and party control by rich men and big business interests, on two occasions this faction was outvoted, but they finally rallied 70 votes, three more than the necessary two-thirds majority, and thus defeated the group who held rigidly to an ironclad policy of opposing all salary increases.

The vote on the proposed constitutional amendment to limit the length of the regular legislative sessions to one hundred days was even more close, the measure passing with a margin of but a single vote.

Without an extra vote, the House passed the bill sponsored by Wayne members to change the date of the fall primary from the last of August to the second Tuesday in September. Farmer members of the House maintained that August was more conducive to a heavy rural vote than would be the proposed September date.

After one of the warmest debates of the session, the House voted 64-

The "Michigan Egg Law" requiring the licensing of all egg dealers and the handling of all eggs handled by them met with unanimous approval in the Senate when it received a vote of 84-0 on final passage through that body. This bill is sponsored by the state farm bureau and other farmers' organizations.

The teachers' retirement fund bill introduced by Sen. Eva Hamilton passed the Senate 19-5 without formal debate. This favorable consideration was accorded to the measure only after its provisions had been considerably restricted and rendered less drastic by several amendments proposed by way of concession by its author.

The proposed 1c per gallon tax on gasoline met with a premature death when the House committee of the Whole recommended that all after the enacting clause of the bill be stricken out. It was estimated that this tax would produce a yearly revenue of approximately one million dollars which would be divided half and half between the general state treasury and the state highway fund.

The wisdom and advisability of Rep. Hopkins, agricultural statisticians bill was recognized by the House when that body passed the measure by a vote of 57-7. The bill would provide for the collection by the township supervisors at the time of making their annual assessments of property of figures relative to the

acres of various crops and the numbers of various classes of livestock. Hopkin's bill has the active support of the state farm bureau and of the other Michigan farm organizations.

Unanimously the House passed Rep. Braman's bill to strengthen the present law to prevent the importation of dangerous insects and contagious diseases affecting trees, shrubs, vines, plants and fruits. Terms used in the act are more carefully defined and enforcement of its provisions facilitated.

Unjust rental charges imposed by railroads for leasehold right to operate elevators, warehouses, ice houses, buying stations, flour mills, coal sheds or other buildings used for receiving, storing or manufacturing any article of commerce to be transported over the rails of the common carriers will be eliminated by the provisions of a bill introduced by Rep. Howe. The measure has the endorsement of the state farm bureau traffic department, according to the terms of the bill.

Whenever any person who desires to lease any such building from a railroad cannot reach a satisfactory agreement as to the terms of the lease he can appeal to the Michigan Public Utilities Commission, which will conduct an investigation and render a decision. This bill was passed unanimously by both House and the Senate. It is regarded as a boon to the farmers' cooperative organizations, many of whom are now paying exorbitant annual rental charges, equivalent in several cases to 30 per cent of the assessed valuation of the property.

Religious liberty in Michigan is further assured by the passage by the House 75-15 after a heated debate of Rep. Welsh's bill "to define and prohibit general libel." The bill defines general libel as a malicious defamation, expressed by printing, or signs or pictures or the like tending to impeach honesty, integrity, virtue, reputation, character, or patriotism of the people of any religious denomination or sect, thereby exposing them to public hatred, contempt, ridicule, prejudice or disfavor.

Violation of the provisions of the bill will be punishable by a fine of not more than one thousand dollars or by imprisonment for not more than one year, or by both in the discretion of the court. It is common knowledge that the bill is aimed primarily at the anti-Jewish propaganda now being carried on by Henry Ford through the Dearborn Independent.

Supervision of private, denominational and parochial schools by the Superintendent of Public Instruction as provided by a bill introduced by Rep. Dacey received the approval of the House by a vote of 74-9 when the bill came up for final passage by that body. It is intended to place private and parochial schools on the same basis as the public schools of the state as far as instructional methods and standards are concerned. An amendment to the bill explicitly prohibits the use of any public funds for the support of any such school.

Rep. Read's bill to prohibit offering any registered pure-bred cattle at public sale for breeding or dairy purposes or for exhibition at any public fair in Michigan until such cattle have satisfactorily passed the tuberculin test for bovine tuberculosis, passed the House 83-1.

A dollar spent on that tire right now will save you the cost of a new tire in a little while. We will make them almost as good as new, Benj. Brown.

CLARKE DISTRICT

(Delayed)

Mr. Rebidew has been hauling wood to Charlevoix.

Mrs. Hair visited at the Jolliffe home Thursday evening.

Frank Brock was very unfortunate in having two sick horses last week.

Mr. and Mrs. Hans DeYoung and family from near Ellsworth visited at the James Heeres home Wednesday evening.

Ethan Jolliffe lost a cow Thursday night.

James Heeres has a very sick horse as the result of running a nail in his foot.

Miss Jennie Visser of Grand Rapids is visiting her sister, Mrs. James Heeres, for a few days.

The announcement of Attorney General Daugherty that his theory of the duty of his department is to enforce the laws is certainly a radical departure in the management of that office.

A boy may comb his hair, wash behind the ears, wear a necktie and even shine his shoes without being in love, but when he manicures his nails there is only one reason and that is a girl.

DEPOT ROBBED BY TWO YOUNG BOYS

Pry Open Window and Obtain Cash from Money Drawer

On Sunday afternoon, April 10th, between the hours of three and four while none of the station employees were around, the ticket office of the Michigan Central and the B. C. G. & A. railroads at Gaylord, was broken into and robbed by two boys between the ages of 16 and 17, who gave their names as Ralph Gresso and Joseph Vitro, and their residence as Chicago.

The boys gained an entrance to the office by prying open the window and removing two iron bars.

After obtaining \$55.05 from the money drawer the boys started out for Otsego Lake and, upon arriving there, got into conversation with a M. C. section foreman named John Anthon, of whom they desired information relative to the leaving of a private M. C. car. They were told it would go forward on the midnight train. Mr. Anthon, who had already been informed of the robbery, became suspicious and at once telephoned the sheriff at Gaylord, who proceeded to Otsego Lake and took the lads into custody. Upon searching them the total sum was recovered. The young desperadoes are being held in the Otsego county jail at Gaylord.

There Was a Reason

"Why do you turn out for every road-hog that comes along?" said the missus, rather crossly. "The right of way is ours; isn't it?"

"Oh, undoubtedly!" answered he, calmly. "As for our turning out, the reason is plainly suggested in this epitaph which appeared in a newspaper recently:

"Here lies the body of William Jay, who died maintaining his right of way;

He was right, dead right, as he sped along. But he's just as dead as if he'd been wrong."—Boston Transcript.

When you cease trying to do new things and don't care anything about finding new ways to do old things, you have started down hill, even though you're only twenty.

Specialists are getting so numerous in every profession and business that the all-around man who really works is beginning to make a little money again.

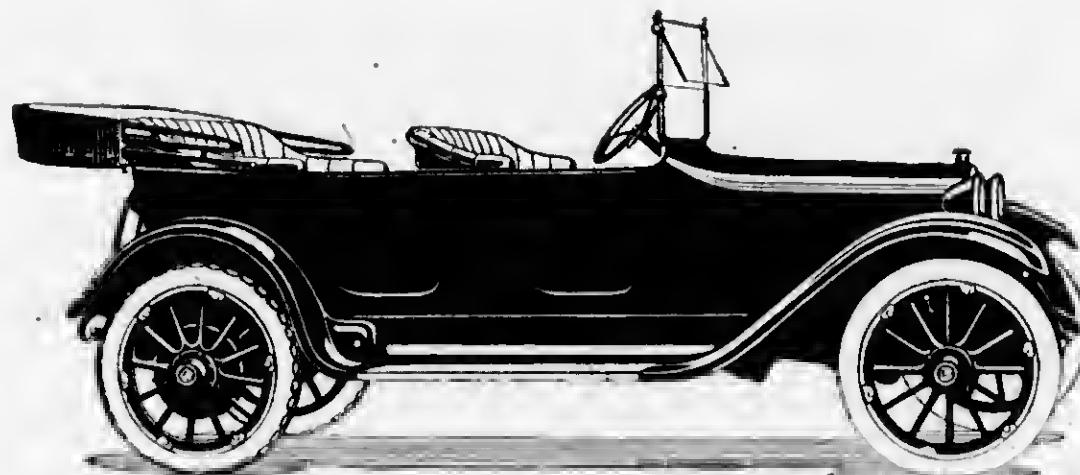

DODGE BROTHERS
MOTOR CAR

After five years it is possible to say with entire truth that all other considerations are second with Dodge Brothers to the solid satisfaction of the owner of the car.

Dodge Brothers always have pursued and always will pursue this policy, not from any spirit of philanthropy, but because it is in the highest sense of the word good business to do so.

The gasoline consumption is unusually low.
The tire mileage is unusually high.

Bridge Street Telephone 58

"Prevention better than cure" applies to battery ills, too!

Get that examination **NOW**

IN spite of the old proverb, it IS sometimes too late to mend. When plates are buckled and terminals are corroded through neglect or unusually hard service, there is little left for the battery-man to say but "New battery". Don't let it get that far. Drive around today to the Prest-O-Lite Service Station and have a thorough examination made. Some trifling fault may be uncovered now that may result disastrously if not remedied.

Anyhow, find out. That's what Prest-O-Lite Service Stations are for. You will get courteous treatment and, what is even more important, honest advice.

When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery. Get that examination now

THE BIG BANK ON THE CORNER

FARMERS

With present price prospects it is indeed a bit discouraging to plan the spring planting.

There are, however, some favorable factors. Seed is cheaper and labor also is and will be much lower. The farmer who uses good seed and prepares the soil with care is going to show a profit for the year.

It may not be as large as some other years, but with the land there and the equipment with which to work it no farmer can afford to let his acres lie idle.

As in the past, to the farmer who works hardest and gives his farming operations the most thought, will go the greatest profit.

We can offer you suggestions as to seed and fertilizer, feeds of any kind. Let us know your wants.

WHO'S WHO UNDER THE DOME

Just as a matter of reminder and reference it may be fitting to record that the Sixty-Seventh Congress, now in extraordinary session, is politically composed as follows:

Senate—Republicans 59; Democrats 37; Republican majority, 22.
House—Republicans 301; Democrats 133; vacancy 1; Republican majority 168.

In the Sixty-Third Congress, elected with President Wilson in 1912, there were only 292 Democratic Representatives, and their majority was only 150.

There is something about this Mr. Harding of Marion, Ohio, elected to the presidency of this great and glorious republic last fall, that makes the plain folks like him. In the first place he has been all his life just a common every day sort of chap; the fellow who did these quasi-public jobs like playing in the band, running the ball team in fact most anything that attempts to promote the community, be it sports, music or education. So

we were not surprised when we read his letter to an old chum the other day about the old swimming hole. The sentiments were just what you would expect from a man who had been interested all his life in developing and promoting the human element in the species. Surely the president as he wrote that letter must have been reminded of James Whitcomb Riley's wonderfully fascinating poem, "The Old Swimmin' Hole," of which the following is the last verse:
"Oh! the old swimmin' hole! When I last saw the place,
The scenes were all changed, like the change in my face;
The bridge of the railroad now crosses the spot
Where the old divin' log lays sunk and forgot.
And I stray down the banks where the trees used to be—
But never again will they'r shade shelter me!
And I wish in my sorrow I could strip to the soil,
And dive off in my grave like the old swimmin' hole."

Be sure to see the Green Pig at the County Fair. 1711

GALSTER ON NEW STATE BOARD

Named by Governor Groesbeck on Commission of Conservation

John L. A. Galster of Petoskey, Thursday of last week, received official notification of his appointment on the new state commission of conservation which is one of the branches in the newly organized state governing system of Michigan created by the present state legislature.

The commission of conservation takes over the state game department, the state fish commission, forestry commission, state park commissioners and many other boards.

Mr. Galster formerly was a member of the Michigan state fish commission. The new board is composed of seven men appointed by Governor Groesbeck.

Don't miss the County Fair at the Bank Hall, Saturday, May 14. 1711

Will Hold a Bazaar in Summer

Mrs. W. W. Mitchell and Miss Bentrice Harrington entertained the Mary Brewster circle of the Congregational church at the latter's home on Clinton street Friday afternoon. The time was spent in preparing materials for the bazaar to be held in the summer. The hostesses served refreshments at 5 o'clock.

The latest, A County Fair at the Bank Hall, Saturday, May 14. Don't miss it. 1711

Resumes Operations

The mill of the Boyne City Lumber company, after being closed for a month, started operations again last week. The plant is not being run to full capacity at the present time, and there is nothing to indicate that it will proceed to a full time run in the near future.

Notice to Citizens

Complaint has been made regarding the disposal of garbage at the City dumping grounds. Garbage has been scattered along the road leading to the grounds, and no care, if any, has been taken to properly care for spoiled meat and decayed vegetables. The law covers the disposal of all garbage, especially that from which an odor arises, and if this is not properly taken care of prosecution will certainly follow. No further notice will be given, but any person violating the law will be vigorously prosecuted.
By Order of City Board of Health. 1712

ADDITIONAL LOCALS.

Mr. and Mrs. E. D. Schafer spent Sunday in Petoskey.

J. M. Harris was at the court house Friday on business.
S. J. Lanway of Harbor Springs was in the city Tuesday on business.

Want you to try one of the lines, namely DEVOE MIRROLAC at our expense, so we will send you a coupon worth 30 cents applied to the purchase of a larger size, or a 30 cent can Free on the days of the Educational Paint Exhibition.

While in the store make it a point to see our new line of rugs, bedroom and porch furniture. The line is very complete now.

S. M. SEE & SONS

THE RELIABLE HOUSE FURNISHERS

GOOD HIGHWAYS IN JAMAICA

Island in British West Indies is Awakening to a Realization of Improved Roads.

The island of Jamaica, in the British West Indies, rich in natural resources and active in trade, is awakening to a realization of the importance of good roads. The advent of the automobile has had much to do in the development of an agitation which now promises valuable results. The system of modern highways which is proposed to build will mean the speedy development of parts of the island now more or less neglected because of their practical inaccessibility. Completion of a rail system of good roads would undoubtedly be followed by a general adoption of the motortruck for conveying the products to the sea. The increased speed and efficiency thus acquired would tend to promote larger production, and thereby increase the wealth of this already industrious island.

GOOD ROADS BOOST PROFITS

Where Farmer Can Haul but One Bale of Cotton on Poor Road, More on Good Roads Hauls Four.

The matter of opportunity in marketing is worthy of consideration. For the sake of example, suppose that two farmers living in separate counties, but at equal distances from the cotton market, learn by telephone that cotton has advanced in price \$1 a bale. The man living on a bad road can immediately haul one bale of cotton to market, while the other can haul four bales because he lives on a good road. The rise in price means a profit of \$4 to the one man and only \$1 to his neighbor.

Change Road Location. If the location of a used road is bad it should be changed if possible. In relocating roads avoid railroad crossings at grades.

First Need of Farmer. The first need of the farmer is good roads leading from the farms to market centers.

Where Economy Rules

Our one idea is to do away with the unnecessary expenses in selling food products.

Bishop Kelley of the Grand Rapids diocese, who is well known in this vicinity, sailed April 21st, for an extended trip to Europe and the Holy Land.

Miss Irene F. Boice arrived in the city Friday from St. Augustine, Fla., where she has been spending the winter, to take up her work at the Beach Hotel.

W. E. Doland, traveling freight agent representing the Michigan Transit company, was in the city over Sunday looking after the company's interests.

James Simpson, a former resident of Charlevoix who has been spending the past few years with relatives at Canada, is visiting friends and relatives in the city.

Mr. and Mrs. J. S. Baker returned Tuesday from St. Augustine, Fla., where they have been spending the winter to prepare the Beach hotel for the resort season.

Mr. and Mrs. Fred Marsh and family returned to their home in Frankfort, Tuesday after spending the week-end with Mrs. Marsh's mother, Mrs. H. C. Plum.

Mr. and Mrs. Ward Bennett and son Kentner left the first of the week for St. James after spending the past week-end with Mrs. Bennett's mother, Mrs. A. Hanshaw.

Mrs. Seth Smith and small son Vincent returned to their home in Petoskey the last of the week after a short visit at the home of her parents, Mr. and Mrs. Charles See.

Mrs. Ray Kinner and son Kenneth and Mrs. Julia Weidenhammer of Detroit returned to their home in that city after having been called here by the death of Alex Rinehart.

Mr. and Mrs. Lee Allard and Mrs. Newberry drove through from Saginaw Thursday, and the former spent the week-end here with relatives. Mrs. Newberry expects to stay during the summer months.

The steamship Missouri arrived in Charlevoix harbor on her first northern trip of the season Sunday night. About half of her cargo was the furniture for the new Hallett's Inn which will be opened about June 1.

Mr. and Mrs. Edw. C. Hubbard of Chicago are in the city and expect to locate here permanently if Mr. Hubbard can find a suitable building for the business he intends to pursue. They have rented an apartment on Mason street and will move there about May 1st.

Wednesday evening, Charlevoix Chapter No. 72, O. E. S., elected officers for the coming year. Mrs. Rosa Nettleton, Worthy Matron; Horace Fowler, Worthy Patron; Mrs. Wm. Marshall, Associate Matron; Mrs. Agnes Jarvis, Secretary; Mrs. Wm. Parmalee, Treasurer; Marion Saunders, Conductress; Mrs. Chas. Emrey, Associate Conductress. The installation will be held April 27th.

Monday, May 2nd, is the date when J. Leahy the Optometrist will be at the Hotel Charlevoix. Headache cured, glasses guaranteed to fit.

Don't miss the County Fair at the Bank Hall, Saturday, May 14. 171t

63rd Birthday Anniversary
Mrs. Ulrich entertained ten ladies at her home on the state road last Wednesday afternoon the occasion being her sixty-third birthday anniversary. A pot-luck supper was served at 6 o'clock after which the guests departed leaving a plant as a reminder of the day.

The ladies of the M. E. church will hold a rummage sale in the corner store formerly occupied by McCann's bakery, on the 6th and 7th of May. Also baked goods on sale. 172t

Another Birthday Party

Especially Good Attractions For This Week

WEDNESDAY, APRIL 28th—Universal presents Edith Roberts in a special attraction and one of her latest pictures "White Youth." Also a Rowland comedy, "Burglars Bold."

SATURDAY and SUNDAY, APRIL 30 and MAY 1—Extra special double attraction. Paramount-Aftercraft presents Wm. S. Hart in "Sand" and Charlie Chaplin in a two-reel comedy, "The Cure." Sand is the second big special series of Wm. S. Hart productions. Madeas Hart wanted it. Of the west as Hart knows it. Acted as Hart loves to act. The stirring tale of a man, a maid, a pinto pony and a robber band in the great northwest. "Sand" is the picture ex-President Wilson liked so well.

TUESDAY, MAY 3rd—Benefit Normal Class. Realart presents Mary Miles Minter in her latest picture, "All Soul's Eve," supported by Jack Holt. A very fine production. Also an International News Reel of President Harding's inaugural.

WEDNESDAY, MAY 4—Metro presents a special feature production, "Are All Men Alike?" Starring the beautiful May Allison. Based on the novel, "The Waile Iron." This picture carries a punch and teaches a lesson to every member of the family. Also a Mutt and Jeff cartoon reel, "From Factory to Consumer."

COMING—Saturday, May 7th, Wallace Reid and Bebe Daniels in, "The Dancin' Fool."

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

It is rumored that Congressman Frank Scott of this district may become a member of the shipping board, thus leaving his seat vacant in congress. In that event friends of D. H. Hineckley of Petoskey will bring him forward as a candidate. Mr. Hineckley was for three terms one of the strong and popular members of the House in Lansing. The movement in Mr. Hineckley's favor apparently has its inception in the state capital, where his ability as a legislator is well known. He is one of the best known and most influential men in the northern resort city. —Elk Rapids Progress.

Mrs. Mary White, aged mother of E. M. White, farmer living near Van north of Levering, was burned to death Monday of last week when the family's farm home was destroyed

by fire while Mr. White was away from home. Fire started from the chimney and was burning fiercely when discovered by Mrs. E. M. White. She made every effort to carry her mother-in-law from the burning structure but failed. The aged woman was an invalid and unable to help herself, according to information secured from neighbors.

Five men who were apprehended illegally spearing fish in the Black river, and who were using artificial lights, appeared before Justice M. W. King Saturday morning. All pleaded guilty. James Spooner, M. Deroshia, Wallace Deroshia, and William Cross were fined \$13.60 each, and Edward Deroshia, whose appearance in court was his second offense, was fined \$28.60. All paid. Two other violators of the fish and game laws were scheduled to appear before Justice King. All arrests were made by Deputy Game Warden Carl S. Weger and John Haffner. —Cheboygan Tribune.

People who assume that the rural part of our population are buying nothing these days are badly mistaken according to an upstate editor. "John Jones, who incurred all the expenses of raising \$2.00 corn last summer and who in anticipation of selling at \$2.00 bought a \$2,000 automobile and gave his note for most of it, has recently awakened to the fact that he can sell for only 60 cents a bushel, that he is badly in debt, and that the bank is pressing him for payment of the note. In order to obtain ready cash, he therefore advertises a sale of surplus stock and farm machinery. Bill Smith attends the sale and takes over Jones' binder and a horse and a hog or two, but, lacking cash himself he gives his note for them. Having lost money on hogs or beans in the same manner that Jones lost on corn, Smith now announces a sale of his own and Jones and Brown attend, buying a stack of hay and a farm wagon and a disc harrow, and giving notes for them. And then follows the sale of Mr. Brown, who finds himself short by reason of the slump in beets or wool, and Smith and Jones relieve him of a tractor, some good broad sows, etc., giving notes for them. Oh, yes, there's plenty of buying alright. But Oh you notes. —Detroit News.

Twelve men have announced their desire to become postmaster at Adrian, although the term of the man now in office does not expire until January, 1923. In the larger cities, of course, there are usually even more than 12 different men who won the election.

Bicycle repairing is our specialty. We have a man just for that work. —Benj. Brown. 117

ARBOR DAY IN RURAL SCHOOLS

Charlevoix Nurseries Offers Free Trees for the Asking

Geo. Hemingway of the Ironston Nurseries has again offered to furnish the wherewithall for the yard beautiful in rural districts. This year every district offering to care for it will be given a two-year old lilac bush. Last week cards were sent out asking the teachers if they could arrange to have the trees culled for at central places in the county.

At the present time, thirty-five have been heard from, twenty-nine of whom wish to plant the lilac bush as offered, five stating that they prefer to plant other bushes or trees this year because of certain local conditions. Twenty-one have not yet been heard from, but as cards are being received in each mail, Miss Stewart expects to be able to tell the exact number by April 16th. The teachers have been very enthusiastic about clean-up day and are now anxious to follow up the good work by making the yard beautiful.

AT THE MOVIES

In these days of extravagant titles for motion pictures, it is pleasing to record that the William S. Hart picture which will be shown at the Palace Theatre next Saturday and Sunday bears the expressive name of "Sand!" It presents the popular delineator of Western types in a characteristic role and is thoroughly entertaining.

"Sand!" has a double meaning. It refers to the locale of the picture—the broad expanses of the Southwestern "bad lands"—and to that desirable ingredient in a man's make up that helps him over the difficulties and enables him to dare much. Bill Hart is that kind of a hero. Part of it is consummately good acting, but there is something in that homely face of his and sureness of movement that makes you believe he could really do in real life all that for. For these reasons the Melrose member the crude western pictures of the early days? Bill Hart has rationalized the "Western." He has kept all the excitement of gun-fights, clashes with "bad men," hold-ups, and the like

To the motorist who has quit guessing about tires —

ALONG about this time of year a man finds his motor-ing neighbors getting anxious about their tires. With folks expecting old tires to "pop" any minute, there comes the question of what kind of new ones to buy.

U. S. Tires are answering a lot of questions like this nowadays.

The U. S. Tire following embraces two kinds of tire buyers.

Those who started with quality first, and have never bought anything else but the quality standard tire.

Those who came to quality first only after dabbling with "bargains," "rebates," "job lot" and "surplus stock" tires.

Getting one hundred cents value on the dollar in tire buying is a straight-forward business proposition—not guess-work or a game of wits.

The most essential man for you to know today is the local U. S. Tire dealer who is concentrating on a full, completely sized line of U. S. Tires.

He gets his U. S. Tires straight from his neighboring U. S. Tire Factory Branch—one of 92 such Branches established and maintained all over the country by the U. S. Tire makers.

He is the man who can give you fresh, live, tires—not stuff shipped to him from some point where it did not sell, but new tires of current production.

Giving the same quality, selection and price-advantage to the owner of the medium weight car as the big car owner gets. With equal service and buying opportunity whether he lives in the smaller localities or the greater centers of population.

United States Tires

United States Rubber Company

H. B. WOOD, Local Distributor

THE U. S. NOBBY TREAD

Where the going is specially heavy with snow, mud or sand, in hilly country where maximum traction on the road is a factor, no other tire tread yet devised is quite so effective, or so wholly approved by motoring opinion, as the U. S. Nobby Tread.

Its very simplicity—two diagonal rows of oblong studs, interlocking in their grip on the road—is the result of all the years of U. S. Rubber experience with every type of road the world over.

"The most essential man for you to know today in the tire business is your local U. S. Tire Dealer."

SCHOOL COMMISSIONER'S NOTES

School Outlook Meetings

At a recent meeting of school officers from districts adjoining Bay Shore, the officers present seemed favorable to consolidation. They believed however, that Hayes township could not form one complete school district, as there was geographically no common center. If districts from Emmet county could be induced to join with them the districts near Bay Shore seemed to think Bay Shore would be a natural community and school center. They fixed the campaign for the later fall of 1921 and early months of 1922. Archie Chew of Burgess district was elected leader to call the first district meeting next fall in forming campaign plans for a bigger and better school.

School and township officers of Melrose township met at Walloon Lake on the evening of April 16th to discuss problems similar to those of Hayes township. The officers present decided that Melrose is geographically fitted for a central school. They believed that it would be a mistake to consider a district of any other formation to begin with than the entire township. This would give a taxing area large enough for school purposes and the school center could be easily agreed upon. If only one or two districts joined and later one or two more, the original school site might not be suitable for the entire district as finally arranged for. For these reasons the Melrose officers wish to vote on consolidation. A petition is now being circulated to get the required number

of signers for calling a special election in this township.

Miss Stewart is explaining the difference between the township unit and the consolidated school in each district of the township at a mass meeting called by the school board in every school house. Much interest in manifested and prospects are good for a successful consolidation campaign with the first step resulting in a township unit district in Melrose township. Even the strongly for consolidation, Supt. A. A. Metcalf of Boyne City, has consented to debate the negative of the question with Rev. R. W. Merrill in the affirmative in Walloon Lake at the United Brethren church on the evening of May 11th. It is very difficult to take the negative side of this question and it speaks well for Mr. Metcalf's unselfish interest in school problems of the county. He promises to make Mr. Merrill work hard for at least once in his life.

Meetings of school officers in Bay township Norwood and Chandler will be held this week. The problem is far reaching and must be solved one way or the other at some future date. Since most of the school electors of the county are studying the question from day to day, it seems best that each should have in mind some definite territory to which he may apply his arguments and his defense.

What is more painful than watching a man who isn't a "mixer" trying to "mix?"

A poor man has his troubles but nobody ever asks him to endorse a note.

Any woman is a girl in her own mind as long as she has for a chum another woman she went to school with.

A MODERN AND COMPLETE BANK

EASY TO FOLLOW

A good salesman knows the value of a lead or start.

And any person who places even a small amount to his credit in this bank, becomes a bank depositor and his small deposit as a start is easy to follow up with greater things.

There must always be the start and the Charlevoix State Savings Bank invites you to make it here.

Ellsworth Section

ELLSWORTH

Ruel Chellis spent Sunday with relatives in Charlevoix.

E. A. Dean sold his car to Bert DeGroot one day last week.

A. T. Jeffery of Charlevoix was in Ellsworth on business one day last week.

George Liberty is home again after a six week stay at the Charlevoix hospital.

Rev. E. E. Clark and D. E. Clow spent Monday and Tuesday of this week at Traverse City.

Mrs. F. O. Gillett and Mrs. Albert Supernaw visited friends at Central Lake one day last week.

Mr. and Mrs. Chas. Arno of Central Lake spent Friday of last week with friends and relatives here.

Mr. and Mrs. M. E. Nelson and daughter Dee, were East Jordan visitors on Saturday of last week.

Mr. and Mrs. Eugene Best are busy this week moving from town to their farm southwest of Ellsworth.

Mrs. Mary Hillman was taken to the Charlevoix hospital on Tuesday of this week for observation and treatment.

Miss Ruth Chellis and Mrs. R. C. of Charlevoix spent Saturday and

Sunday at the E. J. Chellis home west of town.

Arrangements are being made for the annual trout supper which will be held at the Blue hall Tuesday evening, May 3rd.

The John Field's auction sale on Tuesday of this week was well attended and practically every article was sold at a good price.

Mr. and Mrs. A. J. Usher and daughters Lucille and Alice of Charlevoix visited at the M. R. Nelson home on Sunday afternoon.

Rev. Short and family are spending a week at Frankfort, Michigan. They will conduct revival services at Norwood beginning Sunday evening, May 1st.

It is rumored that Dr. Becker and family will arrive from Detroit in the near future and that the Doctor will open offices and practice medicine here.

Mr. and Mrs. Adolph Pippin who recently returned from Denver, Colorado, have rented a part of the F. O. Gillett house and Mr. Pippin is working at the clay pit south of town.

The Central Lake high school baseball team defeated the Alden high school team last week by the score of 38-0, with John Ruis of Ellsworth, a student at Central Lake, pitching and Henry Elzinga of Ellsworth playing second base for the winners.

Word was received here Tuesday of the death of Mrs. Frank Walker which occurred on Monday at her home in Flint, Michigan. No particulars as to the cause of her death are known. The Walker family are former residents of this vicinity living about three miles east of town but left here three years ago. Besides the husband, a large family of small children are left.

WILDWOOD

Lovely warm spring weather. Ellen Crawford was home from Bellaire on Sunday.

The Shaw family visited friends in Pleasant Valley on Sunday.

Jason Fancher is driving tractor in the clay pit for Jim Wilson.

Mrs. Cross and Kate Wilson were calling on relatives here Sunday. Uncle John Crawford is slowly improving after a week's sickness with a hard cold.

Jim Wilson bought a colt last week to drive, when both are broken, with the two-year-old he raised.

Duncan Crawford is moving his house this week from the Mohrman farm to his own place across the road from his father's house.

Uncle John Crawford and Emery Wilson celebrated their birthday anniversary on Monday the 25th. The former was 78 and the latter 21.

A gay dog up-town is often a sad dog at home.

MILES DISTRICT

J. M. Geerdak sold a veal calf Tuesday.

Fred Banner sold 10 head of cattle to Wolf Galiaski from Potoskey.

Mr. and Mrs. Xelle Miles are nicely settled in their new home in East Jordan on the west side.

Clarence and Mrs. Lalonde and Mrs. A. Miles called at Wright Bros. farm in Wright district Monday morning.

The Stewart, Hart and Montroy families from East Jordan were Sunday visitors at the farm home of Mrs. Anna Lalonde.

Frank Crowell of East Jordan lost a valuable horse last week. The horse took sick while working on the East Jordan-Ellsworth road and every care was given him but to no avail.

Mr. and Mrs. C. J. Evns and children of Charlevoix, Mr. and Mrs. Nathan Liskum of Ranney and J. Strong of East Jordan were Sunday visitors at the Miles home. Mr. Strong left for Toledo, Ohio, Monday morning by auto.

FAIRVIEW, BANKS

Welcome spring. We had a nice rain the past week.

Mr. and Mrs. H. J. Timmer were in Atwood Monday.

A number from here attended the Fielstra sale last Tuesday.

Dr. Couden of East Jordan was in the neighborhood Monday.

L. B. Canniff of Traverse City was in this vicinity Monday afternoon.

Rev. H. K. Beute of the Christian Reformed church is in receipt of a call from West Branch, Michigan. He probably will not accept.

L. E. Schaver has leased his farm for one year to Louis Vanhuys of Rudyard, Michigan. Mr. and Mrs. Schaver will locate at Ellsworth. Mr. Schaver located in this neighborhood about 15 years ago and was a good neighbor. We are sorry to lose him.

ATWOOD

Ideal weather at this writing. Ralph Wynsma is back home again after a year in the army.

Mr. and Mrs. Adrian Bos are expected to arrive from Chicago this week.

Mrs. Jennie Visser from Grand Rapids is visiting her sister, Mrs. James Heeres.

James Zylstra of Central Lake spent a few days at the home of his parents, Mr. and Mrs. L. Zylstra.

Mr. and Mrs. C. DeVries received word that one of the children of her son in Chicago died last Saturday.

One of James Heeres' best horses stepped on a nail and is not expected to live, blood poison having set in.

Miss Alice Klooster and Mrs. John Bos went to East Jordan last Thursday and had their tonsils removed at Dr. W. H. Park's office.

NEW YORK HAS UNIQUE HAT SHOP

Some women's hats never go out of style.

In New York city there is a millinery shop which makes every sale with the positive guarantee that its bonnets will be just as attractive, just as much admired and even more in vogue five or ten years from now.

The place is the Salvation Army "Millinery Shop" where the famous "Blue Bonnets" of Salvation Army girls are made.

Three hundred bonnets each week are trimmed, boxed, sent out to all parts of the country and started on their mission of spreading cheer and hope to every corner of the United States.

Shaped like nothing else under the sun the familiar Blue Bonnet is a symbol of unselfish service in nurseries, hospitals and tenements everywhere.

The Salvation Army is asking Michigan to contribute \$25,000 between May 2 and 17 for the purpose of keeping its "bonnet winners" on the job and to extend the Army service in the state.

Michigan boasts of the finest Salvation Army bonnets in the world. These bonnets play an important part in the Army's campaign of carrying the church to the man or woman in the street.

You've noticed that those who kick most about girls buying their complexion wouldn't look any better if they also bought theirs.

More people are realizing the real worth of the Hirth-Krause Shoe every day. Come in and look our line over. No trouble to show goods.

Shoe and Harness repairs and accessories.
THE SHOE SHOP
H. Tornga, Prop

TRAINED WORKERS. WATCH FOR MISSING

SALVATION ARMY BUREAU LAST YEAR RESTORED 548 PERSONS TO ANXIOUS RELATIVES.

The Salvation Army is said to be the most extensive detective bureau in existence—operating in 7,000 cities. Trained workers keep a vigilant watch for those who have disappeared throughout the United States. This service extends to the outposts of civilization in India or Africa.

By means of a more extended organization working through advisory boards in each city, 5,8 missing were restored to their homes and friends last year.

The appointment of the local Advisory Board has resulted in greater economy and efficiency in the administration of Salvation Army affairs as the figures testify regarding the lost.

Numerous inquiries for the missing are made in various parts of Michigan every week. Many families were reunited and persons found in this state last year.

The Salvation Army is asking Michigan to contribute \$25,000 between May 2 and 17 with which to carry on and extend this branch of work together with 15 other branches in the state.

PLANS FRESH AIR CAMP FOR MICHIGAN

The Salvation Army is making an appeal for \$25,000 in Michigan from May 2 to 17.

Ten thousand dollars of this fund is to be used for the erection of a state fresh air camp, where tired mothers and "kiddies" can enjoy a vacation during the summer months.

The Salvation Army fresh air camps have become an important part of the Army's service. Each summer, when city tenements are "living hells," mothers and babies are taken to the fresh air camp, for one week or ten days.

Brigadier Withers, division commander for Michigan, is looking over several sites on lakes near Detroit for the erection of the camp.

LANSING GIRL-MOTHER SAVED BY ARMY BAND

"Mary Brown," a Lansing girl, was in the greatest trouble of her 17 years. One night on her way to the river, she passed the Salvation Army band on the street corner. She told her story to the woman officer.

The next day "Mary Brown" was on her way to the Salvation Army Maternity Hospital in Detroit.

"Mary Brown" and her baby are living today.

"Helen White," another Lansing girl, shared the same fate as "Mary Brown." She took a side street to the river. "Helen" didn't meet a Salvation Army band nor a friend she could appeal to.

The body of "Helen White" was found in the river the next day.

The Salvation Army is asking for \$25,000 in Michigan between May 2 and 17 with which to carry on and extend the scope of its service in the state.

GO NO FARTHER

The Evidence is at Your Door

Charlevoix proof is what you want and the statement of this highly respected resident will banish all doubt.

Daniel Himebauch, 107 Upright Ave., Charlevoix, says: "I had a lame back and backache. My kidneys were weak and I had to get up three or four times a night to pass the secretions. A few boxes of Doan's Kidney Pills from Melcalf's Drug Store fixed me up in a fine way."

CALORIC PIPELESS FURNACE

A miracle of modern science—offering to every family in this community a better heated home at lower cost.

Caloric heating is based on the natural law that warm air rises and cool air falls. In obedience to this law, Caloric heat flows naturally to every part of the building, without resistance—without waste.

CALORIC

Uniform heat distribution—fuel saving of 15 to 25—convenience—Clean, healthful heat—are features that have made Caloric the most popular heating plant in the world. More than 125,000 users.

The Caloric heats old or new homes of 18 rooms or less. Installed in a day. No plumbing, no alterations, no pipes to freeze. The written guarantee of the largest manufacturer of warm air furnaces in the world, and our personal guarantee, assure your satisfaction or money back.

Investigate and learn the advantages of Caloric heat for your home—now.

PONTIOUS EXTENDS FAREWELL GREETINGS

Will Preach Last Sermon in City on Sunday, May 1st

I am taking this means through the Courier to extend farewell greetings to the people of Charlevoix as it is impossible to visit you before we leave for our new field of labor. We feel much indebted to many in Charlevoix and vicinity, especially the business men and neighbors who have shown us (as a family) such kind and obliging treatment throughout the past ten years of our stay in your midst as pastor of The Church of God.

Ties of friendship have been created that will long be remembered by us.

We trust that you all feel that we have done our best to be a blessing to you all for such has been our desire. We have felt that the Lord whom we serve and desire to please would have us take up spiritual work in Grand Rapids and as he (we feel) fully confirmed this conviction in a number of ways we feel safe to venture the future.

We believe, that you will realize through acquaintance the sterling quality of the coming pastor, Wm. Eldredge of Burlington, Michigan.

The community where he was born and raised and now lives gives him their highest respect, and the congregation he is leaving feel keenly their loss of him as a spiritual worker. I trust you will soon form an acquaintance with him. Should any of you take up residence in Grand Rapids we will be glad to welcome you to our services and should you be passing through the city and you have the time we will be glad to extend to you the hospitality of our home.

We plan to leave Thursday, May 5th, (if all goes well) early in the day by motor by way of Traverse City, Ludington, and Muskegon, to our new home, stopping with friends on the way, expecting to be in Grand Rapids for Sunday services.

Sunday, May 1st, at 10:30 I will preach my farewell sermon at the Stone Chapel.

Soliciting the prayers of all Christians we bid you all a farewell.

Mr. and Mrs. A. G. Pontious and family.

Mrs. Frank Bearss is prepared to do dressmaking at her home on the Norwood road. Phone 95515. 162

MOTHER'S DAY SUNDAY, MAY 8th

Governor Urges That The Day Be Observed in the State

It is a beautiful custom which decrees that one Sunday in the year shall be set apart for the purpose of honoring the memory of the mothers who have gone from us and of paying a tribute of affection and reverence to those who are still left to us. It is impossible to compute our debt to our mothers. Their devotion and sacrifice guarded and sheltered and cared for us from the cradle up to manhood and womanhood. To them most of us owe whatever there is of sterling character in our make-up. The mother is the heart of the home, and from the

hearthstones, around which lingers the recollections of our mothers, come inspirations that give hope and courage and steadfastness to fight the battle of life.

Therefore, by virtue of the authority vested in me as Governor of the State of Michigan, I do hereby designate and set aside Sunday, May 8th, 1921, as Mothers' Day and I call upon our people, both young and old, to gather in their several places of worship and take part in services appropriate to the days.

And let absent sons and daughters take this occasion to visit the mother in the old home, or, where such a visit is impossible, let them send a message of cheer and greeting.

In accordance with a resolution of the Congress of the United States, I further request the people of Michigan on the day aforesaid to display the United States flag in their homes and in other suitable places, as a fitting expression of their desire to pay homage to American motherhood.

ALEX. GROESBECK,
Governor.

CHARLEVOIX PUBLIC SCHOOL NOTES

Monday evening at 8 o'clock in the high school assembly room the American Legion and high school will give an appropriate program for the lowering of the service flag. The public is invited.

The district declamatory contest will be held in East Jordan Friday evening. Kathryn Gaksin the representative will give the declamation "The Soldier of the Empire."

Don't forget! Junior plays, "The Teeth of the Gift Horse," "Traditions," and "Spreading the News" to be given at the Pince Theatre, Friday, April 29, at 8 o'clock p. m.

The normal class had a beach party last Wednesday evening. All report a very enjoyable time.

Don't forget the movie, "All Soul's Eve," given for the benefit of the normal class next Tuesday evening, May 3rd.

The 7th and 8th grades are studying birds and are to take several trips next week to collect material for the work.

There will be a ball game between Boyne City and Charlevoix at Charlevoix, Friday, April 29th. Come and root for the home team.

Coming Attraction

Tuesday, May 3rd at Palace Theatre, Mary Miles Minter in her latest picture, "All Soul's Eve." This picture is for the benefit of the County Normal Class. It will be difficult to find a better or prettier production than this one. Also a news reel of President Harding's inaugural. Remember the date, Tuesday, May 3rd.

If there is a small hole in that good tire you are using, have it repaired at once. It will last twice as long. Benj. Brown. 14tf

DON'T LET THE WEATHER FOOL YOU

Into Planting Tender Crops Too Early This Season

Nothing pays better than thorough soil preparation for vegetable crops. A fine, deep, well-formed seed bed is essential.

Early planting is one of the secrets to success in growing head lettuce, May King and Mignonette are good early varieties for home gardens. Try the Big Boston or California for late.

Melons and cucumbers planted now in pots, berry boxes, or inverted sods should be about the proper size for setting in the garden any time after May 30th.

Smooth seeded varieties of garden peas are best for extra early planting. The wrinkled seeded sorts should be planted a little later. Try these for a succession: Alaska, (first early) Americans Wonder, Notts Excelsior, Gradus, Champion of England (requires some support.)

Early planted radishes often escape the maggots. Scarlet Globe, White Icicle and Scarlet Turnip white tipped are good.

Don't leave a heavy mulch on the strawberry bed too long. The plants

may smother. It is not necessary to remove the mulch entirely from the bed. Simply pull it away from over the tops of the plants into the row.

Don't let the weather fool you. The average date for the last killing frost in northern Michigan is about May 28th. Don't plant beans and other tender crops too early.

A dollar spent on that tire right now will save you the cost of a new tire in a little while. We will make them almost as good as new. Benj. Brown. 14tf

MAYOR'S PROCLAMATION

To the Citizens of Charlevoix: We are all desirous of increasing the beauty of our city.

In order to help each one of you in this matter, arrangements have been made to collect garbage and refuse of all kinds, except ashes, if you have it collected on the street or alley adjacent to your residence, on the following dates: April 29-30, 1921.

A. A. Swinton, Mayor

CHARLEVOIX COUNTY TO RAISE \$4,000

Salvation Army Needs \$200,000 to Carry on Activities

F. O. Barden, in his capacity as chairman of Charlevoix County Advisory Board of the Salvation Army, accompanied by six other members of the local board from Boyne City, visited this city last week and in collaboration with the members of the board here planned the work for the coming drive in this locality.

The Salvation Army needs \$200,000 to "carry on" its sixteen major activities in 69 Michigan counties next year. The quota for Charlevoix county is \$4,000. It is the problem of raising this quota that is engaging the attention of the county Advisory board at the present time.

Don't start running your car without having it gone over and put into shape. It will cost more later. Bring it in. Benj. Brown. 14tf

M. E. CHURCH NOTES

Dr. R. J. Slee will preside over the third quarterly conference next Monday night at 7:30 at the Barnard M. E. church. At this meeting a lay

delegate will be elected to attend the annual conference to vote on constitutional changes in the discipline of the church.

Dr. Slee will deliver a sermon preceding the business session.

Probationer's study class will meet in the church with the pastor every Saturday afternoon at 2:30.

One of the largest delegations attending the district meeting which was held at Traverse City last Monday was from Charlevoix.

Last Sunday morning the preacher's subject was "Revelation"; this being the first of a series of sermons on Christian doctrine. Next Sunday the subject will be "The Bible---What it is and where it came from." Come, and with us consider Christian doctrine in the language of today.

Choir practice Tuesday night at the church. The Sunday school orchestra will meet for practice with Will Bellinger, Wednesday evening.

Bring your tires and tubes to us for repairs and vulcanizing. Our work will stand the test. Benj. Brown. 14tf

Hint to a lot of folks you know striving to be popular: A mule makes a lot of noise but a mule is never welcome in a parlor.

CHARLEVOIX COURIER

EIGHT PAGES

COURIER, CHARLEVOIX, MICH., WEDNESDAY, MAY 4, 1921

PRICE \$2.00 PER YEAR

SUPREME COURT FREES NEWBERRY

MICHIGAN MAN LEFT FREE TO
CONTINUE OFFICE

Holds Unconstitutional Section of
Federal Corrupt Practices Law
Convicted Under

Senator Truman H. Newberry's sentence of two years' imprisonment and his fine of \$10,000 on the charge of illegal use of money to defeat Henry Ford in the Michigan senatorial election of 1918, was set aside by the United States supreme court Monday.

The court held unconstitutional a section of the federal corrupt practices act under which Newberry and sixteen associates were convicted in a federal district court of Michigan at Grand Rapids.

The prison sentences and fines imposed on the friends of Senator Newberry were set aside. Justice M. C. Reynolds read the majority decision.

The senator under the decision is left free to serve his term, the senate committee investigating the Ford-Newberry election having determined there was no fraud in the count of the vote.

Newberry and his associates were sentenced under a federal law which provides that no more than \$10,000 shall be spent in any one campaign. Aggregate deposits of the Newberry campaign committee were claimed to be \$178,857.20.

The main reason for the reversal was that the court decided that congress had exceeded its authority in attempting to regulate primary elections of United States senators through a section of the federal corrupt practices act.

Because of this the lower court should have sustained a demurrer to the indictment, Judge Reynolds said. Justice White chimed that the government should be allowed to try Newberry and his associates again because of the judge's action.

PERRY MASON

IN HONOR FRAT

Among Those Awarded Highest Honor
at U. of M.

Perry Mason of this city is one of the 26 senior men and 31 senior women in the University of Michigan elected Tuesday night of last week to Phi Beta Kappa, which is a national honor fraternity, based on scholarship plus personality. It is the highest honor that can be awarded by any literary college and is international in scope.

His election to this fraternity means an average yearly standing of "A" in all studies and is an honor not only to Perry himself but to the community he represents. It is the result of close attention to work, which has been characteristic of him, not only in school work, but in everything he undertakes.

Saturday will be the day to buy Farm Bureau Virgin Woolen Goods. Fine display Saturday, May 7th, afternoon and evening in the Washburn building, Charlevoix Co-Operative Association.

The Epworth League of the M. E. church will hold a social in the church parlors, Monday evening, May 9th, at 7:30 p. m. Young and old invited.

81 COUNTIES NOW AT ROAD WORK

State Highway Commissioner Frank Rogers, says his department is now building roads under three specific legislative acts to the extent of about \$21,000,000. This road work is going on in 81 of the 83 counties of the state.

Every county in Michigan has voted itself into the county road system and all the work hereafter will be done under this method, he says.

"Because the second block of \$5,000,000 road bonds could not be sold at 5 per cent, the stipulated rate, the legislature passed an enabling act which permitted paying 5 1-2 per cent and also allowed the sale of \$10,000,000 a year, so we could move faster and at the same time give employment to many men who needed work. Since March 1 we have let contracts aggregating \$3,000,000 and will maintain a large program this summer."

CHARLEVOIX MASONS VISIT BOYNE CITY

Sixty-Seven Members of Local Order Attend Meeting

Charlevoix Masons to the number of sixty-seven were entertained last Thursday evening by Boyne City F. & A. M. lodge, this being about the largest number of local men visiting a neighboring lodge at any one given time.

The evening's entertainment was started with a banquet served at eight o'clock in the large dining hall of the Odd Fellows Temple, which was used for the occasion. The Eastern Stars had charge of the banquet, which was sumptuous and well dispensed with.

Following the feast, lodge convened in the Masonic Temple and two candidates were given the work in the M. M. degree.

Besides the work, which was put on by the members of the Boyne City lodge in an excellent manner, several most interesting talks were given prior to adjournment, which took place a little after midnight.

Charlevoix Masons were greatly pleased with the reception accorded them, and extended an invitation to their entertainers to meet at Charlevoix at some future date.

ANNUAL TRACK MEET MAY 21

EVENT TO BE HELD IN PETOSKEY
THIS YEAR

Seven Already Listed and Others
Likely to Make Entries Within
The Week

The annual Northern Michigan high school track and field meet, the premier event of its kind for Michigan north of the Grand Rapids district, is to be held in Petoskey, Saturday, May 21. Seven teams have been entered so far and more are expected to be entered within a few days. The meet is expected to be the largest in history of Northern Michigan and competition will be keen in every event.

Petoskey, with fifteen men, Huron Springs with twelve, Boyne City with ten, Buckley with eight, Pellston with six and Traverse City with six and Cadillac with five are the teams entered so far.

Teams are expected to be entered from Charlevoix, Chikogan, Alpena, Munice and Onaway. Every team in the Northern Michigan region has been invited.

Petoskey squad has been working out for several days but the track has been heavy and the men have been developing slowly. Petoskey will be strong in the relay with three veteran runners back and will make a fine showing in the mile, half-mile and quarter-mile.

Judges and officials for the event have not yet been chosen. They will be picked from among the faculty members of the various high schools sending teams. Clarence Christopher M. A. C. is expected to be starter.

KENTUCKY BRED SADDLE HORSES

M. B. Hooker Leaves for South on
Buying Trip

M. B. Hooker left on Tuesday of this week for points in southern Indiana and Kentucky for the purpose of purchasing a number of Kentucky bred saddle horses, to be used in his livery this summer.

For a number of years M. B. Hooker & Son have conducted an up-to-date livery here and during the resort season our summer visitors who cared to enjoy this form of outing have been able to secure saddle horses at any time.

This season Mr. Hooker expects to have the best string of saddle horses of any year since he has been in business, and will return in about two weeks from his trip in quest of the best that can be obtained.

Notice
The Board of Education of School District No. 1, will sell to the highest bidder, the house situated at 212 Clinton street, located upon lot No. 9 of block 10 of the original plat of the village (now city) of Charlevoix, Michigan.

Sealed bids will be received by Albert F. Bridge, President of the Board of Education, up to 12 o'clock noon of May 14th, 1921. The Board reserves the right to reject any or all bids.

Signed: Gail C. Vandermade,
Secretary of Board of Education.

AIMED TO CURB AUTO THEFTS

REQUIRES AUTO OWNERS TO
HAVE ABSTRACT TITLE

Condon Bill Designed to Curb Auto
Thefts Passes in Legislature
and Will Become a Law

The Condon law, passed by the state legislature at the request of police departments and automobile clubs to require owners of automobiles to possess what amounts to an abstract of title proving their ownership becomes effective July 1, 1921. The act is designed to make theft and barter in stolen automobiles exceedingly difficult in Michigan. It is described by those instrumental in securing its passage as the most forward step ever taken toward breaking up the "ring of automobile thieves operating in the state."

Under the terms of the bill the secretary of state will mail to every owner of a motor vehicle a blank to fill out for registration. On and after October 1, 1921, no motor vehicle can be purchased, nor second-hand cars be sold or traded, without a certificate of ownership figuring in the deal. In the case of new cars purchasers will secure, upon payment of one dollar, a certificate from the secretary of state when they make application for licenses. In second-hand car transactions the certificate of ownership will be endorsed by present owners and turned over to new owners, whom in turn, will send the endorsed certificate to the secretary of state and receive in turn a new certificate.

Owners of vehicles at present and which are not involved in any transfer must secure certificates for their automobiles prior to July 1, 1922, and thereafter the secretary of state can issue no licenses for cars of any description unless they are registered in accordance with the terms of the Condon act.

A provision of the law provides that sheriffs and chiefs of police throughout the state shall immediately report to the secretary of state all motor vehicles reported as stolen, and the secretary of state shall keep a file of the same, and shall publish monthly a list of cars stolen and recovered.

The law further provides that after January, 1922, it shall be unlawful for any person to carry on the business of buying, selling or dealing in used cars until he shall have received a license from the secretary of state. This license will cost \$5 and will be renewed annually.

The penalties of the act for driving a car after July 1, 1922, without a certificate of ownership, is a fine of not less than \$5 and not more than \$50. Any person who knowingly makes a false statement in his application for a certificate of title or shall have in his possession a vehicle which he knows or has reason to believe has been stolen shall be subject to a fine of not more than \$5,000 dollars or imprisonment for 10 years.

Any person making a false affidavit shall be guilty of the crime of perjury and subject to the prescribed penalties and any person who after October 1, 1921, sells a motor vehicle without complying with the terms of the act, shall be deemed guilty of a felony and fined not more than \$1,000 or imprisonment for not more than 10 years.

The Condon act provides that all expenses of operating the law shall be paid from fees collected, and any money remaining shall be turned in to the general fund of the state.

The secretary of state has already started to mail registration blanks to owners in anticipation of a rush for certificates immediately the act becomes operative.

Mrs. Bartlett Entertains
Mrs. L. B. Bartlett and daughter, Benona, entertained at their home on Park avenue Sunday with a family reunion dinner. Those present were Mr. and Mrs. George Hyers of Grand Rapids, Mrs. George Harvey and daughter Leona of Ashtabula, Ohio, Mr. and Mrs. Elmer Johnson, Mr. and Mrs. Charles Lamphear and small daughter Hyrnie, and Mr. and Mrs. Charles Hyers and daughter Hilda of this city.

Public Dance
At Bank Hall, Friday evening, May 6th. 75c per couple. Extra ladies 25c.

Have you heard about the County Fair at the Bank hall on May 14th? Come.

P. M. CHANGES TIME MONDAY

RESTORES TRAINS AS DURING
FORMER YEARS

Trains Will Leave Charlevoix at 9:06
a. m. and 2:20 p. m. Under the
New Schedule

The Pere Marquette railway has restored some of the trains, which were withdrawn from service some time ago, the new schedules going into effect Sunday, May 1. The principal changes are on the Grand Rapids-Petoskey division where the service will consist of three trains each way between Grand Rapids and Traverse City and two trains each way between Traverse City and Petoskey.

Trains 1 and 8 will run daily between Grand Rapids and Traverse City and week days north of Traverse City, train No. 1 leaving Grand Rapids at 7:05 a. m. instead of 7:10 a. m., and arriving at Charlevoix at 3:14 p. m. instead of 4:00 p. m. Train No. 8 will leave Charlevoix at 2:20 p. m. and arrive at Grand Rapids 11 p. m. Sleeping car service between Traverse City and Chicago is restored in these trains.

Train No. 3 will leave Grand Rapids at 1:35 p. m. and arrive at Charlevoix at 8:56 p. m., and train No. 6 will leave Charlevoix at 9:00 a. m. and arrive in Grand Rapids at 4:30 p. m. These two trains will make only the principal stops and run week days.

Train No. 5, between Grand Rapids and Traverse City, which is also restored, leaves Grand Rapids at 5:10 and arrives at Traverse City at 10:45 p. m. week days. This train will have connections at Baldwin for Ludington and Manistee.

CHARLEVOIX MUST RAISE HER QUOTA

Salvation Army Asks for Much-
Needed Funds

May nine to seventeen are the dates set for the Salvation Army drive in Charlevoix county, and every effort will be made to raise the county's quota of \$4,000.

Chairman F. O. Borden of Boyne City, makes an appeal to every person in the county to contribute freely towards the raising of this amount. Several of the districts have already raised their quota.

The Charlevoix district is composed of the following and opposite each is the amount to be raised:

Charlevoix City.....\$562.23
Charlevoix township.....179.47
Marion township.....175.42
Norwood township.....74.02
St. James township.....135.87
Pesaine township.....61.60

Henry C. Cooper, Sheriff George Weaver and Mayor A. A. Swinton are the local committee in charge, and during the drive which starts next Monday, will undertake the raising of the above amounts. The cause is a worthy one and the allotted amount should be raised with little effort.

STATE SAVINGS BANK INCREASES FORCE

Secures Services of Boyne City Man
as Assistant Cashier

In the reorganization of the clerical help in the Charlevoix State Savings Bank, made necessary by the removal of A. D. Crimmins, who goes to Grand Rapids within the next ten days, the services of an assistant cashier and stenographer has been found necessary to give the bank's patrons the same efficient service as heretofore.

Mr. Leo Smith, who for some time has been with the National Bank of Boyne City, has been secured for the position of assistant cashier, and Miss Sylvia Rothenberger from the same place, as stenographer and bookkeeper. Miss Rothenberger will commence her work on the 10th of this month, and Mr. Smith on June 1st.

With the addition of these two, it is hoped and anticipated by the State Bank officials that even better service can be afforded patrons of the bank.

Don't start running your car without having it gone over and put into shape. It will cost more later. Bring it in. Benj. Brown.

We still have some men's work shoes from \$2.50 to \$6.00 per pair. S. Orlovski & Son.

Don't miss the County Fair at the Bank hall, Saturday, May 14. 1821

MOVING STOCK INTO NEW QUARTERS

Campbell Boot Shop Will Be Modern Shoe Store

As we go to press the Campbell Boot Shop is moving its entire shoe stock into their new store, which is the building formerly occupied by the Myrtle Young & Son Insurance Agency, first door south of the Charlevoix State Savings Bank.

Mr. Campbell is constructing modern shelving, installing modern fixtures, furniture and lighting and when settled will have the most efficient and complete shoe store ever in Charlevoix.

In this store will be carried such well known lines of shoes as the W. L. Douglas, Walk-Over, Kindar-Garlen, Julia Marlow and will have well represented the famous Endicott-Johnson line of shoes for the workmen and their boys and girls. This concern own their own tanneries and build shoes at a low price.

In the rear of the store is located an up-to-date shoe repair shop which is conducted by John Smith, Charlevoix's oldest and best shoe repairman.

BROUGHT HOME FOR BURIAL

DEATH RELIEVES MRS LEWIS
FROM SUFFERING

Remains Laid to Rest Saturday Afternoon in Family Vault in
Brookside Cemetery

Mrs. Levi Lewis, widow of the late Dr. Levi Lewis, died Wednesday April 27, at the home of her sister, Mrs. B. E. VanAlsburg of Muskegon, with whom she had, made her home since the death of her husband. Death was caused by acute Bright's disease.

Margaret Henry was born in Chatham, Ontario, in 1879, but moved with her parents, Mr. and Mrs. Wm. Henry, to Michigan when a small child, settling in Eveline township. May 23, 1901, she was united in marriage to Dr. Levi Lewis of this city, who died December 29, 1920. About three months ago she moved to Muskegon where she died.

Mrs. Lewis has been an invalid all her life and necessarily led a quiet life, the Congregational church being the only organization of which she was a member. She is survived by her mother, Mrs. Wm. Henry, one brother, Jack Henry of Chicago; three sisters, Mrs. B. E. VanAlsburg of Muskegon, Mrs. Halbert Merrifield of Canton, Ohio, and Mrs. Wm. Howe of East Jordan.

The funeral was held from the old Lewis home on Petoskey avenue Saturday afternoon at 2 o'clock. Rev. James A. Smith officiating. Burial in the family vault in Brookside.

BARGE STEPHENSON SOLD SATURDAY

Purchased by the Petoskey Transportation Company

Saturday a deal was closed between Capt. James Sanford of this city and other men interested, and the Petoskey Transportation company, for the barge S. M. Stephenson, which has wintered in this port and upon which extensive repairs have been made.

The vessel is 170 feet over all and 33 feet beam, and has a carrying capacity of approximately 1,000 tons. The vessel was put into commission at once and left Sunday for Georgian Bay for a cargo of lumber consigned to Toledo, and may return with a cargo of coal for the Petoskey Cement company.

Capt. Fred Gunderson, former master of the Klise Lumber company's boats is in command of the vessel.

Pleasantly Surprised

Miss Fanny Powell was pleasantly surprised Saturday evening when 15 boys and girls arrived at her home to remind her of her 16th birthday. After an evening of fun Mrs. Powell served a delightful luncheon consisting of ice cream and a birthday cake and the guests departed leaving many pretty gifts as remembrances of the occasion.

Saturday will be the day to buy Farm Bureau Virgin Woolen Goods. Fine display Saturday, May 7th, afternoon and evening in the Washburn building, Charlevoix Co-Operative Association.

HELD ON CHARGE OF VAGRANCY

FORMER CHARLEVOIX PASTOR
AGAIN IN TROUBLE

Arrested While Attempting to Pawn
a Shirt Alleged to Have Been
Stolen

Lloyd C. Vineyard, former pastor of the local Baptist church, and who left Charlevoix about three years ago as he claimed, to enter some branch of service, has again appeared in the lime light in various points in Indiana and according to the following article clipped from an Indianapolis paper, may have some difficulty in releasing himself from the clutches of the law. The articles referring to Vineyard are as follows:

"The Marion county council of the Legion, through J. F. Cantwell, chairman, has issued a warning to Indianapolis people to refuse to pay money to Ex-service Men's Co-operative League, now represented in Indianapolis by L. C. Vineyard, 115 East Michigan street. The warning says that although Vineyard says he represents an organization which benefits former service men and displays documents to show the relief extended soldiers, sailors and marines, no satisfactory evidence has been produced to substantiate his assertions.

"Former service men who are now employed by the League sell copies of Fun and Facts, a publication which contains reports of cases of former service men in distress, which are sold at 25 cents a copy. The man receives 10 cents for each copy sold and the remainder, Vineyard says, goes to the National organization.

"Vineyard has procured peddler's license issued by the auditor of Marion county, permitting former soldiers, sailors and marines, to sell the pamphlets on the streets. In the papers the rehabilitation work of the government and public health service is attacked in statements purporting to have been made by disabled former service men.

"One of the former service men employed by Vineyard, a sailor, said today that he had made as much as \$8 a day selling the magazines.

"The Ex-service Men's Co-operative League, with offices at 209 Canal street, New York, is headed by Wm. S. Brewer, president."

Another article clipped from the same paper, but under later date, tells of his arrest:

"Lloyd C. Vineyard, giving his address as the Roosevelt Hotel was arrested today in Capitol and Indiana avenues by detectives Houlihan, Long, Row and Mullin after it is charged, he had tried to pawn a new silk shirt which was identified as having been stolen from the L. S. Ayers & Co. store. He is held on a charge of vagrancy pending further investigation.

"Vineyard, the detectives say, is one of the four men who were taken to police headquarters recently and warned to stop the sale on the street of printed pamphlets, the proceeds of which, they had represented were to be used to help disabled soldiers. Complaints of their activities were made to the police by the American Legion and the National Disabled Soldiers' League."

C. H. S. SERVICE FLAG LOWERED

Impressive Ceremonies Held Last
Monday Evening

The service flag of the Charlevoix high school was lowered Monday evening with a program fitting to the occasion. A number of the members of the American Legion participated in it. Dr. W. W. Mitchell gave a few impressive remarks, paying tribute to the names represented by the gold stars and the service flag was lowered to the accompaniment of music by one of the seniors of the high school. The flag was then received by Dr. W. W. Mitchell and Robert Bridge of the local legion and laid away to be placed among the valued possessions of the school.

Business Men's Meeting

The regular monthly meeting of the Charlevoix Association of Commerce will be held in the Masonic Temple on Friday evening of this week. Supper will be served by the Eastern Stars at 6:30. A good attendance is desired.

Be sure to see the Green Pig at the County Fair. 1821

CORRESPONDENCE

NORWOOD

Dr. Hewitt is having his house redecorated and extensively repaired. Mr. and Mrs. Percy Empey spent Sunday at the home of Mr. and Mrs. Nelson Empey.

Miss Drusilla Richardson and Francis McCall spent Sunday at Miss Richardson's home.

F. A. Swartout is suffering from something resembling blood poison in one of his hands.

Mrs. Cora Jennett, Genevieve and Robert spent Sunday at East Jordan visiting relatives.

Jack Bird of Ironton is visiting his grandfather, John Runyan and uncle James Runyan for a few days.

Road Commissioner Holebeck is graveling the road from the Banks township line to Albert Smith's corner.

We are glad to welcome our rural carrier, Orson Everts, back again. Mr. O'Neill has nobly and genially filled his position during his six weeks absence because of illness.

We are obliged to correct on item in last week's Courier which related to the death of Mrs. Nelson Empey and should have read Mrs. Nelson Empey's aunt, Mrs. Harvey Wilson of Detroit. Mrs. Wilson was well known in Charlevoix and vicinity.

The social held at the town hall Friday night by the L. A. S. resulted in another \$25 addition to their funds. The quilt was sold to Miss Grace Stafford for \$6.25 who then donated it to the Aid to be resold this time to Mrs. Jack McCall of Charlevoix for \$4.25 making the total \$10.50. Undoubtedly a larger crowd would have attended if the weather had been warmer. However, the ladies take this means of thanking the public and announce that

they will sell another quilt at some future date.

Rev. Short, wife and daughter are holding revival services at the Norwood church for a week. Thus far the attendance has been small. These people are fine speakers and deserve a large attendance. Those who do not attend do not realize what they are missing. As their stay with us is short we should do them the justice to attend every evening if possible. If Norwood were incapable of producing a larger crowd we would not urge your attendance so strongly but we know the attendance could be larger if each one took it upon himself to attend and bring someone. Let's all do our best to show them that Norwood is not as nearly dead as the people of some other communities have said it was.

Car don't run right—just bring it in to our repair room and we will adjust the difficulty. Benj. Brown. 14tf

BARNARD

Miss Robinson spent the week-end at the Glenn Cummings home.

Mr. and Mrs. Jay Adams were Sunday visitors at the Peter Block home.

Mr. and Mrs. Howard Gornell and daughters and Miss Robinson motored to Boyne City and East Jordan on Sunday.

Next Wednesday, May 11, will be clean-up day at the church. The Ladies Aid will meet there for their regular monthly meeting and gentlemen are asked to be present to help them.

A nice crowd gathered on Monday evening to hear Dr. Slee. After the sermon the quarterly conference of both Charlevoix and Barnard churches was held and the business for both points was taken care of.

CLARKE SCHOOL NOTES

We have nearly all of our contest work finished.

Julia Rebidew was absent from school Friday because of illness.

The girls of the school are practicing the winding of the May-pole.

On Friday evening, May 13th, we will have a program and ice cream social at the school house. Come and enjoy the evening. Don't forget the date, May 13th.

NORTH HAYES

Mrs. Wm. Gregory spent last week with her son, Clarence, near Cross Village.

There was a Fordson tractor demonstration at Chas. Burnett's farm Friday afternoon.

Work has begun on the West Michigan Pike between Bay Shore and A. B. Chew's.

Mrs. Wilma Rolfe, teacher of the Carpenter school, was called home Thursday by the illness of her daughter, Alice.

Mr. and Mrs. Gray have returned to their home in Hayes after spending the winter in Arisoria, Illinois, with their daughter, Mrs. Paul Sawie.

There was a party at the home of Mrs. Burke Saturday evening. Pot-luck supper was served and all who were present report an enjoyable time.

Whitford Armstrong is busy keeping the hill road patched up and is doing a very good job considering everything. That road has never been better from Burgess to Bay Shore corners.

There is a force of men working on the Cherry Road doing some much needed repair work. In the past there has been only a few places in the whole stretch that vehicles could pass with safety.

Auto accidents are numerous this spring. A gentleman driving a one-seated roadster ran off the road near the Joe Price farm, tipped over, broke his windshield and lost 15 gallons of that 30 cent gasoline making it necessary to have his car towed in.

Car don't run right—just bring it in to our repair room and we will adjust the difficulty. Benj. Brown. 14tf

IRONTON

Hugh King has purchased a Ford car.

The Gleaners will meet with Mr. and Mrs. Flanders Thursday evening.

Miss Margery Brown from Charlevoix spent the week-end at home.

Miss Goldie Schneider of East Jordan spent the week-end with friends in Ironton.

Russ Alexander returned home from Canada where he has been working this winter.

Don't start running your car without having it gone over and put into shape. It will cost more later. Bring it in. Benj. Brown. 14tf

AT THE MOVIES

Wallace Reid in a new screen comedy, "The Dancin' Fool," will be the attraction at the Palace Theatre for two days commencing Saturday next. The photoplay is said to present the star in a role that is unusual and that ideally suits Mr. Reid's buoyant personality.

Wallie is Sylvester Tibble, lately arrived in New York from a country town to work for his Uncle Fench in the jug business. The latter is a hide-bound conservative, with the result that his profits have pretty well dwindled off into space. Sylvester, known as "Ves," shocks his uncle with the modern innovations he introduces and is in a continual row with him. In the meantime, "Ves" meets Junie Budd, dancer in a cabaret in which he happens to drift. The discovery that "Ves" is a crackjack dancer results in his becoming her partner at "The Garden of Roses," a high-class cabaret. Thus he works by day at six dollars a week and by night for two hundred.

But gradually "Ves" focuses his attention on business, to the dismay of Junie and goes on the road for his uncle with a big advertising scheme that is marvellously successful. He returns in time to rescue the jug business and to claim Junie for his own. Bebe Daniels plays the role of Junie, and Raymond Hatton, Tully Marshall, and Lillian Leighton are also in the cast. The picture was adapted from a popular magazine story by Henry Payson Dowst and Sam Wood directed this Paramount-Artcraft picture.

"The Mark of Zorro," Douglas Fairbanks' greatest production is coming to the Palace Theatre, Saturday and Sunday, May 14th and 15th. The great hurricane of joy and excitement. From the All-Story Weekly novel, "The Curse of Capistrano," brings to the screen a wholesome, gingery mixture of melodrama and vigorous comedy drama, with thrills, suspense and irresistible funny angles.

With a fever a let-up in its headlong pace from the very start to the rip-roaring rousing climactic satisfactory climax. Eight reels of joy.

Bring your tires and tubes to us for repairs and vulcanizing. Our work will stand the test. Benj. Brown. 14tf

Even New Cars not immune from Battery ailments

Get that examination NOW!

AFTER you've put your license-plates on the new car and gas in the tank, the next thing to do is to drive around to the Prest-O-Lite Service Station and get a clean bill of health for your battery.

It may be strong and fresh and ready for the road; but, again, it may need some little thing done to it that only a battery expert should be entrusted with.

Think of the Prest-O-Lite Service Station as headquarters for everything pertaining to your battery, no matter what the make. That's what we're in business for. Take advantage of long experience and honest advice.

When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery. Get that examination now.

THINGS THAT NEVER HAPPEN

By GENE BYRNES

STATE FARM BUREAU NOTES

Published for the Benefit of Charlevoix County Farmers

Legislative activity which has been constantly increasing during the last weeks of the 51st session of the Michigan Legislature reached its climax during the past week. Lobbyists appeared in ever increasing numbers. Their strenuous efforts were more or less effective. Intensity of interest prevailed in both houses, and the closing hours of the session were marked by much routine legislation, many debates and some difference of opinion between the two branches of the Legislature.

Especially on the appropriation bills was this difference of opinion between the House and Senate in evidence. "Conference committees" representing both houses argued over items in the many controversial appropriations. Each branch of the Legislature was prone to insist on its amendments and to fail to agree to those made by the solons in the other wing of the capitol.

The last effort to secure the passage of a state income tax constitutional amendment by the present session of the Legislature met with defeat when Sen. Baker's motion to take the Mosier income tax resolution away from the Senate Committee on Taxation was laid, on the table by a vote of 19-11. The Mosier resolution, which provided for submission to the people of a constitutional amendment to empower the Legislature to enact a state income tax law, had passed the House but was being held up by the Senate Committee on Taxation.

Failure of Sen. Baker's motion to take the Mosier resolution away from the Senate Taxation Committee is not regarded as entirely due to hostility on the part of the senators towards the state income tax, for several senators opposed his motion on the grounds that some amendments made by the House had already nullified several of the main aims of the state income tax.

The next day after the defeat of Sen. Baker's motion, 60 of the 70 representatives who voted in favor of the Mosier resolution in the House held a meeting and organized a club to secure the passage of an income tax law in the near future. If they can not get the necessary constitutional amendment considered by the coming special legislative session they will take immediate steps to initiate the amendment by petition.

Sen. McArthur, father of the state income tax measure in the Senate has introduced a resolution to urge the state administrative board to make a complete study of taxation problems in Michigan and to investigate the taxation systems now in force in other states and report their findings at the next session of the Legislature. The resolution was suspended and the resolution immediately adopted.

Compulsory teaching of the constitution of the United States and of Michigan in all the public schools of the state as provided by Sen. Hamilton's bill was approved by the House 85-1. Mrs. Hamilton's bill had already passed the Senate and now goes to the Governor.

Despite strenuous opposition by Sen. Baker and one of Detroit's senators, the agricultural statistics bill was passed by the Senate 21-2. An amendment was made to remove the objection raised by the Detroit senator. The bill requires the super-

visors to gather statistics relative to crop acreages and the number of the various classes of livestock at the time of making their annual assessment of property in the spring. This bill was actively supported by the state farm bureau and other farmers' organizations of the state.

Sen. Ross' bills to prevent fraud in registration of animals as pure-bred and to prevent dishonest practices in making records of milk and butter fat production of the cows passed the House and now awaits the executive signature.

More pay for law-makers still commands legislative attention. The House resolution to raise the pay from \$800 for the two-year term to \$1200 was amended by the Senate to read \$800 per year or a total of \$1600 per term. The House would not agree to this amendment, so the Senate receded from its previous action and agreed to \$1200 for the two-year period.

Disposition of confiscated booze, including 130,000 quarts of whiskey, 300 barrels of alcohol and considerable moonshine, now in state warehouses, will be facilitated by the passage through the Senate of Rep. Robinson's resolution requesting the state administrative board to sell or dispose of, for purposes not prohibited by state or national laws, any and all intoxicating liquors seized or held by any state official or employee because of any violation of state laws.

The "search and seizure" amendment to facilitate the enforcement of the Wiley prohibition law has passed both houses.

Sen. Smith's bill to prohibit the placing of advertising signs within the limits of any public highway or on the private property of another without the owner's consent, was killed by the House after passing the Senate.

The last of the administrative reorganization measures to pass the Senate was Rep. Byrum's bill creating the State Welfare Department to take over the control and management of the State penal, reformatory, and charitable institutions. Boards having a total membership of 67 are replaced by the new department.

State aid for counties in fighting grasshoppers, as proposed in Sen. Engel's bill and favored by the state farm bureau, has been approved by both houses.

Splutter, splutter—spat—don't fuss the car. It needs to be tuned up. Bring it to our garage. Benj. Brown. 14tf

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

Lumbering in Northern Michigan is at a standstill. Camps all over this section of the state are either closed down or are closing. Woods operators and lumber companies say that the stagnation in the lumber business is due to big supplies of lumber in the mill yards and the high cost of transporting logs and lumber by rail or freight. In the territory east of Kalkaska all the logging and wood camps are closed, and it is understood that the Antrim Iron company will shut down May 1st and lay off 400 or 500 men. North of Kalkaska along the G. R. & I. and also along the Michigan Central, all the camps have been boarded up.

Saturday night at midnight the clocks of Cheboygan were advanced one hour, placing that city on eastern standard time. The new time will be adopted universally throughout that city, stores, banks, all city and county offices having announced plans for adopting the new time. No date for turning the clocks back in the fall has been taken by the Cheboygan city council.

Benjamin Thirby, founder of the Traverse City Iron Works, a resident of that city for nearly forty years, died Saturday morning. He was a large owner of Traverse City real estate and had great faith in the region. His widow and two sons still live in Traverse City and will carry on his work.

A report prepared by the department of commerce shows that since 1890 the consumption of pulp wood has increased 175 per cent and the price 786 per cent, and the supply is diminishing rapidly and is nearly exhausted. It can last at best at present rate of destruction but a few years. This gives a good and sufficient reason for the high price of paper. The day of the dollar newspaper is past never to return.

A man who is said to have been married seven times and to have five wives still living is in the county jail at Hart. Some of the wives doubtless will break in eventually, but the least the county can do is

DODGE BROTHERS
MOTOR CAR

After five years it is possible to say with entire truth that all other considerations are second with Dodge Brothers to the solid satisfaction of the owner of the car.

Dodge Brothers always have pursued and always will pursue this policy, not from any spirit of philanthropy, but because it is in the highest sense of the word good business to do so.

The gasoline consumption is unusually low.

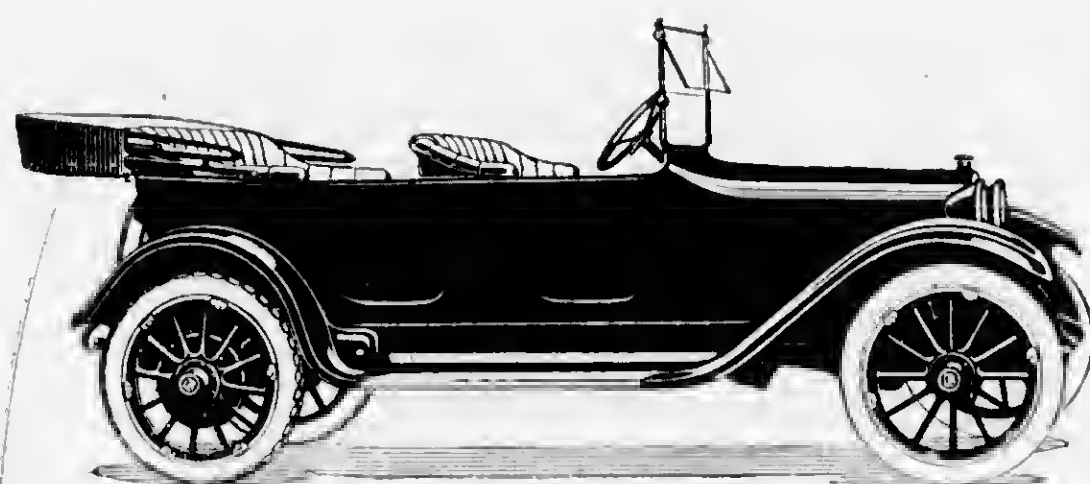

The tire mileage is unusually high.

THE BIG BANK ON THE CORNER

FARMERS

With present price prospects it is indeed a bit discouraging to plan the spring planting.

There are, however, some favorable factors. Seed is cheaper and labor also is and will be much lower. The farmer who uses good seed and prepares the soil with care is going to show a profit for the year.

It may not be as large as some other years; but with the land there and the equipment with which to work it no farmer can afford to let his acres lie idle.

As in the past, to the farmer who works hardest and gives his farming operations the most thought, will go the greatest profit.

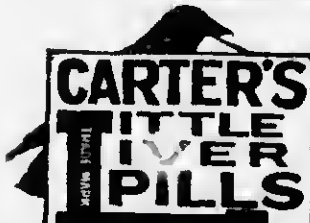

We can offer you suggestions as to seed and fertilizer, feeds of any kind. Let us know your wants.

MAY

May is a slick sort of a month teeming with wild flowers, young onions and persons whom you both know and owe. It is the month when the average hookoo grows careless about increasing his store of Biblical knowledge but wants all the information he can get on helical gears.

The annual clean-up week increases sales of rakes and bath towels. January phone calls begin to produce results.

Opposition to the daylight saving styles are reviewed. And the hour of the small boy's return from school becomes as uncertain as the clientele of a jitney driver.

In May, the preliminary work on June weddings goes on apace as in the back seat of the Ford and the parson rubs his hands in anticipation of the annual fall of manna.

Holes in the driveway are filled up with ashes.

The garden begins to protrude slightly.

That it is getting to be a nice

The Busy Store

Leona of Ashtabula, Ohio, arrived here last week for the summer. They are at the Bartlett house.

Mrs. Etta Newberry arrived here Thursday from her home in Saginaw to spend the summer with her sister, Mrs. C. R. Bellinger.

Vern Sanford who has been ill with scarlet fever at the home of his parents on the south side is improving and the family expects to be out of quarantine this week.

Mr. and Mrs. R. E. Tobias left the first of the week after spending the past few days with Mrs. Tobias' parents, Mr. and Mrs. R. Ryan.

Mrs. Harry MacLeod motored from Detroit with Mr. and Mrs. Benj. Brown to spend the week-end with her sister, Mrs. Lance Neff.

Mrs. Frank Kephart and small daughter of Traverse City are spending the week in the city as the guests of Mrs. Kephart's sister, Mrs. Arthur Bergeon.

Mrs. Harry Belding and small daughter, Martha, are visiting at the home of Mrs. Belding's parents, Judge and Mrs. S. A. Correll for a few weeks.

Franklin Lewis of San Antonio, Texas, arrived here last week to be the guest of his uncle, R. L. Lewis, until the arrival of his father, Dr. Wm. Lewis.

Miss Irene Holeccheck who has been attending school at Ferris Institute the past winter has accepted a position at the County Bank for the summer.

Mr. and Mrs. Harold Jacobs drove through from Flint last Wednesday and will spend the summer in East Jordan where Mr. Jacobs will operate a garage.

Miss Clarnelle Dennis left Tuesday for her home in Muskegon after spending the past few weeks with her grandparents, Mr. and Mrs. C. R. Bellinger.

Ruth Gulickson was at S. M. See & Sons Furniture store Monday, Tuesday and Wednesday demonstrating DeVoe and Reynold's company paints and varnishes.

Benona Bartlett returned Saturday from Grand Rapids where she has been attending the McLachlin Business College, to spend the summer with her mother.

H. L. Frances of San Domingo accompanied his parents home from Florida, last week where they have been spending the winter. He will spend a few weeks in the city.

Herman C. Meyer, Joseph Stephenson, John Porter, and Otto Hausen of Boyne Falls attended the annual tax sale held at the county treasurer's office Tuesday morning.

Dr. Silverstein, E. Oleson, L. A. McIntyre, Herbert L. Tainer, Edw. Lorch, Wm. J. Lewis and Wm. J. Cadwell of Boyne City attended the tax sale held at the court house Tuesday morning.

Mrs. Lance Neff entertained Tuesday afternoon in honor of her sister, Mrs. Harry McLeod of Detroit. The time was spent in sewing until late when the hostess served a delightful luncheon to the nine ladies.

Marrriage licenses issued at the county clerk's office this week were: Sherdale Morgan and Bessie Laura Lane; Peter Doyle and Lora Burden; and Charlotte M. Gollman and Arthur Buchin all of Boyne City.

The annual tax sale began Tuesday morning at 10 o'clock at the county treasurer's office. This sale includes all land held for delinquent taxes of the 1919 and all years previous.

Ross Alexander returned Friday from Canada where he has been employed during the winter months to spend a few weeks with his parents, Mr. and Mrs. Sam Alexander of Ironton, before taking up his summer's work in the city.

The freighter, Stephenson, was sold last Wednesday to the transportation branch of the Petoskey Portland Cement company. Capt. Sanford left with the new pilot, Mr. Gunderson, for Spanish Mills, Ontario, on the first trip of the season.

If you enjoy dancing and good music be at the Bank hall Friday evening, May 6th.

MOVE HOUSEHOLD GOODS BY AUTO

Two Large Trucks in City Friday From Elkhart, Indiana

That long distance freight routes by automobiles are being worked out successfully was brought closer to the attention of Charlevoix people Friday morning by the arrival here of two auto trucks heavily loaded with household goods.

The cars came from Elkhart, Indiana, and were enroute to Good Hart with the household goods of Warren Kingsley. They made the trip in five days and as near as could be learned had handled the goods with little or no breakage. This is the longest distance covered by trucks appearing in Charlevoix so far.

Pot-luck supper and dance at the Maple Grove Grange hall Friday evening, May 6th. Everybody come.

The latest A County Fair at the Bank hall, Saturday, May 14th. Don't miss it.

NICHOLLS HOME BEING REBUILT

Will Be Converted into Up-to-date Summer Hostelry

Work has been started on the old Nicholls house on Dixon avenue to rebuild it for the summer season. The building has been rented to Mrs. Wydman and Mrs. Russell of Cincinnati who will conduct a small hostelry under the name of Russell Inn. These women have been very successful in managing a similar hotel near Harbor Springs, and their former venture has been popular with the summer people. They will serve a la carte meals.

The ladies of the M. E. church will hold a rummage sale in the corner store formerly occupied by McCann's bakery, on the 6th and 7th of May. Also baked goods on sale.

Especially Good Attractions For This Week

THURSDAY, MAY 5th—Universal presents "Fixed by George," starring Eddie Lyons and Lee Moran in their latest comedy drama. Also a Rowland comedy "Whirl of the West."

SATURDAY and SUNDAY, MAY 7 and 8—Big double attraction. Paramount Artercraft presents Wallace Reid supported by Bebe Daniels in "The Dancin' Fool." A riotous comedy in which the star has the role of Ves Tibble who comes to New York from the country. See all the latest steps and fads in dancing, and then some. A laughing picture with a heart of gold. Also a two-reel S. & E. comedy "Waffles and Wallops." Starring Jimmie

Rosen and Addie Frank supported by midget players. Better come.

WEDNESDAY, MAY 11th—Metro presents Jack London's, "The Star Rover." A powerful production adapted from the celebrated novel. Supported by an all star cast. "The Star Rover" having come from the pen of Jack London, greatest of all weavers of romance, fairly teems with red-blooded action and drama. Also a Mutt and Jeff cartoon reel "A Crazy Idea."

COMING—May 14-15; Douglas Fairbanks' big eight reel production "The Mark of Zorro." His very best screen offering.

LEGAL NOTICES

MORTGAGE SALE

Default having been made in the performance of the conditions of a certain mortgage made by Albert J. Shockley and Ellen A. Shockley to B. P. Wilkinson, of Charlevoix, Michigan, dated April 22nd, 1918, and recorded in the office of the register of deeds of Charlevoix county, Michigan, on the 23rd day of April, 1918, in liber 64 of mortgages, page 391, containing a power of sale, on which mortgage there is claimed to be due on the date of this notice, the sum of Six Hundred Twenty-three dollars and fifty cents, and the sum of One Hundred Nine dollars taxes assessed against the lands described in said mortgage and paid by said mortgagee, and an attorney fee of fifteen dollars provided for in said mortgage, and no suit or proceedings at law having been instituted to recover the moneys secured by said mortgage, or any part thereof.

Notice is hereby given that by virtue of the power of sale contained in said mortgage, and the statute in such case made and provided, the undersigned will on the 14 day of May, A. D. 1921, at 10 o'clock in the forenoon, at the East front door of the Court House, in the City of Charlevoix, Michigan, that being the place in which the circuit court for the County of Charlevoix is held, sell at public auction to the highest bidder, the premises described in said mortgage, or so much thereof as shall be necessary to pay the amount due on said mortgage and taxes paid as aforesaid, with interest at seven per cent from the date hereof and all legal costs and said attorney fee, the said premises being described as follows: All of certain pieces or parcels of land situate in the City of Charlevoix, in the County of Charlevoix and State of Michigan described as follows, to-wit: First parcel commencing thirty-nine rods (39) east of northeast corner of section thirty-four (34), in town (34) thirty-four north, in range eight (8) west and two rods south of north section line at a stake; thence west twenty-three rods (23); thence east thirteen rods (13); thence east thirty-three rods (33); thence north thirteen rods (13); thence east forty-eight rods (48); thence north thirteen rods (13); thence west forty-eight rods (48) to place of beginning.

SALVATION ARMY
APPEALS FOR FUNDS

ASK \$255,000 TO CONTINUE IT'S
WORK OF MERCY AMONG
MICHIGAN'S NEEDY.

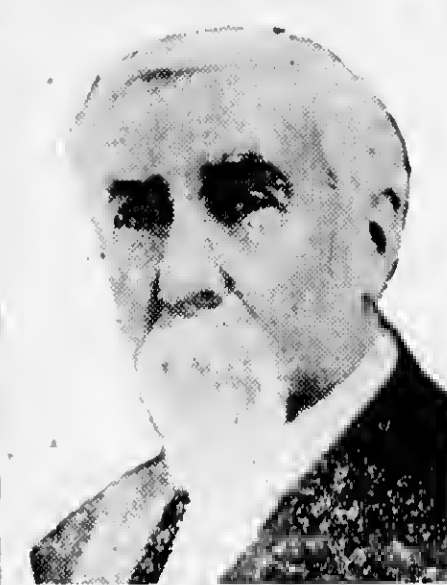

COUNTY QUOTAS ARE SMALL

Money To Be Raised Between May 5
and 17—Henry M. Leland Heads
Advisory Board.

Henry M. Leland, of Detroit, president of the Lincoln Motor Co., and chairman of the Salvation Army's state advisory board, has taken off his coat, rolled up his sleeves and started the machinery to raise \$255,000 for the Army in Michigan during May 5 to 17.

Chairman Leland is optimistic as to the outcome of the Army's appeal for funds with which to continue and extend its service in the state.

"With the excellent men we have on our Advisory Boards, there can be

no such word as failure in the coming appeal," he said today.

"The Salvation Army is very well known in Michigan and the people of this state are familiar with its wonderful work. Especially is this true since the state has been going through an unemployment crisis. The Army has been one of the leading organizations in the state in distributing aid and comfort to our unfortunate.

"I have looked over the list of men in each of the 69 counties who comprise the Salvation Army's advisory boards and to each county I find the members are the men who do big things.

THEY ALL DEMAND IT

Charlevoix, Like Every City and Town in the Union, Demands It

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve, but do not cure. Doan's Kidney Pills have brought lasting results to thousands. Here is Charlevoix evidence of their merit.

Mrs. R. M. McKeel, 214 Mason St., Charlevoix, says: "I had kidney weakness. I used Doan's Kidney Pills and they greatly benefited me." (Statement given October 26, 1911.) On May 4, 1920, Mrs. McKeel said: "I haven't been bothered in any way with kidney complaint since Doan's cured me."

"My personal acquaintance with the work of the Army in this state makes me more than anxious to see every county contribute its full quota, which is small. I feel that it is the duty of every citizen in the state to get behind the Army and contribute to its success in the coming appeal.

"Some of our county boards have already organized to raise their quota and I trust the other counties will follow closely.

Quotas Are Small.

"This year's quota of \$255,000 is small compared to last year and the type of service rendered. We took care in preparing the budget not to include any item that was not absolutely essential to the continuation and extension of this great service in Michigan."

Chairman Leland, who has been an active supporter of the Army for many years, will be assisted in the coming appeal by a large group of leading business and professional men and women.

ELIMINATE ALL POOR LAMBS

Carcasses of Improperly Finished Animals Do Not Find Ready Sale on Market.

Just why the latter part of August and early part of September invariably demoralizes the lamb market has puzzled market students for many years. A large percentage of lambs coming out of Illinois, Wisconsin, Michigan, Ohio, Indiana, and Iowa are small native animals that have to be sold for what they will realize. These lambs coming on a usually congested market sell for a marked reduction and since the consumption of lamb is limited in certain sections of the country, carcasses from these inferiorly finished lambs do not find a ready sale. This annual occurrence in this section not only penalizes the growers of good lambs but means a loss to the producers of the inferior kinds. Since the product is inferior it has a tendency to prejudice consumers against lamb.

Farmers in the corn belt states surrounding the Chicago market are advised by United States department of agriculture specialists to make a concerted effort to put their lambs in better market condition. It is thought certain that most of those who were responsible for this year's native lambs could have put them in much better market condition, with good profit to themselves. It is regrettable that so large a number of unstocked and unimproved, poorly finished, scrub lambs fill the markets from these sections.

The man who keeps a small flock on the farm is advised to remember the importance of handling sheep wisely. The ewes should be bred early enough in the fall so that they will produce their lambs in March and April. The lambs should be docked and castrated when they are ten days old. They should receive sufficient feed to keep them growing in order that when they are ready for the market in about four months they should weigh from

Young Sheep on Pasture Being Prepared for Market.

65 to 70 pounds and carry a uniform covering of flesh. Lambs which are well bred, properly cared for, docked and castrated, and in good flesh will go into the market a credit to the man who has produced them and will find a ready sale.

TREE-REPAIR WORK SLIGHTED

Due at Times to Unfavorable Experiences With Dishonest or Incapable Horticulturist.

At present tree-repair work has not received the recognition and approval from tree owners that it deserves. This may be due at times to unfavorable experiences with dishonest or ignorant tree surgeons, at other times to the reluctance of the owners to spend much money in preserving their trees, or from their ignorance of the benefits that may result when tree-repair work is properly done.

Reliable tree surgeons are doing much in this way to educate the public as to the benefits of tree-repair work. A few states have laws regulating tree-repair work on a commercial basis.

The United States Department of Agriculture invites correspondence

A pipe's a pal packed with P. A.!

Seven days out of every week you'll get real smoke joy and real smoke contentment—if you'll get close-up to a jimmy pipe! Buy one and know that for yourself! Mr. and Mrs. Ed. Klooster and daughter Thelma arrived on Sunday from St. Petersburg, Florida, where they have been spending the winter.

Charlevoix county started hauling gravel for the Ellsworth-East Jordan road on Monday of this week. Three five-ton trucks are handling the gravel.

James DeYounge is serving as juror at circuit court at Bellaire this week. Mr. DeYounge is the only juror drawn from Banks township this term of court.

Louis Shaver who rented his farm south of town some time ago has rented the F. H. Skow house in the south end of town recently vacated by Gerret Drenth.

Dr. B. J. Beuker arrived from Detroit on Friday, of last week and will open offices for the practice of medicine here. Mrs. Beuker and family will arrive about the first of the month.

ATWOOD

A number of people are ill with the grip and very bad colds.

Miss Strohl spent Thursday and Friday at Bellaire taking examinations.

James Heeres had the misfortune to lose a horse that ran a large nail in its hoof.

A. Bos and son had to kill a valuable heifer Saturday which had the tendons on one leg completely severed.

John Bos, Mrs. H. Klooster and Miss Alice Klooster made a business trip to Traverse City Friday afternoon.

Edw. Klooster and family arrived at the home of his parents here Saturday evening on their way home from Florida.

Mr. Justice from Traverse City the DeLaval separator representative for Northern Michigan, was in this locality Saturday.

Dr. B. J. Beuker was in our village Saturday. We are glad to announce that there is a possibility of his locating in Ellsworth again.

Card of Thanks

I wish to thank those who, by their kindness and sympathy, either by letters, by personal calls or by the sending of flowers, made my six weeks' stay at the Charlevoix hospital more pleasant.

1841 George Liberty.

The bolshevik outfit seems to have more lives than a cat.

MARRIED IN SOUTH HOLLAND, ILL., SATURDAY

Contracting Parties are Well Known in Ellsworth

A very pretty little wedding took place Saturday, April 30th, at the home of Miss B. M. Dalenberg of South Holland, Illinois, when Miss Rose Groenink and Mr. Hubert Bearss were married. The vows were spoken at high noon.

The bride was beautifully dressed in a gown of flesh colored organdie over orchid satin and carried a large bouquet of white roses and lavender sweet peas.

These colors were also carried out in the decorations of the rooms, the arch of flowers under which the couple stood, and the table. A deeper note, however, was struck in the centerpiece of violets which were arranged around the foundation on which the wedding cake was placed.

The color scheme was a most fortunate one for the golden-haired bride.

After the ceremony a five-course dinner was served by two young girls Miss Cornelia Paarlberg and Florence Gouwens.

Shortly after the dinner while the bride and groom were picking and dressing for their trip home by auto, some of the young men of the party exercised their ability as paper-hangers by re-decorating Mr. Bearss' car in such a way that all who saw would know that the occupants were "just married," "newlyweds aboard the honeymoon special." Old shoes and white ribbons added their testimony.

A shower of confetti and good wishes and they were off. A group of friends pursued the departing couple for several miles and incidentally prevented them from removing Lizzie's signs.

The people of South Holland are loathe to lose Miss Groenink, but all join in wishing Mr. and Mrs. H. Bearss a long, happy and prosperous life journey together.—Contributed.

Mr. and Mrs. Bearss arrived home Tuesday evening and are congratulated by their many friends here. Both have lived in this vicinity practically all of their lives and have the best wishes of the entire community.

ANTRIM CITY

(Two late for last week)

Mr. and Mrs. W. Williams were visiting at Josie Simon's Sunday.

Mr. and Mrs. M. McGuire were visiting L. McDowell Saturday and Sunday.

H. Osborn has moved on the Beach place where he will live this summer.

ELLSWORTH DEFEATED BY CENTRAL LAKE

Local Boys Put Up Poor Class of Ball at Opening Game

The Ellsworth baseball team displayed anything but major league calibre in their opening game of the season on Wednesday of last week going down without a struggle by a 22-0 score before the onslaught of the Central Lake team.

Shaver started the game for Ellsworth but resigned with two out in the fourth after six hits, five passes and seven errors had given the visitors fifteen runs.

H. H. Elzinga took Shaver's place and allowed one hit which with two passes to first base gave Central Lake another tally.

Wilson went in at the start of the fifth and staggered through two innings allowing three hits and issuing free tickets to five batters for a total of four runs and at the beginning of the seventh John Peebles took up the white man's burden. He looked by far the best of any of the afternoon's pitchers; Central Lake getting but one hit, a scratch single by R. Knowles in the eighth during the three remaining innings of the game.

There is an old saying that a poor beginning makes a good ending and if this is true Ellsworth should be teaching the game to Central League teams before the first of September.

Ellsworth will play a return game with Central Lake at Central Lake on Wednesday, May 11th.

25 STUDENTS FROM MICHIGAN AT SCHOOL

TRAINING IN WELFARE WORK IS GIVEN BY SALVATION ARMY AT CHICAGO COLLEGE.

Every section of the country is represented in the list of students attending the "Salvation Army Training College, 709 Broadway Place, Chicago, Ill. Young men and women are trained here to become specialists, not only in saving souls, but in all the branches of welfare work for which this organization is noted.

Applicants for training are passed upon by Salvation Army Advisory Boards in each community. This local administration of organization's manifold activities is one of the latest steps taken in consolidating the work.

It is predicted that the enrollment for the coming year will be doubled as a result of the new organization and interest. Michigan will send more than 25 students.

The college is one of the unique institutions of the country, turning out at the end of each year a group of graduates fitted especially for the arduous work of the salvationists. Their assignments made at home, send them frequently to the darkest corners of the world to work among the sick and needy.

A certain amount of the \$275,000 asked by the Salvation Army in Michigan between May 9 and 17 is to be used in training salvationists for army work.

Yank Kicks-In With New Drum

A certain Salvation Army corps in Michigan, has a new drum.

A full, raw-boned American doughboy, wearing the insignia of the Army of Occupation, hugged the drum into the place last week.

"Say, Cap," yelled the soldier, "here's a new drum. A couple of years before the war I stole one of your drums and the gang and I had a great time.

"I thought it was a pretty good joke on you birds until the war came and I went to France. Then one day some faggots came through the trenches and handed us coffee and doughnuts.

"That was the day I promised myself I'd ever get home again I'd buy a new drum for you."

"And—here 'tis."

The Salvation Army's missing persons bureau finds thousands of missing persons in all parts of the world every year.

Unwed mothers find a haven in the Salvation Army Maternity Hospitals at Detroit and Grand Rapids.

The Salvation Army rebuilds self respect and manhood in its industrial homes in Michigan.

In the slum settlements of the city the Salvation Army baffle is known as the "angel of mercy."

Hundreds of girls are cared for in the Salvation Army Rescue and Boarding Homes every year.

Active, Anyway.

Paul went with his mother to the country. Fresh water-cress from the brook was served on the table and upon venturing to try some for the first time, he exclaimed: "Oh, it's alive!"

"Why do you think so?" asked his mother. "Because it bites my tongue," he answered.

PAINT UP

Paint Up—Clean up—now is the time of year when this work should be done. Increase the valuation of your home and farm buildings by giving them a new coat of paint. We have the paint you are in need of.

Cream Separators

At the price of butter fat, you cannot afford to stand a loss by continuing to use that old, worn-out separator. Buy a new one, now, and your saving will more than pay for the machine. We have the best—the DeLaval and Primrose. Any capacity and we can fill your order the minute you place it with us.

MAY CARRY AWAY STATE HONORS

IN CONTEST FOR STATE CHAMPIONSHIP

Miss Kay Gaskin Wins Important
Victory in Declamation at
East Jordan

Charlevoix high school won another important victory in declamation last Friday night at East Jordan, when Miss Kay Gaskin took first place in the fourth district declamatory contest.

The reader will appreciate the importance of this victory if we make a survey of the state contest this far. The state is divided into five districts. Charlevoix is in the first sub-district of the fourth district. The fourth district is divided into three sub-districts, the first including the counties of Antrim, Benzie, Charlevoix, Cheboygan, Crawford, Emmet, Grand Traverse, Kalkaska, Leelanaw, Otsego and Roscommon, and has a membership of 25 schools. Miss Gaskin won the contest of this sub-district at Harbor Springs two weeks ago.

The second sub-district includes the counties of Clare, Isabella, Lake, Manistee, Mason, Mecosta, Missaukee, Oscoda and Wexford and has a membership of 22 schools. The contest of this sub-district was won by Mt. Pleasant. Cadillac not competing in this contest, was allowed to enter the district contest.

The third sub-district includes the counties of Muskegon, Newago and Oceana and has a membership of twelve high schools and this contest was won by Muskegon.

The results of these contests were that Charlevoix, Cadillac, Mt. Pleasant and Muskegon were left to compete in the fourth district contest which was held in East Jordan Friday night and won by Charlevoix.

This leaves Miss Gaskin eligible with the winners of the other four districts to compete for the state championship at Lansing or Ann Arbor next week.

Those who have heard Miss Gaskin's declamation are confident that she will carry away state honors.

See the display of Farm Bureau Virgin Woolen Goods in the Washburn building, Saturday afternoon and evening, May 7th. Charlevoix Co-Operative Association. 1811

M. E. CHURCH NOTES

Mother's day will be appropriately observed at the Methodist Episcopal church next Sunday. Automobiles will carry to and from church all who cannot walk. Kindly notify pastor of any wishing this accommodation. The Sunday school orchestra will have a special musical program including baritone and tenor duet, "My Mother's Bible." The Senior Epworth League will be in charge of the Queen Esther girls, leader, Mrs. John Auld. The topic

will be, "What We Owe to Our Parents."

Missionary Convention May 5-8. The public is cordially invited to all meetings which begin Thursday afternoon at 3:00. 'Sacrament of the Lord's Supper' Thursday evening at 7:30, to be followed by stereopticon slides and address by Mrs. Anna Bowers, National Field Secretary.

Give your bicycle a thorough overhauling and let us do the work. Prices are right. Benj. Brown. 141f

ROAD BUILDERS TO MEET IN PETOSKEY

All Northern Michigan Counties to Be Represented

The annual spring meeting of district No. 2 of the state highway department organization will be held in Petoskey May 12 and 13, according to announcement received last week.

All of the county road commissioners and highway commissioners of the following counties are expected to attend: Emmet, Antrim, Benzie, Charlevoix, Clare, Grand Traverse, Kalkaska, Lake, Leelanaw, Manistee, Mason, Missaukee, Oscoda, Wexford and Roscommon.

Plans for securing this big meeting of road builders was started at the annual good roads rally in Petoskey some months ago and at that time State Highway Commissioner Rogers was asked to give the conference to Petoskey.

The program is being arranged by C. M. Zeigler, Cadillac, and a good list of speakers is assured.

Bicycle tires, tubes, and repairs of all kinds. A little attention now will save your wheel. Benj. Brown. 141f

Shakespeare Club Meets

The Shakespeare met at the home of Mrs. H. L. Iddings on Park avenue Monday afternoon. The club gave a Robert Burns program, each member taking part, after which it was decided to discontinue meetings for the summer months.

The retiring officers served a delightful lunch. New officers elected were: President, Mrs. A. F. Bridge; Vice-President, Mrs. Robert Bridge; Secretary and Treasurer, Mrs. W. W. Mitchell.

Tire repairing that is satisfactory. Take your work to the City Vulcanizing and Repair Shop. 171f

First Church of Christ, Scientist Sunday service at 10:45 a. m. subject, "Adam and the Fallen Man." Sunday school at 12 m.

Wednesday service at 7:45 p. m. Reading room open Tuesday, Thursday and Saturday, 2 to 5 p. m.

Notice of 8th Grade Examination

Eighth grade examination will be held in Charlevoix county beginning at 8:30 a. m. Standard Time, May 12, and May 13 in the Boyne City high school room, in the East Jordan senior room of the new high school building, in the Bank Hall of Charlevoix, and in the St. James high school. Paper will be furnished to students. Seventh grade students will write physiology and geography the morning of the second day which is May 13, in the same room in all cases except in East Jordan where seventh grade students will write in the 10th grade room, of the new building.

Respectfully submitted, May 1. Stewart, 1811 County Com's'r of Schools

SALVATION ARMY DRIVE NOW ON

Efforts Being Made to Raise County's Quota of \$4,000

If the Salvation Army appeal for \$255,000, May 9 to 17, is a success, hundreds of tired mothers and "kiddies" in the state will be happy.

The success of the appeal means that \$10,000 of the state fund will be used in erecting a state fresh air camp where poor mothers and youngsters will be given a 10 days outing during the hot summer months.

Brigadier Samuel Withers, divisional commander for the Salvation Army in Michigan, already is planning the camp.

The camp will be a little colony of cottages; have proper sanitation and accommodate between 500 and 600 mothers and children during the season. There will also be a bathing beach where the smallest "kiddie" can enjoy the pleasures of the "ol' swimmin' ol'".

To insure the camp and the continuation and extension of the 15 major activities of the Army in Michigan, the full \$255,000 must be raised. Charlevoix county's quota is \$4,000. This amount is small compared to the service rendered by the Salvation Army, but only the actual needs have been provided for in the state budget.

Mr. Borden of Boyne City is chairman of the local county committee and already has a large organization which has swung into action this week to raise the county quota.

Bring your tires and tubes to us for repairs and vulcanizing. Our work will stand the test. Benj. Brown. 141f

FOUND DEAD IN BED SUNDAY MORNING

Mrs. Robert Foreman Stricken by Apoplexy

Mrs. Robert Foreman died suddenly early Sunday morning at the Lee R. Smith home on south State street from a sudden attack of apoplexy. She had been dead about an hour when found by members of the family.

Deceased was born in Canada, June 30, 1870. On February 11, 1893, she was united in marriage to Robert Foreman of Bellaire and to this union four children were born, two surviving her, Harry aged 14 years and Louise, aged 11, besides her husband and two sisters, Mrs. Geo. Priest of Pellston and Mrs. Margaret White of Traverse City.

Mr. and Mrs. Foreman came to Michigan about eight years ago settling in Kalkaska where they lived until a year ago when they came to this city, Mr. Foreman taking a position at the Loeb Farms.

Funeral services were held Wednesday morning from the home at 823 State street, Rev. Smith officiating. Interment in Brookside.

See the display of Farm Bureau Virgin Woolen Goods in the Washburn building, Saturday afternoon and evening, May 7th. Charlevoix Co-Operative Association. 1811

MAYOR MAKES FOUR APPOINTMENTS

W. J. Weikel Named as Chief of Police--Other Appointments

In connection with considerable routine business, Mayor A. A. Swinton made four appointments of city officials Monday night. The appointments were as follows:

Chief of Police, W. J. Weikel. Building Inspector, James Saunders.

Chief of Fire Department, Henry B. Marshall.

Harbor Master, Sam Hamilton. These men have served in the same official capacity during previous years, their work being very satisfactory, and their reappointment is to be commended.

The matter of raising Charlevoix's quota in the Salvation Army drive was brought before the council, and a committee named to aid in the raising of the much needed funds.

If there is a small hole in that good tire you are using, have it repaired at once. It will last twice as long. Benj. Brown. 141f

Notice--Board of Review

Notice is hereby given that the Board of Equalization and Review of the City of Charlevoix in the county of Charlevoix and State of Michigan will meet in the Council rooms in the basement of Carnegie Library in said city on Monday, the 16th day of May, 1921, at nine o'clock in the forenoon for the purpose of reviewing and revising the assessment rolls of the several wards of said city. The said board will continue in session for at least 6 hours each day for at least four successive days thereafter, or until the completion of such revision and review.

Archie Livingston, City Clerk by D. S. Payton, Deputy. 171f

MR. FISHERMAN

Goin' Fishin'?

Of course you are--every chance you get. You are after the big ones too and we hope you will get your share this season. Just to put a little pep in the game, we have decided to put up several good prizes for the largest fish, of four species, caught during the season. Prizes will be awarded for the largest Brook Trout, Steel Head or Rainbow Trout, Lake Trout and Small or Large Mouth Black Bass.

THESE PRIZES ARE WORTH WINNING

Every prize we are offering are well worth your time and will make a fine addition to your fishing outfit. The fish must be brought to the store and placed on exhibition in our show windows for at least one day. Three judges have been decided upon, M. A. Levinson, Archie Livingston and Dr. J. A. Auld, and they will pick the winners. The contest will close September 1st and prizes awarded. Bring in the big ones and help make this contest a snappy one. Following are the prizes offered:

THE LARGEST BROOK TROUT. One Split Bamboo Rod \$11.00

THE LARGEST SMALL MOUTH BASS or LARGE MOUTH BASS. One Bristol Fish Rod \$9.00

THE LARGEST STEEL HEAD or RAINBOW. One Fishing Tackle Grip \$6.00

THE LARGEST MACKINAW. One Fish Rod and Line and Tripart Reel \$13.50

Remember we have a full line of Tackle, Poles, Casting Baits and Lines, and we can furnish live minnows for those who wait them. Also we have several pair of waders for rent.

C. H. S. RECORD FIRST VICTORY

Put it Over Boyne City by a Score of 15 to 10

Charlevoix high school baseball team recorded their first victory last Friday over Boyne City, winning by a 15 to 10 count on the high school athletic field south of town. It was a hitting feast for both teams, each side receiving at least 15 hits. There were a number of errors made on both sides due mostly to the roughness of the ground and the inexperience of the Charlevoix boys.

Cunningham pitched good ball and was given real support in tight places. Halverson made a sensational catch at second and also received four hits out of five trips to the plate. His fielding was of the highest calibre, as was that of Ackert, holding down the initial sack. The high school and town fans can be right proud of their team and should be at the Dixon avenue field at 3 o'clock Friday afternoon to witness the return game with East Jordan. This is the big game of the season. Come and give the boys support.

Don't miss the County Fair at the Bank hall, Saturday, May 14. 1811

EXHIBITED AT ENID, OKLAHOMA

Oklahoma Paper Contains a Fine Write-up of Work

On exhibition at present in the window of the Enid Daily Eagle is an enlarged kodak picture taken of the Bridge and the lake at Government Spring Park which among hundreds of different views which have been taken of this, one of Enid's beauty spots, is declared by those who have seen it to be more than just ordinarily good. The picture was taken last month by Miss Minnie Payton of Charlevoix, Michigan, who was visiting her aunt, Mrs. Harry Horner, at the time. Miss Payton took back to Michigan with her, had enlargements made in sepia, and sent one back to Dr. J. W. Baker who thinks it an extraordinarily beautiful photo of a picturesque scene and has placed it on exhibition for all to see.

The first thing about the picture that catches one's eye is the perfect reflection of the arched bridge and the overhanging trees in the lagoon. The trees were putting out their first leaves and their lacy tracery in the water and against the sky reminds one of the delicate mistiness of a Corot landscape.

Miss Payton is a librarian in Charlevoix and an ardent admirer of beautiful pictures. The photographic possibilities of the bridge and lagoon appealed to her as they have to hundreds of others upon her first visit to the park.--Enid Daily Eagle.

Entertained Her Friends

Mrs. Harry Cooper entertained twelve of the friends of her daughter Monday afternoon from 3:30 to 6:00 the occasion being Miss Mildred's 11th birthday. The time was spent in playing games--Mrs. Cooper served a birthday luncheon.

FREE TOURISTS CAMP SITES

TOPIC OF LENGTHY DISCUSSION BY CITIZENS

Charlevoix's Need of Site Brought Out at Meeting of Association of Commerce

The discussion of the pressing need of a free tourist camp site for Charlevoix took up a greater part of the evening at the regular monthly meeting of the Charlevoix Association of Commerce last Friday night. The result was that the association went on record as being in favor of the proposition, and a committee composed of ex-mayor S. M. Rose, E. H. Hann, and Charles H. Emrey was appointed to take the matter up and see what could be done regarding it.

Several sites were discussed, among which were the south end of the present city park, the five acres of land lying south of the old stone foundation at the turn to the beach drive, and a strip of land lying on Petoskey avenue, east of the greenhouse.

Monday the committee met with the newly elected park commissioners, but here met with opposition which would lead one to believe that a proposition of this kind was not a necessity, nor even a remote possibility, being told, as we are "reliably informed, that people who travel by auto, as a rule, are an undesirable class and were not wanted in this vicinity."

We cannot help refrain from commenting on the attitude thus taken. It is an insult, entirely uncalled for, to thus class the automobile tourist. We have met them, hundreds of them and have as yet to find a single instance where they do not represent a class of people who would be a credit to any community. They may not deem themselves to belong to what is termed as the "exclusive set" but are business men, retired farmers of considerable means who are enjoying their outing in this manner.

The Grand Rapids Herald, in a recent issue, contained the following article:

"Already automobile licenses from other states are making their appearance on the highways of Michigan. The tourist season is opening early this year, and every indication promises that Michigan resorts will be more popular this year than ever in their history. But this does not apply alone to hotel and cottage resorts.

"The whole American race is slowly turning gypsy if one may judge from the increase in the numbers of parties and families touring

TRY THIS ONCE... YOU AUTO OWNER

To you confined auto riders—and that's most everyone who has an auto—we'll give a challenge.

On the next Sunday like the last, throw the key to the garage up on a closet shelf and set out for a walk with the family. Put yourself back twenty years when you knew what walking was and auto riding was a luxury, and see if the change does not do you good.

It would do the average auto owner good if every few weeks someone would run a tack in one of his auto tires on Sunday and thereby compel the driver and his family to take to their shoe-leather for a good old-fashioned walk. This thing of having to drive to everything and to everywhere with the auto, completely forgetting that most of us are equipped with good legs that can walk a mile or two without prostration, is getting to be so contagious that if an auto owner is seen walking more than four or five blocks from his home, on a nice day with his wife and children by his side, people wonder if the man is getting "queer."

But even at the risk of being called odd, the family which parks the car in the family garage all day Sunday and does a little strolling, seeing Nature first hand on some country road or side street, is a whole lot ahead of the game when night comes, not counting the cost of the gasoline saved. Try it once.

through the country, sleeping at night in their own tents and cooking their own meals. A tremendous number of these modern gypsies will have the glory of Michigan with us during the coming summer. They are welcome. We want them to come, to see Michigan, to learn all that has been said of the playground state is true. But in order to make these trips more pleasurable and to assure second visits, Michigan should be fully prepared to care for these twentieth-century nomads. The west has gone in for this thing with a progressive spirit that has made pleasant every stop of camping tourists in many western states. We have urged heretofore the need for an extensive system of state camp sites. Grand Rapids is to have one; and the state maintains the Indian Trail camps in the resort country. But this is not enough. Every county in the state should have at least one of such camps. That is one of the ways by which Michigan, at small expense, can make every tourist's visit to the state a guarantee of lasting friendship for the Wolverine commonwealth. Counties all over the state, especially those along the trunk line roads, should seek to set aside at least a small plot of land suitable for campers.

Can it be possible that Charlevoix as a whole believe the auto tourist undesirable? We are of the opinion that the person or persons who so expressed themselves are voicing their own narrow views, and no attention should be given to their utterances.

Now, so far as the location of a tourist camp is concerned, we feel that it makes very little difference whether the city park is used or some other suitable place. The people are beginning to think that the city park is about the most useless piece of property in the city. Efforts to put it in shape to be of some utility have heretofore failed almost entirely.

In the first place some would be landscape gardeners with mistaken notions of shade, have prevented any development of the park along proper lines. It is a cold, forbidding sort of a place. As a consequence, instead of this naturally beautiful spot being thronged with people, during the summer, it is practically deserted. So far as we are concerned we would prefer to see the westerly end of it put to some practical use. This does not mean that the location of the tourist camp cannot be changed at a later date of conditions require. But the time to do something is right now.

DIED SUNDAY AT LOCAL HOSPITAL.

Clifford Mayhew Succumbs After a Short Illness

Clifford Mayhew, aged 42 years, died at the Charlevoix hospital Sunday night after a short illness.

Deceased was born in Jordan township Antrim county, November 17, 1879. He had lived all his life in the vicinity of Charlevoix and was married to Effie Willis, youngest daughter of James Willis, about five years ago. He was an active member of the Barnard Grange being secretary of the organization. He is survived by his wife and two small sons, Harold aged 4 and Clifford aged 2, besides four brothers; Harold, all of East Jordan, and four sisters; Mrs. David Vandeventer of Elk Rapids, Mrs. Walter Fineout of Wallon Lake, Mrs. Arthur Schneider and Lucy May Mayhew and his parents Mr. and Mrs. George Mayhew all of East Jordan.

The funeral was held Tuesday afternoon at 2 o'clock from the M. E. church, Rev. Candler officiating. Interment in Brookside.

SKATING RINK SOON TO OPEN

To Be Conducted Under New Management

The Charlevoix Roller Rink, one of the popular places of amusement will be opened this week for the season if the new equipment arrives in time for the opening date.

The rink will be run under new management this season. Ralph V. Seaman of Pontiac, having leased the place from his brother, the owner.

Mr. Seaman owns amusement places of similar kind in Pontiac and Orion, and promises many new and attractive features for the coming season.

CHARLES HYERS BADLY BRUISED

IN COLLISION WITH FORD CAR
TUESDAY NOON

Impact Throws Him About Twenty Feet, Landing on Cement Side-Walk—Too Much Speed

Too much speed, both on the part of Charles Hyers and Walter Reinhardt, representative of the Cornwall Beef Company of Traverse City, was the cause of what might have been a serious accident Tuesday noon at the corner of Antrim and State streets.

Hyers was returning home from his work at the cemetery, riding on his motor cycle. Reinhardt had just driven to Charlevoix from Traverse City. At the street corner they met, Hyers on his motor cycle sideswiping Reinhardt's car, the impact of the collision throwing Hyers about twenty feet through the air to the sidewalk, where he alighted on his hands and knees.

This corner is considered by all auto drivers as the most dangerous in the city, and several accidents have been narrowly avoided. Hyers coming from the south was unable to see west on Antrim street, and Reinhardt made every effort to avoid the collision, swinging his car to the left in an effort to pass the motor cycle, with a result that he ran into the curb, breaking the front right wheel of his car.

The motor cycle struck the car amidships, and crumpled up, throwing Hyers over the handle bars. The machine was put out of commission and ran into a nearby garage with the Lizzie for repairs.

Hyers was taken to Dr. Armstrong's office where examination showed a deep gash over his left ear and both legs severely bruised. He will be laid up for several days, his injuries while not of a serious nature, being extremely painful.

CHILD LOST OVER NIGHT IN SWAMP

Wanders Away From Home Late Sunday Afternoon

The little two and one-half year old son of Mr. and Mrs. Earl Kader, of the Loeb Farms, underwent an experience last Sunday night that should leave a lasting impression on him.

The little fellow had been playing with some other children near his home and left on his way to his own home. Instead of taking the road far home he wandered into the woods south of the old Newman place, where his parents reside, and wound up in the swamp, where he spent the night.

As soon as he was missed by his parents, an organized hunt was made to locate him, some 27 men taking part in the search. They scoured the woods and swamps all night, but could not locate him. A blood hound was secured from Petoskey, but owing to the many searches having crossed his trail, the dog was of little assistance.

Monday morning, however, the missing child was finally located about 6:30, and returned to his anxious parents, showing little effects of the night spent in the swamp.

Surprised by Girl Friends

Miss Hilda Hyers was pleasantly surprised at the Bartlett House, Tuesday when a number of her girl friends arrived to remind her of her nineteenth birthday anniversary. A six o'clock pot-luck supper was served to six guests among whom were: Margery Myers, Helen Mason, Gladys Livingston, Maxine Hansen, Edyth Hanshaw and Phila Armstrong.

W. C. T. U. Meeting

The regular W. C. T. U. meeting will be held on Friday afternoon, May 13th at the home of Mrs. E. A. Stewart, 219 Mason street. Topic, "Motherhood, the Noblest Vocation in Life." Mrs. P. D. Campbell will give a talk on the historic places she recently visited in New York City.

Reuben Geer Farm Sold

Among the late sales of farm property recorded was the sale of the Reuben Geer farm on the Norwood road to John Mahdik of Chicago. The deal was put through by John Pesek, who has sold several farms in this vicinity recently.

Beautify that lawn of yours with some of our Special Lawn Fertilizers. Argo Milling Co. 1911

CONDUCT STATE FAIR SCHOOL

UPON A LARGER BASIS THAN
EVER BEFORE

Boys Eligible Between Ages of 14 and 18 Years—Winners To Be Selected in Each County

County School Commissioner May L. Stewart has received information from G. W. Dickinson, secretary-manager, that the Michigan State Fair, will conduct the coming year its annual Boys' State-Fair School upon a larger basis than ever before.

In every county of the state competitive examinations will be held, and the boys who show the greatest proficiency in agricultural studies, will be given a trip to the fair at Detroit at the expense of the fair association.

At the fair, they will be given instruction by the state's foremost agricultural experts on the best and most modern methods of agriculture. The Michigan state fair has conducted this school for years as a contribution toward agricultural education. Expenses of the boys from the most distant counties of the state have been large but cheerfully met. The rules under which the free trip may be won are in part as follows:

Boys must be between the ages of 14 and 18 years; effective date, September 1, 1921.

They must write both in the regular eighth grade examination, and the special fair's examination.

The winner will be selected by the county school commissioner, board of examiners or a special committee. An alternate will also be selected.

Every effort is being made to have the fair examination questions entirely practical. It will go into the actual problems of the farm from every angle. Theoretical and practical phases will be jointly studied. A boy who can successfully answer the questions, it is said, must show a pretty thorough knowledge of all phases of farm life.

At the fair, the management will see that the boys have a good time as well as instruction in agriculture.

LOEB BALL TEAM OPENS SEASON

Plays First Game With Central Lake, Old Opponents

The opening of the season's games will be held at the Loeb Farms, on Thursday, May 19th, on their new diamond, Central Lake being the first contestant. These teams battled several times last year, Central Lake always coming out the winner, but in the game held last week between these two rivals, the locals won with a score of 13 to 2, and at the contest held with Pellston on the Pellston diamond, Loeb won 14 to 4.

The Loeb Farms team is even stronger this season than last, although they defeated Bayne City, winners of the Northern Michigan League at the last game of the preceding season, and the fans of this vicinity are promised some interesting battles during the summer. Public is always welcomed and even urged to be present and help support local efforts at good, clean games.

CASH PRIZES FOR BEST KEPT LAWNS

Argo Milling Co. Makes an Unusual Offer

The Argo Milling company of this city is making an unusual offer to the citizens of Charlevoix, one that will not only have a tendency towards beautifying the city, but also to make it an object to those who desire to enter into the contest.

They offer a prize of \$5.00 in cash for the best kept lawn in the three wards of the city. This means the best lawn in each of three wards. The two aldermen of each ward will act as judges and the prize will be awarded on September 1. All are eligible to entry with the exception of the aldermen who act as judges.

Charlevoix has the reputation of having the most beautiful and well kept lawns of any city in northern Michigan, and the offer of the Milling company should be an added inducement to still further add to the beauty of the city.

See Hubbard the ice cream cone man for those nice, sweet, crisp cones right from our Chicago Bakeries at \$1.50 per thousand. 218 Mason St. 1911

NOW LOCATED IN FAR NORTH

Former Charlevoix Boy a Resident of Alaska

Chauncey F. Peterson, a former resident of Ironton, who attended school here a number of years and will be remembered by many Charlevoix friends, especially among the younger residents, is now located at Anchorage, Alaska, and from all reports is conducting a successful business.

Mr. Peterson left Charlevoix some ten years ago and after a year or so went to Alaska. In a letter received from him last week by P. D. Campbell, he states that he recently disposed of his hotel business, but will continue to conduct a well established transfer line, which requires three high power Vele trucks and two motor boats. He is also interested in a stock jobbing enterprise.

According to his own statements, Alaska is booming after three years of practically a standstill. At present the government is constructing a railroad in the vicinity of Anchorage, employing six thousand men, and business in that section is booming.

He enclosed several kodak views of himself and little son, also of his family starting out on the trail with his dog team. Mr. Peterson expects to visit Charlevoix next spring.

SENATOR BAKER GETS DISTINCTION

Said by Detroit News to Be Strongest Man in Senior Body

Reviewing the activities of the 1921 legislature, John Fitzgibbon, veteran correspondent of the Detroit News, pays Senator Herbert F. Baker a nice compliment by declaring the senator from the 29th district was the strongest man in the senior legislative body.

Senator Baker is the only member of either branch of the legislature who is mentioned by name.

The article in part is as follows: "It was Senator Herbert F. Baker, of Wendcock, who generally started things that brought a curtain lecture from the lieutenant governor. The senator is a reformer by nature, as well as choice—strong for the plain people as against the predatory interests so-called."

"Senator Baker was an ardent Bull Moose. While the lieutenant governor could always depend on a majority sustaining him in parliamentary rulings, Senator Baker—by the way, about the best give and take debater in the legislature— invariably fired all the shots in his locker before he was dislodged. In his tilts with the lieutenant governor he rarely got worse than a draw."

THIRTY DELEGATES WERE PRESENT

At 21st Annual Conference of Home Missionary Society

The 21st annual conference of the Women's Home Missionary Society of the Grand Traverse district was held in the first M. E. church of this city, Thursday and Friday, May 5 and 6, with about thirty delegates in attendance.

Splendid reports of the work being done were given and stereopticon pictures of the same were shown.

The conference was favored in having with them Mrs. Anna Bower, National field secretary; Mrs. Cora Smith, conference corresponding secretary, and Mrs. Willis of Lansing, conference president. An enjoyable feature of the conference was the get-together dinner and supper served at the home of the local auxiliary president, Mrs. F. M. Metcalf.

RECORD HOLSTEINS AT LOEB FARMS

Lady Greda Ykema Pontiac Makes Wonderful Record

Local Holsteins are continuing to make good milk and butter production records as is indicated by the officials tests reported from the office of M. H. Garlner, Delevan, Wis., superintendent of advanced registry of the Holstein-Friesian Association of America.

This week's bulletin reports the pure-bred Holstein-Friesian cow Lady Greda Ykema Pontiac, owned by the Loeb Farms, as having made at the age of five years and two months, a record of 530 pounds of milk and 21 pounds of butter fat in seven days, equivalent to 27 pounds of butter. Her record for thirty days is 2192 pounds of milk and 88 pounds of butter fat, equivalent to 111 pounds of butter.

Don't start running your car without having it gone over and put into shape. It will cost more later. Bring it in. Benj. Brown. 1417

FISH PLANTING GETS EARLY START

MICHIGAN FISH COMMISSION IS
BUSY THESE DAYS

Waters of Lakes and Streams Being Stocked in Both Peninsulas—Plant Many Kinds

The Michigan Fish commission is just now engaged in its "spring planting." Streams and lakes all over the two peninsulas are being stocked and replenished with the various sorts of fish the commission considers most beneficial to the state. Fish hatcheries in full operation are maintained at Detroit, Drayton Plains, Paris, Comstock Park, Harrietta and Sault Ste. Marie.

More hatcheries were partly provided for by the legislature two years ago, and are now operating in a small way.

The several species of trout and bass, walleyed pike, herring, whitefish, bluegill, sunfish and perch receive most of the attention of the fish culturists of the commission. Each species has to be cared for in a separate and distinct way in order to get the best results in the quantity and quality of the spawn obtained.

Most of the fish dealt with for propagation purposes by the fish commission come under one or the other of two groups, those species who guard the beds in which they spawn, and those who do not. In most cases, fish that guard their spawning beds spawn in spring or early summer. The non-guarding kinds usually are those which spawn in fall or early winter. It is impossible to artificially hatch the eggs of the bed guarding kinds of fish and this necessitates the keeping of brood stocks of the fish themselves at hatcheries where they are cultivated.

Trout, walleyed pike, whitefish and herring are among the sorts of fish that do not remain in the vicinity of their spawning bed, and their eggs may be hatched artificially. The method of hatching varies with the eggs of each species, the general method being to spread the spawn of the fish whose eggs are comparatively large and heavy on wire trays, over which water flows; eggs that are spawned in masses, and are smaller and lighter are hatched in glass jars through which water is forced. Trout eggs are of the first class, while whitefish eggs belong to the latter. The fish commission estimates that several thousand streams and lakes in the state are stocked with its broods every year.

The Charlevoix Rod and Gun Club have so far this season received thirty cans of rainbow fry, twenty-two cans of brook trout fry, and twenty-four cans of walleyed pike from the state, which have been planted in adjacent waters and streams. This is but a small part of the shipments expected this spring.

Former Charlevoix Girl Married

Roberta Ferguson, oldest daughter of Charles Ferguson, formerly of Norwood, was united in marriage to Larry Chase at the home of her sister in Chicago Monday, May 2nd. Mr. and Mrs. Chase arrived here Wednesday and are spending their honeymoon at the old Chase home in Norwood.

Give your bicycle a thorough overhauling and let us do the work. Prices are right. Benj. Brown. 1417

A LITTLE TIRE TAPE'LL FIX THEM

"When the days are growin' warmish and the grass is showin' through, and the pussy willow's 'purrrin' and the streams are callin' you. You can hear the frogs a shrillin', can see the robins in the trees, and you throw away the moth balls from your summer B. V. D.'s. Then you get a dizzy feelin' like your skin is full o' dope and a Christian rubber collar feels like so much hangman's rope; and your thoughts begin to ramble and you're walkin' round in dreams—you can see the ten-pound grass pike go a scootin' up the streams; you can see their dark forms glidin' and you see the water break in the grass along the Jordan or the marsh of Susan Lake. Then your fever hits the hundred and you're goshal-mighty sick till you crank up the old flivver and you're headed for the creek."

CORRESPONDENCE

IRONTON

Mrs. C. W. Reber of Wildwood is spending a week with her daughter Mrs. Ogden.

Mr. and Mrs. Ward are taking treatments at Mrs. Shockley's sanitarium in Charlevoix.

BARNARD

Beautiful May weather.

Mrs. Peter Block entertained her young people's Sunday school class on Tuesday evening.

The community meeting to be held at the Peter Block home has been postponed until the latter part of June. Watch for the date.

Our community was shocked to hear of the sudden death of Clifford Mayhew on Sunday. The bereaved family have the sincere sympathy of this entire vicinity.

Mr. and Mrs. George Vance and son George from near East Jordan, Mr. and Mrs. Oris Carpenter of Ellsworth and N. W. Smith and son Roscoe were Sunday visitors at the Clyde Smith home.

Mr. and Mrs. J. R. Vance of Oil Fields, Cal., arrived on Thursday after a motoring tour of three weeks and will spend this month visiting their daughter, Mrs. Clyde Smith, and other relatives.

Bicycle tires, tubes, and repairs of all kinds. A little attention now will save your wheel. Benj. Brown. 141f

NORWOOD

Will Hull is visiting his sister, Mrs. Joe Holecheck.

Miss Emma Jennett left Sunday for a visit with relatives at Cadillac.

Mrs. Julia Pearl is spending a few weeks at the home of Mrs. Carmen. Miss Howe of Hayen and George Whitely spent Sunday at the Holecheck home.

George Holecheck and family of Charlevoix spent Sunday at the home of Joe Holecheck.

Frank Chvatil and family of Charlevoix visited Mrs. Chvatil's sister, Mrs. Joe Holecheck and family Sunday.

The families of Jack Bugbee, Will Seymour and Penny Genett of Charlevoix visited at the Jennett home Sunday.

Mr. and Mrs. Floyd Wagner and son spent the week-end in Charlevoix at the home of his parents, Mr. and Mrs. Henry Wagner.

Mr. and Mrs. Guy Empey spent Sunday at the home of Mr. and Mrs. Percy Empey near Atwood. Mrs. Nelson Empey returned with them.

Mr. Mason and wife of Barker Creek and Mr. and Mrs. Gardner and family of East Jordan visited at the home of Mrs. Cora Jennette Sunday.

Mrs. S. Chase who has been spending the winter with her son, Will Chase at East Aurora, Ill., is spending the summer at her home in Norwood.

Rev. Short and family closed revival services at Norwood Sunday evening with a fair sized audience. These people did their best to arouse interest here and those who missed hearing them will probably never have the opportunity again. However, the farmers just at this time are very busy and seem to be unable to attend.

Larry Chase and Miss Roberta Ferguson were married in Chicago Monday, May 2nd, and are spending their honeymoon in Norwood at the Chase residence. The uniting of these two families means the union of two of Norwood's oldest families. The entire community join in wishing this estimable young couple the greatest of happiness and prosperity.

Splutter, splutter—spat—don't cuss the car. It needs to be tuned up. Bring it to our garage. Benj. Brown. 141f

McGEAGH DISTRICT

Mrs. Wm. Sutton and family spent Sunday in Ellsworth visiting friends.

Ed Ayer has moved from his home on the state road to Charlevoix where he has employment.

Mr. and Mrs. Clarence Heise and daughter Beth, spent Sunday with Mr. and Mrs. Wm. Heise of Charlevoix.

Mr. and Mrs. Oscar VanDusen and

family spent Sunday afternoon at the home of Mr. and Mrs. Carl Mitchell.

Mr. and Mrs. Frank Klooster and family and Miss Alice Zylstra of Phelps spent Sunday with Mr. and Mrs. E. R. Jones.

A number of the boys and girls of this neighborhood helped Glen Bearss celebrate his birthday Monday evening. The time was spent playing games. All report a fine time.

(Too late for last week)

E. R. Jones is working on the road near Ironton.

The Ladies' Aid met with Mrs. John Webster last Wednesday.

Oscar VanDusen started Monday to Ellsworth to shear sheep for Mr. Wilson.

In Webster spent Saturday and Sunday at the home of her sister, Mrs. Vernon Jones.

Mrs. Wm. Sutton spent Sunday in Charlevoix at the home of her daughter, Mrs. Fred Trimble.

Thelma and Nelson VanDusen and Freda Sutton spent Sunday with John, Bert and Anna Jones.

Mr. and Mrs. Carl Mitchell and family spent Sunday at the home of Mr. and Mrs. Oscar VanDusen.

Mr. and Mrs. Ben Yettaw and family and Mrs. Penny Genett of Charlevoix motored to Ellsworth Sunday.

Mr. and Mrs. Vernon Jones and son John spent Sunday at the home of the former's parents, Mr. and Mrs. E. R. Jones.

Mr. and Mrs. Louis Shapton and family and Mr. and Mrs. Cleo Cramton and family and Mrs. Arthur Bentie and son Forrest motored to Petoskey Sunday night.

DEER LAKE

Mrs. W. A. Mundy has been quite sick for the past week with a relapse of the flu.

Miss Leah Griffin of Boyne Falls spent the week-end with her parents Mr. and Mrs. Fred Griffin.

About 40 of Matt Hardy's relatives and friends surprised him at his home last Saturday evening. The occasion was in honor of his 57th birthday. A delicious luncheon was served at midnight.

Deer Lake Grange enjoyed a very pleasant evening last Saturday. 43 members were present and 35 visiting strangers. Wilson degree team initiated 14 candidates in the 3rd and 4th degrees in a very creditable manner. Two reinstatements were also taken in. A fine pot-luck supper was served after which the crowd was treated to ice cream.

THE BIG BANK ON THE CORNER

STATE FARM BUREAU NOTES

Published for the Benefit of Charlevoix County Farmers

Big things were accomplished by the 51st session of the Michigan Legislature. Not since the days of the last constitutional convention has any body of law makers made such fundamental changes in state government. Nearly all of the existing boards, commissions, departments, and offices were abolished and five centralized departments substituted. These new departments are: State departments of agriculture, conservation, industry and labor, public safety, and public welfare. Establishment of these new departments will promote efficiency of state administration and centralize authority and responsibility.

Law makers have, however, had time to enact a score of measures of direct benefit to farmers. These twenty laws probably embody more real constructive agricultural legislation than has ever been passed by any previous session of the state legislature. Its enactment at this time is regarded as significant, coming as it does during the first year in which 97,000 farmers are organized into a state farm bureau. Never in history have the desires of Michigan agriculture received such careful and respectful consideration in legislative halls and committee rooms.

Probably Michigan agriculture will remember the session of 1921 longest because of the creation of the departments of agriculture and conservation, for it is generally conceded that the replacement of the

former multiplicity of state agencies by these two centralized departments marks an important step in securing a unified and effective program for the advancement of Michigan's agriculture and the conservation of her natural resources, including forests, mines and minerals, water power, fish, game, and birds.

A saving of nearly \$44,000,000 in the amount of money that will have to be raised by direct taxation in the next two years was effected by judicious cutting of the various appropriation requests to the very limit which the best interests of the state would allow. This was one of the planks in the farmers' legislative program and resulted in a great saving to them.

Accurate and timely information relative to acreages of farm crops and the number of the various classes of livestock on hand will be assured by a bill providing for the annual collection of such figures by supervisors at the time of making the annual assessment of property in the spring. This bill was drafted by the state farm bureau in cooperation with the federal crop estimator for Michigan.

State aid for fighting grasshoppers has been assured by the passage of the farm bureau's bill to reimburse counties and townships to the extent of one-half of the amount spent by them for this purpose.

Protection of farm bureau locals and co-operative marketing association from unjust charges made by railroads for leases of warehouses and other property owned by any railroad has been assured by the enactment of a law to give the Public Utilities Commission authority to hear and adjust all claims or disputes arising because of any seeming injustice in the cost of any such lease-right.

The law relative to the consolidation of three or more rural schools was made more workable and the state aid for such schools and for the transportation of pupils to them was increased. Another bill was passed to facilitate the formation of township unit schools.

The amount of tuition which a district must pay for eighth grade graduates attending high school outside of that district was raised to the actual per capita cost of such education, not exceeding \$60 per pupil per year in the interests of more education for country boys and girls.

All pure-bred cattle offered at public sale or for exhibition at any fair must have satisfactorily passed the tuberculin test. This will protect those who purchase high-priced cattle from getting diseased stock and those who exhibit their stock from running the chance of possible tuberculin infection.

An amendment to an existing law will prevent the importation of sheep into the state during the months of April, May, June, July, August and September of each year unless each sheep has been dipped at least once under government supervision. (Continued on page 7)

A dollar spent on that tire right now will save you the cost of a new tire in a little while. We will make them almost as good as new. Benj. Brown. 14tf

Car don't run right—just bring it in to our repair room and we will adjust the difficulty. Benj. Brown. 14tf

AT THE MOVIES

Never before has Douglas Fairbanks waxed so enthusiastic over the success of a picture than he has over "The Mark of Zorro," his fourth United Artists production which will be the feature attraction at the Palace Theatre next Saturday and Sunday, May 14th and 15th.

Those critics who have viewed "The Mark of Zorro" have proclaimed that Fairbanks has excelled any of his previous performances. This is due to some extent to the ingenious story and the opportunities afforded "Doug" to make the greatest use of his athletic ability.

The background of the story is centered around early Southern California of nearly a century ago when its destinies were zealously guarded by the Spanish settlers. History records the occasions when the Spaniards emigrated to the southwest of North America in a climate somewhat similar to that of their native country. They brought with them not only their customs and art but always manifested an alluring spirit of romanticism, chivalry and glamor that has never failed to make a strong appeal to even those of another race. We have always known them to be a rollicking type, ever fond of their wines, their native dances and music, and strongly imbued with a love and adoration for those whose lot it fell to perform valiant deeds. Extreme courtesy under all circumstances was a virtue endeared to the hearts of all; hence their intense love for the chivalrous. As years passed, their posterity perpetuated their mode of life and though conditions may change, their history will never remain extinct.

With Noah Berry, Robert McKim, Charles Hill Mailes and Marguerite DeLaMotte, his leading lady, collected in his cast, Fairbanks has left nothing undone to assure the public the best obtainable in motion pictures.

Splutter, splutter—spat—don't cuss the car. It needs to be tuned up. Bring it to our garage. Benj. Brown. 14tf

FARMERS

With present price prospects it is indeed a bit discouraging to plan the spring planting.

There are, however, some favorable factors. Seed is cheaper and labor also is and will be much lower. The farmer who uses good seed and prepares the soil with care is going to show a profit for the year.

It may not be as large as some other years, but with the land there and the equipment with which to work it no farmer can afford to let his acres lie idle.

As in the past, to the farmer who works hardest and gives his farming operations the most thought, will go the greatest profit.

We can offer you suggestions as to seed and fertilizer, feeds of any kind. Let us know your wants.

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

An upstate editor declares that if a glass of whiskey were served at the table where he was eating he would get up and turn his back and walk out. Most editors are that way. They would turn their backs and walk out--to where the barrel is kept.

The Cheboygan city council last week began a system of economy by slashing the pay of all salaried city employees. Cuts from fifty cents a day to \$300 a year were ordered, effective immediately.

City Attorney H. H. Quay handed in his resignation and James F. Shepherd, son of Circuit Judge Frank H. Shepherd, was named in his place. Perry F. Ritter was named city health officer. Other city employees were re-appointed.

The salary of the city clerk was ordered cut from \$1,500 to \$1,200; janitor and truck driver from \$1,250 to \$1,200; street commissioner from \$1,250 to \$1,100; marshal from \$1,100 to \$1,000; nightwatchmen from \$1,000 to \$900; engineer water works from \$1,500 to \$1,200; assistant engineer from \$3.75 to \$3; firemen from \$3.50 to \$2.50; laborers from \$3.50 to \$2.50; teams from \$7 to \$5 per day; service man water works from \$960 to \$900 per year.

Died at Local Hospital

Mrs. Sarah Meredith died at the Charlevoix hospital Monday morning, May 9th, at the age of 54 years from chronic myocarditis. Her body was taken to Thompsonville, Mich., for burial.

Bicycle repairing is our specialty. We have a man just for that work. Benj. Brown. 111f

CHARLEVOIX PUBLIC SCHOOL NOTES

The pupils of the central building under the direction of Miss Oliver are preparing an operetta, "The House that Jack Built," which will be given on the school grounds. Announcement of date will appear next week.

Rev. James Smith of the Congregational church will address the Bible study class Monday afternoon, May 16th, at 3:30 in the junior high room. His subject will be, "The Influence of the Hebrew Prophet." The lecture will be open to all students and patrons of the school.

Thursday morning the high school was entertained by a representative from M. A. C. who gave a very interesting talk on the merits of that college and left us with a strong impression of the good qualities of the institution.

The English III Class is beginning the study of Edgar Allan Poe.

The senior class of the Charlevoix high school which will be graduated soon have chosen by virtue of their scholarship, Katherine Fitch as Valedictorian and Marjorie Myers as Salutatorian.

"Are all teachers book-worms?" "No, Geometry teachers aren't." "What are they?" "Angleworms."

Fix the break or cut at once and save the tire. This is our work. City Vulcanizing and Repair Shop. 171f

New Palace Theatre

Especially Good Attractions For This Week

THURSDAY, MAY 12—Universal presents Frank Mayo in his latest picture just released May 2nd, "The Blazing Trail." A romance of the Cumberland mountains. It carries a wealth of action, romance, heart interest, and beautiful scenery. Also a Rowland comedy, "Pinning it On."

SATURDAY and SUNDAY, MAY 14th and 15th—United Artists present Douglas Fairbanks in his big 8 reels of joy picture. Make up your mind that you'll see thrills running neck and neck even before its terrific climax. Doug performs a multitude of neck-breaking agile stunts, wears his infectious smile and throws such a gorgeous amount of devil-may-care

pep into the role that his admirers hail this performance his best screen offering. Romance, Action, Human Interest, Suspense, Comedy. Special admission of 15 cents and 30 cents, tax included.

WEDNESDAY, May 18th—Metro presents a big six-reel special, "Clothes." An all star cast. Metro pictures are all good. Also a Mutt and Jeff cartoon, "Gum Shoe Work."

COMING—Saturday, May 21, Bebe Daniels in "She Couldn't Help It."

COMING—Thursday, May 19th, Robert Warwick in "The City of Masks." A Paramount picture.

AGRICULTURAL EXTENSION WORK

A farmer in the farm bureau office the other day was discussing the potato market. He wound up by saying he wasn't going to plant any this year. We asked him what he was going long on this coming season and he said he was going to set out a grape vineyard. And we said to ourselves, "There he is, the well-known average farmer. He wouldn't plant potatoes because the game had gone against him last year, just the reason why he should plant this year. When the tide is in it must go out and when it's out it must come in. We said last spring that if history repeated itself it was a poor time to plant potatoes. Seed was high. And we say this spring that last year strengthened our belief in repeating history. History would tell us to plant potatoes this year when seed is cheap. He would set out a grape vineyard. Sure, grapes have sold for big money for a short time and he'd get in on grapes along with the rest and as quick as possible turn that tide the other way. It's history—the average farmer has done it in the past and we're afraid he'll continue to do it. And it's a hard job not to know that we're thinking about it. The one thing the farmer who grew potatoes last year has had rubbed into and burned into and shoveled into his system this last few months is that he lost money on spuds last year. If he plants this year he's got to forget all that and say to himself, "Potatoes, that's the crop to make money on." And that's some job. And if he doesn't set out grapes he must look the other way when the grape grower goes by in his new machine and reflect that there's no money in grapes. I say it's a hard job and the most of us can't do it. We'll do as the "average farmer" does and history will repeat itself.—Kent County Agent.

The Pennsylvania Systems are distributing a carload of Northern Michigan certified Petoskey Golden Russets throughout southern area which annually buys a large amount of seed potatoes.

Northern Michigan seed, which has been planted in this area in the last year has proven superior in yielding ability to any potatoes they are able to get. We believe this carload of seed will make as equally a good record and if it does it will help greatly in producing a market

for high class Northern Michigan certified seed. Several of Charlevoix county's best potato growers are interested in the certified seed proposition this year. The producing of disease-free high-yielding certified seed is a business by itself, but we have a number of growers who can produce as good an article as can be found anywhere. We anticipate a nice seed business will be developed in this county in the next few years.

Announcement from the state farm bureau states that wool will be assembled in one or more stations in most counties where it will be graded and weighed in the presence of the owner with receipts of weight and grades given on the spot. These receipts will be immediately available for advances without interest at the local bank at approximately one-half market price on day of receiving. Eighty thousand pounds of wool were sold last week which added to the half million pounds disposed of during the week of April 11th, means that five hundred eighty thousand pounds of wool have found their way to market within the past two weeks. Sales are being made direct to the mills eliminating all in-between profits.

The state veterinary doing the T. B. testing will be in the county in the near future. Have you signed up to have the work done while he is in your community? Remember blanks must be sent to Lansing and recorded there before the work can be done.

A bushel of Minnesota's best certified Irish Cobbler seed potatoes have been received at this office. These potatoes are of an exceptionally high yielding strain in Minnesota and will be used as a foundation in starting to help develop something good in this line for Northern Michigan.

Bicycle repairing is our specialty. We have a man just for that work. Benj. Brown. 141f

Goes to East Jordan

A. J. Duncanson, principal of Traverse high school, has accepted the superintendency of the East Jordan schools for next year. Mr. Duncanson was successful as an athletic coach here, turning out one Northern Michigan championship baseball team as well as a championship football squad.

LEGAL NOTICES

Notice

Sealed bids will be received at the office of the County Road Commissioners at the Court House, in the City of Charlevoix, Mich., on the 20th day of May, 1921, at one o'clock, p. m., for constructing 3.854 miles of gravel road on what is known as the East Jordan and Elmira road, according to plans and specifications now on file in the commissioners' office at the court house in Charlevoix, Michigan. 1912 Richard Lewis, Clerk.

Notice for Sealed Proposals

Sealed proposals for the building of a pavement including curb and gutter, in accordance with the plans and specifications therefore on file will be received at my office up to five o'clock p. m. of May 16th, 1921. All bids must be accompanied by certified check payable to the City of Charlevoix in a sum equal to five per cent of the bid as security that the bidder will enter into the contract to perform the terms of his bid. In lieu of the check, a money deposit in like amount will be accepted. The city reserves the right to reject any or all bids. Further information and consultation of plans and specifications may be had

at my office or the office of the city Engineer. May 10th, 1921. Archie L. Livingston, City Clerk.

Notice for Bids

Sealed bids for the construction of an extension of the State street trunk sewer from west Huribut avenue to West Garfield avenue according to plans, plats, diagrams and specifications on file will be received at my office up to five o'clock p. m. May 16th, 1921. All bids must be accompanied by a certified check payable to the City of Charlevoix in a sum equal to five per cent of the bid as security that the bidder will enter into the contract to perform the terms of his bid. The City reserves the right to reject any or all bids. Further information and consultation of plans and specifications may be had at my office or at the office of the City Engineer. May 10th, 1921. Archie L. Livingston, City Clerk.

Notice for Bids

Archie L. Livingston, City Clerk.

Probate Notice

State of Michigan, the Probate Court for the County of Charlevoix. At a session of said Court, held at the Probate office in the City of Charlevoix in said County, on the 5th day of May, A. D. 1921. Present, Hon. Servetus A. Correll, Judge of Probate. In the matter of the estate of Thomas M. Stroud, deceased.

THE U. S. ROYAL CORD

A famous tire—and a famous tread. Acknowledged among motorists and dealers alike as the world's foremost example of Cord tire building. Always delivering the same repeated economy: tire after tire, and season after season. The stripe around the side-wall is registered as a trade-mark in the U. S. Patent Office.

How you can measure tire value in 1921 —

OFTEN it's surprising the number of different tire views that come out in a chance talk at the curb or in the leisure of a friend's garage.

Almost every day you come across the man human enough to believe he can outguess the cut-price tag on "job-lots," "discontinued lines" and "surplus stocks."

His opposite is the hardpan car owner who sticks year in and year out to a standard brand as the only rational economy.

Many will remember the scarcity of U. S. Tires last year.

A hardship at the time, but a benefit now. There are no U. S. Tires to be worked off—no accumulations—no forced selling of any U. S. brand—no shipping of tires from one part of the

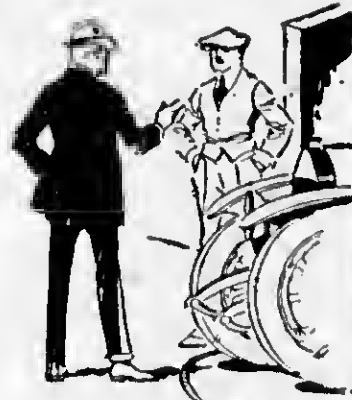

country to another to "find a market."

There are 92 U. S. Factory Branches. Each one gets its share of U. S. Tires. There is a broad, constant, even distribution of U. S. Tires always going on from these Branches to the dealer.

Buy a U. S. Tire anywhere—in a community of 500 people or even less—and you get a fresh, live tire of current production—with all the original service and mileage the factory put into it.

The owner of a medium or light-weight car stands on equal ground with every other car owner.

Any United States Tire is a universal full money's worth—backed up with a leadership policy of equal quality, buying convenience and price for everybody.

"The different tire views that come out in a chance talk."

The L. A. S. met at the home of Rev. and Mrs. E. E. Clark on Thursday of last week.

Eugene Best purchased a fine two year old colt from Wm. Eastcott on Monday of this week.

Lynn Sheldon of Charlevoix was visiting at the Calvin Supernaw home on Saturday of last week.

Mr. and Mrs. Arthur Walker are the parents of an eight pound son born on Wednesday of last week.

Leo Weiss of Detroit spent Saturday and Sunday with his brother Wallace Weiss and family here.

Frank Russell of Chicago arrived on Monday of this week and will spend the summer at the New Orient hotel.

Ruel Chellis left for Detroit on Monday of this week after a six weeks' visit at the home of his parents here.

Dr. Becker has rented the old Board of Trade rooms located above Weiss' store and carpenters are busy fitting up offices.

The Misses Boss and Cooper of Charlevoix spent Sunday at the home of the former's parents, Mr. and Mrs. W. A. Boss.

Paul White, manager of the Petoskey Cement Co.'s clay pit south of town, purchased a new International tractor for use in the pit one day last week.

Contractors have finished work on the Standard Oil pumping station and left the first of the week for Kingsley where they have another station to erect.

The Charlevoix county road commission has discontinued the use of the huge F. W. D. trucks for hauling gravel on the East Jordan road and are using teams instead.

Mr. and Mrs. Wm. Yettaw returned this week from Newberry where they have been working since last September. They expect to remain in Ellsworth for the summer.

Carpenters and masons began work on the M. E. church on Monday of this week. The board of trustees expect to have the building ready for dedication about the middle of June.

Phone 304 for lumber, lath, shingles, etc. No. 1 material and right prices. Also see me for door and window frames, inside trim and in fact any and all kinds of mill and cabinet work. Wm. Drenth, Ellsworth, Michigan.

ATWOOD

Mrs. L. Zylstra is somewhat improved at this writing but is still weak.

Mrs. Joe Hoffman is getting over a very bad cold and an attack of the grip.

Agnes DeVries arrived home last Tuesday after spending the winter in Chicago.

A. B. Snellar has had a bad attack of neuralgia but is improving and is at work again.

Edw. Hoffman returned home last week after spending two weeks in the Charlevoix hospital.

Mr. and Mrs. Frank Supernaw were under the doctor's care but are improving at this writing.

Jo'n Berens has his new Ford which he bought some time ago of the Northern Auto Company of East Jordan.

An entertainment and reception is being planned in honor of the coming of Rev. S. Beuma who accepted the call to the Holland church here.

Jake Veestra and Miss Dina VanderHeide were united in marriage last Thursday at the Christian Reformed church here.

In the afternoon the married relatives were entertained at the home of the bride's parents in honor of the event and a number of young folks in the evening.

We all join in wishing the happy young couple a bon voyage through life.

ANTRIM CITY

Who says summer is not wet on the way?

Sunday a picnic party spent the day at the bay.

Fred Brooks has been doing some carpenter work for Dr. Hewitt at Norwood.

Ben Mason and family have moved on to what is known as the Greunman farm. Mr. Mason has been working for Mr. Baumbach.

73 GUESTS AT

TROUT SUPPER

Supper Greatly Enjoyed as Well as Fine Program

The ninth annual trout supper given at the Blue hall on Tuesday evening, May 3rd, was one of the most successful affairs since these popular suppers first started.

Seventy-three guests were seated at tables which were prettily decorated with flowers and heaped with good things to eat and one hundred and twenty-six trout, cooked as only the ladies of Ellsworth know how to cook. This beautiful game fish provided to be plenty for the occasion.

D. E. Clow was toastmaster for the evening and got away in fine form calling on Donald Patterson the first speaker who spoke on "community affairs."

Mr. Patterson told of the good derived and strongly urged more frequent meetings of this nature.

J. M. Elzinga and C. E. Bearss followed Mr. Patterson on the list and each gave short talks, unsatisfactory only by reason of their shortness.

Mr. and Mrs. A. J. Usher of Charlevoix were among the guests, the latter of whom responded to a call from the toastmaster with a splendid talk in which the advantages of frequent social gatherings were ably put forward and the one other out-of-town guest T. J. Hubbard of Lansing, Michigan, scored a decided hit with his address on, "Business as I Find It."

Before the meeting broke up a committee consisting of Miss Blanch Boss, Mrs. H. L. Dawson, Mrs. Merion Best, Mrs. Koo Klooster and Mrs. S. P. Baar were appointed for the supper next year and a vote of thanks was given the retiring committee for their excellent work this year.

The committee consisting of Mesdames Nelson, Peebles, Bearss, Best and Eastcott worked this year under more than ordinary difficulties and consequently their success deserves more than ordinary praise.

The association would have been pleased to have retained them for another year but the members, all of whom have served for at least two years felt that it was time to give someone else the honor and the work and there is no reason to think the choice of the new committee was not a wise one.

ELLSWORTH HAS

NEW LUMBER YARD

First Shipment of Stock to Arrive This Week

A long felt want will be filled in Ellsworth this week when the first shipment of lumber arrives for the new lumber yard which is being opened by Wm. Drenth. The first two car-loads of lumber will be unloaded some time this week and will be added to as rapidly as possible. Lumber, lath, shingles, etc., will be carried in stock and a building will be erected within the next few weeks where all kinds of mill work and interior finish will be turned out.

Mr. Drenth is an experienced carpenter and mill man who thoroughly understands lumber and building work and material. See his advertisement in this issue.

SENSATIONAL HITS

AND TY COBB SLIDES

Feature Ball Game—"Tigers" vs. "Bearcats"

In a ball game featured by almost air-tight pitching and a sensational fielding, the "South Side Tigers" put one over on the "North Side Bearcats" at the schoolhouse grounds on Wednesday afternoon of last week the score at the end of the final spasm being 35-28.

The game looked to be on ice for the "Bear Cats" when the "Tigers" came to bat for the last of the ninth with a count against them of 28-22 and with Chellis, imported from Detroit by Manager Clow, apparently going well, but the wrecking crew from the South Side got into action and caused thirteen runs across before the curtain finally came down.

With one out and ten runs in this frame, Chellis felt himself slipping and wiggled for relief. Manager Clow sent out an urgent S. O. S. for Uncle John Parsons who had been warming up behind the grand stand earlier in the game, but who refused to go in so late in the night. Chellis was therefore forced to go the route.

It is rumored by the North Side team and their supporters however that the next session of the grand jury may have another baseball scandal to settle as Manager Nelson of the "Tigers" was seen to slip Chellis a package of "fags" just before the start of the ninth.

Art Gridley, Henry Yettaw, E. H. Ross and Herman Tornica furnished

the fielding features of the game by being able to get out of the way of every ball hit into their territory, while Wallace Weiss' work with the bat was a revelation.

Summary of the game: Batteries Parsons, Elzinga and Nelson; Baar, Klooster, Chellis and VanDenBerg. Winning pitcher, Elzinga; losing pitcher, Chellis. Attendance less than 6,000. Umpire, Hewitt. Time, 2 hours and 86 minutes.

As soon as the assorted varieties of ringbone, spavin, windpuff and saddle gall caused by the game are partly cured, both teams will face each other in a second contest where nothing but the strangle hold and head lock will be barred.

MILES DISTRICT

Miss Josie Hamond of East Jordan spent Sunday night with Manila Miles.

Robert Cook and family of East Jordan spent Sunday with Frank Boyd and family.

Henry Steenhagen of Grand Rapids is here to spend the summer with his parents, Mr. and Mrs. Steenlagn.

Mrs. Anna LaLonde and daughter Esther and Mrs. A. Miles and daughter Manila motored to Central Lake to attend the ball game last Thursday.

There was a party Saturday evening at the home of Mrs. Mary Clark. Pot-luck supper was served and all who were present report an enjoyable time.

FARM BUREAU NOTES

(Continued from page three)

revision. This measure was enacted to protect the health of Michigan sheep against the importation of dangerous and contagious diseases.

Granting of licenses to grade stations or those afflicted with certain specified unsoundnesses was prohibited. This will place the horse breeding in Michigan on a much higher plane.

Laws declaring fraud or misrepresentation in the registration of animals as pure-bred or in making official or semi-official records of butter-fat production of cows to be a misdemeanor punishable by a severe penalty were enacted.

The standards for apples sold in closed packages were revised and more carefully defined, at the request of the fruit growers.

The law to prevent the importation of dangerous insects and contagious diseases affecting trees, shrubs, fruit, etc., was amended and strengthened in an effort to keep Michigan free from any invasion of new horticultural foes.

A model law for planting useful, ornamental, and nut-bearing trees along public highways was enacted.

Railroads were declared liable for frost damage to perishable products at any season of the year if such damage is caused by their negligence.

Fully as important as the enactment of this beneficial agricultural freak legislation which would be a legislation that would have been a nuisance if passed was either killed quietly in committees or amended so as to remove the obnoxious features. The farm bureau's program of wide spread publicity has no doubt played equally as important a part in this negative feature of the Legislature's activity as in the enactment of the beneficial measures.

Get the Prest-O-Lite Prescription for that Bilious Battery

Get that examination NOW!

ARE your lights dim and yellow? Do you get a lazy spark? Does the starter labor to throw the engine over? Your battery may show none of these symptoms, and still need looking over.

Tuning up the motor and putting grease in the cups and transmission don't constitute the Spring overhauling. What about the battery, the electric heart of the whole works?

It may be all right, but find out. When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery.

Drive around to the Prest-O-Lite Service Station and get the correct dope on your battery's condition. That's the common-sense thing to do. A little attention now may save you the price of a new battery later.

BOWDISH-BRADY NUPTIALS WEDNESDAY

Happy Young Couple at Home to Friends at 1026 May St.

Byron Bowdish and Miss May Brady of New Orleans, La., were united in marriage at the home of R. S. Bowdish, Wednesday, May 4th, at 8:00 p. m., Rev. Charles Rice performing the ceremony.

The bride was becomingly gowned in a costume of brown. She was attended by Mrs. R. S. Bowdish as matron of honor and given away by Mrs. F. Denny of New Orleans. John Beattie acted as best man.

Mr. Bowdish is well known in Charlevoix, having lived here practically all his life, while Mrs. Bowdish has made many friends during the three summers she has spent in the city.

A quiet wedding supper was served at the R. S. Bowdish home in their honor Thursday, May 5. Those present besides the bride and groom were Mrs. F. Denny, Mr. and Mrs. R. S. Bowdish, Mr. and Mrs. E. Shingleton, and two children; Rena and Lloyd Bowdish, Albert Cook, Harold Withers, Mrs. M. Bowdish, Miss N. Bowdish, John Beattie and Emil Chvatal.

The happy couple returned to the city Monday after a brief honeymoon spent in Traverse City, and will be at home to their friends at 1026 May street.

Bring your tires and tubes to us for repairs and vulcanizing. Our work will stand the test. Benj. Brown. 141f

24th Wedding Anniversary
Mrs. Lizzie Powell was pleasantly surprised last Thursday at her home on West Hurlbut avenue when about fifteen members of the Royal Neighborhood lodge arrived to remind her of her 24 wedding anniversary. A potluck supper was served late in the evening and the guests departed leaving a plant as a reminder of the occasion.

Notice
The Board of Education of School District No. 1, will sell to the highest bidder, the house situated at 212 Clinton street, located upon lot No. 9 of block 10 of the original plat of the village (now city) of Charlevoix, Michigan.

Sealed bids will be received by Albert F. Budge, President of the Board of Education, up to 12 o'clock noon of May 14th, 1921. The Board reserves the right to reject any or all bids.

Signed: Gail C. Vandermade, Secretary of Board of Education, 1812

If there is a small hole in that good tire you are using, have it repaired at once. It will last twice as long. Benj. Brown 141f

PITCHER BY NAME OF CHESTER SEE

Makes a Hit With University of Michigan Coach.

The U. of M. correspondent to the Detroit Free Press, in a recent issue, classes Chester See, son of Mr. and Mrs. Chas. E. See of this city, as one of the coming stars in the baseball world. "Chet" pitched good ball for the local high school team and it is quite evident from what is being said about him, that he has not forgotten how to whip the sphere across the plate during his college career. The article referred to is as follows:

"Among the freshmen is a chap named See. He is a pitcher who controls a scorching fast ball and possesses some curving ability. Ma-ther believes him to be a promising youth, and under the guidance of Coach Fisher he doubtless will become a valuable asset to the Wolverine varsity next spring. Only recently he hurled a game for the freshmen against a team comprised of 'Ineligibles,' and his team won, 7 to 6. And, considering the fact that 'Shorty' Mraz, Clark Wimbles, Hickey and Roby, some of the most talented hitters on the campus, faced the boy in this contest, his performance is at least creditable."

PATHFINDERS ENTER RESORT COUNTRY

Charlevoix is Placed On Another Tourists' Route

Charlevoix has a prominent position on one more popular automobile tourists' route. Charles L. Merriam and Carl M. Saunders of the Grand Rapids Herald stopped in Charlevoix Tuesday enroute to Mackinaw City. Saunders and Merriam are the official Herald pathfinders, and on the trip to Charlevoix were piloted by A. L. Donaldson, the western Michigan agent of the Packard Motor Car Co., with offices in Grand Rapids. They drove a big Packard twin six, coming here from Traverse City and proceeding to Petoskey.

Although the Herald has been providing southern Michigan with automobile routes for twelve years, this is the first time the pathfinders have entered the northern resort country. Thousands of tourists, not only from the Grand Rapids section but others from all over the country who stop in the Furniture City for route information use the Herald speedometer guides which will bring them into Charlevoix by way of the West Michigan Pike and the scenic route around Crystal lake nt Frankfort.

Bicycle tires, tubes, and repairs of all kinds. A little attention now will save your wheel. Benj. Brown. 141f

CONGREGATIONAL CHURCH

Next Sunday is Father's Day. You are invited to be present to take part in the honoring of true fatherhood. A special address will be given.

Remember that the church school meets at 12 m.

Christian Endeavor at 6:30.

The church stands for the highest and best in the community. Will you be present to represent your part?

If any family of this parish have friends visiting them over Sunday please plan to bring them with you to the morning worship.

If you are not a member of any church represented in this community we extend a very cordial welcome to you to meet with us and become acquainted with the friendly people who worship with us. If you are a stranger the minister will be glad to assist you in becoming acquainted.

Tire repairing that is satisfactory. Take your work to the City Vulcanizing and Repair Shop. 171f

M. E. CHURCH NOTES

Miss Belle Castle, returned missionary from China will speak at the First Methodist Episcopal church next Sunday morning.

A largely attended and interested service was held last Sunday night under the direction of the Queen Esther society. A unique feature was the entertaining of mothers and fathers by the young people of the church with light refreshments and a social time. This was in honor of "Mother's Day."

Miss Laura Brown gave a very interesting social to the Epworth League last Monday night. Many were present and greatly enjoyed the program of music and fun. Light refreshments were served.

Birthday Anniversary

Grace Shores entertained Friday at the Shores' home on north Michigan avenue, in honor of her mother, Mrs. J. V. Shores, the occasion being her birthday anniversary. The hostess served a twelve-thirty luncheon to fourteen guests.

MR. FISHERMAN

Goin' Fishin'?

Of course you are—every chance you get. You are after the big ones too and we hope you will get your share this season. Just to put a little pep in the game, we have decided to put up several good prizes for the largest fish, of four species, caught during the season. Prizes will be awarded for the largest Brook Trout, Steel Head or Rainbow Trout, Lake Trout and Small or Large Mouth Black Bass.

THESE PRIZES ARE WORTH WINNING

Every prize we are offering are well worth your time and will make a fine addition to your fishing outfit. The fish must be brought to the store and placed on exhibition in our show windows for at least one day. Three judges have been decided upon, M. A. Levinson, Archie Livingston and Dr. J. A. Auld, and they will pick the winners. The contest will close September 1st and prizes awarded. Bring in the big ones and help make this contest a snappy one. Following are the prizes offered:

**THE LARGEST BROOK
TROUT.** One Split Bamboo Rod \$11.00

**THE LARGEST SMALL
MOUTH BASS or LARGE
MOUTH BASS.** One Bristol Fish Rod \$9.00

**THE LARGEST STEEL
HEAD or RAINBOW.** One Fishing Tackle Grip \$6.00

**THE LARGEST MACKI-
NAW.** One Fish Rod and Line and Tripart Reel \$13.50

Remember we have a full line of Tackle, Poles, Casting Baits and Lines, and we can furnish live minnows for those who want them. Also we have several pair of waders for rent.

Remains Escorted to Cemetery by
Members of American Legion
—Sympathy Expressed

The body of Corporal Thomas Leslie Shapton, the first Charlevoix hero officially reported to have made the supreme sacrifice on the battlefields of France, was given a final resting place in Brookside cemetery today.

Word was received March first from government officials that the body of the dead soldier would be sent home. On Sunday last word reached here that the body had arrived in New York, and would arrive in Charlevoix either Monday or Tuesday. The remains arrived on the 3:27 train Tuesday accompanied by escort and was taken to the home of his parents, Mr. and Mrs. Ed. Shapton, on the south terrace.

Leslie Thomas Shapton was born April 11, 1897. He attended the Barnard school and later graduated from the Charlevoix high school in June with the class of 1916. He then attended the U. of M. until January 2, 1918, when he enlisted with the U. S. Marine Corps. He was sent to Paris Island, South Carolina, where he remained until April 2nd, when he was transferred to Quantico, Virginia. On April 23rd, he with his company went overseas, arriving at Brest, France, May 8th.

He took part in all of the big drives made by the U. S. Marines and from June 11th to 15th was in continuous fighting at Chateau Thierry, later participating in the Belleau Wood engagement, the two battles being the turning point of the great world war which resulted in the defeat of Germany and her allies.

He was reported as missing in action at Vierz, and later word was received that he was killed in action July 18, 1918, on the Solissons front. His body was laid to rest in the burial grounds at Ploisy Aisn, from which it was removed to be sent to this city.

He leaves to mourn their loss a father and mother, Mr. and Mrs. Ed. Shapton of this city, one sister, Mrs. George Sands, and numerous other relatives and intimate friends. Funeral services were held from the M. E. church at 2:00 p. m., Rev. Henry Chandler, officiating, members of the American Legion acting as escort and honoring their dead comrade by giving him a full military funeral, thus paying their last respects to

ANNUAL MEMORIAL DAY PROCLAMATION

The annual memorial day proclamation setting aside May 30 as a holiday has been issued by President Harding. The text follows:

"Whereas this nation has been conceived in prayer and devotion by men and women who were moved under God to found a nation where principles of right should form the lasting cornerstone; and whereas these principles purchased at the price of great sacrifice have been fostered by a worthy posterity; and whereas the great war has lately laid its costly demands upon our lands; now, therefore, I, Warren G. Harding, president of the United States, do hereby proclaim, Monday, the thirtieth day of May, a day already freighted with sacred and stimulated memories, a day of public memorial, I invite my fellow citizens fittingly to pay homage on this day to a noble dead who sleep in home land, beneath the sea or in foreign fields so that we who survive might enjoy the things of peace and happiness and to the end that liberty and justice, without which no nation can exist, shall live forever.

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done in the District of Columbia, this third day of May, in the year of Our Lord, nineteen twenty-one, and of the independence of the United States the 145th.

"WARREN G. HARDING."

their comrade who gave his life for his country, for the America he loved, for the great cause of humanity which decent notions of the world sacrificed their manhood to preserve.

DOGS RAISE HAVOC AMONG SHEEP

Almost Exterminate the Flock On
D'Ooge Farm

Sheep killing dogs almost exterminated the flock of sheep on the D'Ooge farm, east of the city on the Boyne City-Charlevoix road, Saturday morning, killing eleven out of thirteen, not molesting the lambs, as we are informed.

The sheep killers were heard at their work and an effort made to shoot them by Frank Bird, manager of the farm, but they escaped, although they appeared again later in the day.

According to reports, Hyes township has been rather unfortunate in regards to sheep killing dogs, the dogs also reported to have killed in the neighborhood of \$40 worth of turkeys recently.

The incident call the attention of officials whose duty it is to see that the law regarding dogs is rigidly enforced. Owners of dogs should not only pay the tax, but should keep their dogs under leash at night. It is quite safe to say that sheep killing will continue until the dogs involved are done away with.

NO LIMIT TO SIZE OF LAWN

Contest Open for All, Regardless of
Size or Location

People are phoning the Argo Milling Co. regarding their free prize offer of \$5 for the best kept lawn in the three wards of the city, asking if a small lawn will have the same chance of winning the prize as a large lawn.

A. A. Swinton, manager of the Argo company, has asked the Courier to state that the size of the lawn is the generosity of Geo. Hemmings, how large or how small the lawn is, if it is the best looking and best kept in the ward where it is located. The size cuts no figure at all, it is the appearance.

Go after the prize whether you have a large or small lawn. The real object of the contest is to encourage property owners to pay more attention to their lawns, thereby helping to beautify the city. Do your part to maintain the slogan: "Charlevoix the Beautiful."

FINE STRING OF SADDLE HORSES

Frank Welsh Getting Ready for
Opening of Season

Frank Welsh with his string of seventeen Kentucky bred saddle horses arrived in the city last week and within a short time will have everything in readiness for the opening of the resort season.

Mr. Welsh purchased what is commonly known as the Bell property on Mason street, and has converted it into a barn for housing his horses. The building is being repainted both inside and out and many other much needed changes made.

Mr. Welsh has conducted a riding school here for a number of years, and has given the very best of satisfaction to his patrons, and this season will be no exception.

ROLLER RINK OPENS SATURDAY

Postponement Caused By Delay in
Securing New Equipment

After considerable delay in obtaining their new equipment, R. V. Seaman, manager of the Charlevoix Roller Rink, announces that the rink will be open to the public on Saturday evening of this week. He reports that many have appeared at the rink thinking it was open, and were turned away disappointed. Saturday evening will be opening night and a good crowd is anticipated.

"THE CHURCH AND THE COMMUNITY"

Topic of Monthly Missionary Meet-
ing Friday Afternoon

The women of the Congregational church will hold their monthly missionary meeting on Friday afternoon with Mrs. Will Parmelee, leader. Mrs. Allan Campbell. Topic, "The Church and the Community."

For the balance of the year the society is to study local and community missionary work and the meetings promise to be of unusual interest. Visitors are always welcome.

If the bicycle needs a new tire, we have a full line. Repair work a specialty. Benj. Brown. 201

DAY CHOSEN AS PRESIDENT

DEVELOPMENT BUREAU HOLDS
MEETING

Development Bureau and Resort Under His Presidency Unite... Directors From Charlevoix Co.

To bring about greater development of western Michigan a plan for perfection of superorganization to embrace the Western Michigan Development bureau and the Michigan Tourist and Resort association was adopted at the annual membership meeting of the development bureau held in Traverse City last Wednesday.

The project calls for the establishment of joint offices in Grand Rapids where it was voted by members to move the development bureau headquarters immediately, and the naming of an advisory board so that the activities of the two organizations will not conflict with resultant inefficiency.

Annual dues of the development bureau were increased from \$1 to \$25 for individual membership and the bureau slogan was changed from "A Farmer for Every Forty," to "Every Acre Working." Bylaws were amended to extend the directorate to include the directors from the tourist association, the West Michigan Fair Association and groups of two and four of the Michigan Bankers association.

Officers elected are as follows: President, D. H. Day; vice-president, W. H. Loutit; second vice-president, A. L. Deuel; treasurer, Carroll F. Sweet; secretary, W. P. Hartman; assistant secretary, H. J. Gray.

Directors: Antrim county—E. R. Harris, Ellsworth; Clare Harding, Mancelona. Charlevoix county—Elmer Ingalls, Charlevoix; D. S. Payton, Charlevoix.

Emmet county—D. H. Hinckley, Petoskey; A. L. Deuel, Harbor Springs. Grand Traverse county—E. O. Blakey, Old Mission; Joseph R. Sanborn, Traverse City.

Charlevoix county was represented at the meeting by D. S. Payton, Mayor A. A. Swinton, E. B. Ward and Elmer Ingalls.

ARBOR DAY IN THE RURAL SCHOOLS

Forty Schools Planted Lilac Bushes
Last Week

Forty rural schools planted lilac bushes on May 6th. Several schools closing before Arbor Day planted both trees and shrubs as a part of the closing day exercises. The school ground beautiful is becoming a slogan of rural teachers.

The generosity of Geo. Hemmings of Oak Park, Illinois, made the planting and delivery of the trees possible, while the courtesy of the Northern Auto company of East Jordan, Boyne City, and Charlevoix made it possible to have central points for distribution of the same.

UNDERWENT SUCCESSFUL OPERATIONS

Two Charlevoix Young Men Taken
to Hospital

Jake Lindeman, meat cutter in Korth's Market, was taken to the Charlevoix hospital Friday evening suffering from a sudden attack of appendicitis, and was successfully operated upon the same evening. Reports from the hospital are that he is now on the rapid road to recovery. Frank Poole was also taken to the hospital Wednesday of last week and underwent a serious operation and at the present time is doing as well as could be expected considering the seriousness of his ailment.

Spent Evening in Dancing

Miss Kathryn Gaskin entertained at her home on the Chicago Club grounds Thursday with a dancing party. Guests were the Misses Helen Webster, Margery Myers, Marion Saunders, Edythe Hanshaw, Eleanor Finnean and Messrs. Richard Hammett, Richard Paddock, Allison Bugbee, Alfred Jones, Martin Halversen and Ernest Calloway.

First Church of Christ, Scientist Sunday service at 10:45 a. m. subject, "Soul and Body."

Sunday school at 12 m. Wednesday service at 7:45 p. m. Reading room open Tuesday, Thursday and Saturday, 2 to 5 p. m.

COUNTY FAIR. SEPTEMBER 12-16

OFFICERS AND DIRECTORS IN
ANNUAL MEETING

Appoint Committees and Make Recommendations—Meeting Held in East Jordan Last Week

The annual spring meeting of officers and directors of the Charlevoix County Agricultural Society was held at the Russell House in East Jordan Tuesday, May 10th.

Those present were President S. E. Rogers; Vice-president H. B. Hipp; Secretary D. L. Wilson. Directors: Richard Lewis, Nat Burns, E. B. Ward, James Meggison, Frank Bird, R. S. Shapton, all of Charlevoix, and F. H. Wangerman of East Jordan. Directors Robert White and Terry Barber were absent.

Meeting was called to order at 10:00 a. m., after the minutes of the previous meeting were read and approved. Richard Lewis presented the report of the finance committee which follows:

Receipts	
Gate receipts, Fair 1920,	
K. Carson	\$ 3,504.20
Subscription list collected by President, ensh...	573.00

	\$10,675.72

Educational Building Fund Recd. from County Dist. \$ 104.67 Paid E. J. Lumber Co. 75.00

Bal. on hand May 10, 1921

Richard Lewis, F. H. Wangerman, Committee.

The matter of claim for damages against the Northwestern Shows was presented by the Secretary and on motion by Ward, supported by Shapton the secretary was authorized to cause suit to be started if necessary provided an attorney can be secured on a commission basis. Motion carried.

On motion, Sept. 12 to 16 inclusive was fixed as the dates for the 1921 fair.

Following a recess for dinner the board proceeded to elect H. B. Hipp, vice-president; D. L. Wilson, secretary; E. B. Ward, marshal.

The following committees and superintendents of divisions were appointed:

Speed Committee—Nat Burns, Frank Bird, Dave Vaughn, Walter Cook and Eugene Adams. Superintendents Division A—Frank Bird. Division B—Terry Barber. Division C—D. L. Wilson. Division D—R. S. Shapton. Division E—James Meggison. Division F—San Straw. Division G—Mrs. Peter LaLonde. Division H—Robert White. Division I—May L. Stewart.

Executive Committee—H. B. Hipp, Frank Bird, F. H. Wangerman. Finance Committee—F. H. Wangerman, Richard Lewis, Nat Burns.

On motion, it was decided that an admission of fifty cents be charged for all motor vehicles parked on the fair grounds, the revenue derived from same to be used as a separate fund for improvement on the grounds. Additional parking policemen will be added this year and a system established of parking all cars so that each car's egress may be made at any time.

On motion, Vice-President Hipp was given full charge of repairing the race track.

On motion, President Rogers was authorized to repair roof and put in additional windows in the Floral hall.

The superintendents of the various divisions were instructed to employ their own assistants and to see

to it that the superintendent or his assistant in charge of exhibits in his department at all times that the exhibits were open to the public.

NINETY-NINE EIGHTH GRADERS

Write Examinations at Various Places in County

Of the ninety-nine eighth graders who took the state test Thursday and Friday of last week, forty-five wrote at Boyne City, thirty-six at Charlevoix, and eighteen at East Jordan, five of the latter being Antrim county students from the townships of Warriner, Jordan, and Echo. Reports will be received from St. James later in the week.

Of the seventh graders, whom the state department allows to write on geography and physiology only, sixteen wrote at East Jordan, thirty-one at Charlevoix, and thirty-two at Boyne City.

The board of examiners will meet at 8:00 a. m. in Charlevoix, May 21, to decide on promotions. Commencement exercises will be held throughout the county in the various townships, the first one May 21st, and the last June 10th. The list of commencement dates has been printed in an earlier issue of the paper but will be given again when the class roll is published next week.

LOCAL MASONS VISIT EAST JORDAN

Sixty-five Local Members Visit Our
Neighboring City

East Jordan lodge, F. & A. M., entertained visiting members from Charlevoix to the number of 65, besides members of the order from Boyne City, Ellsworth, and neighboring towns at a 7:00 o'clock supper Monday evening.

The supper was served in the new high school building, where plates were set for one hundred and forty. The feed was all that could be asked for and the entertainers received numerous compliments on the manner in which they feasted their visiting brothers.

After the supper lodge was opened in the Masonic temple, and one candidate initiated into the mysteries of the third degree. The degree team, which put on the work, is deserving of great praise and commendation for the manner in which they handled the work, which is said to be equal in technique, style and performance to that of the large cities.

Charlevoix members were royally entertained and thoroughly enjoyed the evening.

STATE VETERINARY TESTING CATTLE

First Two Hundred and Fifty Passed
Clean

State Veterinary, F. W. High, who has been testing cattle in the territory south and east of Charlevoix, has found none as yet afflicted with tuberculosis. All of the 250 already tested in this territory have passed clean. This is a very good showing for our cattle.

We hope a large majority of the cattle owners will sign up for this test and thus assure the city dairy products free from tubercular contamination. The work is done without any charge to the cattle owners and gives them a real opportunity to know that their herds are clean from this disease. Dr. High will be in the county some three or four weeks longer and if there is anyone who neglected to make their application they can secure a blank by addressing the county agent at Boyne City.

DIED AFTER EXTENDED ILLNESS

Walter D. Yemans Buried Monday
at Brookside Cemetery

Walter David Yemans, ten year old son of Mr. and Mrs. Walter Yemans, died at the home of his parents, Friday, May 13th, following an illness lasting over five months. Walter was born in Charlevoix, April 19, 1911, and has lived all his life here, attending the Charlevoix public schools and was baptised in the Congregational church. He is survived by two sisters, Ellen and Ruth, and one brother Otto, besides his parents.

Funeral services were held from the Yemans' home on Nettleton avenue, Monday, at 10:00 a. m. Rev. J. Smith officiating. Interment in Brookside.

W. C. T. U. Convention The county W. C. T. U. convention at East Jordan next Saturday will be attended by a large delegation from the local union. A fine program is announced.

STATE TRAPPER GETS 8 WOLVES

EFFORTS MADE TO RID COUNTRY OF PESTS

Michigan Game Department Making Big Effort to Rid Territory of Timber Wolves

Charlevoix sportsmen will be interested in the following article taken from the Petoskey Evening News, which tells of the efforts of the State Game Department to rid the huge timber areas in the northern peninsula of wolves, which has been the chief cause of the killing of deer and other game animals:

"Capture of a full grown male timber wolf and seven wolf pups alive, bringing them to camp on his back, and eventually turning them over to the Michigan state game department farm at Mason, Mich., is one of the feats of A. Jensen, wolf trapper for the state on government land in the Lake Gogebic region of the upper peninsula, according to David R. Jones, of Petoskey, chief warden for the game department.

Jensen, in capturing the male wolf, succeeded in getting the animal's head between two small saplings near the trap, tied his jaws shut over a stick of wood, hog-tied his feet, put the wolf pups in a bag, threw the male wolf over one shoulder and the pups over the other and hooped it to the camp.

Warden Jones spent several days in the wolf-trapping region this month inspecting student trappers, and regular trapping camps and other efforts at game preservation and declared that good work was being accomplished this spring.

J. S. Ligon, western woodsman, trapper and hunter, has charge of training state-paid trappers into the science of capturing wolves and is operating a number of student camps on the upper peninsula. He is employed by the federal agricultural department.

Warden Jones estimates that as a result of the state trapping industry thousands of deer, and other small game, partridge and other game birds are saved each year to Michigan hunters. Timber wolves continue to appear in large numbers in the Gogebic Lake region and are killing off much game.

MAYER SHOE STORE OPEN TO PUBLIC

New Stock Has Arrived and is Displayed on Shelves

The Mayer Shoe Store, John Slezak, proprietor, announces its opening in another column, and the arrival of a full line of the famous Mayer and other makes of shoes, which has been in transit for several weeks.

It will be recalled that Mr. Slezak purchased the Bedford shoe stock and will conduct the business in the same location, having leased the building for a term of years.

W. C. T. U. Speaker Here

Mrs. Edna H. Fuller of Farwell, Michigan, W. C. T. U. president of the tenth district will give an address at the Congregational church Monday evening, May 23rd. Mrs. Fuller will also speak at the county convention to be held at East Jordan Saturday. She comes well recommended and will sing as well as speak. The general public is invited to hear her.

Furniture There is still furniture for sale at the Carpenter Bungalow. Call phone 79.

LEGISLATURE TO MEET MAY 24

Governor Alex J. Groesbeck has issued the call for the special session of the Legislature to convene May 24.

The first thing to be considered will be the Dacey bonus bill, introduced during the regular session, and it will be passed practically in its original form the first week of the session. Distribution of the bonus application blanks will commence next week.

The governor's call will not specify the various matters which will be laid before the legislature but he will send a message to the body when it meets, outlining the legislation he considers most urgent.

CORRESPONDENCE

EVELINE

Lance Kemp has rented the Horned place for the year.

Friday will be the last day of school in district number five.

Everett Spidle has returned from a few days' visit at his grandfather's at Rapid City.

Frank Greenman and children of Bellaire spent Sunday at Milan Greenman's and Russell Thomas'.

Claude Greenman and family were callers in the neighborhood last week. They are now located at Sutton in Leelanau.

T. A. Farrand, state inspector in fruit growing is expected at Eveline Orchards on Wednesday, May 18 to demonstrate spraying and dusting.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 20tf

DEER LAKE

Mrs. W. A. Mundy has been quite sick.

Mr. and Mrs. T. S. Barber were Charlevoix callers Friday afternoon. A number of Bert Lumley's friends helped him raise his barn last Tuesday.

Irving Coykendall and Zola Barber took the eighth grade examination at Boyne City this week.

Miss Eva Latham closed a very successful term of school Friday and returned to her home in Boyne Messrs. Fred Sarasin and Grant

\$100 Reward, \$100

Cataract is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100 for any case of Cataract that HALL'S CATARRH MEDICINE fails to cure. Druggists fee. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

Hoffman of Boyne City are doing the carpenter work on Bert Lumley's barn.

Thirty-six friends of Mr. and Mrs. Aaron Ensign enjoyed a progressive party at their home Friday night. The occasion was also in honor of Mrs. Ida Slaughter and Mrs. Ensign's birthdays. Helen Hardy and Matt Hardy were awarded the first prize and Lester Hardy and Alice Shepard the consolation prize. Dancing was also indulged in and at midnight a fine luncheon was served. The ladies were given a show of handkerchiefs.

Let us overhaul that bicycle and make it run like a new one. We guarantee a satisfactory job. Benj. Brown. 20tf

NORTH HAYES

John Spiegle lost a cow Saturday. Jones Lewis is working on the county road.

School township day will be held at Maple Grove May 23.

Mrs. Wm. Hair has finished her school year and is home for the summer.

Mrs. R. Dickerhoof is visiting her daughter, Mrs. Elmer Hanna of Harbor Springs.

Mrs. Pete Scott will keep house for her father while Mrs. Gregory is in Grand Rapids.

James Hooper returned home from California, Monday, May 8. He made the trip by auto.

Mr. Kreper and George Hair of Petoskey were callers at the home of Henry Hair May 15.

Mrs. Wm. Gregory left for Grand Rapids to visit her son Will and daughter, Mrs. Chas. Spar.

Horace Newson and grandson Lee drove to Grand Rapids the first of the week returning with a load of groceries. They made the drive from Grand Rapids to Burgess in about 13 hours.

A number of sheep were killed at the D'Ooge farm Friday by dogs. Besides the sheep killed last year in Hayes there were about \$40 worth

of turkeys killed. Why won't dog owners keep their dogs at home.

Some kind friend relieved Andrew Everts of a quantity of seed corn and about two bushel of beans. He says if they would return the bags they took to carry it away he wouldn't feel so bad about it. The bags were marked so he probably will locate them some time.

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown. 20tf

NORWOOD

(Too late for last week)

F. A. Swartout is suffering from blood poisoning in one of his hands. Mrs. Nelson Empey is spending a few days with relatives and friends in Charlevoix.

Henry Klouster and family of Atwood attended services at M. E. church at Norwood Sunday evening.

Dr. and Mrs. Hewitt entertained for Sunday dinner, on Mothers' Day Rev. E. E. Clark and wife and daughter Doris and Francis Best of Ellsworth, and Mr. and Mrs. Amos Richardson of Norwood.

Mothers' Day was fittingly observed by Dr. Hewitt. The Doctor took our dear neighbors and friends, Mr. and Mrs. Amos Richardson for an auto ride in his beautiful new Willys-Knight sedan. He drove them to many of the home of their friends for a short call. Just like our dear Doctor Hewitt and wife, always trying to bring a bit of sunshine into the lives of those about them.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown. 20tf

HAYES

Spence Martin has sold his farm to Mr. and Mrs. Miles.

Mrs. William Gregory is visiting her daughter Pearl in Detroit.

Mr. and Mrs. Hermann Jerichow spent Sunday at Neill Baker's.

Floyd Webster an wife were visitors at Platt Webster's Sunday.

Mrs. Frank Kane attended the funeral of little Walter Yemmn's Monday.

Mr. and Mrs. William Gregory jr., of Detroit are the proud parents of a dandy boy.

Word has been received from Detroit that Mrs. W. Gregory, formerly Miss Ada Rush, is very low with pneumonia.

A pot-luck party was given at the home of Mr. and Mrs. Fay Kane on May 14th. Seventy-one were present and enjoyed the evening dancing and playing games.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 20tf

IRONTON

C. W. Reber of Willwood is visiting at the Ogden home.

Harry White of Bellaire has finished a new well at the Ward home.

Ross Alexander is employed as chauffeur for Mr. Loeh for the season.

The Ladies' Aid will meet at the home of Mrs. Alexander Thursday afternoon.

Mark Saunders who is working in St. Charles, Michigan, is visiting his parents, Mr. and Mrs. Jerry Saunders.

AT THE MOVIES

"I don't remember the name of my aunt, but I can draw a picture of her." Nance Olden was playing a desperate part and a losing one—until she drew that sketch of her fictitious aunt on the back of an envelope given her by the man who had befriended her. In that sketch he saw the work of a genius.—And so little Nance, founding, thief, artist came into fame, fortune and love in one of the most fascinating stories ever told on the screen. Bebe Daniels in "She Couldn't Help It" proves that she is thoroughly at home in a story of adventure, as well as in straight comedy.

Coming to Palace Theatre next Saturday and Sunday.

Do you remember "In the Bishop's Carriage?"

Hundreds of thousands have read the fascinating novel by Miriam Michelson, and have exclaimed, "What a wonderful picture it would make!" Don't miss seeing Bebe Daniels in "She Couldn't Help It," the photoplay version of "In the Bishop's Carriage."

Kidnapped from her home at midnight by the man she had laughed at, she found herself borne away into the woods and held a prisoner. And then it came his time to laugh at her. At first she hated him for it, and then—You will learn what happened when you see Bert Lytell in the new Metro picturization of the well-known stage play, "The Misleading Lady." At Palace Theatre next Wednesday. Don't miss this rapid fire entertainment.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown. 20tf

THE NATIONAL CAPITAL

By J. E. Jones

Flag Up the Tariff

It is doubtful whether there is a single human being in the United States that does not know something about churches, but there are 65,000,000 unchurched people just the same. Everyone has been hearing about the tariff ever since those "bolshhevik" Bostonians dumped the English tea in their harbor. But there are more people untaught than there are people unchurched. Every well regulated newspaper man cannot help but entertain grievous doubts upon the question when he essays to write about the tariff and call it "news." But the tariff, like poor relations and taxes, is ever with us and each succeeding campaign the doctrine of Diogenes Lactantius, though seventeen hundred years old, is reiterated and intelligent voters are informed that the tariff laws are "like cobwebs for if any trifling or powerless thing fell into them, they held it fast; while if it were something weightier it broke through them and was off." Upon this theory Republicans are bent upon having an emergency tariff law, since the party in power is unanimously agreed that the tariff measure of the party recently kicked out of power is a large-meshed cobweb. In the analysis of the trade situation based upon government statistics it is found that the balance of trade in favor of the United States was \$274,000,000 in February and \$132,000,000 in March, a reduction of more than fifty per cent. America's balance of trade with the world is fast waning under increasing imports and decreasing exports, and this is particularly tragic in the eyes of any Republican administration, haste is being made to put through an emergency tariff bill, accompanied by anti-dumping provisions for American valuations, so that products of the agricultural industry will be protected while at the same time "infant" and other manufacturers will be shielded from what the Congressmen tell us is "the destructive competition of foreign labor and capital." Even Germany exported products to the United States during 1920 that were valued at \$88,836,280, which was almost nine times that sent there in the year preceding. Compared with normal pre-war figures it is shown that Germany has "beaten back" to one-half its normal output. Thus it will be seen that

Germany's foreign trade is growing by leaps and bounds, and the sad fact presents itself conclusively to the National administration that America's foreign trade is dwindling. The tariff weapon of the Republican party is being placed in new armor to combat the hordes of foreign competitors; and an emergency tariff law, followed by a permanent measure, is the immediate concern of the National law-makers, since they figure that the sure road to our industrial and economic salvation is by the tariff highway.

The Outlaw Reds

Some of the eastern cities have recently been flooded with circulars addressed to "comrades," who are supposed to exist among the working class. These "fliers" purport to represent the view of the communist party in America. They begin with a savage assault upon all kinds of organizations, including manufacturers, chambers of commerce, the A. F. of L., and "kindred labor unions" whom they denounce as "labor fakirs." The communist party in these circulars figures that our present form of government is a "capitalist state" and that the only solution they can find is in the overthrow of it all and the substitution of "the soviet government." Of course there is not the alarm felt over this agitation that existed during the critical days following the war, with its discontent among soldiers and civilians because of the disarrangement of their usual course of living. The activity of the Reds is, nevertheless, not to be ignored, and it is therefore felt to be a matter of interest to be referred to in public print at this time when there is talk about swatting to remind good citizens that the method should not be confined to files.

Shares Without Par Value

Considerable attention is being given to legislative reforms that have been carried into effect by laws of Alabama, California, Idaho, Colorado, Delaware, Illinois, Kansas, Maine, North Carolina, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Utah, Virginia, West Virginia and Wisconsin, making it compulsory for the directors of corporations to fix the consideration for which shares of stock may be issued; or providing that in addition to stating the number of shares authorized the certificates of incorporation shall also set forth an amount of capital with which the

corporation is to carry on the business, this usually being an amount equal to \$5, or some multiple thereof, for each share authorized; and making the directors personally liable for the debts of the corporation until this amount has been paid in. The theory of non-par value is that shares are merely an evidence of the pro-rata interest of capital and earnings. The legislation in most states recognizes "capital" and "earnings" as fundamentally different, and dissolves the commonly accepted theory of their fixed relationship. One state has explained: "The intent and purpose of this act is to require a share of stock to be treated and represented, subject to lawful rights, privileges, limitations and restrictions, as a mere evidence of an aliquot part or divisional interest of the assets and earnings of the corporation having the same, whatever the extent of value of such assets or earnings may be, to the end that misrepresentation or misunderstanding arising through the difference between actual value of a share of stock and the value appearing on the face of the certificate therefor may be eliminated."

It is unnecessary to state that there have been numerous issues of stock whose printed value was governed entirely by the imagination. Mining and oil promoters visualized their dreams in long rows of eiphers. A far greater abuse has been perpetrated through actual deception; minus the dreams; by means of which "watered stock" has been unloaded on the public. The principle has been the same regardless of whether it was foisted on Wall street or Smith's Crossroads.

The United States government has been engaged for several years in making a physical valuation of the railroads of the country. Perhaps the results will help to fix the actual par value of shares of the different carriers. It must not be overlooked, however, that in the legislation enacted by the several states enumerated above that "earnings" is an item of importance quite equal to that of "capital" when it comes to fixing the price of shares. The theory of the several states is to make it plain to the investor that his dollar has a definite value, no matter whether he is buying a pound of coffee, a drink of soda, or a share of stock.

Humanizing Legislation

The Senate has before it the Sheppard-Towner bill which regulates maternity and infancy rights. This measure is sometimes called the "baby bill," because among its provisions is included the care of babies and small children whose mothers are obliged to leave them in order to work for their support.

Still another measure known as the Public Welfare bill is being worked out in Congress, with General Sawyer, physician to President Harding, directing its course. The President stands sponsor for this measure, and as a result there is likely to be early action. It provides for a Department of Public Welfare, and it is urged that the creating of this branch of government work will find favor in the catalog of pending "humanizing" legislation.

President Comforts the J'iners

There are not as many lodgeless men and women in the United States as there are those who are unchurched and untariffed. President Harding pleads guilty to the charge that he is a j'iner, and he thinks that it is a very commendable habit. "Fraternity is understanding," he said. "You cannot belong unless you believe in truth, justice, and love. I wish that the nations of the world could be committed to fraternal doctrines, because with fraternalism comes understanding. If the nations understood one another, the world would be better and there would be no more war."

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown. 201f

WILL HELP OUT TEACHER SHORTAGE

Six More Added to Available List in Charlevoix County

At a meeting of the county board of school examiners at the court house in Charlevoix at 8:30 a. m. Saturday, the following certificates were granted:

Mary Bird, second grade expiring May 7, 1924.

Margaret Burns, third grade expiring June 30, 1922.

Esther Miles, second grade expiring May 7, 1924.

Clare Marie Thorsen, second grade expiring May 7, 1924.

D. Edith Sellers, third grade expiring June 30, 1923.

Edith Quinn, third grade expiring June 30, 1922.

The above were already teaching within the county and the list adds not a one to our list of available teachers for 1921-1922.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown. 201f

TRAVERSE CITY

FARMERS

With present price prospects it is indeed a bit discouraging to plan the spring planting.

There are, however, some favorable factors. Seed is cheaper and labor also is and will be much lower. The farmer who uses good seed and prepares the soil with care is going to show a profit for the year.

It may not be as large as some other years, but with the land there and the equipment with which to work it no farmer can afford to let his acres lie idle.

As in the past, to the farmer who works hardest and gives his farming operations the most thought, will go the greatest profit.

We can offer you suggestions as to seed and fertilizer, feeds of any kind. Let us know your wants.

EDITORIAL

IMMIGRATION AFFECTS ALL

It is hard for people who live remote from the ports of entry and away from the big centers of population to realize how deeply they are concerned in the problem of immigration, and how necessary it is for them to make the weight of their interest felt by the governmental powers dealing with the question.

Whether any check were put upon immigration or not, there undoubtedly would have to be a new policy of distribution. This means that instead of settling in the big cities, the immigrants would be directed to any part of the country where their labor was needed and they seemed to be most likely assimilated.

If a good class of immigrants were distributed thus, it would be a healthy and beneficial process, like skin-grafting. If immigrants are admitted and scattered at random throughout the nation who are diseased in body and mind, carriers of bodily and social disorders, their progress may be likened to the spread of a loathsome eruptive disease. First the trouble will break out in one spot, and then in another until presently the whole national body is infected.

This being the case, no community can afford to remain indifferent to the immigrant problem either as to its solution in Washington or in being prepared to meet it at home.

ARE YOU FORTY?

Are you forty? And are you well and happy, or are you fat and flabby and puffy under the eyes and short of breath, and do you tire unduly after a day's work or play?

In short, at forty-five are you better than you ever were at thirty, as you should be, or are you on the way to the cemetery?

Mr. Harvey Wiley is trying to persuade everybody in the country, at forty—and younger, if he can catch them—to take periodical health examinations. He says entirely too many people begin to go to seed at too early an age. The doctor himself is well on to four-score and still going strong, writing better stuff than ever, and just as active a guardian of the public health.

He says in the current Good Housekeeping that "from 40 to 60 is the fruitage age of humanity." In the case of the ordinary individual, these are the years of his greatest

output. "In fact, while from 40 to 60 one may have a greater amount of energy, his actual attainment and output are very likely to be much greater from 50 to 60 than they were from 40 to 50. This comes from his experience and adaptability to the thing he is doing. He has acquired skill, tolerance and knowledge which permit him, with the same expenditure of energy, to turn out a much larger quantity of product." He concludes that the protection of these fruitful years from what he rightly calls the catastrophe of the diseases he is warning against "is of the highest economic and social importance."

The way to lengthen your days, he says, and to keep up your strength and vitality to the end, is to have your family doctor give you a good going over a couple of times a year and obey his mandates. It's good advice, whether you are 40 or 20 or 60. The ounce of prevention is still not only worth the pound of cure, but is costs one-sixteenth as much, or less.

The Catholic Ladies will give a baked goods sale on May 28th, in the former McCann's Bakery building. adv 201

ADDITIONAL LOCALS

J. M. Harris of Boyne City was in town Monday on business.

The board of review is in session at the office of the city clerk.

Mrs. Richard Lewis spent Sunday and Monday in Enst Jordan with relatives.

A. J. Usher and Charles Emrey were business callers in Ellsworth Friday.

The steamship Missouri arrived at the local dock Sunday night on her regular northbound trip.

Katherine Moblo spent the weekend at Deer Lake the guest of the Eugene Raymond family.

Mrs. Heaton of Detroit has arrived at her cottage on the Belvedere resort for the summer.

Robert Kimmick of Lansing was in town Tuesday the guest of Hilda Myers at her home on Park avenue.

Wm. Wood, Jr., left Monday for the Ann Arbor hospital where he will undergo an operation on his eye.

Robert Morse has returned from his home in Lansing and will spend the summer on his farm near Iron-ton.

Edmund Dean of the Northern Auto company of Petoskey was at the local office Wednesday on business.

Sam Cooper a former resident of Charlevoix, now located at Petoskey was in town Monday on business.

D. M. Hallberg and H. Erickson of Chicago are at the Windsor Aldrich cottage on Belvedere avenue for the summer.

Mrs. Benj. Brown left Wednesday morning to visit her sister, Mrs. Charles Strehl of East Jordan for a few days.

Mrs. Fred Bergman who has been dangerously ill at the Charlevoix hospital the past week is reported as steadily improving.

Miss Eva Laugh of Detroit, division toll instructor will be at the local exchange for a week teaching new work to toll operators.

Mrs. W. P. Stevens of Detroit is at the Linda Vista for a few days while she is having her cottage on the Belvedere repaired.

Charlevoix lodge number 282, F. & A. M. Friday night, May 20th. Work in E. A. degree, Tuesday night May 24th, work in F. C. degree.

A marriage license was issued Saturday, May 14, at the office of the county clerk to Delphus J. Pelletier and Gladys Briggs, both of St. James.

Ross Alexander has taken a position at the Loeb Farms beginning work Monday. He expects to have charge of the new speed boat recently purchased.

The steamer Bruce plying between St. James and Charlevoix has changed her schedule for the summer leaving the local dock at 1:30 p. m. returning the next morning.

Robert Jarvis and small son Robert, Jr., left Wednesday afternoon for New York city via Detroit and Flint. Mr. Jarvis will visit his brother Dixon in the latter place.

Seventeen members of the local branch of the American Legion were present at their regular monthly meeting and banquet held at the James Earle restaurant Monday evening.

The fire department was called out Friday night by an alarm from the P. M. railway depot, a blaze having started at the trestle. It proved to have just started and was quickly extinguished.

Fifteen members of the local union expect to attend the W. C. T. U. convention at East Jordan Saturday, May 21st. They will go by auto and return after the evening session. The convention will open at 1:30 p. m.

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown. 201

DAIRY

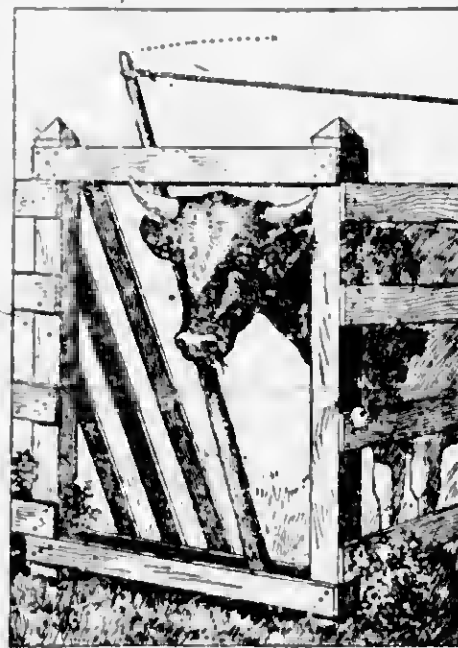

HANDY GATE FOR DEHORNING

Holder Rigged Up Leaving Sufficient Space for Animal's Head Is Easily Constructed.

A lock gate for catching and holding rows while they are being dehorned and trucked. Is simple in construction.

First make a gateway in the lot fence, using not less than 4-inch material for the gateposts. Now nail a 6-inch board on each side of these posts, across the gate at the ground, and also two others across at the top of the posts. Close up half of the opening by nailing boards diagonally to the boards at top and bottom of the posts, as illustrated. Get a strong pole, about 4 inches in diameter and 12 feet long. Have a hole through its large end with a 1-inch auger; also bore through the bottom boards, about 8 or 10 inches from the post at the open side of the gate. Lay the pole down between the top boards and the bottom ones and insert a 1-inch rod through the bottom boards and the pole. Then tie a 1-inch rope to the top end of the pole.

When ready to dehorn or mark a large strong animal, drive her toward the gate. Just as she passes her head by the pole, pull it over against her neck, and she is easily held. There

A Gate, Rigged Up So as to Leave Only an Opening Big Enough for the Animal's Head, Is Useful When the Animal Is to Be Marked or Dehorned.

is no danger of her doing damage with her horns, for she cannot move her head.—Popular Mechanics Magazine.

AVERAGE WEIGHT OF CALVES

Figures Secured From Dairy Herds of University of Illinois—Factors That Influence.

A very well-bred Holstein bull calf weighing 112 pounds was recently dropped in the Kansas state agricultural college farm at Manhattan. Most of the dairy infants, however, weigh considerably less than this Kansas heavyweight.

In the dairy herds of the University of Illinois the average weights of the calves of the various breeds at birth have been as follows: Holstein male, 90 lbs.; female, 85 lbs.; Ayrshire male, 77.7; female, 74.3; Guernsey male, 70; female, 68.8; Jersey male, 62.4; female, 59.7 lbs.

It is a good practice to note and record the approximate weights of calves at birth, because this information is valuable in apportioning milk to the young animals. The 112-pound Kansas giant, for instance, could handle a feeding of milk that would put a Jersey calf of average weight in the for pasture all.

Besides breed and size, heredity and the age size and physical condition of the dam influence birth weights.

Circulation counts—we have it.

The Campbell Boot Shop was moved last week to the building formerly occupied by the Myrtle Young & Son Insurance Agency. The building has been redecorated and many other changes made including modern shelving making a very attractive sales room.

HANDSOME CHECK WRITER PINCHED
Officers Believe They Have the Mysterious Mrs. Josephine Stark

A woman giving her name as Mrs. Clyde Potter, and believed by police to have passed worthless checks in a number of Michigan cities, was arrested at Sturgis, Mich. late Friday and taken to Lansing to face a charge of victimizing a number of the merchants of that place.

Officers believe the woman is none other than the mysterious Mrs. Josephine Stark, first heard of in Petoskey last summer when she swindled a number of Petoskey, Boyne City and Charlevoix store and resort owners.

She was last heard of in Corunna, where she escaped after defrauding Corunna merchants out of about \$500. In southern Michigan this spring the woman was accompanied by a man she alleged was her husband, and by a little boy. She was also accompanied by a young woman about twenty-four years of age.

In each city she worked the same scheme. She would make deposit in the local bank and then pay her bills by check. After securing the

confidence of the dealers she would flood the town with checks, making small purchases and paying with checks for large sums. Before these could be returned through the clearing house she would withdraw her bank deposit and disappear.

New Palace Theatre Especially Good Attractions For This Week

THURSDAY, MAY 19—Paramount presents Robert Warwick in "The City of Masks." A romance of life beneath the surface of things as they seem to be. Where lives are veiled in the city of unknown faces, hurrying past—lost. Where your next door neighbor may be a genius, a prince or a gunman—but always a mystery. That's New York. Such is the theme of this strangely alluring romance. Every scene a surprise. Every act a thrill. Also a Rowland comedy. "Oh, Promise Me."

SATURDAY and SUNDAY, MAY 21st and 22nd—Realtor presents Bebe Daniels in "She Couldn't Help It." Adapted from "In the Bishop's Carriage," a novel by Miriam Michelson. Here is an entertainment which every member of your family will enjoy. Full of excitement and adventure and

the uphill battle of a plucky girl. See Bebe Daniels in her latest picture, "She Couldn't Help It." Also a two-reel comedy, "For Heaven Sakes."

WEDNESDAY, MAY 25th—Metro presents Bert Lytell in "The Misleading Lady." This play registered one of the biggest hits ever known in New York. Mr. Lytell does his finest work in this production. The supporting cast including the beautiful Lucy Cotton as leading woman are all distinguished and widely known. This picture is up to Metro's highest standard. Also a Mutt and Jeff cartoon, "The Ventriloquist."

COMING—Thursday, May 26, Tom Mix in "Prairie Trails."

COMING—Saturday, May 28, Wm. Farnum in "If I were King." Big Special.

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

"There is a growing habit in the community of circulating a petition every time somebody wants something from a new pair of mitts to a new set of tires," says the editor of the Newberry News. "It is a much easier way of getting a thing than by working for it. Perceiving the beauty of the idea, we would like to try it ourselves. The situation is this: Fishing season is now on, and upon looking over our outfit, we discover one of our wading boots is all shot to pieces. Consequently we are obliged to either buy a new pair or have one leg cut off. Believing that the generous public will help us solve the problem, we are about to circulate a subscription for

a new pair of boots and we will be at this office at all times prepared to receive donations to help us in this hour of distress. If the door is locked, donors will find us out by the woodpile digging worms."

Trout fisherman, it is hoped, will have due regard for the fact that it is illegal to retain a trout less than seven inches long, and as a general thing, dishonest to let one "get away" that is more than two feet long.

A Charlotte woman is seeking divorce claiming that her husband is lazy and worthless, and has forced her to move 21 times since they were married four years ago. We doubt whether the first charge will stand, however, if it can be shown that he has helped to put down the carpets.

Tenants of the Lansing jail during the past twelve months, represented the following professions: laborers, merchants, salesmen, domestic help, chauffeurs, students, machinists, clerks, housewives, painters, farmers, barbers, linemen, printers, waitresses, real estate dealers, switchmen, tailors, hucksters, automobile repairers, agents, bookkeepers, brokers, physicians, boiler-makers, prize fighters, bakers, butchers, core makers, contractors, collectors, draymen, druggists, engineers, electricians, dance hall proprietors, foremen, factory inspectors, firemen, gamblers, hair dressers, instructors, junk dealers, messengers, newsdealers, motormen, opticians, paper hangers, representatives, restaurant keepers, hotel proprietors, lawyers—but why go on? Just what you would expect—men of every profession and trade, except priests, ministers and newspapermen.

There will be one black bear less in the sheep-murdering clan of that species on the upper Black river.

Marvin McClelland succeeded in trapping one of the species near the Freeman sheep ranch Sunday. He brought the beast to Cheboygan where it was on show at the McClelland home. There has been a \$25 reward bounty placed on black bears by sheep ranchers on the upper Black, and this is the first one to be taken.

There were over 500 sheep killed last summer by bears, and nearly a score were slain several weeks ago when the sheep were first turned out for grazing. Several sheep have been killed since, it is said.

McClelland found the bear in a trap, Sunday, and killed the bear with a revolver. A. Bonsecours assisted in setting the traps.—Cheboygan Tribune.

Mrs. Anna LaLonde and Esther LaLonde and Mrs. A. Miles and Manita Miles spent last Wednesday at the home of Mr. and Mrs. Chas. Withers near Charlevoix.

Mr. and Mrs. Art Gridley and little son Dick of Ellsworth and Mr. and Mrs. A. Miles spent Sunday at the home of Mr. and Mrs. Lyman Miles in Chaddock district.

Card of Thanks

We wish to thank our friends and neighbors for the many kindnesses shown us during the illness and death of our beloved son and husband. Also for the beautiful floral offerings.

Mrs. Clifford Mayhew and children.

James Willis and family.

2011p

The more you let people know about your troubles the more of their troubles they'll let you carry.

THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor.

Read this statement:

Mrs. Leo Allard, 210 W. Upright Ave., Charlevoix, says: "There was a constant, dull, heavy ache in the lower part of my back. My kidneys acted irregularly. Doan's Kidney Pills, which I got at Metcalf's Drug Store, cured me."

60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

LEGAL NOTICES

Notice for Sealed Proposals

Sealed proposals for the building of a pavement including curb and gutter, in accordance with the plans and specifications therefore on file will be received at my office up to five o'clock p. m. of May 16th, 1921.

All bids must be accompanied by certified check payable to the City of Charlevoix in a sum equal to five per cent of the bid as security that the bidder will enter into the contract to perform the terms of his bid. In lieu of the check, a money deposit in like amount will be accepted. The city reserves the right

to reject any or all bids. Further information and consultation of plans and specifications may be had at my office or the office of the City Engineer.

May 10th, 1921.

1912 Archie L. Livingston, City Clerk.

Probate Notice

State of Michigan, the Probate Court for the County of Charlevoix.

At a session of said Court, held at the Probate office in the City of Charlevoix in said County, on the 5th day of May, A. D. 1921.

Present, Hon. Servetus A. Correll, Judge of Probate.

In the matter of the estate of Thomas M. Stroud, deceased.

Eugene E. Stroud having filed in said court his final administration account, and this petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It is ordered that the 28th day of May, A. D. 1921, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Charlevoix Courier, a newspaper printed and circulated in said county.

Servetus A. Correll, Judge of Probate.

You'll enjoy the sport of rolling 'em with P. A.!

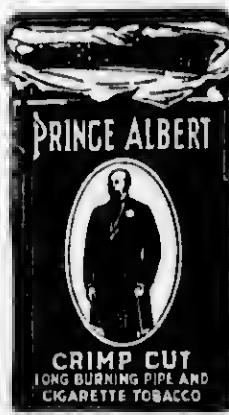

FIRST thing you do next—go get some makin' papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

No use sitting-by and saying maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words emphatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you slip between the sheets without a comeback.

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe—forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It's a smoke revelation in a jimmy pipe or a cigarette!

Prince Albert is sold in tippy red bags, tippy red tins, hand-some pound and half-pound tin humidors and in the pound crystal glass humidor with sponge moistener top.

Absence makes the heart grow fonder

When you're away from home! That's the time your family thinks of you most and wants most to hear from you.

It's possible, too, to have your voice carry across the separating miles into that welcoming home.

Long Distance Telephone Service does it for you.

Imagine—the tingling surprise of your loved ones at suddenly receiving your long distance greeting—the pleasure you will take in hearing their voices.

It's worth much more to you than the little it costs.

Your conversation over Long Distance can readily be carried on in a low tone; connections are made quickly.

Next time you are out of town remember that you have this great convenience at your command and make use of it.

Give the folks at home a surprise!

Wherever you are, drop into your home for a few minutes each day via Long Distance Telephone.

ELLSWORTH

A. Moblo spent Saturday evening in Charlevoix.

Mr. and Mrs. Moblo were East Jordan callers Monday.

Joe Lalonde of East Jordan visited at A. Martin's Sunday.

The L. A. S. meets with Mrs. Wm. Eastcott on Thursday of this week.

J. M. Elzinga was at Cadillac on business from Saturday until Monday.

Rev. E. E. Clark attended a coaching conference at Bellaire one day last week.

Dr. Beuker and H. L. Dawson were at Charlevoix on business one day last week.

D. E. Clow was at Central Lake one day last week attending the funeral of an uncle.

Mr. and Mrs. Leo Lalonde and children of East Jordan visited A. Moblo's Sunday.

Don't forget the barbeque. Only 70 days more. Don't miss it. Ellsworth August 4th, 1921.

Mr. and Mrs. Hubert Bearss and Miss Savilla Yettaw spent Sunday at the M. R. Nelson home.

Miss Josephine Brnsche of Traverse City is spending a few days with her sister, Mrs. A. L. Ely.

Road Commissioner J. H. Elzinga attended a good roads meeting at Petoskey on Thursday and Friday of last week.

Rev. Matthew Pritchard and Mrs. Pritchard of Alden were guests of Rev. and Mrs. E. E. Clark on Monday of this week.

Wm. Denner of Duluth, Minnesota, has purchased a farm southwest of Atwood and arrived last week to take possession.

Twenty-two pupils wrote the 8th grade examination on Thursday and Friday of last week, eight of whom were students in the Ellsworth school.

The tenth grade graduates of the Ellsworth school will hold their graduation exercises in the Blue hall on Tuesday evening, May 24th, instead of Thursday evening, May 19th as at first intended.

Hubert Bearss announces the following sales of Ford cars to date sold by him under the management

of the Northern Auto company: Miner Heeres, John Berrens, Wm. Yettaw, Ralph Witae, Ennis Schaver, Mike Saganl and Sam Alward. Mr. Bearss recently drove his Ford roadster from White Hall to Ellsworth in eight hours and fifteen minutes and made an average of twenty-six miles per gallon on the round trip without a puncture or a blow-out.

Wallace Weiss was taken to the Charlevoix hospital Tuesday evening suffering from an acute attack of appendicitis. He underwent a successful operation performed by Dr. B. J. Beuker, and is now on the rapid road to recovery.

ATWOOD

A great many sick folks at present.

T. Pol of Grand Rapids is visiting his brother Herman Pol.

Andrew Petter has hired out to John Farrell for the season.

Mr. and Mrs. Frank Klooster and family of Phelps visited at the Henry Klooster home Sunday.

A shagging bee composed of members of the Christian Reformed church are putting a new roof on the parsonage.

Among those who recently had their buildings rodged by J. L. Warner of Elk Rapids are Paul Veeistra, Albert Harwood, Sam VanHouten, John Petter and John VanHouten.

An ice cream social will be given at the Atwood town hall next Friday evening May 20th, by the young people of the community. Proceeds will be used for benevolent purposes.

ANTRIM CITY

R. Baumbach luzzed wood one day last week.

Antrim City school was out Friday of last week.

Most everybody is getting ready to plant corn this week.

Mr. and Mrs. John Simons and family were visiting at Theo. Guyer's Sunday.

Mr. and Mrs. G. Steel and Mr. and Mrs. L. McDowell were visiting at Bellaire Sunday.

Greece Brooks, Harold Steel and Grant Moore were at Central Lake taking the eighth grade examinations the 12th and 13th.

ELLSWORTH LOSES TO CENTRAL LAKE

In Ragged Game of Ball Last Wednesday Afternoon

The Ellsworth baseball team was "sunk without a trace" last Wednesday afternoon in the second game of the season when Central Lake walloped them for a count of 43-7 on the Central Lake grounds.

Ellsworth used three pitchers, Willem Schaver, and Peebles in an endeavor to make a showing all of whom succeeding in hitting the Central Lake bats whenever they managed to put the ball anywhere near the pan.

In addition the balance of the Ellsworth team seemed to have the idea that the ball was some kind of an infernal machine which would explode on contact and as a result refused to even molest the ball until it had stopped rolling.

The next game will probably be played with a team composed of members of the intermediate room of the Ellsworth school, but the date has not yet been set.

Phone 30r4 for lumber, lath, shingles, etc. No. 1 material and right prices. Also see me for door and window frames, inside trim and in fact any and all kinds of mill and cabinet work. Wm. Drenth, Ellsworth, Michigan.

APOLOGIES TO MR. TOWNSEND

Failure to Mention Presence at the Trout Banquet

In the account of the trout supper appearing in last week's Courier no mention was made of Mr. and Mrs. Townsend of Boyne City, the former who appeared on the program for a short but interesting talk.

This omission deserves an apology, but was caused by the writer's failure to include in the mail one page of the correspondence and not by neglect to mention the Townsends as guests of the evening.

Mr. and Mrs. Townsend were residents of Ellsworth for so long a time that to many they seem more like home folks than guests but the Ellsworth correspondent together with the committee sincerely ask their pardon for failure to mention them in the account of the supper.

BADLY INJURED AT CLAY PIT

Herbert Walker Struck by Piece of Flying Shale

Herbert Walker of East Jordan was severely injured on Monday of this week at the Petoskey Cement Co.'s clay pit south of town by being struck by a piece of falling shale. He received a bad scalp wound and a badly bruised shoulder but luckily the shale in falling had struck a projection and broken up into several pieces so the result might have been much worse.

Dr. Beuker was called to attend the injured man and dressed the injuries. Mr. Walker may consider himself fortunate that results are no more serious but as it is he will be in dry-dock for several weeks.

WILDWOOD

Mr. Wakely of Ellsworth held church service at the schoolhouse on Sunday.

Harriet Hyde is helping Mrs. E. R. Wilson at present while she has boarders from the clay pit.

Cecil Thompson from Pleasant Valley is boarding at the Chas. Shaw home and working in the clay pit.

Chas. Brown who was stricken suddenly ill while working at the clay pit a week ago is much improved and at work again.

Miss Aurora Stewart and her brother Riely of East Jordan visited their sister, Mrs. Duncan Crawford and family one day last week.

Quite an improvement on the road between the south Banks township line and Ellsworth is being done at present. We invite your inspection.

Reed Genett drove a Napoleon truck belonging to "Fisherman's Paradise" through here on Tuesday morning enroute to Petoskey for a load of cement.

Mr. and Mrs. J. R. Vance of California and the Claude Smith family of Barnard called at the John Crawford home one day last week. Mr. Vance and Mr. Crawford are cousins.

The Duncan Crawford family breathed a sigh of contentment and relief the first of the week from the fact that their house which has been "on the move" for some time past, reached its destination. They feel permanently settled and at home now where they will be pleased to receive and entertain visitors.

ELLSWORTH'S CLASS OF 1921

The tenth-grade pupils of Ellsworth high, in pleasing blue and gold array: Do joyfully together cry: "This is our graduation day."

This is the day for which they've done, Their work of last--and this year's term, And so their credits they have won, As their report cards do affirm.

This class of nineteen-twenty-one, Has fifteen on its honor roll, But if not taken one by one, They make one strong united whole.

It is this strong united band, Which like one man its efforts bent, In choosing with decision grand, John Peebles for their president.

Still, hardly any less pronounced, Was their election which did carry, As in the final vote announced, Alberta Klebe, Secretary.

Once more did they the ballots use, This time in double measure, Still after all, they most did choose, Pearl Johnstone for their Treasurer.

The twelve remaining members are, The ones who with the first three stand, Because their efforts have gone far, In gaining praises for their band.

As honor for the work they've done, Their names will in this poem appear; So Laura Peebles is the one, Whose name will first be written here.

The second name upon the list, Is that of Ida Reamsma; While for the third they do insist, It be Cornelia Elzinga.

Jane Groenink's name will then be it, Which follows after number three, The fifth place Jennie Brat will get; And Josie Docter sixth will be.

The seventh place will be assigned To Wilhelmina Cooper's name; And Emily Johnstone her's will find The eighth in rhyme--but not in fame.

Then Howard Griffen comes as nine, And Nathan Carpenter as ten, Next Peter Timmer falls in line, With all the pupils named herein.

There still is one more member that Has answered not the call; And he is known as Hero Brat--The servant of them all.

This handsome class of girls and boys, Was by a brilliant teacher manned; Since characters with mental poise, Were trained by Mrs. Taisey's hand.

The colors which these fifteen chose, Bring out the "blue and gold" effects; Their flower is the cute "pink rose," Their motto "On and Up" directs.

This motto's aim will just be won When near the end of life they say: "As class of nineteen-twenty-one, We've gone the "Onward--Upward way."

Hero D. Brat, Ellsworth Junior High.

TIME TO PURCHASE FEEDERS

No Hard and Fast Rule for Farmer to Go By—Cattle Are Higher in Spring Than in Fall.

Slim Baxter's right leg was in temporary retirement under a layer of amber-soaked bandages. He regarded the injured member with a glint of racial humor and spoke thus to a neighbor who had dropped in for a chat with the cheerful invalid.

"Bert, tell me something. How can a feller tell when a morn' while mule named Amnuch is goin' to kick? I mean, how can he tell in time to do him any good?"

"Human knowledge goes no further than to say that a white mule is always goin' to kick. Is that the answer? Then let me ask you a question: How do you know whether to buy your 'feeder' steers in the fall or in the spring? Do you make anything by feeding them in the winter and will you make more if you let the other feller feed 'em through? They cost more in the spring than in the fall. Is there any way to be certain?"

Slim admitted that the thing was past his comprehension and confessed that he sometimes did the thing one way and sometimes the other, but that he never knew just how he was coming out.

In reality, as to the time to buy stockers or feeders, there is no hard and fast rule. The usual time is in the fall when they must leave the grazing areas and go where feeds have been harvested or stored for cattle feeding. However, with a falling market, which no one can foretell with any degree of certainty, the cattle may not be worth enough more in the spring to pay for the winter feeding. Yet they have been kept largely on feed for which there is no other market.

Consequently, what Slim and his neighbor should know is how much it costs to keep stockers through the winter on various rations, how they

lose or gain weight, and how they gain through the summer as a result of the way they have been wintered. Being in a better position to carry on feeding experiments to answer these questions than the gentlemen of the board of animal industry, cooperating with the West Virginia experiment station, conducted a series of feeding tests in Greenbrier county, West Virginia. The experiments began December 22, 1914, and covered a period of four years, the results being now

Turning Steers into Beef.

published in department bulletin #870. In brief, 30 yearling steers were selected each year and divided into three lots of ten steers each. When the lots were carefully equalized, the average weight of the animals was 983 pounds each. The steers were on winter rations an average of 130 days, and on pasture an average of 158 days each year.

The tests proved that an average daily ration of 10.8 pounds of silage, five pounds of mixed hay, and 2.5 pounds of wheat straw during the winter would maintain these steers without loss of weight.

An average daily ration of 23.1 pounds of corn silage, 4.9 pounds of wheat straw and one pound of cottonseed meal would give each steer an average gain of 62 pounds.

A daily ration of 11.0 pounds of mixed hay and 4.1 pounds of wheat straw fed throughout the winter will not keep the animal in good condition. This ration was responsible for a loss of 35 pounds per steer. Corn silage gave better results than dry roughage alone, and the steers that had silage as a part of their winter ration made greater total gains than those fed on hay and straw.

The cost of feed averaged throughout the four years was as follows:

Corn silage.....	\$4.00
Mixed hay.....	15.00
Rye hay.....	18.00
Soy-bean hay.....	17.50
Wheat straw.....	7.00
Cottonseed meal.....	50.00

The bulletin records feeding tests that will be extremely valuable to the farmers of Pennsylvania, Ohio, West Virginia, Virginia, Kentucky, North Carolina, Tennessee and the adjacent states, and for them it does much to answer the question that puzzled Slim and his friends. The bulletin may be had on application to the United States Department of Agriculture at Washington, D. C.

NORTHERN MICHIGAN BASEBALL LEAGUE

Meeting Held in Petoskey Tuesday Evening

A meeting of those interested in the organization of the Northern Michigan Baseball League was held in the board of trade rooms in Petoskey Tuesday evening. The meeting was well attended by those interested in the movement.

It was decided that the home community of each team elect a director to represent their interests, thus forming a stronger and more efficient organization.

R. L. Lewis of this city was elected president, and Dr. Chappell of Pellston secretary.

Another meeting was called for Friday evening, May 27th, when all directors chosen are to be present, and the organization perfected.

It will also be decided at this meeting whether the league will consist of six or eight teams. At present those signifying their intentions of joining are: Charlevoix, Loch Farms, Petoskey, Harbor Springs, Pellston and Boyne City. However, Cross Village and Mancelona may decide to come in, thus making an eight team league.

If you are interested in good clean ball, give the boys all of the encouragement possible.

MANY ATTEND COUNTY FAIR

Held in County Bank Hall by County Normal Class

The "County Fair" held in the Bank hall on Saturday last, afternoon and evening, was well attended and after paying all expenses, the class netted over \$40.

The hall was tastefully decorated and arranged in booths, each place having something for sale or offering an opportunity for amusement. The mechanical player was well patronized, as also was the fortune teller. Red Hots, ice cream cones, home made candies, a teeter board, in fact about all that goes with a county fair was to be had for the asking.

The side show was one of the chief attractions, and was well worth the time spent in attending. The Spanish dancer, Russian warbler and Alabama coon quartet were the hits of the evening and fairly outdid themselves in their effort to afford amusement to the hundreds who witnessed their performance.

M. E. CHURCH NOTES

The Ladies' Aid of the M. E. church turned over to the trustees the proceeds of their recent sale amounting to \$150.00. This money is to be used to redecorate the auditorium of the church.

Last Sunday evening a large number of young people enjoyed a splendid program prepared by the Epworth League. Do not fail to be on hand next Sunday evening at 6:30.

The pastor spent last Thursday at Bellaire and listened to Dr. Hugh Kennedy of Detroit, address the ministers of Grand Traverse district relative to the centenary cause.

An every member canvass begins on the 22nd of this month. The large sum of money pledged is enabling the church to carry on a wonderful work throughout the world.

Miss Belle Castle missionary from China addressed a large audience last Sunday morning on the work that is being carried on in north China by the various christian churches of our land.

We expect to give a stereopticon lecture next Sunday night. Watch bulletin board down town for definite announcement.

Prayer and praise service every Thursday night at 7:30.

Circulation counts—we have it

FOR WASHING MILK BOTTLES

Fill Receptacles With Water When Empty to Prevent Albumen and Casein Solidifying

The milk bottle if not washed as soon as emptied should be filled with cold or lukewarm water till it is washed. The albumen and casein harden and stick fast when they dry as well as when soured. So that if hot water be poured in the bottle or can that has had milk in it the albumen and casein will harden and stick. After washing with lukewarm water use hot water which loosens the fat, and rinse in boiling water or steam to kill the bacteria.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown. 20tf

COMING TO CHARLEVOIX

MARGARET CONRAD

Well Known Violinist and Pianist of Chicago, Coming to Charlevoix to Give Term of Instruction

Margaret Conrad, who is today acknowledged to be in the front rank of America's leading violinists, and who has made an enviable reputation as an instructor in one of the finest conservatories in Chicago, is coming to Charlevoix this summer to give a 10-week term of instruction. Having acquired her musical training from the finest masters in the country, she is well equipped to give a thorough course of instruction. Miss Conrad possesses all important requisites of the successful teacher, such as musicianship, teaching ability, thoroughness and unbounded enthusiasm in her work. It might also be added that she has appeared as soloist with the Metropolitan Symphony Orchestra. Miss Conrad will accept only a limited number of pupils.

PRESTON GRAVES

Preston Graves, well known pianist in Chicago and instructor in the American Conservatory of Music (America's foremost school of Music and Dramatic Art), will be in Charlevoix to conduct a 10 weeks summer term for those wishing instruction.

As a pianist, Mr. Graves has appeared on many large programs in Chicago and also as soloist with the Chicago Symphony Orchestra, and having studied with world renowned teachers, is worthy and well qualified to give a thorough course in instruction.

Mr. Graves will come direct from the American Conservatory to Charlevoix and will use late conservatory methods. Only a limited number of pupils accepted.

Lessons in both violin and piano, will be given at your home. This is indeed an unusual opportunity for it means that right in your own home you will receive Conservatory instruction. Only a limited number of pupils taken, and none accepted for less than ten weeks. Term commences Monday, June 27th.

TERMS

Both Violin and Piano
One private half-hour lesson per week (term of ten weeks).....\$15.00
Two private half-hour lessons per week (term of ten weeks).....\$30.00
One private hour lesson per week (term of ten weeks).....\$25.00
Class lesson, one a week of one hour.....\$10.00

THE RELIABLE HOUSE FURNISHERS

CHARLEVOIX PUBLIC SCHOOL NOTES

June 2nd is the date set for the "House That Jack Built." The operetta will be given in the afternoon of the day on the school grounds. Are you planning to attend?

Misses Lombard, Oliver and Catton spent Tuesday in the Petoskey school.

Mrs. Rotert has been absent this week on account of illness.

Students of the American history class are contemplating on positions in the Edison plant.

The Charlevoix high school baseball team made a trip to Central Lake last Friday but on account of rain, only three innings were played. Charlevoix came out on top with a score of 9-3. The Charlevoix team will take a trip to Boyne City this week.

The juniors are all very busy making the decorations for the "J" hop, which will be given in the Beach Hotel, May 27th.

Miss Beulah Schweitzer of the county normal is seriously ill with pneumonia. The high school and faculty wish for her speedy recovery.

If the bicycle needs a new tire, we have a full line. Repair work a specialty. Benj. Brown. 20tf

LESSEN INJURY TO CHERRIES

Damage by Rot Can Be Decreased by Spraying With Lime-Sulphur or Bordeaux Mixture.

You can lessen the damage caused by rot in the cherry orchard by spraying the trees before the buds burst with dilute lime-sulphur or bordeaux mixture. After the petals have fallen, use a combination of self-boiled lime-sulphur and arsenate of lead.

A Correction

In last week's Courier an item was printed stating that Mrs. H. Bedford leased the Fountain City House to Mrs. Herrington. The statement was misleading inasmuch that it did not state the part of the house leased, as Mrs. Herrington's lease covers the dining room and kitchen, and not the many rooms in the house.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown. 20tf

Charlevoix Loses One of Its Best Known and Respected Business Men—Funeral Friday, 1:30

Archie A. Swinton, mayor of Charlevoix, vice-president and general manager of the Charlevoix State Savings Bank, director of the State Bank of East Jordan, manager of the Argo Milling Co., was found dead in bed shortly before seven o'clock this morning, the cause of his death being probably due to heart failure.

The announcement of this sad information spread quickly throughout the community and was received with profound sorrow, it being almost impossible to realize that death had taken from us a man so well known and respected. Today Charlevoix mourns the passing of one so well and intimately known and this very fact is the best tribute that may be paid to a man who has lived the years of usefulness Mr. Swinton has.

Tuesday had been a very busy day for Mr. Swinton, as practically every day has been, and he retired to his room about 10:00 p. m. in apparently the very best of health. Shortly before seven o'clock this morning members of the family called him, and receiving no response, after several attempts to awaken him, Mrs. Swinton entered his room and found that from all indications death had occurred several hours previous. There were no signs that would lead one to believe other than his death had occurred without struggle or outcry. Death claimed him while he slept.

Deceased was 47 years of age. He came to Charlevoix some twenty years ago, shortly after graduating from the University of Michigan, where he completed a seven years course in medicine. He continued in practice here for several years, and upon the death of Prof. H. M. Enos, assumed the management of the Argo Milling Co., in which position he has continued up to the time of his death. He was affiliated with other line of business, among which were as one of the directors of the State Bank of East Jordan vice-president and general manager of the Charlevoix State Savings Bank, and many other branches of business.

He was elected mayor of the city of Charlevoix at the recent election, having served prior to this as a member of the council from the first ward, also supervisor and other smaller offices, and was interested in the development of Charlevoix and vicinity. He has always been known as a busy man, busy in business, busy in charity, busy in those affairs which make for a better community. He has been a hard worker and Charlevoix reaps the benefit.

He leaves to mourn their loss a wife, two daughters, Jenn and Marie, one son Donald, an aged father and mother, two brothers, Dr. Andrew Swinton of Marquette, Roy D. Swinton instructor at the U. of M. and one sister, Mrs. H. A. Craig of this city, besides close and intimate friends in Charlevoix and the entire northern part of Michigan.

He was a member of the Masonic order, belonging to the Blue Lodge, Chapter and Council, Consistory and Shrine, and Elk of long standing, and past grand in the I. O. O. F.

Funeral services will be held from the home on Michigan avenue, Friday at 1:30 p. m., conducted by the Rev. James H. Smith of the Congregational church, and also under the auspices of the Masonic order, the full ceremonial rites being observed. Interment in Brookside cemetery.

Inn Manager Here

A. I. Creamer, manager of the Inn, and wife arrived on Wednesday last from Southern Pines, N. C., driving the entire distance of over 1600 miles in eight days. Mr. Creamer says the outlook for a good season was never better, and from now on to the opening date he will be busy getting the big summer hostelry ready for opening.

Death of Young Child

The small daughter of Mr. and Mrs. Chas. Hebert died at the Hebert home on the south side Wednesday, May 18th from valvular heart trouble. Lora Louise was born in 1919 and was one year and four months of age at her death. Burial took place in the Catholic cemetery, Saturday, May 21st.

ANNOUNCE MARRIAGE OF DAUGHTER

Former Charlevoix Residents and Well Known Here

Mrs. Roberta Hansen of Detroit announces the marriage of her daughter, Louise Esther, to Mr. Edward Earle Morrison, formerly of St. Thomas, Ont. Miss Louise is the daughter of Wm. Sherman Morse, and is well known in Charlevoix.

Edgar J. Perryman of Oklahoma City, Okla., was the best man, while Miss Mae Thomas of Liverpool, England, was the maid of honor. The bride was beautifully gowned in white and carried a large bouquet of sweet peas and roses.

Immediately after the ceremony, a buffet luncheon was served. The young people are well known in Detroit and will take an active part in church work.

Rev. Weldon F. Crossland performed the marriage ceremony in the presence of fifty guests at the home of the bride's parents, Mr. and Mrs. Robert Hansen. The gifts were many and beautiful.

After their honeymoon among friends and relatives in Canada, the couple will be at home at the Merrick Apartments, 1153 Merrick avenue, Detroit. The bride's grandmother is Mrs. Wm. Mayberry, 210 Nichols street, Charlevoix.

COUNTY HAS FINE RECORD

DEATH RATE IS LOWEST OF NORTHERN COUNTIES

But One Person in County Dies of Diphtheria During Year of 1920—Record Against Plague

Charlevoix county with a population of 15,788 had one death from diphtheria in 1920, thus giving the county a diphtheria death rate of 6.3 per 100,000 population, according to tables published this week by the Michigan department of health. Michigan's average death rate from diphtheria in 1919 was 21 per 100,000 inhabitants. In 1920 it increased to 24.1. The average diphtheria death rate for counties comprising Northern Michigan was 18 per 100,000 population for 1920.

Diphtheria death rates of counties adjacent to Charlevoix county—also figured on the basis of 100,000 population—are as follows: Emmet 6.4; Antrim 26.0; Otsego 33.1; and Cheboygan 35.7.

"Any county which has a death rate higher than 10 per 100,000 population should consider its rate excessive and should take the necessary steps to reduce it," reads the statement.

"Counties which now have low rates can at least maintain their standing, and possibly better it. Antitoxin, the only known cure for diphtheria will be available January 1, for free distribution throughout the state. But in the meantime every child and adult evidencing symptoms of diphtheria—sore throat and a temperature—should have the protection the antitoxin affords.

"Michigan had the highest death rate from diphtheria in 1918 of any state in the union and twice as high as the average rate of the United States. If communities here to control diphtheria, the childhood plague of Michigan, use must be made from now on of every preventative measure."

LADY MACCABEES VISIT BOYNE CITY

Annual County Association Meeting Held Last Wednesday

Twenty-five members of the local L. O. T. M. attended the annual county association held in Boyne City Wednesday, May 18. Sixteen of this number entertained with a drill of the order, captained by Mrs. May Bugbee.

The lodge held a short session in the forenoon which was followed by a twelve o'clock dinner served by the Boyne City ladies at their hall.

The afternoon session was held from two to five o'clock. The convention was very fortunate in having with them Great Commander Francis E. Barnes. The ladies returned early in the evening by auto.

SCHOOL DAY IN HAYES TOWNSHIP

HELD ON BEAUTIFUL LAWN OF MAPLE GROVE

Schools of Entire Township Had Fine Representation—Winners of Various Events

On May 23rd, the day to which the schools of Hayes had looked forward so hopefully, found a full representation on the beautiful lawns of Maple Grove.

The day was ideal and the well planned outdoor features were successfully carried out and a fine community spirit made the occasion bright and pleasant.

Judges of the athletics were: Rev. L. H. Alexander of Alanson and Rev. J. W. Leonard of Petoskey whose energy and fairness certainly are to be commended.

The three lady judges, Mrs. McClure of Boyne City, Miss Mabel Knecht of Petoskey and Miss Bancroft of East Jordan did faithful service at the exhibit work which was surpassingly good. To miss seeing the display of skill and energy of the Hayes school would certainly be unfortunate.

The athletic awards are as follows:

High jumping under 12 years—1st, Roy Tillotson of Murray School; 2nd, Simon Peters of Bay Shore. 12 to 16 years—1st, Donald Bailey of Bay Shore; 2nd, John Hyeck of Hopyard.

The Murray school carried away first prize on the overhead relay. Bay Shore was second.

In the 40 yard girls' running race, Georgia White of Bay Shore won first place. Helen Speigl of Murray came in second. In the 12 to 16 years girls' race Dorcas Comp-ton of Bay Shore was 1st and Edith Chew of Burgess, 2nd.

In the boys' 40 yard race under 12 years, George Gray of Murray won 1st place and Simon Peters of Bay Shore 2nd.

Donald Bailey of Bay Shore led in the 60 yard running race for boys 12 to 16. John Hyeck of Hopyard was second.

The Travelers race was best of all and caused many aches and shivers. It was a sight to see the suit cases and the array of clothing drawn therefrom and hurriedly donned, taken off and replaced, together with the opening and shutting of umbrellas. Helen Haggerty of Hopyard hustled and hurried and held the lead. Mary Speigl in spite of her numerous difficulties with her luggage won second place.

Then came dinner, each neighborhood having its picnic under the beautiful maples on the grass.

The afternoon program was held outside, the stage being on a motor truck but it was an enjoyable and interesting commencement address.

It was a proud sight to see those fourteen eighth grade graduates seated beside that stage. But when Rev. Leonard got up to present those pennants our eyes, ears and mouths were open; our hearts stopped beating.

Contests—First place, Bay Shore, 160 points; and the teacher C. H. Dewey amid the cheering crowd, took his pennant. Murray school won second place with a score of 95 points and Miss Edith Brechisen received her pennant. Hopyard, third place with 70 points and the green pennant which was given to Miss Esther Cole.

The exhibit work was so extensive that the judges had hard work to decide the final award. They decided as follows: Bay Shore 1112, Maple Grove 880, Burgess 793, Murray 648, Hopyard 606, Undine 432.

W. D. Robinson Delegate

W. D. Robinson, son of Mr. and Mrs. John E. Robinson who is employed at telegrapher at White Cloud, Mich., for the P. M. railroad is at present attending the National Telegraphers' Convention at Savannah, Ga., as one of the six delegates of the P. M. R. R. Mr. Robinson is a graduate of the class of 1909 of the Charlevoix high school and has work as station agent and telegrapher at various points for the past 12 years.

"The House That Jack Built"

Thursday afternoon, June 2nd, 140 children under the direction of Miss Oliver will give the operetta, "The House That Jack Built," on the grounds of the Central school building. Better go.

CHANGES IN GAME LAWS

BUCK LAW IN FORCE FOR NEXT DEER SEASON

Bounties Repealed on Wolves, Coyotes, Hawks, Owls, Weasels and Fox—No Angler's License

The one buck law will be in force next deer season, which begins on the 10th of November and continues for 20 days as formerly. Only bucks with horns at least three inches in length can be legally shot. It may be a good law, in the interest of the preservation of this fine game, and has been enacted in an effort to save the deer family of the upper peninsula.

Opinions differ as to the outcome of the buck law, many believing that as many does will be killed just the same and left to rot in the woods. The claim is made, and it is true without doubt, that hunters will not wait to learn if a deer has horns or not. A few of the wise ones, especially those who never spent more than a day or so in the woods during the hunting season, claim they can tell a buck deer the minute he breaks cover. But the experience of the man who has spent season after season in the woods is that he is unable to distinguish sex in but one out of five instances.

The result will be, in our opinion, that hundreds of does will be killed, and largely by advocates of the one-buck law.

The partridge season will be opened October 15 and continue until November 30, so that there will be a 20-day open season during the deer season.

Woodcock, prairie chickens, killdeer, meadow birds, black and gray squirrels, Mongolian pheasants, hazel grouse, spruce hens and pinnated grouse cannot be killed until 1924.

Only five partridge can be taken in a day; 25 ducks; seven rabbits, and no one can have in his possession at one time more than 10 partridge, 25 ducks or 10 rabbits. No more than 25 rabbits can be killed by one hunter in a year.

The season for the taking of all fur-bearing animals will be from October 31 to April 1.

Beaver are protected until 1924. Bear, lynx, and fox may be killed at any time.

Bounties have been repealed on wolves, coyotes, hawks, owls, fox and weasels, the only bounties retained being on crows, sparrows and wood-chucks.

The state legislature believed that it could save the state much money and get rid of a greater number of wolves by employing skilled trappers to secure these animals. Undoubtedly there has been much crooked work under the present plan of paying bounties for the scalps of wolves and it is well understood that many scalps were imported for the liberal bounty the state has been paying.

While the anglers' license bill did not pass, the fee for deer hunting will be increased. There will be \$1 taken from the fee of each deer license and \$15 taken from the fee of each non-resident hunter that will make a fund to pay skilled trappers for the taking of predatory animals, the state to pay the trappers for their services.

The passage of the one buck law for the first time in the history of this state was influenced largely by figures presented by George Shiras III and passed on by Dr. Fisher and Professor Beal of the United States Geological Survey. These figures based upon a hypothetical herd were as follows: "If 240 does and 240 bucks, aged 2 years, be protected for ten years, allowing annually thereafter an average of one and one-half fawns a pair, the result would be 15,000 deer of each sex, or a total of 31,200 deer. With the same number of deer, 50 per cent being shot annually, extermination would result at the end of ten years, during which period only 1,550 deer would have been killed. With the same number of deer, protecting the does (and the fawns of each year) and killing 50 per cent of the bucks, we would have killed in the interim 7,810 bucks; we would still have left 7,810 bucks and a breeding herd of 15,620 does."

Everybody Welcome

The L. O. T. M. will give a dance at the Bank Hall, Friday evening, June 3rd, followed in the way of entertainment by a drill by sixteen members of the local order. Best music obtainable. Bill 75 cents a couple, extra ladies 35 cents. 21st

Royal Neighbors Meet

The Royal Neighbors held their regular meeting at the home of Mrs. D. Eckinger, Friday evening. Several old members have returned to the city and were present. Later Mrs. Eckinger served a light lunch.

COURT TO DECIDE STATE BOUNDARY

Michigan May Start Suit Against Wisconsin for Territory

The state of Michigan is expected to bring suit against the State of Wisconsin for the recovery of three hundred and sixty square miles of territory as the result of Governor John B. Blaine's refusal to negotiate the question of boundary lines.

The suit, if begun, will involve more than \$10,000,000 in property and may materially change the map of the state.

Should Michigan succeed in winning her suit she will annex the city of Hurley, reputed to be the wettest town in the United States.

Valuable iron mines as well as innumerable islands commanding undeveloped, but potentially great water, will pass from the possession of Wisconsin to that of Michigan in case the United States Supreme court goes with Michigan.

The dispute goes into the early history of the upper peninsula by a survey made by Captain Cram before 1836. Captain Cram, Michigan now contends, took the 'wrong fork of the Montreal river in endeavoring to locate the headwaters. This alleged mistake will cost Michigan 260 square miles of territory, at that time inconsequential, for which she now seeks possession.

WHO ARE NON-RESIDENT FISHERMEN

DIRECTOR OF CONSERVATION OFFERS OPINION

A Summer Home Does Not Make a Person a Resident of the State of Michigan

Hundreds of persons who have summer homes in Charlevoix and Emmet counties claim a residence in Michigan by reason of that and declare they are not amenable to the law regulating non-resident fishermen. For the information of the general public the following opinion is given by John Baird, director of conservation:

"Residence means a place where one resides; an abode; a dwelling or habitation; especially, a settled or permanent home or domicile. Residence is made up of fact and intention. There must be the fact of abode, and the intention of remaining."

"In conformity with the idea of a residence suggested by the language quoted above, it would seem that the element of permanency is involved to a considerable extent. It would seem to follow therefrom that any person who has an established domicile in another state, and remains there for a greater part of the year, coming into Michigan for a few weeks during the summer months for the purpose of enjoying a vacation here, cannot be deemed a resident of Michigan within the meaning of the statute. Neither does it occur to me that the fact that such person owns property in Michigan and pays the taxes thereon can alter the situation in this respect. A great many non-residents of Michigan own summer homes within the state, and of course the property so held is assessed for taxes under our laws. Notwithstanding such fact, however, the privileges of a resident of a state can hardly be extended to them, based upon the fact of a short stay for the purpose of recreation. I am somewhat inclined to the opinion that the law was intended to apply to residents of other states who may come to Michigan for the purpose indicated and that in terms it does not apply."

PUBLIC INVITED TO SCHOOL EXHIBITS

Domestic Science and Art Departments Invite Patrons

On Friday afternoon, June 3rd, from 3 to 5 o'clock, the domestic science and art departments will give exhibits in their respective rooms in the high school building. The public is cordially invited to attend this showing and in this way to become familiar with the work done during the year by the students in these two departments.

GAVE SHOWER FOR MISS GENETTE

Miss Vorduin Entertains At W. B. Marshall Home

Miss Aurelia Vorduin entertained at the Wm. Marshall home on Clinton street Tuesday evening with a shower for Miss Lela Genette who will be a June bride. The dining room was tastefully decorated in pink and white, ribbons from the lights to the corners of the tables, flowers and favors being in the same colors. At nine o'clock Miss Vorduin served supper to the six guests who were the Misses Minnie Payton, Beatrice Harrington, Audrey Guscath, Eunice Carr, M. Gardner and Lela Genette.

MEMORIAL DAY PLANS ARE READY

PARADE WILL BE ONE OF FORENOON FEATURES

Services for Sailor-Soldier Dead Will Be Held at Wilbur Dock After Program

Plans are practically completed for Memorial Day ceremonies which will occupy the entire forenoon of Monday next. The day coming on Monday brings a double holiday and many business houses will be closed from Saturday evening until Tuesday morning. Both banks will be closed and on Memorial Day the R. F. D. carriers of the local post office will observe the holiday and the post office will be closed all day.

The program of the day calls for a fine parade in the mid-forenoon with services at Brookside cemetery. The parade will form on Park avenue at 10:00 a. m., and will include the G. A. R., W. R. C., Spanish-American war veterans, ex-servicemen, members of the American Legion, lodges and other bodies and the school children.

The program to be given at the cemetery is as follows:

Prayer by Rev. Candier.
Song by high school glee club.
Service by Grand Army of the Republic.
Service by the Women's Relief Corps.
Song by school children.

Service by Leslie T. Shapton Post, No. 228, American Legion.

Address by Rev. James Smith, Subject, "Our Heroic Dead."
Song by Dr. Frank Wilkinson, "Our Flag Shall Never Touch the Ground."

Recitation by Helen Mason, "America the Beautiful."
Selection by orchestra.

"America" by everybody.
Closing prayer by Rev. Chas. Rice.

At the close of the program the Boy Scouts will place flowers on the graves.

The route of the parade will be from Park avenue south on Bridge street to Hurstville avenue, thence west to State street to the cemetery.

At the close of the services at the cemetery, services for the soldier-sailor dead will be held at Wilbur's dock.

Please remember—"Doff your hats as the flag is passing by."

LOEB TEAM TAKES OPENING GAME

Defeats Boyne City By Close Score of 4 to 3

The Loeb Farms baseball team defeated Boyne City in the first game of the season Sunday, by the close score of 4-3 in what is said by baseball enthusiasts to be one of the best games played on local grounds.

The Loeb Farms team has been greatly strengthened and is putting up a brand of ball that is making a hit with those who enjoy this national pastime. The grounds at the farm have been improved and a new grand stand erected.

The batteries Sunday were: Loeb Farms, Tuhms and Boak. Boyne City, Zimmerman and Kamradt.

The team will meet Cross Village on the farm grounds on Sunday next at 2:00 p. m. The visiting team are said to be a good aggregation of ball players, and a good exhibition is looked for.

On Memorial Day they will play the St. Ignace team on the local grounds at 2:00 p. m. The boys are putting up good, clean ball and are deserving of the support of every fan in this section.

CORRESPONDENCE

NORWOOD

Mr. and Mrs. Frank Richardson were Charlevoix callers Sunday.

School contest takes place next week. Everybody come and boost for Norwood.

Mrs. Charles Baber and party were visitors at the Harris Pierce home on Sunday.

Mrs. Hull of Charlevoix is with her mother, Mrs. Mrs. Joe Holec, at the present time.

Mrs. F. A. Swartout, who is seriously ill, is slightly improved at this writing, although as yet no visitors are allowed.

Dr. C. W. Hewitt and family have returned from their southern trip, at which time they attended the wedding of their son.

Ellen Swartout underwent an operation for appendicitis at the Charlevoix hospital Monday. She is doing as well as could be expected.

Rev. E. E. Clark and wife of Ellsworth, C. W. Townsend and wife, A. B. Clark and wife, Clarence and John Beutlie of Barnard, and Mr. and Mrs. Rollie Baumbach were Sunday callers at the Swartout home.

Norwood township school day will be held at the Norwood schoolhouse, Tuesday, May 31.

The program starts at 10:00 a. m. with outdoor exercises in which the four schools of Norwood township contest against each other in jumping, races, etc.

At 12:00 a pot-luck dinner will be served in the town hall by the Ladies' Aid and mothers.

In the afternoon beginning at 2:00 inside the hall will be held the afternoon program, in which the diplomas will be delivered to the 8th grade graduates.

\$100 Reward, \$100

Catarh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Catarh that HALL'S CATARRH MEDICINE fails to cure. Druggists fee. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

Rev. J. Smith of Charlevoix will be the speaker for the afternoon.

(Too late for last week)

Mr. Sarasin from Elk Rapids has rented the Mack Jennett farm.

Mrs. Nelson Empey went to Charlevoix to visit Mrs. Dick Kirby last week.

Corn, Friday May 13th to Mr. and Mrs. F. A. Swartout, a baby girl name Alice Eloise.

Harris Pierce returned home Sunday from Manton, motoring through with Milton Cox and wife and son and daughter. They made the trip in four hours.

Mr. and Mrs. C. W. Hewitt motored to Manistee, Monday, to attend the wedding of their son. They expect to bring their son and his wife back with them for a visit.

A stereopticon lecture was given Monday night at the Norwood church at which a fair sized crowd was in attendance. A collection was taken for the benefit of foreign missions.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 20tf

CLARION

Mrs. F. B. Darrah of Petoskey was in town Saturday.

The Pedro Club met Saturday night at Mrs. J. A. Dodgeson's.

Mrs. O. R. Winkler left last week for her home at Iron Mountain.

Aner Hull and Miss Marie Older returned Saturday to Muskegon.

The Misses Agnes and Violet Johnson went to Marquette last week.

Mrs. Milne was called to Ionia about ten days ago by her brother's illness.

Mr. and Mrs. John Ward have rented the C. H. Miller farm for the summer.

Boy Jesick of Flint is visiting his grandparents, Mrs. and Mrs. R. H. Webster.

Word was received here on Saturday of the death at Ionia of Mark Dunn, brother of Mrs. James Milne.

G. W. Taylor returned Saturday from Marion, where he was the guest of his daughter, Mrs. Clarence Budd.

Rev. S. Brooks of Boyne Falls will deliver the Memorial Day address at Walloon Lake on Sunday, May 29th.

Mrs. A. M. Grall left Friday night for her home at Warren, Ohio, after a short visit at the home of her parents, Mr. and Mrs. Charles Johnson.

Mr. and Mrs. Will Jackman and daughter June who were called here by the serious illness of Mrs. Jackman's father, Charles Johnson, returned Saturday to their home in Marquette.

E. R. Everts and Leo Holmberg who took the examination for city mail carrier, recently held at Petoskey have received word from the civil service commission that they passed the examination with good standings.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown. 20tf

BARNARD

Don't forget that Marion township school day is Saturday, May 28. The doings will be held in the Loch district.

Mrs. Lizzie Bennett and son Arden, also Mr. and Mrs. Ira Bennett of Central Lake were Sunday visitors at the Clyde Smith home.

Miss Maude Shapton returned to her home on Sunday morning after a very pleasant and interesting year of school work in Guthrie, Okla.

Mr. and Mrs. Chas. Box of Central Lake drove through Barnard on Sunday calling on old friends and acquaintances. Mrs. Box was formerly Miss Effie Bognart.

Mr. and Mrs. John Vance returned to their daughter's after a ten-days' visit with relatives and old friends in Central Lake, Echo, East Jordan and Wilson township.

A large number of Barnard people attended the funeral services of Leslie T. Shpton on Wednesday last thereby expressing their heartfelt sympathy to the sorrowing family.

Friday, May 27th is Barnard's cemetery improvement day. Every one interested is requested to be present all day. Bring your lunch and the ladies will serve coffee at the church.

Mr. and Mrs. Wesley J. Sudman and three children and Mr. and Mrs. John Baker and child of Boyne Falls motored over on Monday and spent the day at the home of Mr. and Mrs. Clarence Beattie.

Those who did not attend church services on Sunday missed a musical treat. Three numbers were given us by the male quartette consisting of Geo. Black, Earl Shapton, Ney Smith and Edward Edwards. We are also promised something special for next Sabbath. Don't miss it.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown. 20tf

PHELPS

Chas. Stevens and family were visitors Sunday at the M. Jackson home.

Wm. Louissell is doing the mason work on the porch of the P. R. Klooster building.

Don't forget. Church service at the Holiness church in Phelps Sunday evening at 7:30 local time.

F. R. Klooster and family and Miss Alice Zylstra were visitors in Atwood at the H. Klooster home Sunday afternoon.

Rev. Sturk and wife and little son accompanied by Grandpa Wakely were visitors at the Chas. Stevens home Wednesday afternoon of last week.

Mr. and Mrs. E. Shafer were Saturday night and Sunday visitors in Ellsworth and vicinity attending church at the Christian Reformed services.

Mrs. O'Neill and daughter, Miss Agnes O'Neill and Miss Hazel Walker of Charlevoix spent several days at the Nicholls' Farm last week as guests of the Dick O'Neill family.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 20tf

IRONTON

The Gleaners met with Mr. and Mrs. Ogden Thursday evening.

Will Webb and son Newell are visiting at the Henry Webb home.

Miss Elenora King gave a birthday party to her girl friends Saturday afternoon.

Fourteen of the Lady Macabees of Ironton attended the convention at Boyne City Wednesday.

Mr. and Mrs. George Hemmingsway and Mr. and Mrs. Hale of Oak Park, Ill., are spending a week at the Hemmingsway cottage on Pine Lake.

Let us overhaul that bicycle and make it run like a new one. We guarantee a satisfactory job. Benj. Brown. 20tf

New York's Great Fire.

One of New York's greatest fires started on Sept. 21, 1776 six days after the British captured the city. Trinity church and 103 other buildings were destroyed, says Gas Logie.

Strange Beliefs.

Every now and then one runs across some one who believes everybody has a right in his own opinions.—Toledo Blade.

I'd walk a mile for a Camel

The pleasure is worth it. There's no substitute for Camel quality and that mild, fragrant Camel blend.

The fellow who smokes Camels, wants Camels. That's because Camels have a smoothness, a fragrance and a mildness you can't get in another cigarette.

Don't let anyone tell you that any other cigarette at any price is so good as Camels.

Let your own taste be the judge. Try Camels for yourself. A few smooth, refreshing puffs and you'd walk a mile for a Camel, too.

EIGHTH GRADE CLASS OF 1921

SEVENTY-TWO IN COUNTY PASS
FINAL TESTS

County Board of Examiners Met in
Charlevoix to Average the
Standings

The county board of examiners met in Charlevoix the morning of Saturday, May 21st, to average the standings of eighth grade students and send out returns of the same.

The board found that of the 99 students writing from rural schools 72 had passed, and 26 had failed, so that the percentage of failures was 26.2 per cent. This is about twice or three times what it should be but is so much better than the results from the state at large each year that the teachers of the county are to be congratulated on the success they have achieved in spite of the handicaps of the nine-room rural school. A ruling was received from the state department denying the privilege of granting state diplomas to graded schools. The St. James students had been allowed to write before the ruling was received and will be granted diplomas this year.

In addition to the above 99 rural school students, 12 students wrote on Beaver Island, six of whom were from the village schools of St. James. All of these students passed so that the percentage of fail-

ures was zero. The work was exceptionally good and demonstrates what village schools can do, even though it is the last year that the state will furnish diplomas for any but rural school students. Hereafter in St. James only the pupils of Pealme No. 1 and No. 2, and from Garden and High Island will be allowed to write the test and have their papers corrected by the county board of examiners. East Jordan, Charlevoix, and Boyne City have not allowed their pupils to write the state test for a number of years. This year Boyne Falls was added to this list. Since graded schools are allowed to decide their own eighth grade promotion list, it is a needless duplication of effort, and would be an expensive item to the county.

The following living adjacent to Charlevoix will receive diplomas at time and place specified:

Eveline, May 26 at Ironton
Nelson Christensen.
Frank Hayden.
Anne Gertrude Jardine.
Lyle Jones.
Dorothy Jarman.
Herman Kamradt (2nd place)
Wilmer Olstrum.
Thos. C. Nielson.
Doan R. Ogden (Valedictorian)
Richard Russell.
Milford A. Saunders (3rd place).
Eva Sweet.
Ethel Ward.
Abertha Wurn.
Harold McMullin.
Hayes, May 23rd at Maple Grove
Edith Baker.
Harriet Burke (3rd place).
Edith Chew.
Margaret Deschermeier.
Wilma E. Fairchild (Valedictorian).
Bernice Gray.

Bertha Gray.
Harry E. Hunt.
Edna D. Kane.
Milo Smith.
Clara Splegl.
Ruth Stroud.
Lottie Webster (2nd place).
Clarence Struthers.

Marion, May 28th at Marion No. 5
Laurence Straw.
Alvin D. Cunningham.
Myrtle Guild (3rd place).
Howard Ingalls.
Martha Parmenter (2nd place).
Veda Hawkins (Valedictorian).
Lewis Snider.
Norwood, May 31st at Norwood
Forrest Beattie (2nd place).
John E. Boss.
Wesley Jolliffe.
Frieda M. Sutton.
Ellen Swartout (3rd place).
Ada L. Yettaw (Valedictorian).

Tire repairing is one of our specialties. Our work is satisfactory.
Benj. Brown. 20tf

AT THE MOVIES

Announcement

The manager of the Palace Theatre has booked a Big Special picture, "The Breath of the Gods," featuring Mrs. Sessue Hayakawa for Memorial Day, next Monday. A picture in due respect of the day. Better come.

William Farnum, the popular William Fox star, is coming to the Palace Theatre next Saturday and Sunday in one of the most stirring roles of his career. It is that of Francois Villon, the famous vagabond in Justin Huntly McCarthy's book and play, "If I were King"—a role made famous on the stage by E. H. Sothern.

Mr. Farnum has given to the screen many of the most important pictures shown in the last few years. His dual role in "A Tale of Two Cities," Charles Dickens famous story, is still being shown throughout the U. S. and Great Britain and on continent. It is indeed a classic in motion picture art. Another among Farnum's innumerable big pictures is "Les Miserables," which, like "A Tale of Two Cities," will be shown and reshown for years. His "Riders of the Purple Sage" and his "Rainbow Trail" drew packed houses wherever shown.

The manager of the Palace Theatre puts "If I were King" at the top of all Farnum pictures.

The most thrilling feat of daring that Tom Mix ever did is in "Prairie Trails," his latest picture which comes to the Palace Theatre next Thursday. He dives head-first down the face of a cliff to come to grips with his enemies. All lovers of outdoor life and the romance of the Great West should see "Prairie Trails."

A Crowning Incident.

On a Cornish tombstone a rather perplexing version of Proverbs 12:1, concludes the announcement of a lady's death: "A virtuous woman is as to her husband." Space did not permit of "a crown" being cut out in full, so an ingenious stonecutter substituted this excellent abbreviation.—Glasgow Herald.

To Cut Fur.

Never use a scissors to cut fur. Dampen the skin side and stretch on a board with the fur side down. Fasten with small wire nails as fine as a pin. When the skin is thoroughly dry, measure and chalk. Cut with a paring knife or any kind of sharp knife. Sew carefully with fine stitches, using cotton thread.

Monarch's Mummy Finally at Rest

The mummy of the celebrated Egyptian king, Rameses II, reposes in the Egyptian museum in Cairo. The mummy was first interred at Biban-el-Muluk and was subsequently concealed from grave robbers in the shaft at Deir-el-Behri, where it was found in 1881, and later removed to the museum mentioned.

The Island of Guam.

The island of Guam, ceded to the United States by Spain in 1898, is 5,044 miles from San Francisco and 1,500 from Manila. It is 30 miles long and 100 round and has a population of 13,000.

Imperfections Have Use.

All things are diversely better, lovelier, and more beloved for the imperfections which have been divinely appointed, that the law of human life may be effort and the law of human judgment, Mercy.—Ruskin.

A TALK WITH A CHARLEVOIX MAN

Mr. John McCall of 110 E. Upright Ave. Tells of His Experience

There is nothing like a talk with one of our own citizens for giving hope and encouragement to the anxious sufferer from the dread kidney disease. We, therefore, give here an interview with a Charlevoix man: "My kidneys were weak and irregular in action," says Mr. McCall. "Dizzy spells bothered me, too. I used Doan's Kidney Pills and they completely and permanently cured me of the trouble."

Your dealer will supply your needs and give you the benefit of these new reduced prices on your purchases.

THE B.F. GOODRICH RUBBER COMPANY
Akron, OHIO

DODGE BROTHERS MOTOR CAR

The early part of the year 1920, as everybody knows, was remarkable for the tremendous volume of automobile business. Yet our deliveries for April 1921, greatly exceeded those of April 1920. This fact speaks eloquently for the goodness of Dodge Brothers Motor Car, for the reputation of Henry B. Wood and for the wisdom of the Charlevoix public.

People have not stopped buying motor cars. They are simply buying with greater care. They are demanding dollar for dollar in value.

And, as the figures show, they have learned where they may buy with full assurance that honest values are always to be obtained.

BOYNE CITY MAY LOSE MAPLE PARK

Private Owners Ask City to Pay
Indebtedness

Other cities are having trouble over their public parks and Boyne City may lose its beautiful park says a dispatch which we reproduce:

"Unless something is started in a short time Boyne City will lose its famous Maple Park, which has been turned back to private interests who have put up trespass signs.

"The big park, which was built by popular subscriptions and work donated by the public, has been allowed to divert to private owners because of heavy indebtedness.

"It has been used by everyone for the past three or four years without compensation. Now the owners say the city must either buy it or keep off and the place will be dismantled."

Card of Thanks

We wish to express our thanks and appreciation for the many acts of kindness and words of sympathy during the illness and death of our beloved daughter and sister, Lora Louise.

The Messrs. Margery Myers, Edyth Hanshaw, Helen Webster and Blanche Oliver and Messrs. Alfred Jones, Ernest Galloway, Richard Paddock and Harland Hatch attended the baseball game held in Central Lake Friday.

Elmo B. Helms, son of Mr. and Mrs. Bird Helms, living south of town, and Miss Gladys R. Major of Boyne City were quietly married at the latter place Saturday, May 21, Dwight L. Hammond, justice, officiating.

Mrs. Marrett Cooper returned Saturday after spending the past two weeks at the home of Mrs. Anna Crane in Boyne City and will once the summer with her daughter, Mrs. Harrison Bedford at the Fountain City House.

Mrs. Taylor who underwent an operation at the hospital at Manistec several weeks ago returned home last week accompanied by her cousin, Jennie Parrish of St. Ignace, who will spend a few weeks at the Taylor home.

Born, at midnight Friday, May 20, a five pound son to Mr. and Mrs. Guy C. Eccleston at the Charlevoix hospital, named William Guy. We might now state that Mr. Eccleston may now claim further exemption from his income tax.

E. B. Ward and mother, Mrs. Lydia Ward, leave Thursday morning for Grand Rapids and Flint. Mr. Ward will spend a few days in Grand Rapids on business and from there they will go to Flint where Mrs. Ward expects to spend the summer with her daughter, Mrs. Robert Mitchell.

Marriage licenses recently issued at the office of the county clerk are as follows: Harry O. Carpenter and Myrtle Pearl Hurlbert both of East Jordan; Aleck Cornstalk, Indian of Hich Island and Esther Wasgeshik an Indian of St. James; Bob White of Bay Shore and Thetus Simmons of Portland, Indiana.

Announces Opening

On page four of this issue appears the opening announcement of Little Will & Son, Jewelers and Opticians, who are about to open a branch store in the I. O. O. F. building, formerly occupied by the S. M. Rose barber shop. "Little Will" is a pioneer jeweler of Petoskey and is well known in this city.

If you can live through the particular evil that besets you today, another evil will come along tomorrow to make today's look like a blessing.

BOOK WOLCAST

FOR NEXT BOUT

Petoskey Elks Arrange a Fine Program for June 2

The boxing committee of the Elks lodge of Petoskey and Charlevoix announce that arrangements have been completed for a bout June 2, between Al Wolgast of Cadillac and Young Spielman of Grand Rapids.

Wolgast was the winner in a recent contest at the Temple theatre, Petoskey, where he won from Lester Cook of Grand Rapids in nine rounds.

Young Spielman is a strong and aggressive boxer from the Furniture City, who holds a newspaper decision over Wolgast, obtained when they met in Grand Rapids last New Year's Day.

It is believed this pair of boxers will stage one of the fastest battles ever witnessed in this section, and the management is preparing three more "prelims" to support the headliner.

New Palace Theatre

Especially Good Attractions For This Week

THURSDAY, MAY 26th—William Fox presents Tom Mix in "Prairie Trails." This picture is a thriller. You know that from the fact that Tom Mix is in it. In each new picture this star does some daring exploit that never has been done before. In this picture Mix surpasses all he ever did before in feats of daring. Also a Rowland comedy.

SATURDAY and SUNDAY, MAY 28th and 29th—Big double attraction. William Fox presents William Farnum in his big special production, "If I Were King." The biggest picture of his career in a magnificent screen version of Justin Huntly McCarthy's Stage success and novel. This is the play in which E. H. Sothern appeared so successfully on the speaking stage. A gorgeous, thrilling picture; one that no one should miss seeing. Also a new Clyde Cook two-reel comedy, "The Huntsman."

MEMORIAL DAY, MONDAY, MAY 30—We are presenting a big super-special production and a picture in due respect of the day. A unique and appealing drama of secret diplomacy

and the Three Loves of Woman. "The Breath of the Gods" featuring Tsuru Aoki (Mrs. Sessue Hayakawa) and an all-star cast. A drama made of the three great races, American, French and Japanese. A great picture of a romance that rocked a throne. Staged in the land of cherry blossoms. "The Breath of the Gods" is a great heart appealing story that could have been given the world by the camera. Portrayed by talented players and produced with a lavishness in detail which mark it as one of the most notable pictures of the year.

WEDNESDAY, JUNE 1st—Metro Pictures presents Viola Dana in "Cinderella's Twin." A Metro Picture is always good. Also a Mutt & Jeff cartoon, "Flivvering."

COMING—Thursday, June 2nd, Mary Miles Minter in "Eyes of the Heart."

COMING—Saturday, June 4th, Chas. Ray in "Paris Green."

COMING Saturday, June 11, Dorothy Phillips in "Once to Every Woman."

WILLYS OVERLAND SMASHES PRICES

OVERLAND CUT \$200; WILLYS:
KNIGHT \$300 JUNE 1

Overland Down 22 Per Cent From
Present Price—33 Per Cent
Since September

Rock bottom prices for Overland
automobiles go into effect here on
June 1st.

This announcement was made
yesterday by Benj. Brown, local
distributor of Willys-Overland pro-
ducts, following receipt of tele-
graphic advices from the Willys-

Overland factory at Toledo, an-
nouncing sweeping reduction to
\$695 on the Overland touring, and
\$1895 on the Willys-Knight touring,
other reductions in proportion.

Last September the price of the
Overland was smashed from \$1035
to \$895. June 1st the price is again
cut, this time from \$895 to \$695, a
sweeping reduction of \$200 more.

The new price is \$150 less than
the lowest price for which this car
was ever sold, and is made possible,
according to John N. Willys, by the
quantity sale of this popular car,
which has already passed the 140,-
000 mark, and by the anticipation of
great savings in manufacturing cost
through increased volume, and in-
creased factory efficiency.

The new Overland prices compar-
ed with the old are as follows:

Touring	\$695
(Formerly \$895)	
Roadster	\$695
(Formerly \$895)	
Coupe	\$1,000
(Formerly \$1,425)	
Sedan	\$1,275
(Formerly \$1,475)	

John N. Willys, recently return-
ed from a trip on which he visited
more than 3,000 Overland dealers,
states, "The public wants to buy
automobiles, but the buying public
has hesitated in the hope that price
cuts might be made. We have de-
cided to anticipate every possible
saving from material savings, and
from the savings of volume produc-
tion, and we are putting our prices
at rock bottom June 1st.

"We are going the whole route
right now. The price is the low price
which we have long anticipated we
might some day reach on the Over-
land car, and the car itself is bet-
ter than ever before. It shows an
average gasoline mileage of better
than 25 miles to the gallon, its tire
mileage and its mileage on oil is
astounding.

"At the present we will take a
loss on every Overland car we sell,
but we fully expect to make this up
through increased volume and in-
creased material savings.

"This gives the public the oppor-
tunity to buy and use a modern,
well designed, high grade automobile
at a cost never before attained.

"We have the organization to do
this now as we never have had it
before and there is absolutely no
question in the minds of our deal-
ers and distributors that the Over-
land car today represents a value
which makes it easily first among all
pocket valve cars as a utility invest-
ment."

The great surprise in the Willys-
Overland announcement is the deep
cut made in the Willys-Knight car,
according to Brown Auto Sales,
Willys-Overland distributor.

This car which uses the same type
of motor as the famous Panhard
built in France, the Daimler in Eng-
land, and the Minerva in Belgium,
and the Mercedes, has long been
classed in the public mind as one of
the country's fine cars.

It combines smartness of design
and fineness of workmanship with
an extremely low cost of mainte-
nance. Its gasoline mileage averages
above 20 miles to the gallon, and
the sleeve valve motor actually im-
proves with use up to 50,000 miles,
and maintains its high standard for

THE BIG BANK ON THE CORNER

THE U. S. CHAIN TREAD

One of the few tires of which it may
be said that they deliver economy
year in and year out and tire after tire.

The U. S. Chain Tread gives
sufficient traction on all ordinary
road surfaces. It is probably the
handiest, and by all odds the
most popular, of the whole U. S.
Fabric Tire line.

Economy rides on U.S. Tires—

If you could get together all the car
owners you know, you'd probably
find that their tire experiences had been
much the same.

Most of them have taken their fling
at "job lots," "discontinued lines" and
"surplus stocks." Soon or late, nearly
all settled back on quality first as the
one sound assurance of tire value.

As soon as a man forgets the cut-
price tag, and comes to the dealer who
concentrates on a full, completely
sized stock of U. S. Tires—he learns
what it means to get fresh, live tires
—not once in a while but every time.

Not merely in the big cities, but in
his own home town.

Not merely for the heavy car, but for
the medium and light-weight car—a
full selection of size, tread and type.

Your U. S. Tire dealer can give you
this service because of the service he
gets from his neighboring U. S. Factory
Branch. There are 92 of these Branches.
Each gets its share of U. S. Tires, so
that the dealer is always supplied with
fresh, live stock.

U. S. Tires sell as fast as they are made.

There is no over production. No sur-
plus piled up waiting for a "market."

Wherever you buy a U. S. Tire—
you buy a tire of current production,
as full of life and value as the day it
left the makers.

United States Tires United States Rubber Company

H. B. WOOD, Local Distributor

a life that has yet found no limit.
Yet this is a fine car by quantity
production has been sold not at the
eight to twelve thousand dollar fig-
ure of the foreign cars, but at the
low figure of \$2195 during this past
year in America.

The new price of \$1895 puts this
car at the very lowest price among
America's finest cars.

The ability of Willys-Overland to
make this saving may be judged
from the fact that up to the first of
May this year more than 50,000
Willys-Knight cars had been sold,
and among the purchasers of this
Willys-Knight car who are enthusi-
astic over the qualities of its motor,
are the Prince of Wales and the
King of Spain, who join with thou-
sands of Americans in placing price
secondary to satisfaction.

The new prices of the Willys-
Knight compared with the old are
as follows:

Touring	\$1,895
(Formerly \$2,195)	
Roadster	\$1,895
(Formerly \$2,195)	
Coupe	\$2,550
(Formerly \$2,845)	
Sedan	\$2,750
(Formerly \$2,915)	

Let us overhaul that bicycle and
make it run like a new one. We
guarantee a satisfactory job. Benj.
Brown.

Juvenile Wisdom.

The essays of school children fre-
quently impart very curious infor-
mation. One boy wrote, "Sugar is made
from linen rags." Another, "To keep
milk from turning sour you should
leave it in the cow." A third young-
ster, "To make butter we must beat
up some eggs in some milk and set it
in the sun. When the eggs come to
the top, scum it off."

Everybody can see both sides of
a question if he isn't interested in
the question.

Honesty Prevalent in China.
Honesty is a prevailing virtue among
most Chinamen. Some of them in
their native towns and cities leave
their places of business unguarded
while they go off for an hour or more.
Should customers arrive in the mean-
time they find the prices of goods
plainly marked, select what they want
and leave the money for them.

LEGAL NOTICES

Notice to Contractors
State Trunk Line Road No. 13-11,
Sec. C., Melrose Township, Charle-
voix County, Michigan.

Sealed proposals will be received
at the office of the Board of County
Road Commissioners of Charlevoix
County, Court House, Charlevoix,
Michigan, until 1:30 o'clock p. m.
Central Standard Time, Friday,
June 3, 1921, by Frank F. Rogers,
State Highway Commissioner, for
improving 1.870 miles of road in
Melrose township, Charlevoix coun-
ty, Michigan. The work will consist
of shaping the road, constructing the
necessary drainage structures, and
surfacing to a width of sixteen (16)
feet with base course gravel.

Plans may be examined and in-
structions to bidders, specifications
and proposal blanks obtained at the
office of the Board of County Road
Commissioners of Charlevoix Coun-
ty, Court House, Charlevoix, Michi-
gan; at the district office of the
State Highway Department, Lansing,
Michigan; and at the office of the State Highway De-
partment, Lansing, Michigan. Plans
will be furnished by the undersigned
upon receipt of a deposit of five
(\$5.00) dollars, which will be re-
funded upon their safe return.
A certified check in the sum of
Five hundred (\$500.00) dollars
made payable to Frank F. Rogers,
State Highway Commissioner, must
accompany each proposal.
The right is reserved to reject any
or all proposals.

Frank F. Rogers,
State Highway Commissioner
Lansing, Michigan, May 17, 1921.

Probate Notice
State of Michigan, the Probate
Court for the County of Charlevoix.

At a session of said Court, held
at the Probate office in the City of
Charlevoix in said County, on the
5th day of May, A. D. 1921.

Present, Hon. Servetus A. Correll,
Judge of Probate.

In the matter of the estate of
Thomas M. Stroud, deceased.
Eugene E. Stroud having filed in
said court his final administration
account, and this petition praying
for the allowance thereof and for
the assignment and distribution of
the residue of said estate.

It is ordered that the 28th day of
May, A. D. 1921, at ten o'clock in
the forenoon, at said probate office,
be and is hereby appointed for exam-
ining and allowing said account and
hearing said petition;

It is further ordered, that public
notice thereof be given by publica-
tion of a copy of this order, for
three successive weeks previous to
said day of hearing, in the Charle-
voix Courier, a newspaper printed
and circulated in said county.

Servetus A. Correll,
Judge of Probate.

Ellsworth Section

ELLSWORTH

Grant Kinner is working at Bellaire this week.

Mrs. Vera Goldstick of Bellaire assisted at the Weiss store several days last week.

Mrs. Marie Moon of Traverse City spent from Saturday until Monday at the A. L. Ely home.

Edd Moblo of Traverse City spent several days of last week with his mother, Mrs. Adam Martin.

Mr. and Mrs. A. Moblo visited at the home of Mr. and Mrs. Streeter of East Jordan on Wednesday.

Albert Harwood is at Battle Creek this week attending a meeting of the Grand Lodge of Masons.

Henry Elzinga has purchased the Hoffman property on Angel avenue and will take possession in a few days.

Stuart Baar and D. E. Clow attended the Bankers Banquet at Traverse City on Tuesday evening of last week.

Wallace Weiss operated on by Dr. Beuker at the Charlevoix hospital on Tuesday of last week, is improving rapidly and expects to be home the last of this week.

Benj. Madill was injured at the gravel pit near the Holiness church one day last week and was unconscious for some time. He is much better at present but is still unable to work.

Mr. and Mrs. Roy Winegarden, and Mr. and Mrs. Wm. Roat and son of Boyne City spent the week-end with their parents, Mr. and Mrs. E. A. Dean at the home of their sister Mrs. A. Moblo.

Movers are busy this week transferring the house recently purchased from Mrs. Robert White by Merion Best to the farm northeast of town which Mr. Best purchased one year ago. Ben Stoddard of Central Lake is doing the work.

Lewis Shaver has purchased a lot from Calvin Supernaw south of the Supernaw residence and will start work on a residence in a few days.

H. J. Timmer was distributing cucumber seed for Libby, McNeil & Libby several days last week.

School closed on Friday of last week although the pupils of the 10th

grade put in Monday and Tuesday of this week preparing for commencement exercises held at the Blue hall Tuesday evening. The primary room held a picnic at Campbell's park and the intermediate room enjoyed a motor ride and picnic to the bay near old Antrim.

Quite a number of young people from Ellsworth attended a surprise birthday party at Ethan Joliffe's home on Monday evening of this week. The party was in honor of their son William who remained conspicuous by his absence during the entire evening. All who attended report a splendid time however.

Miss Mary Parsons is recovering slowly from her illness of the past two weeks.

Phone 304 for lumber, lath, shingles, etc. No. 1 material and right prices. Also see me for door and window frames, inside trim and in fact any and all kinds of mill and cabinet work. Wm. Drenth, Ellsworth, Michigan. 191f

ROCK ELM

Sunday's showers were very much appreciated by the farmers in this neighborhood.

Mr. and Mrs. George Metz visited at the home of his parents, Mr. and Mrs. Levi Metz, Sunday.

William Slow is hauling lumber to build a new house on his farm this summer. Thomas Jensen is doing the mason work.

The little sawmill down by Monroe Creek has been undergoing repairs of late but it is expected it will be working again this week.

Mrs. Anna Carney died of pneumonia at her home in South Arm township on Thursday, May 12th, after an illness of about two weeks. She was nearly 75 years old at the time of her death.

Miss Anna Van DeVenter was born in June 1843. Soon after the close of the Civil War she was united in marriage with John H. Carney, a Civil War veteran. To this union six children, four sons and two daughters were born. Her husband answered his last call April 13, 1911. She was ever a faithful wife and devoted mother, and an earnest Christian.

School closed on Friday of last week although the pupils of the 10th

She is survived by two sons, John

and Mark, who live near East Jordan and two daughters, Mrs. Kimball of East Jordan and Mrs. Myrtle Danforth of Rock Elm, also one sister and two brothers besides many warm friends who will greatly miss her.

The funeral services were conducted from the home by her pastor Rev. Marshall of the M. E. church, on Sunday at 1:30 p. m. Burial in Lake View cemetery.

MILES DISTRICT

Little Lawrence Boyd is on the sick list.

Robert Evans called at the Miles' home Monday.

Mr. and Mrs. Eugene Miles motored to Charlevoix Wednesday.

Ether LaLonde spent the week-end with her sister, Mrs. Chas. Withers.

Mrs. Frank Pearl of Kalamazoo spent a few days this week with Mrs. A. Miles.

Mrs. John TerWee spent last Tuesday with Mrs. John Elshof of Ellsworth.

Mr. and Mrs. Bert Elliot of Phelps were Sunday visitors of Mr. and Mrs. Fred Baneroff.

Mr. and Mrs. Gilbert LaClair and family were callers at the Boyd home Sunday evening.

The Misses Esther and Agnes LaLonde, Manila Miles, and Clyde Strong made a business trip to Charlevoix Thursday.

Mr. and Mrs. Lyman Miles of Chaddock district and Mr. and Mrs. Art Gidley of Ellsworth spent Sunday at the Miles home.

ANTRIM CITY

Mr. and Mrs. F. Mason were visiting at Theo. Guyer's Sunday.

Mrs. Isabelle from Enstport, was visiting at Wm. Knight's Sunday.

Mrs. L. M. McDowell was visiting at Baumbach's one day last week.

Mr. and Mrs. John Simons and family went to Traverse City Friday.

Ben Mason and H. Osborn and McDowell are working for Baumbach.

Mrs. F. Brooks and Grace were visitors at Wm. Knight's one day last week.

Mr. and Mrs. G. Stoel and boys were visiting at Thompsonville from Friday until Sunday.

ESSENTIAL TO GRADE APPLES

More Efficient System Necessary to Create Confidence Between Buyers and Sellers.

The cornerstone upon which rests the successful distribution of the apple crop, which in 1919 reached some 75,000,000 bushels, is grading. Were it not for a more or less uniform system of grading which even now in many instances is done only by the general term "grade practice," the marketing of this great crop would be such a complicated problem that it immediately would be accompanied by uncertainty and losses that would ruin the business, say marketing specialists of the bureau of markets, United States Department of Agriculture. But, even more efficient grading practices are necessary to create confidence between sellers and buyers and to eliminate waste. According to these experts the chief difficulties with present apple grading laws are their despatch and disregard of market practices. Three essentials to the successful standardization of apples and other farm products are cited:

1. There must be decided public sentiment in favor of grading regulations.
2. The law should conform with good commercial practice.
3. There should be proper inspection of shipments at both shipping point and destination.

FEED FOR TREES IMPORTANT

Yield Must Decline if Some of Elements Taken From Soil Are Not Returned in Some Way.

Many fruit growers do not realize the importance of feeding their trees. Every pound of fruit sold from the land removes just that much plant food from it. Sooner or later the yield must decline if this practice is continued without some of the elements of which the soil is being exhausted being returned. A thorough study at his soil will pay many a grower who is not now getting the returns in yields that he should. He might be able to get this soil in good condition physically, increase its water holding capacity, and then give some intelligent consideration to feeding his trees for maximum yields.

CLEANING UP PLUM CURCULIO

Specialists Make Study of Hibernating Habits of Insect and Direct Work of Extermination.

The United States Department of Agriculture has enlarged its force at Fort Valley, Ga., for a general cleanup campaign this winter against plum curculio affecting peaches. Department specialists will make a special study of the hibernating habits of the insect and will direct local work of winter extermination.

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

Cheboygan business men are asking for a revision of the Cheboygan city charter in order to obtain the commission form of government, have again had their request turned down by the Cheboygan city council, this time on a technicality. It is said the phraseology of the petitions were not entirely according to legal requirements. The question is to be put up to the attorney general's department at Lansing, according to Cheboygan reports.

"To the editor of the paper," writes the Harb Scramble reporter to the Manistiquie Courier Tribune, "If I don't know how to act as correspondent of the Tribune for this district, you are at liberty to hunt further and fare worse. I was probably writing for the papers when you were interested in an entirely different commodity. The articles I write are perfectly true and the people I write about want their names in the paper or else they don't want the paper. You may correct the spelling if it doesn't suit you, but either print what I write or leave it out. And when you want to write to me you do it on a piece of paper and mail it. I don't want the whole country to hear me being bawled out, and don't print this either."

Because of the steady mounting costs of operating a newspaper, the Monroe (Mich.) Record-Commercial has discontinued publication. The publication was a combination of the old Monroe Commercial, published for 63 years and the Monroe Record, published 22 years. The newspaper plant was purchased by The Monroe Evening News, which is the only daily paper in Monroe county. C. A. French is editor of The Monroe Evening News.

Some thief, with a leaning toward new shoes, and probably without the price of getting shod, betook himself to the M. C. depot Tuesday evening, picked up a commercial man's hand sample case and walked away. He got many shoes, all samples, and all for the right foot. He was stung, and so was Louis Maier, of Detroit, representing the Marion Rubber company, and who belonged to the sample case. The empty case was found in a field near St. Thomas church late Wednesday.—Cheboygan Tribune.

Trapped. Frosh—"I want a leave of absence for over the weekend to visit my sister in New York." Deaa (quickly)—"How long have you known her?" Frosh—"About two weeks."—Cornell Whlow.

Crowding Father Time. It was an Irish member of parliament who, somewhat wearied with the long debate, said: "If you leave this question to us for three years we will settle it tomorrow morning."

Inexpensive Palm. A pretty, inexpensive palm can be grown from one or two seeds of a common dried date. The soil should be rich and the plant should be well watered.

Trees and Temper. Some men when they held their temper went out and furiously chopped down a tree. But everybody hasn't a tree handy.

Good Always at Hand. If we will take the good we find, asking no questions, we shall have heaping measures. Everything good is on the highway.—Emerson

STATE ORDERS SIGNS REMOVED

COM. ROGERS WOULD CLEAR ROADS OF SIGNBOARDS

Near Mile Post Not Expected To Be Disturbed When Work is Undertaken

Advertising signs must be removed from state trunk line highways, according to an announcement made recently by Frank F. Rogers, state highway commissioner, who is publishing a legal notice calling attention to the provisions of section 10, act 19, of the public acts of 1919.

The notice says that all advertising signs and other signs, markers or guide posts that have not been authorized must be removed from the limits of the trunk line roads of the state of Michigan. After June 15 all such unauthorized signs, markers or guide posts will be subject to removal under the direction of the state highway commissioner.

This requirement is not believed to mean that all mile posts leading into cities and towns must be removed as they are a convenience to the public second only to the road itself. It is designed to eliminate the multiplicity of sign boards that contain advertisements in screaming letters and the distance in figures so small as to be hardly noticeable.

The state highway department plans to beautify the highways and to this end will recommend that distinctive signboards be erected on roads leading into communities, these mile posts to be artistic and informative without marring the natural beauties of the landscape.

CHARLEVOIX PUBLIC SCHOOL NOTES

On Friday afternoon, June 3rd, from 3 to 5 o'clock, the domestic science and art department will give exhibits in their respective rooms. The public is cordially invited to attend and to become familiar in this way with the work done during the year by the students in those two departments.

See "The House That Jack Built" Thursday afternoon June 3 at 3:30 on the school grounds. 140 children will have part in this operetta. Be sure to come.

Rev. James Smith, addressed the Bible study class Friday afternoon on, "The Influence of the Hebrew Prophets." The lecture was very interesting as well as instructive and gave us a very clear idea of the work and mission of these great men.

Next week will be "review week" for all high school classes except the seniors. They will have their final examinations during that week.

Mr. H.—If one side of an equilateral triangle is ten inches long, what is the length of the base Miss S?

Miss S. (to her neighbor)—How much is it? Oh, yes, 5 inches.
Mr. H.—That's all! next?

M. E. CHURCH NOTES

Union Memorial services at the Baptist church next Sunday morning. All other services as usual.

Stereopticon views failed to reach us in time for last Sunday. They are here and will be shown next Sunday evening. No admission will be charged.

Twenty-four young people are members of the pastor's probationary class. This class will be received into the church membership some time in June.

The pastor is mailing copies of the Michigan Christian Advocate to every Methodist family. This is the Centenary number and is full of information regarding the work the church has accomplished with money received from the Centenary movement. Learn of the wonderful work being done by your church and you will contribute more freely and cheerfully of your substance.

Professor Goodrich of Albion college is booked for Charlevoix, June 24 and Dr. Hugh Kennedy of Detroit for July 14th.

The young people of the church have been doing splendid work recently along the lines of leadership in Epworth League work. Charlevoix has no cause to be ashamed of its young people. Come next Sunday and encourage the leaders. Meeting at 6:30.

A male quartet composed of Ney Smith, Edward Edwards, George Block and Earl Shapton gave several

selection last Sunday at the Barnard M. E. church. Needless to say their efforts were greatly appreciated. Next Sunday Miss Maude Shapton will sing and Rev. H. Candler and Earl Shapton will play a cornet and saxophone duet.

Next Sunday at the Epworth League service the members of the Junior Epworth League who are old enough will be promoted to the Senior Epworth League.

At this time of the year the finances are apt to come in rather slowly. Kindly be prompt with your financial obligations to your church.

COMING TO CHARLEVOIX

MARGARET CONRAD

Well Known Violinist and Pianist of Chicago, Coming to Charlevoix to Give Term of Instruction

Margaret Conrad, who is today acknowledged to be in the front rank of America's leading violinists, and who has made an enviable reputation as an instructor in one of the finest conservatories in Chicago, is coming to Charlevoix this summer to give a 10-weeks term of instruction. Having acquired her musical training from the finest masters in the country, she is well equipped to give a thorough course of instruction. Miss Conrad possesses all important requisites of the successful teacher, such as musicianship, teaching ability, thoroughness and unbounded enthusiasm in her work. It might also be added that she has appeared as soloist with the Metropolitan Symphony Orchestra. Miss Conrad will accept only a limited number of pupils.

PRESTON GRAVES

Preston Graves, well known pianist in Chicago and instructor in the American Conservatory of Music (America's foremost school of Music and Dramatic Art), will be in Charlevoix to conduct a 10 weeks summer term for those wishing instruction.

As a pianist, Mr. Graves has appeared on many large programs in Chicago and also as soloist with the Chicago Symphony Orchestra, and having studied with world renowned teachers, is worthy and well qualified to give a thorough course in instruction.

Mr. Graves will come direct from the American Conservatory to Charlevoix and will use late conservatory methods. Only a limited number of pupils accepted.

Lessons in both violin and piano, will be given at your home. This is indeed an unusual opportunity for it means that right in your own home you will receive Conservatory instruction. Only a limited number of pupils taken, and none accepted for less than ten weeks. Term commences Monday, June 27th.

TERMS

Both Violin and Piano
One private half-hour lesson per week (term of ten weeks).....\$15.00
Two private half-hour lessons per week (term of ten weeks).....\$30.00
One private hour lesson per week (term of ten weeks).....\$25.00
Class lesson, one a week of one hour.....\$10.00

APPLY AT ONCE

Address all communications to Preston Graves, American Conservatory of Music, Kimball Hall, Chicago. Those desiring to make application can do so at the Courier office. Inquiries will be promptly forwarded to Chicago.

Adv 2015 pd

Will C. Hull, Prop.

W. E. Byers, Auctioneer

HALLETT'S INN READY FOR OPENING

First Meal To Be Served on Wednesday June 1st—Formal Opening

Hallett's Inn, under the management of I. L. Hallett, will be opened Wednesday morning, June 1 the first meal to be served will be breakfast on that day. The bedrooms are being arranged this week and the entire building being put in readiness for occupancy. Waitresses and cooks will arrive in the next few days from Grand Rapids and Lansing and with the addition of some local servants the hotel will be prepared to serve the public on the opening day, June 1st.

For the evening the management has secured an orchestra from Detroit and dancing and refreshments will be the vogue from 8:30 until 11:30 o'clock. This entertainment will be informal and the citizens of Charlevoix are cordially invited to visit the new hotel on that evening.

PETOSKEY WINS BIG TRACK MEET

No Trouble Winning From Other Teams in Contest

Petoskey, with one of the best balanced track and field teams in recent history, captured the annual Northern Michigan meet in that city Saturday afternoon with a total of 52 points. Petoskey players scored points in every event and had no difficulty in winning the relay race, the closing event of the day. The Petoskey high school was awarded both of the handsome silver trophy cups and many medals and ribbons. There was a large crowd present, rooters coming from Cadillac, Traverse City, Charlevoix, Boyne City, East Jordan, Onaway, Buckley, Pellston, Alanson, Harbor Springs and many other points. Kelly, of Cadillac won the gold medal for the highest number of points scored by any one player. His count was 21. He also won three silver first place medals and two second place ribbons.

TWENTY-ONE GUESTS WERE PRESENT

At Birthday Party Given in Honor of Miss Dorothy Hooker

Mrs. M. B. Hooker entertained at her home on Antrim street for her daughter, Dorothy, the occasion being Miss Dorothy's 12th birthday, Friday afternoon, May 20th. There were twenty-one guests including Leona Smith, whose birthday occurred on the same day and who is also twelve years old, and Miss Mary Berg, Dorothy's school teacher.

The afternoon was spent in playing games until late when Mrs. Hooker served a dainty lunch the main attraction of which was a birthday cake with twelve candles.

Who is "M. A. J.?"

The Courier has a letter addressed to "M. A. J." sent in care of this office. This is in answer to an advertisement run some time ago for a housekeeper. Will "M. A. J." please call for this letter, or any person who has information regarding same that will help us locate the person wanted.

Postoffice Closed Monday

The local postoffice will be closed all day Monday, Memorial Day, to give the employees an opportunity to observe the day and attend the various services to be held on this national holiday.

In Memoriam
In memory of our dear little Gladys who passed away one year ago today, May 27, 1920. Softly the stars are shining Over the silent grave; Gently she is sleeping, One whom we loved, but could not save. None can know how much we miss her Through the weary, lonesome hours; In our hearts their is no question, That God picks the sweetest flowers.

CHARLEVOIX COURIER

VOLUME 29. NUMBER 22.

EIGHT PAGES

COURIER, CHARLEVOIX, MICH., WEDNESDAY, JUNE 1, 1921

PRICE \$2.00 PER YEAR

NEW P. O. ORDER HAS WIDE RANGE

ALL TO TAKE CIVIL SERVICE EXAMINATION

Candidates Must Be Found Able to
Meet Minimum Requirements
—65 Years Age Limit

President Harding's executive order, providing civil service examinations for those seeking the postmasterhips in first, second and third class offices possesses a delightful latitude in its language permitting, in fact, the naming of postmasters by the republican congressmen, according to the attitude taken since the president's announcement.

The order provides that the postmaster general may select any one of the three men who stand highest in civil service examination percentages. It is realized that a man may be a good student and receive the highest rating on a civil service examination, and yet not possess the practical experience or personal qualifications to become postmaster. Thus, the postoffice department is permitted to examine other qualifications of a candidate which cannot be determined in a pen and paper examination.

It is well understood in republican circles that in most instances the department will refer the rating of the three highest candidates to the republican congressmen in whose district the postoffice is located. The member of congress will be asked to make a recommendation as to the fittest candidate; and it is reasonable to presume that the department will in each case choose the man recommended by his congressman. Each member of congress is supposed to understand local conditions and requirements of the postoffice within his district. And, waiving possible political expediency, the advice of a member of congress naturally would bear considerable weight in the final determination of the fittest candidate.

Michigan congressmen are particularly gratified by the president's executive order. It saves them the possibility of disappointing ten candidates while favoring one. They will be able to blame the department in replying to candidates who lose out. And still their historic prerogative in naming the recipients of federal patronage in their respective districts, is, to a reasonable extent, preserved.

When a vacancy exists or hereafter occurs in the position of postmaster at an office of the first, second or third class, such vacancy is now filled by nomination of some person within the competitive classified civil service who has the required qualifications, then the postmaster general shall certify the fact to the civil service commission which shall forthwith hold an open competitive examination to test the fitness of applicants to fill such vacancy and when such examination has been held and the papers in connection therewith have been rated, the said commissioner shall certify the results thereof to the postmaster general, who shall submit to the president the name of one of the highest three qualified eligibles for appointment to fill such vacancy, unless it is established that the character or residence of any such applicant disqualifies him for appointment to such position; provided that at the expiration of the term of a person appointed such position through examination before the civil service commission, the postmaster general may, in his discretion, submit the name of such person to the president for reappointment without further examination.

No person shall, who has passed his 65th birthday, or who not actually resided within the delivery of such postoffice for two years next preceding such vacancy, shall be given the examination therein provided for.

If under this order, it is provided to make nomination for any office of a person in the competitive classified service, such person must first be found by the civil service commission to meet the minimum requirements for the office.

If any of our local candidates desire to "brush up" a little on any or all of the subjects to be written on at the civil service examination mentioned above, we will gladly put them in touch with one or several good correspondence schools. Or further, we know of several good tutors who would be glad to put in their summer vacation in this manner.

\$200,000 ESTATE TO ANTRIM JUDGE

Wealthy Summer Tourist Leaves Gift
for Those Who Care for Her

Clayton L. Bailey of Bellaire, Antrim county's judge of probate, has been awarded complete rights in the Emily C. Brown estate valued at \$200,000 in securities, one-third interest in the First State Savings bank, Hammond, Ind., and \$5,000 worth of diamonds.

Mrs. Brown, a summer visitor in the Torch lake region and a neighbor of Judge Bailey, was taken ill two years ago. The Bailey family cared for her as an invalid for many months and their reward for their kindness to the wealthy woman was her entire estate.

Judge Cuy E. Smith, of Gladwin, conducted the trial which lasted a week and a notable array of attorneys represented Mrs. Annabelle Jones, a half-sister of the deceased of Chicago and wife of Mrs. B. Jones, assistant superintendent of the Wisconsin Steel works, who sought to break the will. Thomas D. Meggison, state representative, testified he had drawn the will for Mrs. Brown which gave Judge Bailey the estate.

Certrude Pfeiffer, of Wilmette, Ill., was the other legatee under the will, receiving \$5,000. Testimony showed Mrs. Brown had been estranged from her relatives for years. Three women were on the trial jury in the circuit court which heard the contest and which awarded the estate.

THE APPOINTMENT OF A MAYOR

KNOTTY PROBLEM CONFRONTS CITY COUNCIL

Death of A. A. Swinton Leaves Char-
levoix Without a Mayor—
Council Should Act

The members of the city council are discussing the matter of filling the vacancy in the office of mayor, caused by the recent death of A. A. Swinton, this subject being given considerable time at their regular meeting Tuesday evening.

The city charter provides that the president pro tem of the council shall fill the office of mayor during a vacancy caused by the disability or absence of the mayor. The charter also provides that the vacancy may be filled by the appointment of a mayor by the council, within twenty days, or the council may order a special election. Either of these methods depends upon what the council considers for the best interests of the city. A special election means a special primary to nominate candidates and the regular election following.

We are of the opinion that it is wholly inadvisable to call a special election. It will cost the taxpayers a considerable sum of money. We already have too many elections, with consequent partisan feeling and friction. We are right in the beginning of our busy season and we do not like to have our business interfered with by politics. The city council is made up of good, serious men, who are doing a good work, and the city affairs are in excellent condition. We believe they can be safely trusted to select some person to fill the vacancy for the balance of the term.

Mayor pro tem Geneit has announced that he prefers to have a mayor appointed or elected as he feels that his work as chairman of the finance committee and other duties will fully occupy his time.

Without attempting to suggest anything to the council, we believe a man should be selected who has sufficient time at his disposal to take care of the duties of the office. We would prefer a man of less ability who would devote his time to the office, over a man of more ability, perhaps, but so tied up in his own business that he could spare but one night a week to the city.

PROVIDE GOOD MUSIC

Dice & Beard Close Contract with
Fischer's Orchestra

Beard & Dice of the Lakeside Pavilion, have secured a contract for the summer season with Fischer's Orchestra for four nights each week, Tuesday, Thursday, Friday and Saturday.

They promise good music that will not be equaled in this section for those who love to dance. The new summer prices start at Lakeside Pavilion on Saturday evening, June 8, at 10 cents per dance. 22tf

CITY TO HAVE FREE AUTO CAMP

COUNCIL SETS ASIDE WEST END OF CITY PARK

Land Lying Between Antrim and
Mason Streets to be Put Into
Practical Use

The city council, at its regular meeting Tuesday evening, by unanimous vote, set aside all that part of the city park lying in a southerly direction from the north line of Mason street to the south line of Antrim street for a free auto park site.

This action, which should receive the commendation of every progressive citizen of Charlevoix, ends the discussion as to the advisability of Charlevoix having a free auto park, and places the city on the map with other live northern Michigan cities.

It also places into practical use land that is worth thousands of dollars to Charlevoix that has been of no benefit to the city for the past thirty years or more. It will afford a place for the tourist who travels by auto to camp over night—or for days or weeks for that matter. And hundreds will take advantage of it who have heretofore passed Charlevoix up, and drove to the city that had prepared a place for them.

The benefit Charlevoix will derive from this ideally situated free camping site cannot be estimated. People who travel by auto are rapidly increasing and Charlevoix is located on the direct route north, and will become an overnight stopping place.

The joint committee appointed by the council and Association of Commerce will bend every energy to rush the work on the new camp site to completion. It is planned to erect a suitable rest room, with accommodations for all. The park will be well lighted, water provided, and every thing possible done to make things comfortable for those who take advantage of the privilege offered them.

It has also been suggested to set aside a day when all citizens are asked to devote their time to clearing up the park, building roads, etc., to be followed by a picnic dinner and supper. This plan is a good one and a large amount of work could be accomplished in this manner.

BASEBALL SEASON OPENS ON JUNE 12

Charlevoix to Play Petoskey at Op-
ening Game

The baseball season of the Northern Michigan League will open on Sunday, June 12, at Petoskey, when Charlevoix will play Petoskey in that city. The first home game will be played here on June 19, when the Charlevoix team will cross bats with Cross Village.

Glenn E. Loomis, who played with Charlevoix last season will don his uniform and help our local team in this contest for leadership among the Northern Michigan League teams.

The games this season will be conducted strictly along professional lines, four paid umpires being engaged handle all games played. Good clean ball is the motto adopted, and one can be assured of witnessing fast ball, where these league team games are played.

Charlevoix merchants and business men have offered the following prizes to stimulate interest in the sport, the prizes to be awarded at the close of the season. Winning stunts for which prizes are offered must take place on the home grounds. The prizes are as follows: First hit—Little Will, gold stick pin.

First run to score—A. Bergeon, \$5.00 in trade.

First home run—Charlevoix Hardware company, pair baseball shoes.

First 3-base hit—M. A. Levinson & Co., hat.

First 2-base hit—L. P. Adams, two cartons of Chesterfields cigarettes.

Largest number of hits during the season—Charlevoix County Bank, \$5.00 in gold.

Largest number of runs during the season—Charlevoix State Savings Bank, \$5.00 in gold.

Largest number of home runs during the season—Mrs. Sarah Emery, \$5.00 in gold.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown. 20tf

It takes more than wind to sail the ship of success. 22tf

SCHOOL DAY AT MARION

A LARGE CROWD PRESENT DE- SPITE THE RAIN

First Place Banner Given to Marion,
With Black School Second and
Nowland Third

The exhibits and contest for school day for Marion township was held at Marion No. 5 school, Saturday, May 28th. In spite of the rain in the morning a large crowd was present. The outdoor sports, consisting of running races, high jump, broad jump, was held in the morning on the lawn. George Meggison, Mr. Kling and Howard Cornell conducted the sports.

The first place banner was given to Marion No. 5 school, the second place banner to Black school and third place to Nowland school, who in spite of being small in numbers and not having had school for the past month, made a fine showing. Many of the Phelps and Barnard pupils were unable to get there in time for the sports, but those who were present did fine work. The rivalry between the schools was keen but very good natured, as was shown by the yells which were given on the lawn before the sports began. All of the schools showed a splendid school spirit, which the school day certainly encourages. It was very evident that the pupils receive inspiration from the township school day.

A potluck dinner was served, by the ladies of the community, in the grove on the camp ground. The children marched, in order, by schools and were served cafeteria style while the adults sat down to tables.

At 2:30 the program, given for the eighth grade commencement was held in the main school-room, which was prettily decorated in green and white, the township colors, and huge bouquets of flowers. Each school gave an interesting program of three numbers in which Barnard and Phelps did exceptionally well. Mr. Rice, superintendent of Charlevoix schools, gave the eighth grade commencement address. Miss Veda Hawkins of Marion No. 5 gave the valedictory which was a credit to herself and her teacher. May L. Stewart gave a short address and presented the diplomas to the eighth grade whose names follow: Veda Hawkins, valedictorian, Marion No. 5; Myrtle Guild, 3rd place, Marion No. 5; Alvin Cunningham, Marion No. 5; Martha Parmenter, 2nd place, Black school, Lawrence Straw, Black school and Howard Ingalls, Black school.

The exhibits were the best ever produced in the township so far. They were held in the auditorium which was also prettily decorated in green and white. The judges, who were Miss Bowman, Miss Brown and Miss Cuscutt, Charlevoix teachers, judged the work in the morning. The first place banner was given to Marion No. 5, the second place to Black school and third place to Barnard.

The success of the day is due in a large measure to the interest and help of the people of the community, especially those who conducted the sports and served the dinner. The teachers of the township also wish to thank the judges for their excellent work and their hearty cooperation.

ARRESTED ON A SERIOUS CHARGE

Wisconsin Officials Place Wm. Russell Under Arrest

William Russell, for a number of years a resident of this city, was placed under arrest Saturday, on information that he was wanted by Wisconsin officials. Monday he was taken to Eau Claire, Wis., by Detective Schaffer of that city.

It is alleged that Russell was implicated in a hold-up and shooting affray in Eau Claire on November 27, 1920, in which a party of five or six men entered a butcher shop in that city, attempted robbery and when the proprietor resisted, he was shot down in cold blood, being killed almost instantly.

EVERYBODY WELCOME

The L. O. T. M. will give a dance at the Bank Hall, Friday evening, June 3rd, followed in the way of entertainment by a drill by sixteen members of the local order. Best music obtainable. Bill 75 cents a couple, extra ladies 35 cents. 21tf

If the bicycle needs a new tire, we have a full line. Repair work a specialty. Benj. Brown. 20tf

FARM BUREAU GRADING STATIONS

Upwards of 350,000 Pounds of Wool
Has Been Graded

Grading stations of the farm bureau wool pool have been raised from 100 to 115, according to the state farm bureau, and the three grading crews in the field have been moving from place to place at such a rate that the entire lower peninsula will have been given the once-over by the middle of July. Many second visits have already been arranged for at the request of the farmers.

Upwards of 350,000 pounds of wool had been graded by May 20, four times the amount received by that date last year. The last of the 3,500,000 pounds of wool in the 1920 pool has just been graded and all but 750,000 pounds has been sold. This year all the wool is being graded in the presence of the growers themselves at the time it is received.

An additional circumstance, which seems to be the basis of the phenomenal success of the pool this year, is the cash advance of one half of the market price of the wool which is given the day the farmer brings in his product. Arrangements are made with a local bank in each grading town to accept grading certificates for cash advances. The local bank forwards the certificates to Lansing and receives the money it has advanced.

MONSTER TROUT CAUGHT SUNDAY

TIPPED SCALES AT THIRTY AND THREE-FOURTHS POUNDS

Prize Contest Conducted by Local
Hardware Puts Anglers On
Their Mettle

The prize contest being conducted by the Charlevoix Hardware Co. is putting a lot of "pep" in the sport and Charlevoix anglers are right on the job in an effort to see who can land the largest fish, for which prizes are offered.

Louis O'Neill, 16 year old son of Eddie O'Neill, has the edge on the bunch just at present in the lake trout class. On Sunday last he caught a monster lake trout weighing thirty and three-fourths pounds. This old-timer was caught in the bay just outside the harbor by hook and line. The young lad had the time of his life in subduing the fish, but after a good tussle, managed to do so and safely land him in the boat. This is the record to date, both as to size and weight.

Other good sized lake trout are being caught every day, some tipping the scales at from 10 to 18 pounds, and a larger one may be caught before the contest closes.

In the beautiful rainbow class, Henry Nowland has the credit for catching the largest fish, a beautifully marked rainbow that tipped the scales at one and one-fourth pounds, measuring fifteen and one-fourth inches. This is by no means a prize-winning fish, and without a doubt a larger one will be caught within the week.

Old timers say most anyone can catch a lake trout or a rainbow trout, but it takes a real fisherman to land a good sized speckled trout. Last week Clifford Sutton brought in a 13 and one-half inch speckled trout that weighed exactly a pound. This beautiful specimen was caught in McGee's Creek, near the Sutton farm south of the city. Cliff says it's no trick at all to land the big fellows if you know where to find them—and he intimated that if luck was with him, he might, if necessary to win the prize, go on a real fishing trip and capture a larger one.

And this is the sport that has put Charlevoix the Beautiful on the map as the place where the big 'uns are to be found. Fishermen and lovers of out-of-door life will travel hundreds of miles to the place where fishing is known to be good. It is the direct result of re-planting our lakes and streams each year.

SEEK VIEWS OF MANY FARMERS

STATE FARM BUREAU IS CON- DUCTING REFERENDUM

Members to Be Asked to Mail Opin-
ions on Important Matters to
State Headquarters

Does the Michigan farmer want legislation making illegal short selling of agricultural products? Does he favor placing the packing industry under government regulations? What is his idea in regard to the roadbuilding program? To answer these questions the state farm bureau will take a state-wide referendum among its 97,000 members at the request of the American Farm Bureau Federation which is making similar surveys in other states.

Questions will be based on the national legislative program adopted at a conference last month of the farm bureau in Washington. Community meetings will be held where practicable. In some cases agricultural agents will gather information from local leaders. A "yes" and "no" vote will be taken on the following specific questions of national legislative policy. In order that every question will be clear, discussion will be given encouragement.

1. Do you favor financing based on bonded warehouse receipts?
2. Do you favor livestock financing based on adequate pledge?
3. Do you favor the development of a personal rural credit system based on proper safeguards?
4. Do you request that authority be granted the Federal Reserve board to so classify rediscounts as to give priority to loans for basic production of all kinds?

5. Do you favor increasing the limit on Federal land bank mortgage loans from \$10,000 to \$25,000.
6. Do you favor asking congress to submit to the state a constitutional amendment prohibiting the issuance of all tax-free securities?
7. Are you in favor of continuing the excess profits tax?
8. Are you opposed to the enactment of a general sales tax?

9. Will you be able to move a materially larger amount of agricultural products if the American Farm Bureau Federation secures an adequate reduction in freight rates?
10. Do you favor placing the packers under regulation by the government, and the vesting of such regulation in the department of agriculture?

11. Do you favor the building of farm-to-market roads prior to the construction of trans-continental highways?
12. Do you favor the Great-Lakes St. Lawrence waterway?
13. Do you favor the truth-in-fabric legislation?
14. Do you favor enabling legislation for co-operative marketing?

FIRST SAILING OF STR. MANITOU

Chartered by Murat Temple of Indianapolis for Excursion

The first sailing of the Str. Manitou, piloted by its veteran captain, William Finucan of this city, will be on Friday, June 17, when this palatial steamer will leave Chicago for a round trip to the Soo, under charter by the Murat Temple, Shriners, of Indianapolis, Ind.

The steamer leaves Chicago at 10 a. m. and arrives at the Soo at 5 a. m. the 18th. On the return trip she will leave the Soo at 8:00 p. m. Saturday, June 18th, and arrive at Harbor Springs at 8:00 a. m. the 19th. At Harbor Springs the party will be entertained for several hours, the boat leaving there at 1:00 p. m. arriving at Chicago on the return trip at 9:00 a. m. on the 29th.

It is expected that over 300 Shriners will be aboard and that various kinds of entertainment will be furnished enroute.

The steamer will start on her regular summer schedule between Charlevoix, Harbor Springs and Mackinac Island on June 27th.

First Church of Christ, Scientist

Sunday service at 10:45 a. m. subject, "God the Only Cause and Creator."

Sunday school at 12 m.

Wednesday service at 7:45 p. m.

Reading room open Tuesday, Thursday, and Saturday, 2 to 5 p. m.

Let us overhaul that bicycle and make it run like a new one. We guarantee a satisfactory job. Benj. Brown. 20tf

CORRESPONDENCE

EAST-CHANDLER

Bernie Adams worked for Will Hughes a few days this week.

Mr. and Mrs. Will Townsend were Charlevoix callers last Monday.

We enjoyed a good rain Sunday evening which was badly needed.

The Misses Edith Quinn and Selars spent the week-end in Petoskey.

Earl Eastwood was a business caller at Vanderbilt Monday of this week.

Misses Helen and Thelma Milford called on Mrs. Forrest Ashman Saturday evening.

Mr. and Mrs. Bernie Adams and family visited at Petoskey Saturday evening and Sunday.

Mrs. Bernice Clark has been visiting friends here on Chandler Hill for the past week.

Mr. and Mrs. Earl Walker and two children of Wolverine visited at Mrs. Walker's sister's home, Mrs. Herbert Howard last Sunday.

Mrs. Mary Bird who teaches in the Harmon district visited at the home of Mr. and Mrs. Carl Clark Wednesday evening returning to her school Thursday morning.

Mrs. Lena Ladwick and baby are staying for a short time with her mother, Mrs. Eastwood, before going to her husband in Pontiac where he has obtained a position.

Mr. and Mrs. Forest Ashman attended the funeral services of Mrs. Ashman's nephew at Harbor Springs last Sunday. His body arrived from France in charge of a government officer and was met by members of the G. A. R. Post and American Legion.

If the bicycle needs a new tire, we have a full line. Repair work a specialty. Benj. Brown. 201f

NORWOOD

Mrs. Guy Empey is reported quite ill at the present writing.

Mrs. Elsie Empey has been on the sick list for the past week.

Dr. Hewitt, wife and daughter Muriel attended church at Boyne City Sunday.

William Gennette and Tony Holecheck were Sunday callers at the Gennette home.

Mr. and Mrs. Townsend of Boyne City were week-end visitors at Dr. Hewitt's of Norwood.

Mr. and Mrs. George Light of Charlevoix spent Sunday at the Floyd Wagner home.

Miss Drusilla Richardson spent Sunday with her parents, Mr. and Mrs. F. E. Richardson.

\$100 Reward, \$100

Catarh is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Catarh that HALL'S CATARRH MEDICINE fails to cure. Druggists 75c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

Mrs. Morehouse and son, Sammy, took Sunday dinner with Mrs. Morehouse's sister, Mrs. Stafford.

Mr. and Mrs. Arthur Ridder of Cadillac motored to the Gennette home Saturday, returning Sunday.

Mrs. F. A. Swartout was taken to the Charlevoix hospital Sunday. She is still in a very serious condition.

Emma Gennette has returned from Cadillac where she has been visiting her sister for the past few weeks.

Mr. and Mrs. Ted Pearl, Miss Jessie Stafford and Raphael Stafford spent the week-end at the Stafford home.

Mr. and Mrs. Dye of Traverse City visited at the home of Mrs. Dye's brother, Frank Richardson of Norwood, over Sunday.

Miss Ellen Swartout, at the Charlevoix hospital, is reported so far recovered that she will be able to return home this week.

We wish to correct an error, of last week. Dr. Hewitt, wife and daughter Muriel drove to Detroit instead of Manistee to attend the wedding of their son.

People are commencing to remember the delightful drive to Norwood and the beautiful scenery on the lake including the wonderful sunsets which are conceded the most beautiful in northern Michigan.

Frank Richardson, wife and sons, Dr. Hewitt, wife and daughter, Ethan Jolliffe, wife and daughter and several others drove to Ellsworth Monday afternoon to call on friends and incidentally to watch the ball game between Ellsworth and Alwood.

A party consisting of Mr. and Mrs. M. Levinson, Mr. and Mrs. Martin Block, Dr. Mitchell and sister, enjoyed a delightful drive and an evening with Dr. Hewitt and family at Norwood Thursday evening of last week. The doctor certainly has an attractive summer home.

Let us overhaul that bicycle and make it run like a new one. We guarantee a satisfactory job. Benj. Brown. 201f

BARNARD

Miss Charlotte Williams spent Sunday at her home in Barnard.

Mrs. Kinsella of Boyne City has been visiting her brother, Wm. Burns, a few days.

Mr. and Mrs. Frank Kaden of Boyne City spent Decoration Day at their uncle's, Wm. Burns.

Miss Robinson returned to her home near Evart on Tuesday after a very successful school year.

Mr. and Mrs. Vance and the Clyde Smith family spent Sunday at the George Vance home in Echo township.

Mr. and Mrs. Ralph Wiltse and son Edward and wife of Central Lake called at the Clyde Smith home on Sunday.

Mr. and Mrs. Vance are starting on their return trip to California on Wednesday going by way of Detroit and other southern Michigan points.

Nearly all Barnard attended the township school day exercises at the

Loeb schoolhouse on Saturday and enjoyed the day exceedingly. Barnard won third place in both indoor and outdoor work.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 201f

IRONTON

Mrs. Linchan returned to her home in Howard City Friday.

Mrs. Matthew Saunders who was sick last week is able to be out again.

Mr. and Mrs. Stewart of Chicago visited their farm on Pine lake Saturday.

Miss Hilda Carlisle, the primary teacher, returned to her home in Central Lake.

Rev. Smith gave a very interesting lecture Sunday on his experiences when in France.

Mr. and Mrs. Hemingway and Mr. and Mrs. Hale returned to their home in Oak Park, Ill., Thursday.

Mrs. Linchan, the grammar teacher, presented Dean Ogden with a fountain pen for his good work during the year.

Mr. and Mrs. Wells drove up from Cadillac Saturday. Mrs. Wells is the guest of Mrs. Barnum while Mr. Wells went to Milledale on business.

Mrs. Crunk and daughters from Oak Park, Ill., arrived Monday evening to spend a month with Mr. Crunk in the Hemingway cottage on Pine lake.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown. 201f

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

One of the largest fish captured in this region in recent years was landed at Muskrat Landing, Indian River, last week, by Dr. G. E. Fisher, of Johannesburg, Mich., a guest at Hotel Howard. The doctor reports that he was using Rush Tango bait and that it took him thirty-five minutes to get the fish into shallow water. Even after getting him out of the deep part of the stream the doctor and his companion had difficulty in landing him and were compelled to roll a good sized log onto the fish before he could be conquered. The monster measured 51 1-4 inches long and weighed 31 pounds.

According to the statements of officials of the department of state handling the issuing of automobile licenses in Michigan, there will be approximately a 10 per cent increase in the number of licenses issued in 1921 over 1920. Up to and including May 1, 1921 there had been issued 381,672 license plates. It is estimated that another 15,000 have been sent out to date. Four hundred and fifty thousand plates have been ordered in all.

Firestone

30x3 1/2 Standard Non-Skid Tire

\$13.95

This new low price is made possible by strictest economies and specialized production. Plant No. 2 was erected for the sole purpose of making 30x3 1/2-inch Non-Skid fabric tires. With a daily capacity of 16,000 tires and 20,000 tubes, this plant permits refined production on a quantity basis.

All materials used are the best obtainable. The quality is uniform. It is the best fabric tire ever offered to the car owner at any price.

Firestone Cord Tires

Tire repair men, who judge value best, class these tires as having the sturdiest carcass made. Forty-seven high-grade car manufacturers use them as standard equipment. They are the quality choice of cord users.

the national joy smoke

On top of all their other troubles the city of Cheboygan and Cheboygan county are now suffering from a dearth of marriages, according to the Cheboygan Tribune, which sums up the situation as follows:

"Once more Cheboygan county is slipping backward regarding marriages. There has been a lapse of two solid weeks without there having been a single license issued.

"True this is the month of May and the conservative and prospective bride generally prefers to be a June bride, especially at this season of the year. There are others who are awaiting a more thorough settlement of the H. C. C. before becoming involved.

"Anyway there are no marriage licenses being written at the county clerk's office."

CEDAR RUST CAUSE OF LOSS

Disease Damaged Apple Crop to Extent of Million and Half Dollars in Virginia.

During the past season it has been estimated that the apple growers lost more than \$1,500,000 worth of apples. The Virginia Department of Agriculture has been working to prevent such a loss in the future.

Thaw-Theory

The word is of Greek derivation and means "law of death." As used in Bryant's poem it might be interpreted as "meditation on the subject of death."

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown. 201f

THINGS THAT NEVER HAPPEN

By GENE BYRNES

EDITORIAL

AN ECONOMIC PUZZLE

In the vicinity of Westfield, Mass., the production of milk has so far outstripped its consumption that producers are either feeding their milk to the hogs or throwing it away. At the same time milk is retailing at from 13 cents to 15 cents a quart. "Large dealers (dairymen) refuse to pay more than a small price for the surplus," says a news item, "and the producers say that this price does not warrant delivery. Efforts have been made to increase consumption among school children who are under normal weight, but at present prices parents refuse to buy more than is necessary for the table." Will the economist who depends so implicitly on the law of supply and demand study the question and tell us what is wrong, how to remedy it, and why it should not be remedied at once?

THE ROOT OF BANDITRY

The stolen automobile is the root of all banditry. For this reason the checking of car theft is the first essential in crime prevention. So thinks one crime authority, and there will be few to disagree with him.

This is a field in which there is great need of unified action and unified law. Drastring regulation in one community will help little if the next county or the adjoining state

is not also in control of the situation. Making automobile thievery a federal offense would help the situation.

In any case the punishment for stealing an automobile or for riding knowingly in a stolen car should be made so certain and so rigorous that the dread of it would stay the hand of the thief and dampen the enthusiasm of his pals. There is needed also a universal system for the identification of cars, and the registration and regulation of sales to check dishonest traffic. The perfection of tracking devices also presents a fertile field for prevention.

Every step which makes it more difficult for the thief to get a car in which to follow his trade or escape from the scene of crime is a direct step in crime prevention. A better understanding of this fact might result in more effective action.

LET IN THE LIGHT

After the publication of the list of men subject to the draft who were not shown on the records as having responded to the call, it developed that there was on the list the name of a young man in Chicago who had volunteered and had rendered distinguished service overseas. Upon this disclosure there was a shout of protest against further publication of the list—a protest in which the man of distinguished service did not join. What did he care about the publication—he had been helped, not hurt. In the first place,

he didn't know that he was listed as a deserter, and he probably never would have known if the lists had not been printed. Moreover, if the discovery had not thus been made, in all probability the record would have stood and a generation or so later there would have been great difficulty if his descendants tried to have the record corrected. Furthermore, the publication of his name called widespread attention to the fact that he had rendered distinguished service—a fact known previously to only a relatively few people, his personal friends and his comrades in arms. He got more good than harm out of the publicity, so why should he worry?

POLAND'S PURCHASE

The other day Poland paid the league of nations \$87,276, being its share of the cost of upkeep of that precious institution. Now Polish soldiers are called upon to withstand the assaults of German troops in Silesia, while the league looks on with apparent approval of the German efforts. Just what does Poland think she got for her money?

DUE DELIBERATION

Attorney General Daugherty has filled three more places of responsibility in his department. The appointment of officials in this administration lacks the impetuosity that always characterizes the application of the spoils system. Each new official has been selected only after careful investigation of his special qualifications for the work in hand.

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown.

MOTHER TAKES TO SLANG

Now Mother's talking slang because throughout the living day, she says she hears so much she can't. Talk any other way. She said to Dad at dinner time, "I'm off of you for life. Because you always gum the works. By eating with your knife!"

The preacher called at four o'clock. And Mother started in. By being very proper, but Ere long she saw him grin. And was it any wonder when She said, "What gets my goat is having all the hens remark, 'That is her last year's coat!'"

But most of all when sister's beau Called on her after tea, And I thought I would stick around, My mother said to me: 'My son, I want to put you wise, Your sister's in the mood To hand you one unless you beat It while the beating's good!'

NEWS OF ORCHARD

STRONG SUPPORT FOR TREES

Encourages Young Plants to Grow Straight and Guards Them From Numerous Knocks.

The tree support shown in the illustration will be of interest to those who have difficulty in inducing young trees to grow straight and in guarding them from knocks.

Eight 1 by 1-inch sticks, about 4 feet long, are driven into the ground to form a circle around the tree at a distance of about 9 inches. The tops of these sticks should all be at the same height, and be wired together as shown in the drawing. Eight small sticks, about 1/2 by 1/2 by 2 inches, are provided, and these are wired around the trunk of the tree in the

Neat and Strong Tree Support.

manner shown. A small staple driven into each stick, over the wire, holds them in place. Attach short wires from the wire encircling the tree to the outer wire, taking care that the tree is in the center of the ring formed by the sticks. The sticks about the tree trunk should not be drawn up so tightly as to restrict the growth of the tree, but sufficient space should be allowed for its free growth, and as soon as this space has been occupied, the inner ring should be loosened.—Frank L. Matter, Portland, Ore., in Popular Mechanics Magazine.

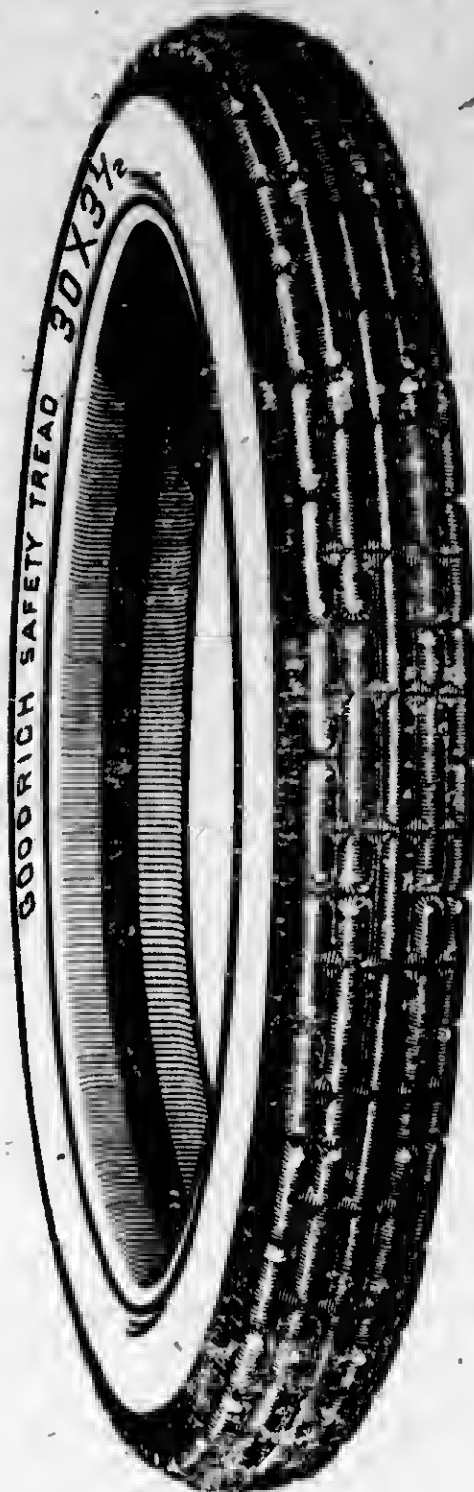

Enjoyable Sensation.

Emily was tired one night and quite ready to go to bed. As she lay back on her little pillow she said, with a big sigh: "Oh, how I love to relax!"

20% Price Reduction which
went into effect May 2nd

Here is a 30x3 1/2 tire, with snappy black tread and creamy white sides—clean, trim, splendidly finished—generously large and full in size, with the Goodrich anti-skid safety tread.

This tire will give you much longer mileage, the greatest of durability, the utmost riding comfort and the fullest satisfaction.

Like all other Goodrich tires the "30x3 1/2" is made only in one quality. It is so thoroughly and unusually good that its makers frankly declare it the best tire ever made for small cars.

THE B.F. GOODRICH RUBBER COMPANY
Akron, Ohio

Dealers everywhere are selling Goodrich Silver-town Cords, Goodrich Fabric Tires and Goodrich Red or Gray Tubes—all one quality—at the 20% reduction in prices which Goodrich made effective May 2nd, 1921.

DODGE BROTHERS
MOTOR CAR

The early part of the year 1920, as everybody knows, was remarkable for the tremendous volume of automobile business. Yet our deliveries for April 1921, greatly exceeded those of April 1920. This fact speaks eloquently for the goodness of Dodge Brothers Motor Car, for the reputation of Henry B. Wood and for the wisdom of the Charlevoix public.

People have not stopped buying motor cars. They are simply buying with greater care. They are demanding dollar for dollar in value.

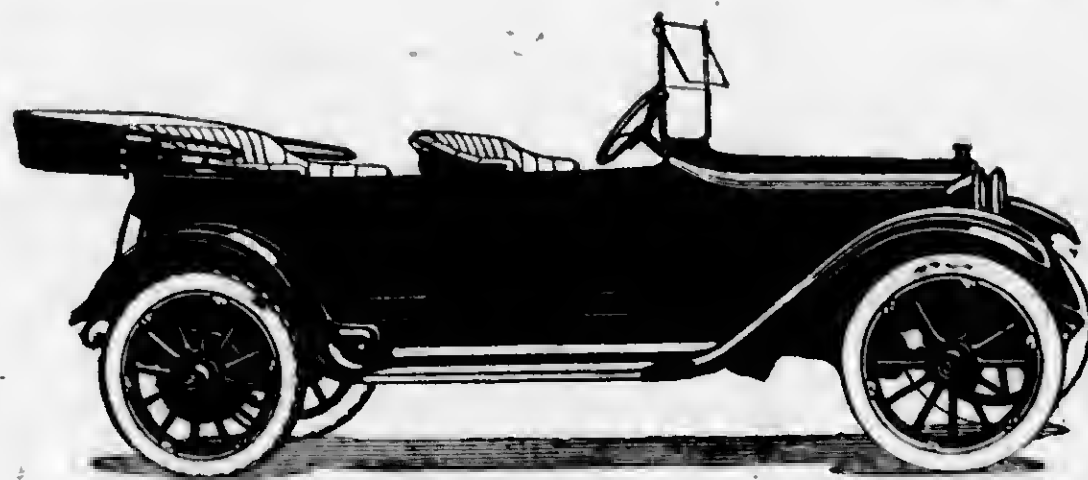

And, as the figures show, they have learned where they may buy with full assurance that honest values are always to be obtained.

Mike & Charlie
The Busy Store

C. E. Miller of Petoskey was a business visitor in the city Wednesday.

The Little Will & Son jewelry store was opened Saturday in the I. O. O. F. building for the summer season.

V. M. Johnson of Grand Rapids was at the Hotel Charlevoix last week Tuesday and Wednesday on business.

Sylvia Schneider of Boyne City was in town Friday to attend the Junior Hop at the Beach Hotel in the evening.

Miss Merla Gill of Central Lake spent Friday and Saturday at the H. K. Allen home as the guest of Mrs. Edna Rotert.

Mrs. George Glados returned home Wednesday from Port Huron where she has been visiting her sister the past week.

Born to Mr. and Mrs. Arlo Crites of Jackson, a girl named Madlyn Jean. Mrs. Crites was formerly Irene Gregory of Hayes.

Mr. and Mrs. R. Stanley Swinton of Ann Arbor were in the city called by the death of Mr. Swinton's brother, A. A. Swinton.

Dr. R. B. Armstrong returned Friday from Bay City where he attended a medical convention held in that city the past week.

Clarence Bartlett returned Friday from Battle Creek where he has been attending a meeting of the Grand Lodge of the Masonic order.

L. G. Vanleuin, C. H. Maltby, H. L. Richards and E. R. Richards of Bellaire were in town Friday to attend the funeral of A. A. Swinton.

Married at the Baptist parsonage, June 1st, by Rev. Chas. C. Rice, Orcestea C. Huff of Atlanta, Michigan, and Miss Lorena B. Gero of Charlevoix.

The final practice for the Children's Day program at the Congregational church will be held Saturday afternoon at 4 o'clock at the church.

Representative and Mrs. R. L. Lewis left last week for Lansing via Petoskey where Mr. Lewis will attend the next session of the state legislature.

Miss Emmen Lou Hoyt of East Jordan and Messrs. Kalyd Baker, Gale Wilson and Charles Bailey of Petoskey were out-of-town guests at the "J" Hop Friday evening.

Mrs. W. H. Cooper returned Saturday from Kalamazoo where she was called by the illness of her son Franklin who had scarlet fever. He accompanied her home.

Jake Lindeman who underwent an operation at the Charlevoix hospital a few weeks ago for appendicitis has fully recovered and will resume his position at Korth's Market.

Rev. and Mrs. Dutton of Petoskey were the guests of Mr. and Mrs. Granville Searle Monday. Mr. and Mrs. Searle have charge of the Little Will & Son Jewelry Store.

Mrs. Rita Amick was called here Thursday by the illness of her mother, Mrs. Agnes Jarvis, leaving Friday for Detroit accompanied by her three children, Jack, James and Rena.

Mrs. Elwin Johnson suffered a painful injury to her thumb Wednesday evening while repairing some mechanism at her home on south Bridge street. She was attended by Dr. McMillan.

Mrs. Charles Dunto and daughter Miss Ida Levinson arrived in the city from Florida where they have been spending the winter and will occupy their home on Dixon avenue during the season.

Mr. and Mrs. R. P. Foley and daughter arrived in the city last Wednesday from their winter home in Winter Park Florida, and will open the Belvedere Hotel in the near future for the season.

Russell Stewart returned Thursday from Northville where he has been in the employ of the United States Bureau of Fisheries of that place and expects to spend the summer in the city at the local hatchery.

Word comes from South Haven that Madge Kibbe, who has finished the school term at the Cleary Business College at Ypsilanti, is spending a few weeks with her brother, Ernest Kibbe and family of that place.

Mr. and Mrs. R. E. Tobias of Detroit arrived here Saturday for a visit with Mrs. Tobias' parents, Mr. and Mrs. R. Ryan. Mr. Tobias returned the first of the week to his work at the Pollock-Pettibone company of that place.

Mrs. Arthur Bergeon and small son, Ormston, and Mrs. George Priest left Thursday afternoon for Traverse City for a short visit with Mrs. Bergeon's sister, Mrs. Frank Kephart, going from there to Ionia to visit other relatives.

Board of Review
Notice is hereby given that the Board of Review of Marion township in the county of Charlevoix, state of Michigan, will meet in the town hall of said township, on June 7, and the following Monday and Tuesday, June 13 and 14, at nine o'clock in the forenoon, for the purpose of reviewing and revising the assessment roll of said township.

WALKER SCHOOL WON FIRST PLACE

At Eveline Township Day Held at Ironton School

Eveline Township Day was held at Ironton, May 26th. The day was ideal and an enthusiastic crowd was present to look and listen.

After a bountiful pot-luck dinner the sports were pulled off on the school grounds. The judges, Ernest Galloway and Richard Paddock of Charlevoix high school, awarded first place to Walker school, second to Ironton, and third place to Star.

The program consisted of songs and recitations by pupils of Ironton and Advance and a delightful little folk dance by pupils of the Ironton primary.

Of the fifteen eighth grade graduates, ten were boys and five were girls. Superintendent Rice of Charlevoix gave the commencement address. His talk to the graduates was especially fine.

The exhibits were more extensive than usual and the conscientious judges worked until dark before giving their decision. For the two-room school, Ironton, Mrs. Linehan, teacher, was awarded first place. For the one-room school Advance, Mrs. Sparks, teacher, was awarded first place. Three Bells, Miss Dorothy McDonald, teacher, took second place, and Star, Miss Beryl McDonald, teacher, was given third place.

WOMAN ESCAPES FROM ANTRIM SHERIFF

Was Traced North and Seen Near Charlevoix Monday

Antrim county's sheriff with a posse are combing northern Michigan, especially between Bellaire and Petoskey, in an effort to capture a woman arrested on Saturday, charged with embezzlement.

The woman was picked up at Mancelona by Sheriff Dunsmore and taken to Bellaire. Upon reaching that place she complained of being ill, and the sheriff placed her in a room in the hotel, under guard.

About ten o'clock the same evening she made a get-away and later was seen passing through Ellsworth. Reports Monday were that she had been seen south of the city, and Sheriff Weaver searched the territory, but failed to find her.

She is a small woman, dressed in a brown skirt, tan shoes, and is without a hat of any kind.

Kater—The woman mentioned above was taken into custody late Tuesday afternoon by Sheriff Weaver and turned over to Sheriff Dunsmore of Antrim county. After being seen near the "Y" south of town, she made her way west and when apprehended was on her way to Norwood, being about nine miles south of the city when overtaken by the sheriff.

CHILDREN'S DAY EXERCISES SUNDAY

The Day to be Fully Observed at the Congregational Church

At 10:30 a. m. next Sunday morning the Children's Day exercises will occur at the Congregational church.

There is to be a short address by the pastor, baptismal service for children, promotion exercises from the primary department to the junior department and a program by the school. All are invited, especially parents of the children.

League Meeting Postponed

The Pythian League meeting scheduled to take place in Traverse City on Friday, this week, has been indefinitely postponed on account of Traverse City Knights being unable to make necessary arrangements. The meeting will probably be held sometime in September or October.

Miss Anna Vaughn of the state department of public instruction, featuring recreation, was at the Hotel Charlevoix Wednesday in the interests of that department. Miss Vaughn has been working with Miss Stewart, county school commissioner, and called on the county normal students Wednesday to enlist the aid of prospective teachers in this line of work.

ENTERTAINED AT FINE FISH SUPPER

Charlevoix Knights of Pythias Visit East Jordan

Charlevoix Knights of Pythias to the number of over thirty, were entertained by the East Jordan Lodge, of P. last Thursday evening at a fish supper held in the new East Jordan high school building.

The Charlevoix boys are more than pleased with the entertainment given, especially in regards to the supper, to which all did justice. The event was made even more pleasant by the fine manner in which the ladies served the supper, and the commodious and well appointed quarters in which it was held.

After the supper, lodge was opened in the temple and a class of eight candidates were given their first step in Pythianism. One candidate was also given the work of the third degree, by a combination team consisting of Charlevoix and East Jordan members.

The occasion is one that tightens the bonds of Pythian love and friendship between the two lodges; a part of the teachings of the order that has been so instrumental in its substantial growth in membership throughout the country.

Dancing Wednesday and Saturday nights at the Lakeside Pavillion, beginning Saturday, June 4th. Admission: Ladies 15 cents. Gentlemen 10 cents per dance.

THEIR APPRECIATION

To Those Who Took Part in Memorial Day Observance

The W. R. C. wishes to extend their thanks to the members of the American Legion for helping in the W. R. C. services as well as to all others who helped make the day a success, also, George Allison for the music, Mr. Peaslee for his thoughtfulness and kindness in donating the beautiful flowers Memorial Sunday, the Boy Scouts for placing the flowers on the graves of the departed soldiers, and the people of Charlevoix who donated conveyances.

The Maple Grove Grange will give a dance Friday evening, June 3rd. Everybody welcome.

Marriage, no doubt, is a sacred institution, but lots of marriages are not.

New Palace Theatre

Especially Good Attractions For This Week

THURSDAY, JUNE 2nd—Realart presents Mary Miles Minter in "Eyes of the Heart." Also a Rowland comedy, "Prince Pistachio."

SATURDAY and SUNDAY, JUNE 4th and 5th—Big double attraction. Paramount-Artcraft presents Chas. Ray in "Paris Green." He had spent one crowded hour in Paris! Home again with mother! His uniform laid away and the war and France but a memory till a dainty bit of Paris came to Quigley Corners looking for Corporal Luther Green. Then things began to happen. This is another of these wholesome human country boy stories that has made Chas. Ray the best loved actor on the screen. Also a two-reel Midget comedy, "Hashers and Mashers."

TUESDAY, JUNE 7—Realart presents Wanda Hawley's big picture, "Food for Scandal." The rollicking comedy hit of the year starring Wanda Hawley. Also a Hearst News Reel. Don't miss this our first Tuesday's picture.

WEDNESDAY, JUNE 8th—Metro pictures presents a big special production, "The Saphead," featuring Buster Keaton with an all star cast. This picture should be a knockout. Better come. Metro pictures are always good. Also a Mutt & Jeff cartoon, "A Rare Bird."

COMING—Saturday, June 11th. Dorothy Phillips in her big special production, "Once to Every Woman."

COMING—Saturday, June 18th. Priscilla Dean in "Outside the Law."

Automobile Insurance

\$84,725.99 Paid in Four Months

During the first four months of 1921, 696 claims, making a total of \$728,003.41 have been paid. These claims have been paid to the farmers and business men of the small cities of Michigan.

With the increased number of cars sold the hazard and danger of loss increases each year. The Company has grown and developed in organization to take care of the various kinds of automobile claims which include fire, theft, personal injury, property damage and collision. The farmer or business man driving in any part of Michigan or even in an adjoining state, when he meets with a serious loss by sending a telegram or telephoning the main office, will receive immediate aid as the Company will recommend experienced agents or attorneys in various cities of Michigan and in all the important cities of the adjoining states. At this season of the year many farm buildings, barns and automobiles are destroyed by fire.

In fact no other kind of insurance is so important as that of automobile insurance and in no other line are so many complicated claims presented that require the good judgment of experienced officers, agents and attorneys to give the member proper service. The fact that the leading judges, lawyers, bankers and farmers of the state are insured in the company are its best recommendation.

INEXPENSIVE SHELTER SUITABLE FOR BACK YARD POULTRY FLOCK

Plan of a Simple Backyard Poultry House.
(Prepared by the United States Department of Agriculture.)

Plans and parking boxes can be successfully converted into adequate backyard poultry houses, but many owners of small flocks prefer a building erected especially for the purpose, because it usually presents a better appearance in the back yard. For such, poultry specialists of the United States Department of Agriculture suggest plans for a poultry house of the shed or slope-roof type that will make a small flock comfortable and be neat in appearance.

This building is 8 by 8 feet square, and is 6 feet high in front and 4 feet high in the rear. The house may be made higher with little extra cost and would be more convenient to work in. The ventilator in the rear is not needed in the northern part of the country. The roof is covered with roofing paper. The same material may be used on the sides or if desired the cracks may be covered with wooden strips three inches wide. Such a house is large enough for a flock of 20 hens.

Dry Floor a Necessity.

If the soil is well drained and remains dry no floor need be used in the house. Often a slight dampness can be corrected by filling up the floor several inches above the outside ground with sand, gravel, or dry dirt. Three or four inches of the surface of the floor should be removed and replaced with fresh earth once or twice a year. The run should be spaded up at least once a year. If the ground is so wet or damp that this condition cannot be corrected by filling, it is best to provide a board floor, as this will help to keep the house dry, will allow easier cleaning, and will promote the general health and welfare of the hens. A house with a board floor should be set on posts or blocks, so that it is 5 to 12 inches above the ground. When this space is left the floor will not rot so quickly and rats will not be so likely to take refuge under the house.

The dropping boards and nests should be placed against the back wall. Here they are out of the way and also are least likely to be reached by drafts. The dropping boards should be about 20 to 30 inches from the floor, depending on the height of the building. This gives space enough under them so that the hens have room to exercise and is not too high for the heavier hens to fly up to. The roosts should be 3 or 4 inches above the dropping boards. If more than a single roost is used, they should be on the same level; otherwise all the hens will try to crowd upon the highest roost. A piece of 2 by 4 or 2 by 6, laid on edge and with the upper corners rounded off, makes a good roost. A pole, or even a piece of

Provide Simple Nests.
Nests must be provided and may be very simple. Any box about 1 foot square and 5 or 6 inches deep is suitable. An ordinary orange box with the partition in the middle serves very well, each box forming two nests. The top is removed, the box laid on its side, and a strip 3 to 4 inches wide nailed across the lower front. Nests can be fastened against the walls of the house or set on the floor. It is preferable to fasten them against the walls, as they take too much floor space if set on the floor. One nest should be provided for each four or five hens.

MARKETING APPLES

Information secured from apple-market investigations by the United States Department of Agriculture indicate that relatively low prices in large crop years in the beginning of the season make for quick movement and rapid consumption, with the natural result of better season averages; that marketing of inferior grades along with good fruit in large crop years is not profitable; that the effective operation of grade and package laws may be coupled upon to aid in stabilizing apple markets.

IMPORTANCE OF APPEARANCE

Potatoes Suitable for Baking, Wrapped in Paper and Graded Bring Bigger Profit.

The package in which a product is sold has much to do with its sale. A New York farmer found it profitable to grade and wrap in paper potatoes suitable for baking purposes. He got a better price for them and also some advertisement which sold other products.

Learn From Past Errors.

Mistakes of the past can never be corrected. Errors of the future only can be avoided. From the past we should learn how to live so that our lives can be free from needless regrets.

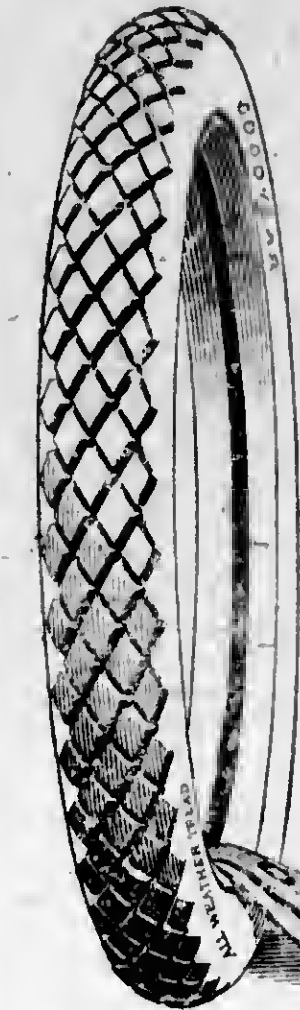

TESTS OF 29,638 SEED SAMPLES

With This Equipment Grain Dealers Can Make All Tests Necessary to Determine Proper Grade of Grain.

During the year ending June 30, 1920, the United States Department of Agriculture tested 29,638 samples of seeds for farmers preliminary to planting. Of these, 18,442 were tested in Washington and 13,196 at the five branch offices. Under the seed importation act 60,000,000 pounds of seed were permitted entry during the fiscal year, which was more than the total for the previous three years. Nearly 5,000,000 pounds were held at port, more than half of which was reclaimed and the balance ordered destroyed or exported. Red clover and alfalfa, crimson clover, rape seed, and alsike were among the leading seeds imported.

These Better Tires Are Now Lower Priced

Two important factors underlie the remarkable values now offered in Goodyear Tires and Tubes. One is the many improvements made in them during the past few months; the other is the price reductions we have just put into effect.

A conspicuous example of the values now to be had in Goodyear Tires is our clincher type 30x3 1/2-inch Goodyear Cord Tire. This first quality product—one of the most durable and efficient tires we ever built—can be bought today from Goodyear Service Station Dealers for only

LEGAL NOTICES

Probate Notice
State of Michigan, the Probate Court for the County of Charlevoix.
At a session of said Court, held at the Probate office in the City of Charlevoix in said County, on the 5th day of May, A. D. 1921.

Present, Hon. Servetus A. Correll, Judge of Probate.
In the matter of the estate of Thomas M. Stroud, deceased.
Eugene E. Stroud having filed in said court his final administration account, and this petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It is ordered that the 28th day of May, A. D. 1921, at ten o'clock in the forenoon, at said probate office, be and is hereby appointed for examining and allowing said account and hearing said petition.

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing, in the Charlevoix Courier, a newspaper printed and circulated in said county.
Servetus A. Correll,
Judge of Probate.

CONGREGATIONAL CHURCH

The services of the Congregational church will begin at 10:30 as usual. The Children's Day program will be observed at 11 o'clock. The promotion exercises and baptism of infants will also be observed at this time.

Miss Ethel Long, a missionary from China will deliver an address at 3 o'clock in the afternoon. A special invitation is extended to all. The Baccalaureate sermon will be given in the evening at 7:30.

Won Both Games

The Loeb Farm baseball team played the St. Ignace team Memorial Day at the farm south of town defeating them by the score of 27-7. The St. Ignace team was poor on field work and their pitcher lost his nerve after the score began piling up. The next game on the Loeb Farms schedule will be played at Gaylord with that team next Sunday, June 5th.

SOY BEAN GROWING POPULAR

Rapidly Becoming Crop of Special Importance Because of Big Possibilities of Seed.

The soy bean has become a crop of special importance throughout the country, which is indicated by the large acreage devoted to it in 1921 and the increased interest in the possibilities of the seed for food and for oil. The introduction of new varieties by the United States Department of Agriculture has been largely responsible for extending the growing area of the crop not only in the North and West but in the extreme South.

During the past year the Minnesota, Easy Cook, Alaskan and Hoosier have played in trade in the northern states. In the South, the Ottoman, Laredo and Illinois are being widely grown.

VALUE OF SILAGE

One ton of silage equals one ton of steer beef.
Three tons of silage equal one ton of clover hay.
Three and one-half tons of silage equal one ton of lucerne hay.
Two and one-fourth tons of silage equal one ton of marsh hay.
One-half ton of silage equals one ton of pumpkins.

PREPARE FOR SPRING LABOR

Machines and Implements of All Kinds Should Be Overhauled and Needed Repairs Made.

Better bring in all the machinery not in use and start to get ready for spring. Take off the plows, put them where they will be handy to get to the blacksmith's and see that the cultivator shovels are cared for. Don't wait until the blacksmith is rushed to have the disks sharpened. He will do a better job if allowed to take his time.

Bank of England.

The Bank of England is not a government institution, as is popularly supposed. It was projected by William Paterson, a Scotch merchant, to meet the difficulties experienced by William III in raising supplies for the war against France. Forty merchants subscribed £500,000 towards the sum of £1,200,000 to be lent to the government at 8 per cent, in consideration of the subscribers being incorporated as a bank.

Ivory Dust Jelly.

Ivory dust, properly boiled and prepared, makes a fine and pure jelly which is frequently prescribed for the sick.

Notice to Automobile Drivers

The impression has gone out that the recent state law increasing the speed limit in country districts from 25 miles to 35 miles per hour has also increased the speed limit in cities and villages. This is not the fact! The speed limit in cities and villages is 15 miles per hour in residence sections and 10 miles per hour in business sections.

This is to notify all persons that the speed limit in this city will be enforced and that henceforth any misunderstanding as to the law will not be taken as an excuse for violation. W. J. Weikel, Chief of Police.

THAT BAD BACK

Do you have a dull, steady ache in the small of the back—sharp, stabbing twinges when stooping or lifting—distressing urinary disorders? For bad back and weakened kidneys Charlevoix residents recommend Doan's Kidney Pills. Read this Charlevoix woman's statement.

Mrs. John Weideman, 707 Bridge St., says: "I suffered awfully with my back; it was stiff and lame. The irregular action of my kidneys had me down. I purchased a few boxes of Doan's Kidney Pills at Hines & Co.'s Drug Store and they cured me."

60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SUPPER HELD AT HALLETT'S INN

Regular Meeting of Charlevoix Association of Commerce

The regular monthly meeting of the Charlevoix Association of Commerce will be held at the usual hour on Friday evening of this week at Hallett's Inn. The supper will be served at 6:30, sharp.

President Ward has asked that as many as possible be present as several interesting committee reports are to be made and business of considerable importance to be transacted.

COMING TO CHARLEVOIX

MARGARET CONRAD

Well Known Violinist and Pianist of Chicago, Coming to Charlevoix to Give Term of Instruction

Margaret Conrad, who is today acknowledged to be in the front rank of America's leading violinists, and who has made an enviable reputation as an instructor in one of the finest conservatories in Chicago, is coming to Charlevoix this summer to give a 10-weeks term of instruction. Having acquired her musical training from the finest masters in the country, she is well equipped to give a thorough course of instruction. Miss Conrad possesses all important requisites of the successful teacher, such as musicianship, teaching ability, thoroughness and unbounded enthusiasm in her work. It might also be added that she has appeared as soloist with the Metropolitan Symphony Orchestra. Miss Conrad will accept only a limited number of pupils.

PRESTON GRAVES

Preston Graves, well known pianist in Chicago and instructor in the American Conservatory of Music (America's foremost school of Music and Dramatic Art), will be in Charlevoix to conduct a 10 weeks' summer term for those wishing instruction.

As a pianist, Mr. Graves has appeared on many large programs in Chicago and also as soloist with the Chicago Symphony Orchestra, and having studied with world renowned teachers, is worthy and well qualified to give a thorough course in instruction.

Mr. Graves will come direct from the American Conservatory to Charlevoix and will use late conservatory methods. Only a limited number of pupils accepted.

Lessons in both violin and piano, will be given at your home. This is indeed an unusual opportunity for it means that right in your own home you will receive Conservatory instruction. Only a limited number of pupils taken, and none accepted for less than ten weeks. Term commences Monday, June 27th.

TERMS

Both Violin and Piano
One private half-hour lesson per week (term of ten weeks)\$18.00
Two private half-hour lessons per week (term of ten weeks)\$30.00
One private hour lesson per week (term of ten weeks)\$25.00

OUTLOOK BRIGHT FOR RESORT SEASON

Indications Are That North Will Be Mecca For All

Hugh C. Gray, secretary of the Tourist and Resort association, and W. P. Hartman, secretary of the West Michigan Development Bureau, both of Grand Rapids, were in the city Wednesday for a few hours enroute home from attending a meeting of the joint associations in Boyne City last evening.

According to statements made by these gentlemen, northern Michigan will witness the greatest influx of people during the coming season that has been experienced in years. This opinion is based on the large number of inquiries received at the association headquarters, and also by the early advance guard of those who intend to spend at least a part of the summer season in this region.

Messrs. Gray and Hartman addressed the meeting at Boyne City and outlined the work of the two associations. The banquet and meeting was well attended and Charlevoix was represented by a number of its leading business men.

NICELY LOCATED IN GRAND RAPIDS

Rev. A. G. Pontious Extends Invitation to Visit Him

The following letter from Rev. A. G. Pontious, former pastor of the local Church of God, now located in Grand Rapids, will be of interest to those with whom he worked while a resident of Charlevoix. He extends an invitation to all Charlevoix people to pay him a visit while in that city. The letter follows:

"As we promised our friends in Charlevoix to give them our new address we will take this plan through the Courier as it is impossible to write each one a personal letter at present. A. G. Pontious, 118 Kirtland street, S. W., Grand Rapids, Michigan.

"Those coming to or passing through the city and desire to make us a visit take a Division street car south from depot, go to end of car line, walk three blocks south to Kirtland street, turn to right, go nearly one block and we live on south side of the street."

ANNUAL JUNIOR HOP A SOCIAL SUCCESS

Held in Ball Room of Charlevoix Beach Hotel

In the ball room of the Beach Hotel, Friday evening, May 27th, occurred the annual Junior Hop given in honor of the senior class. The room was tastefully decorated in purple and old gold; the class colors, purple ribbons hanging from the lights and chrysanthemums of the same shade twined about the posts and hanging from the ceiling beams.

The dancing began at nine o'clock with a grand march led by Miss Phila Armstrong and Earl Coulter, and continued until twelve-thirty. Val Scroggie and Thelma Ranney served punch between numbers, the last two of which were featured with red and purple balloons and confetti. Music was furnished by a Petoskey orchestra led by Miss Leota Snaville.

C. H. S. CLASS OF 28 GRADUATES

COMMENCEMENT EXERCISES TO BE THURSDAY NIGHT

Normal Class Graduates a Class of Fourteen—The End of a Successful School Year

Commencement exercises of the Charlevoix High School will be held in the Palace Theatre on Thursday evening, commencing at 8:00 o'clock. There are 28 who will receive their diplomas this year.

The program follows:

Music.
Invocation, Rev. Henry Candler.
Music.
Salutatory, Marjorie M. Myers.
Music.
Address, Prof. Webster H. Pierce.
"The Measure of an Education."
Music.
Valedictory, Katherine E. Fitch.
Music.
Presentation of diplomas, Pres. A. F. Bridge, Board of Education.
Music.
Benediction, Rev. James A. Smith.
The Class of 1921

The following are the twenty-eight members of the class of 1921 as given to the Courier:

Carolyn E. Ball, Lyman S. Brown, Alice W. Chew, Galo C. Chew, Annabel Comfort, Ellen M. Cook, Charles E. Curtis, Katherine E. Fitch, Ernest E. Galloway, Kathryn L. Geer, Martin Halverson, Richard C. Hammett, Edward H. Hammond, Maxine Hansen, Edythe M. Hanshaw, Mildred M. Howe, Lynn H. Mayne, Margaret W. Milner, Marjorie M. Myers, Richard K. Paddock, Beulah Schweitzer, Marjorie J. Sears, Jessie Skelton, Ruth Solomon, Florence E. Spidle, Margaret E. Stroud, Helen A. Wheeler, Marion Williams.

Class Motto: "Au delà des Alpes se trouve l'Italie."
Class colors: Green and gold.
Class flower: Violet.

The musical numbers in the program will be furnished by Miss Annabel Comfort of the class, Miss Dorothy Armstrong of Petoskey, pianist, and Mr. William King of the Detroit Symphony Orchestra, violinist.

Charlevoix was especially fortunate to have as its baccalaureate speaker, Prof. Webster H. Pierce, professor of mathematics in the Central State Normal at Mt. Pleasant, also mayor of that city. Mr. Pierce is a speaker of note and his address was well received by a large audience at the Congregational church last Sunday evening where joint ceremonies were held for both the C. H. S. and the normal class.

Charlevoix County Normal
A class of ten graduates from the Charlevoix County Normal this year, under the efficient instruction of Miss Bowman, normal teacher, and Miss Wright, critic teacher. Baccalaureate services were held at the Congregational church last Sunday evening in conjunction with the high school graduating class. Prof. Pierce addressing both classes.

Commencement exercises were held at the Methodist church Wednesday evening, where the following program was rendered:

March, "Triumphal," Class.
Invocation, Rev. Henry Candler.
Song, "I Bring You Heartsease," Normal Class.

FLAG DAY PROCLAMATION

The observance of Flag Day is of comparatively recent origin and seems to have been begun in the state of New York. Honoring the flag means to honor the principles for which the flag stands, liberty, justice, and equality. These are the foundation stones of the Republic. So long as these great principles are really respected and honored in the hearts of the people our government is safe. Our free institutions will weather any storm that may beat upon them.

Therefore, by virtue of the authority vested in me as Governor of the State of Michigan, I hereby proclaim Tuesday, June 14, 1921, Flag Day.

Let flags be displayed on both public and private buildings; and I request that community exercises appropriate to the day be held wherever practicable.

Alex J. Groesbeck,
Governor

Address, "The Teacher and the State," Dr. Ernest Burnham.
Song, "The Dream of Honor," Mrs. George Allison.

Presentation of diplomas.
Song, "America."
Benediction, Rev. Henry Candler.
The class of 1921 numbers ten, nine girls and one boy as follows: Carolyn E. Ball, Ellen M. Cook, Ernest Galloway, Mildred Howe, Beatrice A. Howe, Ethel Ingalls, Beulah Schweitzer, Jessie M. Skelton, Ruth I. Solomon and Florence E. Spidle.

The class motto is: "He Profits Most Who Serves Best." Class colors, green and white. Class flower, yellow rose.

ENTERTAINED AT POTLUCK SUPPER

Geiken Home Scene of Delightful Social Event

Miss Carrie Geiken entertained Saturday, June 4th, at the Geiken home on Belvedere avenue with a potluck supper honoring Mrs. E. A. Ruegg, Miss Edith Lamoreaux and Miss Jennie Cunningham of Boyne City. Supper was served at 7 o'clock. Among those present from this city were Anna K. Wood, Miss Addie Holly, Mrs. Ray Faulkner, Mrs. George Finucan, Mrs. Albon Smith, Mrs. Harry Widdfield, Mrs. Morris Aekert, Mrs. Joseph Howard, Mrs. Bert Beaudoin, Mrs. Harry Nicholls, Mrs. Harley Ochs, Mrs. Dorothy Crouter and Miss Helen Parsons.

LIST OF DEAD GROWS RAPIDLY

FIVE FOOT WALL OF WATER FLOODS PUEBLO

Toll of Lives Not Expected to Exceed Three Hundred, According To Red-Cross

The known dead in the Arkansas valley flood grew slowly Tuesday as bodies were given up by the turbulent stream, while Pueblo with 35 victims in morgues, practically recovered from the effect of Friday's cloud burst.

Three bodies were reported to have been found at Olney Springs, in the river valley. Another is reported found at Vineland, ten miles down the stream from Pueblo, Colo. A murder was added to the city's Gethsemane at midnight Monday when Webb Withers, prominent citizen whose iron and fuel plant was wiped out by the flood, was killed while riding with his son in a touring car.

Conditions in Pueblo were considerably improved Tuesday. During the night electric light service was restored. Most of the residential district and business section now have city water.

While epidemic of disease seemed less likely to break out, the United States public health service relaxed some of its vigilance. A score of health service officers and nurses directed the sanitary survey of the city.

Plans for erecting a concentration camp for the homeless were forwarded Tuesday. Arrival of supplies for the camp were awaited by the military authorities.

City officials anxiously awaited results from their appeals to Washington for federal aid of \$5,000,000 to \$20,000,000 for relief and highway and levee repairs in the river valley.

All able-bodied citizens were ordered to go to work under military direction, cleaning up streets and removing debris, under an order issued Monday afternoon by Lieut. Col. Paul P. Newton, commander under martial law. Pay was fixed at 43 cents an hour.

The order instructed all sightseers to leave the city immediately and exempted no Pueblo citizens from the work order. Persons who refused to work will be placed under military guard and required to work without pay.

OLD SETTLER'S RE-UNION JUNE 22nd

Held This Year at Meguazo Point Resort

The Old Settler's reunion and picnic will be held at Meguazo Point Resort Wednesday, June 22nd. This was decided upon at a meeting of the executive committee held at Traverse City last Tuesday.

Bargains in reliable shoes at S. Orlovski & Son's store. 2311

"NO STEPS BACKWARD" THE MOTTO

SCHOOLS OF SOUTH ARM TOWNSHIP MET WEDNESDAY

A Greater School Spirit Could Not Have Been Shown—Four Take Part

An all-day program was enjoyed by the patrons and children of the schools of South Arm township at the South Arm Grange hall June 1st, 1921. Four schools took part: Miles, Rock Elm, Ranney and Chaddock.

While the judges for the wall exhibits were busily engaged with the inside work, the crowd was outdoors enjoying the athletic contests between the different schools.

A greater school spirit could not have been shown. Several yells were given by the various schools. The numbers on the athletic program were: girls' running race, boys' running race, potato race, over and under relay, handkerchief race and rope-pulling contest.

Mr. Murphy, chairman of the outdoor races, and the other members of the board of judges outlined the points. They found that Mrs. Margaret Burns, teacher of the Ranney school was entitled to the first place banner, Irene Boyle, teacher of the Rock Elm school, the second place banner, and Mrs. Esther Miles, teacher of the Miles school, the third place banner.

After the races a well arranged potluck dinner was served by the ladies. It was served cafeteria style and everyone enjoyed a hearty meal. After dinner an adult outdoor program of races was indulged in with great interest. Most of these races were between the men and women. The grinning contest produced great merriment and fun. This seemed to be the only race in which the men stood any show at all. The board of judges decided the men's grin to be the longer.

About four o'clock the crowd entered the hall to listen to a program in which each school took part. The children took part in drills, songs, dialogue and recitations. Sadie Murphy the eighth grade valedictorian of South Arm township gave a well constructed oration on the motto, "No Steps Backward." Supt. R. M. Keyworth of East Jordan gave a very interesting talk on "Work." Next came the decision of the judges on the school exhibits.

Miss Liscum, chairman of the judges came forward with the first, second and third place banners.

The first place banner was given to Jennie Fradette, teacher of the Chaddock school. The second place banner went to Mrs. Margaret Burns teacher of the Ranney school and the third place banner to Mrs. Esther Miles, teacher of the Miles school.

Last came the presentation of diplomas to the eighth grade graduates by Miss Stewart. Miss Stewart also gave an interesting little talk. The program was closed by singing the "America."

FORMAL OPENING OF HALLETT'S INN

Hundreds of People Visit Charlevoix's New Hotel

The opening of Hallett's Inn which was announced in last week's Courier, took place last Wednesday evening and was attended by hundreds of citizens from Charlevoix and nearby cities and towns, the lobby of the hotel and ball room being filled to capacity.

The visitors were given an opportunity to inspect the new furnishings of the hotel and many words of commendation were expressed in the manner in which this had been accomplished by the new owners, Messrs. J. J. Hallett and Sons.

Music was furnished by the Petoskey orchestra, directed by Miss Leota Saville of Detroit, and the opening proved to be one of the most enjoyable social functions of the season. The hotel management served punch to the guests throughout the evening.

Charlevoix can well be proud of this new addition to the numerous hotels already here, and we predict that during the season Hallett's Inn will receive the patronage it is deserving of.

If the bicycle needs a new tire, we have a full line. Repair work a specialty. Benj. Brown. 2017

J. Leahy the optometrist will visit St. James the last of June. See date later. adv 2311

SCHOOL DAY AT NORWOOD

DELICIOUS POT LUCK DINNER AT NOON

Clark School Awarded First Place, McGeeh Second and Norwood Third—Fine Program

Norwood Township School Day was held at Norwood Tuesday, May 31. The outdoor sports which were held in the morning consisted of running broad jump, potato races, sack races and running races. Right after dinner a May Pole dance was given by the pupils of the three schools combined.

The judges for the outdoor sports were Rollin Dunne, George Parsons and Orten VanDusen. The first place was given to Clark school, second to McGeeh and third to Norwood. All three of the schools did in accordance with the number present and their ability. During the races each school tried to encourage their champions by yelling for them. Each student felt that he was in a measure responsible for the reputation of the whole school. Some very talented yell masters were discovered among the pupils.

At noon a delicious pot luck dinner was served by the mothers to the hungry waiting crowd.

The afternoon program was held in the M. E. church. Rev. Smith was the commencement speaker and delivered a very fitting address to the parents as well as to the school children.

The Misses Bowman, Guscatt, Ball and MacNeill were judges of the exhibits which were mounted in the hall. After hearing the reports of the judges the first place banner was given to the Norwood school, second place banner to McGeeh school and third to Clark.

Our valedictorian, Ada Yettaw, recited "The Building of the Ship," the poem on which the eighth grade reading test was based.

Miss Stewart gave a short address before delivering diplomas to the following graduates: Ada Yettaw, Forrest Beattie, Ellen Swartout, Wesley Jolliffe, John Boss and Freda Sutton. Just before the close of the program the crowd was favored by a song, "The Star Spangled Banner" by Miss Muriel Hewitt.

The teachers and pupils of the township wish to extend their thanks to the parents for the interest they showed in the contest, especially the mothers who furnished the dinner also the speaker and the judges who so willingly gave up their work to help us out for the day.

OPERETTA, "THE HOUSE THAT JACK BUILT"

Most Pretentious Musical Production Attempted by Schools

The "House that Jack Built," an operetta for children by Alice D. Riley and Jessie L. Gynor, was given on the school lawn Thursday afternoon by children from the first through to the seventh grades.

Mother Goose (Virginia Purker) gave a birthday party for her son, Jack (Ray Bedwin), to which the Queen of Hearts, Old King Cole and all of the Mother Goose children were invited. The Knave of Hearts (Norman Shinnahan) conspired with 24 blackbirds to break up the party, since they were not invited but the Knave was dragged out and the blackbirds barely escaped being made into a pie.

Among the guests were Little Red Riding Hood, Mary quite contrary and her lamb, Little Miss Muffet, Little Bo-Peep, Jack Sprat and his wife, Simple Simon, who with rod and pail continued to fish throughout the play. The Old Woman who lived in the Shoe left none of her children to home.

The page announced the arrival of Old King Cole (Gilbert Saltonstall), who entered royally with fiddlers and howl and pipe bearers.

The Queen of Hearts (Frances Milner) made a majestic entrance followed by her maids. This completed the party.

The Queen made cream tarts of the Humpty-Dumptyes, the Fairies entertained the Queen by singing and dancing and Jack's birthday party was a great success.

This operetta is by far the most pretentious musical production ever attempted by the grade children of the Charlevoix schools and the success of the undertaking speaks highly for Miss Oliver, the musical director who trained them. Miss Oliver

was assisted by Miss Guscatt, one of the teachers, as pianist.

KATHRYN GASKIN TIED FIRST PLACE

In the State Oratorical Contest Held Friday at Howell

Kay Gaskin tied first place in the state oratorical contest held Friday evening at Howell. Eight hundred and thirty-one students from throughout the state tried out for the declamatory contest and the five successful contestants represented Marquette, Mason, Niles, Flint and Charlevoix.

The state judges were Prof. Immel, department of oratory, and Prof. Edmonson, department of education, both of Ant. Arbors and Prof. McKay, department of oratory of Ypsilanti.

At six o'clock a banquet was given in honor of the contestants, their chaperones, judges and officers of the M. S. O. A. with E. H. Gallup, presiding. The latter in his address congratulated the contestants upon their success in being representative of their own district and upon reaching the state contest.

When the decisions of the judges were submitted, Kay Gaskin of Charlevoix and Zola Bashford of Mason, tied for first place. It was necessary then to average percentages, which resulted in Mason 262 and Charlevoix 258.

Both school and community are proud of Kay Gaskin, since this is the first time that Charlevoix has received this recognition.

POMONA GRANGE AT CHARLEVOIX

MEETS JUNE 16th WITH CHARLEVOIX GRANGE

Class of a Hundred or More Expected to Take Work in the Fifth Degree

Charlevoix Pomona Grange will meet with Charlevoix Grange No. 1526 in the I. O. O. F. hall in this city on Thursday, June 16.

All fourth degree members are urged to come and join Pomona. An effort is being made to have a class of one hundred or more. The program is as follows:

1:00 p. m. roll call—A Father's duty to his sons. Mother's duty to her daughter.

Song by the Grange.

Soil development—Potatoes, tillage, crops by Frank Bird. Soil builders—Clover, rape, soy beans, vetch, etc., by Lee Barnum.

Song—Pomona quartet.

Commercial and natural fertilizers—Use and application by C. W. Wing. Discussion.

Question box—W. F. Tyndall.

Evening—

Reading of markets and prediction of same by E. B. Stroud. Comparison of same with cost of production estimate by Lee Barnum.

Crops—Potatoes by Sam Straw.

Sugar beets by Emil Naason. Stock and grains by Mr. Bohling. Orchards by Mr. Darbee. Small fruit by Mr. Tyndall. Bees as a farm crop by George Jacquyns.

Question box by E. B. Ward.

Mock trial to be worked up by Lecturer—Pine Lake Grange under direction of Mrs. Sarah McNeill.

WHO HAS A HOME FOR A CHILD?

Persons Desiring One Should See County Agent Cooper

There are in the Michigan State Public School at Coldwater a number of boys between the ages of six and ten years and some girls from eight to twelve. The superintendent of the school is desirous of placing some of these children in good homes in Charlevoix county.

Attendants from the school will pass through Boyne Falls with children for homes on June 22. Persons desiring a child can apply to H. C. Cooper, county agent, Charlevoix, Michigan, for blanks and information.

Had Fine Boat Ride

Miss Marlin Sears entertained Tuesday with a trip to Sequenota on the gasoline boat Enchantress for the senior class of the Charlevoix high school from 5 to 8:30 p. m. The party had a weenie roast on the beach at Sequenota after which they danced on the launch, music being furnished by a victrola. Chaperons were Mr. and Mrs. C. Rice and Mrs. Edna Rotert.

HOME TEAM LOSES ITS FIRST GAME

TRAVERSE CITY ARE WINNERS BY 3 TO 0 SCORE

League Season Opens At Petoskey Next Sunday—Pellston At Loeb Farms

The opening game of the baseball season was lost to Traverse City, Sunday, by the Charlevoix team, the score at the end of the ninth inning being 3 to 0.

Willis of Charlevoix pitched excellent ball, striking out fourteen of the visitors and allowing only five hits. Errors by Powers at short stop let in two runs in the fourth inning, which proved enough for the visitors to win the game. Charlevoix players showed considerable weakness with the stick, failing to connect with ball at times when the bases were full.

Outside of the pitching by Willis, the feature of the game was a fine running catch by Hull, center fielder.

The league season opens at Petoskey next Sunday, when Charlevoix will cross bats with Petoskey, and a home game at the Loeb Farms between the Loeb and Pellston.

Following is the official schedule of games to be played during the season:

June 12th—Mancelona at Boyne City; Pellston at Loeb Farms; Cross Village at Harbor Springs; Charlevoix at Petoskey.

June 19th—Boyne City at Pellston; Loeb Farms at Harbor Springs; Petoskey at Mancelona; Cross Village at Charlevoix.

June 26th—Boyne City at Loeb Farms; Pellston at Cross Village; Harbor Springs at Petoskey; Charlevoix at Mancelona.

July 3rd—Harbor Springs at Charlevoix; Petoskey at Boyne City; Loeb Farms at Cross Village; Mancelona at Pellston.

July 4th—Pellston at Harbor Springs; Cross Village at Mancelona; Petoskey at Loeb Farms; Charlevoix at Boyne City.

July 10th—Harbor Springs at Mancelona; Boyne City at Cross Village; Petoskey at Pellston; Loeb Farms at Charlevoix.

July 17th—Charlevoix at Pellston; Cross Village at Petoskey; Mancelona at Loeb Farms; Harbor Springs at Boyne City.

July 24th—Petoskey at Charlevoix; Harbor Springs at Cross Village; Loeb Farms at Pellston; Boyne City at Mancelona.

July 31st—Charlevoix at Cross Village; Mancelona at Petoskey; Harbor Springs at Loeb Farms; Pellston at Boyne City.

August 7th—Mancelona at Charlevoix; Petoskey at Harbor Springs; Cross Village at Pellston; Loeb Farms at Boyne City.

August 14th—Charlevoix at Harbor Springs; Boyne City at Petoskey; Cross Village at Loeb Farms; Pellston at Mancelona.

August 21st—Boyne City at Charlevoix; Loeb Farms at Petoskey; Mancelona at Cross Village; Harbor Springs at Pellston.

August 28th—Charlevoix at Loeb Farms; Pellston at Petoskey; Cross Village at Boyne City; Mancelona at Harbor Springs.

September 4th—Pellston at Charlevoix; Petoskey at Cross Village; Loeb Farms at Mancelona; Boyne City at Harbor Springs.

Barnard Grange met last Wednesday evening and elected officers. They will be installed at the next meeting on June 15th. All members are urged to be present.

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

Charles Kahleman, aged Pleasantview farmer, was instantly killed Tuesday evening of last week when he drove his automobile onto his barn floor and lost control of it, allowing the machine to crash through the big doors on the opposite side and drop to the ground, 14 feet below. The machine turned over and crushed Mr. Kahleman beneath it. The car was badly demolished. The car, a Ford, was purchased three weeks ago.

Mr. Kahleman was born in Germany in 1847 and came to Pleasantview about forty years ago. Mrs. Kahleman died about six years ago and of recent years a daughter, Mrs. Eva Washburn, has been keeping house at the farm home.

"Education: What for?" was the subject of an address by Dr. King, of Olivet College, at Eaton Rapids May 27. For a minimum of about \$1,000 a year in most of our colleges nowadays.

A report of the Congregational churches of Michigan states that people are giving much more liberally to church work now than they did ten years ago when the average member gave \$2.25 a year. We can easily understand how they might.

Charles Bohn, a farmer residing in North Riggsville, was seriously hurt Tuesday while in his fields marking ground for corn. A lad who was leading the horse was suddenly crowded by the horse against a fence. Mr. Bohn jumped to his assistance when by a quick move the horse also caught him, crowding him against the fence causing the fracture of several ribs. Both Mr. Bohn and the lad sustained bruises about the body and badly lacerated faces. —Cheboygan Tribune.

A speaker before a body of merchants at Owosso declared that commerce is the cornerstone of civilization and that schools, churches and social governments follow business. Let all patriotic persons now rise and sing, "My Business, 'Tis of Thee."

They never made a cigarette like this in my day—

The Camel idea wasn't born then. It was the exclusive expert Camel blend that revolutionized cigarette smoking.

That Camel blend of choice Turkish and Domestic tobaccos hits just the right spot. It gives Camels such mellow mildness and fragrance!

The first time I smoked Camels I knew they were made for me. I knew they were the smoothest, finest cigarette in the world, at any price.

Nobody can tell me anything different.

WASHINGTON NEWS LETTER

Washington, D. C.
by National News Service

President Harding has been in conference with members of the Interstate Commerce Commission regarding the question of downward revision of freight rates, particularly those on necessities. The President was understood to have been assured that the whole question was under review by the commission.

The President was especially interested as to the prospect for lower rates on fruits. Mr. Harding was told by the commission that they were making considerable progress toward obtaining a voluntary reduction in some rates through concerted action by the railroads.

During the conference both the President and members of the commission voiced a hope for closer cooperation among all public officials toward a readjustment of the entire railroad situation. It was made plain that hereafter the White House would be kept fully informed about detailed steps contemplated by the rate-fixing body.

Inquiries were made by the President concerning the general progress of the commission in revising particular rates which the administration believes has put more burden on certain commodities than they can bear. He seemed gratified to learn that the commission was already at work on the revision of such rates.

Railroads Ask for Funding of Debt by Government
A recommendation that the administration take steps to provide for the funding of the \$750,000,000 owed to the government for permanent improvements made while

the railroads were under federal control was made to the Senate interstate commerce commission by President Rea of the Pennsylvania lines. This recommendation is known to have been favorably considered by some of the members.

President Rea told the Senate committee that the funding of the debt owed by the railroads to the government would supply the roads with the capital which they now need so badly for making much needed improvements.

Senators in Bitter Fight Over Grain Gambling Bill

Senators from the financial centers of the country, representing mostly the stock and grain exchanges and boards of trade, have voiced determined opposition to the anti-grain gambling bill now before the Senate and recently passed by the House.

A block of twenty-two Senators from western and southern states have openly announced themselves in favor of the bill, and its passage is freely predicted. The bill makes the use of the taxing power of Congress to eliminate gambling in grain by imposing a prohibitive tax of twenty cents a bushel on all future contracts made for gambling purposes, and will surely eliminate the vicious practices of grain manipulations. Farm organizations all over the country are in favor of the bill.

Big Navy Bill Passed by Senate—\$98,000,000 Increase Over Bill

As Passed by the House

The naval appropriations bill as passed by the Senate call for an increase of \$98,000,000 over the amount voted by the House, and there is sure to be a sharp contest in conference between the Senate and House over the increase voted by the Senate. The Borah disarmament amendment, adopted recently by the unanimous vote of 74 to 0, was retained in the bill intact.

The vote on passage of the bill in the Senate was 54 to 17. Five Republicans and twelve Democrats opposed the final passage of the bill calling for the \$98,000,000 increase.

House sentiment is understood to be against the increase voted by the Senate, and its leaders have expressed a desire to broaden the Borah amendment which authorizes and requests the President to call a naval disarmament conference of the United States, Great Britain and Japan. They want military as well as naval disarmament included in the conference.

As passed by the Senate, the bill carries \$494,000,000 as compared with \$396,000,000 voted by the House.

For almost three weeks a contest has been going on in the Senate over this bill, and the economy advocates continued their fight up to the moment of its passage.

By a supplementary vote of 33 to 24 the Senate retained the committee amendment providing \$40,000,000 additional to maintain an enlisted personnel at 120,000. The House had fixed the personnel at 100,000.

Senator Poindexter, head of the Senate managers, said that the Senate conferees will insist to the end upon inclusion of the Borah amendment.

Victory Memorial for Nation's Heroes—Each State to be Represented

It has been officially announced that ground will be broken this fall for Washington's \$20,000,000 national victory memorial building.

The state of Tennessee has appropriated \$100,000 for the memorial. This increases the amount pledged to date to more than half a million dollars, and considering the national interest that has been aroused in the undertaking it has been decided to commence actual construction operations at the earliest time possible. Congress has provided a site for

the proposed mammoth victory structure now occupied by temporary war office buildings, and the government will begin to clear the ground in a short time, which will then be turned over to the national memorial organization.

The states are responding with much enthusiasm to the suggestion that there shall be erected in Washington a memorial as a "national tribute" from a grateful country to its gallant soldiers, sailors, and marines.

It is the belief of those in charge of the undertaking that other states will follow the example set by Tennessee, whose legislature authorized the issuance of national victory building 6 per cent non-taxable bonds.

Four Million Stars

One of the architectural features of the memorial building will be an immense dome to be studded with four million stars representing the sons and daughters of America who gave their services to their country during the World War. A gold star for every American who lost his life for his country will be placed in the dome and a blue star for each one who wore the uniform but was spared from making the supreme sacrifice.

State legislatures will be asked to finance the gold stars at \$100 each, and the appropriation made by Tennessee is for the purpose of placing a gold star in the dome of the building for each of the sons and daughters of that commonwealth who died for his country.

The blue stars will cost \$5 each. It is expected the money for them will be forthcoming from families, employers, churches, and community organizations. Each star will be engraved with the initials of the soldier it represents. The dome will be charted and glasses of strong magnifying power provided so that visitors to the building may readily find the star in which they are most interested.

Supplementing the stars, it is proposed to maintain in the memorial a record of the men and women who sacrificed and toiled behind the lines that victory might be achieved.

GOOD NEWS

Many Charlevoix Readers have Heard It and Profited Thereby

"Good news travels fast," and the many bad back sufferers in Charlevoix are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news. Here is an example worth reading:

Mrs. Dan Bacot, 105 Lincoln St., Charlevoix, says: "My back was very stiff and sore just over my kidneys. My kidneys were weak and acted irregularly. Doan's Kidney Pills rid me of my trouble in a very satisfactory manner."

381,672 AUTO LICENSES ISSUED

Ten Per Cent Increase Over Year 1920 is Reported.

According to official statements of the department of state handling the issuing of automobile licenses in Michigan, there will be approximately a 10 per cent increase in the number of licenses issued in 1921 over 1920. Up to and including May 1, 1921, there had been issued 381,672 license plates. It is estimated that another 15,000 have been sent out to date. Four hundred and fifty thousand plates have been ordered in all.

Last year there were slightly more than 412,000 licenses issued by the department. At least 440,000 are expected to be sent out during 1921.

BADLY BURNED WHILE AT PLAY

Small Son of Mr. and Mrs. Monte Withers Suffers Mishap

Jack, the young son of Mr. and Mrs. Monte Withers was severely burned about noon, Monday, while playing around a bonfire at the rear of Hamlin Bros. store.

The little fellow with some companions were at play near the fire at the rear of the store when in some manner his clothes caught fire, severely burning him about the face and chest, one arm being badly burned.

Dr. R. B. Armstrong was called and as much as possible done to relieve the little fellow's intense suffering.

DRIVEN FROM PETOSKEY CHURCH

Speaker Forced to Halt Speech and Leave Building

The advertised lecture on the proposed anti-parochial school amendment at the Evangelical church, Petoskey, Friday evening was broken up by opponents of the proposed amendment when they threatened violence to the speaker, James Hampton, Detroit, and forced him to halt his talk and leave the building. After leaving the building in company with an officer he was assaulted with a shower of eggs, etc., and hastily left the city by an automobile.

A similar occurrence happened at Cheboygan Tuesday evening, except that the affair did not take place in a church. In that city the speaker attempted to talk at the city opera house.

The anti-parochial school amendment, which was voted down overwhelmingly at the November election is to be submitted to the electors in November 1922, if its supporters can obtain the required signatures. This became known at Lansing last week when the first petition from Gladwin county bearing fifty signatures, was received by the secretary of the state.

The amendment now proposed would require that after August 1, 1924, all children between five and sixteen years of age who have not graduated from the eighth grade must attend the public schools. The clause in the amendment voted on last fall requiring the attendance in the district where they reside is stricken out.

FIRST BONUS BLANKS RECEIVED

Can Be Obtained from Either of the City Banks

Bonus application blanks for Charlevoix ex-soldiers of the World War have been received by Robert Bridge, and may be secured from the County Bank or State Savings Bank. Only a part of the number needed have been received.

These blanks are for ex-soldiers only. Blanks for sailors, marines, officers and nurses have not yet been sent out from Lansing but are expected to be sent out to various cities within a few days.

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

A citizen of Pontiac, 77 years old has entered the contest for the creation of the most beautiful lawn in that city. But that's nothing. Several men less than 77 years old have suggested that their wives and children enter it.

Six Fillmore boys are charged with breaking into a church and taking a box of cigars. The normal boy would hardly ever be guilty of such an act, though, if the church would provide him with harmless forms of amusement, such as cigarettes, etc., etc.

Flour From Many Products. Chinese millers make flour out of wheat, barley, oats, rye, buckwheat, chestnuts, millet, potato, peanuts, peas, beans, lentils, pulse, rice, almonds and fifty other vegetable substances.

Board of Review

Notice is hereby given that the Board of Review of Marion township in the county of Charlevoix, state of Michigan, will meet in the town hall of said township, on June 7, and the following Monday and Tuesday June 13 and 14, at nine o'clock in the forenoon, for the purpose of reviewing and revising the assessment roll of said township.

Especially Good Attractions For This Week

FRIDAY, JUNE 10th—Paramount-Artcraft presents Bryant Washburn in "The Sins of St. Anthony." This sprightly tale of an innocent boob and his scandalous search for pep—did he find it?—ask "The Rajah's pet wife—she knows." A picture that's all laughter, with the beautiful dancer, Margaret Loomis. And a one reel Rowland comedy, "His Best Girl."

SATURDAY and SUNDAY, JUNE 11th and 12th—Carl Lemmle presents his big special seven reel picture, "Once to Every Woman," featuring Dorothy Phillips, the star in "The Heart of Humanity." "Once to Every Woman" is a big appealing picture. Over two thousand people appear in one scene. Elaborate settings. Magnificent costumes. And remarkable photography. Honor thy father and thy mother is the big idea behind "Once to Every Woman." Also an Outing Chester scenic reel, "From Scales to Antlers." Don't miss this big attraction. No advance in prices. 10 cents and 25 cents including tax.

TUESDAY, JUNE 14th—Select pictures presents Owen Moore in "The Chicken in the Case." Also a Hearst International News reel.

WEDNESDAY, JUNE 15th—Metro pictures presents a special production, "Love, Honor and Obey." Enacted by an all star cast from "The Tyranny of Weakness" the widely read novel by Charles Neville Buck. "Love, Honor and Obey" has been translated into many languages. Now it is translated into a picture that everyone should see. Also a Mutt & Jeff cartoon, "A Rare Bird."

COMING—Saturday, June 18th, Priscilla Dean's big special eight reel picture "Outside the Law."

COMING—June 25th and 26th—Douglas Fairbanks in his latest picture, "The Nut."

Automobile Insurance

\$84,725.99 Paid in Four Months

During the first four months of 1921, 498 claims, making a total of \$728,003.44, have been paid. These claims have been paid to the farmers and business men of the small cities of Michigan.

With the increased number of cars and the hazard and danger of loss increases each year. The Company has grown and developed in organization to take care of the various kinds of automobile claims which include fire, theft, personal injury, property damage and collision. The farmer or business man driving in any part of Michigan or even in an adjoining state, when he meets with a serious loss by sending a telegram or telephoning the main office, will receive immediate aid as the Company will recommend experienced agents or attorneys in various cities of Michigan and in all the important cities of the adjoining states. At this season of the year many farm buildings burn and automobiles are destroyed by fire.

In fact no other kind of insurance is so important as that of automobile insurance and in no other line are so many complicated claims presented that require the good judgment of experienced officers, agents and attorneys to give the member proper service. The fact that the leading judges, lawyers, bankers and farmers of the state are insured in the company are its best recommendation.

EDITORIAL

THE STATE AS A BREEDER OF CRIMINALS

At a law and order meeting held in Mancelona last week, Representative H. D. Meggison asserted that 40 per cent of the inmates of the Industrial School for Boys at Lansing may later be found in prisons, and that the school is an "advanced training school for Michigan prisons." This is a severe arraignment of the industrial school, and whether it is fully deserved or not, there seems to be no doubt that for one reason or another the institution has been a demoralizing influence over those who have been committed to it rather than a help toward reformation. In saying this we do not wish to be understood as passing judgement on the management. The people of the state have read the evidence given before the legislative investigation and it is able to arrive at an independent conclusion on that point.

There is, however, no doubt that Michigan is largely to blame for the situation because it has persisted in getting along with a plant that by reason of its defectiveness, is a natural breeding place for degeneracy and criminals. Just now Governor Groesbeck is doing his best to see that conditions are ameliorated, and that the boys confined in the school are given at least as much chance to make good as they would enjoy if they were turned loose on the streets. And there is a prospect ahead for permanently better conditions.

We feel confident the governor will make the industrial school an asset rather than a detriment, if the thing is possible. But he can accomplish what he wants more easily if the people in Michigan in general and the state legislators in particular can be brought to understand vividly what a fearful thing it is for the commonwealth to maintain at Lansing or any other place an institution which promotes rather than discourages the criminal instinct and criminal knowledge. The public would rise in horror if it were to learn that a school of burglary was being maintained with the public money and under public direction; and yet a badly run reformatory is just as real and festering an evil and just as productive of widespread harm as this would be.

The state administration needs something more than the acquiescence of the public in what it is doing now at Lansing. It needs the hearty active support and co-operation. It needs strong assurance that the people will stand behind it in every necessary way.

The many Charlevoix people who have met and heard Edgar A. Guest, the Detroit poet, and the hundreds of others who know him through his literary work will learn with deep sorrow the news of the death of his fourteen year old daughter, Marjorie, in Detroit on Saturday of last week. No man can write so tenderly, yet so truly about little children, preach the philosophy of love and sunshine and the pleasure one gets from religion of the golden rule without having a quality of soul a little above the universal order. When we read of his sorrow we naturally turned to Mr. Guest's own poems for a comforting thought and the last verse of his "A Song" is the most affectionately suggested to him as a bit of saintly philosophy for him to remember in his present trial: "Knee deep in sorrow, an' knee deep in care, Still keep on hopin' an' whisper your prayer; Keep your faith shinin' an' tread on your way, An' peace an' contentment will find you some day."

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown.

AT THE MOVIES

Priscilla Dean's first feature since "The Virgin of Stamboul" is to be shown at the Palace Theatre June 18 and 19. It is called "Outside the Law" and is the work of Tod Brown, in, who has directed Miss Dean in all her big successes, and who wrote her latest story as well as superintended its production. From all advance reports it is the crowning achievement of the popular Universal star and her author-director.

More than \$250,000 was expended in the production of "Outside the Law" and the cast is a roster of Who's Who in cinema circles. Besides Miss Dean there is Lon Chaney as a Frisco gangster, Wheeler Oakman plays a dapper gentleman crook, E. A. Warren a rare Chinese characterization, and Ralph Lewis as master-gambler; while Melbourne MacDowell, Wilton Taylor and Stanley Goethals, a clever child actor, are the other principals in the cast.

American thespians who revelled in the dramatic wealth of "The Heart of Humanity" and capitulated

to the irresistible qualities of "The Right to Happiness" are doubtless of the opinion that in these two photodramas Dorothy Phillips and Allen Holubar, star and director, have reached the heights of screen perfection. But the public is asked to reserve its final verdict until it has had a view of "Once to Every Woman," the newest Universal-Jewel super-production, coming to the Palace Theatre on Saturday and Sunday.

The popular appeal of "Once to Every Woman" is heightened because it deals with every-day people and treats of a theme that is as old as humanity. Mother love is its keynote, and it shows the utter vanity of worldly ambition when not founded on human affection.

Miss Phillips first appears as a school girl, the daughter of a village blacksmith, who, because of her good looks and sweet voice, is the pet of the family. She accepts the sacrifices of her parents and sisters and when a visitor from New York offers to send her abroad to have her voice trained she leaves home with no regrets.

After many dramatic episodes she finally reaches the goal of her ambitions—the creation of the star role in a new grand opera in New York. Her humble home and family are forgotten. Then a tremendous shock causes the loss of her voice. Her now found friends and admirers leave her. In her mother's great love she finds real happiness at last.

DISPOSE OF ALL POOR EWES

Animals With Bad Udders or Broken Mouths Should Be Discarded Before Breeding Season.

Ewes that have bad udders or broken mouths, or ewes that have previously failed to breed, will make no money and have no place in the breeding flock. It is a sign of poor management where they are not marked that they may be identified and thrown out before the breeding season. Sometimes the end of a tail is clipped off in shearing the shepherd neglects to mention it, and unless a close inspection is made before breeding the owner knows nothing about it until lambing time. Such details do not escape the successful shepherd.

FEED THIN HOGS ON PASTURE

Several Combinations of Grain and Skim Milk Enumerated That Are of Much Benefit.

For thin hogs on pasture, try these rations: Equal parts of wheat middlings and corn; equal parts of ground rye and skim milk; equal parts of corn and ground oats; equal parts of corn and skim milk; equal parts of rye and ground oats; ten parts of corn or ground rye and one part of linseed.

IMPROVEMENT OF STOCK

Choose a breed and stick to it. Breed with the correct type in mind.

Study pedigrees for inherited characteristics, relative merit and value.

Keep your herd or flock free from disease.

Develop the young animals and maintain the breeding animals through wise feeding and management.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown.

LEGAL NOTICES

Notice
To owners, occupiers or possessors of lands, or any person or persons, firm or corporation having charge of any lands in this state:

Notice is hereby given that all noxious weeds growing on any lands anywhere within the below named township, or within the limits of any highway passing by or through such lands, must be cut down and destroyed on or before the first day of July 1921. And must also be cut down and destroyed again on or before September 1st, 1921. Failure to comply with this notice on or before each date mentioned, or within ten days thereafter, shall make the parties so failing liable for the cost of cutting and destroying the same and an additional levy of ten per cent of such cost, to be levied and collected against the property in the same manner as others are levied and collected. All brush growing along the right-of-way of any highway must also be cut down and destroyed on or before first above named date.

Dated this 6th day of June, 1921. Joseph Holecbeck, Highway Commissioner of the Township of Norwood, County of Charlevoix, State of Michigan.

Notice
To owners, occupiers or possessors of lands, or any person or persons, firm or corporation having charge of any lands in this state:

Notice is hereby given that all noxious weeds growing on any lands anywhere within the below named township, or within the limits of any highway passing by or through such lands, must be cut down and destroyed on or before the first day of July 1921. ATWOOD

H. Koeling is still on the sick list. Frost in places last Sunday morning.

Harry Bos purchased a Ford last week.

Mr. and Mrs. Frank Brown spent Sunday at the I. L. Brown home.

Edward Blow is the proud possessor of a new Chevrolet touring car.

Mr. and Mrs. Henry Klooster are the proud parents of a baby daughter.

Bert Veenstra traded his Ford for a more up-to-date model last Saturday.

Gerritt Essenburg bought a team of Hamiltonian colts of J. H. Smith last week.

T. Koeling is nearly finished with Earl Farrell's barn and expects to work in Ellsworth soon.

Mrs. E. VanderArk and Mrs. J. VanderBurg spent last Friday at the Joe Hoffman home.

Albert Harwood had a gang of men and teams hauling gravel on what is known as the schoolhouse hill last Saturday and Monday.

A reception and entertainment has been planned in honor of the coming of the new minister and his family by members of the Christian Reformed church.

Rev. S. Bouma and family are expected here this week from Oak Park, Ill., and will be installed as pastor of the Christian Reformed church next Sunday by Rev. Beute of Ellsworth.

W. Slough informs us that 1,000 gallons of cream were shipped from Ellsworth during May. This is approximately 30,000 pounds of butter fat and is one of the chief sources of income for the farmer of this section.

MELROSE TOWNSHIP SCHOOL DAY

Schools Hold Annual Picnic at Walloon Lake

The schools of Melrose township held their annual exhibit, contest and picnic day last Friday at the Walloon Lake school. The people from the surrounding country came with their baskets of "eats" for the day.

The morning program of outdoor contests was held in the school yard. The Walloon Lake school won first place in the contest, Clarion second and Curfew third.

At noon the tables were placed in the yard and were groaning with

their heavy load of "goodies." Dinner was served on the cafeteria plan and everyone did their duty. Ice cream was served to all who cared for some and very few refused their dish.

In the afternoon the school room was filled to its capacity; where everyone enjoyed the splendid program given by the children from the various schools. Supt. Keyworth of East Jordan delivered an excellent commencement address. The valedictory was given by Beatrice Echer. She gave a selection from "The Building of the Ship" by Longfellow. The report of the judges for the exhibit work was as follows: Walloon school first, Clarion school second, and Howard school third.

The diplomas were presented by May L. Stewart after a spiley speech on working for the goal, which is "high school." The program closed by the crowd singing the first verse of "America."

PROPOSE NEW ELECTION LAW

Corrupt Practices Act Would Regulate Sums to be Spent

The new corrupt practices act proposed by Governor Groesbeck in his message at the opening of the special session of the legislature was drafted Thursday by Merlin Wiley, attorney general, and was introduced that afternoon.

It increases the amount candidates for public office may spend in primaries and elections and provides machinery whereby the law can be enforced.

The proposed law increases the amount that may be spent so that a candidate for governor may spend \$10,000 in the primary and an equal amount in the election, a candidate for lieutenant governor, \$4,000 in each, for U. S. Senator \$10,000 in each, for representative in congress \$5,000 in each, all other state, county and municipal candidates may spend one-half of one year's salary of the office sought in the primary and an equal amount in the election.

RECIPIENT OF MANY USEFUL GIFTS

Miss Eunice Carr Entertained at the B. L. Harrington Home

Mrs. B. L. Harrington and daughter Beatrice entertained Wednesday evening from 6:30 to 8:30 o'clock at the Harrington home on Clinton street with a miscellaneous shower, honoring Miss Eunice G. Carr whose marriage to Harold W. Usher will take place this month.

The house was decorated with lilies-of-the-valley which was made further effective by a center-piece of the same flowers on the supper table. The guests were Mrs. Archie Livingston, Mrs. W. B. Marshall, Mrs. A. J. Usher, Mrs. Fred Cartier, and Mrs. Edna Rotert, and the Misses Mary Finucan, Aurelia Verduin, Helen Parsons, Bernice Crandell, Lela Genette, Audrey Gusnett, Marian Saunders, Elizabeth Anderson, and Eunice Carr. The gifts were presented by the Misses Alice Usher and Betty Jean Cartier.

M. E. CHURCH NOTES

Next Sunday morning the sacrament of Holy Baptism will be administered to all who expect to be received into full membership on Sunday June 19. June 19 is membership day at which time the probationer's class with others will be received into the church. On June 26, we will observe Children's Day; Prof. Frederic Goodrich will be with us all day. Infant baptism will be administered in the morning of this day.

This is the third year of our Centenary pledge and all members are urged to pay the amount pledged as soon as possible. The financial secretary, Mrs. J. A. Auld, has sent out statements to all members. If you have not received yours kindly notify Mrs. Auld.

No prayer meeting this Thursday evening on account of the Commencement exercises of the high school.

OSCAR E. WILBUR NAMED MAYOR

To Complete the Unexpired Term of A. A. Swinton

Upon the presentation of a petition signed by practically every business man in the city, also many of our private citizens, the council took action on filling the vacancy in the office of mayor caused by the recent death of A. A. Swinton, and appointed Oscar E. Wilbur to fill the unexpired term.

Mayor Wilbur is no stranger to the duties of this most important office having filled the office of mayor during the years of 1909-10 and 1915-16, besides holding a number of minor offices during his long residence here.

The appointment of Capt. Wilbur will without doubt meet with the approval of the public, and it is safe to say that the city's interests will be given his close, personal attention.

W. C. T. U. Meeting
The regular meeting of the W. C. T. U. will be held Friday, June 10, 2:30 p. m. at the home of Mrs. Kibbe near the Coast Guard station. Topic for discussion, "Our Extensive Program." A good attendance is desired. Visitors always welcome.

Home for the Summer
Miss Wahnetta Harrington, who has been studying dramatic art with Mme. Raviller in Detroit, has completed her course and returned to her home in this city for the summer. Miss Harrington leaves in the fall for New York where she has accepted a position with a company at that place.

A man gets fairly well along in years before he comes to know that success often comes disguised as failure.

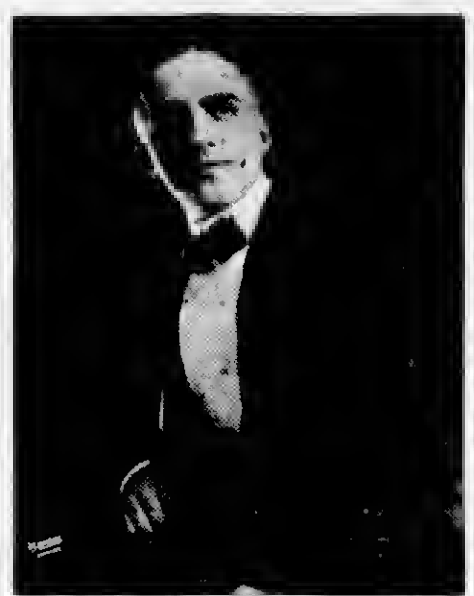

COMING TO CHARLEVOIX

MARGARET CONRAD

Well Known Violinist and Pianist of Chicago, Coming to Charlevoix to Give Term of Instruction

Margaret Conrad, who is today acknowledged to be in the front rank of America's leading violinists, and who has made an enviable reputation as an instructor in one of the finest conservatories in Chicago, is coming to Charlevoix this summer to give a 10-weeks term of instruction. Having acquired her musical training from the finest masters in the country, she is well equipped to give a thorough course of instruction. Miss Conrad possesses all important requisites of the successful teacher, such as musicianship, teaching ability, thoroughness and unbounded enthusiasm in her work. It might also be added that she has appeared as soloist with the Metropolitan Symphony Orchestra. Miss Conrad will accept only a limited number of pupils.

PRESTON GRAVES

Preston Graves, well known pianist in Chicago and instructor in the American Conservatory of Music (America's foremost school of Music and Dramatic Art), will be in Charlevoix to conduct a 10 weeks summer term for those wishing instruction.

As a pianist, Mr. Graves has appeared on many large programs in Chicago and also as soloist with the Chicago Symphony Orchestra, and having studied with world renowned teachers, is worthy and well qualified to give a thorough course in instruction.

Mr. Graves will come direct from the American Conservatory to Charlevoix and will use late conservatory methods. Only a limited number of pupils accepted.

Lessons in both violin and piano, will be given at your home. This is indeed an unusual opportunity for it means that right in your own home you will receive Conservatory instruction. Only a limited number of pupils taken, and none accepted for less than ten weeks. Term commences Monday, June 27th.

TERMS
Both Violin and Piano
One private half-hour lesson per week (term of ten weeks)\$15.00
Two private half-hour lessons per week (term of ten weeks)\$30.00
One private hour lesson per week (term of ten weeks)\$25.00
Class lesson, one a week of one hour\$10.00

APPLY AT ONCE
Address all communications to Preston Graves, American Conservatory of Music, Kimball Hall, Chicago. Those desiring to make application can do so at the Courier office. Inquiries will be promptly forwarded to Chicago.

HOTELS READY FOR OPENING

SUMMER INFLUX OF RESORT- ERS BEGINS

Charlevoix Beach Hotel and Chicago Club Opened Today—Bookings Reported the Best Ever

Two of Charlevoix's summer tourist and resort hotels opened their doors for the current season today, the Charlevoix Beach Hotel and the Chicago Club. A number of cottage owners were among the first to register besides many others who will spend a greater part of the season here. Indications from present bookings the that "Charlevoix-the-Besutiful" will enjoy one of its most prosperous seasons, and every hotel will be filled to capacity until the first of September at least.

At the Charlevoix Beach, Mrs. J. S. Baker has engaged an "all-star" orchestra under the direction of Mr. Victor Polant, one of the best violinists in the country. Mr. Leroy Schwab, cellist, of the Detroit Symphony Orchestra, who has already made himself popular at the Beach, is returning again this season. Music at the Beach has for years been one of its most pleasing features and during the season of 1921 will surpass that of season's past.

Miss Dorothy Ann Wood, who was with Mrs. Baker six years ago, is returning as concert pianist. Miss Wood has been accompanist for world famous singers and is noted for her fine talent and marked ability as a musician.

Miss Irma Montgomery Gibson, accomplished dramaticist and dancer, will have charge of all social features, including children's dances and entertainments. Friday evening card parties and Thursday afternoon musicales. Miss Gibson is a fine artist and has had thorough training and extensive experience. She was for four years society instructor in dancing, expression and dramatic art and entertainer in Washington, D. C., where she numbered among her patrons Miss Edith Benham, social secretary for the White House and the wives of senators and Indian foreign legations.

Chief John Jones will start on his seventeenth year at the Beach and will be found not lacking in preparing the excellent table service for which the Beach is noted. Herbert Hurley, the well known porter, who has been at the Beach for the past seventeen years will again look after the wants of the many guests during the 1921 season.

Bookings at the Beach indicate that this popular summer hotel will be filled to capacity during the entire season.

June thirty is the date fixed for the opening of The Inn, usually the last hotel to open each year. A woman's college society, Pi Beta Phi, has made reservations for that day, when hundreds of delegates will arrive for their annual convention. Delegates from the four corners of the United States are expected at this gathering and an elaborate program has been prepared for the entertainment of the visitors.

Details for the entertainment of the guests are not available at this early date, but we have been informed that a five-piece orchestra from Chicago will furnish the music, and other social functions will be in charge of competent people.

The Chicago Club opened on Wednesday of this week, under the management of Mrs. Caton, the new manager. Patrons of this summer hotel are composed entirely of out-

rage owners and their guests, mostly from Chicago and Grand Rapids. This is the earliest opening date for a number of years, and indications are that every cottage will be occupied during the season, besides the hotel being well filled with guests and their friends.

The Belvedere hotel on the Kalamazoo Summer Home Association grounds, will open Tuesday, June 21. Manager R. P. Foley states that bookings are as usual and that he is preparing for a busy and prosperous season. Fischer's Orchestra of Kalamazoo will be at the Belvedere this season, and for many years past.

The Hotel Hallett has been open since June 4 and is enjoying a splendid patronage from the early arrivals among the summer colony. Mr. Hallett states his bookings are up to the average and the outlook for the season is very bright.

All indications point to a splendid resort season and Charlevoix and vicinity will be visited by thousands who will enjoy the wonderful advantages this section affords.

Clark-Supernaw Nuptials
Miss Mabel Clark, daughter of John Clark, was united in marriage to Laurence Supernaw Monday morning at 8 o'clock, June 13th, at St. Mary's church. Immediately following the ceremony a wedding breakfast was served by relatives who were guests at the affair at the Wm. Seymour home. Mr. and Mrs. Supernaw will make their home at Loeb Farms.

THEY WANT THE AUTO TOURISTS

TRAVERSE CITY TAKES LEAD IN EXTENDING WELCOME

City Commission, Chamber of Commerce and Rotary Club Work Together in Harmony

Traverse City completed plans last Thursday for extending to tourists this summer a utilitarian as well as cordial welcome, and has also taken the lead for the state, according to a statement by Hugh Gray, secretary of the Michigan Tourist and Resort association.

The program will be carried out jointly by the city commission, the chamber of commerce, the Rotary club, and the tourist and resort association and is expected to make that city the most talked about of Michigan cities annually visited by thousands of tourists and resorters.

The plan, as it will be inaugurated immediately, calls for giving to each visitor to the city an official card of welcome and guarantee of cordial treatment during his stay in Traverse City and also the distribution of a pamphlet which describes the city, the nearby resorts and the trout streams. A novel scheme has been devised to make the plan effective. A uniformed youth will be constantly on the streets of the city and he will place in every automobile a card which expresses the welcome of the city. This card requests that the visitor call at the chamber of commerce offices. There the tourist receives a red tag which is to be displayed on his car and which assures him courtesy and assistance from police and citizens during his stay in the city. The descriptive pamphlet is given to him at this time.

In view of the rapidly increasing number of automobile tourists who now are flocking to Michigan it is believed that this scheme will be markedly successful and will leave a real impression upon all tourists.

Compare this with the attitude taken by a number of Charlevoix residents. Will our city ever awaken and extend the band of welcome to the hundreds of tourists who want to stay with us for a short time at least.

B. C. JUNIORS AND SENIORS

Hold Banquet and Dancing Party at Hallett's Inn

A three-course banquet was served Tuesday evening, June 14th, at Hallett's Inn to about seventy students of the junior and senior classes of the Boyne City high school, this affair being the junior's annual party for the departing seniors.

The dinner began at 8:30 o'clock after which a program was given by members of the classes. At 10 o'clock the dining room was cleared for dancing, music being furnished by the New Metropole orchestra of East Jordan. Chaperones were members of the faculty of the high school.

COUNCIL HAS NOTHING TO SAY

CITY PARK COMMISSION HAS UNLIMITED POWERS

Result of Decision is That Charlevoix Will Have No Auto Tourists' Camp This Year

The City Park Commission, according to a decision handed down Judge Mayne last Monday, has absolute and unlimited powers over the public parks and grounds of the city. The Common Council, according to the decision, has no directory power and nothing whatever to say about it, although the charter amendment, creating the park commission, expressly states that the powers given were subject to the direction of the common council.

The facts in the case are that the city council at its session May 31, upon the urgent request of the Charlevoix Association of Commerce and a large delegation of business men, set aside the west end of the city park as a place where auto tourists might camp. It was represented to the council that it was highly desirable from a business standpoint that some provision be made to take care of this class of summer business; that the matter had been taken up with the park commissioners, who refused to act favorably. It appears that no other place is available on account of water and light, therefore the west end of the park was decided upon as a temporary or emergency arrangement. The park commission thereupon, ask for an injunction.

The common council moved to dissolve the injunction on the ground that the charter amendment gave the council directory power. The decision indicates that either one body or the other has absolute control and that there is no such thing as a directory control by the city council. If that is the law we suppose it is the law, although when Mr. Voter went into his booth on election day and voted on this proposition, undoubtedly he thought that the words "subject to the direction of the council" meant just what it said.

It is not of much consequence that at the conclusion of the opinion the court said that "the park commission is similar to the fifth wheel on a wagon." If we can read English it seems to us that the language of the amendment in question might be susceptible to a construction that would give the council the same directory control over the public parks and grounds that it has over other boards such as the cemetery board and the board of health. We do not believe that it was the intention of the voters to give any such absolute power to these commissioners. The only way to ascertain this is to let the people decide at the polls.

As a result of the decision Charlevoix will have no auto tourists' camp this year and our neighboring cities will reap the benefit. Personally we believe it would have done no harm to anyone to have used the west end of the park for this one season, and we will wager that this almighty park commission doesn't do a thing this season that would be interfered with by auto tourists. We note that two of these commissioners are non-business men, while the other member may possibly gain by going out on the street and trying to stop the auto tourists traveling between Traverse City and Petoskey. It is a fine sense and truly encouraging to public spirited citizens who are trying to advance the interests of the city.

WILL MAKE HOME IN CHARLEVOIX

Pretty Wedding at Home of H. C. Cooper Saturday

A quiet wedding took place at the Henry C. Cooper home on Dixon avenue, Saturday afternoon, June 11, at 2 o'clock, when Miss Florence E. Brown, teacher at Washington school the past term, and William A. Newton, were united in marriage, Rev. Henry Candler performing the ceremony. Charles Heiso acted as best man and Miss Mary Berg, a teacher in the Central School building was bridesmaid.

At three o'clock a wedding luncheon was served to the immediate friends present at the ceremony after which the young couple left for a few days visit with Mr. Newton's parents, who reside in Traverse City. Mr. and Mrs. Newton will make their home in Charlevoix.

HUGE NAVY FLYER MAY STOP HERE

CITY CAN BE DESIGNATED AS "PORT OF CALL"

Eleven Passenger Air Cruiser Will Make Trip From Detroit to Chicago

The mayor of Charlevoix received the following letter Saturday, from the Aeromarine Airways, Inc., asking if the citizens of Charlevoix would be interested to the extent that they make suitable preparations for the reception of the eleven-passenger air cruiser "Santa Marie," which recently made a trip from Miami, Fla., to Detroit, and now proposes to fly from Detroit to Chicago, by way of Mackinac and down Lake Michigan. The following letter explains the plan in detail:

His Honor the Mayor,
Charlevoix, Michigan.

My dear Mr. Mayor:
The United States Navy is anxious to stimulate and develop civilian and commercial aviation because of its influence on our national defense.

In case of war our first line of defense would be in the air and we will never have an air force worthy of the name until the public realizes the advantage and the safety of air travel, so that we may develop organizations of trained pilots and mechanics.

We have been authorized by the Navy Department to act as their representative in the development of commercial aviation and we recently sent an eleven-passenger air cruiser the "Santa Maria," from Miami, Fla., to Detroit, Mich., carrying a number of Detroit's prominent citizens; all of which you have probably read about in the recent issues of the Detroit papers.

We now propose to send this boat from Detroit to Chicago by way of Lake Huron, Mackinac, and down Lake Michigan.

We hope to have several of the most prominent citizens of Detroit and Chicago, possibly including Governor Groesbeck aboard, and propose to make incidental stops at the various cities enroute, where public interest can be awakened in this the first trip of one of these big aerial cruisers in the history of the world.

We hope to carry the Mayor of each city to the next city enroute, together with one or two of the leading citizens and possibly one or two local newspaper representatives, so that the people will become fairly familiar with the possibilities of aerial transportation and the safety of these navy boats.

On the trip from Miami to Detroit many cities gave official receptions, had the public schools closed so that the children could witness this new event in transportation and the occasion proved not only historical but extremely interesting to everyone who witnessed it.

We are calling this matter to your attention to ask what official co-operation and interest we can obtain from your city if we stop at Charlevoix. We also want to ask if you won't be good enough to appoint a committee including someone interested in aeronautics and possibly a live wire member of your chamber of commerce interested in boosting your city, to take the matter up seriously and get in immediate touch with us so that we can make real head-way and get some quick action.

There is no need of any money being expended. All we want is enough local interest developed to justify our establishing the town as a "port of call" on the trip and having arrangements made so that we can get gasoline and oil from a launch when we stop there, all of which we will, of course, gladly pay for.

Among the passengers who will make the trip from Detroit to Chicago will be an Associated Press representative, a representative of the Chicago Tribune and moving picture representatives. The result will be, of course, that if we have Charlevoix as one of the scheduled stops, we will give your city considerable free advertising throughout the country, and, in addition to that you will be performing a commendable service in helping to develop a system of transportation which will sooner or later have a very marked influence on our national defense.

Very truly yours,
Aeromarine Airways, Inc.
G. F. Redden, Pres.

The matter is entirely up to the citizens of Charlevoix, as stated above. If we want Charlevoix as one of the scheduled stops, it must

be decided at once. Objectors please state your reasons why, if any. Charlevoix should not receive the benefit of this proposition. If it is agreeable to all, a committee will be named to make the necessary arrangements. No date of arrival of the air craft is given, but this will be announced later.

THREE MEN SAW WAY OUT OF JAIL

Cut Two Bars From Window of Petoskey Jail

The Petoskey Evening News says that three Mackinaw City young men, Earl Austin, Joseph Burns and Henry Kniffin, who were in the county jail on a charge of burglarizing the Shurtliff general store at Cross Village on the night of May 27, sawed their way out of the jail at about 3 o'clock last Friday morning and escaped.

The men had been held for trial in circuit court and Emmet county officers expected them to secure bail and be released some time this week.

Sheriff Purple believes the men were assisted from the outside. Two bars were sawed from one of the south windows on the first floor of the jail and the men crawled through.

The Shurtliff store at Cross Village was burglarized on the night of Friday, May 27, and a quantity of merchandise, including clothing stolen.

PRETTY WEDDING TUESDAY MORNING

PROMINENT YOUNG CHARLE- VOIX PEOPLE WED

Ceremony Performed at St. Mary's Church by Rev. Fr. Wegemer—Leave on Honeymoon

The marriage of Miss Lela Genette, daughter of Mr. and Mrs. Plenny Genette of Charlevoix, to Irving L. Hallett, son of Mr. and Mrs. J. J. Hallett, also of this city was solemnized Tuesday morning, June 14.

The ceremony was performed in St. Mary's church which had been transformed into a bower of green and white. Wood ferns made an effective background for the masses of white daisies heaped upon the altar and twined about the arches spanning the center aisle.

At the stroke of nine the bridal party advanced to the notes of Lohegrin's wedding march played by Miss Eileen Fairchild. The bride appeared with the groom. She was attired in a gown of shimmering white satin. A veil of tulle was caught at the hair with lilies-of-the-valley falling into graceful folds partly concealing the court train. The shower bouquet of bride's roses and lilies-of-the-valley completed the bridal costume.

The bride was attended by her cousin, Miss Lillian Srasin, of Detroit, as maid of honor. She wore a gown of flesh organdie with a hat of the same shade and carried white daisies. The bridesmaids were old friends of the bride. They were, Miss Margaret Supernaw and Miss Rose Gognia both of East Jordan, Miss Robena Bement of Grand Rapids, Miss Aurella Verduin of Grand Haven, Miss Minnie Payton and Miss Bernice Crandell of Charlevoix, and were attired in organdie in rainbow tints and they also carried white daisies.

John Hallett, brother of the groom acted as best man. The ushers were Harold Hallett, youngest brother of the groom; Glen Supernaw of East Jordan, Arthur Weststaff and Lyman Brown.

Little Betty Jean Cartier and Mary Margaret Orlowski, in frocks and hats of pink organdie, preceded the bride and groom, carrying pink baskets heaped with rose petals.

The impressive ring ceremony was used, Rev. Fr. Wegemer officiating, followed by high mass. Mr. and Mrs. Plenny Genette assisted by Mr. and Mrs. J. J. Hallett received the guests after the service at the Genette home on Mason street. A wedding breakfast was then served in the dining room, which was tastefully decorated with lilies-of-the-valley, at which Father Wegemer, the immediate relatives and members of the bridal party were present.

Following the breakfast, Mr. and Mrs. Hallett left by auto for a two weeks' trip to Canada after which they will be at home to their friends at Hallett's Inn.

INDIANS ARE NOT EXEMPT

MUST OBEY ALL GAME LAWS OF STATE

Opinion Prepared by Attorney General Daugherty Covers the Subject Thoroughly

There has been and still exists, the opinion on the part of many that Indians are exempt from the white man's laws, so far as the game laws are concerned; that the old treaties gave the Indian the right to hunt and fish at will. The Indian has maintained that he is not amenable to the restrictions imposed upon white men. Below we publish an opinion prepared by the attorney general's office on the subject:

Dear Sir: I have before me a copy of a communication received from one Andrew Walshkey, chief of the Chippewa Indians, in which he cites sections of certain treaties formerly entered into with the chief of his tribe, and by the terms of which authorized all Indians of certain tribes to hunt and fish in any manner desired by them in certain territory adjacent to the Great Lakes in this state.

You desire an opinion as to whether the chief of the Chippewas is correct in his conclusion as to the interpretation of the terms of former treaties with the Indians in Northern Michigan are amenable to the laws of this state, including the game and fish laws that have been enacted by the legislature.

The chief attempts to quote from a treaty which he claims was the first treaty made with the Chippewas and other nations in 1789 and from another treaty which he claims was entered into by his grandfather, Chief Wawbajick, and certain commissioners authorized by the United States government to make treaties with the Indians. The chief may be correct as to the dates of these treaties with the Indians, but it occurs to me that if he and his people have any rights under the treaty those rights must be prescribed by treaties of later date than those mentioned in his communication, and the language quoted by him as contained in "the first treaty made with the Chippewas and other nations in 1789" is the clause found in the treaty of Greenville made in 1795, the terms of which said treaty, and that of another treaty made in 1807, seem to have been abrogated by certain acts of disloyalty by the Indians toward the United States government during the war of 1812, when the Chippewas, Ottawas, Pottawattamies and Wyandottes took up arms against this government and in behalf of Great Britain. After this war a new treaty was made in 1815 restoring these Indians to good standing and readopting the terms of the Greenville treaty of 1795, so that if these tribes of Indians have any rights under a treaty these rights dated from treaties entered into after the war of 1812.

This department seems to have squarely passed upon the question presented by the chief of the Chippewas and you will find a record of the holding of this department, including a summary of the treaties entered into with the different tribes of Indians, on page 380 of the attorney general's report for the year 1914, to which I would specifically direct your attention. I am therefore, of the opinion that all Indians of this state not living upon reservations and not having tribal relations are subject to the game and fish laws of this state, the same as other individuals.

King Midas and Pillsbury's Best Flour are both fancy patents. They are not bleached flour. Nothing better. \$11.00 per barrel. S. Orlowski & Son's Store. 24tf

CORRESPONDENCE

IRONTON

Joe Mosher has been sick for a few days but is improving.

We are glad to have our gravel road so near completion. A good job Frank.

Mrs. Eva Adams is making some fine improvements on her place, Sweet Briar Farm.

Lee Barnum's father and mother and aunt of Allegan are visitors at Breezy Point Farm.

Mrs. Ogden and children went to Wildwood, Cheboygan county for a week to visit her parents.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown.

NORWOOD

Kenneth Pierce returned to Charlevoix Sunday.

Floyd Wagner and wife spent Sunday with his parents in Charlevoix.

Ellen Swartout returned home from the Charlevoix hospital Wednesday.

Helen McCall is visiting her grand-parents, Mr. and Mrs. F. E. Richardson.

June 22nd, the Ladies' Aid will hold an ice cream social at the Norwood town hall.

Mr. and Mrs. Albert Parsons of Ellsworth visited at the home of Mrs. Haskins Sunday.

Mr. Sarasin and son from Elk Rapids are spending a couple of weeks at their home in Norwood.

Mrs. A. Stafford and Mrs. C. H. Morehouse attended the funeral of their nephew, Wilson Papineau, at Boyne City Friday.

The young people held a party at Sarasin's Saturday evening. Refreshments were served and a good

\$100 Reward, \$100

Cataract is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Cataract that HALL'S CATARRH MEDICINE fails to cure. Druggists 75c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

time is reported by all who attended.

Clarence and Freeman Coblenz and the Misses Mildred Howe and Hazel Beattie of Charlevoix were callers at the Swartout home Sunday.

Raphael Stafford and Charles Swartout who have been attending the Charlevoix high school returned home Friday to spend their summer vacation.

The George Papineau family of Boyne City motored to Norwood where they are visiting Mrs. Papineau's sisters, Mrs. C. H. Morehouse and Mrs. Alden Stafford and Mrs. A. Stafford.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown.

BAYSHORE

Born, to Mr. and Mrs. John Stott, Wednesday, June 8th, a baby girl.

Mrs. Arthur O'Dell who has been quite sick is much better at this writing.

Mrs. Ray Dickerhooff of Detroit is visiting her sons, Ray and George of Bayshore.

John Murray is making an improvement on his residence by building a new porch.

Mr. and Mrs. George Gray of Akron, O., are visiting Mr. Gray's parents, Mr. and Mrs. Wm. Gray.

Mr. Starkage made a business trip to Chicago last week. We expect to hear the wedding bells a-ringing soon.

Farm bureau meeting was well attended June 8th. They voted to have the July 6th meeting at the town hall.

Word was received last week that Mr. and Mrs. Chas. Spar of Detroit have an eight-pound baby girl, born June 2nd. Mrs. Spar was formerly Miss Pearl Gregory of Hayes.

Dr. John Heycraft met with an accident at Burgess corners Thursday night when he and five nurses were returning to Petoskey. In making the turn he ran off the hill tipping over. All were hurt more or less and badly scared; but none of them were seriously injured. M. K. Chew and A. Evers took them to Petoskey.

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown.

MAIL OUT MOTOR TITLE BLANKS

HALF MILLION TO BE SENT TO MICHIGAN CAR OWNERS

Fee From These Licenses to Net the State More Than Four Hundred Thousand Dollars

The secretary of state's office will begin this month to mail out 500,000 application blanks for motorists to fill out in applying for certificates of ownership of their cars. This must be done to comply with the Condon anti-theft law which was passed at the regular session of the legislature.

Charles J. DeLand, secretary of state, reports that it will take a force of sixty or seventy clerks to handle the filing division under the new law. Bids have been received on the filing appliances to be required.

Under the Condon law every automobile owner in Michigan must have a certificate of title showing his name and address, make and model of the car, its serial number and motor number, how he came into possession of it and whether it was new or used. When an owner sells his car he is required to indorse his certificate and turn it over to the purchaser. Both parties must notify the secretary of state's office.

The fee for obtaining the certificate is \$1, of which Mr. DeLand estimates about 11 cents will be required for cost. The fees are expected to net the state treasury nearly \$400,000.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown.

AT THE MOVIES

Next Saturday and Sunday the Palace Theatre will show Priscilla Dean in "Outside the Law," supported by Lon Chaney, directed by Tod Browning. A Universal-Jewell production. In every conceivable phase of production "Outside the Law" reaches the highest possible standard. Nothing has been overlooked. No pains have been spared; no money has been stinted, and no effort was too great to make this a shining example in motion picture production. Everything possible for human ingenuity to accomplish has been accomplished, for everybody from the director to the assistant cameraman, working at the home of producing facilities, was on his toes to make this picture a distinct achievement in production. It is just that. The most amazing melodrama ever screened.

How a man dashed madly through the streets in his underclothes, stopping New York traffic with a clothing dummy, started a fire unintentionally, became a murder suspect also unintentionally and finally invented his way to the altar, are but a few of the remarkable features of "The Nut," starring Douglas Fairbanks, which is coming to the Palace Theatre for a June run the 25th and 26th.

This picture is said to be a combination of comedy and heart interest, with a very pleasing love story dominating throughout. In addition to the star, the photoplay has in it some of the most capable and popular screen players in the picture business.

The theatre management proclaims this as one of the most unique that "Doug" has ever done. It displays some of the most original and laughable situations ever shown, and at the same time develops genuine artistry in the nature of its treatment at the hands of this clever and athletic comedian.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown.

CONGREGATIONAL CHURCH

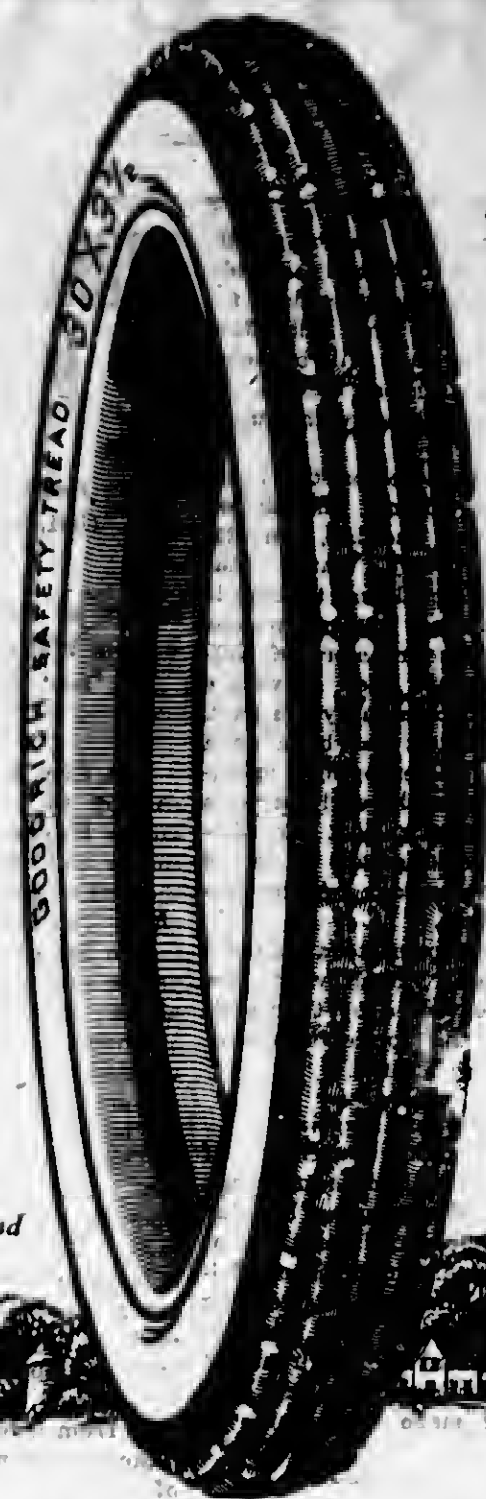

Services will be held next Sunday as follows:

Morning worship at 10:30 a. m.
Church bible school at 12 m.
Christian Endeavor at 6:30 p. m.
Evening meditation at 7:30 p. m.
The mid-week service will be held as usual on Thursday evening.

The missionary Society meets Friday at 2:30 p. m. with Miss Brown, at 404 Mason street. Leader, Miss Agnes Roger. Topic, "Economic Factors in the Community." All of the women of the church are invited. A business and social meeting of the Christian Endeavor Society will be held in the church parlors Friday evening at 7:30 p. m.

The pastor is at the Shockley cottage near Sequenota but can be reached by phone number 117712.

DODGE BROTHERS
MOTOR CAR

The early part of the year 1920, as everybody knows, was remarkable for the tremendous volume of automobile business. Yet our deliveries for April 1921, greatly exceeded those of April 1920. This fact speaks eloquently for the goodness of Dodge Brothers Motor Car, for the reputation of Henry B. Wood and for the wisdom of the Charlevoix public.

People have not stopped buying motor cars. They are simply buying with greater care. They are demanding dollar for dollar in value.

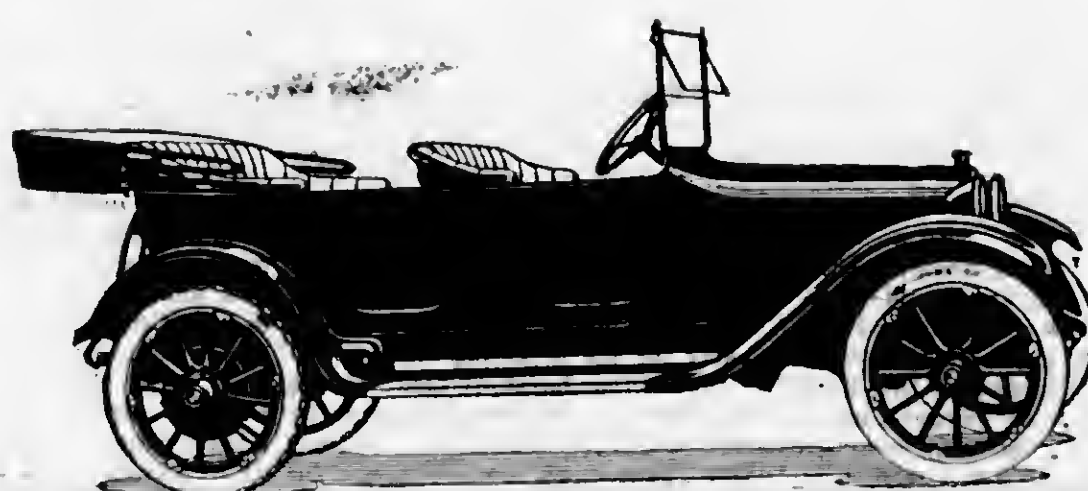

And, as the figures show, they have learned where they may buy with full assurance that honest values are always to be obtained.

RECORDS OF SOLDIERS WANTED

MANY IN COUNTY HAVE FAILED TO REGISTER

War Records Will Be Used in Verifying Bonus Applications—Many Not Registered

The Michigan War Record will be used in verifying bonus applications. If you have not made out a war record blank, please answer the following questions and mail to Mrs. Wm. M. Stebbins, 318 Park St., Hastings, Michigan.

Name in full.
Army or navy serial or identification number.
Home address at time of enlistment or induction. (If you were inducted from any other than your home county, give name of that county.)
Date of birth.
Place of birth.
Date of death (if deceased).
Place of death.
Place of burial.
Mother's name and address.
Father's name and address. (If parents are deceased so state.)
Occupation before war.
Occupation after war.
Following is to be filled out from discharge papers:
Name of original camp entered and date.
Original camp assignment. (Rank, company and regiment.)
Transfers and promotions with dates.
If overseas, date of sailing and date of return to U. S.
Date of discharge and reason.
Navy men should give date of release if not permanently discharged.
If a soldier is married he should give his wife's maiden name.
Her date and place of birth.
Date of their marriage.
Place of their marriage.
If the soldier has children he should list their names, together with dates of their birth.
If a soldier has been divorced and

BACKACHE IS DISCOURAGING

But Not So Bad If You Know How To Reach the Cause

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Charlevoix people recommend Doan's Kidney Pills. Read this case:
Mrs. W. L. Cowan, 210 Antrim St., says: "I was subject to severe backaches and pains through my kidneys. I was also greatly annoyed by the irregular action of my kidneys. I used Doan's Kidney Pills and they brought me much relief."
60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

no children by his marriage no data is necessary.
If he did have children the facts are requested for future historical use by such children and their descendants.
Soldiers married more than once should give marriage data for each marriage.

The party who took the step ladder from the rear of Fred Bellinger's store kindly return it at once to save trouble. 2411

SMITH COLLEGE
TEA ROOM TO OPEN

Located at 107 Clinton Street This Season

Plans for the Tea Kitchen which is to be operated at 107 Clinton street, Charlevoix this summer, by Miss Jessie Arms, of Chicago, are now complete.

The food served is to be the best of its kind. Everything is to be home-made. The surroundings will be very simple and plain, as indicated by the blue checked gingham sign which will hang at the door. "Hominess" is to be the chief characteristic and painted table and chairs will carry out the summery note.

Afternoon teas and light refreshments will be served. Children's parties will be arranged in every detail, if desired; the food, favors and games being planned.

The Smith College Tea Room last year seemed to fill a long-felt want and the Tea Kitchen will undoubtedly be patronized as liberally by summer visitors to Charlevoix.

Miss Anne Clark, the Smith College senior who managed the Tea Room last year, is to sail for Europe June 18, three days after her graduation. She will do canteen work under the Y. M. C. A. with the army of occupation in German. Miss Clark's elder sister, Miss Eunice Clark, has been doing this sort of work in Coblenz for about a year.

Thursday, June 23rd, is the date when J. Leahy the Optometrist will be at the hotel in Ellsworth. Glasses guaranteed to fit. 2411

A. D. CRIMMINS
ELECTED VICE-PRES.

At a Regular Meeting of Board of Directors Held Saturday

At a regular of the board of directors of the Charlevoix State Savings Bank held Saturday, A. D. Crimmins, now cashier of the Grand Rapids National City Bank, was elected vice-president, to fill the vacancy caused by the death of A. A. Swinton.

It is understood that Mr. Crimmins will devote a portion of his time and thought to the interest of the local bank, thereby continuing his influence and services which in the past have been so satisfactory.

O. R. McLaughlan of Traverse City, formerly of the Emmet County State Bank at Harbor Springs, has been employed to relieve Cashier Archie Livingston of a part of his duties, and together with the balance of the office force, who are well known to the community, will give patrons of the bank service that will be hard to equal.

LAD OUT WITH
BASEBALL BAT

Beaver Island Indian Makes Violent Attack

John Cross, of St. James, Beaver Island, formerly of this city, was brought to the Charlevoix hospital from the island Monday, on the fish tug "Link," in a serious condition, caused by being struck over the head with a baseball bat.

The injuries were received Sunday during a ball game, under peculiar circumstances. We are told that a young Indian lad picked up the ball and started to run away. Cross caught the lad and took the ball away from him at the same time boxing his ears. The Indian lad went home and told his father, who came to the place where the ball players were, and picked up a baseball bat and struck Cross over the head with it.

Cross is recovering from the injuries and the Indian, John Antiose, is in the county jail.

Let us overhaul that bicycle and make it run like a new one. We guarantee a satisfactory job. Benj. Brown. 2011

CHARLEVOIX WINS
OPENING GAME

Defeats Petoskey Sunday by a Score of 9 to 4

Charlevoix representatives in the N. M. A. B. League won their first game at Petoskey last Sunday by hard and timely hitting, including five 3-baggers, two doubles and one home run by Hull.

Willis pitched his usual steady game, allowing only five hits. His support was good, Gill making some good running catches in the field and Powers throwing out seven men from third without an error.

At the Loeb Farms the Loeb met Pellston, defeating them by a score of 6 to 3. A splendid exhibition of ball gave the fans their money's worth.

Cross Village plays here Sunday and a good game is expected as the visitors won from Harbor Springs last Sunday.

Dance at Ironton Grange Hall, Friday evening, June 24th. Good music. Good order. 2411

BOYNE CITY TO CELEBRATE FOURTH
Have Plans Under Way For Monster Celebration

The Boyne Citizen in its Friday's issue, contains the following article regarding its Fourth of July celebration:

"Last year the county celebration of the Fourth was held at Charlevoix next year it will be at East Jordan but this year it will be held at Boyne City and it is up to our citizens to make it a success.

"Aside from the usual features which attend a Fourth of July celebration, a commendable feature of this year's entertainment will be the home coming and get-together movement, which is expected to more closely unite the citizens of Charlevoix county."

Under an agreement entered into last year, the three cities of the county were to celebrate once every three years, Charlevoix last year, Boyne City this year, and East Jordan next year.

Boyne City and East Jordan citizens were loyal and spent the day with us and in return Charlevoix should do everything to make the day a success for our neighboring city. Plan on spending the day there.

SHRINERS WILL STOP AT CHARLEVOIX

Expect to Spend About Three Hours in City

The Str. Manitou, chartered by Murat Temple, Indianapolis, with some three hundred Shriners aboard, have so arranged their sailing schedule on their round trip to the Soo, that they will reach Charlevoix at 11:00 a. m. Sunday, June 10th, and stay here for three hours, leaving at 2:00 p. m.

The change of schedule from that announced in our issue of June 1st, was brought about by members of the Charlevoix Association of Commerce, who took the matter up direct with Indianapolis headquarters.

Charlevoix Masons and citizens will extend the hand of welcome to these visitors by meeting them at the boat and taking them about the city by auto. Seventy-five cars will be needed to handle those aboard the boat. Cars are requested to form on Bridge street, headed north at 11:00 a. m. The course decided will be north on Michigan avenue past Mt. McSaubia to Wilson farm; south to Inn, west on Dixon avenue to Beach Hotel, east to Bridge, south on Bridge to Park avenue, west on Park avenue to Antrim street, east on Antrim and Belvedere to Belvedere Hotel, thence to Loeb Farms. Cars are requested to keep at least 75 feet apart. Business houses are also requested to decorate their places of business.

COUNCIL PROCEEDINGS

Council Chamber, June 13, 1921.
The common council of the city of Charlevoix met on the above date, Ald. Cengit, president of the council, presiding. Aldermen present, Bergeon, Genett, Hamilton, Levinson and Miller.

Minutes of the meeting held June 6 were read and approved.

Enter Alderman Wood.
Moved by Ald. Levinson seconded by Miller that the time for receiving bids for W. Upright avenue sewer be extended to June 20, at 5 p. m.

Motion carried.
Moved by Ald. Levinson seconded by Ald. Hamilton the adoption of the following resolution:

Resolution

West Lincoln avenue sewer district No. 20.

Resolved by the Common Council of the City of Charlevoix that the construction of a sewer including all laterals, flush-tanks and attachments in that part of West Lincoln avenue lying between Bridge street and the east line of Lot 14 of Block 3 of Mason's addition to said city, being an extension of the so-called South Side sewer system, according to the plans and specifications thereon on file in the office of the City Clerk be and the same is hereby declared a necessary public improvement.

Resolved further, that the estimate of cost of construction of said sewer now on file be amended to read in the sum of \$386,29.

Resolved further, that the cost of constructing said sewer be borne and defrayed as follows:

1. That one-sixth of said cost according to said amended estimate, namely the sum of \$114.38 be borne and paid out of the general sewer fund of the said city.

2. That the remainder of such cost namely the sum of \$271.91 be borne and paid by the lands abutting on either side of said West Lincoln avenue as hereinafter described, as the property to be benefited by the construction of said sewer the same to be made by special assessment on said property as provided by law.

Resolved further, that the Board of Special Assessors of said city be and hereby is to make and spread such special assessment of said sum of \$271.91 pro rata, upon the lots

and premises of said sewer district according to benefits as provided by law, such lands and premises being described as follows: Lot 9, except the east one hundred feet thereof, Lots 10, 11, 12, and 13 of Block 3 of Mason's addition to said city; The east half of Lot 2, the west half of Lot 2, Lots 3, 4 and 5, and the west half of Lots 6 and 7 all in Block 4 of said Mason's addition, said lots and parts of lots having heretofore been designated as the district to be assessed for the construction of said sewer.

Resolved further, that the said Board of Special Assessors be and hereby is instructed to meet in the council rooms of said city at nine o'clock in the forenoon of Friday, the 17th day of June 1921 for the purpose of making said assessment and upon the completion of the same to file it immediately with the city Clerk.

Resolved further, that the City Clerk be and hereby is directed to deliver to said Board of Special Assessors a certified copy of this resolution together with the plans, specifications and specifications for said sewer on file in his office.

Adopted at a regular meeting of the Common Council held in the Council rooms in said city on the 13 day of June 1921 by aye and nay vote as follows: Ayes, Aldermen Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Moved by Ald. Hamilton seconded by Ald. Levinson that the bills be allowed and the Clerk authorized to issue orders in settlement of the respective amounts. Carried by following aye and nay vote: Ayes, Aldermen Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Moved by Ald. Levinson seconded by Ald. Hamilton that the mayor and clerk be authorized to borrow \$3,700.00 for depository account and \$400.00 for the Electric Fund for 4 months. Motion carried by following aye and nay vote: Ayes, Aldermen Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Moved by Ald. Hamilton seconded by Ald. Levinson that the mayor and clerk be authorized to borrow \$3,700.00 for depository account and \$400.00 for the Electric Fund for 4 months. Motion carried by following aye and nay vote: Ayes, Aldermen Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Moved by Ald. Bergeon seconded by Ald. Hamilton the confirmation of the mayor's appointment. Motion carried.

Ald. Genett offered the following ordinance and moved its adoption. Seconded by Ald. Wood. Carried.

Annual Appropriation Bill
Ordinance No. 143

An ordinance to provide for and appropriate the several sums of money required to defray the expenditures and pay the liabilities of the City of Charlevoix for the fiscal year beginning March 1st, 1921.

The City of Charlevoix ordains:

Section 1. That to defray the expenditures and pay the liabilities of the City of Charlevoix for the fiscal year beginning March 1st, 1921, payable from the several funds provided by law and the charter and ordinances of the city it is necessary to appropriate to such funds for the several purposes for which the same are created, the following amounts namely:

Contingent fund, \$ 9,755.56
Health fund, 200.00
Cemetery fund, 2,600.00
Police fund, 1,800.00
Bridge fund, 2,500.00
Fire fund, 4,000.00
Sewer fund, 1,000.00
Water fund, 1,000.00
Park fund, 300.00
General street fund, 8,500.00
Advertising fund, 1,318.00
Interest and Sinking fund, 7,913.65

\$40,887.21

Section 2. There shall be raised by tax with the next city or July tax levy to be assessed and levied upon all of the taxable real and personal property in the city of Charlevoix a total sum equal to twelve and one-half mills on each dollar of the assessed valuation of such taxable property for the purpose of defraying the expenditures and liabilities of said city and for other purposes for which the said several general funds are constituted. And further the sum of three mills on each dollar of said assessed valuation for the interest and sinking fund to pay the funded debt of the city and interest thereon. Such taxes shall be entered under the heading of city taxes and the amounts so assessed when collected shall be apportioned to the said funds as described in section one of this ordinance, and the amounts so mentioned and apportioned are hereby appropriated to the said several funds.

Section 3. The City Assessor is hereby instructed to assess and spread the aforesaid amounts as hereinbefore specified as provided by law on his city or July tax roll for the year 1921, together with all unpaid special assessments heretofore assessed and levied upon any and all taxable property in said city as appears by the special assessments rolls on file and to so spread the assessments spread upon any and all special assessment rolls as a lien and tax against the property and persons liable therefor as provided in the charter and ordinances of said city.

Section 4. The City Treasurer is hereby instructed to collect the taxes as spread on the said city or July tax roll and to credit the amounts so collected to the several funds as hereinbefore specified and apportioned, pro rata as the appropriation of the several amounts for said funds shall bear to the total of all said taxes.

The Ordinance is ordered to take immediate effect.

Adopted at a regular meeting of the common council of the City of Charlevoix held in the council rooms in said city on the 13th day of June, A. D. 1921, by aye and nay vote as follows: Ayes, Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Oscar E. Wilbur, Mayor.
Archie Livingston, City Clerk.

The petition signed by B. A. Herman and 77 others requesting better lighting for Bridge street was referred to Electric Light Committee and superintendent of light.

Moved by Ald. Bergeon seconded by Ald. Genett that city's house on Park avenue be paved, tread cost work. Carried by following aye and nay vote: Ayes, Aldermen Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Moved by Ald. Levinson seconded by Ald. Hamilton the Council adjourn.

Archie Livingston, City Clerk.

"How deeeecar to my heasaart are the scooeenees of my chillaillhood, etc."

"It is gratifying to learn that eggs are cheaper in Pontiac today than

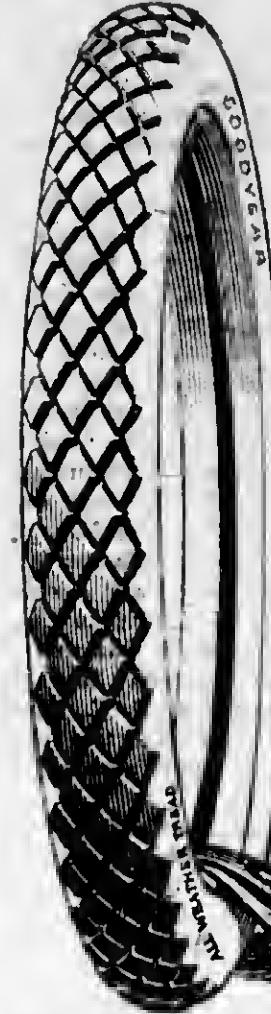

they were in 1869," comments the Press of that city, "but we hope they are not the same eggs."

The darkest hour is just before the dawn. An Ionia youth who was wounded in the war and then severely gassed, and then captured by a French bride, has finally been run over by an automobile.

A Frenchman 100 years old, living at Cheboygan claims to be the oldest resident of that part of the state, if not in the whole state, but that suspicious old Indiana, of 118, at the Soo is said to doubt him.

Judge Shepherd in Cheboygan county circuit court has sentenced Roy Funk, Bert Cousineau and Archie Blay to from one to fifteen years at hard labor in the state reformatory at Ionia and recommended their terms to be not more than five years. The young men pleaded guilty to having burglarized the Ruppel-Bessette clothing store in Cheboygan some weeks ago.

Cord Tires for Small Cars at Lower Cost

In our clincher type 30 x 3 1/2-inch Goodyear Cord Tire, we have endeavored to give owners of small cars all the cord tire's advantages at a low price. When you see this tire you will say we have succeeded. It enables the Ford, Maxwell or Chevrolet owner to get a tire identical in quality with the Goodyear Cord Tires that are used on the world's finest cars, for little more than he formerly paid for a fabric tire of the same size. You can buy this 30 x 3 1/2-inch Goodyear Cord Tire—with all its comfort, long wear and economy—from your nearest Goodyear Service Station Dealer today for only

Ellsworth Section

ELLSWORTH

Mr. and Mrs. Merion Best are moving onto their farm this week.

The Hanks township board of review were in session the first of the week.

Forty-nine more days and we will have with us the barbecue. Don't miss it.

The D. E. Clow & Co. store is receiving a much needed coat of paint this week.

A. T. Jeffrey of Charlevoix was in Ellsworth on business one day last week.

Albert Klooster of Remus is visiting his nephew Geo. Klooster and family this week.

Glen C. Townsend and wife of Boyne City were Ellsworth callers one evening last week.

H. H. Elzinga was at Flint last week after a model F-B Chevrolet roadster for Dr. Beuker.

Mrs. Elmon Yettaw and children of Grand Rapids arrived last week for a short visit with the former's parents here.

T. Coelling is doing carpenter work on the H. H. Elzinga house recently purchased from Mrs. Joseph Hoffman.

Mr. and Mrs. Wm. VanBeek of Grand Rapids arrived last week for a short visit with the former's parents here.

Jake Kloster and family, Emery Wilson and Miss Laura Peebles spent Sunday at the Thomas Emery home at Elk Rapids.

Standard Oil workmen are busy this week erecting the oil tanks at the new oil station and fixing things up around the place.

Mr. and Mrs. A. F. Nicholls have rented the Eugene Best house on Park street for the summer and are getting settled this week.

Dr. B. J. Beuker expects to open a branch office at Central Lake in the near future and will spend one day of each week at that place.

Miss Mary Parsons who has been ill for several weeks was taken to the Charlevoix hospital last week in hopes that her condition would improve more rapidly there than at her home.

John Ruis pitched a no-hit game for the Central Lake high school against the Mancelona high on Monday of last week. Errors by his support however lost the game by a 2-1 score. The game was played at Bellaire.

Mrs. William Cole was at East Jordan on Saturday of last week to attend the funeral of her brother, Clinton Sedgman, whose body just arrived from France with those of hundreds of other American boys.

Mr. Sedgman was a member of Co. E, 18th Infantry, a unit of the 1st Division and received the wound which resulted in his death in the Argonne, Oct. 4, 1918, death coming at a base hospital on Dec. 20th of the same year. Deceased was well known in this part of the country where he had lived since his childhood. He was a baseball pitcher of no small ability being known better

by his nick-name of "Nip" than by his correct name, Clinton. The body was buried with military honors.

MILES DISTRICT

Al Moore of Phelps is now at the home of Mr. and Mrs. J. Moblo.

John Geerdink visited his sister, Mrs. John Elshof near Ellsworth Sunday.

Mr. and Mrs. Chas. Withers of Charlevoix spent one day last week with Mrs. A. Lalonde.

Frank Stewart and family and John Hart and family of East Jordan were callers at Mrs. Anna Lalonde's Sunday.

Mr. and Mrs. James Holben of Little Rock, Ark., arrived Monday to spend the summer with their daughter Mrs. A. Miles.

Mrs. John Steenhagen entertained her parents and brother, Mr. and Mrs. VanTunburg of Grand Rapids. Mr. and Mrs. VanTunburg and son returned to their home last Friday.

Mr. and Mrs. James Holben of Little Rock, Ark., Mr. and Mrs. Eugene Miles, Mr. and Mrs. A. Miles, Manila Miles and Clyde Strong spent Sunday in East Jordan with Mr. and Mrs. Xelle Miles.

A Correction

The Courier owes an apology to Mr. and Mrs. Henry Klooster, on account of an item appearing in last week's correspondence. In handling the item we mistook the name "Koster" for "Klooster." Mr. and Mrs. Henry Klooster are the proud parents of a baby daughter, not Mr. and Mrs. Henry Klooster. The error was unfortunate and one that creeps into a newspaper, regardless of how careful one can be in handling the volume of matter which appears each week in the Courier. Come in boys, it's our treat.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown, 2017

MODERN FARMS NEED MARKETS

In recent years the effort to check the drift of population away from the farms has taken the form of making farm life more efficient and more attractive. Modern machinery, good roads, better schools, community welfare work, running water in the house, automobiles, telephones and other modern conveniences have been tried, and still the farm boy turns to the city to seek a career.

A writer in the current World Work remarks that it is possible the boy leaves the farm not despite these improvements but because of them. It is still an economic problem. In the old days, with fewer mechanical helps, it required more human power to run the farms and to produce the food and clothing essential to the nation. Today it is said that every time one boy goes back to the land two others have got to go to town to make a market for the farm boys products, because with the new machinery the same number of workers can produce two or three times as much as formerly. From this standpoint, then the farmer may regard every man who goes to the city as changing from a competitor to a customer.

This might seem a plausible argument for taking away the farmer's conveniences and leaving him to the drudgery of former days, or for applauding the top-heaviness of the cities. To the far-sighted citizen it is a better argument for broadening out agricultural markets to include the whole world. The nation wishes first of all to be sure that it is producing all the food needed for its own population. The farmers can do that now without increasing the agricultural population, but it will be an expensive proposition to the public. To improve methods of production, handling, marketing and shipping so that the American farmer can raise food below the price at which other nations could deliver it on our shores, and also so that he can ship it on a favorable competi-

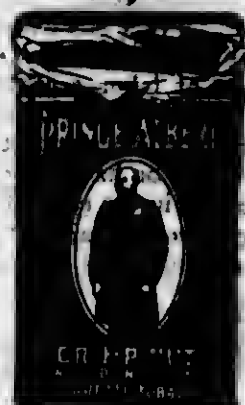

Me-o-my, how you'll take to a pipe—and P. A.!

Before you're a day older you want to let the idea slip under your hat that this is the open season to start something with a joyous jimmy pipe—and some Prince Albert!

Because, a pipe packed with Prince Albert satisfies a man as he was never satisfied before—and keeps him satisfied! And, you can prove it! Why—P. A.'s flavor and fragrance and coolness and its freedom

from bite and parch (cut out by our exclusive patented process) are a revelation to the man who never could get acquainted with a pipe! P. A. has made a pipe a thing of joy to four men where one was smoked before!

Ever roll up a cigarette with Prince Albert? Man, man—but you've got a party coming your way! Talk about a cigarette smoke; we tell you it's a peach!

Prince Albert is sold in tippy red bags, tippy red tins, handsome pound and half pound tin tins and in the round crystal glass humidor with sponge molarator top.

tive basis to other lands, is the better solution to present agricultural problems and a truer check to the cityward shift of population.

A HUMAN THING

The editor of a big newspaper giving a talk on "The Newspaper Viewpoint" before an industrial association made this statement:

"The public may roughly be divided into three classes. First is the 'Brass Check' crowd, which repudiates wholly the newspaper and all its works; second, the group which takes everything the newspaper prints as absolute gospel; and third, and by far the majority, the class which recognizes the newspaper as a human institution, trying the best it can do a good job, but liable to the same errors and limitations as any other human institution."

When next you feel tempted to criticize your favorite paper for some error in judgment, fact or policy, think of that point.

The newspaper tries its best to get facts accurately, to use clear-headed judgment and to keep its policy in line with the best interests of its community. But being human, it is liable not only to the errors of its human staff, but to the errors of those from whom it tries to collect straight news.

Ask any experienced newspaper man what is the hardest thing in his business and he will reply unhesitatingly, "To get people to tell the truth." Many people give wrong replies because their observation has been faulty. They speak in good faith, but they did not see clearly or remember accurately. Many deliberately attempt to mislead the reporter, from self-interest, a misguided sense of humor or a perverted sense of the newspaper's function.

This newspaper, like others is a human institution. But it does its best. Your co-operation will help to make that best better.

It is the duty of officials to enforce the laws—not to violate them or wink at violations. Their oath of office is their only guide. They swore to enforce all laws. They have no judicial powers—no right to determine whether a law is a good law or a bad one! His duty is to both observe and enforce all laws—not such as he may think ought to be enforced. His course should be an example to others in law observance.

It is all a matter of emphasis. The big task of the parent-teacher organization, according to a speaker in the convention at Grand Rapids, is to induce mother to stop her gossiping habits and stay at home and make father's salary go farther, instead of faster.

Paint Up

Improve your property by giving it a new, fresh coat of paint. It will greatly increase its value, lengthen the life of the buildings, and be a credit to the neighborhood in which you live. We have

Courier for Printing

"The Whitest White I Ever Saw"

IN Victoria, Texas, there are three houses in the same block (Mr. Trailor's house, shown above, is one of them) which are painted with Heath & Milligan Best Prepared Paint; and, in the words of the painter himself: "The whitest white I ever saw."

That's because Best Prepared Paint has a high hiding power—you will find that out when you use it. You will also find that you won't have to get so much to go over the surface, and, therefore, fewer hours of labor are required to apply it. That it gives more years of service—looks better all the time than most paints. Best Prepared Paint is the best house paint that Heath & Milligan know how to make, or have ever made after 67 years. It will prove to be the cheapest in the end. If your house needs painting now—don't delay—decay won't wait for paint to get cheaper. Look for the trade sign of dependability (shown above) when you do buy.

FARM POULTRY

PROPER MARKETING OF EGGS

Much of Animal Loss Can Be Prevented By Use of Purebred Stock and Better Care.

It is estimated that the annual production of poultry and eggs in the United States is in excess of \$200,000,000—the value of the egg or the whole crop—and it is also estimated that there is a total loss of nearly 8 per cent of the eggs marketed.

This great loss is due largely to improper handling between the farm and the market. Many farmers look upon eggs as a by-product, and the returns are so much clear gain. The hens for eggs for a living, and the eggs are gathered when convenient and kept almost anywhere. Such carelessness and a combination of mouldy stock dirty nests, stolen nests of broody

Eggs Properly Packed for Shipping to the City.

hens, mouldy nests, into-patching pullets, and other undesirable conditions explain why the poultry industry has a high percentage of small, cracked, dirty, stale, heated and even rotten eggs.

Obviously the accumulations of all these kinds of eggs are taken to the country merchants and exchange for merchandise. The merchant usually buys these eggs "cave round" paying the same price for all kinds and sizes, provided they are eggs with an unbroken shell. Small production results in small or infrequent shipments. Many of these losses, the United States Department of Agriculture says can be prevented by selecting pure breeds that lay more or larger eggs such as the Leghorns, Wyandottes, Plymouth Rocks, Rhode Island Reds, Orpingtons, etc., giving better care, food, and shelter, with dry, clean, vermin-proof nests; caulking nests except in breeding season; collecting eggs frequently, especially in hot or muggy weather; storing eggs in a dry, clean, cool place; using small and dirty eggs at home; marketing frequently, with protection at all times from heat; selling for cash on a basis of size and quality, "loss off" instead of "cave round"; using an attractive package; and combining shipments as a matter of economy.

Non-Skid 30x3 Tires for \$11.50. Renj. Brown. adv 211f

Albert Lancore, Mackinac Island, whose body was discovered last Friday in Cheboygan river, is believed to have accidentally fallen into the river last November while on his way from the business part of Cheboygan to the wharf to board a launch for the return trip to the Island. There were no marks on the body to indicate foul play.

Pupillistic Turn Necessary. Mr. Hufferly says it's got so you're obliged to start a bit of a fight sometimes in order to make the minutes of the previous meeting worth the trouble of being read.

Looks That Way. To a person, five feet tall standing on the beach at seashore, the horizon is about two and three-quarters miles away.

TWO BARNs DESTROYED BY LIGHTNING

Sunday's Cloudburst Followed By Property Loss

Sunday's cloudburst, accompanied by lightning, caused considerable property loss about Charlevoix, both from fire and flood.

Storm signs began to show themselves about three o'clock in the afternoon, the wind swinging from the southeast to southwest and later into west. The downpour began about seven o'clock and the territory from Charlevoix south to a distance of about five miles was flooded.

During the storm the large basement barn on the farm of Mrs. Thos. Cunningham, southeast of Adams Lake, was struck by lightning and burned to the ground. Twenty tons of hay, a number of farm implements, and the 1921 wool clip were consumed by the flames, besides two sheep and a lamb. Within a few minutes after the fire started the barn was a mass of flames, and little could be done to save the contents.

About the same time another bolt of lightning struck the large barn on the farm of Frank Pop, just east of Adams Lake, completely destroying it. Farm implements, an auto trailer, and some grain was burned. The stock was rescued, the very beds of the horses being alive when they were taken out.

Considerable damage resulted to crops, fruit trees, and in many places hail washouts in the roads.

M. E. CHURCH NOTES

Next Sunday will be membership day at which time the pastor's class of probationers will be received into church membership also there are a number of adults who have expressed a desire to unite with the church at that time. Children's day will be observed Sunday, June 26th. Dr. Frederic Goodrich of Albion College will take part in all the services on Children's Day. He will visit the Barnard M. E. church in the afternoon.

The following persons have been elected as officers of the Epworth League: president, Edward Edwards; 1st vice-president, Emily Chandler; 2nd vice-president, Thelma Crandall; 3rd vice-president, Irma Carey; 4th vice-president, Mrs. Roy Bowditch; secretary-treasurer, Irma Cowan; pianist, Mrs. George Sands.

An Adrian grocery was broken into twice in one night but nothing was taken either time. Someone, probably, who merely wanted to see how food looked; but some friend ought to warn him of what this is likely to lead to if he trusts himself to a third time.

Advertise in the Courier

Can You Imagine This? The American Railway Express company will transport, free of charge money and supplies for relief purposes in Pueblo, Colo., according to an announcement made last week by Agent Emrey at the Charlevoix office. Such shipments should be addressed to the mayor of Pueblo or to the American Red Cross at that city.

Monday, June 27th, is the date when J. Leahy, the Optometrist will be at the Hotel Charlevoix and will visit St. James June 28th and 29th. Headache cured; glasses guaranteed to fit.

COMING TO CHARLEVOIX

MARGARET CONRAD
Well Known Violinist and Pianist of Chicago, Coming to Charlevoix to Give Term of Instruction

Margaret Conrad, who is today acknowledged to be in the front rank of America's leading violinists, and who has made an enviable reputation as an instructor in one of the finest conservatories in Chicago, is coming to Charlevoix this summer to give a 10-weeks term of instruction. Having acquired her musical training from the finest masters in the country, she is well equipped to give a thorough course of instruction. Miss Conrad possesses all important requisites of the successful teacher, such as musicianship, teaching ability, thoroughness and unbounded enthusiasm in her work. It might also be added that she has appeared as soloist with the Metropolitan Symphony Orchestra. Miss Conrad will accept only a limited number of pupils.

PRESTON GRAVES

Preston Graves, well known pianist in Chicago and instructor in the American Conservatory of Music (America's foremost school of Music and Dramatic Art), will be in Charlevoix to conduct a 10 weeks summer term for those wishing instruction.

As a pianist, Mr. Graves has appeared on many large programs in Chicago and also as soloist with the Chicago Symphony Orchestra, and having studied with world renowned teachers, is worthy and well qualified to give a thorough course in instruction.

Mr. Graves will come direct from the American Conservatory to Charlevoix and will use late conservatory methods. Only a limited number of pupils accepted.

Lessons in both violin and piano, will be given at your home. This is indeed an unusual opportunity for it means that right in your own home you will receive Conservatory instruction. Only a limited number of pupils taken, and none accepted for less than ten weeks. Term commences Monday, June 27th.

TERMS

Both Violin and Piano
One private half-hour lesson per week (term of ten weeks)\$15.00
Two private half-hour lessons per week (term of ten weeks)\$30.00
One private hour lesson per week (term of ten weeks)\$25.00
Class lesson, one a week of one hour\$10.00

APPLY AT ONCE

Address all communications to Preston Graves, American Conservatory of Music, Kimball Hall, Chicago. Those desiring to make application can do so at the Courier office. Inquiries will be promptly forwarded to Chicago.

HAPPY SHRINERS VISIT CHARLEVOIX

ENTERTAINED BY LOCAL MASONRY AND BUSINESS MEN

Eighty-Three Automobiles Required to Ride Hoosier Arabs About City and Loeb Farms

Murat Temple Shriners of Indianapolis, 260 strong including seventy ladies, were guests of Charlevoix business men and members of the masonic fraternity from one to three o'clock Sunday.

Arriving at one o'clock, two hours behind their schedule, the Nobles and their families were met at the dock by an entourage of eighty-three automobiles, bearing the inscription "Welcome, Nobles, to Charlevoix-the-Beautiful."

The visitors showed little hesitancy in accepting the hospitality offered them, and within twenty minutes were loaded into the cars and driven through the principal part of the city, thence to Loeb Farms, which had been opened for the occasion, Mr. and Mrs. Loeb and son personally greeting them as they passed their beautiful summer home.

As the parade passed through the city the visitors were greeted with expressions of welcome, many of our local hotels and business houses presenting them with postcards or some token of remembrance of their visit to "Charlevoix-the-Beautiful."

After the sightseeing tour, the Shriners gathered near the entrance to the Wilbur dock, and the fifty-piece band played several selections, as did also the saxophone sextet. Here the Temple patrol formed a human pyramid in a very creditable manner. Other stunts for the entertainment of the crowd were indulged in by the "merry-makers," which were greeted with applause.

That the bunch were out for a good time was evidenced by the numerous entertaining features, which were the patrol, band, gun squad, chanters, saxophone sextet, and harmony trio, not overlooking the "wrecking crew," Bob Elder, Odie Porter, Frank Holmes and Bob Zehlicke, in charge of the commissary and refreshments. The members of the Murat Shrine were housed on the Manitou just like one big family, only members being aboard the boat.

Many were the expressions of regret as the time of departure was near at hand, and voicing appreciation of the many beauties of Charlevoix, and the manner in which they had been received and entertained, the Nobles boarded the Manitou for the last lap of their three-day outing from Chicago to the Soo.

TRAMPS INVADE NORTHERN MICHIGAN

Hundreds Reported Bumping Their Way On Trains

From all reports northern Michigan is being invaded by hundreds of tramps and hold-up men. Hold-ups and house-to-house begging for food are becoming daily occurrences, and it is up to the people of Charlevoix to keep their doors locked and valuables in places of safety.

A big negro held up the agent for the Michigan Transit Co. at Petoskey early last Monday morning, but was disappointed in securing anything of value. Tuesday four men accosted an auto, but the driver fearing a hold-up stepped on the gas and got away.

Hardly a day passes that residents along the railway right of way are asked to provide food for these wanderers, and at times their demeanor is insulting.

Petoskey's sheriff promises a stiff sentence in the county jail on a bread and water diet to those who try to make that city their hang-out. Charlevoix citizens will do well to take every precaution against loss of property by theft from this class of people.

If the bicycle needs a new tire, we have a full line. Repair work a specialty. Benj. Brown. 20tf

ROBBERS PICKING ON AUTO OWNERS

Traverse City and Pellston Garages Broken Into

Automobile owners in and about Charlevoix should keep their garages well locked and those who park their cars in the streets had better find a place for them or some morning they will discover their car missing or their garage robbed of its contents.

Thefts are reported from many northern Michigan towns and officers believe an organized gang of thieves are at work.

Thefts of automobile wheels, tires and accessories running into hundreds of dollars occurred at Traverse City early Wednesday morning of last week. The jobs were apparently the work of a gang going through Traverse City who used their own car while working and later made their get-away. With one exception the thefts were from cars left standing outdoors all night.

Saturday night the Emerson garage at Pellston was broken into and several Ford size tires stolen. A car on the street near the garage was robbed of its spotlight and coil. The burglars left no clue, and so far no trace of them has been found.

Officers believe the man of men who robbed the place operated Ford cars for a pile of tires for larger sized cars inside the garage store-room was not molested. Only equipment for Ford cars was stolen.

VETS MAY GET POST OFFICES

THEY ARE FIRST ACCORDING TO LAW PASSED

Civil Service Rule Cause of Considerable Alarm Among Those Who Hold Patronage

The possibility that veterans of the war will step in and capture all the jobs of postmaster in different parts of the country under a law passed at the last session of congress giving them preference under the civil service is causing no end of worry among congressional and other politicians who saw a chance to make the places pure patronage.

President Harding's recent modification of the regulations for the appointment of postmasters for the first, second and third class offices, about 12,500 in all, provided applicants would have to take a civil service examination to be placed on the eligible list. The appointment was then to go to one of the three highest men on the list.

This seemed entirely satisfactory for the time to members of the senate and house who had been besieged by applicants for postoffices. They believed they would have no difficulty, provided their man was able to pass the examination, in getting a nomination for postmaster.

It all went well until somebody recalled a law passed at the last congress which provided that in the filling of positions under the civil service, veterans of wars, if their qualifications were satisfactory in the civil service tests, were to receive preference in the appointments. The American Legion has been active to see that this has been done.

Of course, there is reason for argument on the point of whether, strictly speaking, this law will apply to the postoffices. The truth is that the civil service, so far as the postoffices is concerned, is a voluntary matter for the president. He could make nominations without regard to civil service if he saw fit, but he issued the order that the civil service, in a modified way, would apply. It will require an official ruling to settle the issue.

5th Birthday Anniversary
Mrs. F. E. Cartier entertained Friday afternoon, June 17, from 2:30 to 5 o'clock at the Cartier home on State street for the pleasure of her small daughter the occasion being Miss Betty Jean's fifth birthday anniversary. Twenty-two guests were served with lunch the main attraction of which was the birthday cake with five candles.

Important Announcement
Preston Graves, piano artist, teacher in the American Conservatory, Chicago, is in Charlevoix making up his class of piano students and will specialize in technique and teaching the pupil how to practice correctly and how to gain the best results with little practice. Make your summer a success. Reduced rates. Telephone 198 after 6 p. m. 25tf

COURIER RECALLS PIONEER DAYS

OLD SETTLER ASKS OR INFORMATION

Desires to Know Date of Maiden Trip of Little Steamer Anne—Who Can Furnish It?

The Courier is in receipt of a letter from Will H. Jarman, editor of the Copemish Progress, who desires to find someone who can tell him the date of the maiden trip of the little steamer "Anne" which was built in this city and plied on the waters of Pine Lake.

The Courier has made some inquiries of several of the old settlers mentioned in the following letter, but so far have failed to find anyone who can give the desired information with any accuracy. We are publishing the letter and ask, as a favor to Mr. Jarman, that anyone who can furnish this information, write direct to Mr. Jarman at Copemish, or to the Courier. Someone surely can remember this instance and furnish the data wanted. The letter follows:

Brother Editor: The days were when we fellows used to exchange sheets and at one time I used to get three Charlevoix county papers, but the great world war did away with the exchange business and I am now without a single paper from my old home county—Charlevoix. You see, brother, it was way back in 1868 soon after the close of the Civil war when my parents moved in Eveline township, on the south shore of Pine Lake, two miles east of fronton, where they took up a homestead. "Pretty wild," you ask. No many "mossbacks" scattered around among the tall timber, I can assure you and precious little to eat at times, only plenty of deer, bear and wildcats.

"Some weeks ago I received a copy of the Courier containing an account of our former townsman, Alvah D. Crimmins, accepting a position with the Grand Rapids National City Bank. In the same issue I read an account of the death of Morris J. Stockman, and of other items that made me think of the by-gone days. I am therefore enclosing a check for \$1.00 for subscription, and when the time expires I may have another dollar accumulated so that I can renew."

"As I am writing this note the one occasion which excited the 'mossbacks' was the maiden trip of the first steamboat that plied the waters of Pine Lake called the 'Anne,' a little side-wheeler built in Charlevoix. Though it was about fifty years ago, I remember it as though it were yesterday. I am enclosing a self addressed envelope and wish you would, as a favor, find out for me the exact date when the Anne made that first trip. H. S. Harsha, if alive, can tell you, or Sam See or Albridge Mason, a former steamboat captain, and one of the oldest residents of your beautiful city. If it is not convenient for you to look this matter up, will you kindly hand this letter to one of the gentlemen mentioned as they will remember my father Elton G. Jarman and won't mind doing this for me."

Fraternally,
Will H. Jarman.

PETOSKEY WILL CELEBRATE FOURTH

Soldiers, Sailors, Marines, All War Vets to Participate

Petoskey is planning a big Fourth of July celebration with many major attractions including something new in way of a historic pageant-parade portraying the various stages in American history, using beautifully decorated floats. Patriotic societies, former soldiers, sailors, marines, Civil and Spanish war veterans and boy scouts will participate.

Hundreds of dollars in valuable prizes are offered in the street sports and races, and for the automobile races and contests. Two baseball games will be played between Northern Michigan League teams and there will be tableau fireworks in the evening.

Many from this place are planning to take in this celebration and also the Al Wolgast-Mickie Brennan boxing bout in the late afternoon of the Fourth at Petoskey.

Delightful Entertainment
Thursday afternoon, at the home of her mother, Mrs. H. L. Iddings on Park avenue, for the pleasure of Mrs. Rodger Humphrey of Grand Rapids. Other guests were Charlevoix friends of Mrs. Crouter.

BIG DAY FOR WOMEN'S CLUBS

AN ALL DAY SESSION HELD AT EAST JORDAN

Meeting Held in Auditorium of New School Building—Charlevoix Well Represented

On Wednesday, June 15, the Federation of Women's Clubs of Charlevoix county met at East Jordan. The session was held in the spacious auditorium of the new high school which was beautifully decorated with ferns and lilies-of-the-valley.

Mrs. M. R. Keyworth, president of the federation called the meeting together at nine o'clock. The club collect was repeated: "What Women's Clubs can Do for Charlevoix county" was the subject of a splendid talk by Rev. J. Little, Mrs. Robert of the Charlevoix high school faculty gave two readings which were heartily received. Mrs. M. J. Smith, vice-president of the northern district made some helpful remarks. At noon the gymnasium doors were opened and one hundred and four club women were served by the young ladies. All that decorative art and culinary skill could accomplish was done for the pleasures of the guests. During the entire hour of feasting music was rendered by the East Jordan young people. A vocal duet by the Misses Malpass and Danto, also a vocal duet by Pauline and Christie Hoover and a solo by Mrs. Wyatt were all heartily enjoyed. The happiest feature of the noon entertainment was the orchestra of first grade children under the direction of Miss Dorothy Campbell. Miss Campbell deserves great praise for this excellent presentation.

The afternoon session was opened with a vocal solo by Ingram Little. The young man has a voice of great promise. Mrs. Suffer gave a delightful piano solo. Two young ladies sang an enticing little song. They accompanied themselves on mandolins. Mrs. Harris of Boyne City read an interesting paper on the history of Charlevoix county. Miss Campbell's small orchestra then rendered several bright pieces, also a vocal solo by a little first grade boy. This child sang with a voice of wonderful sweetness. Mrs. H. S. Harsha gave an address, taking as her subject, "Some Lessons from Shakespeare." Mrs. Love of Traverse City gave an address on social welfare. Mrs. Smith of Bay City, following with an interesting talk. These two ladies were each presented with a beautiful Indian made work basket. Mrs. Leo Cook of Boyne City, a member of the state bureau of information gave a pleasing address and a solo by Mrs. Conkle was also much enjoyed. The Shakespeare study club of Charlevoix was represented by Mrs. A. F. Bridge, Mrs. J. L. Crane, Mrs. H. S. Harsha, and Mrs. Robert Bridge. Mrs. Harsha was elected president of the federation and Mrs. H. P. Hansen corresponding secretary for the new year.

Will Recommend That First-Termers Be Segregated From All Other Prisoners

Commissioner of Pardons Fred E. Jannette, following a survey of Michigan penal institutions, has recommended to Gov. Alex. J. Croesbeck that the state take steps to construct a new prison in the vicinity of Alpena where prison labor may be used in the manufacture of cement to be used by the state highway department.

Michigan prisons are crowded and as a result no effort is being made to segregate the prisoners, something which Commissioner Jannette believes should be done immediately, and in which he has the support of the governor.

It is the idea of Commissioner Jannette that if the state could acquire sufficient quarry lands in the vicinity of Alpena, a prison to accommodate upward of 500 prisoners could be constructed, and the state could go into the cement building, and the saving in the cost of cement to the state would soon pay for the institution.

The commissioner has recommended to the governor that the prison management be arranged so that the first-termers be segregated from the others; he would also segregate all of the bad men, the lifers, and in this way the work of reformation of those prisoners who might be reformed could be carried on without a handicap.

Charlevoix, with its wonderful undeveloped lime rock lands, was the first location recommended for the location of the project. The matter was thoroughly investigated and a decision arrived at that the location of a proposition of this kind here was not wanted.

FISH HATCHERY TO USE SUB CHASER

To Transport Trout From Lake Superior to Michigan Streams

One of Uncle Sam's submarine chasers which helped make life miserable for enemy underwater craft, now is to give pleasure to all good American sportsmen who delight in fishing and is destined to do its bit in popularizing northern Michigan as a mecca of anglers from all over the country.

The chaser is due to reach this city early in July. It now is at Woods Hole, Mass., and has been placed at the disposal of the government bureau of fisheries. The bureau has made the ship available to the Michigan fish commission and will be used in removing brook trout from Lake Superior and transporting them to various points along the Michigan coast for breeding purposes, the fry eventually to be placed in hundreds of Michigan streams.

This is a pet project of John Baird of Zilwaukee, director of the Michigan department of conservation, whose members are on a tour of inspection of hatcheries and parks, and also a fondly nourished dream of John L. A. Galster of Petoskey, a member of the fish commission.

Notice
To the public: The firm of H. L. Brady & Son has been dissolved by mutual consent. All parties owing said firm are requested to settle their accounts at once with the undersigned, to whom all bills are payable. 26tf
H. L. Brady.

LOCALS TAKE BASEBALL GAME

Win From Cross Village by Score of 7 to 1

Charlevoix League baseball team won from Cross Village Sunday by a score of 7 to 1. Cross Village made the first score in the first inning of the game, but after that through the entire game failed to get a man across the home plate.

Willis was up to form and had his opponents at his mercy at all times. Once or twice the bases were filled but by superior work he managed to pass the danger mark, allowing no scores after the first inning.

Frank Bennett won a slick pin from Little Will & Son for the first hit and five dollars in trade from A. Bergeon for the first home run.

Harold Burdea, known as "Cobby" won a hat from M. A. Levinson & Co. for making the first three-base hit at the local diamond. J. H. Koch of Toledo who recently purchased the Darwin Meech property, presented each member of the Charlevoix team with a sweater.

Charlevoix will meet Mancelona at that place on Sunday next.

Loeb Farms defeated Harbor Springs at that place by a score of 11 to 8. The game was well played before a large crowd of fans. On Sunday next Boyne City will play the Loeb on their home grounds.

ALPENNA SEEKS STATE PRISON

MEN TO BE PUT TO WORK AT CEMENT MAKING

Will Recommend That First-Termers Be Segregated From All Other Prisoners

Commissioner of Pardons Fred E. Jannette, following a survey of Michigan penal institutions, has recommended to Gov. Alex. J. Croesbeck that the state take steps to construct a new prison in the vicinity of Alpena where prison labor may be used in the manufacture of cement to be used by the state highway department.

Michigan prisons are crowded and as a result no effort is being made to segregate the prisoners, something which Commissioner Jannette believes should be done immediately, and in which he has the support of the governor.

It is the idea of Commissioner Jannette that if the state could acquire sufficient quarry lands in the vicinity of Alpena, a prison to accommodate upward of 500 prisoners could be constructed, and the state could go into the cement building, and the saving in the cost of cement to the state would soon pay for the institution.

The commissioner has recommended to the governor that the prison management be arranged so that the first-termers be segregated from the others; he would also segregate all of the bad men, the lifers, and in this way the work of reformation of those prisoners who might be reformed could be carried on without a handicap.

Charlevoix, with its wonderful undeveloped lime rock lands, was the first location recommended for the location of the project. The matter was thoroughly investigated and a decision arrived at that the location of a proposition of this kind here was not wanted.

RALPH B. COULTER AMONG GRADUATES

Completes School Term at Michigan Agricultural College

Ralph B. Coulter of Charlevoix graduated from the Michigan Agricultural College last week with the class of 1921 in the agricultural division. It was the sixty-third annual commencement at M. A. C., the oldest agricultural college in the world. 198 seniors were divided among the different divisions as follows: Agriculture, 86; Engineering, 66; Home Economics, 40; and Veterinary Medicine, 6.

Hundreds of alumni of the college gathered at East Lansing to mingle with relatives of the graduating class during the commencement activities. A play by the college dramatic club, a mammoth historical pageant in which more than 700 college students took part, and various social gatherings, in addition to the commencement exercises proper, featured the program for the week.

SANTA MARIA WILL VISIT CHARLEVOIX

CITY OFFICIALLY LISTED AS A PORT OF CALL

Giant Aeromarine Flying Cruiser Is Scheduled to Spend Several Hours Here at Later Date

Through the foresightedness of the Charlevoix Association of Commerce arrangements are being made to have the giant Aeromarine flying cruiser "Santa Maria" visit Charlevoix during its epoch making flight around the shores of the Great Lakes.

The huge flying cruiser is the largest passenger aircraft that ever surged through the air. This memorable trip, which is a continuation of the flight this boat has made from Miami, Fla., to Detroit is being undertaken by the Aeromarine Airways, Inc., with the co-operation of the United States Navy for the purpose of showing the public the possibilities of commercial aviation and the advantages and safety of traveling through the air.

As soon as he heard of the proposed flight from Detroit to Chicago, President Ward of the association of commerce entered into communication with the Aeromarine officials and it is hoped that in a few days definite plans can be published, giving exact date when the boat will be here. During its stay several exhibition flights will be given so that everyone in the city can see this huge aerial cruiser in flight.

The "Santa Maria" carries fourteen passengers including the crew. Its mammoth wings have a spread of one hundred and four feet and it is equipped with two Liberty motors of 400 horsepower each, which send it through the air at an average speed of nearly 100 miles an hour.

Its passengers travel in enclosed pullman cabins finished in mahogany and silver with eleven high comfortable reclining chairs.

The forward cabin seats six, and the after cabin seating five is furnished as a lounge or a club compartment for writing, card playing, smoking, etc.

The "Santa Maria" has already made history and has added a brilliant chapter to the annals of the air. She is one of the six sister ships which maintained the first daily commercial aerial express, passenger and mail service in the history of the country.

The "Santa Maria" has traveled nearly 20,000 miles, carried hundreds of passengers and thousands of pounds of U. S. mail at an average speed of nearly 100 miles per hour, and in all this time not one of her hundreds of passengers has had the slightest mishap. This is a better record of efficiency than any other form of transportation can show—this cruiser has made flights between Key West and Havana on days when steamship service between those points was suspended because of storm.

The officials of the navy department believe that as soon as the public realizes the amount of time that can be saved by traveling in these flying boats all the principal cities on the Great Lakes will be connected with flying boat service, and that the trips which now take hours can be made in as many minutes.

TEA KITCHEN OPEN FOR THE SUMMER

Offers Delightful Plan for Entertainment of Guests

The Tea Kitchen at 107 Clinton street is now open for the summer under the management of Mrs. Arms and two daughters, Miss Jessie and Miss Fanny of Chicago, for whom we predict a successful season. The serving room has for its color scheme of deep blue and tan; unbleached muslin with narrow borders of blue and white checked gingham lending a note of coolness and quiet comfort that will surely be appreciated by the Tea Kitchen's patrons these hot summer days.

The food is of the best; everything is home-made; and several members of the Courier staff will vouch for the deliciousness of Mrs. Arms' fruits cakes and muffins. The present plans are to serve tea, opening the Kitchen about three o'clock each afternoon but in case the demand is great enough Mrs. Arms might be prevailed upon to serve light mid-day lunches. Besides the Tea Room there are available rooms for private bridge parties.

Circulation counts—we have it.

CORRESPONDENCE

BARNARD

Everybody busy and wishing for rain.

Howard Shanks moved his family to the Loeb Farms last week.

Miss Beulah Bowdish of Evanston, Ill., spent Sunday at the home of her sister, Mrs. Clarence Beattie.

Mr. and Mrs. Jerome Cole of Boyne City called on old friends and attended church services in Barnard on Sunday.

Next Sunday will be Children's Day. The Sunday school is preparing a program and we are expecting Prof. Goodrich to speak also.

Miss Beatrice Walker entertained eighteen of her school friends at a birthday party Sunday afternoon. The little folks report a good time.

Barnard friends were much pained to hear of the death of Mrs. F. A. Swartout on Sunday. The bereaved family have the sympathy of the entire community.

The Barnard Grange has been reorganized with the able assistance of E. B. Ward of Charlevoix. New officers have been elected and were duly installed last Wednesday evening. After the regular installation and meeting the ladies of the grange served ice cream, cake and sandwiches.

The grange will hold a regular meetings every two weeks on Wednesday. The following are the names of the new officers: worthy master, R. W. Paddock; worthy overseer, Jesse Gregory; gatekeeper, Willis; steward, Clarence Beattie; assistant steward, Louis Shapton; lady assistant steward, Mabel Cummings; lecturer, Charlotte Willis; chaplain, Jessie Gregory. Pomona, Ceres and Flora are Annie Mayhew, Dorothy Shapton, and Ella Cummings.

\$100 Reward, \$100

Cataract is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of this disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Cataract that HALL'S CATARRH MEDICINE fails to cure. Druggists 75c. Testimonials free. F. J. Chesney & Co., Toledo, Ohio.

minga. Secretary, Glenn Cummings; treasurer, Geo. Dougherty. Insurance director, Isaac Mills.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown. 20tf

BARNARD

(Too late for last week.)

Lovely, lovely June.

Mr. and Mrs. Burns called on Mr. VanHeek's family near Ellsworth Sunday evening.

Laurence Bosa and family visited Mrs. Bosa's parents, Mr. and Mrs. DeGroot near Ellsworth on Sunday.

We are sorry to learn that the electric storm of Sunday evening was the cause of two fires in East Marion.

Our Sunday school is preparing for a Children's Day program, June 26th. Prof. Goodrich will also be with us on that date.

Mr. and Mrs. Thos. Shapton, Mr. and Mrs. Edmund Shapton, Mrs. Ethel Sands and Mrs. Anderson were visitors at Wm. Shapton's on Friday last.

We were favored with some special music on Sunday by the quartet composed of Mr. and Mrs. Geo. Block, Miss Maude Shapton, and Earl Shapton.

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown. 20tf

CLARION

Miss Ida Huff went to Alma on Monday.

J. E. Weaver was in Boyne City on Sunday.

Miss Myrtle Taylor has recovered from her recent illness.

Mark Milne returned last week from the upper peninsula.

Mr. Romey of Atlanta is visiting his daughter, Mrs. Will Lloyd.

Mr. and Mrs. James Hankins of Petoskey were in town Sunday.

S. B. Hass of North Liberty, Ind., called on friends here last week.

Mrs. Charles Johnson went to Petoskey hospital on Monday for an operation.

Mr. and Mrs. Thomas Cartwright and family and Mrs. Howard have moved to Clarion from Springvale.

Mr. and Mrs. H. E. Kauffman and two children were Sunday guests of Mr. and Mrs. W. G. Wener.

Mrs. Bessie Nelson and children of Edmore are visiting Mrs. Nelson's parents, Mr. and Mrs. Frank Hankins.

Mrs. Myrtle Jackman of Marquette has been here called by the serious illness of her mother, Mrs. Johnson.

Mr. and Mrs. A. E. Greenberg and Mr. and Mrs. John Burr with their families were guests of Mr. and Mrs. E. R. Everts on Sunday.

A shower was given at the home of Mr. and Mrs. Leo Holmberg on Saturday evening in honor of Mr. and Mrs. Donald Gokee who were married recently.

James Ranney died very suddenly Sunday night at his home at Walloon Lake. Mr. Ranney has apparently been in good health and was ill only an hour before his death.

A good Non-Skid tire for \$13.50. See Benj. Brown at once. 23tf

DEER LAKE

A number of Deer Lake Grangers attended Pomona Grange at Charlevoix last Thursday.

Matthew Hardy is building a fine addition to his house. Will Gould is doing the mason and carpenter work.

Word has been received here of the birth of a daughter to Mr. and Mrs. Chester McGeorge of Boyne City.

A large number of people attended a barn dance in Bert Lumley's new barn. All enjoyed a very pleasant evening.

Mr. and Mrs. W. Grutsch arrived last Saturday evening from Kalamazoo, Mich., to spend the summer with relatives here.

H. J. Korthase drove to Traverse City Wednesday to attend a meeting of the directors of the Co-operative Associations of northern Michigan.

Mr. and Mrs. Lyman Reeder spent Sunday at the Grant Hammond home.

Mrs. Clyde Ogden and children returned from a week's visit in Wildwood.

Dr. Coulter of East Jordan was called by Grant Hammond Monday to operate on a cow.

A good Non-Skid tire for \$13.50. See Benj. Brown at once. 23tf

AT THE MOVIES

The Majestic Theatre will open July 2 and 3 with Van Stroheim's de luxe production, "The Devil's Passkey."

Says Motion Picture News in its criticism for the theatre owner:

"The play sweeps ahead with a spontaneity and power that will not be denied. The climax is a revelation in dramatic strength and is presented in a scene of intense action. Von Stroheim believes in novelty and he has given several surprising twists to the theme. The most insignificant detail is brought out in a realistic manner. Nothing is forgotten. This version of the eternal triangle has a quality—a truthfulness which establish it as one of the finest contributions to the screen."

No matter what the local thermometers may say, summer is back at the Palace Theatre. Gaily decked bathing girls, yachting scenes, lawn parties—you will find all these in the breezy, summery comedy, "Her First Elopement," in which sunny-haired Wanda Hawley is the eloping heroine. At Palace Theatre next Tuesday.

Fairbanks' Latest Picture Coming

In the making of the final scene for "The Nut," coming to the Palace Theatre next Saturday and Sunday, Douglas Fairbanks suffered painful injuries while performing one of his celebrated stunts.

Fairbanks was required to jump through a window in this scene, landing on a man passing by on the sidewalk outside.

In making this leap, he caught his toe on the window sill and fell to the cement sidewalk, breaking the third metacarpal bone in his left hand and severely wrenching his back. This mishap kept the feat-performing "Doug" out of the pictures for five weeks, with the result that the start of production on "The Three Musketeers," his next vehicle, was delayed.

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

John Mechenski, committed to the Traverse City State hospital from Alpena county, escaped from that institution about three years ago and although he has been within a radius of less than ten miles of Traverse City all the time nothing had been heard of him until last week. Soon after he escaped from the hospital he had found employment and had accumulated \$800, all of which he had

DODGE BROTHERS
MOTOR CAR

The early part of the year 1920, as everybody knows, was remarkable for the tremendous volume of automobile business. Yet our deliveries for April 1921, greatly exceeded those of April 1920. This fact speaks eloquently for the goodness of Dodge Brothers Motor Car, for the reputation of Henry B. Wood and for the wisdom of the Charlevoix public.

People have not stopped buying motor cars. They are simply buying with greater care. They are demanding dollar for dollar in value.

And, as the figures show, they have learned where they may buy with full assurance that honest values are always to be obtained.

SHERIFF WARNS DOG OWNERS

LAW WILL BE STRICTLY EN-
FORCED THIS YEAR

Dogs Must Be Licensed by June 15
Or Subject to Death Penalty
—Many Unlicensed

All owners of dogs in Charlevoix county who have not procured their license had better get busy if they want to save their pets from the sheriff's gun. The law provides that the sheriffs of each county in the state shall kill all dogs over four months old not licensed before June 15. This law was in effect last year, but was not enforced because people did not understand its terms and were permitted to apply for licenses after June 15. This year word comes from the sheriff's office that it will be forced to the letter of the law and if you want your dog to live it must have a license. A delinquent list will be furnished the sheriff by tax collectors of each township, city and village in the county, and as soon as it is in his hands war on unlicensed dogs will start. To own a dog in Charlevoix it will cost each owner for males \$3.00, for females \$6.00 and unsexed dogs \$2.00. Read over the following state law and if you want to save your dog act accordingly:

According to section two of the act, from and after Jan. 10, 1920, it shall be unlawful for any person to own any dog four months old or over unless said dog is licensed. The dogs must wear a collar with the tag

NOT THE ONLY ONE

There are Other Charlevoix People Similarly Situated

Can there be any stronger proof offered than the evidence of Charlevoix residents? After you have read the following, quietly answer the question.

Hubert Ackert, mason, 107 W. Garfield Ave., Charlevoix, says: "There was a constant ache in the small of my back and nights I couldn't get any sleep. My kidneys were very sluggish. I bought Doan's Kidney Pills at Metcalf's Drug Store and they fixed me up in fine shape and cured me."

60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

attached except when engaged in lawful hunting accompanied by its owner or guardian. Section three says that every dog shall at all times between sunset of each day and sunrise of the following day be confined upon the premises of the owner or custodian, except when said dog is under reasonable control by some person.

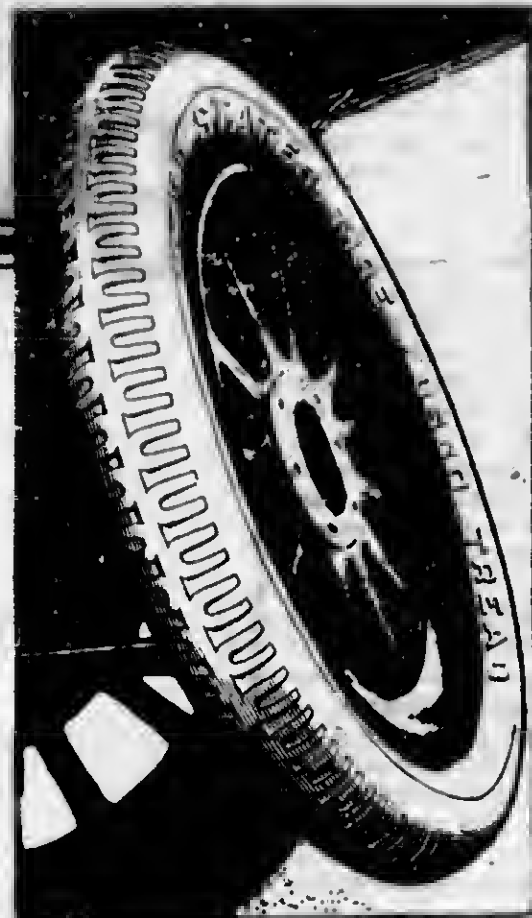

In regard to the state license fee for dogs, section six says on or before the tenth day of January, 1920, and on or before the same date of each year thereafter, the owner of any dog four months or over shall apply to their county treasurer in writing for a license for each dog owned or kept for him. Such application shall state the breed, sex, age, color and markings of such dog and the name and address of the last previous owner and shall be accompanied by a fee of three dollars for each male dog, six dollars for each female and two dollars for each unsexed dog.

Persons who operate a kennel shall, in lieu of the individual license required under the act, apply for a kennel license. This license costs \$15 for ten dogs or less and \$20 for more than ten dogs. In reference to the killing of dogs as delinquents, section 17 states that on June 15 each county treasurer shall make a comparison of his records of the dogs actually licensed in each city or township with the report of the supervisor of said township or as assessor of said city to determine and locate all unlicensed dogs.

On or after June 15 of each year every unlicensed dog is declared a public nuisance and the county treasurer shall immediately list all such unlicensed dogs and deliver copies of such lists to the sheriff and prosecuting attorney of said county. On receiving from the county treasurer the name of any owner of an unlicensed dog the prosecuting attorney shall at once commence the necessary proceedings against the owner of said dog. It shall also be the duty of the sheriff or any member of the state constabulary to locate and kill any unlicensed dog.

A soft drink place raided by the police at Saginaw yielded 70 quarts of whiskey and 142 bottles of Jamaica ginger. How splendid it is that we no longer have the curse of the saloon—to interfere with the soft drink parlor business.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 20tf

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Pacific line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

"Fresh, live U. S. Tires come direct to the dealer from his neighboring Factory Branch."

Which one of your neighbors gets the best mileage out of his tires?

EVERY once in a while you hear a motorist say as he kicks a rear tire with an admiring foot, "there's a lucky tire!" Give him a chance and he'll tell you all about it. And then you'll find that what he calls "luck" is simply his first experience with a quality standard tire.

It all comes to this—buy a U. S. Tire anywhere in this country and you get definite, predictable value for your money no matter what weight car you drive.

The man who has been guessing his way through "overstocks," "discontinued lines," "job lots" and the like, will find it refreshing to talk with the local U. S. Tire dealer who is concentrating on a full, completely sized line of U. S. Tires.

For the first time he will hear some straight quality tire facts—and get the difference between chance and certainty in tire buying.

The U. S. Tires he sees in stock are fresh, live tires. They come direct to the dealer from his neighboring Factory Branch.

There are 92 of these Branches established and maintained by the U. S. Tire makers.

Giving your dealer a continuous moving stock of new, fresh tires built on the certainty of quality first every time

"His first experience with U. S. quality standard tires."

M. E. CHURCH NOTES

Illustrated lecture, "The British Conquest of Palestine," will be given at the Methodist Episcopal church next Friday evening at eight o'clock by Prof. Frederic Goodrich of Albion college.

Children's Day next Sunday. Exercises by the Sunday school will be given in the morning at 10:30. Prof. Goodrich will be present and will speak at the morning and evening services. A cordial invitation is extended to all.

Sixteen members were received in to church membership last Sunday morning.

Prof. Goodrich will preach at the Barnard M. E. church at 2 o'clock Sunday afternoon.

Baptism of infants next Sunday morning. Those expecting to have their children baptised will kindly notify Miss Jennette Black, superintendent of the cradle roll.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown. 20tf

Mrs. Joseph Burns and Mrs. Mary Austin, wives of two of the men who escaped from the Emmet county jail last Friday morning and who were captured near Mackinaw City as they were about to board a launch, have been placed under arrest charged with aiding the men in their escape from jail. Alfred Miller, of Mackinaw City, has also been arrested charged with a similar offense.

Mrs. Burns and Mrs. Austin have been bound over to the circuit court for trial and Miller is to have his within a short time.

It is alleged that the two women and Miller drove from Mackinaw City to Petoskey Friday night, assisted the men from jail and then took them in the automobile back to Mackinaw City again.

EDITORIALS

THE ADMIRAL SIMS ROW

The Admiral Sims case, which promises to be somewhat celebrated, has two distinct aspects, the departmental aspect and the political aspect. So far as the departmental end is concerned, there seems to be indications that what the admiral said in his public speech in England that called forth Mr. Denby's first cablegram of inquiry may finally cause him less trouble with his chief than what he said and did not say subsequently. Sim's failure to send the secretary of the navy a prompt reply to his cablegram and his general attitude of extreme independence have, on the outside, a look of insubordination. If the surface appearance is an indication of what flows underneath, it will be up to Mr. Denby to find out who is the real boss of the navy establishment, and it is not likely he will dodge the

issue. He must maintain his position or lose control of his department. So the meeting between the secretary and the admiral when the latter reaches Washington will be interesting.

The political aspect is a wholly different matter. Representative Gallivan has witlessly done his utmost to discount the outcry against Sims for his reported indiscretions of speech, by offering congress a ridiculous and insulting resolution, demanding that Sims be declared an undesirable alien, denied admission to any American port. This resolution can reflect on nobody except the man who fathers it and any who may approve it.

Gallivan says accusingly that Sims is foreign born, which is a matter of no importance whatever except insofar as it is an implied reflection on tens of millions of good citizens of America who are either foreign born or the children of foreign born people. Nor is it of any consequence that Sims once may have said publicly that in case of war between the United States and Great Britain, one British ship could easily dispose of four or five American vessels of corresponding type. Or rather, it is of considerable consequence, because it was through such fearless utterance that Sims did a great deal toward destroying a fossilized naval policy and helped bring about the modernizing of the American fleet through reformation of its gunnery and its construction. Up to a certain point Sims has been the Lord Fisher of America.

Which brings to the front the fact that this is by no means the whole of Admiral Sims' service to his country. Throughout the war period, he was in command of the American fleet in European waters. His record was brilliant. He performed an incalculable service. When he returned home Secretary Daniels praised his conduct highly, and the principal Entente governments have recognized his work gratefully, and have decorated him. It is not decent that a member of the house of representatives indulge his factional and political spleen by defaming and abusing such a man. If Sims has made some mistakes, it is an old saying that the man who never makes mistakes never does anything; and the services the war admiral of the United States has performed for his country should at least ensure for him courteous and respectful treatment under all circumstances. —Detroit Free Press.

FORD A FIREBRAND

In defeating Henry Ford for the United States Senate in 1918 the voters of Michigan did not only themselves a service, but the entire nation. While he has accomplished a great thing in the automobile industry the stirrer of class, racial and religious hatred, in the United States senate would have been demoralizing. The conspiracy of Woodrow Wilson to rob the republicans of a senator by securing the nomination of a Wilsonized fanatic on the republican ticket was happily frustrated by Senator Truman H. Newberry and his friends who are now serving a martyrdom thrust upon them by a spiteful administration. Well may Americans thank God that Ford was defeated. The following testimony in the Ford-Newberry contest in Washington speaks for itself and needs no comment:

"The committee also heard second hand what purported to be Mr. Ford's own theory of Senator Newberry's campaign from Allen Templemen of Detroit.

"Mr. Ford called me in after election, 'Mr. Templemen, said,' and told me that he believed a gang of Jews had a general conspiracy to control the senate and the government and that they had backed Newberry."

To anyone who has been in the service, it gives a shudder to see how patriotic citizens in their ignorance insult, or rather show disrespect for the American flag, which they love or they would not display it. These well meaning citizens when they put up the flag on some holiday invariably turn the blue field to the right and not to the left as is the regulation. On flag day in one city of 100,000 in the middle west it was found that at least one third of the flags were up the wrong way, the field to the right instead of to the left. This was on homes, schools, churches, theatres, and even public buildings. Patriotic societies would do well to see that the people are educated on flag courtesy and regulation.

Wonder if democrats who were so wrought up over Admiral Sims "jackass" speech, thought he was referring to their party. Boy, page Woodrow and Jimmy!

Well! Well! A few years ago we had German-Americans, now it's Irish-Americans. When, Oh, when will it be only Americans.

Wonder how the "unwashed democracy" like Tom Watson of Georgia likes the senatorial baths.

EAST JORDAN LEADS AMONG SHIPPERS

Largest Number Potato Cars Leaves From This Point

The Michigan Potatoes Growers' exchange of Cadillac gives out some interesting figures regarding shipment of potatoes and other farm products by the various local co-operative marketing associations affiliated with the exchange. The East Jordan association has shipped more than 160 cars this year, Kingsley is second with 156 cars, Traverse City third with 118 cars, Gaylord fourth with 102 cars and Falmouth fifth with 100 cars. By counties Antrim leads with 326 cars, Missaukee third with 272, Charlevoix fourth, 252, Mecosta fifth with 246 cars.

A. B. Large, manager of the exchange, has received a letter from a wholesale grove house at Mobile, Ala., expressing complete satisfaction with a car of potatoes just received, bearing the trademark of the exchange, "Chief Potoskey." The letter stated that the potatoes were equal to most of the December shipments.

A Superior Artist and Teacher

MARGARET CONRAD, Violinist

CAUTION

When you study violin this summer don't make the mistake of studying with an inferior teacher. Always pick the best. Many pupils accomplish nothing and really retard and harm their progress by accepting inferior instruction.

Margaret Conrad is the finest in this part of the country. For fifteen years she has studied with the world's best masters which include Leopold Auer and Ottokar Sevcik, the teachers of Kubelik, Heifetz, Elman, Zimbalist and other renowned artists.

Margaret Conrad is a superior artist.
Margaret Conrad is a superior instructor.
Margaret Conrad teaches one superior method the correct one.

Margaret Conrad will put you where you ought to be. She takes a personal interest in each and every pupil, beginner or advanced. She will make your study a success and a pleasure; profitable and pleasing.

GUARANTEE

I hereby guarantee complete satisfaction this summer to each and every pupil or your money will be cheerfully refunded.

MARGARET CONRAD

Don't retard your progress, harm your progress and go backward by accepting inferior instruction. This is your opportunity to improve your self this summer. Don't waste your summer or your vacation. Do something worth while at only a little time each day.

Accept a superior artist, a superior teacher, and make a success of yourself.

Reduced rates. Telephone 108 after 6 p. m.

Friday and Saturday June 24 and 25

New Palace Theatre

Especially Good Attractions For This Week

THURSDAY, JUNE 23rd—Realtor presents Bebe Daniels in "You Never Can Tell." A Saturday Evening Post story by the same name, by Grace Lovell Bryan. The story of a quick-moving and dashing comedy. Also a Mutt & Jeff cartoon, "Vacuum Cleaners."

FRIDAY, JUNE 24—The Buffalo motion picture corporation presents Arthur Somers Roche's famous story of love and stirring adventure on land and sea. "The Sport of Kings," a drama of today featuring Margot Kelly and Mat Moore. A screen triumph in sensation. Remarkable race scenes. Stupendous cast. The year's greatest racing drama. Don't miss it. Also a Rowland comedy, "Make it Snappy."

SATURDAY and SUNDAY, JUNE 25th and 26—United Artist presents Douglas Fairbanks in his latest production, "The Nut." In this picture Fairbanks has broken away from the traditional screen stories and has produced a rip-roaring comedy which is entirely different. Full of action, rich with surprises that pack a tremendous wallop, wholesome, delightful. An extraordinary amusement. Doug in this picture impersonates many of the world's great men such as General Grant, Abraham Lincoln, Napoleon, Bonaparte and Tom Thumb. Also a two reel Sunshine comedy, "His Noisy Still."

MONDAY, JUNE 27—Paramount-Artcraft presents Douglas MacLean and Doris May in "Let's Be Fashionable."

TUESDAY, JUNE 28th—Realtor presents Wanda Hawley in "Her First Elopement." Rich yacht owner elopes with wrong girl. In trying to save his young brother from the clutches of a notorious vampire. Adrian Maitland kidnapped the woman, intending to keep her on board his private yacht until the brother was safely off to Europe. But horrors! He kidnapped the wrong woman. Complications? Well, several thousands. Laughs? Only one and that is from start to finish in the breezy, summery Wanda Hawley comedy, "Her First Elopement." Also a Hearst News Reel.

WEDNESDAY, JUNE 29th—Metro pictures presents, May Allison in "The Marriage of Wm. Ashe." In the superb dramatization of Mrs. Humphrey Ward's celebrated novel. A racy story of intrigue in high society. And full of gasping thrills. Beautiful costumes. A strong dramatic story of a woman who did wrong and then repented and was forgiven. Also a Mutt & Jeff cartoon, "A Hard Shell Game."

COMING—Saturday and Sunday, July 2nd and 3rd; Hugo Ballin's "East Lynn." Greatest artistic success.

amounts. Carried by following aye
and nay vote: Ayes, Aldermen Ber-
geon, Geneit, Hamilton, Levinson,
Miller and Wood. Nays, none.

Moved by Ald. Levinson seconded
by Ald. Miller the adoption of the
following resolution:

Resolution

West Lincoln avenue sewer, dis-
trict No. 26.

Resolved by the Common Council
of the City of Charlevoix that the
roll of the special assessment made
by the Board of Special Assessors for
the purpose of defraying that part
of the cost of construction to be
borne by special assessment on the
lands benefited, of a sewer in Sewer
District No. 26, West Lincoln avenue
described as including all lots, parts
of lots, lands and premises abutting
on either side of said West Lincoln
avenue and being Lot 9, excepting
the east 100 feet thereof; Lots 10,
11, 12 and 13 of Block 3 of Mason's
Addition to said city; the east half
of Lot 2; the west half of Lot 2;
Lots 3, 4, 5 and the west half of lots
6 and 7 of Block 4 of said Mason's
Addition, be received and placed on
file in the office of the City Clerk for
public examination.

Resolved further, that Monday the
11th day of July, A. D. 1921, at
eight o'clock p. m. be and hereby is
appointed as the time when the Com-
mon Council and the Board of Spe-
cial Assessors of said city will meet
in the council rooms in said city to
review said assessment.

Resolved further, that the city
clerk be and hereby is instructed to
give notice of the filing of said spe-
cial assessment roll in his office and
of the said time and place of meet-
ing to review the same, by publica-
tion in the Charlevoix Courier, a
newspaper printed and published in
said city, at least two weeks before
date of said review.

Adopted at a regular meeting of
the Common Council held in the
council rooms in said city, the 20th
day of June, 1921, by aye and nay
vote as follows: Ayes, Ald. Bergeon,
Geneit, Hamilton, Levinson, Miller
and Wood. Nays, none.

Moved by Ald. Geneit seconded by
Ald. Miller the council adjourn.
Carried.

Archie Livingston, Clerk.

WARD MEMBER OF
EXECUTIVE COMMITTEE

Appointed Last Week by Ex-Gov.
W. N. Ferris

E. B. Ward, president of our local
association of commerce, has been
appointed by ex-governor Wood-
bridge N. Ferris as a member of the
executive committee of the Greater
Michigan Association, an association
formed to work in conjunction with
the Tourist and Resort association
and the Western Michigan Develop-
ment Bureau.

ADDITIONAL ELLSWORTH

ATWOOD

Born, to Mr. and Mrs. Louis Veen-
stra, a baby daughter.

Mrs. Abel Nowland is recovering
from a severe earbuncle.

Mrs. Bouma is on the sick list and
we hope for a speedy recovery.

Gerrit Hofman spent a few weeks
with relatives in this vicinity.

Edw. Blom is suffering from a re-
lapse and his condition is critical.

Mr. and Mrs. Ty Coeling are liv-
ing in the house on the Martin farm.

Haying is on in full swing and a
light crop on account of the dry sea-
son.

Albert Brower is working on the
road in Torch Lake township at pres-
ent.

Paul DeVries and family went to
East Jordan one day last week where
he had his teeth pulled.

Miss Jennie Petter of Cutlerville,
Mich., is spending a two weeks' va-
cation with her parents.

Gerrit Essenburg and Albert Har-
wood have been doing some road
work on this side of the township.

Rev. S. Bouma and family are set-
tled at the parsonage here their
household goods having arrived last
Tuesday.

We were shocked to hear of the
death of Mr. Weiss at Ellsworth and
wish to extend our sympathy to the
bereaved widow and children.

The orchestra of the Ellsworth
Christian Reformed church gave a
concert and entertainment in the
town hall last week Tuesday evening.
A fair crowd were entertained and
the young men are to be commended
on their work and we hope they will
soon favor us again.

MILES DISTRICT

Fred Bancroft and his father
spent Sunday at the home of Bert
Elliot in Phelps.

Sarah Sherman of East Jordan
spent the week-end with her mother
Mrs. John Sherman.

Agnes Lalonde spent last week at
the home of her sister, Mrs. Chas.
Withers, near Charlevoix.

Mr. and Mrs. James Holben of Lit-
tle Rock, Ark., are now visiting in
East Jordan at the home of their
brother, J. M. Lalonde.

This neighborhood was shocked to
hear of the sudden death of Wallace
Weiss of Ellsworth last week. The
bereaved family have our sympathy.

Miss Jean Steenhagen of Grand
Rapids came last Saturday for a
short visit with her parents, Mr. and
Mrs. G. Steenhagen. She goes from
here to New York.

There was a barn dance at the
farm home of Mr. and Mrs. John
Ter Wee last Saturday night. Coffee
and cake was served to everyone
present. All report an enjoyable
evening.

Alfred Raymonds and Katherine
Mobio motored from Charlevoix Sun-
day and took Mr. and Mrs. J. Mo-
bio for a trip to Traverse City to
see Mrs. Maggie Cramer and daughter
Maie.

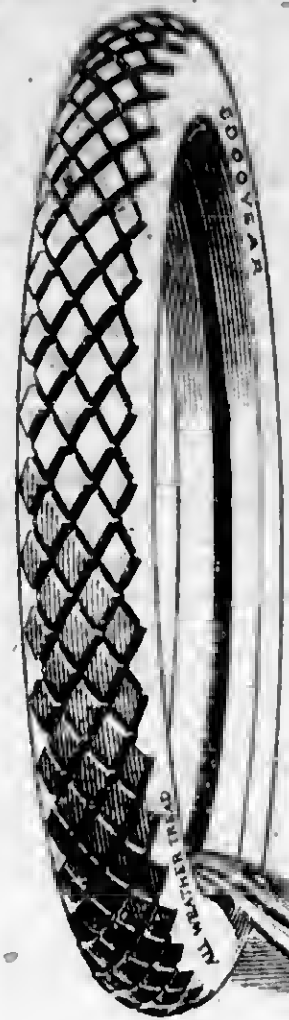

LEGAL NOTICES

Ellsworth Section

ELLSWORTH

And Thursday, August 4th, is the date set for the barbecue.

Wm. Cole was an East Jordan visitor the first of the week.

J. H. Elzinga was at Bellaire on business on Monday of this week.

Arthur Gidley and family visited friends at East Jordan on Sunday.

Wm. Cole has started to work on his new house in the north end of town.

Standard Oil workmen will finish work on the oil station some time this week.

Mr. and Mrs. A. L. Ely spent Sunday at the A. J. Usher home at Charlevoix.

Undertaker H. L. Dawson was called to Alden on business on Monday of this week.

H. A. Cramer and L. W. Anderson of Detroit were in town on business on Tuesday of this week.

Miss Florence Carlisle of Central Lake was the guest of Miss Ladema Dawson for a few days last week.

Dr. B. J. Heuker is driving a new F-B Chevrolet roadster purchased recently from the Ellsworth Garage.

S. P. Baar and family and Miss Evelyn Ruis left for Grand Rapids on Saturday of last week. They expect to be gone until June 27th.

Gordon VanEenenam of Zeeland, Mich., is spending a few days at the home of his uncle, J. H. Elzinga. He will leave for Charlevoix in a few days to act as clerk at the Inn.

L. Schaver recently purchased two

houses in Bellaire and he has been busy for the past ten days wrecking same. The lumber will be brought to Ellsworth and used in the erection of Mr. Schaver's house here.

Children's Day exercises will be held at the Christian Reformed church four miles west of Ellsworth in what is known as the Dutch Settlement, Sunday evening, June 26th, at 7 o'clock, standard time. Prof. F. S. Goodrich will deliver a lecture following a short program. Everybody welcome.

An attempt is being made by the committee in charge of the barbecue on August 4th, to bring together the Loeb Farms baseball team and either the Cadillac, Copemish or Traverse City Eagles' team for the feature of the day. The Loeb team so far this year have a record of fifteen straight wins and no lost games and the Traverse City Eagles have won from such teams as the Purdue University team, Manistee, and Big Rapids, and have yet to suffer their first defeat for 1921. This game if it can be arranged will be the fastest game ever played in northern Michigan and added to the other attractions for the day will make August 4th the banner day of the year. Watch for further announcements in the Courier.

FAIRVIEW, BANKS

It is very dry and roads are getting very sandy.

Mrs. Anthony Kulper had her tonsils removed last week.

Mr. and Mrs. Harry DeGroot, Sr.,

visited at the home of Mr. and Mrs. Lawrence Bosc of Barnard last Thursday.

The Misses Floretta and Cecilia Kasa of Grand Rapids who have been visiting relatives and friends at home for a few weeks returned to Grand Rapids Sunday evening.

The orchestra boys of the Christian Reformed church of Ellsworth gave a splendid concert in the town hall of Atwood last Tuesday evening. A good sized crowd was present and it was enjoyed by all.

BURIED FRIDAY AT PETOSKEY

ELLSWORTH MOURNS LOSS OF BUSINESS MAN

Wallace Weiss Progressive Merchant Dies From Pneumonia Following Appendicitis Operation

Wallace Weiss was born in Kurland, Russia on July 21st, 1884, and died of pneumonia at his home at Ellsworth on Thursday, June 16th, following a short illness.

Mr. Weiss came to America in 1904 and lived at Harbor Springs, Mich., for about two years. He went into business at East Jordan in 1906 where he remained until 1911, when he came to Ellsworth remaining here until the time of his death.

He was married in 1909 to Miss Ida Feiner and she together with three children, two girls and one boy are left behind. He also leaves two brothers, Leo of Detroit and Max of Harbor Springs, and a father and mother, two brothers and three sisters still in Russia. The remains were taken to Petoskey for burial on Friday.

In the death of Mr. Weiss, Ellsworth loses one of its most progressive business men, one who by square dealing and attention to business has made many friends, all of whom will miss him.

Mr. Weiss was taken to the Charlevoix hospital on May 17, and underwent operation for appendicitis from which he was recovering nicely when attacked by the dread pneumonia. His weakened condition was such that he offered but slight resistance and in spite of the best of medical care and nursing, the end came quickly. The relatives have the deepest sympathy of the entire community.

LOST EVERYTHING IN PUEBLO FLOOD

Harry Feiner Tells of Great Loss of Property and Lives

Harry Feiner of Pueblo, Colo., formerly of Ellsworth, arrived on Friday of last week and will for a time at least assist his sister, Mrs. W. Weiss, in conducting the Weiss store.

Mr. Feiner was associated with a brother-in-law in business in Pueblo and lost practically everything in the flood which occurred there about June 1st.

No one unless an eye witness of the chaos which followed the sweeping down of the huge wall of water upon the city of Pueblo has any idea of the destruction caused, both to life and property according to Mr. Feiner. He contradicts the published statements in eastern papers regarding the breaking of dams.

He says that no dams went out, but that a cloud burst in the mountains, fifty miles away, added to the melting snow were sufficient to send down water capable of tearing buildings from their foundations and rolling and tumbling them for miles and miles.

The main business section of Pueblo is in a basin formed by the Arkansas and Fountain rivers. About thirty years ago a flood swept the city, but following that sea walls were built which it was thought would keep the rivers within bounds, but they proved of no avail in this case and in some parts of the city water reached a depth of twenty-nine feet.

On Tuesday, June 14th, the day before Mr. Feiner left for Ellsworth, one body was recovered from the center of the street in the business section, having been buried beneath the mud and debris for two weeks.

Thousands of horses and cattle were drowned at the stock yards and one train load of cattle was swept into the river.

Mr. Feiner does not know if he will re-engage in business in the west, his building going with the rush of water, but he will at least remain in Ellsworth for the summer, assisting his sister, Mrs. Weiss, with the store where he will be glad to meet all of his old friends.

I've tried them all
but give me a Camel

I'm through experimenting. No more switching. No more trying this and that. It's Camels for me—every time.

They're so refreshing! So smooth! So mellow mild!

Why? The answer is Camels exclusive expert blend of choice Turkish and Domestic tobaccos. There's nothing like it.

No other cigarette you can buy gives you the real sure-enough, all-day satisfaction that comes from the Camel blend. Camel is the quality cigarette.

Give Camels a tryout. Buy a pack today. Get your information first hand. You'll tie to Camels, too.

GREAT BELL AND HARMON FURNACES PIPE AND PIPELESS

These furnaces are designed and constructed to heat your home in a satisfactory manner. We are prepared to furnish everything required to install these furnaces complete, including registers, pipe fittings where piping is needed to separate rooms.

THE BELL PIPELESS FURNACE

This furnace is constructed especially to be used without hot air pipes. It embodies the latest principles of furnace making and is guaranteed to heat your home to a temperature of 75 degrees. We offer you a proposition of satisfaction or your money back.

If you are interested in a new heating plant, drop me a card or phone me at Charlevoix.

William H. Wallace

BELL AND CALORIC FURNACES

Charlevoix, Michigan

"The Whitest White I Ever Saw"

IN Victoria, Texas, there are three houses in the same block (Mr. Trailor's house, shown above, is one of them) which are painted with Heath & Milligan Best Prepared Paint; and, in the words of the painter himself: "The whitest white I ever saw."

That's because Best Prepared Paint has a high hiding power—you will find that out when you use it. You will also find that you won't have to get so much to go over the surface, and, therefore, fewer hours of labor are required to apply it. That it gives more years of service—looks better all the time than most paints. Best Prepared Paint is the best house paint that Heath & Milligan know how to make, or have ever made after 67 years. It will prove to be the cheapest in the end. If your house needs painting now—don't delay—decay won't wait for paint to get cheaper. Look for the trade sign of dependability (shown above) when you do buy.

ADDITIONAL LOCALS

Charles See was a Bellaire business caller Monday.

The Palace Theatre is now open daily for the summer season.

Mrs. Wm. Wallace and Miss Laura Brown motored to Petoskey Sunday.

J. M. Harris, Boyne City attorney, was at the court house Friday of last week.

Mr. and Mrs. Richard Lewis spent Sunday in East Jordan visiting friends.

E. N. Clink and family of East Jordan were in the city visiting friends Sunday.

Mrs. H. L. Iddings left Thursday for Tiffin, O., to visit her daughter, Mrs. Harold VanKirk.

Alger Vought of Bay City has taken a position at the Central Drug Store for the summer.

Mrs. Frank Dunn of Bellaire is at the Ada M. Shockley home this week for treatments.

John Connor, employed by Arthur Joseph as chauffeur is at the McHugh home for the summer.

Mr. and Mrs. Irving Hallett returned Monday night from a short auto trip to Toronto, Can.

Mrs. A. M. Cook has taken a position at the local office of the West-

ern Union for a few weeks as book-keeper.

Miss Erma Carey has taken a position at the F. G. Hines & company drug store for the summer.

Messrs. John Wooden, Walter Dudak and George Zipp were Sunday guests at the Newton home.

Mrs. C. B. Glazier of St. James is a guest at the home of Mrs. May Murphy for a few days this week.

Theo. Zess and Mrs. Louis Johnson of East Jordan were at the office of the register of deeds on Monday.

Miss Pearl Durrance has taken a position at the local office of the Western Union for the summer.

Mrs. P. J. Hodge of Traverse City arrived here Saturday to be a guest at the C. R. Bellinger home for a few weeks.

Charles Atkinson of Grand Rapids has arrived in the city and opened his stand on Belvedere avenue for the season.

Miss Grace Shockley has returned from the south and will spend the summer with her mother, Mrs. Ada Shockley.

Eva M. Laugh, toll instructor of the Michigan State Telephone company is at the local office to give a few days instruction to the long-distance operators.

Wm. Wallace and Frank Courier

of the Benj. Brown Auto Sales left Friday for Pontiac. They will return with two Oakland cars.

Harold Meggison of the Metcalf drug store spent the week-end at Central Lake with his parents, Mr. and Mrs. Thos. Meggison.

Wm. Sears returned Monday on the Steamer Puritan from Chicago where he has been attending the University the past school term.

H. A. Adams, district relief manager of the Western Union has accepted a position as manager of the local office for the summer.

Services at St. Mary's church has been changed for the summer. Low mass will be held at six o'clock and high mass at nine o'clock.

Helen G. McKinlay of New York City arrived here Wednesday to make an indefinite stay with her cousin, Miss Eva Adams at Ironton.

Mrs. Hudson Theal and brother, Harry Hodgson of Philadelphia, arrived in the city Friday to be the guests of Mr. and Mrs. H. R. Fowler.

Mrs. L. S. Parmelee and son, Horatio, of Flint, are at their cottage at the corner of Clinton street and Park avenue to spend the summer in the city.

The Misses Alice Schweitzer, Mary and Lucinda Newton attended the Junior Hop of the Petoskey high school held in Harbor Springs Friday evening.

Col. S. D. Pepper, who is a guest at the McDonald home on Antrim street left Sunday to attend the officers school for the National Guards at Grayling this week.

Mr. and Mrs. Henry D. Reisa of New York arrived at Hallett's Inn Thursday for a two months' stay. Mr. Reisa is inspector of the Mutual Life Insurance company of New York and will make Charlevoix his business headquarters while in the north.

E. V. Smith, piano tuner, in Charlevoix about June 25th. Phone or leave orders at either Bellingers, 2512

SWEET BRIAR TEA ROOM AT IRLTON

Miss Adams Announces Opening to Take Place July Second

Miss Eva Adams announces the opening of a tea room in connection with the hotel located at Ironton, Saturday, July 2nd. Miss Adams needs no introduction to Charlevoix people and she is well and favorably known to the summer guests who have made this locality their vacation playground for years.

The Sweet Briar Tea Room will be conducted in the hotel building, adjoining the assembly hall. The color note of green and white, green tables banded in white, deep green screens and hangings, together with the famous cool breezes from Pine lake makes this location particularly desirable for July and August patronage. The cooking will also be under the supervision of Miss Adams and she promises some good wholesome food at the Sweet Briar Tea Room.

A good Non-Skid tire for \$13.50. See Benj. Brown at once. 231f

SCOTT SHIP BILL PASSES HOUSE

Measure Said to Mean Much to Northern Michigan

Congressman Frank D. Scott scored a signal victory last week when his bill lengthening the navigation season on the Great Lakes and permitting the use of two instead of three crews on vessels making short trips, passed the house of representatives.

The bill is expected to restore the former superb lake service which the transportation companies were forced to abandon owing to restrictions in the navigation laws imposed by the LaFollette act.

Scott's bill means much to northern Michigan tourist and freight business and many favorable comments have been made on the results of the eleventh district congressman's foresight and energy.

Let us overhaul that bicycle and make it run like a new one. We guarantee a satisfactory job. Benj. Brown. 201f

Emrey Car Ran Into

R. A. Emrey of Charlevoix was fortunate in suffering no injuries either to his car or to the occupants, when a Petoskey machine ran into his car on the Petoskey road Sunday evening as he was returning home. The northbound car was traveling without lights and struck Mr. Emrey's car from the side, taking a wheel from their own vehicle.

A good Non-Skid tire for \$13.50. See Benj. Brown at once. 231f

Changes at Dancing Pavilion

Numerous changes have been made in the Lakeside Dancing Pavilion during the past ten days which will add greatly to the popularity of this place of amusement. The music stand has been moved to the east side of the building, a change that will be appreciated by those who patronize this hall.

POMONA GRANGE WELL ATTENDED

Seventy-Seven Members Present—Nine Granges Represented

Nine granges were represented and 77 members were in attendance at the meeting of Pomona Grange held with Charlevoix Grange Thursday of last week.

E. B. Ward acted as master. Verbal reports of subordinate granges were made at the opening of the session after the fine potluck dinner.

Considerable discussion took place over the advisability of organizing a mutual benefit association and committees were named to carry the matter through and obtain enough applications to make the organization a permanent one.

At roll call during the afternoon session each member answered to the topic, "A Father's Duty to His Son—A Mother's Duty to Her Daughter." Other numbers on the program followed.

The evening program was carried out and a class of five given the Pomona degree by the Ironton degree team. The next meeting will be held with Harmony Grange the latter part of July.

Monday, June 27th, is the date when J. Leahy, the Optometrist will be at the Hotel Charlevoix and will visit St. James June 28th and 29th. Headache cured; glasses guaranteed to fit. 242f

"THE BRITISH CONQUEST OF PALESTINE"

Topic of Discussion by Prof. Goodrich Friday Night

Professor Frederic Goodrich of Albion college and one of the most entertaining men among the list of platform speakers of the state, will deliver his great illustrated lecture "The British Conquest of Palestine" next Friday night, June 24, at the Methodist Episcopal church, at eight o'clock.

The lecture is instructive, and to the Christian hearer, thrilling. The literary style is fascinating and the manner of delivery very pleasing. To miss hearing him would be a real loss.

Professor Goodrich has been connected with Albion college for a number of years and is known all over the state; a number of his old pupils live in and around Charlevoix and will be glad for this opportunity to meet their old teacher.

Notice

We will bait no more cows unless owner presents certificate of tuberculin test. Coulter Bros. 2513

Buckholz-Alcock

The marriage of Miss Esther Buckholz of Chicago and Harry Alcock, son of Mr. and Mrs. Archie Alcock of Charlevoix, was solemnized Monday afternoon at 4:30 o'clock at the home of Rev. Allbut, pastor of the Presbyterian church of Petoskey. The bride and groom were attended by Dr. and Mrs. W. W. Mitchell. After a short honeymoon, Mr. and Mrs. Alcock will return to this city for the summer.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 201f

Death of Mrs. F. A. Swartout Mrs. F. A. Swartout, of Norwood, died at Charlevoix hospital Sunday morning at 8:30. Funeral services were held from the Norwood church, Tuesday at 2:00 p. m., conducted by Rev. C. W. Hewitt, interment at Norwood cemetery. Complete obituary will be published next week.

Non-Skid 30x3 Tires for \$11.50. Benj. Brown. adv 241f

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

A young man at Alpena was seriously injured when his automobile running at 40 miles an hour, suddenly turned a double somersault. The breaking of the new 35-mile speed law is going to be rather hard on some of us, till we get used to it.

A man of 65 years walked all the way from Cadillac to Owosso, begging his food along the way and sleeping in hay stacks and arrived with his shoes and clothing all in tatters. And to cap the climax, as they might say in Cadillac, he arrived in Owosso.

Non-Skid 30x3 Tires for \$11.50. Benj. Brown. adv 241f

Superstitions About Ears

There are several superstitions about the tingling of one's ears. It was at once commonly believed that if it was the right ear it meant that a friend was speaking well of one. The tingling of the left implied the opposite. Sir Thomas Browne, the famous author of "Vulgar Errors," ascribes the idea to the belief in guardian angels, who touch the right ear or the left according as conversation is favorable or not to the person.

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown. 201f

EIGHT PAGES

COURIER, CHARLEVOIX, MICH., WEDNESDAY, JUNE 29, 1921

PRICE \$2.00 PER YEAR

FASTER THAN TRAIN SERVICE

IS FLIGHT OF NAVY CRUISER
SANTA MARIA

Scheduled to stop at Charlevoix During Loop Flight From Detroit to Chicago

The flight of the giant aeromarine navy cruiser Santa Maria from New York to this city marks the initial step in the development of commercial aviation between the cities that nestle upon the shores of the Great Lakes. When the great white winged Empress of the Air comes down gracefully from her domain in the skies, and alights upon the surface of the harbor, the economy of the straight line in transportation will have been vividly demonstrated for the first time in the history of Charlevoix.

During her momentous voyage through the air to the Great Lakes from the metropolis, the Santa Maria through her achievements, added many brilliant chapters to the golden history of flight. She has well filled the proud role of pioneer that was assigned to her by the United States Navy through the Aeromarine Airways for the purpose of demonstrating to the public the complete advantages afforded by the latest mode of travel. The navy, in co-operation with Aeromarine Airways placed upon her the duty of showing that flying is as safe as any other form of travel, and infinitely faster than anything else in the world.

She has been well able to perform this pleasant duty, because the flying boat is the safest means of navigating the air known to man.

The "Santa Maria" is the largest passenger-carrying aircraft in North America, and probably the most luxurious ship of its kind in the world. It is equipped with two 400 h. p. Liberty motors, and has a wing spread of 104 feet.

While she is very comfortable and very luxurious, aero-naval experts believe that the navy coast patrol flying boats equipped with one 400 h. p. Liberty motor will prove the most practical, and the most popular for commercial aviation purposes.

These coast patrol boats have flown hundreds of thousands of miles during the war in patrolling the Atlantic coast, and in important convoy work abroad. They have been pronounced by competent authorities as the best and safest aircraft developed by the Allies.

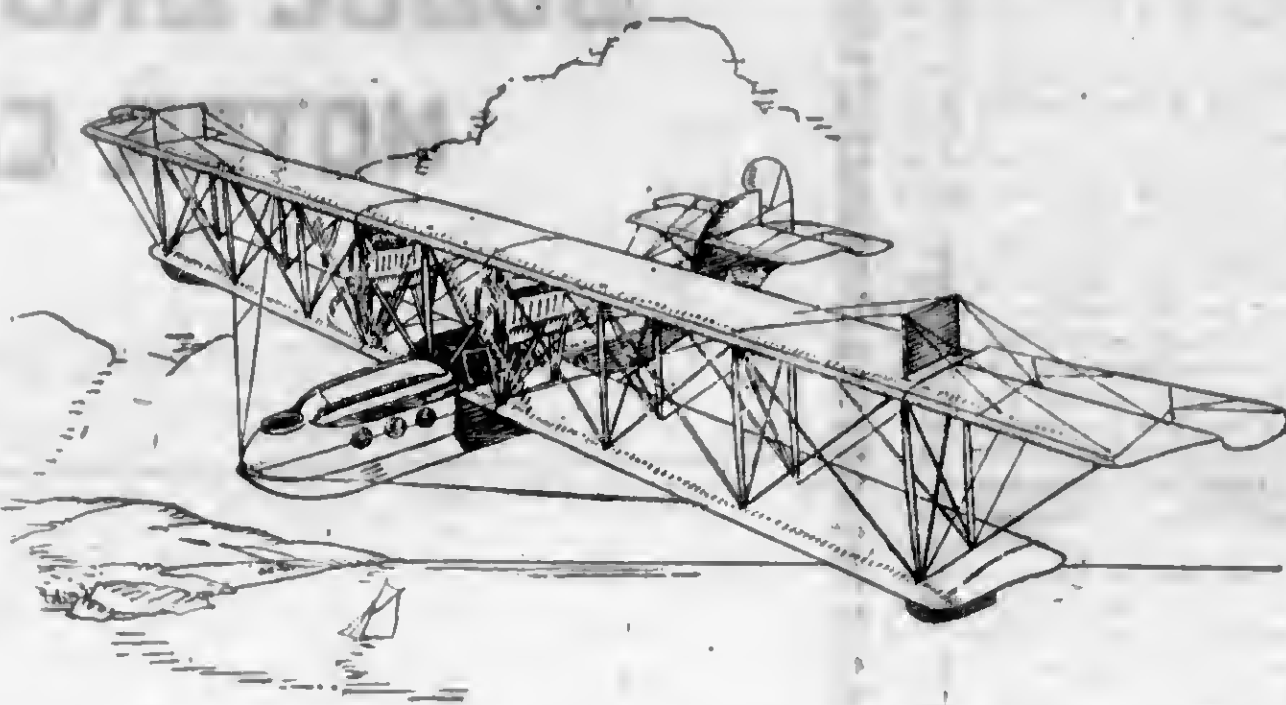

In order to stimulate interest in flying, and encourage the development of aerial transportation organizations so that trained men will always be available in the case of war, the navy department has authorized the sale of a limited number of these famous boats at about one-third of what it costs to manufacture them; so that those interested in placing aviation in this country abreast of foreign progress, will now have an opportunity to take advantage.

ONLY HOME PRO- DUCTION PLACE

During the discussion of the railroad situation in Washington recently the following statement was presented concerning the wide distribution of products by the railroads:

"The average Louisiana farmer gets up early, at the alarm of a Connecticut clock, buttons his Chicago suspenders, to Detroit overalls, puts on a pair of Montana cowhide shoes made in Ohio, washes in a Pittsburgh tin basin, using Cincinnati soap, and dries on a Georgia cotton towel made in New Hampshire; sits down to a Grand Rapids table, eats hot biscuits made with Minneapolis flour, Kansas City bacon, and Indiana grits fried in Omaha lard, cooked in a St. Louis stove; buys Irish potatoes grown in Michigan, and canned fruit put up in California, seasoned with Rhode Island spices, claps on his old wool hat made in Philadelphia, puts New York harness on a Missouri mule, fed on Iowa corn, and plows his farm covered by a Massachusetts mortgage, with an Indiana plough.

"At night he crawls under a New Jersey blanket, and is kept awake by a Louisiana dog, the only home product on the place."

Giant Aeromarine Navy Cruiser "Santa Maria" Which will Land at Charlevoix at a Later Date

tage of this broad-gauged policy of the government to place reliable aircraft in the hands of the public at a price which no manufacturer could hope to quote.

MARY BREWSTER CIRCLE BENEFIT

To Be Given By Young People of the
Congregational Church

A May frolic will be held Thursday afternoon, June 30, by the young people of the Congregational church for the benefit of the Mary Brewster circle on the lawn at the Parsons home on Belvedere avenue. The children of the circle will take part in a may-pole frolic for the entertainment of the guests. Punch and wafers will be served and a silver offering taken. Everybody welcome.

BIRTHS FAR EX- CEED DEATHS

IN COUNTY DURING MONTH OF
MAY

Death Rate As Low As 10.0 Per
1,000 Population Goal of
All Communities

Forty-two births and 19 deaths were reported in Charlevoix county during May, according to compilations of the division of vital statistics of the state department of health.

The 32 births registered in the county outside of Boyne City correspond to a birth rate of 32.8 per 1,000 population; the 14 deaths reported to a general death rate of 14.4 per 1,000 inhabitants; and the two deaths of children under 1 year of age to an infant mortality rate of 62 per 1,000 living births.

Boyne City with 10 births had a birth rate of 27.6 per 1,000 population; the 5 deaths reported giving the city a general death rate of 13.8 per 1,000 population; and the 1 death of a child under 1 year of age an infant mortality rate of 100 per 1,000 living births.

One still birth was reported outside of Boyne City. Special compilation of still births, counting as neither births nor deaths, is made in handling vital statistics. This evidence, officials say, lack of prenatal care and instruction and are preventable in 50 per cent of the cases.

The goal all communities should seek, declare authorities, is a general death rate as low as 10.0 per 1,000 population, a birth rate two and one-half times as great as this general death rate, and an infant mortality rate as low as 50 to 60 per 1,000 living births.

AMERICAN LEGION DANCE JULY 4th

To Be Held in Casino at Charlevoix
Beach Hotel

A dancing party will be held by Leslie Shapton Post, American Legion, in the casino at the Charlevoix Beach Hotel the evening of July 4, and a cordial invitation is extended to the public.

The use of the casino has been tendered the Legion members gratis by Mrs. J. S. Baker, also for the use of the Beach "all-star" orchestra.

No finer place for a dancing party can be imagined than the Beach, and members of the Legion feel very grateful towards the Beach management for the offer made.

Non-Skid 30x3 Tires for \$11.50.

FIRE DESTROYS OLD LAND MARK

OLD BELL LIVERY BARN CUT-
TED BY FLAMES

Fire From Unknown Origin Nearly
Burns Nine Head of Horses—
Fire a Spectacular One

Monday night about ten p. m., fire was discovered in the southeast corner of the old Bell livery barn on Mason street, and within a few minutes the entire structure was a mass of flames.

The fire was first seen by James Simons and George Stanley, who were sitting on the porch at the Cooper home on Antrim street. When first seen the fire was on the outside of the building, but was making rapid headway and the first thought of those who discovered it was to rescue nine head of horses valued at \$2,500 that were in the barn and owned by Mr. Stanley.

After considerable difficulty the horses were removed from the barn, but not before the entire southeast side and the loft was burning fiercely. The fire started directly in front of a stall occupied by one of the horses, which had to be driven out.

In the building was stored a considerable amount of machinery owned by Allie Ward who was about to reopen his machine shop in the building. Negotiations were under way, to be closed at noon Tuesday, by Mr. Stanley for the purchase of the building. The machinery was not damaged otherwise than being deluged with water. An automobile in course of repair by Mr. Ward was removed before the fire reached the north end of the building.

Mr. Stanley lost a number of horse collars, some hay, and several halters, and Harold Byers lost the sails to his ice boat which were valued at \$50.00. The building is a wreck and was owned by Mrs. James Simons and was valued at about \$1,600. Insurance to the amount of only \$1,000 was carried.

The house west occupied by Mrs. Roger Williams, was on fire several times, but was kept thoroughly drenched, no damage being done of any consequence by the extreme heat from the burning barn. The household goods, however, were badly damaged when removed from the house by those who were under the impressions the house would burn. Mrs. Williams loss will amount to more than ordinary damage by fire and no insurance was carried.

The house to the east was also afire several times, but was kept under control by the firemen, and little damage resulted. The household effects were in about the same condition as those in the Williams house apparently little care being taken by those who assisted in its removal.

The barn was one of Charlevoix's landmarks, being built about 40 years ago by John Bell, and during this period changed ownership many times, being operated last winter as a feed stable by W. E. Byers.

More Fish Planted

Members of the Charlevoix Rod and Gun Club planted twelve cans of steel head fry in local waters on Monday evening of this week. These fish were hatched at the local hatchery, and were about the liveliest bunch of fry planted this season. Let the good work go on.

The tickets for the American Legion Benefit are only \$1.00. The dance will be worth \$5.00. Think of the bargain. You can't afford to miss it.

TEACHER SHORT- AGE IS ACUTE

MANY ARE TAKING UP OTHER
BRANCHES OF WORK

Twenty-seven Rural Schools in Char-
levoix County are Now With-
out Teachers

The shortage of teachers among the rural schools of Charlevoix county is more acute than ever before. Various causes have been instrumental in bringing about this condition. In the first place, the teachers who left the profession to take up other lines of work in the cities are not "coming back" as predicted. Many of the teachers who put off going to school during war times when everything was high are now leaving their schools to finish their normal training.

Under the provisions of the law passed by the legislature at its winter session, no one can enter the teaching profession after 1925 without at least a year of normal training, and after 1925 the minimum amount of training for a teacher will be two years.

With the scarcity of teachers as marked as it is at present, it is likely that wages will remain at about the present level for four or five years, and then gradually rise, as the new law begins to take effect.

There were no third grade certificates issued at the April examinations, and it is not likely that any will be granted this August, because the six weeks of normal training which these applicants have had is not enough to fit them to pass the tests, which are based on one year of normal training. Students graduating from high school this year, who plan on making teaching their chosen profession, are, for the most part, planning on a full year or more at the State or County normal before entering on their work.

At the present time there are 27 rural schools in this county without a teacher or an applicant for their school. Counting all teachers available at the present time, good, bad and indifferent, as well as prospects not yet investigated, there are just 10. This leaves a total of 17 actual vacancies in our rural schools, with not even prospects for a teacher. The smaller of these can easily transport to neighboring schools, and this is really their wisest plan. It is to be hoped that the mills will clear away somewhat before fall, and that our largest schools, at least may be able to get teachers.

FARM VALUES IN COUNTY DOUBLE

Acres Now Worth Twice As Much As
Ten Years Ago Say Report

Preliminary figures from the 1920 census of agriculture for the United States, with comparative figures for 1910, have been issued from Washington. They show that the number of farms has increased from 6,361,502 to 6,488,366 and their acreage from 878,798,325 to 955,076,545.

The value of land and buildings increased from \$34,301,125.097 to \$67,795,965,384.

The increase in the number of farms is a little more than one per cent, in the acreage more than eight per cent, and in values over 94 per cent.

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown. 26tf

MAKING GOOD AT HEIDELBERG COLLEGE

Dramatic Club Reveals Ability of
Harold VanKirk

In its write-up of the Heidelberg Dramatic club's presentation of the "Taming of the Shrew," the Daily Advertiser at Tiffin, O., has the following to say regarding Prof. Harold VanKirk, formerly of this city:

"The action was carried through five acts and five scenes. Prof. Harold VanKirk, instructor in the department of oratory directed the action and stage settings and prepared the version used. The one highly commendable feature of the entertainment was the fact that every word spoken was understood. The handicap of the proximity of the stage to the railroad was gracefully overcome by silent action on the parts of the players as trains passed."

BAY SHORE MAN TAKEN BY DEATH

Dudley Cunningham Died Last Tues-
day at Age of 77 Years

Dudley E. Cunningham, of Bay Shore, died Tuesday morning, June 21, at the age of 77 years, 10 months and 5 days. Mr. Cunningham was a blacksmith and farmer and had been located at Bay Shore some time.

Besides the widow he leaves a daughter, Mrs. Wilbur Lane, Hastings; and three step-children, Saphrona Barley, of Grand Rapids; Clarence White and John A. White, of East Jordan.

Funeral services were held Thursday afternoon at 2 o'clock from the home at Bay Shore with the Odd Fellows in charge. Rev. G. A. Redpath as the minister. Burial in Greenwood.

LOST SUNDAY TO MANCELONA

GAME LASTED FULL FOURTEEN
INNINGS

Home Team to Cross Bats With Har-
bor Springs Sunday on Home
Grounds—Play Moody

Charlevoix lost to Mancelona Sunday by a score of 6 to 5 in a fourteen inning game. Loomis pitched the first four innings for Charlevoix and held Mancelona hitless.

Pool support behind Willis, who pitched the remaining innings, allowed Mancelona to tie the score and eventually win the game in the fourteenth inning.

The features of the game was a wonderful one-hand catch by Lewis in right field and the catching of Hosford, Charlevoix's new catcher. Next Sunday Charlevoix plays Harbor Springs here and on Monday meet their old rivals, Boyne City, at the Fourth of July celebration in that place.

The Traverso City team will appear here again, playing the locals on Wednesday, July 6th, and the Loeb Farms team on the 7th.

On the following Sunday, July 10, the biggest game of the season will be played when Loeb Farms team meets Charlevoix at the local park.

Loeb Farms Lose to Boyne City

The Loeb Farms team suffered its first defeat at the hands of Boyne City, Sunday, on the diamond at the farms, by a score of 4 to 3. In the second game of that afternoon they made good and won a 7 to 0 game from the M. A. C. Forestry division in camp in this vicinity, playing a five inning game.

BUCK DEER FEEDS WITH FARM STOCK

Tourists Watch Antics of Big Buck
In Pasture on Shore of Burt Lake

Summer tourists on Burt Lake were interested last week in the antics of a buck deer which daily spends his early morning hours feeding with a herd of cattle on the farm of W. R. Sweet, near the Buckeye House says the Petoskey Evening News.

The deer, a large one, with wide spread antlers, is said to keep a keen eye on the line of cottages for evidences of the approach of his ancient enemy—man.

The animal is believed to have been driven south from the more frequented covers along Maple river by the presence along the stream this spring of a large number of fishermen.

A good Non-Skid tire for \$13.50.

SUPERVISORS ARE NOW IN SESSION

MEET TO EQUALIZE COUNTY
TAX ROLLS

Board Met Monday and Will Finish
Work by Thursday Afternoon
—Elect a Chairman

Charlevoix County's Board of Supervisors are in session this week, called together to equalize the tax rolls and transact other urgent business that comes before them.

About the first business transacted was the selection of a chairman, E. C. Chew of Bay township, the oldest member of the board in service, being the choice. Chairman Chew named the following committees:

Claims—
W. J. Gallagher, Darwin F. Meech, C. C. Schaub, H. E. Hutton, Howard C. Stephens.

Ways and Means—
William F. Bashaw, W. J. Gallagher, David Vaughn.

Settle with County Treasurer—
E. B. Ward, Frank Atkin, Andrew J. Suffern.

Settle with Supt. of Poor—
H. E. Hutton, H. A. Webster, William F. Bashaw.

Equalization Committee—
Elmer Ingalls, F. E. Cartier, O. D. Wilson, Howard S. Shaeffer, W. D. Gallagher, H. B. Hipp, F. H. Wangeman.

Apportionment—
W. H. Cook, Howard Stephens, Howard S. Shaeffer.

Township Clerks' Report—

Up to noon Wednesday little business had been transacted, but the committee on equalization were scheduled to report at the afternoon session.

Other business transacted was the granting of the change in boundary lines between Norwood and Marion townships, and instructing County Clerk Lewis to attend the annual clerk's convention at Lansing August 4 and 5.

It is expected the board will be able to adjourn by at least Thursday afternoon.

AUTO PARK READY FOR SUMMER TOURISTS

Land at End of Park Avenue Util-
ized for Site

Charlevoix's free auto camp for the use of summer tourists traveling by automobile is now open and ready for business, and on Monday night was occupied by six cars and the following night by four cars.

Tuesday a number of citizens and laboring men cleaned away the brush, cut the grass and before the day was over put the park into first class condition. Rest rooms have been provided, excellent drinking water made available, and before the week end a string of lights will be placed around the camp site.

People who have stopped at the park are greatly pleased with the location and have expressed themselves in many ways for the manner in which they have been received here. Some have stated it was the most ideally located camp site on the drive north, and also stated they would stop here both on their trip north and on their return.

Percy Empey and wife spent Sunday with Mr. Empey's parents, Mr. and Mrs. Nelson Empey.

The ice cream social given by the Ladies Aid last Wednesday was well attended. They cleared \$19.20.

Ellen Swartout is spending a couple of weeks with her aunt, Mrs. Edith O'Donohue of Vanderbilt.

Frank Brown of Eastport and Albert Parsons of Ellsworth were callers at the Haskins home Sunday.

Mr. and Mrs. Martin Block, Mrs. Anderson, and Mrs. Campbell of Charlevoix visited at the Dr. Hewitt home Sunday.

Miss Drusilla Richardson underwent an operation for tonsillitis Saturday. She is getting along as well as could be expected.

Dr. and Mrs. C. W. Hewitt and daughter Muriel took six o'clock dinner with Mr. and Mrs. Henry Klooster at Atwood, Friday.

Mr. and Mrs. Saunders and Mr. and Mrs. Adams of Charlevoix ate picnic dinner on the beach with L. Bert Chase Sunday evening.

Mrs. John McCall and children of Charlevoix returned home Friday after spending the past week with her parents, Mr. and Mrs. F. E. Richardson.

Mr. and Mrs. Kidder and family of Cadillac motored to the Genette home Sunday. The two boys, who have been visiting their grandmother, Mrs. Genette for the past couple of weeks, returned home with them.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown. 20tf

BARNARD

Children's Day exercises on Sunday were well attended.

Mrs. Henry Block and two daughters of Charlevoix spent Sunday at the Peter Block home.

Mrs. Harold Jacobs of Charlevoix spent a few days last week at her father's home, Peter Block.

H. Gornell and Mrs. Joe Gornell were visitors on Sunday at Howard Gornell's home.

Mr. and Mrs. Albert Beattie are giving a reception on Wednesday evening of this week in honor of Mr. and Mrs. John Beattie.

The U. S. S. class met for a social time at the home of their president, Miss Etta Dougherty on Monday evening.

We are sorry to learn of the death of Ed. Blow of Atwood on Tuesday morning. He was well known around here having worked with the threshing crew for several years.

Mrs. Teal and her brother Mr. Hodgson of Philadelphia, who are visiting their uncle, H. Gornell, in Charlevoix, spent Sunday at the Howard Gornell home.

Married in Petoskey on Tuesday evening, June 21st, Miss Luelle Lewis and John Beattie. Their many friends congratulate them most heartily wishing them every success in their future life.

AS MUCH SPENT FOR TIRES AS FOR ROADS

Country's Tire Bill is \$1,000,000,000

Some idea of the growth and present size of the automobile tire industry may be gained by considering the recent statement of Mr. O. O. Eldredge, director of roads of the American Automobile Association.

After an examination of recent statistics, Mr. Eldredge announced that the country's annual tire bill is \$1,000,000,000. This astounding sum is paid for about 40,000,000 tires and is about as much as the sum annually expended on the roads of the nation.

Last year witnessed the addition of 1,500,000 cars to the nation's total and practically every one of these new owners will buy tires this year to replace those with which his new car was furnished. This means a marked increase in the country's tire bill for 1921.

It is well known that Michigan produces about 60 per cent of the automobiles manufactured in the United States, but, curiously enough there are only three tire factories in this state.

A little over a year ago this situation was turned to account by an organization formed to manufacture a new cord tire with the first real advance in tire design made in the last ten years. A graduated series of corrugation, moulded on the side wall of the tire produce the only tire on the market that climbs out of the ruts. Moreover, these cor-

rugations afford marked additional resistance to wear and depreciation.

The organization which developed and is now manufacturing CORDUROY CORDS is composed of men of high standing in the tire field, thoroughly conversant with the industry from the condition in the rubber markets of South America to the viewpoint and needs of the ultimate consumer. They have guided this enterprise with unflinching success, beginning with the selection of the site for the plant down to the last details of a finely organized sales system, domestic and foreign.

Obviously, here is a splendid investment opportunity. The Grand Rapids Tire & Rubber Corporation is manufacturing a staple commodity for which there is a billion dollar market and a constantly growing demand. What is more, its product has an exclusive, distinctive selling appeal—the rut-climbing feature. Few companies face such favorable conditions. Indeed, every element of success is present.

The detailed story of the company and its prospects is well told in an interesting booklet called "Tire Facts." Write to the Grand Rapids Tire & Rubber Corporation, 315 Kelsey Office Building, Grand Rapids, Michigan, and ask to have it sent to you.

COUPON

Gentlemen:
Please send me a copy of "Tire Facts." It is understood that this will in no wise obligate me to purchase your securities.

BEST ARRANGEMENT OF HENS

Erroneous to Mate Male With Too Many Females for Fertile Eggs and Strong Chicks.

Avoid the error of mating a male with too many females. One male to six or eight females of the American breeds, or 10 or 12 of the Mediterranean, will give a higher percentage of fertile eggs and more vigorous chickens than if half as many males are used.

PUT TURKEYS IN CONDITION

Fowls Should Not Be Confined Except for Short Period Just Before Marketing.

Turkeys ought not to be confined for any length of time just for a short time prior to marketing. If fed liberally while they have a free run, they can be kept in condition for marketing within ten days.

DODGE BROTHERS MOTOR CAR

The early part of the year 1920, as everybody knows, was remarkable for the tremendous volume of automobile business. Yet our deliveries for April 1921, greatly exceeded those of April 1920. This fact speaks eloquently for the goodness of Dodge Brothers Motor Car, for the reputation of Henry B. Wood and for the wisdom of the Charlevoix public.

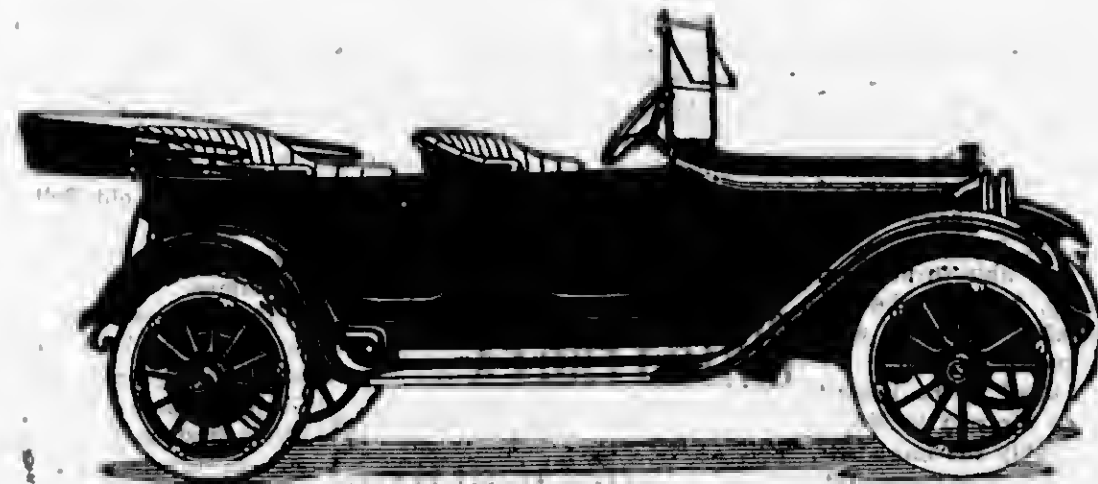

People have not stopped buying motor cars. They are simply buying with greater care. They are demanding dollar for dollar in value.

And, as the figures show, they have learned where they may buy with full assurance that honest values are always to be obtained.

OBITUARY

Mrs. Pearl Swartout, wife of F. A. Swartout of Norwood, died at Charlevoix hospital Sunday morning, June 19. Mrs. Swartout was taken to the hospital for an operation, but after careful examination was found to be past help. Although a great sufferer during her five weeks of illness she maintained the sweet uncompromising christian spirit which characterized her life. The remains were taken to her home near Norwood Sunday evening and the funeral services were held at the M. E. church at Norwood, Tuesday, June 21, at two o'clock p. m. conducted by Dr. C. W. Hewitt. Interment in Norwood cemetery. Deceased was greatly beloved by all who knew her as shown by the many beautiful floral offerings.

Pearl Maltby was born at Brighton, Mich., December 28th, 1880. At the age of nineteen years she entered into her chosen vocation, that of teacher, and taught school at Cross Village, Mich. September 1st, 1899, she was united in marriage to Fred A. Swartout, who together with ten children survive. Relatives present at the funeral from away were a brother, Eli Maltby, wife and family, of Cheboygan; a sister, Mrs. Edith O'Donohue of Vanderbilt; Mrs. Inez Gill of Canby, a sister of Mrs. Swartout; Mr. and Mrs. Archie Ward of Harbor Springs, cousins; and Mr. and Mrs. P. J. Gregg of Petoskey, friends. Relatives unable to be present: a brother, Grove Maltby and sister, Mrs. L. S. Townsend, both of San Diego, Calif.

We miss her in the place of prayer,

And by the hearth's fire light;
We pause beside her door to hear
Once more her sweet "Good
Night."

There seems a shadow on the day
Her smile no longer cheers;
A dimness on the stars of night,
Like eyes that look through tears.

Alone unto our Father's will—
One thought hath reconciled;
That He whose love exceedeth ours
Hath taken home His child.

Fold her, O Father! In Thine arms,
And let her henceforth be
A messenger of love between
Our human hearts that will lead
us to Thee.

Still let her mild rebuking stand
Between us and the wrong,
And mother's dear memory serve to
make
Our faith in Thee our Father
strong.

Following are a few verses written by Mrs. Swartout a few days previous to her fatal illness which were intended for Mother's Day.
"Your hopes, your joys and your sorrows,
Each dream of your life dear heart,
To mother brings gladness or sadness,
So much of me you are a part.

Sweet babe, as I hold you here on
my breast,
Dear life of mine a part,
You little know of a mother's love,
Or the dream of a mother's heart.

To me you heaven-sent burden,

More precious you are than gold,
And though friends deceive or assail you,
Mother's love will never grow cold.

Though you have reached the land
of grownup,
Or through life's business form a part,
Of your life, its joy, its gladness,
Child of mine, dear heart, dear heart.

Child of mine your mother loves you,

Though at times we are far apart,
Rest assured your mother loves you,
My thoughts are of you, child of my life a part.

If you cannot afford a new car,
we can furnish you with a good used car at a price that will surprise you.
Benj. Brown. 20tf

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

The governmental testing of cattle for tuberculosis in Antrim county has now progressed far enough to begin to show some unexpected and interesting results. About 600 head have been tested so far with about one per cent reactors. The south part of this state runs 3-5 per cent, New York is seven per cent, while England is said to have ten to 15 per cent tuberculosis. The low percentage of infection speaks volumes for the healthfulness of this region. With their low percentage of disease and the generous compensation of the state for the few that do react, we should go steadily on this proposition and have all cattle tested and be in a position to tell the world that we are 100 per cent clean. Application blanks for this work may be signed at the bank or at the office of the co-operative association.—Elk Rapids Progress.

After investing more than a million dollars in limestone roads, Bay county has decided that limestone is not a good material for road building and will discontinue its use. The old roads will be replaced as early as possible and the public is asked to co-operate as heretofore, and carry off the nest of limestone in their lungs.

A western Michigan man arrested for fighting and brought into court with his arm in a sling and a bandaged head, testified that he didn't know how it happened. Probably almost any man could tell him, though—how he didn't know his own strength, and hit the other fellow with these members a little harder than he meant to.

M. E. CHURCH NOTES

The Methodist Episcopal church enjoyed a day full of good things last Sunday. Margaret Conrad, the well known violinist and Preston Graves one of Chicago's leading pianists, rendered several numbers at both morning and evening services. The universal verdict was that seldom, if ever, has finer music been heard in the city of Charlevoix. Professor Goodrich of Albion college was the speaker of the day and proved himself to be a princely preacher and a gentleman of winning personality.

Mrs. William Marshall's primary department presented a fine program

consisting of songs, recitations, dialogues, etc. A leading feature of the children's program was the presentation to the Primary department by the Women's Bible class of a beautiful American flag. Dr. F. F. McMillan made the presentation speech in which he complimented Mrs. Marshall for her splendid work as teacher of the primary department. The doctor proved himself an interesting speaker. Professor Goodrich spoke at the Barnard M. E. church in the afternoon. The church was crowded with appreciative listeners.

Our summer Epworth League will hold its first meeting next Sunday night following preaching service. Preaching to begin at 7:30 and League service at 8:30. The custom which this church has observed for a number of years, of a social every two weeks for the benefit of the young people will be carried on this summer. It is earnestly hoped that all who can do so will do their part in making this effort on behalf of our young visiting friends a great success.

Birthday Surprise

Mrs. D. K. Eckinger was pleasantly surprised Monday evening when a number of friends arrived at the Eckinger home on Belvedere to remind her of her birthday anniversary. After a few hours of good times ice cream and cake was served to about 15 guests. Mrs. Eckinger received many pretty gifts as remembrances of the occasion.

YOUNG PEOPLE HAPPILY WED

Will Live on Albert Beattie Farm South of Charlevoix

John R. Beattie, son of Mr. and Mrs. Albert Beattie of near Charlevoix, and Miss Luella Lewis, daughter of Mr. and Mrs. Wm. N. Lewis, formerly of Barnard, now located at Iron Mountain were quietly married at the parsonage of the Petoakey M. E. church, Rev. Sheehan officiating. They were attended by Miss Hazel Beattie, sister of the groom and Freeman, Coblenz.

Mr. Beattie is well known in Charlevoix having attended Charlevoix schools as well as several terms at the M. A. C., while Mrs. Beattie although having made her home in Detroit for the past few years, has many girlhood friends in this vicinity. Mr. and Mrs. Beattie will make their home on the Albert Beattie farm south of town for the present.

INTERESTING FRUIT CULTURE

Trees in Orchard at Cambridge, England, Set So Close as to Preclude Machine Cultivation.

Intensive fruit culture to an extent scarcely to be found in this country was noticed at Cambridge, England, by Prof. L. C. Corbett of the United States Department of Agriculture, who has just returned from an European mission. A concern there has an orchard of 1,400 acres, so densely set that machine cultivation or the introduction of a horse-drawn spraying machine is impossible. Apple trees are set two rods apart and are headed high, six or seven feet from the ground, the spread of limb being more than six feet from the trunk. Between the apple rows plum trees are set midway and also headed high; beneath the plum and apple trees currant and gooseberry bushes are set in rows three feet apart.

Before the war culture was by hand, even to the spading. When the war took away man-power the owners saved themselves by introducing small "wheelbarrow tractors," manufactured in the United States, which have a tread of only 10 to 20 inches. The density of the orchard, of course, precludes horse-spraying. To meet this condition a complete waterworks system has been run through the roadway which are placed at intervals, and lime-sulphur mixture or Bordeaux mixture is pumped through the mains from a central power plant, spraying the trees. The mixture is taken off by hose connected at intervals. The company owning this orchard has a large power plant for the manufacture of jam when the market is poor for plums and cherries.

In Lombardy and Normandy, on the contrary, apple culture appears to be incidental to pasturage. The trees are set 50 or 60 feet apart and are pruned high so as to be out of the way of stock. Apples of northern France are largely used for cider, in the manufacture and blending of which the people are as expert as in the manufacture of wine.

Working of Pearl.

There are two kinds of shells used in the manufacture of small articles, the porcelaneous and the acerous. The former are extremely hard and can be worked only with the apparatus used by the lapidary. The latter are more generally used and may be sawed, filed and turned with some facility. The pieces should be roughed out on a common grindstone. After turning they should be smoothed with pumice stone and water, and polished with rotten stone with sulphuric acid slightly diluted.

"Macaroni Verse."

This is a kind of humorous verse in which, with Latin as a base, words of other languages are introduced, using Latin inflections and constructions. The term was selected since it implies a mixture of languages—comparable with the mixture of ingredients found in a dish of macaroni. The name is sometimes applied to verses which are merely a mixture of Latin and the undiluted vernacular of the writer. This type of verse has long been known in Italy.

Starting Slips.

More house plants are grown from slips than from seeds. To do this take a branch half ripe and cut a slit three inches long. Take off all the leaves except the upper two and root it well in wet sand several inches thick, putting one and one-half inches of the slip under the sand. Keep this thoroughly moist. When the roots begin to grow put your plant, with its sand, into a pot provided with other soil. Some slips, such as oleander and ivy, will root in water.

FRANK HAMMOND LOSES HIS AUTO

Completely Destroyed by Fire Monday Night

Frank J. Hammond lost his Studebaker automobile by fire Monday evening while on his way home to Iron-ton. He had been in the city on business and was on his way home when he smelled smoke and discovered his car on fire.

He ran it alongside the road, about half way to the Loch Farms, where it now lies, a total loss. The flames consumed everything within a few minutes, with the exception of the front tires. His loss will be about \$400 with some insurance.

Jack Bird also nearly lost his silver Sunday night by the fire route. A carburetor leak—used a match to discover it—result: car afire. The fire was extinguished, however, before any damage was done.

LEGION HAS NEW CLUB ROOMS

Will Occupy Corner Store in Masonic Temple

Leslie Shapton Post No. 226 American Legion will occupy new quarters for their meeting place and club rooms before the week is over. The Masonic Building committee having offered them gratis the use of the building in the Masonic Block formerly occupied by Mason's Dry Goods Store.

The room will make an excellent meeting place for the boys, who feel grateful toward the committee who made the change possible.

INN OPENS ON THURSDAY MORNING

Pi Beta Phi College Society Hold a Convention

The Inn opens Thursday morning June 30, for the season with the annual convention of the Pi Beta Phi, a college society, and some three hundred girls from all corners of the United States are expected to attend. An elaborate program has been prepared and the delegates will be given every opportunity to enjoy their visit to Charlevoix-the-Beautiful.

Married Saturday Evening
Charles Wheeler and Rose Santos were quietly married Saturday evening at 7:30 o'clock at the Congregational parsonage by the Rev. James A. Smith. Mr. and Mrs. Roy Ripley were witnesses of the short Episcopal service which was used. Mr. and Mrs. Wheeler will make their home in this city.

Why Not Have Water?

We have been reliably informed that the park commissioners have failed to turn on the water in the park so far this season, although it was reported that there was no water several weeks ago by one of our aldermen. We are surprised at this almighty board. But—!

Meet Friday Night

The Charlevoix Association of Commerce will hold their regular meeting and banquet at the new Hallett's Inn Friday evening, July 1. Supper will be served at 6:30 p. m.

Card of Thanks

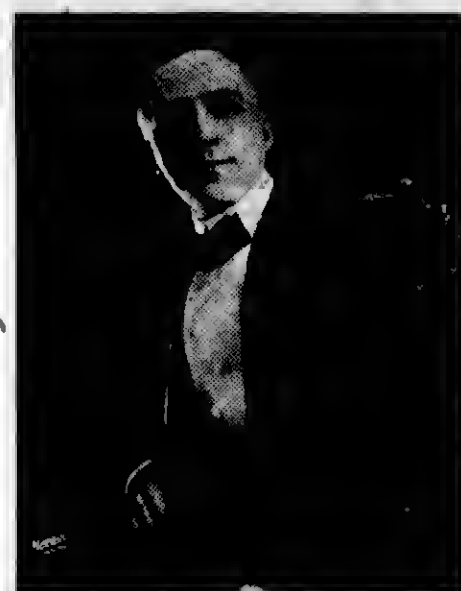

We wish to express our heartfelt thanks to friends and neighbors for the willing hands, the kind hearts that prompted the many kind acts shown to our wife and mother in her last illness, also for the beautiful flowers sent to brighten and cheer her hours of suffering. Words fail to express our deep appreciation.

F. A. Swartout and family. 26tf

Don't Read This

If you are going to waste your summer and don't care to take advantage of the finest opportunity ever given to the piano students of Charlevoix.

Preston Graves, Pianist
Instructor American Conservatory of Music

Opportunities rarely occur. To take advantage of your opportunities is to become a success. Today the opportunity comes to every piano student in Charlevoix or to everyone who desires to study the piano, to get regular conservatory instruction at home.

Preston Graves comes highly recommended from the finest Conservatory in America. He is ready to take a personal interest in you and help you advance yourself.

Do you know the vital secrets to successful piano playing?

Are you a success as a pianist?

Has your instruction in the past been of the very best, or has it been lacking?

Are you going to waste your summer and go backward by discontinuing your practice and study? Think what that will mean to you. It will mean that in the fall you will have to commence almost from the beginning again.

Are you progressive or are you a drifter?

Don't Throw Away Your Summer

The time to avail yourself of the finest Conservatory instruction is here now. Don't wait. This is YOUR opportunity. This is YOUR chance. The class is almost completed. A little delay and you may be too late.

teaching in the Grand Rapids public schools has returned to spend her vacation with her parents, Mr. and Mrs. George Weaver.

Chester See returned Wednesday from Ann Arbor, where he has been attending the university the past school term.

Mr. and Mrs. Wm. O'Connor and daughter Lela of St. Louis, Mo., are at the Louis Allard cottage on the south side for the summer.

Born, Saturday, June 18th, a daughter to Mr. and Mrs. Joe Richardson of Whiting, Ind. Mrs. Richardson was formerly Miss Ruth Reed of Charlevoix.

Harold Cartier, who has been attending the school of engineering at Princeton university is working with the R. F. Sloan surveying crew during his vacation.

Miss Edythe Hanshaw has taken a position at the office of the Western Union for the summer and Miss Pearl Durrance has taken Miss Hanshaw's place at the telephone exchange.

Mrs. H. L. Decker and daughter Ethel returned to their home in Port Huron Saturday after getting the Decker cottage in readiness for summer occupants.

Mrs. W. H. Cater and son Addison of Chicago, arrived in the city Tuesday morning to spend a few weeks with Mrs. Cater's father, P. S. Brown and sister, Miss Pearl Brown.

Glen Supernaw and sister Margaret of East Jordan are spending the summer at the home of their aunt, Mrs. Plenny Genette, Glen having taken a position at the Central Drug Store.

The Misses Vivian Ball and Leona MacNeill who have been visiting friends in Lansing and Grand Rapids returned Sunday to assume positions at Dr. McMillan's office and Block grocery, respectively.

Marriage licenses recently issued at the office of the county clerk are as follows: Charles E. Wheeler and Rose Santos, both of Charlevoix; Floyd H. Krueger of Chicago and Fay Suffer of East Jordan.

Fred E. Norton, radio operator on a government flagship left Sunday for Bay City from which place he will go to Portland, Me., New York, through the Panama canal to the Hawaiian islands and return to Portland, Ore.

Mrs. M. S. Zachery and son Oscar of Jacksonville, Ill., are at the Miller cottage on Antrim street for the summer. Mrs. Zachery's father Oscar Conklin of Jacksonville arrived Tuesday to spend a few weeks.

Clare Cartier and Wm. Hampton, Jr., who have been attending the U. of M. at Ann Arbor drove here Wednesday evening. Clare will spend the summer with his parents, Mr. and Mrs. F. E. Cartier while "Bill" will visit friends for a few weeks.

Mrs. Megritt Miller returned from Grand Rapids Thursday with her mother, Mrs. C. S. Dodge, who has been suffering from a nervous breakdown. Mrs. Dodge is under the care of Dr. McMillan and is slowly improving, although she is still unable to see her friends.

The Northern Unit Plant Employees association of the Michigan State Telephone company met in Petoskey Tuesday, June 21, electing officers as follows: O. A. Solomon, Charlevoix, chairman; W. U. Earl, Boyne City, vice-chairman and secretary; Miss Vesta Smith, Petoskey, treasurer.

Victor Plant, leader of the Beach Hotel Orchestra, will play music next Monday at the Beach Hotel that will make your feet tickle. If you have never danced, go to the American Legion Benefit July 4th, and you will dance—you couldn't help it. It's going to be wonderful.

MARRIED SATURDAY AT EAST JORDAN
Well Known Charlevoix Young People Happily Wed

Miss Eunice Carr, daughter of Mr. and Mrs. Wright Carr of East Jordan, and Harold W. Usher, son of Mr. and Mrs. A. J. Usher of this city, were united in marriage at the home of the bride at high noon on Saturday last, by the Rev. Marshall of the East Jordan M. E. church, the full ring ceremony being used.

The bride was attended by Miss Audrey Guscatt as bridesmaid, Mrs. Leo Swafford, her sister, as matron of honor. Kenneth A. Usher, brother of the groom, acted as best man, Max and Harold Bader as flower boys, and Alice E. Usher as ring bearer.

Following the wedding ceremony a two course luncheon was served by six old school friends of the bride, assisted by Miss Beatrice Harrington as mistress of ceremonies. The newly weds received numerous valuable and useful presents.

Mr. and Mrs. Usher left during the early afternoon by auto for Grand Rapids, where they will make their home at 813 Lake Drive.

Coming to Palace Theatre Saturday and Sunday, July 9 and 10, D. W. Griffith's latest production "Dream Street." A big nine reel special. A dramatic comedy based on characters of Thomas Burke.

New Palace Theatre

Especially Good Attractions For This Week

THURSDAY, JUNE 30th—Paramount-Artcraft presents "My Lady's Garter." Only a dainty jeweled circlet—stolen. Yet its trail is romance, mystery, robbery, blackmail, daring deeds and thrills innumerable. Five acts of wildly exciting adventure. Also an Outing Chester Scenic reel, "Itacca Makes Her Bow."

FRIDAY, JULY 1—Paramount-Artcraft presents Ethel Clayton in "The Ladder of Lies." See this great romance of a girl who lived a lie for another, who sacrificed her love and her own good name that another's love, another's home might not be shattered. A powerful story with a joyous ending. Also a Rowland comedy, "Running Wild."

SATURDAY and SUNDAY, JULY 2nd and 3rd—Hugo Ballin's "East Lynne." A modern version of a world's classic with Edward Earle and Mabel Ballin. Greater than the book. Greater than the play. A world classic re-born. Also an Outing Chester Scenic reel "Out Columbus Columbus."

MONDAY, JULY 4th—Paramount-Artcraft presents Wallace Reid in "Sick Abed." To keep out of court in a big

divorce scandal, he took to his bed and played sick. Then a beautiful nurse came. And during a test she kissed him. "Great guns, what a heart," cried Doc. "The liveliest patient you ever saw." With Bebe Daniels as nurse. Also a Clyde Cook two reel comedy, "The Jockey."

TUESDAY, JULY 5th—Select presents Elaine Hammerstein in "Poor Dear Margaret Kirby." And a Hearst News reel. Also a Mutt and Jeff cartoon.

WEDNESDAY, JULY 6th—Metro presents Viola Dana in "The Off Shore Pirate." Also a two reel Sunshine comedy.

COMING—Saturday and Sunday, July 9 and 10 D. W. Griffith's big nine reel production, "Dream Street."

MAJESTIC THEATRE

NEXT SATURDAY and SUNDAY—Von Stroheim's master picture, "The Devils' Pasakey." A picture of Paris the wicked and Paris the wonderful. A sensational photodrama of Woman's greatest temptation. Also a two reel Midget comedy, "Beach Birds and Bombs."

COUNCIL PROCEEDINGS

Council Chamber, June 27, 1921.
The Common Council of the City of Charlevoix met on the above date Mayor Wilbur presiding. Aldermen present, Bergeon, Genett, Hamilton, Levinson and Wood.

Minutes of meeting held June 20 were read and approved.
Moved by Ald. Wood seconded by Ald. Hamilton that the City furnish water for Coast Guard Station No. 258 for period July 1, 1921 to June 30, 1922 at 20¢ per 1,000 gallons with minimum charge \$1.25 per quarter. Carried.

Moved by Ald. Levinson seconded by Ald. Genett the adoption of the following resolution:

Resolution

East Upright avenue Sewer District, No. 28.

Resolved by the Common Council of the City of Charlevoix that the owners of a majority of the lands abutting on that part of east Upright avenue lying between May street and Alice street in said city having petitioned for the construction of a sewer therein, a time and place for hearing objections and suggestions relative thereto be fixed by the council.

Resolved further, that the plans, diagrams and specifications therefore now on file in the office of the City Clerk, being the plans, diagrams and specifications of the so-called South Side sewer system be and hereby are adopted as the plans, diagrams and specifications for the proposed sewer.

Resolved further, that the City Surveyor be and hereby is instructed to prepare and place on file for public examination all necessary and additional plans, diagrams, plat profiles and specifications for such sewer, together with an estimate of the cost of such sewer according to such plans.

Resolved further, that all lands, lots, parts of lots and premises abutting on that part of said east Upright avenue lying between May street and Alice street be fixed and designated as special extension sewer district No. 28, such lands to be assessed for that part of the cost of construction to be borne by the lands benefited thereby.

Resolved further, that Monday, the 18th day of July 1921, at eight

o'clock p. m. he fixed as the time when the Council will meet in the Council Rooms in said city for the purpose of hearing objections and suggestions relative to the construction of such sewer, of which time and place of meeting and the purpose thereof, and of the filing of said plans, diagrams, specifications and estimate of cost, and the district to be assessed, the City Clerk give notice as required by law by publication in the Charlevoix Courier, a newspaper printed, published and circulating in said city, at least two weeks before the date of such hearing.

Adopted at a regular meeting of the Common Council held in the Council Rooms in said city, the 27th day of June, 1921, by aye and nay vote as follows: Ayes, Aldermen Bergeon, Genett, Hamilton, Levinson and Wood. Nays, none.

Oscar E. Wilbur, Mayor.
Archibald Livingston, City Clerk.

Mayor Wilbur appointed the following as special police: Grant C. Randes, James Gaskin.

Moved by Ald. Hamilton seconded by Ald. Bergeon the confirmation of the Mayor's appointments. Motion carried.

The Finance Committee submitted the following report, having examined the following bills aggregating \$3,153.65 report, same correct and recommend they be allowed.

Moved by Ald. Genett seconded by Ald. Wood the adoption of the following ordinance:

Ordinance No. 144

An ordinance to amend Ordinance No. 107 of the Ordinances of the

City of Charlevoix, entitled, "An Ordinance to regulate the milk supply and its sources for the City of Charlevoix, Michigan."

The City of Charlevoix ordains:

Section 1. That Ordinance No. 107 of the Ordinances of the City of Charlevoix, entitled, "An Ordinance to regulate the milk supply and its sources for the City of Charlevoix, Michigan," adopted January 18th, 1912, be amended by adding two new sections thereto to stand as sections 9 and 10, and reading as follows:

Section 9. No person, firm or corporation shall offer for sale, or sell, within the City of Charlevoix any milk, cream, butter or other dairy product taken from any single cow, or from a cow in any herd of dairy cattle, which have not been tested and pronounced free from tuberculosis by the United States Bureau of Animal Industry, or by the State Department of Animal Industry of the state of Michigan, in accordance with the uniform rules thereof for such tests.

Section 10. Before any license provided by this ordinance shall be issued, the applicant therefor shall make and file with the City Clerk a written application setting forth that such applicant has entered into the agreement prescribed by the United States Bureau of Animal Industry, and the State Department of Animal Industry of the State of Michigan, for the tuberculin testing of herds of cattle.

Any person, firm or corporation violating the provisions of this ordinance shall be deemed guilty of misdemeanor, and upon conviction thereof in a court of competent jurisdiction, shall be punished in accordance with the provisions of Section 9 of said ordinance.

This ordinance is ordered to take effect twenty days from and after the date of its passage.

Carried by following aye and nay vote: Ayes, Ald. Bergeon, Genett, Hamilton, Levinson and Wood. Nays, none.

Moved by Ald. Levinson seconded by Ald. Hamilton the Council adjourn.

Archibald Livingston, Clerk.

STERILIZING MILK BOTTLES

Highly Important From Health Point of View That Containers Be Thoroughly Cleaned.

(Prepared by the United States Department of Agriculture.)

Too much emphasis can not be given to the fact that only thorough washing, steaming, and drying produces a sterile container for milk and that milk should not be allowed in any other than a sterile container at any time, and particularly if the milk has been pasteurized or otherwise heated.

The washing and sterilizing of returned empty milk bottles in a city milk plant constitutes a big problem. Bottles are received in varying conditions of cleanliness and from the many and varied sources of collection, and it becomes somewhat of an accomplishment to make them sterile containers for milk.

The incubation from the empty bottle can be reduced to a minimum by thorough washing, steaming and draining, and as this is possible and highly important from a health point of view no other method should be tolerated.

Placing pasteurized milk in a bottle which has not been sterilized just previously lessens the efficiency of the pasteurizing process and helps to defeat its purposes.

COMFORT OF COW IMPORTANT

Roominess, Cleanliness, Sunlight, Fresh Air and Proper Feed Are Some of Essentials.

Of importance is the comfort of the cow. This is often the only reason for constructing a barn, notwithstanding the fact that there are other considerations. The comfort of the cow requires roominess, cleanliness, sunlight, fresh air and feed. The barn with a wing extending to the southward providing two rows of stalls and with windows in either side is a type still very much in favor and has much to commend it. In this style of barn it is easy to adhere to the modern standard of "six square feet of glass per cow." This may appear to be a large proportion of glass, yet it is none too much.

STRIVE FOR SANITARY MILK

Farmer Must Realize That Cows Should Be Kept Out of Mud—Good Drainage Will Help.

If wholesome and sanitary milk and cream are to be produced the farmer should realize that the cows should be kept out of the mud as much as possible. Conditions in and around the barn can in many cases be greatly improved by draining and grading.

MILK AND CREAM IN WINTER

Precautions Must Be Exercised In Cool Weather If First-Grade Product Is to Be Delivered.

Cooler weather should not mean less care in the handling of milk and cream. Even though the weather is cooler, summer precautions are necessary if a first-grade product is to be delivered.

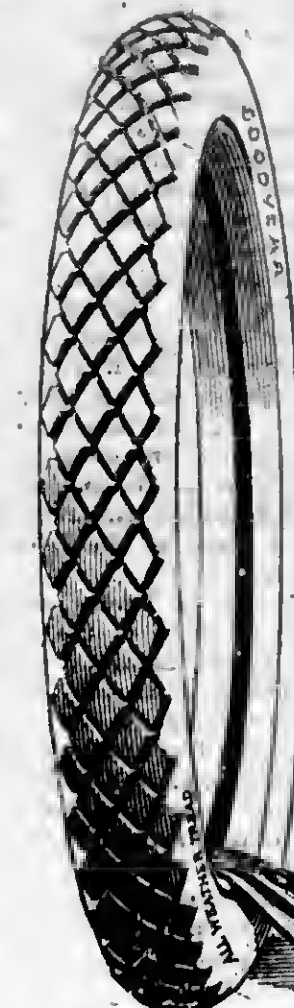

Circulation counts—we have it.

LEGAL NOTICES

Notice of Hearing

To the owners of all lots, parts of lots, lands and premises abutting on either side of that part of East Upright avenue lying between the East line of May street and the west line of Alice street in the City of Charlevoix:

Better Goodyear Tires Than You Have Ever Known

Goodyear Tires for passenger cars are better today than they have ever been. You need only to compare them with others to see their manifest superiority. We have given them a thicker tread, a more powerful body, an improved construction throughout—making them larger, stronger, heavier, and even more durable than before. If you seek the utmost in economical and satisfactory tire equipment, ask your nearest Goodyear Service Station Dealer for Goodyear Tires.

405 BRIDGE STREET, CHARLEVOIX

Notice is hereby given that a petition signed by the owners of a majority of the lands abutting on either side of East Upright avenue between the east line of May street and the west line of Alice street praying for the construction of a sewer in that part of said East Upright avenue above described, has been filed in my office and presented to the Common Council of said city. That the plans, diagrams, specifications and estimate of cost of such sewer are now on file for public examination. That Monday, the 18th day of July, 1921, at eight o'clock p. m. has been fixed by resolution of the Council as the time when said Council will meet in the Council Rooms in said city for the purpose of hearing objections and suggestions relative to the construction of said sewer, at which time and place, you and all other persons interested may appear and be heard.

The district to be assessed for that part of the cost of construction of such sewer to be borne by special assessment on the lands benefited is described as: All lots, parts of lots, lands and premises abutting on either side of that part of said East Upright avenue lying between the said east line of May street and the west line of Alice street in said City of Charlevoix, excepting all public alleys and lands exempt according to law.

Dated, June 28th, 1921.
Archibald Livingston, Clerk. 2612

Notice of Review of Special Assessment Roll

West Lincoln avenue sewer, District No. 26.
To L. H. Wheeler, Andrew McCall, Anna Shaw, Martha J. Ayers, Charles Gordon, Joseph D. Smith, Eva Brady, Robert Weststaff, Peter McCafferty, Lou Allard, John Hull, and all other persons interested.

Take notice, That the roll of the special assessment heretofore made by the Board of Special Assessors for the purpose of defraying that part of the cost which the council decided should be borne by special assessment for the construction of a sewer, including all laterals and attachments in that part of West Lincoln avenue in said city of Charlevoix lying between Bridge street and the east line of Lot 14 of Block 3 of Mason's addition, said city, extended, the same having been heretofore designated Sewer District No. 26, is now on file in my office for public examination.

Notice is hereby given that the Council and Board of Special Assessors of the said City of Charlevoix will meet in the council rooms in said city on Monday, the 15th day of July, 1921, to review said assessment, at which time and place opportunity will be given all persons interested to be heard.

Dated, June 21st, 1921.
Archibald Livingston, Clerk. 2512

Notice to Contractors

Sealed bids will be received by the Board of County Road Commissioners of Charlevoix County at their office in the court house, Charlevoix, Michigan, until 1:00 o'clock p. m. July 7, 1921, for improving 1.151 miles of Class B, nine feet road on what is known as the East Jordan-Alba road.

Same to be built according to plans and specifications on file in the County Road Commissioner's office and to be completed by Oct. 15, 1921.

The right is reserved to reject any or all bids.

Ellsworth Section

ELLSWORTH

Alfred Moble was on the sick list several days of last week.

N. P. Griffin of Phelps was in town on business one day this week.

A. C. Belding of Bellaire was an Ellsworth visitor on Tuesday of this week.

H. H. Elzinga and family are nicely settled in their new home on Park street.

Miss Harriet Torrey of Petoskey spent Sunday and Monday with Miss Blanche Boss.

Quite a few from this vicinity attended the Gleaners Rally at Manicelona on Tuesday of this week.

Mr. and Mrs. G. C. Townsend of Boyne City were Ellsworth visitors on Wednesday evening of last week.

Miss Dee Nelson is at home again after a month's visit with her sister, Mrs. Lisle Pangborn, at Big Rapids.

The Holiness tent meetings at Phelps are drawing good crowds several from Ellsworth attending regularly.

Earl Taylor of Dresden, O., arrived last week to join the Dresdenites at "Camp Dodge" on St. Clair Lake.

Mr. and Mrs. Frank Anderson of Hannibal, Mo., are spending a few weeks with their daughter, Mrs. H. H. Elzinga.

Mrs. B. J. Beuker arrived last week to join her husband. The children, John and Alida, will arrive in a few days.

John Skow, a medical student at the U. of M., spent from Wednesday until Sunday at the home of his parents here.

W. E. Richardson of Central Lake was at the Citizens Bank several days last week during the absence of the cashier, S. P. Baar.

Leo Weiss of Detroit called here by the death of his brother, Wallace Weiss, returned to his home on Thursday evening of last week.

L. L. Kinner of Delmar, Iowa, arrived the first of the week for a short visit with his sister, Mrs. W. A. Boss and with his brothers, Chas. and Grant.

M. R. Nelson, J. H. Elzinga and A. L. Ely were at Charlevoix the first of the week on business connected with the barbecue here on August 4th.

Word came here Tuesday morning of the death at 3 o'clock a. m. of Ed. Blow at his home near Norwood. It is not known at this time the details of the funeral arrangements.

Geo. Liberty purchased a new Ford touring car one day last week, and Albert Tornga became the owner of a Chevrolet 4-80 touring car bought from the Ellsworth Garage on Saturday.

The date for the annual mission festival of the Holland churches has been set for August 29 and will be at Peables Grove as in former years. The program has not yet been arranged but committees have been appointed and a good time is assured to those who attend.

The combined Sunday schools of the Holland churches will hold a picnic at Peables Grove on July 4th and the public at large is cordially invited to attend. Music will be furnished by the orchestra of the Christian Reformed church and a fine program will be given by the various Sunday schools. Sports and races will also be on the program as well as one or two good talks by outside speakers.

Plans for the barbecue on August 4th are going forward nicely and many of the arrangements are already made. A baseball game between the Loeb Farms and Gaylord is assured and should be worth coming miles to see. The ox is already bought and the music arranged for while the various committees will be appointed some time this week. Anyone who fails to attend this affair will miss the time of their lives.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown.

MILES DISTRICT

Some crops are suffering for want of rain.

John TerWee is helping John Steenhagen to care for his hay.

James Holben attended meeting at Ellsworth Sunday and took dinner with Ben Madill.

Mrs. Frank Boyd spent Friday with Mrs. Robert Cook near East Jordan.

Mr. and Mrs. Nate Lisakum of Ranney district were callers Thursday afternoon at the Miles home.

Mr. and Mrs. C. J. Evans and children of Charlevoix called at the Miles home Wednesday evening.

Mr. and Mrs. James Holben visited with their grandson, Mr. and Mrs. Xelle Miles, Thursday and Friday of last week in East Jordan.

Mrs. Eliza Kotalik and three sons of Bohemian settlement and Mr. and Mrs. Chas. Withers of Charlevoix visited at Mrs. Anna LaLonde's home Sunday.

Mrs. Allie Carr and little daughters of Vermontville and Miss Bess LaLonde of Grand Rapids are visiting at the home of their mother, Mrs. Anna LaLonde.

ROCK ELM

Haying is now in order through the hot dry weather has made the crop light.

Mr. and Mrs. Richard Lewis of Charlevoix took dinner with Mr. and Mrs. Levi Metz Sunday.

About one o'clock last Wednesday night Mr. Zulick discovered that his barn was on fire. He gave the alarm and ran out and succeeded in rescuing the stock and part of the harness but was badly burned himself. The out buildings were totally destroyed and it was difficult to prevent the house from burning. Unfortunately he carried no insurance.

HOG-PROOF GATE IS HANDY ARRANGEMENT

Cattle and Horses Permitted to Pass at Will.

Two Low Fences, About 18 Inches High, Serve to Keep Swine in Their Own Pasture—Other Animals Can Step Over.

A farmer uses this arrangement to keep the hogs in one lot, while allowing his cattle and horses to pass unrestrained into another pasture. The gate was removed from the hinges, and the space from post to post was boarded up solidly to a height of 18 inches from the ground. About 18

Two Low Fences Across the Gateway Will Stop the Hogs, but Allow Horses and Cattle to Pass.

Inches from each gatepost, inside the lot where the hogs were confined, a short post was driven. Long boards nailed from one to the other of these posts made another panel of board fence, 18 inches high and parallel with the boarded-up gate, with an 18-inch space between the two low walls. When a hog comes to this detached panel, it will go to the end and pass round into the narrow passage between the two board walls, continuing on through and out at the other end till it tires of the performance. One that is short enough to turn in the 18-inch passage is too small to jump or climb over the boards before it, and one that cannot turn is unable to face the wall and make the attempt to climb.

Prince Albert's a new note in the joys of rolling 'em!

Talking about rolling your own cigarettes, we'll tell you right here that Prince Albert tobacco has 'em all lashed to the mast!

You've got a handful of happiness coming your direction when you pal it with P. A. and the makin's papers! For Prince Albert is not only delightful to your taste and pleasing in its refreshing aroma, but our exclusive patented process frees it from bite and parch!

And, for a fact, rolling up Prince Albert is mighty easy! P. A. is crimp cut and stays put and you whisk it into shape before you can count three! And, the next instant you're puffing away to beat the band!

Prince Albert is so good that it has led four men to smoke jimmy pipes where one was smoked before! It's the greatest old buddy-smoke that ever found its way into a pipe or cigarette!

Prince Albert is sold in tippy red bags, tidy red tins, handsome round and half round tin containers and in the round crystal glass humidor with sponge, molasses top.

FARM SELECTION PERPLEXING

Study of Several Intricate Points Called For—Knowledge of Basic Principles Needed.

(Prepared by the United States Department of Agriculture.)

In choosing a farm one has the options of buying with the intention of operating the place as his entire business, buying a small farm and renting enough additional land to meet his needs, or renting a farm either on the share or cash basis. One's choice in the matter is usually determined by the funds available.

If one has only a small amount of capital and wishes to undertake farming as a business from which to derive his entire income, he should, in nearly all cases, begin as a renter. However, if he wishes to buy a farm on which to live, deriving a part of his income from other sources, then, possibly, purchasing is desirable, even if capital is limited.

Whatever course is followed, it is highly desirable that one thoroughly understand the basic principles governing the farm business before deciding some of the finer points. A disregard of these basic principles is responsible for a large proportion of farm failures.

A man may unconsciously work all his life against some economic barrier when success would have been comparatively easy if he had selected a farm where the economic principle would aid him instead of working against him.

AGRICULTURE A NATIONAL PROBLEM

A sober national thought with regard to the importance, the absolute necessity, of a sustained agriculture in this country is imperative. There is, perhaps, no single solution for the situation which the farmers are now facing, but there are many steps which can be and should be taken to place our agriculture on a more satisfactory basis and to stabilize the business of farming, not in the interest of the farmers alone but in the interest of the nation as a whole. The matter is of such tremendous importance to our entire population that it should be recognized everywhere as a national problem and dealt with as such—Annual Report of the Secretary of Agriculture.

Money isn't really of much importance until you haven't any.

Hot Weather is Here

Are you still doing your daily cooking over that hot range?

MAKE STATE 100 PER CENT CLEAN

Slogan of the Health Department Which Will Visit All Resorts

The inspection of the summer resorts of Michigan, which the health department is commencing in co-operation with the food and drug division of the department of agriculture, is a continuation of a program which was commenced last season and was halted when funds by the state health commissioner last gave out.

Now more money is available, and the plan is to go just as far with the matter as possible. Eventually every nook and corner of the state where people take summer rest is to be visited by the traveling laboratory truck from which the investigators operate.

The object of the campaign is to make Michigan a 100 percent health resort to the great advantage of its own people and the many thousands of tourists from other states who make the pilgrimage every year for long or short stays. The plan is to give visitors what they come to find and to safeguard them against every possible ailment which might be contracted from unsanitary conditions.

The state commission has not the funds nor the funds with which to make this work complete, and therefore it appeals to every community to look carefully after the matters of food, milk, water and drainage.

MILITARY FUNERAL FOR HAROLD COLE

Remains of Charlevoix County Soldier Being Brought Home

On the twenty-third of June a ship arrived at Hoboken, N. J., bearing the bodies of many of America's soldier dead. Some have already arrived home draped in the flag for which they gave "their last full measure of devotion," but this ship is of special significance to the people of Charlevoix county because it brings back the remains of Harold Cole.

Harold Cole was born July 29, 1896. He lived practically all of his life in Charlevoix county, for the last several years making his home in Boyne City. He was inducted into service on September 15, 1918, and died in France on February 6, 1919, at Base Hospital 99, of whose special unit he was a private, 1st class.

His father and mother survive him and reside in Boyne City, and funeral services will be conducted from their home upon arrival of the body. A military funeral will be accorded the dead soldier by Ernest Peterson Post No. 228, American Legion, and it is expected the Charlevoix post will attend as its members include a host of Mr. Cole's friends. Burial will be in Maple Lawn cemetery, Boyne City.

Later—Word from Boyne City states that burial will take place on July 2, at 2:00 p. m. standard time, 3:00 p. m. eastern time, at Boyne City. Legion members from Charlevoix and surrounding towns are requested to attend.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 201f

Gasoline Launch Burns

The "Imp", 28-foot gasoline launch owned by E. J. Block of "Hilltop" was burned to the waters' edge from an explosion in the engine, Friday evening about six o'clock. The boat was captained by H. L. Brady who with Mr. Block and a guest aboard the "Imp" were forced to take to the water after several efforts to extinguish the conflagration with a Pyrene extinguisher. They were later picked up by Capt. Partridge and crew of the coast guard station.

A good Non-Skid tire for \$13.50. See Benj. Brown at once. 231f

WHO'S WHO IN MICHIGAN FINANCE

Harry O. Mohrmann, Deputy Commissioner of Banking Dept.

The following article relative to Mr. Mohrmann's promotion appeared in the Michigan Manufacturers and Financial Record, and will be of interest to Charlevoix friends:

"Harry Mohrmann is not from Utah. He is another successful product of northern Michigan, although the bankers have sometimes been under the impression that he came from Missouri.

"In the fall of 1909 Mr. Mohrmann became a bookkeeper in the First State Bank of Central Lake, where he continued until Messrs. McPhail and Richardson established the Citizens Bank of Ellsworth nearby and he was placed in charge thereof. For three years he conducted the affairs of this little bank which involved handling every department of the banking business from sweeping out in the morning to attending directors' meetings. In the fall of 1913 he became assistant cashier of the Charlevoix County Bank, Charlevoix, where he continued until January 1917, when he became bank examiner at Lansing. In March 1920, he became chief examiner and on June 15, 1921, was appointed deputy commissioner to succeed J. M. Conway, who resigned to enter a Detroit bank."

Mr. Mohrmann left Charlevoix in January 1917, to accept a position with the state banking department. Prior to this he had been with the Charlevoix County Bank for some three years. That he has made good is evidenced by the favorable report above.

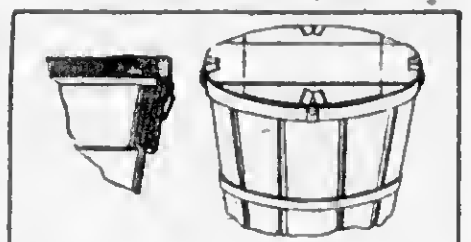

E. V. Smith, piano tuner, in Charlevoix about June 25th. Phone or leave orders at either Bellings. 2512

BASKET FASTENER IS HANDY

Particularly Suitable for Fastening Tops on Fruit and Vegetable Containers.

The Scientific American in illustrating and describing a basket fastener, the invention of J. F. Kennedy of Charleston, S. C., says:

"The invention relates generally to fruit and vegetable baskets and more particularly to the fastenings thereof.

A Perspective View of Basket With Cover Secured.

an object being the provision of a simple and inexpensive means capable of ready use without the necessity of driving fasteners in the basket cover, as well as a fastener which may be quickly applied and will be effective in use."

EVERBEARING IS GOOD BERRY

Where Given Proper Cultural Attention Profitable Crop In Fall Is Almost Certain.

It was less than 20 years ago that ever-bearing strawberries were introduced into this country. At first they were regarded by most folks as a fad, but as the newer and better varieties were brought in, the production of a profitable crop in late summer and early fall became a certainty. Of course, ever-bearing plants are not yet as productive as the well-known common varieties for the reason that they ripen over a longer period of time. Where conditions are right and proper cultural methods are given, however, they will produce as many quarts per given unit of land as will most of the common cultivated varieties.

SPRAY ESSENTIAL IN SPRING

All Fruit Trees Should Be Given Application of Same Kind to Kill San Jose Scale.

All fruit trees except sour cherries, since they are seldom attacked by San Jose scale, should be sprayed with either commercial concentrated lime-sulphur solution diluted with seven parts of water, or a good miscible oil diluted with 15 parts of water, during March or April, before the leaves expand. Thoroughness of application is essential to success.

SPRAY FOR PEACH LEAF CURL

Application of Lime-Sulphur Before Buds Begin to Start Will Prove Effective.

Peach leaf curl can be controlled by spraying before the buds start with lime-sulphur, or by spraying as they begin to swell with 1-1.50 Bordeaux mixture. After the leaves begin to curl you can do nothing but watch them wither and drop.

Let us overhaul that bicycle and make it run like a new one. We guarantee a satisfactory job. Benj. Brown. 201f

62 CHAPTERS WERE REPRESENTED

AT 25th BIENNIAL CONVENTION OF PI BETA PHI

Banquet Served at the Inn Concludes Social Activities of Session—Officers Chosen

The twenty-fifth biennial convention of Pi Beta Phi convened at Charlevoix on July 1, with headquarters at The Inn. Three hundred delegates and visitors representing sixty-two chapters scattered from Toronto to New Orleans and from Boston to San Francisco were in attendance, including every member of the Grand Council.

Four of the founders who organized this national society in 1867 were also present: Mrs. Libby of Yakima, Wash.; Mrs. Ina Smith Soule of Tacoma, Wash.; Mrs. Emma Brownlee Kilgore and Mrs. Clara Brownlee Hutchins of Monmouth, Ill.

Most of the sessions have been devoted to the discussion of fraternity business, relative to extension, scholarship, and the settlement school.

This settlement school established by Pi Beta Phi in 1912 at Gatlinburg, Tennessee, for the benefit of the mountain people of that district, has grown with rapid strides and is now undoubtedly the most influential factor in educational development in that part of Tennessee. This school is supported entirely by the voluntary gifts of Pi Beta Phi and in addition to being a model school also has a nurse who works not only in Gatlinburg, but through many miles of mountain country near there.

An appeal to the members of the convention in behalf of the Near East Relief Fund was made by Charles B. Eddy. Two other addresses held prominent places on the program, that of May Wood Sissons, who spoke on "The College Woman as a Citizen," and that of Kate B. Miller, on "Values."

The petitions of three groups of young women were considered and favorable action taken so that very soon new chapters of Pi Beta Phi will be established at the University of North Dakota, Montana State College, Bozeman, Montana, and Florida State College for Women at Tallahassee.

Stunts, spreads, hikes, baseball games, and swimming have furnished diversion, but the most attractive social feature was the automobile ride provided by the Association of Commerce, Charlevoix. Sunday morning enough automobiles were provided by the citizens of Charlevoix to entertain the entire delegation. This opportunity to see Charlevoix and its neighboring territory was most heartily appreciated by the visiting Greeks.

The Balfour Memorial Cup, presented by L. G. Balfour, of Attle-

HOW ABOUT IT MOTHER? WAS IT YOUR GIRL?

The other night at a late hour, while driving in a lonely place on the road, our automobile lights flashed upon another automobile in which were a boy and a girl. The auto in which they were seated had been driven out to the side of the road evidently to get out of sight as much as possible.

One could not help but wonder if the mother of this girl had any idea about where her daughter was at that hour of night, or if she cared. Much of the evil and shame which comes to girls in their teens, is due in a great measure to the fact that parents are not careful enough in knowing where their daughters are and what company they are in. If mothers are not concerned, of course it is hardly the business of others to butt in, although it is something to be deplored by all who care for the moral tone of the community.

There is so much badness in the world naturally, so much that is wrong, that one dislikes seeing the innocent treading the path that means ruin in the end. Every mother who has been given daughters as jewels to grace her motherhood, should regard them as she would the most precious gems, and her principal business should be to see that they are not sullied, and that they do not become, unknown to her, a jest for the evil-minded and a pity for good men and women.

There may have been no harm intended by this young couple, but it was not the place nor the hour at night that the careful mother would wish her daughter to be in.

boro, Massachusetts, in memory of his wife who was a member of Pi Beta Phi, was awarded to Virginia Alpha Chapter at Randolph-Macon college, Lynchburg, Va., since the record of that chapter most nearly reached the standards of Pi Beta Phi during the past year.

The mileage cup was won by the delegation from New Orleans chapter, there being ten members in attendance.

Individual swimming honors were awarded to the University of Missouri and Northwestern University chapters but the relay race was won by the Province, including California, Nevada and Arizona.

One of the most important measures adopted by the convention is the health program recommended by Dr. Matzke and Dr. Gordon, both physicians of note in New York and Pennsylvania.

A banquet served at The Inn concluded the social activities of the session and immediately after the close of the business sessions Tuesday afternoon, a large group left for a house party at Camp Panhellenic on Washington Island. Another group under the leadership of Mrs. F. A. Rugg, editor of the Arrow, will sail from New York on July 12 on the steamship Albania for a tour through Europe.

The members of the Grand council and other fraternity officers included:

Grand President Anna Lyttle Tannahill of Beloit, Wisconsin.

Grand Vice-President Anna Rob-

ENTER THROUGH WINDOW SUNDAY NIGHT

Relieve Mayer Shoe Store of Several Pairs of Shoes and Small Amount of Cash

Burglars entered the Mayer Shoe Store sometime during Sunday night or Monday morning and stole shoes to a value estimated at \$100 and stripped the cash register of change amounting to between ten and twelve dollars.

The robbery was not discovered until Monday morning when John Slezak, owner of the store, opened his place of business. His attention was first called to the removal of a pane of glass from a window on the south side of the store. The window had been carefully taken out by removing the putty which held the glass in place, from the outside. Entrance was then made and the night prowlers helped themselves to what they needed in the line of footwear, leaving on their departure one cold pair of worn out shoes as a reminder of their visit.

With the exception of between ten and twelve dollars in change, the money in the cash register had been removed on Saturday night at closing time, this forethought on the part of Mr. Slezak saving him better than \$500.00.

No clue has been discovered as yet that would lead to the identity of the robbers. Some think it was the work of some person or persons familiar with the store and surroundings, but there is nothing definite as yet that would lead one to this conclusion.

Charlevoix as well as all northern Michigan towns is being visited by crooks and hold-up men and petty thievery and robbery is being reported daily. The only way to rid this vicinity of characters of this kind is to be ever on the lookout and report all suspicious characters to the police. A few weeks in the county jail on a diet of bread and water will be a lesson to them, and their stop, if they come at all, will be of short duration.

LEGION DANCE WELL ATTENDED

Hundreds Enjoy Favorite Pastime at Beach Hotel

Hundreds from all parts of the city and county attended the American Legion Benefit Dance held at the Charlevoix Beach Hotel Monday evening, and the expressions of all was the best time ever.

The Legion netted something over \$150.00 after all expenses were paid and are in no way backward in expressing their appreciation to Mrs. Baker who extended them gratis all of the privileges of the casino and orchestra.

A good Non-Skid tire for \$13.50. See Benj. Brown at once. 231f

LANDING DATE STILL UNCERTAIN

BUT SANTA MARIA WILL STOP AT CHARLEVOIX

Monster Flying Machine will Have a Notable Passenger List on First Leg of Flight

Colonel Theodore Roosevelt, Assistant secretary of the Navy, will probably be one of the passengers when the giant aeromarine flying cruiser Santa Maria begins her aerial circumnavigation of the Great Lakes. He has already expressed his desire to make the historical aerial voyage, and if it is at all possible for him to get away from official business at Washington he will accompany the big flying boat on its aerial tour.

The Santa Maria will have a notable passenger list within her luxurious cabins when she takes the air from Detroit on the first leg of her long flight. Among the passengers who have already accepted the unique opportunity of participating in making history are the following: Captain William A. Moffet, director of the United States Naval Air Service; Senator Keyes of New Hampshire, member of the senate committee on naval affairs; and Congressman Frederick C. Hicks, chairman of the house sub-committee on aviation. There is every possibility that Governor Groesbeck of Michigan and Dr. James W. Inches, police commissioner of Detroit will also make the voyage.

The outstanding result that will be achieved by the Santa Maria in her forthcoming flight will be the demonstration to citizens along the lake shores that the new mode of travel has caused their domain to shrink to small dimensions in point of time. She will clearly illustrate to them the possibility of journeying to any resort along the shores of Lakes Superior, Michigan and Huron in the same number of minutes where hours are required in the existing forms of travel.

The Santa Maria in her memorable flight will clearly show that in the near future the resident of Chicago, Milwaukee or Detroit will be able to commute to his business during the summer months from his favorite resort. She will demonstrate that a business man can make the journey to and from his office, morning and night to the far-away resort in as little time as it now takes him to go to his suburban home on the trolley or suburban lines.

Just think of the following possibilities that could be made actualities by flying boat services. Thing of traveling from Chicago to Marinette, Wisconsin, in one hour and thirty minutes? That will give you an idea of the promise of the future when flying boats similar to the Santa Maria, or the famous naval coast patrol six passenger flying boats of the Aeromarine or its associated lines begin to operate along the Lake shores.

How many persons would dream of traveling from Oconto, Wisconsin, to Ludington, Michigan, in sixty minutes. The Santa Maria could do that easily. She could fly from Detroit to Port Huron in 45 minutes, and in her coming aerial tour will do so. She can traverse the distance between Charlevoix, Michigan and Sheboygan, Wisconsin, in the brief measured space of ninety minutes, or she can cover the distance between Chicago and Manitowish, Wisconsin, in seventy-five minutes.

These are not dreams but actualities based on the known performances of the Santa Maria. The time is not far distant when aerial routes such as those outlined will be a matter of daily schedule. The possibility for their establishment has been opened up through the foresighted policy of the United States Navy department in placing a limited number of the famous coast patrol flying boats at the disposal of commercial air lines, at one-third the amount it cost to build them. The navy has done this in co-operation with the Aeromarine Airways for the purpose of aiding in the establishment of commercial air lines, realizing that in the development of civil aerial transport lies the future safety of the national defense.

Annual School Meeting
The regular annual meeting of the tax payers of School District No. 1, Charlevoix City and Township, will be held in the High School room on Monday, July 11, at 8:00 p. m.
Gail C. Vandermade, Secretary. 276f

Circulation counts—we have 4.

1959 HERD OF CATTLE TESTED

PERCENTAGE OF REACTORS 1-2 PER CENT

Wool Receiving Day in Charlevoix Set for July 19—Cow Testing Association

The first section of the Boyne City Tuberculosis Eradication campaign closed June 11th. One thousand and five hundred and ninety-five head of cattle were tested, tagged and charts were made out for each of these animals and proper records made out for Lansing and Washington offices. The percentage of reactors found was less than one and one-half per cent, which, comparing with the records of other sections, showed that our cattle are remarkably free from the disease. Dr. High is now working in Antrim county, but we expect him back for more work during the month of August. Those who have not as yet signed up should see that their application is sent to the county agent's office in the very near future. We have a number of herds all ready signed up, which was impossible to get to during the first campaign.

Wool receiving days have been scheduled as follows: Boyne City, July 18th; Charlevoix, July 19th. The state farm bureau wool graders will be on hand on the above dates to weigh and grade all wool brought in. This will enable the grower to know what kind of wool he is growing and the comparative value of the same. It will also enable him to more intelligently select and breed sheep.

Charlevoix county is to have one stop of the Dairy Demonstration train, which has been scheduled through co-operation of the Michigan Agricultural College, Michigan Holstein Friesian Association and the Michigan Central and Pennsylvania railways. This train will be well equipped containing in all some five cars. We anticipate a large crowd when it pulls in sometime during the latter part of the second week in August.

Through re-organization of the Emmet County Cow Testing association, six Charlevoix county dairymen have been taken into the association and the name changed to the Emmet-Charlevoix County Cow Testing association. Two of these men will do semi-official work and we anticipate some very good records being made, which will be a decided credit to the county.

Mr. Wilcox, the tester, has been in the county for the last ten days and informs us the work is proving quite a surprise to most of the dairymen. The record shows in dollars and cents what a cow is worth to his owner, every month.

NEW HOURS FOR CITY SPRINKLING

Water Being Used Faster Than It Can Be Pumped

On another page of this issue notice is given concerning the use of city water, the hours of sprinkling being set from 6:00 a. m. to 9:15 a. m.

During the present unusual and extremely hot and dry weather, more water is being used than the capacity of the city's pumping station. Tuesday night between the hours of seven and nine, the water pressure was the lowest yet experienced for many seasons. Water is being used for sprinkling in greater quantities than it can be filtered and pumped.

Not only this, but there is, and if rain does not come soon, a shortage of water at the Bellaire station. It means just this—a scarcity of water at Bellaire, no water to run the water wheels and consequently no electric power, as the city depends entirely on its water supply here to generate electricity.

Citizens are asked to live strictly to this new ruling, which is hoped will only be temporary. Unnecessary use of electric current should stop at once. Be saving, or we may be without both electric current and water.

Petoskey has issued a no sprinkling order. Boyne City is hard put for water. We must use our water and electric current carefully, or face the same situation.

First Church of Christ, Scientist
Sunday service at 10:45 a. m. subject, "Sacrament."
Sunday school at 12 m.
Wednesday service at 7:45 p. m.
Reading room open Tuesday, Thursday and Saturday, 2 to 5 p. m.

ANNUAL SCHOOL MEETING JULY 11

Two New Members of Board to be Chosen—One Resignation

The annual school meeting of Charlevoix City and township will be held in the high school room, Monday evening, July 11, at 8:00 p. m., at which time two new members of the school board will be chosen, some person to fill the vacancy caused by the resignation of Mrs. P. E. Vandermade.

Trustees A. F. Bridge and Mrs. R. B. Armstrong are the retiring members, and Mrs. Vandermade, secretary of the board, has tendered her resignation, thus causing the third member to be elected.

The school board is one of the important bodies conducting public affairs in this community. It directs and governs the house of learning and the men and women should be possessors of all of the qualifications of school directors in handling the educational department of public affairs.

Any qualified voter is eligible to cast a vote at the school meeting for the election of officers, but when it comes to raising money, only taxpayers can vote.

If you want to have a voice in school affairs and say who will represent you on the school board, attend the meeting on July 11, and don't kick afterward on the personnel of the board directing the educational affairs in the community in which you live.

DEMPSEY DEFEATS CARPENTIER IN 4TH

FLOORS RIVAL WITH RIGHT TO THE JAW

American Champion Knocks Out the Idol of France Before Audience of Thousands

Jack Dempsey, heavyweight champion of the world, Saturday whipped Europe's greatest fighting machine when he knocked out Georges Carpentier, idol of France in the fourth round of the greatest world championship fight.

Two vicious rights to the chin ended the Frenchman, and brought the fight to a dramatic climax when it looked as though it would go many rounds.

The Frenchman opened the fight with a left jab to the face and landed several blows before the champion landed a blow. The champion won the first round, however, with a rain of rights and lefts to the head. In the closing seconds of this round Carpentier missed a vicious swing and fell through the ropes. He came back in the second and carried the round by a shade, but was pounded hard in the third and opening of the fourth.

About 90,000 spectators saw the fight, and they paid nearly \$2,000,000 for their tickets. Of this large sum the fighters divide \$500,000 and Tex Rickard will make several times as much money as he ever made on any other venture. Others will make money, too, and Uncle Sam will, as a result, pull down almost half a million in additional income taxes.

OH, SKINNAY, HEY—LES' GO SWIMMIN'

Water Warmest Ever Known in Pine and Lake Michigan

Resorters who have been coming to Charlevoix for the last 35 years and old residents who have lived here a life-time, state that they have never within the span of their memories known the waters of Pine Lake and Lake Michigan to be so warm as during the past three or four days.

Sevens attired in bathing suits visit both lakes many times a day in an effort to keep cool. The beach on both sides of the harbor is lined with people, both afternoon and evening, and hundreds enjoy the waters of the lake.

At the Belvedere and Inn, both splendid places to bathe, hundreds daily enter the water, some staying in a greater part of the day.

The unprecedented hot weather has driven the people to the cool water of the lakes, and bathing is pronounced the best ever known in this section.

NEW AUTO LAW IN FORCE JULY 1

OWNERS MUST SECURE OWNERSHIP CERTIFICATE

After July 1, 1922 It Will Be Impossible to Get License Without Having This Certificate

Each of Michigan's 460,000 automobile owners, commencing last Friday, July 1, must within one year fill out and mail to the secretary of state, the automobile title registration blank which has been sent him. After July 1, 1922, it will be impossible to obtain an auto license tag without the certificate of registration and title. Secretary of State Charles J. Deland today pointed out the advisability of making an early return of the application which must be accompanied by a fee of one dollar.

After July 1, 1922, the secretary of state, automobile registration department will have a complete record of every automobile in the state. It will be possible by turning to a file, to find the owner's name, whether the car is free of incumbrances, if not who holds the notes against the driver and all other data necessary in determining the rightful ownership of a machine.

It will be impossible for one person to sell a machine without first transferring his certificate of title and registration to the purchaser. It is up to the purchaser to request this certificate of the seller as he will be unable to get a license tag without it. This protects the innocent purchaser of a used car.

Strict penalties are provided by law for violators of the title registration act which was passed by the 1921 legislature.

But few states have a law so broad in its scope as the one going into effect in Michigan. It was modeled after the laws of Maryland and Indiana.

The laws provides that the secretary of state can refuse to issue a certificate of title and registration if he determines that the applicant is not entitled to the certificate, and may, for a like reason and after notice and hearing revoke a certificate already issued.

SUMMER SERVICE ON PERE MARQUETTE

New Schedule Went Into Effect Friday, July 1

Summer service over the Pere Marquette railroad to Petoskey began last Friday morning. The addition of the motor car will provide the following service:

Leave Petoskey 8:35 a. m. (except Sunday), 10:05 a. m., 11:45 a. m., 1:45 p. m. (except Sunday), 5:35 p. m., 6:45 p. m. except Saturday.
Leave Charlevoix 7:05 a. m. (except Monday), 10:54 a. m., 1:45 p. m., 3:14 p. m. (except Sunday), 7:10 p. m., 8:56 p. m. (except Sunday).

TIME TO USE FLY SWATTERS IS WITH US

Have you a little swatter in your home?

The fly season is with us again in full blast, and health authorities appeal to the citizens to exterminate the pests as far as possible through elimination of their breeding places, and through copious use of swatters. The dangers of the fly have been so often pointed out that comment is scarcely necessary. That he is a carrier of filth, in which he lives, breeds, and has his being is a matter of common knowledge.

Of more importance, perhaps, than swatting is the prevention of the fly propagation. By burning or keeping covered receptacles all perishable waste and stable refuse, or by liberal use of chlorine of lime or some other disinfectant, most of the fly's breeding places can be eliminated. Then, efficacious swatting will do the rest.

However, as the millennium of a flyless age is not here, doors and windows should be screened, and the screens kept in place. All articles of food, particularly milk, should be especially protected. It is important to keep the flies off the milk bottle rims and edges of cream pitchers. The baby's bottle ought to receive special attention, and the child's crib should be carefully protected to prevent the entrance of the pests.

"Keep everlastingly at it," is the only advice to give toward getting rid of flies, the health officials say.

CORRESPONDENCE

NORWOOD

Still no rain!
Ralph Stafford is driving taxi for Mr. Fowler.

Mrs. Roberta Chase spent the week-end at Charlevoix.

Mrs. Gennett's two grand-children of East Jordan are here visiting.

Mr. and Mrs. Oscar Patterson are now occupying their cottage here.

Mr. and Mrs. Nelson Empey spent the Fourth with their son, Percy Empey.

Wilbur Haskins is spending a few weeks with his grand-mother, Mrs. Haskins.

Mr. and Mrs. Paul Dye of Traverse City motored to F. E. Richardson's Sunday.

Mrs. Henry Gennett and family and George Whitley motored to East Jordan Sunday.

Mr. and Mrs. Guy Empey and Mr. and Mrs. Merrill Filo spent the Fourth at Petoskey.

Mr. and Mrs. Kidder and son of Cadillac spent Tuesday at the home of Mrs. Henry Gennett.

Mr. and Mrs. George Holecheck and family of Charlevoix spent the Fourth at Joe Holecheck's.

Mr. and Mrs. Merril Filo of Lansing are visiting Mrs. Filo's sister, Mrs. Guy Empey, this week.

\$100 Reward, \$100

Cataract is a local disease greatly induced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and assists nature in doing its work. \$100.00 for any case of Cataract that HALL'S CATARRH MEDICINE fails to cure. Testimonials free. F. J. Chaney & Co., Toledo, Ohio.

Mr. and Mrs. George Light and Mr. and Mrs. Henry Wagner of Charlevoix spent Monday evening at F. E. Richardson's.

A party of thirty-five enjoyed the Fourth at the Haskins home where they served dinner on the lawn and lemonade, ice cream, and watermelon during the afternoon. Mrs. Robert Blow of Linden, Wash., was one of the guests.

The Fourth was well celebrated at Norwood. The beach was crowded, and the general opinion seems to be that the only cool place was in the water. Ellsworth was well represented and basket dinners very much in evidence. Everyone reports a good time.

A pleasant surprise was given Dr. Hewitt and family the Fourth, when Mr. and Mrs. Martin Block, Mr. and Mrs. Marshall and daughter Bernice, and Mr. and Mrs. Staff of Charlevoix, and Mr. and Mrs. Wm. Burns of Barnard came to spend the day, bringing with them an appetizing potluck dinner which was served on the lawn. Afterwards they enjoyed bathing in Lake Michigan.

A good Non-Skid tire for \$18.50. See Benj. Brown at once. 23tf

BARNARD

Still very hot!
Thomas Matchett of Bay City is staying a few days with his brother, Robert Matchett.

Mrs. Joe Gornell and her guest, Mrs. Teale of Philadelphia, visited at Howard Gornell's and Wm. Burns' on Thursday last.

The glorious Fourth has come and gone, spent in various ways, but everyone voting it one of the hottest days known in northern Michigan.

Quite a few Barnardites went to Boyne City to attend the funeral of

Harold Cole thereby showing their respect to one of our heroes of the late war, also showing their sympathy to the bereaved parents who were formerly citizens of this community.

The reception given in honor of Mr. and Mrs. John Beattie on Wednesday evening was one of the biggest social events of the season. Over one hundred guests were present and all enjoyed the hospitality and fine supper provided by the hostess Mrs. Albert Beattie. Many beautiful gifts were given the bride and groom and altogether it was a most enjoyable evening.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown. 20tf

EAST CHANDLER

Wm. Hughes was a Petoskey caller Tuesday.

Bernie Adams and family spent the week-end at Petoskey.

Boyd Townsend visited at the Martin Howard home Sunday.

Noah Howard had lightning rods placed on his buildings Thursday.

Frank Atkin was on the board of supervisors at Charlevoix last week. Mr. and Mrs. Will Townsend visited at the Bert Walton home Sunday.

Mrs. Orpha Snyder is spending the week with her daughter and family, Mrs. Mabel Clark.

Mrs. Mabel Clark and daughter, Lois, called on Mrs. Sadie Hughes Sunday afternoon.

Gertrude Hughes returned from Chula Vista Wednesday evening reporting a fine time.

Mr. and Mrs. Earl Walker and family visited at the Herbert Howard home a few days this week.

Miss Iva Crego left Boyne Falls on the midnight train for Grand Ledge last Friday night to spend her vacation with friends and relatives at and near that place.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown. 20tf

IRONTON

Mr. and Mrs. Hugh King and children spent the Fourth at Boyne City. Mr. and Mrs. Wells of Cadillac are visiting Mr. and Mrs. Lee Barnum.

Mr. and Mrs. Shepherd of Muskegon are visiting at the Dates Denn home.

Mr. and Mrs. George McMullen and Mrs. Joel King spent the Fourth at Boyne City.

Mr. and Mrs. Will Webb and children spent Sunday with Mr. and Mrs. Henry Webb.

Pierce Williams drove from Detroit Saturday to spend two weeks with his mother.

There will be a special meeting of the Eveline unit of the farm bureau at the Grange hall Friday evening, July 8.

Mrs. Joel King, an old resident of Ironton now living in Lansing is visiting Mr. and Mrs. Hugh King and Ironton friends.

Mr. and Mrs. Will Crunk and daughter who spent a month in the Hemingway cottage returned to their home in Oak Park, Ill., Thursday.

Mr. and Mrs. Wenrich of New York are visiting their sister and brother-in-law, Mr. and Mrs. G. F. Kimball.

The Sunday school had a picnic the Fourth in Mr. Stewart's grove and was largely attended. Ice cream with a big dinner was enjoyed by all. Rev. Smith and family attended and Mr. Smith gave a fine talk.

We have several bargains in used cars. Terms to suit the purchaser. Benj. Brown. 20tf

DEER LAKE

Mr. and Mrs. Terry Barber spent last Tuesday and Wednesday at Beaver Island.

Mrs. Hans Johnson of Elk Rapids returned to her home last Wednesday after visiting her son and daughter, Mr. and Mrs. Will Korthase.

Mrs. John Korthase and daughter and Fred Gahlen who were called here by the death of their brother-in-law and uncle returned to their homes at Chicago last Friday.

If you cannot afford a new car, we can furnish you with a good used car at a price that will surprise you. Benj. Brown. 20tf

CLARION

Carl Irish of Traverse City is the guest of his uncle, N. C. Griswold. Mr. and Mrs. Orvin Winkler and family of Iron Mountain are visiting relatives here.

Charles Johnson who has been seriously ill for months was able to take a short auto ride on Monday.

Mrs. Charles Johnson who underwent a serious operation at Petoskey hospital two weeks ago is slowly improving.

An exploding firecracker set fire to the roof of Frank Bank's house on Saturday but the fire was extinguished before serious damage was done.

Mr. and Mrs. Joe Timko, Miss Loretta Webster and Miss Shirley Jesick of Flint are the guests of Mrs.

DODGE BROTHERS
MOTOR CAR

The early part of the year 1920, as everybody knows, was remarkable for the tremendous volume of automobile business. Yet our deliveries for April 1921, greatly exceeded those of April 1920. This fact speaks eloquently for the goodness of Dodge Brothers Motor Car, for the reputation of Henry B. Wood and for the wisdom of the Charlevoix public.

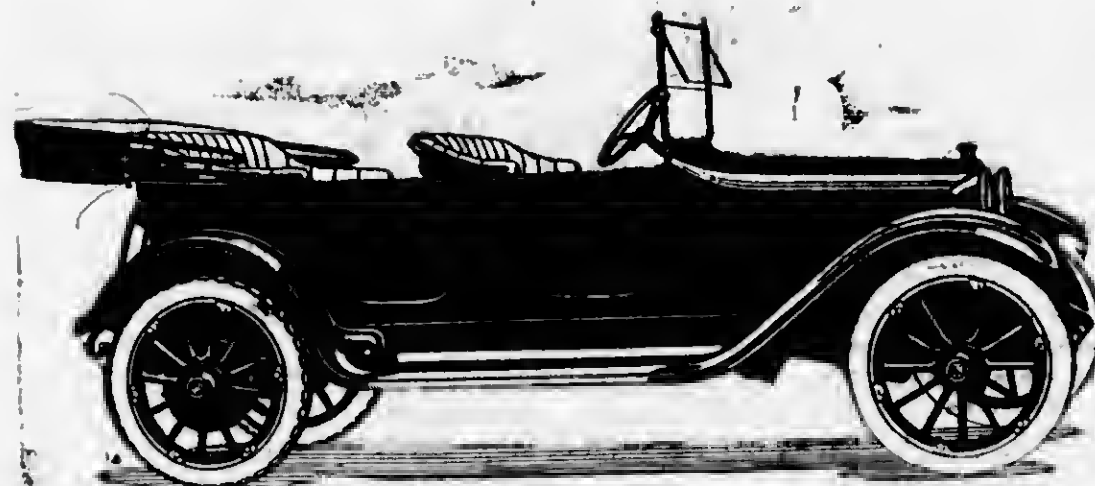

People have not stopped buying motor cars. They are simply buying with greater care. They are demanding dollar for dollar in value.

And, as the figures show, they have learned where they may buy with full assurance that honest values are always to be obtained.

PREVENT DISEASE OF CALF

Improper Feeding or Insanitary Conditions or Both Are Cause of Many Afflictions

(Prepared by the United States Department of Agriculture.)

Most calf ailments are due to improper feeding or insanitary conditions, or both. Keep the calf out of cold rains in winter as much as possible and provide a dry, well-bedded stall at night.

Provide Nature's tonics—exercise, sunshine, pure air, abundance of fresh water and a variety of feeds—and

It is Easier to Prevent Calf Disorders Than to Cure Them.

There will be little need for medical attention. It is better to prevent the occurrence of disease than to be under the necessity of curing it afterward.

Observe the calf at all times. If it should appear drowsy, feverish, stiff, or sluggish, act quickly. Reduce feed at once, and the disorder may be in large measure prevented. Keep salt before the calf at all times. An abundant supply of fresh water should be available always.

Some of the commoner ailments can be treated by following instructions which are contained in various bulletins and publications of the United States Department of Agriculture. In case of serious illness, consult a competent veterinarian at once. Do not delay.

A good Non-Skid tire for \$18.50. See Benj. Brown at once. 23tf

RED CLOVER CAN BE SOWN EARLY

Many Farmers Plant as Early as
February, Even While Snow
Is On Ground.

SEED SELECTION IMPORTANT

Plant Is Hardy and Not Injured by
Ordinary Cold, and Sowing May Be
Done While Other Farm Work
Is Comparatively Slack.

(Prepared by the United States Department
of Agriculture.)

Red clover has been styled the corner
stone of agriculture in the North
Central and Eastern states.

Many farmers will begin laying the
corner stone as early as February,
when it is customary in many sections
to sow red clover on the surface of the
snow, so that it will sink into the soil
with the first thaw in the spring. Red
clover is hardy, and is not injured by
ordinary cold; and the fact that it can
be sown at a season when work on the
farm is comparatively light adds to the
economy of its cultivation.

The first important point to be ob-
served is the selection of good seed.
Any specialists of the United States
Department of Agriculture. Consider-
able care should be used in this re-
spect well in advance of the time of
sowing. This is particularly true at
present, when a large proportion of
the red clover seed used in the United
States comes from abroad. If poor
seed is used the expected crop may be
a partial or total failure.

Good Seed Is Plump.

Good red clover seed is plump or
well filled, bright with a slight luster,
the color of individual seeds ranging
from violet to light yellow. The indi-
vidual seeds should be at least me-
dium sized and fairly uniform, free of
adulterants of any kind and from
seeds of noxious weeds.

Home-grown seed is desirable, espe-
cially in the North, because it is al-
most certain to be adapted to local
conditions. If it is not available, sam-
ples should be obtained from reliable
dealers. These should be examined for
adulterants, weed seeds and shriveled
seeds. They should also be tested for
germination before purchasing in
quantity.

In the absence of more accurate
methods an estimate should be made
of the proportion of true red clover
seed, and of weed seeds and other im-

purities. From the red clover seed
separated from all impurities, a count-
ed number, as 100, should be taken
just as they come. These seeds should
be placed between layers of moistened
cloth or paper or merely covered in a
bed of sand or light soil. A dinner
plate, covered with another, is a suit-
able germinating receptacle. It can
be kept in the living room, at a tem-
perature between 65 and 85 degrees.
Between the third and sixth days the
sprouting ability of the seeds should
be shown.

It should be borne in mind that the
sowing value of the seed is represent-
ed by the amount of true clover which
will germinate with reasonable
promptness. Thus, if four-fifths of a
sample is pure clover, and only three-
fourths will sprout, then only three-
fourths of 80 per cent, or 60 per cent,
of the original seed is offered will grow.
Thus, the germinating test has an important
bearing on the worth of seed offered to
the farmer.

Protects American Farmers.

A seed-testing service is maintained
by the United States Department of
Agriculture, where 20,033 samples of
various seeds were examined and
tested in the last fiscal year—10,442 in
Washington and 13,191 in the five-
branch seed-testing stations. Similar
service is offered by the various state
experiment stations. The department
also exercises a strict inspection serv-
ice over field seeds brought from for-
eign countries, and last year 5,000,000
pounds of various seeds were rejected
or held for cleaning before being al-
lowed to be offered to American farm-
ers.

It is important that the testing of
seed be done early enough that a suf-
ficient supply of pure seed can be pur-
chased in time for use; and if seed is
to be sent to one of the government
or state testing laboratories, at least
two weeks should be allowed.

DRY PLACE FOR SEED BEANS

Molds Will Quickly Attack Crop If
Moisture Gets to Them, Killing
Germinating Qualities.

Beans for seed should be kept in a
dry place or molds will readily attack
them. Beans will heat if the least
bit of moisture gets to them and de-
stroy their germinating qualities.
Shovel them over will help keep
them dry.

DAIRY THE DAIRY

WATER IS PRIME REQUISITE

Labor of Watering Stock Can Be Prac-
tically Eliminated by Installing
Automatic Bowls.

Many dairy farmers are still depend-
ing on their hired help to lead the
cows to the watering trough for water
during the times they are confined to
their stalls, depending on the work-
man to remember when a cow may
need water and requiring much of the
man's valuable time in watering the
stock.

The labor of watering the stock can
be practically eliminated and at the
same time the milk production of the
cow increased by installing sanitary
automatic watering bowls.

Most dairy farmers realize the im-
portance of an abundance of pure wa-
ter for the cow, but do not realize the
cost of labor consumed in watering
the cow, nor the importance of the
cow getting her drink just when she
wants it, says Dairy Farmer.

About 87 per cent of the milk is
water. A cow requires 8 gallons of
water to produce 10 gallons of milk,
besides the water she needs for her
body. She requires 2½ pounds of wa-
ter for each pound of milk produced.
Why supply high-priced feed to in-
crease milk production and neglect to
give her sufficient water?

In answer to letters sent to dairy
farmers in 15 states using various
makes of water bowls, which will al-
low the cow to drink at any time, 65

Importance of Water Supply for Cows Is Realized by Many Dairymen.

replies stated that there was a saving
of labor ranging from one-half hour
to five hours per day. An approximate
average of these would be about 1½
hours, depending upon the size of the
herd.

DAIRY CATTLE NEED SILAGE

Succulence It Supplies Is Very Neces-
sary for Large Milk Production
—Cheapest of Feeds.

Silage is the best and cheapest feed
in which to store succulent feed.
Many forage crops can be made into
silage, but corn, where it can be
grown successfully, makes the best
silage.

Good silage depends upon cutting the
crop at the right stage, fine cut-
ting, even distribution, thorough
packing and plenty of moisture in the
cut material. When rightly put up
and carefully fed, there should be
little if any loss through spoiling.

Silage is well suited for feeding to
all live stock. Dairy cows need it
perhaps more than other classes of
animals, because the succulence it
supplies is very necessary for large
milk production. It is a cheap and
economical feed for beef cattle, from
breeding cow to fattening steer. Sheep
like it, and it is well suited to their
needs. Even horses and mules may
be fed limited quantities of good
silage with excellent results.

Horticultural Facts

CONTINUOUS FIGHT ON PESTS

Some of Most Valuable Control Work
May Be Accomplished During
Dormant Season.

In order to increase the production
of fruit it is essential that fruit grow-
ers wage a continuous fight on orchard
pests. Some of the most valuable
control work can be accomplished dur-
ing the fall and winter months. Cer-
tain destructive insects are held in
check only by spraying during the dor-
mant period of trees, when stronger
washes may be used than when the
trees are in foliage. Many insects
spend the winter on the tree in the
egg, larva or pupal stage, and their
destruction in the course of pruning
and other orchard work is practicable
and is of much importance in keeping
them reduced. Certain fungous and
bacterial diseases, particularly pear
blight and apple canker, are best
worked upon at this time.

Practically all of the orchard scale
insects can be successfully controlled
by spraying the trees after the foliage
has dropped. This work may be done
either in the fall or during the winter
when the temperature is above freezing.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this
one brand. Camels are as good as it's pos-
sible for skill, money and lifelong knowledge of
fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this
in mind! Everything is done to make Camels the
best cigarette it's possible to buy. Nothing is done
simply for show.

Take the Camel package for instance. It's the
most perfect packing science can devise to pro-
tect cigarettes and keep them fresh. Heavy paper
—secure foil wrapping—revenue stamp to seal
the fold and make the package air-tight. But
there's nothing flashy about it. You'll find no
extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more
than premiums or coupons. And remember—you
must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest
cigarette you can imagine—and one entirely free
from cigarettey aftertaste,

It's Camels for you.

TREE-PLANTING IS SCIENCE

Commendable Custom Should Form
Part of Improvement Program
of Every City and Town.

Tree-planting as a memorial in
honor of the men who sacrificed their
lives for their country is taken up
widely. This commendable custom

This Diagram From the American
Forestry Association Shows How to
Plant a Tree Properly.

should be observed not only this year
but every year. Tree-planting should
form a permanent part of the improve-
ment program of every city and town
in the United States.

FAULT IN CREAM SEPARATOR

Often Happens That Foreign Matter
Lodges in Screw Causing De-
crease in the Flow.

If the flow from the cream spout
of the separator seems smaller than
ordinarily, it usually pays to investi-
gate. In spite of all precautions, it
often happens that foreign matter
lodges in the cream screw thus caus-
ing part of the cream to be retained
with the skim milk. A test of the
skim milk will tell.

DESERVES A CONGRESSIONAL MEDAL

Rep. Pat. Kelley of Michigan deserves a medal for his leadership in retiring the house members from the conference committee of the senate and house in Washington, when the former body undertook to dictate to the latter, without reason, in the matter of the naval appropriations bill. The senate had tacked \$10,000,000 onto the house bill, and undertook to tell the lower body that whatever the upper house might want the lower house must accede to.

Taking the position that such insistence succumbed to, meant a practical abolition of the house of representatives, the Michigan congressman at large informed the senate that in this, as in his refusal for the Knox peace resolution last fall, and as it is now before that body, he re-

gards the house as much an independent constitutional body, dependent upon the judgment of its own members as any other branch of the federal legislature. It was never intended that either should dictate to the other, and if the time ever comes when one or the other house needs to be abolished, it will be for the people to do it—and it will probably be the senate that will have to go.

Congressman Kelley told the senate conferees that the upper house is getting altogether too chesty and autocratic for its own good, say nothing of the good of the country. He told them a number of other things that may not have listened well in senatorial ears, and then left the conference followed by all but one of his house colleagues. Hailed as a leader in preservation of the independence and dignity of the house, Rep. Kelley is at once being groomed by majority leaders for chairman of the appropriations committee on which he has been doing house, Rep. Kelley is at once being only consistent with necessity and partisan plums concern him not.

Regardless of party congress needs more Pat. Kelleys in it. He is continuing his record made as superintendent of public instruction in Michigan, and later, as lieutenant governor, presiding over the state senate. More than once back in those extravagant days, he took the floor to advise against the legislature squandering the people's money and though he had no vote, he exposed situations that made such squandering a dangerous thing to do. On that record he was first congressman-at-large from Michigan and has been kept there for his good work, such as this, which every now and then comes to public notice

More Congressman Kelleys, we would say, and perhaps the senate may lose some of its arbitrariness, and maybe surrender some of its conceit.

KALKASKA SETS A GOOD EXAMPLE

In ordering a grand jury investigation to determine the responsibility for forest fires, incendiary and otherwise, that have been sweeping Kalkaska county, J. L. Boyd, the prosecuting attorney of the county, is placing a proper emphasis on the enormity of the offenses of those who are responsible for the conflagrations. He is taking the only course that is likely to bring the misdoers to justice and stop their activities. His move indicates, too, that there is in at least one county in Michigan an official who understands how to co-operate with the state authorities who are trying to insure a conservation of our forest resources and save human lives and human dwellings from the threats of death by fire that face them each year in the woods.

Mr. Boyd is blazing a trail that ought to have been opened long ago and if the prosecuting attorneys will follow his example, will cease looking upon forest devastations as relatively unimportant incidents, and will treat those who start fires as serious offenders against the law who must be made to suffer to the limit, good results are bound to be general.

COUNTRY TOWN BOOSTING

Right now agriculture is our big important problem and it is the problem of the manufacturer, the merchant, the newspaper and newspaper editor, the banker and the general public just as much as it is the problem of the farmer.

Agriculture, above all industries, is entitled to constructive publicity. Agriculture is of such importance that we could well afford to consider everything that is spoken, written, printed or painted in the light of the question: "Will it help or harm our agricultural interests? Will it benefit the farmer?"

Farming is just about the only thing that has not used publicity to advantage. It needs boosting. It cannot get along without it, and still keep up with the times.

The farmer who can afford to spend a dollar, or \$10 or \$100 cannot afford to spend it in some way with the community newspaper—either by subscription, or having printing done, or by inserting the "card" of his farm in its columns, or advertising the products he has for sale to some extent, at least, and at the right time. And the publisher on his side, cannot afford to do a thing less than boost the farmers and the farm products of the county contiguous to his place of publication.

When a stranger comes to this town he looks around. It is the natural thing to do. His opinions are formed from what he sees and hears and from nothing else. As he finds conditions to exist, so he repeats them when he goes elsewhere and repeats them to other people. That is what makes our reputation abroad and it is worth remembering.

ASK FACTS ON HOMES OF CITY

U. S. Census Bureau Wants to Know of Mortgages in Charlevoix

The director of the national census bureau, at Washington, D. C., has written asking that Charlevoix residents who have not yet complied with the request to send information as to the amount of incumbrance on their homes—if any—do so without delay in order that necessary statistics may be compiled. Answer will be regarded as confidential, and no publication will be made whereby the figures for any individual can be identified. Here are the facts which should be mailed to W. M. Stewart, director:

Street and number of house.
Market value of the home on January 1, 1920.

Amount of incumbrance on above date.

Amount of this incumbrance when existing loan was made.
Annual rate of interest actually being paid January 1, 1920, on above indebtedness.

Notice of Sprinkling Hours

You are hereby notified that until there is relief from the extremely dry weather sprinkling can be permitted only between the hours of 6 a. m. and 9 a. m.

It is regretted that this is necessary but for the following reasons it must be observed:

1. Low water at the hydro-electric plant of the city in Belleaire.

2. Insufficient capacity of pumps and electrical machinery to supply the present exceptional demand.

3. Insufficient capacity of filters at the pumping station.

Please refrain also from unnecessary use of electric current. Help save the current in every possible way. Otherwise stringent rules may be passed.

Your co-operation in this matter is asked in order that all may have sufficient water and electricity for necessities.

LEG SEVERED BY MOWING MACHINE

Twin Daughters of Ludwig Greiner are Badly Injured

The twin daughters of Ludwig Greiner, living four miles south of the city were both badly injured late last Wednesday afternoon when they were run into by a mowing machine driven by their eighteen year old brother.

The young man was cutting hay alongside the road south of the Greiner home, and asked the little girls who were with him, to move back a wire fence that he might cut the grass. The twins did so, and before they had gotten out of the way, the cutting bar of the machine reached them, cutting five gashes on the right leg of one, and the other three small gashes, besides severing both knees so that the foot hung only by the flesh at the back of the leg, just above the ankle.

The little girl badly injured was taken to the Charlevoix hospital where an attempt was made to save the limb. The other, whose injuries were less serious, received medical aid at home.

Reports from the hospital are that unless complications set in, the leg will be saved.

Tire repairing is one of our specialties. Our work is satisfactory. Benj. Brown.

AT THE MOVIES

D. W. Griffith's big special production coming to Palace Theatre on next Saturday and Sunday.

"Dream Street" is the latest screen effort to come from D. W. Griffith. It is a tale of romance and love and laughter, symbolized with Good and Evil influences lending an enchantment rarely seen in such cinema productions. The ideas are Griffith while the characters are taken from two stories of Thomas Burke known as "Gina of Chinatown" and "The Sign of the Lamp." The locale is set in Limehouse, London. Although it might be said to encompass the world when it comes to the final analysis of the humans who trip gayly through the several scenes of dramatic effects directed by Mr. Griffith.

Mr. Griffith has assembled a cast of rare talent to enact the roles of "Dream Street." Carl Dempster is the Gypsy Fair. The "Spike" McFadden of the story is taken by Ralph Graves while his brother "Billie" is portrayed by Charles Emmet Mack. Tyrone Power is the symbolized street preacher for Good and the Evil one in the street fiddler is done by Morgan Wallace. W. J. Ferguson plays Gypsy's father and the great Sway Wan, of Chinese noble birth is impersonated by Edward Peil.

W. C. T. U. MEET NEXT TUESDAY

Will Observe Flower Mission Day at Round Table in Park

The W. C. T. U. will observe Flower Mission day next Tuesday afternoon, July 12, at the round table in the park. Everyone please bring flowers that may be sent to the sick and the shut-ins.

The meeting will begin at 3:30 to which all members and their families are invited. Potluck supper served at 6:00. After supper short talks will be given by the pastors of the city and several recitations also will be given. Professor Correll will give a vocal selection.

Everyone bring their own dishes.

Dr. H. G. Hinekey of Jamestown, Kan., and M. E. Hanna of Birmingham, Ala., are guests of Frank Weaver for the summer.

George Hale has been visiting his daughters Mrs. Ray Graves and Miss Myra Hale. He returned to his home in Kalamazoo Monday.

Miss Mable Partridge is substituting as bookkeeper at the local telephone office for Marva Cooper who is taking a two weeks' vacation.

The Ladies' Auxiliary of the Marion Center Grange will meet with Mrs. Geo. Meggison, Thursday afternoon, July 14th. Bring thimbles.

Mr. and Mrs. E. A. Sheldon and little daughter Ella V. of Detroit are visiting Mrs. Sheldon's parents, Mr. and Mrs. Frank Coatta of this city.

Mr. and Mrs. H. Tenhopen of Grand Rapids returned to their home Monday after visiting at the W. E. McRobert home the past week.

Mrs. M. M. Patterson and small daughter, Virginia, are spending a few weeks with Mrs. Patterson's parents, Mr. and Mrs. James Saunders.

Mr. and Mrs. A. E. Mason, Helen and Perry returned Friday evening from Ann Arbor where they attended commencement week at the university.

Mr. and Mrs. Verle Cram of Flint are spending a few weeks with Mr. Cram's parents, Mrs. R. O. Cram and Mrs. Cram's mother, Mrs. Eva Hanshaw.

Ralph Coulter who has completed a four-year course at the M. A. C. has returned to Charlevoix to spend the summer with his parents, Mr. and Mrs. E. N. Coulter.

Miss Betty Candler, who has been a student at Hilldale college the past term is spending her vacation at the home of her parents, Rev. and Mrs. Henry Candler.

Mr. and Mrs. E. A. Fuller and two sons, Robert and Charles, and Mrs. E. O. Black of Cincinnati, O., are among the first to register at the Linda Vista for the summer.

Mrs. Robert Totzke and son Robert of St. Joseph, are spending the summer with Mrs. Totzke's sister, Mrs. Robert Honthron. Mrs. Totzke was formerly Miss Vera Nowland of this city.

Mr. and Mrs. Wm. G. King and child of Detroit are spending the summer in the city having purchased a home on Nettleton street. Mr. King is a member of the Detroit Symphony Orchestra.

Word has been received from Oakdale, Calif., of the birth of a daughter to Mr. and Mrs. George MacFarlane, June 17th. Mrs. MacFarlane was formerly Miss Iva Lewis of Hayes.

Miss Pauline Markham returned the last of the week from Saginaw where she has been teaching the past school term. She will spend her vacation with her parents, Mr. and Mrs. J. Markham.

Miss Midge Kibbe, who has been visiting relatives and friends in South Haven and Muskegon since her graduation from the Cleary Business College returned Friday to spend the summer at the home of her parents.

Marriage licenses recently issued at the office of the county clerk are: Ernest Parsons and Pearl Kindy, both of Boyne City and John Jolliffe of Charlevoix and Mary E. Mosher of Sault Ste. Marie.

Leo Coatta motored here from Chicago with Joe Graham and family to visit his parents, Mr. and Mrs. Frank Coatta. The Graham family will visit friends and relatives in the city and Mrs. Graham's mother, Mrs. Clara Sheldon of East Jordan.

Mr. and Mrs. Clare Coulter of Detroit motored here Saturday for a short visit with Mrs. Coulter's parents, Captain and Mrs. Wm. Finucan. The Misses Eleanor Finucan and Kathryn Gaskin who have been spending the past three weeks at the Coulter home in Detroit returned with them.

M. E. CHURCH NOTES

Next Sunday evening there will be one service beginning at eight o'clock. There will be a devotional service lasting one-half hour after which a stereopticon lecture will be given this lecture to take place of the Epworth League meeting.

The writer of these notes inadvertently neglected to mention the singing of a very fine solo by Miss Maud Shapton when report was made of the children's day exercises.

The interior of the auditorium is in the process of being redecorated and it is expected the work will be finished so that services will be held in it next Sunday.

During the hot spell the services of the church will be made brief. At this season of the year when many of our members are unable to attend the meetings will you kindly see that your subscriptions are paid up to date. We need money to meet our current expenses.

Professor Correll, of New York, favored us with a musical selection last Sunday which was very much appreciated.

Especially Good Attractions For This Week

THURSDAY, JULY 7—Will Rogers in "Honest Hutch" and Outing Chester scenic reel.

FRIDAY, JULY 8—Alice Brady in "Out of the Chorus" and a Rowland comedy, "Fellow Romans."

SATURDAY and SUNDAY, JULY 9th and 10th—United Artists Corp. presents David Wark Griffith's latest production, "Dream Street." A dramatic comedy in nine reels. Suggested by characters of Thomas Burke. Sequel to "Down East." Come and see something new. Gypsy fair with lyrical body dancing. Every pulse of her body singing with joy. A character you have never seen before. And James "Spike" McFadden and Billy, his brother. All people new to the stage or screen. Mysterious, alluring and absolutely different from start to finish. Thrills, suspense, action, romance and adventure. And a sequel to "Down East." A new epoch in motion pictures. This production is a very new release. Now being shown in the Key Cities at prices from One to Two dollars per seat. We are going to make a special low price for this big special nine reel production of 15 and 35 cents, war tax included.

MONDAY, JULY 11—Pauline Frederick in "Madam X" and a Hearst News reel.

TUESDAY, JULY 12—Mary Miles Minter in her Circus Picture, "The Little Clown," and a Hearst News Reel.

WEDNESDAY, JULY 13—Alice Lake in Metro picture, "Body and Soul," and Mutt and Jeff cartoon.

MAJESTIC THEATRE

SATURDAY and SUNDAY, JULY 9th and 10th—Universal presents "The Great Air Robbery." Starring Lieut. Ormer Locklear. This is the picture that Lieut. Locklear lost his life in. Just at the finish of the production. "The Great Air Robbery" is the photographic achievement of a decade. It was filmed by a cameraman soaring with other ships of the air a mile above the earth. Also a two-reel Sunshine comedy, "Roaring Lions on Parade."

WEDNESDAY, JULY 13th—Conway Tearle in "Marooned Hearts."

THURSDAY, JULY 14th—Mollie King in "Human Clay."

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

Mrs. Elizabeth Johnston, age 101 years and 10 months, Petoskey patriot, Michigan pioneer, loved for her laughter and tender kindnesses, died last Wednesday at the residence of her daughter, Mrs. W. S. Mesick, 915 Kalamazoo avenue, after six weeks of severe suffering, through which she maintained the sweet patience, which, during her long and useful life, has won her thousands of friends.

Work was Mrs. Johnston's hobby, and "Work and Be Well" was her motto. To this she attributed her long life, but Mrs. Mesick adds that her longevity was increased by a beautiful disposition that always wanted everybody to be happy; to an inherent spirit of gaiety, to a soul of wit, a girlish laughter that never waned with the passing years, a ready repartee and keen appreciation of a good joke.

An Adrian man has had to pay \$100 damages for taking the love of another man's wife. Couldn't he have found a bargain somewhere at \$99.98?

"Recall the Michigan law," says the Bay City Tribune, "that makes the motorist stop his car, get out and lead the farmer's horse past the automobile."

A Caro man has been sentenced to refrain for one year from abusing his wife or run the risk of spending 60 days in the county jail. What! Is marriage after all then, a failure?

John Fertier, one of the oldest white men in northern Michigan, was burned to death near Cross Village, June 27, while attempting to save his farm home from flames. He was

more than 100 years old and the father of 20 children. He upset a lamp, which exploded, setting fire to the dwelling. Fertier was one of the last of the picturesque French woodsmen for which Emmet county once was noted. He resided 23 years on Mackinac Island and 50 years in Cross Village. He had been blind for several years.

An Owosso patrolman's life was saved by three letters in his pocket when a burglar shot at him. That's fair enough. It is a good plan to carry three bills in your pocket and if they save your life, pay them, and if they don't, you won't have to.

A strange bird, seen on the golf links at Cadillac last Sunday, gave vent to a cry which by various people was compared to a bull frog, an unpumped pump, and a braying mule, and it is thought to have been finally identified as a loon. Or it may have been a guller who missed a one-foot putt.

Tuesday morning of last week while the eight year old son of William McClure was standing in front of a mowing machine, being operated by another boy, was started and before the lad could get out of the way his left foot at the instep, was practically severed.

Again the knives caught the unfortunate boy before the team could be stopped and a second incision was made cutting away another quarter inch of bone and flesh.

The lad was rushed to a physician and the foot which was hanging only by a strip of flesh, was sewed into place. It is expected, if infection does not set in, the member may be saved.

We can add a thousand miles to the life of that tire if you will bring it to us for repairs. Benj. Brown.

The Right Side

By EVELYN LEE

(Copyright, 1920, Western Newspaper Union.)

It was two years since Myrtle Norris had last met Ross Warren, and it was with something more than ordinary curiosity that she greeted him on the public street.

"They told me he had grown into a regular fire eater," bubbled Myrtle to her mother and sisters. "I observed no trace of it. He is as dignified and gentle, and far more handsome than ever."

Half the people of Wyckly shared the impression as to this "fire-eating" feature. When Warren went West to join relatives on a ranch in a remote section, the local newspaper had kept tab on the various developments in his new experience. It was natural that these should be colored extravagantly, and there were many descriptions of instances where Warren had taken part in battles with rustlers and had won generally. According to popular rumor he had become a species of little champion and a ready shot. He had returned to Wyckly, his departure much deplored, and his record approved by his recent rough-and-ready but appreciative fellow citizens of the wild and woolly ranch lands. It would have seemed quite natural, therefore, if Warren had appeared in town on a madly cavorting Mustang, arrayed in buckskin, long-haired, gun-belted, and slinging up the place as a matter of regular usage. On the contrary, immaculately attired, self-possessed, reluctant to burst or even to allude to his frontier experience, Warren appeared to wish to be regarded as a simple, commonplace individual.

"He's a distinct disappointment," observed Bert Allen, an old-time rival of Warren, when both were emulative to hold first place in the estimation of pretty Myrtle. "Our crowd expected he would bring some fun and excitement along with him, such as challenging Big Pete, champion lightweight of the athletic club, or cleaning out Dan Carson and his gang down at the flats."

"We fight out West because we have to do it to maintain our rights," Warren remarked one day. "Those who do it from impulse or natural perversity generally die soon."

"He's afraid, that's what's the trouble," sneered Bert Allen. "Wants to pose as a cowboy ladies' man. When he isn't hanging around with Ned Norris, he is waiting a chance to meet his sister. I would like to see his mettle tried. Maybe he wouldn't seem so heroic a character after getting mauled by a common mechanic like Dan Carson."

Bert Allen had got the fighting idea in his mind and could not get it out of it. He was an ardent craven himself, and proceeded to plot and maneuver secretly. Carson was a bully, but all the same was endowed with great physical strength and some pugilistic science. When fired up with liquor he was ready for almost anything reckless and desperate. Bert taunted him with the loss of local prestige as "cock of the walk" since Warren had returned, slipped him a ten-dollar bill and hinted that he expected to get that much money's worth out of seeing the cowboy hero put out of commission, once for all.

"The bully proceeded to put himself in the way of Warren, and boasted publicly his motive. Warren paid no more attention to him than if he was

a troublesome fly. Then the spiteful Bert suggested: "Make an excuse to roll him about his Norris friends," and the next day as Warren and Ned Norris came down the street Dan Carson lurched against the latter.

"Who you shoving?" he growled, and dealt the lad a brutal blow that sent him spinning to the sidewalk.

The fire that instantly flamed in Ross Warren's eye might have warned the rustler, but he was fired up with drink and took a momentary luncheon on the part of Warren as hesitating cowardice. Then Warren acted. Out shot his fist. It was like a mallet falling on an ox. Dan Carson went flat with a thud. Warren turned to assist the bruised and bleeding Ned to his feet.

"Look out!" shouted a man across the street in alarming accents.

Dan Carson had staggered in his feet and had drawn a weapon. Warren sprang in front of Ned. There was a sharp report, he felt a stinging sensation in his arm, but he had saved the lad's life. Dan Carson was taken in charge by an officer, and Warren hurried to the nearest physician.

The company of faithful Ned Norris at his hotel while Warren was recovering from his wound, grateful, almost tender messages from Myrtle, flowers, fruit—Ross Warren knew that he had the best friends in the world.

The day when he again called at the Norris home, his arm still bandaged but fairly on the convalescent list, Myrtle welcomed him with a fervor that told him his love was not in vain. She took pains to change her position so as to be on his right side.

"You needn't be so selfless about my hurt arm," said Warren. "It is nearly healed."

"Oh! it wasn't that," began Myrtle, but paused confusedly.

Wise, why loving maiden! It was indeed not that, for an hour later, when Warren had expressed his heart's content, that perfectly well arm encircled her slender waist, and she was glad to be on the right side.

DAIRY FACTS

COW-TESTING ASSOCIATIONS

Some Notable Improvement in Milk Production Reported From State of New Hampshire.

(Prepared by the United States Department of Agriculture)

In seven cow-testing associations in New Hampshire, 216 cows were sold during 12 months, and their places filled by more profitable animals, according to a report made to the dairy division, United States Department of Agriculture. This averages nearly 31 cows for each association. In these New Hampshire associations some notable improvement in production is reported.

In six cow-testing associations in that state, which have been at work for two years, 19 herds made an average increase per cow of 763 pounds of milk annually, and an increase of \$49.30 in the income over cost of feed.

In six associations that have been at work for three years, six herds secured an increase of 863 pounds in the milk yield per cow, and an income over cost of feed of \$98.31 more than the herds formerly averaged.

In general, cow-testing association work in New Hampshire is on a good sound basis, the department says. Association members are studying individual cow records, the ability of purebred bulls to increase production, wise feeding practice, and the proper raising of young stock. The influence of these studies is affecting even dairy-men who are not members of the associations.

Testing Associations Furnish Dairyman With Means of Detecting Unprofitable Producers.

We Are Building Them Better Than Ever Before

Today, more than ever, Goodyear Tires for passenger cars offer the utmost in economy and satisfaction. Improvement after improvement has been effected in them in the past few months. Our clincher type Cords, for example, are now made larger, with thicker tread and stronger carcass and bead. Our larger size Cords, our fabric tires, and our inner tubes, too, are bigger, stronger, more durable than before. You can get Goodyears, now, from your nearest Goodyear Service Station Dealer.

Ellsworth Section

ELLSWORTH

Only 28 days and then the barbecue. Don't forget it.

Mrs. Wm. Cole spent Sunday and Monday at Charlevoix and Petoskey.

A. T. Jeffery of Charlevoix was in town on business Tuesday of this week.

Elmon Yeltaw of Grand Rapids visited relatives here several days last week.

Mrs. W. L. Chelles and baby Jean of Detroit are spending a few days visiting friends here.

George and Geneva, the children of Mr. and Mrs. Koo Klooster visited at Phelps a part of last week.

The Eugene Best and W. P. Smith families spent the 4th at the home of Mr. and Mrs. Merion Best.

John Becker arrived from Detroit last week to spend the summer with his parents, Dr. and Mrs. B. J. Becker.

Howard Taylor and C. P. Frazer of Dresden, O., arrived on July 4th to spend a few weeks at Camp Dodge.

Kenneth VanderArk of Grand Rapids is spending the summer at the home of his uncle Gerrett VanderArk.

Mr. and Mrs. Hugh Nelson and two children of Charlevoix spent from Saturday until Monday with the former's parents here.

Mr. and Mrs. Oscar Snook and daughter Lila, and Mr. and Mrs. Leonard Snook of Frederick spent from Sunday until Tuesday with relatives here.

The Albert Parsons and Lea Alward families attended a family re-

union at the home of Mrs. Geo. Haskins at Norwood on July 4th.

Wm. J. Boss has been using his launch to tow lumber from Bellaire to Ellsworth for the past few days. The work is being done for L. Schaver.

The celebration at Petoskey and Boyne City, the Sunday school picnic at Peebles' Grove and the cool water and sandy beach of Lake Michigan almost depopulated Ellsworth on July 4th.

Miss Alida Heuker is at the sanitarium at Battle Creek where she underwent an operation for ear trouble one day last week. It is thought and hoped that the operation will be entirely successful.

Work is going forward rapidly on the M. E. church building and weather permitting the dedication services will take place the week of July 10. Arrangements are not fully made but it is expected that Bishop Henderson of Detroit will have charge of the dedication services.

The date of the Mission Festival at Peebles' Grove will be July 27th instead of August 29th as appeared in last week's Courier, and the largest crowd ever attending one of these picnics is looked for. Speakers including men from the foreign mission field have been arranged for and a fine program will be given.

Notice

During July and August the following places of business in Ellsworth and Atwood will be closed on Wednesday afternoons and evenings. The stores that have been open Wednesday evenings will be open Thursday evenings to accommodate those who wish to do their trading in the evening.

WILLOWOOD

Miss Violet Shaw is visiting friends in Pleasant Valley this week.

Mrs. Cross and Miss Kate Wilson spent Sunday afternoon with relatives here.

Mr. and Mrs. Tom Emrey and family of Elk Rapids visited relatives and friends here over Sunday.

The Will Church family of Flint and the Edd Robinson family of Lake View spent Sunday at the John Crawford home.

Mr. Hilton of Boyne City was here one day the first of the week in the interests of the Casualty Insurance company.

Little Della Maxine Wilson visited her grand-mother at Centrol Lake one day the first of the week. She attended church Sunday evening.

Duncan Crawford had a wisdom tooth pulled the first of the week after suffering with the tooth-ache for several days. He has not been feeling like entertaining even his best friends of late.

ATWOOD

Edward Wood passed away last week Wednesday after a lingering illness.

The funeral took place on Friday and services were conducted by Rev. Clark from Ellsworth and interment was made at Boy View cemetery.

Mrs. Ida Blow and son Robert of Washington arrived here last Thursday to attend the funeral of her son Edward.

The people of this vicinity extend their sympathy to the bereaved family of Henry Blow who passed away last Friday at his home at Eastport.

The Misses Irene and Katherine Veldkamp of Chicago are spending their vacation at the home of their uncle, Adrian Bos.

Miss Rose Klooster is home from a six months stay in Jamestown and Zeeland.

Egbert VanderStreek and family are entertaining relatives from Holland, Mich.

Will Petter accompanied his sister Jennie to Grand Rapids and will visit his sister and brother while there.

Practically all of the haying is done in this vicinity and early grain is ripening on account of the dry weather.

DEVELOPMENT OF GOOD COWS

Typical Letter From Dairyman Aiding in "Better Sires—Better Stock" Campaign.

(Prepared by the United States Department of Agriculture.)

To illustrate how a good herd of cattle may be developed from a small beginning, the United States Department of Agriculture makes public the following letter from a farmer near Niles, Mich. This letter is typical of many contributed by practical farmers aiding in the "Better Sires—Better Stock" campaign.

"I am a farmer and dairyman. I milk 75 cows and raise about two calves a year so as to be able to cull my herd two cows a year and replace with young calves.

"I started with common grades of all kinds, but they were good ones. Then I began using my neighbor's purebred bull, and kept the best heifers. But this was slow progress, so I bought six grade Holstein heifers and also a purebred bull. Then I added two purebred cows.

"I now had a ready sale for stock I wish to sell, even for my grades. When one uses a good bull and good cows, well cared for, he does not have any scrub calves."

The letter points out clearly how it is possible for one to develop gradually into a breeder of purebred and high grade live stock.

SEPARATE STALL FOR COWS

Youngsters Prevented From Crowding and Nursing Each Other's Ears—Expense Is Small.

A Wisconsin farmer, who had a number of calves, thought it might be well to find some means of keeping them separate while feeding. They pushed and pulled and "nursed" each other's ears so that the stronger ones were well fed while the weaker went hungry. Steel stanchions were an expense which he did not feel was justified with his small herd.

At little cost and with small labor he built wooden stalls to which the calves could be tied while feeding. Board partitions separate them more completely from one another, and individual earbushware bowls, which fit into a wooden frame, form separate feeding devices which may be easily renewed and cleaned.

RIGHT SPEED OF SEPARATOR

If Bowl Does Not Travel at Proper Speed Inefficient Skimming Will Be the Result.

The speed at which the cream separator is operated is a matter of importance. If the bowl does not travel at the proper rate of speed, inefficient skimming will be the result, too much butterfat being left in the skim milk. A decrease in the speed of the machine will cause a decrease in the fat test of the cream, while running the machine too fast will cause an increase. Care should be taken to operate the separator at the speed designated by the manufacturer. To be sure that the machine is being run at the correct speed the revolutions of the crank should be timed by a reliable indicator or a watch.

Few Fat Men Famed.

Fat and fame have not very often been combined, perhaps because stout men are generally inclined to be easy going, and therefore lacking to that push which brings a man to the fore, says London Answers. The only great statesman one can recall who was really a fat man was Charles James Fox, as can be seen even by his effigy in the palace of Westminster, where he would make three of his great rival, Pitt the younger.

Good Morning!

By VICTOR REDCLIFFE

(Copyright, 1920, Western Newspaper Union.)

It had been a pleasant day and evening for Muriel Delevan, and she was content to linger upon the porch and dream over the various events that had made her nineteenth birthday a red letter event in her life. There had been tennis all the afternoon and music and dancing until eleven o'clock and now, nearing the mystic hour of midnight, the last guest had departed.

Old Abel Strong, the gardener and general major domo, had retired after a final survey of the grounds. Mrs. Walters, the housekeeper, was going upstairs to her room when Rose, the younger sister, came out and sat down in Muriel's lap and put her arms lovingly about her neck.

"Tired, dear?" she cooed in gentle, soothing tones.

"No, just lost in happy dreams," came the low murmured reply. "I think I shall never forget this great, lovely day of my life."

"Do you think Rodney Blair will, either?" mischievously inquired Rose. "Oh, I don't know," replied Muriel in an ecstasy of emotion, but he was so kind and thoughtful and almost sentimental."

"And he stole away from the others in your stroll about the grounds. Why, you palpitating, ecstatic little hummingbird, you are in love with him and afraid to think it."

"Now, Rose—"

"No, now Muriel!" dispirited Rose, "you are to come to bed at once. You know we promised papa early hours while he was away and here it is going towards one o'clock. Come, dear," and Rose led her sister into the house and they went upstairs.

Rose was yawning and sleepy, but she indulged her sister in not hurrying her from a final survey of the numerous gifts she had received. There was a diamond ring from her father and a handsome wrist watch from her Aunt Dorothy. There were minor articles of jewelry from her girl friends and there was a bouquet from Rodney Blair which she had placed upon the little stand at the head of the bed. Muriel stole a glance at those who had already retired, noticed that she was asleep, selected a bud from the bouquet and turned out the light and slipped softly to the open window. She pressed the cherished flower to her lips and looked out upon the garden. Life seemed still and sweet, the zephyrs blew gently down a vale of bloom. There seemed to be a rare magic where the moon, shining through the trees, illuminated shells of fairy light. She was lost in maiden reverie until a wavy glow of light showed, disappeared, moving about from spot to spot beyond a look row of stately lilacs.

Instantly Muriel thought of some lurking marauder. She recalled that her absent father always kept money and securities in the library safe. Then, too, a sudden inestimable value to her cherished present was presented to her active mind. She swept the jewelry from the stand into a drawer and quietly left the room. Abel Strong, the gardener, slept in an attic over the kitchen. She reached its door and tapped.

"What is it?" at length sounded a sleepy voice.

"Please get up at once," answered Muriel. "Some one is prowling about the garden—some one with a flash-light."

Abel came out in a few moments—a pistol to either coat pocket. Muriel related what she had seen.

"You stay on the porch here, Miss," spoke Abel finally. "I will leave one of the pistols and if the light comes near the house fire it off as a signal to me."

It was an exciting and suspenseful five minutes for Muriel. The flashes of light had ceased, there was an interminable silence and then approaching voices sounded and the gardener and another came into shadowy view. Muriel stepped to the door, reached in and turned on the porch light.

She stood spellbound as the illumination revealed the gardener and Rodney Blair. The latter held a flashlight in one hand, in the other a long, flat wallet.

"If you please, Miss," spoke the gardener, "the gentleman says he will explain to you about his being here," and with a slight smile on his face went away around the house.

"Why, won't you be seated?" bewitchedly uttered Muriel.

"I must be an unwelcome intruder, causing you such an unwarranted alarm," said Blair, equally confused. "When we—that is, to the stroll about the garden last evening I must have dropped a letter from my pocket. It was one I had written to my mother and, Miss Delevan, let me make a full confession. It was all about you. Perhaps the clearest thing to do is to ask you to read it."

With growing emotion Muriel perused the missive in which Blair told his mother of his love for her and asking if she would welcome the loveliest girl in the world as a daughter-in-law if he could win her.

Rose Delevan was a heavy sleeper, but she had awakened at the echo of voices. She had gone to the window of her room and peered down at the porch wondering.

"Oh, I am surely dreaming," she flattered, for on its lower step Rodney Blair was kissing the hand of her sister in a tender—

"Good night, my love!"

"Good morning, you mean!" cried the irrepressible Rose and Muriel ran into the house, aflame with happy blushes.

FEEDS FOR BACKYARD FLOCK

Dry Mash is Recommended in Addition to Assortment of Grains and Table Scraps.

In addition to the grain and the table scraps given a backyard flock it is well to feed a dry mash. This dry mash is composed of various ground grains and is placed in a mash hopper or box from which the hens can help themselves. The advantage of feeding such a mash is that the hens always have access to feed, and this tends to make up for any untimely, inexperienced, or insufficient feeding. The hens do not like the dry mash so well that they are likely to overeat, but it will supply a source of feed in case they are not getting enough grain feed. The dry mash also provides a suitable medium for feeding beef scrap, a certain amount of which may or may not be necessary, depending upon the amount of meal scraps available in the table waste. If the hens show a tendency to become overfat it may be desirable to close the mash hopper during a part of the day and allow them access to it only during a certain period, preferably the afternoon.

A good dry mash, recommended by poultry specialists of the United States Department of Agriculture, is composed of equal parts by weight of corn meal, wheat bran, wheat middlings, and beef scrap. Another mash is composed of three parts by weight of corn meal and one part beef scrap. Still a third mash, which has given excellent results, is composed of one pound of wheat bran, one pound of wheat middlings, 0.5 pounds of beef scrap, and 16.5 pounds of corn meal. The beef scrap used in the dry mash is usually the most expensive ingredient, but it is an essential part of the mash and very efficient for egg production. It should not be eliminated or reduced unless the quantity of meat in the table scraps is considerable or unless some other product can be substituted for it. Fish scrap, when available, may replace the beef scrap, or cottonseed meal can be used to replace one-half the beef scrap in the mash. No attempt should be made to replace more than half the beef scrap with cottonseed meal as

Hopper From Which Hens Can Help Themselves.

the results in egg production and in the quality of the eggs will be unsatisfactory.

Green-cut bone can often be purchased from the butcher. This material when procured fresh makes an excellent substitute for beef scrap. It should be purchased in small quantities, as it cannot be kept fresh for any length of time and when spoiled may cause severe bowel trouble. It is best fed in a trough not oftener than every other day, allowing about one-half ounce per bird. Should severe or continued looseness of the bowels follow the feeding of green-cut bone it should be discontinued or the quantity reduced.

VICE OF FEATHER PLUCKING

Some Authorities Attribute Habit to Lack of Scratching Facilities While Confined.

Among the annoying vices that fowls in confinement will contract is that of feather plucking. The reason for it is not clearly established; some attribute it to the birds being kept in close quarters devoid of scratching facilities while others are of the opinion that it is a lack of meat in the ration or a want of green stuff. But whatever it is it is a nasty vice. Changing conditions will sometimes bring relief; others advocate a change of ration, giving stuffs of a cooling nature to which has been added a pinch of salt. If only one or two hens are guilty in a flock they had better be killed before others take up the habit. Picking down the back so that it will not close tight to nip or pull out the feathers will be found effective. The hens can with room to turn around in and green, wholesome food scarcely ever contracts this vice.

FIGHTING PEACH TREE PEST

Para-Dichlorobenzene Treatment Affords Means of Ridding Orchards of Harmful Borer.

The results of what is known as the para-dichlorobenzene treatment for the eradication of the peach-tree borer lead experts of the United States Department of Agriculture to believe that a practical means has finally been found of ridding orchards of this insidiously destructive pest. Previously

the most effective method of fighting the borer was by removing the soil around the base of the tree and digging the grubs out of their galleries with a knife. It is estimated that the borer had done \$3,000,000 damage a year and that \$2,000,000 a year has been spent in fighting them.

The para-dichlorobenzene method was first used extensively by orchardists in 1910. It consists in sprinkling the crystals of insecticide on the soil around the base of the infested tree and covering with earth to hold the gas. The substance is highly volatile and forms a gas when the soil is between 75 and 80 degrees Fahrenheit. This gas is five times heavier than air and sinks down through the soil. It is highly effective against the borer; and a pound of the insecticide, costing not more than 25 cents, is sufficient for eight to ten trees. The labor is scarcely one-third of that formerly required. The saving therefore is great.

In 1920 the para-dichlorobenzene process was used extensively in the Georgia peach belt, some localities buying as high as 50,000 pounds and large individual growers as high as two tons each. Growers declare that it is one of the greatest accomplishments in the history of the department, comparable to the self-boiled three-minute treatment for control of brown rot and scab of the peach.

PRIVATE WIRE BROKERAGE SERVICE

E. Lowitz & Co. to Open Offices in Charlevoix Beach Hotel

E. Lowitz & Co., brokers, whose main offices are in Chicago, members of the New York Stock Exchange, New York Cotton Exchange, Chicago Board of Trade and all other leading grain exchanges, with A. S. Brown as manager, have opened offices in the Charlevoix Beach Hotel.

The business will be supervised by A. Richard Frank, a member of the firm. A high class private wire brokerage service will be afforded those who wish to patronize this concern, members of which have the highest recommendation of keen business men.

Private wires will be accessible to New York, Chicago, Cleveland, Indianapolis, Milwaukee, St. Louis and Omaha. The service these gentlemen will give the large number of summer people here will be appreciated and a large volume of business will be transacted.

W. H. BLOW DEAD AT EASTPORT

Was 86 Years Old and a Pioneer Resident

William Henry Blow died at his home in Eastport Thursday, June 30, from apoplexy.

Mr. Blow at the time of his death was 86 years of age and had resided in this vicinity for 35 years, coming here from Ellenburg, Clinton county, New York.

Deceased is survived by his widow and four children, two sons, Burton W. Blow of Winetka, Ill., and John Blow of Rock Springs, Wyo.; and two daughters, Mrs. David Furst and Miss Mable Blow of this city. He was a member of the G. A. R. having served through two years of the Civil war.

The funeral was held Saturday, July 2, from the Eastport church at 2:30 p. m. Interment in Lakeview cemetery at Eastport.

Let us overhaul that bicycle and make it run like a new one. We guarantee a satisfactory job. Benj. Brown. 20tf

High Tension Wire Blown Against
Barn Causes Trouble—Rain
Deluge too Late

Bellaire, county seat of Antrim county, suffered a \$300,000 fire late Thursday afternoon and then was drenched by the heaviest thunder shower in years. The fire was caused by high powered wires which wind blew against a barn.

Business places were destroyed and several stores and residences, and the Catholic church were damaged by fire.

The fire started at the farm of Harry Smith on the west side of Intermediate river destroyed that neighborhood, then leaped across the river, firing the Riverside Hotel and all the buildings on that side, after which the blaze crossed the street and repeated its tour of destruction.

Two high tension wires were blown by a high wind to the Smith barn. During the long dry spell all the contents of the buildings were dried and the blaze spread quickly.

Bellaire is without fire protection and the fire met no obstacles. After it had destroyed the Riverside Hotel which was being redecorated and therefore was unoccupied, the fire went in rapid succession and destroyed:

The Smith block containing a meat market and grocery store.

The Owen building, containing grocery store and the Masonic and Odd Fellows' lodge rooms.

William Hietilki's building.

Nixon block containing a grocery and lodge rooms.

Densmore building, a two-story brick affair which was vacant.

Then the fire crossed Main street, and attacked in rapid succession the following:

Smith's restaurant. Loss above insurance estimated at \$800.

Vodell's office and residence.

A. F. Banowski's tailor shop.

Empress theatre.

Harry White residence.

Wm. J. Kittle garage.

Catholic church.

Harper's bakery.

In Kittle's garage the fire exploded a 200-gallon barrel of gasoline which added to the confusion but which injured no one.

After razing Main street embers from the fire dashed all over town and set seven other houses afire.

The terrified residents brought their personal belongings out into the streets and helplessly watched the blaze destroy their little town.

After the fire had nearly burned itself out a drenching rain came and completely soaked their possessions.

First on the scene was the East Jordan department which covered the 18 miles in 25 minutes.

Then came the boys from Mancelona, 12 miles away. The engine from Traverse City arrived also.

The East Jordan boys placed their engine on a flat car and rushed to

MANY TOURISTS PITCH TENTS AT FREE AUTO CAMP

Tourists from all parts of the country are finding Charlevoix's camping site which has been set aside for them at the south end of Park avenue, and gradually the number taking advantage of it is being increased. Hardly a day passes that from three to five touring cars with campers are not seen there.

Last week the camp was occupied by cars from Georgia, Tennessee, Indiana, Ohio, Illinois, and southern Michigan. Several of the families were so pleased with the surroundings that they decided to spend several days, while the others stayed overnight.

The camp is ideally located, accessible to the cool breezes from Lake Michigan, the bathing beach, and there is ample room to pitch tents or unfold their special compartment trailers.

One party from Detroit made the statement that if the hot weather continued, they would spend a week or more here. Others say they will continue north, and if weather conditions remain unchanged, will return to Charlevoix and spend the remaining days of their vacation with us.

Charlevoix will probably get more advertising of the word of mouth variety (the best kind) this year than all of the accumulative results of past years.

TROMBLEY ESCAPES FROM COUNTY JAIL

Makes Getaway Through Ventilator
in Bath Room

Frank Trombley, arrested for stealing three banks from the Sandel home at Ironton, and who later confessed to robbing the Mayer Shoe Store, escaped from the county jail between eleven p. m. and six a. m. last night and as we go to press no trace of him has been found.

Trombley who is about sixteen years of age, was placed in the women's compartment in the county jail, the law covering these matters not allowing him to be placed with the other male prisoners.

At eleven o'clock Sheriff Weaver made the rounds and found everything all right. After this time Trombley crawled through a ventilator, less than a foot in diameter, in the ladies' closet, made his way to the attic and from there to the basement, where he dug out under a screen and made his escape.

A reward of \$25.00 is offered for his capture and officers in adjoining cities have been notified to keep on the watch for him. He wore a dark suit, dark cap, his clothes were badly torn. He has dark eyes and hair, and weighs about 120 pounds.

NO CHANGE IN SCHOOL TAX

TWELVE MILLS WILL PROBABLY
BE SPREAD

Mrs. Art Bergeon, A. F. Bridge and
Mrs. Lisle Shanahan Members
of School Board

Forty-seven citizens attended the annual school meeting held in the high school room on Monday evening despite the extreme heat wave which has kept Charlevoix residents under cover for the past month.

Reports of the secretary and treasurer were read and approved, each report covering in detail the expenditures of moneys used for school purposes.

The board, not as yet fully decided, will probably recommend a twelve mill school tax. However, the matter will be held until sometime in October, and if expenses can be met by spreading a smaller tax, it will be done.

Three members of the board were elected, two to fill expired terms and one resignation. Mrs. Art Bergeon was elected for a three year term; A. F. Bridge for a three year term to succeed himself, and Mrs. Lisle Shanahan to fill the unexpired term of Mrs. Carl Vandermade, whose resignation was accepted.

Teachers for the high school staff and grades have been engaged as follows:

Superintendent, C. A. Rice.
Principal, Edna B. Rotert.
English, Ione Catton.
History, Katherine Rose.
Mathematics, Harland Hatch.
Science, V. Y. Tuttle.
Commercial, Doris Vincent.
Domestic Science, Margaret Gardner.

Asst. English and 8th Grade Principal, Lydia Blount.
Latin, Helen Rice.
County Normal Principal, Lois Bowman.
County Normal Critic, Thyra Burkland.

7th Grade, Mary Berg.
6th Grade, Florence Maddaugh.
5th Grade, Ruth Hammet.
4th Grade, Signa Thorsen.
3rd Grade, Sophia Manson.
2nd Grade, Genevieve Jarvis.
Kindergarten, Beatrice Harrington.

Music and Drawing, Blanche Oliver.

Washington School, Olive Brown, Florence Brown.
Lincoln School, Hilda Carlisle, Ruth Chellis.

Something for Nothing

Special one hour next Sunday evening in the snappiest and most helpful young people's meeting ever held in Charlevoix. Special music has been arranged. The League needs you and you need the League. There is a seat reserved for you. Will you fill it? The summer people are cordially invited. The time is 8:30; the place, M. E. church. You can't afford to miss it.

HEADLIGHT LAW CHANGES SOON

NEW STATUTE REGARDING USE
OF AUTO LIGHTS

Will Become Effective on August 19
—Glaring Headlights a Menace to Autoists

Few people know of the drastic auto headlight laws which were passed by the last legislature. The following is the sense of the bill, which will be drastically enforced in every county of the state. Auto owners should acquaint themselves with its provisions.

The headlight law has just been passed by the Michigan Legislature bill No. 88, and will go into effect on the 19th of August, the date on which all the new laws passed by the 1921 session of the legislature will become effective. This law will not permit the use of the motorists' "menace"—the glaring head lamps said specifics that:

"No portion of the beam of light when pointed 75 feet or more ahead of the lamp shall rise above a plane 42 inches higher than and parallel with the level surface on which the vehicle stands."

The bill also states: "If said vehicle can exceed a speed limit of 15 miles per hour, then they shall have front lamps capable of furnishing light of sufficient candle power to render any substantial object clearly discernible on a level highway at least 200 feet ahead at all times and at the same time at least seven feet to the right of the axis of such vehicle for a distance of at least 100 feet."

The bill further provides: "That no electric bulb or other lighting device of a greater capacity than 32 candlepower shall be used, no matter how the same may be shaded, covered or obscured."

The Universal Headlight Law is now in force in several states such as Connecticut, Massachusetts, New York, New Jersey, Wisconsin, Ohio, California and many others. It is now up before practically every state legislature.

It is the intention of all parties interested in the automobile industry that this law shall be in force in all states and Canada so far as to insure safety to motorists who turn from one state to another. All laws pertaining to such vehicles, should be the same in all states.

As the laws demand lights must not glare and must produce sufficient light to reveal an object 200 feet ahead of the car at one time and at the same time, it is very apparent the use of the dimmer switch does not apply.

It is estimated that between 60 and 75 per cent of the automobiles now in use in Charlevoix county are not equipped with lights that will be legally usable after the new law goes into effect on August 19.

COLDEN HEADS PONTIAC LEGION

Former Petoskey Boy Given Honor
by Comrades in World War

Paul Colden, son of Mr. and Mrs. John Colden, of Clarion, and well known here has been elected commander of the Cook-Nelson Post, American Legion, at Pontiac, to fill the vacancy caused by the resignation of Captain Guy A. Whitcomb.

Before being elected post commander the former Clarion man was post adjutant. Mr. Colden is an attorney and served through the world war. For several summers before the war he was at The Inn in this city.

Mr. Colden, in announcing plans for the remainder of the year as head of the Pontiac post, said it was his intention to clear up all outstanding obligations of that post and put it on a sound financial basis.

Entertainment at Weaver Home

Miss Margery Weaver entertained Wednesday at the Weaver home on Antrim street with a linen shower for the pleasure of the Misses Dorothy Armstrong, Pauline Markham, and Helen Parsons who will be summer brides. The color scheme was blue and pink in the dining room where the hostess served a delightful three-course luncheon at 4:30 to twenty guests. The out-of-town guest was Mrs. Lynn Thomas of Detroit.

OBJECT BETTER- MENT OF HERDS

DAIRY DEMONSTRATION WILL
VISIT BOYNE CITY

Pure Bred Animals Exchanged for
Scrubs, Animal for Animal—
Will Give Instructive Talks

The Dairy Demonstration train, through the co-operation of the B. C. G. & A. railroad, will arrive at Boyne City the afternoon of August 12th. This is a special train running on its schedule. It will carry a carload of yearling registered Holstein bulls and bull calves, together with some typical Holstein cows to be used for demonstration purposes.

The second car will demonstrate feeds and rations and other material that can be used to improve economical milk production on the farm and the third car will forcefully show how to handle milk on the farm and the value of using milk and its products in the home. This will be of particular interest to women, and of educational value to anyone. There will also be a lecture car and a flat car for demonstrations. The schedule calls for a full afternoon stop at Boyne City.

Short talks will be given by members of the Dairy Department of the Michigan Agricultural College and representatives of the State and National Holstein Freisian association. Dairy judging demonstrations will be given, talks on feeding, breeding, care and management of dairy cattle and other items of interest will be touched upon.

The ultimate purpose of the train will be to get purebred dairy bulls in the hands of dairy farmers who have heretofore been using grade and scrub bulls. In each county, visited by the train, one purebred animal will be exchanged for a scrub, animal for animal. We are promised that the bulls carried on this train will be among the best individuals and breeding to be found in the entire state. They will be priced from \$75.00 to \$150.00 and will afford the best opportunity of obtaining a high class sire ever offered in this territory. The county agent can give particulars to interested parties.

DEATH OF PION- EER RESIDENT

Mrs. Jane Hamilton a Resident of
Charlevoix Since 1879

Mrs. Jane Hamilton died at the home of her daughter, Mrs. Wright Ripley, Saturday morning, July 9th, from apoplexy following an illness lasting over three years.

Mrs. Hamilton was born June 4, 1844, in Scarborough, Canada, and was married to John Hamilton who passed away 14 years ago, in 1859. Mr. and Mrs. Hamilton came to Michigan in 1879 and made Charlevoix their home up to the time of their death.

Mrs. Hamilton is survived by one son, Sam Hamilton and one daughter Mrs. Wright Ripley both of this city.

The funeral was held from the Ripley home on Park avenue, Monday at 2 o'clock. Rev. James A. Smith officiating. Interment in Brookside.

MOONLIGHT TRIO MAKING A HIT

Furnish Music for all Occasions Besides
Giving Instructions

The "Moonlight Trio," straight from Broadway, are making a hit among those who enjoy dancing. These young men are experts on all stringed instruments and the piano, and produce a brand of music that fairly makes one dance, despite the fact of their ability to trip the fantastic toe.

Messrs. Retting and Winegar, members of the trio, are also teachers of all stringed instruments, not only classic, but rag time in their own original way.

The young men are meeting engagements, not only in Charlevoix, but East Jordan and other neighboring cities.

Notice to Customers

Owing to shortage of the local ice supply, we will deliver no retail orders after today, July 13. We will also be obliged to discontinue packing orders for delivery at the factory.

Northern Creamery and Cold Storage Company. 2911

CONFESSED TO ROBBING STORE

Frank Trombley Says He Broke Into
the Mayer Shoe Store

Frank Trombley, aged between 16 and 17 years, a product of the State Industrial School at Coldwater, and from all indications a vagrant and bad actor, was placed in jail Sunday charged with stealing three children's banks from the Sandel home near Ironton, and later confessed to entering the Mayer Shoe Store the morning of July 4.

Trombley had been around Ironton and during his stay the banks were stole from the Sandel home. Sunday Trombley was seen and recognized by Mrs. Sandel and after trying to escape was caught and brought to Charlevoix and placed in the hands of Sheriff Weaver.

Monday morning it was discovered he was wearing a pair of Florsheim shoes, the same as those stolen from the Mayer Shoe Store. He was taken to the store and after a severe grilling, confessed to entering the store and stealing the shoes. He implicated another fellow, but so far the officers have been unable to locate him.

When searched a bunch of keys was found in his pocket, which were identified as having been stolen from the Argo Milling Co., the same night of the Mayer robbery.

AVIATION FIELD OPENS SATURDAY

PILOT YOUNG WILL DO STUNT
FLYING

Charlevoix's Aviation Field is Only
One Officially Recognized by
Government in This Section

The Aviation Committee of the Association of Commerce, have been officially notified of the opening of the Charlevoix field, by the Rose-swift Aeroplane Co., on Saturday, July 16.

Arrangements were completed some time ago, with the Rose-swift Co. making Charlevoix the summer headquarters for that well known company for carrying passengers, and making trips to all points within reasonable distances.

We are proud to announce this arrangement, as it puts Charlevoix in the lead in the matter of aviation and adds another attraction for the convenience and pleasure of our summer visitors.

The landing field is conveniently located in the southwest part of town on the land owned by E. B. Ward, just south of Clark's Addition and at the south end of Sherman and Sheridan streets. This is the only landing field north of Grand Rapids, that is officially recognized by the government, and is said to be ideal in its surroundings.

The program for the opening will include stunt flying by Pilot Wallace Young, to show the capabilities of this daring pilot. Pilot M. J. Clark will be in charge of the plane stationed here this summer, and while stunt flying is not in his line, he is recognized as being one of the most talented men in his specialty which sengers that enjoy a trip in the air is straight away flying, and the pleasure of meeting an expert pilot.

The general headquarters of the Rose-swift Co., will be in the office of the Association of Commerce, 311 Bridge street, and branch offices for booking rides will be arranged for at all lending hotels.

SPENT WEEK-END IN CHARLEVOIX

Overseas Veterans Speak in Behalf
of Disabled Soldiers

Sergt. Angus White, A. W. Just and J. A. Kent of Bny City, were in Charlevoix over the week-end in the interest of welfare work for disabled veterans of the world war, giving short talks at the Majestic Theatre and dancing Pavilion Saturday night and at the Inn and Palace Theatre Monday night.

A. W. Just is commander of the McCauley-Abraham Post No. 485 of Bay City, and has been in this line of work for years, while J. A. Kent served with the K. of C. in France in practically the same way.

Sergt. White is the only living American soldier who received 28 wounds while at the front. The trio are touring the state and will make Petoskey their next stop.

TWO WAYS OF PLAYING BALL

SUNDAY'S GAME PROVED TO BE
AN EXCEPTION

Two Thousand Spectators Witness
Game Between Charlevoix and
Loeb Farms League Teams

Charlevoix baseball fans witnessed a game of ball between the Loeb Farms team and the Charlevoix city team on Sunday last that will leave a lasting impression on their minds—clearly demonstrating two methods of playing this national game—as it has been played in previous games and as it was played on Sunday last.

Baseball as it should be played, is good clean sport and when played in any other manner, is not only a disgrace to the community, but disgusting to the average spectator. From all we can learn, Sunday's game came under the latter classification.

Trouble was apparently brewing from the time the first ball crossed the home plate, and reached a climax in the ninth inning. Men of average intelligence apparently lost their heads and only the efforts of those who were real sportsmen prevented a free-for-all fight.

The list of casualties, as the game proceeded, grew to proportions that compared favorably with a southern race riot, and had it continued many innings more, our local hospital would have been filled to capacity.

Friends of years are friends no more. Charges of unfair methods and bribery were exchanged, with or without foundation. Can this be baseball? We think not.

The Casualties

Hinckley, Charlevoix catcher, ankle spiked and fingers split.

Frank Newswick, Loeb Farms 1st baseman, both bones of leg broken between knee and ankle.

Whiteford, umpire, hit in ear by foul tip.

Leon Foster, catcher for Loeb hit on forehead by foul tip, knocked unconscious for fifteen or twenty minutes, remaining in a semi-unconscious condition for several hours.

Two spectators hit by foul balls and more or less hurt.

The game ended in the eleventh inning. Score 10 to 8 in favor of Loeb Farms. Spectators estimated at 2,000 witnessed the game.

As a result, Sunday baseball in Charlevoix is being looked upon in an unfavorable light by many, including those who were opposed to it as well as those who were in favor of it. The reason is apparent and as long as men of mature age and judgment lose control of themselves as some did at last Sunday's game, not only Sunday ball, but all ball games will be looked upon with disfavor. Play the game as gentlemen or keep away. "Don't be a rag-chewer; look how the moth is despised."

Miss Saunders Entertains

Miss Marian Saunders entertained Friday afternoon, July 8th, from 3 to 6 o'clock with a kitchen shower for Helen Parsons who will be a summer bride. At 5:30 lunch was served to eighteen guests in the dining room which was decorated in violet and canary yellow. Miss Parsons received many useful gifts.

Charlevoix Pomona Grange

Charlevoix Pomona Grange will meet with Harmony grange Thursday, July 28th. Let the farm work stand and attend this meeting. It will be a hummer.

Save the cow and horse by using
Fleck's Fly Choker. Benj. Brown has it. 281f

WILL ARREST AND FINE OWNERS OF UNLICENSED DOGS

Dark days loom for Charlevoix county owners of unlicensed dogs, for Sheriff Weaver only awaits a report from the county treasurer as to who have and who have not purchased the required license tags to arrest those who have not, and after which they will be tried and fined for harboring unlicensed canines.

"After that we probably will go around and shoot a few dogs found without tags," said the sheriff this morning. "The fine idea is best because it profits the county and is the most efficacious, while catching and killing the dogs has in the past proved a considerable and unnecessary expense to the taxpayers."

CORRESPONDENCE

IRONTON

Miss Hilda Carlisle of Charlevoix spent Sunday at the Alexander home.

George Hemingway and family of Oak Park, Ill., are at their cottage for the summer.

Mrs. Hayward was here a few days and sold Mrs. Peterson Bird's home to Charlie Dean.

Mr. Frye and family of Oak Park, Ill., are spending the summer in their cottage on Pine Lake.

Mr. Harbers and son Will of Peoria, Ill., arrived Saturday to spend the summer with Mr. Harber's daughter, Mrs. Ralph Price.

Doan Ogden received word from Miss Stewart, the county school commissioner, that he is entitled to attend the state fair in Detroit in September. He was first in the county in the agricultural test.

BARNARD

The rain on Thursday was very welcome.

Mrs. A. Kerr has been on the sick list but is able to be about again.

Miss Margaret Parker is visiting her aunt Mrs. Henry Walker for a few days.

Mrs. Ed. Shapton and Mrs. Ethel Sands also Mamie Bennett of Flint

were calling on relatives in Barnard on Friday.

Mr. and Mrs. Caleb VanZant and son, Earl and family, were Sunday visitors at Alex Kerr's.

Mrs. Charles Teigenhoff and three children of Grand Rapids are visiting her sister and brother, Mr. and Mrs. Frank Matchett.

Annual school meeting was held on Monday night. A large crowd attended. The heating question was well discussed and John Sloth was re-elected director.

Flee rob your milk pail. Keep them off your cows by using Fleck's Fly Chaser. Benj. Brown has it. 28tf

CLARION

J. E. Weaver went to Odes on Wednesday.

Bruce Avery of Elmira was in town Tuesday.

H. E. Kauffman of Odes was in town on Wednesday.

Doris VanArsdale of Marion is working for Clyde Kent.

Barney Kleinhenz and son, Char. returned last week from Tiffin, O.

Mrs. Charles Johnson returned Thursday from Petoskey Hospital.

Mrs. Butler of Springport is visiting her son, Leland Butler and family.

Mr. and Mrs. O. R. Winkler and family returned Thursday to their home at Iron Mountain.

C. H. Miller and family of Charlevoix were in town Friday, the guests of Mr. and Mrs. R. H. Webster.

John Older has returned to his home in Muskegon after a short visit with his grandmother, Mrs. E. J. Embury.

Mr. and Mrs. W. F. VonMoll of Sibley, are the guests of Mrs. Von Moll's parents, Mr. and Mrs. D. McDonald.

Mrs. G. F. Bruce was called to Petoskey last week by the death of her father, D. R. Tripp, a veteran of the Civil war.

A daughter, Ann Mary, was born July 6 to Mr. and Mrs. Thomas Buckley of Pontiac. Mrs. Buckley is the daughter of Mr. and Mrs. James Milne.

Mr. and Mrs. Timko, who have been visiting Mrs. Timko's parents, Mr. and Mrs. R. H. Webster, the past week left Sunday for their home at Flint.

John P. Colden, formerly of Clarion but now in the law office of Perry & Lynch of Pontiac, has been elected post commander of the Cook-Nelson Post of the American Legion at Pontiac to succeed Capt. Guy A. Whitcomb, who resigned.

The fly is the biggest menace to life—human and animal. Fleck's Fly Chaser will protect you. Get it from Benj. Brown. 28tf

THREE BELLS

(Too late for last week.) Everybody is busy harvesting hay this week.

We are having some hot weather in our district. I believe all the others ones are having the same.

There is to be dance at the Peninsula Grange hall next Saturday night. Everybody is invited.

The Ross family expect to return home the last of the week after spending a week with relatives and friends.

Mr. and Mrs. George Coryell of Chicago have spent the past two weeks with Mrs. Jule Walters. They leave this week for their home.

The Three Bells correspondent has been so busy of late that they did not find time to write so if everyone will excuse them they will try and do better.

Mr. and Mrs. W. J. Ross of Bay City drove from there to spend the Fourth of July with the Gaunt family. They say there is plenty of rain in that country to keep things growing.

Mrs. Jule Walters home came near burning July 4 caused by burning a twig in a tub. A spark from the twig set the grass on fire and before it could be stopped the back yard was aflame. It happened the Gaunt family was at home and seeing smoke went over in time to save the house.

A big day was spent at the D. Gaunt home on July 4. All the family was home including the Arthur Gaunts, Clarence Johnstons, Will Gaunts, Mamie and Ralph Gaunt, Robert Myers and Mr. and Mrs. W. J. Ross of Bay City. All enjoyed themselves at the dinner table in the "shade of the old apple tree." Ice Cream was served for lunch then all drove over to Boyne City to see the fireworks.

Save the cow and horse by using Fleck's Fly Chaser. Benj. Brown has it. 28tf

NORWOOD

Mrs. Dick Kirby of Charlevoix is visiting her parents, Mr. and Mrs. Nelson Empey.

Mrs. Lenters and children of Chicago are visiting her sister-in-law, Mrs. Joe Sprick.

Miss June Stafford and lady friend of Detroit are spending their summer vacation at the Stafford home.

Floyd Wagner and wife spent the week-end in Charlevoix visiting his parents, Mr. and Mrs. Henry Wagner.

Mrs. Colon McKenzie and children of Charlevoix spent the week-end with relatives at Norwood and Atwood.

Drusilla Richardson has returned to her work at Charlevoix after spending a two week's vacation at home.

Mr. Pierce's cousin, Miss Aldrich, Mr. and Mrs. Albert Holmes of Charlevoix, and Seeley Pierce of Chicago spent Friday with Mr. and Mrs. Harris Pierce.

School meeting was held Monday evening at the school-house. The taxpayers of Norwood were well represented which was very much appreciated by the school officers.

(Too late for last week.)

Glen Brenner of East Jordan was the guest of Drusilla Richardson Sunday.

Gaines Hammond of East Jordan and Mr. Swartout and family of Norwood motored to Vanderbilt Sunday to see the twins who are staying with Mrs. Swartout's sister, Mrs. E. Donohue. Ellen Swartout, who has been visiting there for the past two weeks returned home with them.

\$15,000 BLAZE NEAR PETOSKEY

Galinski's Barn and Its Valuable Hides are a Total Loss.

The big barn on the Louis Galinski farm, west of Petoskey on the Charlevoix road, was struck by lightning at 8 o'clock Thursday evening and totally destroyed by fire. The big structure was filled with a large lot of hides, farm machinery, hay, grain, harnesses and other equipment, and the loss is estimated,

according to Mr. Galinski, at nearly \$15,000. The fire was the only one reported in this region as the result of the Thursday afternoon and evening electric rain and wind storm. Mr. Galinski reports that the hides in the barn were valued at more than \$10,000. The structure was hit by a bolt of lightning and immediately flames broke out in several places. Within a few minutes the whole place was afire. The hides had been stored by Mr. Galinski, who is a dealer in hides and cattle.

The fly is the biggest menace to life—human and animal. Fleck's Fly Chaser will protect you. Get it from Benj. Brown. 28tf

DODGE BROTHERS
MOTOR CAR

The early part of the year 1920, as everybody knows, was remarkable for the tremendous volume of automobile business. Yet our deliveries for April 1921, greatly exceeded those of April 1920. This fact speaks eloquently for the goodness of Dodge Brothers Motor Car, for the reputation of Henry B. Wood and for the wisdom of the Charlevoix public.

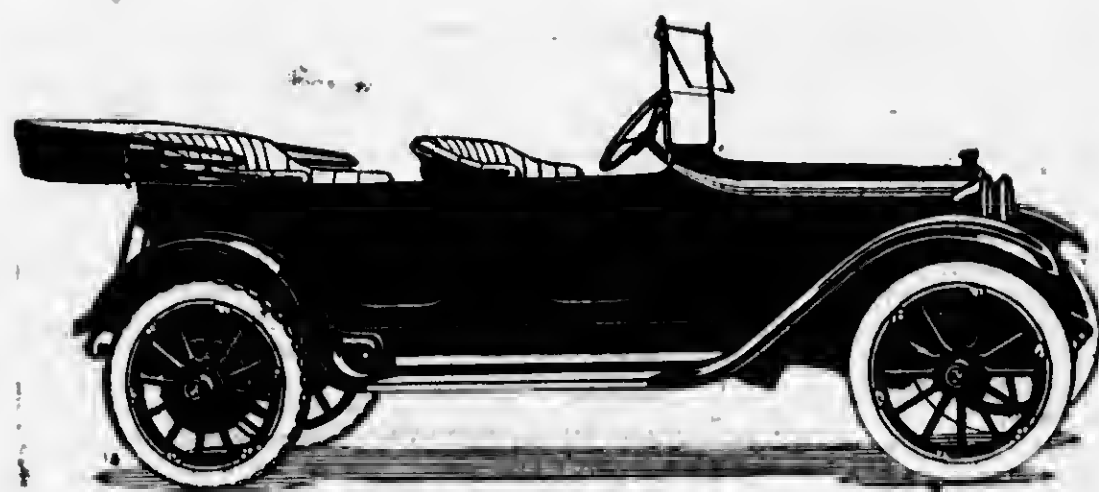

People have not stopped buying motor cars. They are simply buying with greater care. They are demanding dollar for dollar in value.

And, as the figures show, they have learned where they may buy with full assurance that honest values are always to be obtained.

H. B. Wood

Charlevoix -- Michigan

Bridge Street Telephone 58

Terrible Danger
of the Fly

The fly is the biggest menace to life—human and animal. It is the filthiest of all insects—the most irritating, also.

The fly filches more money out of your pockets than all the other pests on your farm put together. It robs you at the milk pail, keeps your cows scrawny and discontented, takes beef off your steers and makes your horses cross-tempered, balky and thin.

The fly, with its bedeviling itch, makes life unbearable for your stock during the summer. The continual biting, tail-lashing and post-rubbing deprives them of flesh, blood and energy, and then you wonder why your stock don't pay you bigger dividends.

Fleck's Fly Chaser is the sure, safe, cheap and humane solution of this problem.

Drives flies and mosquitos away.

Is non-irritating and non-poisonous.

Cannot injure skin or hair.

Guaranteed to remain effective for at least 6 hours.

Should be sprayed twice daily, all summer, on steers, horses, etc. Cows before milking.

A single gallon will last the average stockman all season. It is a germ destroyer, antiseptic and healing.

The Attorney General

The Harding administration has brought a great change to Washington. "Re-organization" has been traveling through the departments with a quick step, and the changes of personnel have been quietly effected in places where the policy of the work is more or less established. But there has been considerable of a turnover in the office of the Attorney General and the public have shown a live interest in the changes that have been made. Doubtless the early opposition to the nomination of Attorney General Daugherty was in a measure due to the fact that Mr. Daugherty and President Harding were known to disapprove certain policies that had prevailed for a long time in the Department of Justice. Obviously, the natural order of events has brought about big changes in the methods, as well as the personnel of the Department of Justice—and unbiased observers of affairs in Washington believe that most of these changes have improved the character of the service rendered to the country by this great branch of the Government. Attorney General Daugherty has frequently been described by newspaper writers as a strong, positive and aggressive character. He has shown that he recognizes the tremendous tasks of his department as beyond the powers of any one man, and he has surrounded himself with lawyers and other assistants who are capable of relieving him of the major tasks of his department.

The Assistant to the Attorney General

Colonel Guy D. Goff, assistant to the Attorney General, is often referred to in Washington as Mr. Daugherty's "law partner." They are conspicuously fitted to "team it" together as each is literally the complement of the other. Colonel Goff is a denial in the flesh of the libel that public service kills individual initiative. He was a United States district attorney from Wisconsin under the Taft administration; the principal assistant to General Crowder during the war, and upon its conclusion he was made the general counsel of the United States Shipping Board. President Wilson after-

wards appointed him as one of the members of the board to represent the "Great Lakes." At the beginning of the present administration he became assistant to the attorney general.

Rumor has that Colonel Goff declined a proposition to engage in the practice of law in New York City under an arrangement which would have yielded him \$50,000 a year, and accepted instead the \$9,000 post which he now holds. "A year ago I would have swam the Atlantic for \$50,000," he explained, "but now I do not need the money." And because he does not need the money he is able to give his time and talent to the public service, and in consequence occupies the position of assistant to the attorney general where he throws into his work the same energy and skill which caused him to be regarded as a \$50,000 man in the business and legal world. Roosevelt and Root and many other great men entertained the same view of life and its duties, and seized its opportunities to give their energies and their brains to the public service. Colonel Goff is among those whom Leigh Hunt, in Abou Ben Adhem, describes as "one who loves his fellowmen." No one ever asks whether Colonel Goff will make good. It is accepted that Goff will always make good. It was he who wrote the opinions for the War Department relating to the conscientious objectors, and his pen defined the intent and meaning of the law relating to the use of wine in the cantonments for sacramental purposes; and he also prepared the rules and regulations under which the selective draft was enforced. He was sent by the president and the secretary of war to Europe and placed in charge of military justice in the army and it was part of his mission to direct the settlement of admiralty claims while stationed at Chaumont, Paris and on the Rhine. All the military courts in Germany were under his control. War was so serious a matter with the Goff family that he not only threw all his energies into it, but Mrs. Goff and their daughter Miss Louise D. Goff also gave up their time to the call of the country, and until very recently she has been engaged in relief work in the devastated regions of Europe.

The Country's Peace-Time Battles

At one time the idea prevailed that the department of justice had great organization of the government has grown to such proportions that it now fights all of the peace-time battles of the country with a zeal equal to that assumed by the army and navy in time of war, as its sole object the prosecution and punishment of those who violated the criminal statutes. But this is constantly passing through the department matters involving legal questions which require immediate decision in order that the president and the heads of the other executive departments may be properly informed on questions of law arising in the administration of their respective duties.

The Assistant Cabinet

The assistant to the attorney general is virtually the vice-attorney general. His specified duty places him in direct charge of all suits and other matters arising under the federal anti-trust and other interstate commerce laws. In itself this is a pretty large order, but Colonel Guy Goff only begins there, because as the "law partner" of Mr. Daugherty every question of administrative justice arising in the department comes to his attention. He is a tireless worker, and to see him in action is to appreciate that he regards public service as an opportunity and call to duty and is to understand why large private business interests are continually striving to annex such men.

The assistant cabinet is composed of men to whom the president and the higher officials turn with the same freedom that they do to members of their official body for help and guidance in carrying on the affairs of the country. Careless paragraphers and critics who believe "public office is private snap" should be given an opportunity to visit the offices of Colonel Goff and some of the other men of the assistant cabinet. They would change their minds. His recommendation for a pardon or a parole is sufficient to ensure favorable action from the attorney general and the president. He furnishes evidence by his interest in his fellow human beings that there is a heart in the department of Justice. It is his work and thought, together with that of other human dynamos in the assistant cabinet at Washington that is doing wonders in putting the new Harding administration "on its feet" before the people of the country.

Can the United States Economize?

The other day the members of the president's cabinet heard a full explanation of the president's economy program, and they agreed to do everything possible to reduce expenditures at once without waiting for the submission of a new budget. Charles G. Dawes, director of the budget, has outlined his ideas of economy to all of the executive heads of the government in Washington. Dawes carries conviction, and the bureau of the budget which he is organizing will soon be functioning, and there will be in addition to a general accounting office independent of the executive establishment. This latter institution will be in effect an arm of the legislative branch with a purpose to check up on all expenditures. The controller general will serve for fifteen years and can only be removed by Congress.

The new budget is being written about by everybody. It comes into existence in a very noisy manner—it rattles like an old car and chugs like a motor cycle. Undoubtedly the budget is a move in the interest of economy in government. But economy of any real consequence is impossible as long as the extent of armament increases, just as they are increasing year by year. For figure as you will that is where most of the public money is always spent. Attacks on the "pork barrel" which is a crudity in expression applied to internal waterway and public buildings improvement and the reduction of government forces of clerks by hundreds of thousands, will not make any particular showing in economy. The international situation and the question of disarmament is inseparable from the desired end for economy and smaller taxes.

If you want your cows to produce milk, keep the flies off them. Use Fleck's Fly Chaser. Benj. Brown, 2841

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

The skeleton of what is believed to be a prehistoric man, 11 feet tall, was uncovered in a gravel pit at Eagle last week, 12 feet below the surface, where he had probably gone to hide from the prehistoric little woman.

A Grand Rapids officer testifies that a woman bit him over the head with a glass receptacle when he raided her home in search of liquor. Officers must not look upon the wine when it makes a woman see red.

The Rudyard bank which finds itself taxed beyond its capacity, has added 18 feet to its length and four feet to its width—though we should have thought it better to wait and see whether the landlord deposits his profits there next month too.

Andrew Long, age about 60, was lost in the woods near Burt Lake from 10 o'clock Saturday forenoon until 2 o'clock Monday afternoon of last week when with the aid of the Charles Houts bloodhound, he was located in the woods on the Fred Barney farm.

The man had been ill about three years and was being cared for at the Richards farm. He was missed Saturday at about 10 o'clock and a constant search was kept up from that

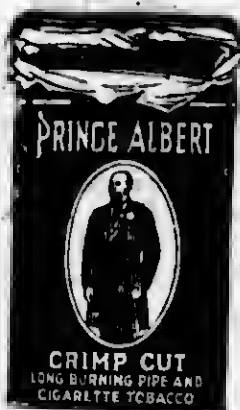

Buy a pipe—
and some P.A.
Get the joy that's due you!

We print it right here that if you don't know the "feel" and the friendship of a joy's jimmy pipe—GO GET ONE! And—get some Prince Albert and bang a howdy-do on the big smoke-gong!

For, Prince Albert's quality—flavor—coolness—fragrance—is in a class of its own! You never tasted such tobacco! Why—figure out what it alone means to your tongue and temper when we tell you that Prince Albert can't bite, can't parch! Our exclusive patented process fixes that!

Prince Albert is a revelation in a makin's cigarette! My, but how that delightful flavor makes a dent! And, how it does answer that hankering! Prince Albert rolls easy and stays put because it is crimped cut. And, say—oh, go on and get the papers or a pipel Do it right now!

Prince Albert is sold in tippy red bags, tidy red tins, hand some pound and half pound tin humidors and in the second crystal glass humidor, with sponge melonator top.

time until the man was located. When found he was in a critical condition from a stroke of paralysis, the heat and lack of food and water.

Guy Wilson, expert swimmer and fearless boatman who for many years had earned his livelihood on the water as a net fisherman, was drowned last week after a dive off the dock at Cross Village. Wilson had a large pond net near the middle of Little Traverse bay, and never hesitated to ride the waves in the fiercest of November storms.

OBTAIN PROFIT IN DAIRYING

Feed Prices Have Slumped While Price of Butter Still Remains at High Figure in Cities

Feed prices down 50 per cent or more and butterfat prices still high should mean that men who are now milking cows or who get into the dairy business will make money. Corn and alfalfa have made decided drops in price, while butter is still retailing around 60 cents a pound in these cities. Hence the best way to market these two feeds would appear to be through stock, especially milk cows. A few good milk cows, with feed as cheap as it now is, assures an income and should mean a good profit

HOT WEATHER HELPS

No matter how careful a house-keeper may be in keeping her pantry, closets and bedrooms clean, insects of some kind will occasionally make their appearance, and if not promptly disposed of will multiply with great rapidity. Two ounces of carbolic acid in one quart of gasoline is sure death to bugs, especially bed bugs, but be careful in using it as it is a deadly poison. To get rid of fleas sprinkle plenty of salt over carpets and floors and sweep it off before it has time to melt and use it plentifully around the house and keep cats and dogs out of doors. To get rid of ants soak a sponge in a sugar solution and place where ants are most numerous. When sponge is full of ants drop into hot water, dry and dip into sugar solution to use again. For insect stings and bites use the common wash bluing. To remove stains left on the hands by apples, grapes, etc., try washing the hands in vinegar and then rubbing with ripe tomato. To prevent tan and sunburn apply sweet cream to the face before going out into the sun and wear a thin veil. A mixture of two ounces each of borax powder and olive oil and glycerine will give relief for severe cases of sunburn. An excellent and inexpensive powder for infants and growing children is made by carefully browning flour and mixing with an equal part of borax powder and a little orris root, but when a child is badly chafed or sore the borax powder is used alone, and for prickly heat one part of this powder and eight parts each of starch and powdered zinc oxide is used. There is no better powder than this for body moisture and to use on the feet for perspiration. An excellent way to keep cut flowers beautifully fresh is to place in a vase filled with one ounce hard white soap 50 grains sodium chloride dissolved in 35 ounces of water, then a very little boric acid is dissolved in the water. Sprinkle flowers with fresh water, place in solution, and this must be renewed every three days, but it is well worth the trouble as the flowers will keep in good condition for days. To destroy white worms in flower pots a tablespoonful of camphor in a quart of water will kill instantly and do no harm to the plants; for the small green lice on flowers give a thorough spraying

with weak alum water and stir black pepper in the soil for small insects.

LAURENCE ACKERT MARRIED WEDNESDAY

Former Charlevoix Boy Surprises
His Friends Here

Word has been received from Minneapolis, Minn., of the marriage of Laurence M. Ackert to Miss Helen K. Andersen of that place, Wednesday, July 6th. Mr. Ackert is a son of Mr. and Mrs. John Ackert and is well known in Charlevoix, having lived here until about ten years ago during which time he has made his home in the west. His marriage came as a surprise to both friends and relatives.

Missionary Meeting

The monthly meeting of the Woman's Missionary Society of the Congregational church is to be held Friday at 2:30 p. m. with Mrs. Albert E. Mason. A paper prepared by Miss Caroline Miller will be read on the topic, "Community Co-operation."

DROUTH BROKEN LAST THURSDAY

Charlevoix and Vicinity Visited by
Heavy Rain

A heavy shower lasting nearly three hours, visited Charlevoix last week Thursday, and without doubt saved thousands of dollars in crops and fruit, which was about burned up by the extreme heat of the last three weeks.

The storm started shortly after three o'clock and continued intermittently for three hours, and later during the night this section was visited by a heavy downpour of rain lasting for over an hour.

Great is the rejoicing in the city and surrounding farm districts when that the flood came, and many folks celebrated by going out and standing in the rain until they were thoroughly cooled.

In some sections the storm did slight damage; some trees lost limbs and minor damage was done to homes and out-buildings. The entire northern district was visited by rain about the same time; in some parts south the storm was accompanied by high winds and considerable property damage resulted.

Friday and Saturday were cooler, but at present Charlevoix is enjoying the same brand of heat as before the storm.

HINES DRUG STORE CHANGES HANDS

Purchased by F. J. Fessenden of
Central Lake

F. J. Fessenden of Central Lake, has purchased the drug stock and fixtures of F. G. Hines, and will take possession on the first of October.

The drug store operated under the firm name of Hines & Co., was organized in 1884, and up to the time F. G. Hines purchased the holdings of others interested, a few weeks ago, has continued until this time. The store was opened June 9, 1884, and the first prescription was written for Dr. S. C. Graves, who later removed to Grand Rapids.

Mr. Fessenden also conducts a drug store in Central Lake, which he will continue after taking possession of the Hines store. F. G. Hines, who has been the active member of the firm during this long term of years, will assist the new owner during the summer months, also for a while after the store is turned over.

WHAT GOOD HIGHWAYS MEAN

Enable Farmers to Get Their Differ-
ent Crops to Market at Least
Possible Expense.

"Farmers are business men and in order to conduct their farms in a businesslike way and cope with other business men in the state they must devise ways and means of reducing the expenses of operation," said L. E. Birdsall in submitting a resolution to the Illinois Agricultural association. He added: "In no way can the expense of farming be reduced as completely as by securing good roads running by the farms which will enable the delivery of crops to market with the least possible expense."

That is good sound sense and coming from a practical farmer it shows that farmers are keenly alive to the need and value of improved roads. Mr. Birdsall lays further emphasis on the need of selecting the most competent men for highway officials so that the best talent may be available for road building and repairing.

ROAD DRAINING AND GRADING

Highways Out of Commission but Few
Days in Year When Cared for
by Good Patrolman.

The first step in road improvement is to grade and drain the dirt roads thoroughly. It is surprising, after driving over some of our neglected earth roads, to see what a splendid road can be made by draining and grading alone, and how few days during the year it is out of commission when cared for by a good patrolman.

All Demand Better Roads.
The business man, the farmer, the truck driver, the pleasure seeker, are all asking and demanding better roads.

Cash for Lincoln Highway.
An allotment of \$12,000,000 has been made for improvements to the Lincoln highway.

War Destroyed Highways.
More than 25,000 miles of highways were destroyed in France during the World war.

DIED AFTER VERY SHORT ILLNESS

Death of Dorothy Adell Saunders
Caused by Spinal Meningitis

Dorothy Adell, the twelve year old daughter of Mr. and Mrs. Matthew Saunders died at the home of her parents Sunday, July 10, from spinal meningitis, after an illness lasting only from the previous Friday.

Dorothy has attended the Nowland school and was music student of Mrs. Swinton of this city. Dr. Armstrong and Dr. McMillan were called in consultation and everything done to alleviate the suffering of the child.

She is survived by her parents, and two brothers, Clayton and Wallace, besides other relatives. Funeral was held from the family home Tuesday afternoon, Rev. James A. Smith officiating. Interment in Brookside.

Born, Wednesday, July 6th, to Mr. and Mrs. Ula Wakeman, an eight pound son, named Melvin Charles. Mrs. Wakeman was formerly Miss Alvina Poole.

Miss Drusilla Richardson, who underwent an operation on her throat several weeks ago has resumed her position as chief operator at the local telephone exchange.

Miss Edna Ward, who has been visiting friends in Grand Rapids since the completion of her school work as teacher in the Jackson high school, returned Friday to spend her summer vacation with her parents, Mr. and Mrs. E. B. Ward.

While swimming at the beach near the coast guard station one day last week, a young lady opened her mouth to call to some companion, when her store teeth escaped and fell to the bottom. "Yes, my darling daughter, hang your teeth on a hickory limb, but don't go near the water."

The Catholic Ladies will hold their annual bazaar on July 28, 29, 30, in the Masonic Bldg. Announcements later.

M. E. CHURCH NOTES

Dr. Hugh Kennedy of Detroit will speak at the Methodist Episcopal church next Sunday morning at 10:30 and in the evening at 7:30. Dr. Kennedy is one of the leading conference preachers in the Michigan conference. He will also speak at the Barnard M. E. church at 2:00 in the afternoon.

John Walker, son of a former pastor, will have charge of the Epworth League service next Sunday night at 8:30. The topic is: "Judging Unkindly." Come and give John a rousing welcome to his old home church.

Prayer service every Thursday evening at 7:30.

CONGREGATIONAL CHURCH

Subject for morning service, "Restricting Circumstances, a Help or a Hindrance?" Very careful preparation is being made upon this subject and the minister will be glad to greet you with his truths.

A casual survey of the parish reveals the fact that some are engaged in apparent necessary labors, yet many are being indifferent toward the services of holy worship, which should not be.

Church school at 12 m. Until further notice there will be no evening service.

A very cordial invitation is extended to all to worship with us.

Notice

To the taxpayers of the city of Charlevoix: Notice is hereby given that the July tax roll of the city of Charlevoix has been delivered to me and that the taxes therein levied are payable at my office in the Carnegie building at any time on or before the 15th day of September, 1921, without charges for collection. On all taxes remaining unpaid after the 15th day of September, 1921, a collection fee of four per cent will be added until the first day of October, 1921, after which time until October 31, 1921, an additional one per cent interest will be added on all taxes remaining unpaid.

Office hours: 8:30 a. m. to 12:00 noon; 1:30 p. m. to 5:00 p. m. John Cook, City Treasurer.

Notice to Citizens

The unprecedented hot weather has made it more imperative than ever that every precaution be taken along sanitary lines. The health of the community must be guarded, that no epidemic or sickness result. Complaints have been made at different times of open closets. Investigation has proved that in many instances people have been careless in this respect. Please remember this: Every open closet in the city must be disinfected. Not occasionally, but every day or so. Use chloride of lime or some other good disinfectant and use it often. By doing this you not only guard your own health, but also that of your neighbors. It must be done, and done at once, or other steps will be taken. The Board of Health does not want to be compelled to take drastic action in this matter, but if all open closets are not given immediate attention, the law will be strictly enforced. Burn or bury all rotten fruit and

vegetables. Help keep the health of Charlevoix residents and summer people 100 per cent by your cooperation.

Signed: Board of Health 2811

New Palace Theatre

Especially Good Attractions For This Week

THURSDAY, JULY 14—Ivan Film Productions presents a drama of mystery and thrills in the gripping film sensation, "The Window Opposite." Also an Outing Chester scenic-reel.

FRIDAY, JULY 15—Realart presents Wanda Hawley in "The Snob." Also a Rowland comedy, "Love's Lesson."

SATURDAY and SUNDAY, JULY 16th and 17th—Adolph Zukor presents the new Paramount wonder picture, "Deception." Featuring Europe's two greatest stars, Henry Porten and Emil Jennings with a cast of 7,000 people and the most stupendous settings ever built. The true heart-story of Anne Boleyn the beautiful court girl who won the world's worst husband and became the mother of a queen. Directed by Ernest Lubitsch, the man who created "Passion." For ten years you've watched the growth of the motion picture. Now see its supreme culmination, "Deception." You will be the loser if you miss this one.

MONDAY, JULY 18th—Goldwyn presents Rex Beach's famous story, "The North Wind's Malice." A mighty drama of the romantic north. Also a Hearst News reel.

WEDNESDAY and THURSDAY, JULY 20th and 21st—Samuel Goldwyn and Rex Beach present Basil King's powerful drama of the unseen world, "Earthbound." Two men built their lives on this creed: "No God, No Sin, No Future Life." What was the answer. A full year was devoted to the making of "Earthbound." Better see this one.

MAJESTIC THEATRE

SATURDAY and SUNDAY, JULY 16th and 17th—Wm. Fox presents Tom Mix in "Hands Off." A western whirlwind. Also a two reel Sunshine comedy, "The Big Secret."

TUESDAY, JULY 19th—Universal presents Carmel Myers in "The Kiss." Her latest production.

WEDNESDAY, JULY 20th—Universal presents Gladys Walton in her latest picture, "Short Skirts."

THURSDAY, JULY 21st—Metro presents an all-star cast in "The Hope."

COUNCIL PROCEEDINGS

Council Chamber, July 11, 1921
The Common Council of the City of Charlevoix met on the above date Mayor Wilbur presiding. Ald. president—Bergeon. Council members—Levinson and Miller. Also the Board of Special Assessors met with the Council to review assessment roll of West Lincoln avenue sewer district No. 26. Assessors present—Dar. F. Meech and Henry Cooper.

Minutes of meeting held June 27 were read and approved.
Enter Ald. Wood.
Moved by Ald. Genett seconded by Ald. Miller that the water frontage at foot of Chicago avenue on Pine Lake be leased to Sam Hamilton for three years from date at \$10 per year and the mayor and clerk authorized to execute proper lease. Carried by following aye and nay vote: Ayes, Ald. Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Moved by Ald. Hamilton seconded by Ald. Genett that the Mayor and Clerk be authorized to borrow \$1,400.00 for depositary and \$600.00 for Electric Fund for three months time at the best rate obtainable. Motion carried by following aye and nay vote: Ayes, Ald. Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Moved by Ald. Miller seconded by Ald. Wood the Council adjourned.

Archie Livingston, Clerk.

The Common Council and Board of Special Assessors having jointly reviewed the roll of the special assessment for defraying that part of the cost to be borne by special assessment on the lands benefited for the construction of a sewer on that part of West Lincoln avenue lying between Bridge street and the east line of Lot 14 of Block 3, Mason's Addition to the City of Charlevoix, as extended, and no persons appearing in objection to the said special assessment roll, Ald. Levinson offered the following resolution and moved its adoption. Motion seconded by Ald. Hamilton.

Resolution

West Lincoln avenue sewer district No. 26.

Resolved by the Common Council of the City of Charlevoix that the roll of the special assessment for defraying that part of the cost of construction of a sewer in that part of West Lincoln avenue lying between Bridge street and the east line of Lot 14 of Block 3 of Mason's Addition to the City of Charlevoix, extended, to be borne by special assessment on the lands benefited, as prepared and filed by the Board of Special Assessors, be and the same is hereby approved and confirmed.

Resolved further, that the amounts assessed against said lands described in said roll be divided into five equal installments, the first installment to be due and payable on or before the 15th day of September 1921 and collectible directly from the said special assessment roll on or before said date without interest; and the remainder of said installments to be due and payable annually, one each year, and collectible on the July tax roll until the whole of each assessment is paid with interest on all unpaid installments at the rate of six per cent per annum to be computed from date of confirmation of said roll.

Resolved further, that the City Clerk be and hereby is instructed to annually certify to the City Assessors the amounts of all unpaid installments appearing on said special assessment roll, and that said City Assessor be and hereby is instructed to spread the amounts so certified on said July tax roll against the several lands in said roll described, together with the accrued interest, as herein specified.

Resolved further, that the owner of any of said lands may pay the

whole amount of said assessment at the time of maturity of any of said installments with accrued interest, and when so paid the City Treasurer shall enter such payment upon said special assessment roll and give receipt therefor.

Resolved further, that the City of Charlevoix borrow the sum of Five Hundred Seventy-one dollars in anticipation of the collection of the said special assessments and that the bonds of said city be issued therefor drawing interest at the rate of six per cent per annum payable annually and bearing date July 15th, 1921, and in denominations and maturing serially as follows:

One bond in the sum of One Hundred Seventy-one dollars due July 15th, 1922.

One bond in the sum of One Hundred dollars due July 15th, 1923.

One bond in the sum of One Hundred dollars due July 15th, 1924.

One bond in the sum of One Hundred dollars due July 15th, 1925.

One bond in the sum of One Hundred dollars due July 15th, 1920.

Resolved further, that the Mayor and City Clerk be and hereby are authorized to execute said bonds and interest coupons thereof pledging the full faith and credit of said city for the full amount of said issue and interest thereon and to negotiate for the sale and sell said bonds at the best terms obtainable not less than par.

Adopted at a regular meeting of the Common Council of said city held in the Council Rooms in said city, the 11th day of July A. D. 1921, by aye and nay vote as follows: Ayes, Ald. Bergeon, Genett, Hamilton, Levinson, Miller and Wood. Nays, none.

Oscar E. Wilbur, Mayor.
Archie Livingston, City Clerk.

AT THE MOVIES

Filled with thrilling and dramatic scenes, "Deception," a superb Paramount picture which will be shown at the Palace Theatre next Saturday and Sunday is said to be one of the most remarkable photoplays ever presented in this country. The picture was filmed in Europe and the leading roles, those of Anne Boleyn and Henry VIII are portrayed respectively by Henry Porten and Emil Jannings, two of the most famous screen players in Europe.

"Bluff King Hal" was a fickle husband as history proves. When he began to tire of Anne, his second wife and pay his respects to Jane Seymour, he sought for a pretext to rid himself of Anne. He obtains evidence that she has had at least one love affair before and he takes her with treason, an accusation she scornfully denies. Then follows scene after scene in rapid succession and in the end Anne lands in the Tower. The story of "Deception" has exceptional appeal and independent of its superb spectacular features, the heart interest of the picture alone will prove irresistible to American picture lovers.

The epoch making motion picture production, "Earthbound," from the pen of Basil King, will be shown at the Palace Theatre next Wednesday and Thursday. In making this announcement we feel that no words of praise can do justice to the magnificence and lofty appeal of this master production. Its theme has the awe-inspiring appeal of a glimpse into eternity; in treatment it is majestic, as a work of art it attains to the height of grandeur. Nothing approaching it has ever been offered to the public. Never has the cinema delivered a more eloquent message. Never has the screen reflected an artistic triumph of more significant proportions. You must see "Earthbound."

Gouverneur Morris says: "That astounding drama which yesterday passed with unutterable dignity before our astounded eyes! Dignity, power, passion, drama—my heart almost stopped beating! No great work of art has ever held me more spellbound."

"Never have I been more spiritually uplifted by a closing line—or more comforted."

Maurice Tourneur says: "The most interesting subject that has ever been screened. The production of "Earthbound" marks a distinct advance in the art of motion pictures."

At the Palace Theatre next Wednesday and Thursday.

GOOD ROADS

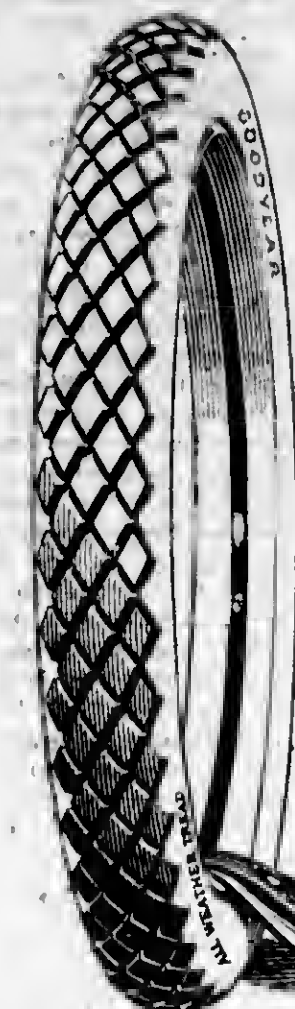

BUILDING OF BETTER ROADS

Highway Educational Work Extending Its Scope in Various Sections of the Country.

The extent to which the people of the United States are committing themselves to a definite policy of highway development is shown by reports reaching the federal highway council from all sections of the country.

In the face of high cost for both materials and labor, and the fact that in some states construction programs must be altered somewhat to meet existing labor and material conditions, there is no tendency upon the part of the people to slow down in their plans

Goodyear Tires That Are Even Better Than Before

We are building better Goodyear Tires for passenger cars today than we have ever built before. In the past few months we have added to their value time and time again—making them larger, stronger, heavier, and even more durable. We believe we speak truly when we say that nowhere in the world will you find their equal in endurance, mileage, and sustained economy. You can get these tires from your Goodyear Service Station Dealer now.

405 BRIDGE STREET, CHARLEVOIX

to place the nation's highways upon a higher plane in the country's transportation system. Tarsley stated, "They are sold to the bidders" on the proposition to construct highways that will release rather than restrict traffic, and they are dismissing labor and material problems with curt instructions to their official servants that it is up to them to deliver the roads.

A curious fact in connection with construction problems at the present moment is that the building of roads is seriously hindered by the same evil which they are designed to remove—lack of transportation. According to authoritative information, production is limited to a greater degree by inadequate transportation facilities than by labor shortage. At least this is true, it is claimed, in the production of materials for road building.

Highway officials—state and county as well as national—are facing their battles with patience and tact, and not if a maze of trying situations construction is going ahead at a fairly satisfactory rate. But as Paul D. Sargent, state highway engineer of Maine

Good Roads Enable Farmer to Market His Crops With Least Possible Expense.

and president of the American Association of Highway Officials, pointed out in a meeting at Philadelphia recently, when the people finally decide to authorize the development of any particular road project, they are prone to expect the work done almost overnight.

HENS BETTER THAN PULLETS

Older Fowls Are Preferred for Breeding Purposes—Cockers Most Satisfactory.

Usually hens make better breeders than pullets. Cockers, if well grown and matured, often give better fertility than older birds. However, cock birds that have proved good breeders should be used.

A Surprise.

A boy, after growing up, is always greatly surprised to find that the members of a brass band don't play for the fun of it.

Mistake Can Be Overcome. Don't worry over a mistake. Think of the millions who have made mistakes and have been successful.

Circulation counts—we have it

ELLSWORTH

Twenty-one days and then the barbecue.

Miss Bess Madill is visiting friends at Elk Rapids this week.

Benjamin Madill spent a part of last week at Elk Rapids.

Miss Savilla Yettaw is visiting friends at Frederick for a few days.

J. L. Warner of Elk Rapids was in town on business Monday of this week.

Henry Wagner of Charlevoix was in town on business one day this week.

John Parsons, Sr., spent Friday and Saturday of last week at Charlevoix.

D. E. Carpenter was called to Ohio last week by the serious illness of his mother.

Allie Carr of Vermontville, Mich., arrived on Tuesday for a few days' visit with old friends here.

Ray Nelson spent Saturday and Sunday at Charlevoix the guest of his brother, Hugh and family.

Masons and carpenters have finished work on the M. E. church and the painters will finish their work some time next week.

Geo. Klooster is at Jamestown this week attending the funeral of his mother who died last Saturday evening.

Henry Druise and daughter Dorothy and Miss Bernice Hartman of Detroit are among the late arrivals at the New Orient.

Miss Emily Wieland has accepted a position at the Rix Terrace Resort near Elk Rapids and left on Tuesday morning to take up her work.

Mrs. W. L. Chelles and baby daughter left on Sunday for their home in Detroit after a two week's visit with friends and relatives here.

Mr. and Mrs. Chas. J. Lelly of Chicago spent Sunday at the Benj. Madill home. Mrs. Lelly was formerly a roommate of Miss Mabel Madill.

The dedication of the M. E. church will probably take place on August 15th with Dr. Henderson of Detroit officiating. A further announcement will be made later.

Several from here were spectators at the second battle of the "Marne" staged by the Loeb and Charlevoix baseball teams on last Sunday afternoon on the Charlevoix grounds.

The Ohio party at Camp Dodge on St. Clair Lake left for their homes at Dresden, O., the first of the week.

After a month's vacation all express themselves as being delighted both with the country and with the treatment accorded them while here.

ATWOOD

We all appreciated the fine rain last Thursday evening.

Mrs. John Veenstra is under the doctor's care at this writing.

Joe Hofman bought a cow and calf of Gerrit Nicola last week.

Bert Newland and daughter of Detroit are visiting his parents and relatives here.

Rev. Samuel Jolliffe of Milwaukee is visiting at the home of his nephew, Ethan Jolliffe.

Mr. and Mrs. John Faber and son of Charlevoix spent Sunday with his parents here.

Adrian Bos has a gang of men helping remodel his stables and put in a cement floor.

Rev. Samuel Jolliffe will speak at the M. E. church at Atwood Sunday, at 10:30 a. m.

Mr. and Mrs. Al Custer and children are spending their vacation at the Peter Faber home.

Gerrit Hofman returned from Grand Rapids and is working for his uncle Joe Sprick at Norwood.

Quite a little of the wheat in this vicinity is cut and a good yield reported in spite of the dry season.

John H. Smith had the misfortune to lose a two year old steer by lightning during the storm last Thursday evening.

Miss Rose Klooster's condition is somewhat improved at this time although it will take some time yet for her to become well.

The children of Mrs. K. Klooster in this vicinity were notified of her death last Saturday at her home in Jamestown, Mich. Among those who attended the funeral from here were

Mr. and Mrs. John Koster and Mr. and Mrs. Henry Klooster.

You probably feel superior to a good many established customs, but if you make a business of violating them you won't feel superior long.

DIST. NO. 9 ANNUAL SCHOOL MEETING

J. H. Elzinga Appointed As a Member of the Board

The annual school meeting of district No. 9 was held at the schoolhouse on Monday evening of this week and the regular school business was attended to.

J. H. Elzinga, appointed a member of the board in place of Townsend who resigned some time ago was re-elected to succeed himself and Koo Klooster was elected over D. E. Clow as the other member. This leaves the board of education for this year consisting of W. A. Boss, D. Patterson, Wm. Kooyer, J. H. Elzinga and Koo Klooster.

The proposition of putting in the eleventh grade was left up to the board to take such action as they thought advisable.

MILES DISTRICT

Mrs. Frank Boyd went to Phelps last Wednesday to visit Mrs. N. Griffin and to attend the tent meetings.

Jim Courier of East Jordan is again on the job putting the finishing touches on the East Jordan-Ellsworth road.

Kenneth VanderArk of Grand Rapids took supper with the Miles family and called on Dick TerWee Sunday.

Mr. and Mrs. James Holben left this morning for a visit in Ranney district going first to the home of Mr. and Mrs. Nate Liakum.

Alfred Raymond and Katherine Mobio of Charlevoix and Mr. and Mrs. J. Mobio spent Sunday with Mr. and Mrs. Elmer Reed in East Jordan.

Mrs. John McTavish of Petoskey and Mrs. Dick LaLonde of Cleveland, O., spent the week-end with their sister-in-law, Mrs. Anna LaLonde.

Mr. and Mrs. Chas. Murphy of Ranney district and Mr. and Mrs. John TerWee and Mr. and Mrs. A. Miles, Herbert Evans, Peter Sherman and Harry Fowler attended the Gleaner meeting Saturday evening at Ellsworth held at the home of Mrs. E. Peebles.

(Too late for last week)

Mr. and Mrs. James Isaman of Ranney district spent Sunday at the home of Mr. and Mrs. A. Miles.

Mr. and Mrs. James Holben spent Wednesday with Mr. and Mrs. Fred Bancroft.

Mrs. Russell Dean of Flint is visiting at the home of her mother, Mrs. Anna LaLonde.

Clarence LaLonde and sisters Esther and Bess and Mrs. Allie Carr went to Petoskey Monday to celebrate.

Alfred Raymond and Katherine Mobio and Mr. and Mrs. J. Mobio and son, Carl, went to Boyne City to see the fire-works.

Alfred Raymond and Katherine Mobio of Charlevoix and Manilla Miles and Clyde Strong spent the Fourth at Deer Lake.

Mr. and Mrs. James Holben visited in Ellsworth at the home of Mr. and Mrs. F. H. Skow a couple of days last week and attended the tent meetings at Phelps.

Mr. and Mrs. Walter L. DeFord and sons, Bernard and Lloyd, Miss Lena Wegnar and Miss Ethel Lockwood of Sturgis and Dick Farmer of East Jordan visited at the home of Mrs. A. Miles.

Mr. and Mrs. Xelle Miles and little son Donald of East Jordan and Mr. and Mrs. Eugene Miles motored to Cadillac to visit for a week with their sister, Mr. and Mrs. Chris Peterson.

FAIRVIEW, BANKS

Farmers are still planting potatoes this week.

John Wieland of Essex has been cutting grain in this neighborhood.

Miss Kate VanStraten is visiting with relatives in Grand Rapids at present.

Mr. and Mrs. John Parsons of Atwood visited with Mr. and Mrs. H. DeGroot Friday.

J. Bruce of Central Lake has been cutting grain with his reaper for John Oosterbaan.

We had a fine rain last week Thursday and Friday after a severe drought for 38 days.

At the annual school meeting, Mitchell school, M. A. VanDerArk was elected treasurer.

Charlie Kass made an auto trip to Big Rapids accompanied by his brother, Richard, who will attend the Ferris Institute this summer.

Card of Thanks

We wish to thank our friends for their kindness during the illness and death of our beloved husband and brother.

SAVE GIRDLED APPLE TREES

Bridge Grafting as Shown by the Illustration Herewith Should Be Done Early.

Apple trees girdled by rabbits or mice can be saved by bridge grafting as illustrated herewith. The work should be done now as soon as possible and before the leaves show. The scions for bridging can be cut from any convenient apple tree and the ends where they are inserted protected by grafting wax, or the whole hanked up with earth so that every wound will be covered and kept moist

Bridge Grafting Saves Girdled Apple Trees.

throughout the summer. It will, indeed, be well to use both the wax and the earth covering. The work must be done as carefully as possible, but the most important matter of all is to do it in good season before the foliage has started.

SIZES OF FRUIT CONTAINERS

Efforts Being Made to Fix Standards Readily Distinguishable by the Average Buyer.

The bureau of markets of the United States Department of Agriculture, in its efforts to bring about standardization of shipping containers for fruits and vegetables, is recommending standard types for three of the most common types of packages. These are the hamper, the round stove basket, and the market basket.

These recommendations provide not only standard sizes but standard dimensions, and it is the intention of the department to fix standards which will be readily distinguishable from each other by the average buyer.

There are at present a great many containers of different sizes which are so nearly the same in appearance that they are a never-ending source of fraud.

By a slight modification in construction it is possible to make a 28-quart hamper which looks so nearly like a full bushel hamper as to deceive the purchaser, who is defrauded out of half a peck.

NITROGEN IS BIG ESSENTIAL

Is Lacking When Strawberry Plants Grow Slowly and When Peaches Show Poor Wood Growth.

When plant growth is poor, as when the new strawberry plants grow slowly and fail to send out vigorous runners, or when blackberries and raspberries, otherwise healthy, fail to renew themselves by sending out new suckers, or when peaches or apples show poor wood growth, or when foliage is weak and poorly colored, there is a shortage of available nitrogen.

Notice

During July and August the following places of business in Ellsworth and Atwood will be closed on Wednesday afternoons and evenings. The stores that have been open Wednesday evenings will be open Thursday evenings to accommodate those who wish to do their trading in the evening.

DEATH TAKES

H. H. SMITH

Has Been in Poor Health for a Number of Years

Henry H. Smith was born August 27, 1840 in South Lyon, Mich., and died at the age of 81 from heart trouble June 30, 1921, after being critically ill only a few days.

Mr. Smith was married to Mary Jordan of Delavan, Wis., in 1876, and with his wife moved to Charlevoix in 1900, settling in Hayes township on what is known as the Whitman farm. He has resided there until his death.

Deceased is survived by his widow, three daughters and three sons, Mrs. G. H. Cogger, Mrs. Don Button, W. J. Smith and Dr. Thad Smith all of Detroit, Miss May Smith of Los Angeles, Calif., and Ney Smith of this city.

Funeral was held from the M. E. church at South Lyon, Sunday, July 3rd, Rev. Lyon officiating. Thos. Muir of the Hudson male quartet of Detroit furnished the music. Interment in South Lyon.

The Jester's Cap

By MYRTLE A. BARTON

Copyright 1920 Western Newspaper Union

The third time Mabel Blake saw Willard Bartley it was at a lawn party given at the home of his aged uncle, John Ordway. As he stood greeting the elder ladies who had been invited as friends of the owner of Grassmere, she decided the nephew was a most attractive young man. His rare grace and courtesy fascinated Mabel. She was glad she had come; she felt that she would be glad to come again.

In strong contrast to the smiling, pleasant junior nephew of John Ordway was his cousin, Matthew Dorr, also on the scene. The latter was stiff and formal, his voice was stilled and deliberate, his facial expression was sour.

It was in Mabel that Willard came after he had made everybody agreeable as master of ceremonies. They had never spoken before except in casual greeting. Now they were irrepressibly drawn, one in the other. Through one game of tennis Mabel felt that she had never had so delightful a partner. Then Willard was called to join the group about his uncle, and he became his life and center, and then the different sets broke up into little groups and Mabel found that her mother, having evidently formed a predilection in favor of the long-faced, solemn-eyed Dorr, had him at her table and indicated that she approved of the guest and wished Mabel to accept the fact as a guidance.

Mabel could not help but note the close attention Willard paid to his uncle. It seemed as though the young man never lost sight of his relative, or his moods, or his comfort. When conversation lagged with the group about the old man, Willard immediately discerned the fact and was on the spot with some humorous remark that aroused the coterie from dullness. As those present abandoned themselves to such freedom and enjoyment as they chose, the younger spirits of the party were led into a riot of dancing and athletic games by Willard who seemed bubbling over with fun and frolic. He kept his uncle good-natured and laughing most of the time with quip and caper; he gave some extravagant character sketches that he had seen on the stage. He engaged in a ludicrous mock boxing match with a clown, and Mrs. Blake looked severe and censorious, and Dorr wore a disdainful sneer on his lip. Mabel, who from her strict bringing up had a due sense of decorum and the proprieties, was somewhat shocked at the excellence of her whitish hero seemed to center especially in wild, unrestrained frolic.

"If Willard had a jester's cap, it would fitly crown the occasion," remarked Dorr with ill concealed malice. "I don't see how uncle stands him, for he needs quiet and repose rather than hilarious excitement. Willard seems to have some motive in keeping uncle on a high strain that cannot but have a reaction."

"What does he mean, mamma?" inquired Mabel, later.

"Well, dear, as I understand it, Mr. Dorr is the son of a favorite sister of our host. It looks as though Willard was trying to crowd himself into the good graces of the rich old man with his tomfoolery, thinking to win his approbation by amusing him. I prefer the dignified character of Mr. Dorr myself," and when they departed for home later she severely scolded Mabel for having taken a stroll with Willard.

All the same Mabel thought fondly of the apparently gay and thoughtless young man, and the sentiment grew as through two summer months a round of community social functions brought them constantly together. It caused Mabel some wonder to understand why Mr. Ordway was also always a guest, and why Willard seemed to cater specially to his moods. Each time the latter came into evidence he seemed stronger, ruddier and happier. A transformation physically and mentally appeared to be going on. Dorr had courted Mabel industriously, but she had given him no encouragement. One day she came home to tell the reason why.

"Mamma," she said with palpable timidity, but with a happy ring to her tones, "Bartley and I have become engaged."

Mrs. Blake stormed and threatened. A pauper without prospects! An idle, homeless jester! While Mr. Dorr, the model, was ready to wed her at any time. In forty-eight hours, however, developments startled Mabel and shattered the ambitious mother. Dorr, despairing of the demise of his uncle, involved in secret extravagance, forged his name.

It was just a week after that when Mabel received a most unexpected caller—John Ordway.

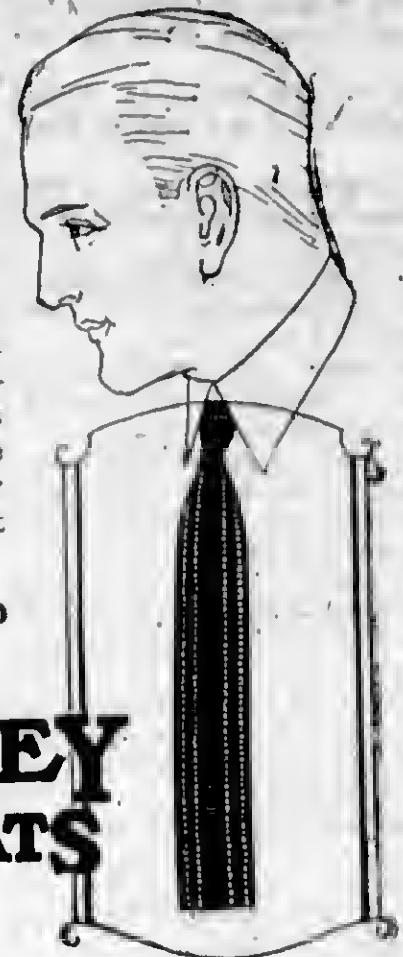

"My dear," he said, "I have come to congratulate and bless you. I find that young acquaintance relative of mine, Bartley, is a tombug, and I thought I ought to enlighten you. He and my doctor got up the precious scheme of having him play the comedian and joker to rouse me out of a hypochondriacal tendency that menaced my health. He has succeeded, but at the cost of being considered an impractical, empty-brained entertainer. The best evidence that he has balance and sense, however, is that he has selected the most charming girl in the county for his wife!"

LIEUT. SCROGGIE BURIED SUNDAY

REMAINS BROUGHT HOME FROM
SCENE OF DEATH

Death Resulted From Machine Gun
Wounds Received in Action—
Given Full Military Funeral

The remains of Lieut. Dean C. Scroggie, one of the first Charlevoix heroes to make the supreme sacrifice on the battlefields of France, was interred in its last resting place in Brookside cemetery Sunday.

The remains arrived at Hoboken, N. J., July 9th, and arrived in Charlevoix Saturday morning and were taken to the home of his parents, Mr. and Mrs. Wm. Scroggie on Petoskey avenue. Funeral services were held from the Congregational church, Sunday at 2:30 p. m. conducted by Chaplain James A. Smith, pastor of the church and chaplain of the American Legion. A full military funeral was given, members of the American Legion acting as pall bearers and escorts.

Lieut. D. L. Hardy of the 28th Inf., 1st Division, a bunk mate and chum of Dean, accompanied the remains to this city and remained until after the burial. The 28th Infantry was stationed at Camp Dix and when Col. Hugett, commander of the division learned of the arrival of the body, he asked the permission of war department officials that Lieut. Hardy be assigned to the accompany the remains to this city. At the time Lieut. Scroggie received the wounds from which death resulted, Lieut. Hardy was within a short distance of him, and was also with him at the time of his death.

Deceased was a graduate of the Charlevoix high school, and was 22 years of age at the time of his death. Shortly after his graduation he entered the U. of M., taking up a medical course. He enlisted from Ann Arbor, joining an ambulance corps, and soon after went with his company overseas. From all reports he witnessed all the horrors of war, was gassed several times, besides having many more narrow escapes. His advancement was rapid, being promoted to first lieutenant.

He was admitted to Evacuation hospital No. 11, October 10, 1918, suffering from severe abdominal wounds incurred in battle about 2:00 p. m. October 9, and died at noon on October 13.

He is survived by a father and mother and two brothers, Will and Lee, both located in Detroit, and who accompanied the remains to its last resting place here.

Friends and neighbors, companions of boyhood days alike showed their sympathy to the bereaved members of the family and to the departed hero by expressions of sympathy and beautiful floral offerings. It is a debt we owe to the memory of Dean C. Scroggie.

Red currants for sale. Mrs. Albert Edwards, 1002 May St., Charlevoix. 29t1

SUREST WAY TO RETAIN HUSBAND'S INTEREST

Do you know that a well-groomed woman, walking down the pike, will make a man turn his head quicker than anything else? It is all right for a woman to keep up her household responsibilities, particularly that part that has to do with the culinary end of the assignment, but don't overdo it. Someone has been telling us of a splendid wife who has extended her domestic obligations to taking care of the lawn, polishing the car and we presume she attends the furnace in the winter. Our hunch, based on some little observation, to these excessively industrious housewives is to do all that is consistently your job but reserve a little time for an occasional face massage, cold cream and a bit of man-teasing. Do this no matter what your husband may tell you about it. The surest way to retain your husband's interest, not to mention his affection, is to have constant pride in your personal appearance. Men like style and face powder, if it's properly disbursed and don't let anybody tell you any different. But as a final suggestion, whatever else you do, watch your heels. Run over heels are an abomination in the eyes of any man who has pride enough to keep his neck clean and your husband comes within that classification.

GOLFER HELD UP MONDAY AFTERNOON

Relieved of His Money at the Point
of a Gun

Stating that it was about the easiest way to obtain money he knew of, Harry Szpak, home unknown, held up a golfer at the links Monday afternoon and relieved him of a small amount of money.

Sheriff Weaver was immediately notified and within a short time Szpak was under arrest and placed in the county jail.

McKinley Newton, colored porter at Rose's barber shop, was also placed under arrest Monday charged with stealing a pair of pants and a sweater from the shop. The sweater was recovered but the pants are still missing.

Petty thievery is on the increase everywhere, not only in Charlevoix but all communities. Hundreds of men are out of employment and are making their way from town to town. Reports of thievery of all kinds are reported and the only way to rid the section of this class of bums is to drive them out as soon as they arrive.

LOOMIS IN FORM SUNDAY

PITCHES WINNING BALL IN THE
GAME AT PELLSTON

Charlevoix Stands in Third Place in
League—Meets Petoskey Here
Next Sunday

Charlevoix proved that she has one of the fastest teams in this vicinity by defeating the Pellston team on their own grounds Sunday. This is the second defeat for the Pellston team this season and the score of the Charlevoix Club is the highest that has been run up on them this year.

Pellston started out like a winner, scoring two runs in the second and one in the third inning. Charlevoix got one score in the second inning on a three-bagger by Gill and a sacrifice by Cartier. Pellston held this three to one lead up to the seventh inning, when good base-running together with two poor throws by Pellston gave Charlevoix a one point lead.

In the eighth they came back with three more, making them all on solid hits, and held the lead for the balance of the game.

Loomis pitched for Charlevoix and proved that he has not gone back from his last year's form by striking out 15 batters, Pellston not being able to connect for a hit after the first few innings. He also received good support, catches by C. Cartier in center, Benden as short and a long foul by Hosford being features of the game.

Two double plays were executed by Jones, Benden and Cartier, and C. Cartier and H. Cartier.

Next Sunday the team meets Petoskey at the North Side park. Petoskey has added some new men and are going to win if possible.

Mancelona won over East Jordan 4 to 3; Petoskey won from Brutus 12 to 9 and Boyne City defeated Harbor Springs 6 to 2 in games Sunday.

TROMBLEY CAUGHT AT CROSS VILLAGE

Escaped Prisoner Robs Farmer of
His Fat Roll

Frank Trombley, who escaped from the county jail last Wednesday by crawling through a small ventilator, was captured by a farmer near Cross Village, Monday, from whom he had stolen a purse containing \$97.00.

Trombley had evidently made his way north to that village and while there touched the man for his pocketbook. The farmer missed his wad and gave chase, capturing Trombley and took him to Harbor Springs and placed him in the hands of the village marshall. Reports also are that he pulled a revolver on the farmer, either at the time he obtained the money or when captured.

Sheriff Weaver went to Harbor Springs and returned with his prisoner Monday, and from now on will without doubt keep close watch on him.

Vacation time soon and you will need a new trunk, bag or suit case. We have just what you want. Benj. Brown. 29t2

GOES TO HOUSE OF CORRECTION

JOSEPHINE STARKS GETS SIX
TO TWELVE MONTHS

Has Been Doing Kitchen Work in
the Ingham County Jail
Since May 14

Petoskey and Boyne City shopkeepers who met the suave, artistically groomed and ultra-charming personality who introduced herself as Mrs. Josephine Starks last summer and then proceeded to astonish them by the liberality of her purchases, for which she paid with bogus checks on a Charlevoix bank, will be pleased to learn that she is resting quietly in the Detroit house of correction, with a certainty that at least for six months, and possibly twelve, she will not hand out any more checks on a bank in which she has no money on deposit.

Mrs. Starks was convicted of swindling by check in a court in Mason, and given the limit of penalty prescribed by law for the offense with which she was charged, which was one year, with alternative of six months if she behaves during her term of incarceration. She was arrested under the name of "Mrs. Virginia Winwright," but she had "done business" previously in several other southern Michigan cities under the cognomen of "Mrs. Clyde Potter," according to evidence introduced at the trial.

It was something like \$1,500 that the fashionable and well-bred "Mrs. Starks" got out of Petoskey and Boyne City merchants last summer, and great was the surprise when it was learned that one so nice could have done such a naughty thing. She first opened a small account at Charlevoix and then proceeded to pass out checks in the purchase of beautiful and expensive clothing and take the change in cash. She rented a cottage at Walloon Lake, but deserted it after her operations here were concluded. She usually had two little children with her, and so often spoke of "Mr. Starks," but she was rarely seen with a man. She was liberal in the matter of automobile hiring and in some instances she paid and in others she didn't. She timed her operations in Petoskey nicely so that a short Saturday, a Sunday and a Monday bank holiday intervened between the time she cashed her checks and the time they could be sent to the clearing house at Chicago, and she was ready to "beat it" when the psychological hour arrived. Since she operated here she has been working elsewhere but evaded capture until recently.

And so it has come to pass that the erstwhile summer resorter has changed her address from County Jail, Mason, Mich., to House of Correction, Detroit. She had been in the Ingham county jail since May 14 and her time at Detroit will probably aggregate about eight months. Sheriff Silsby, of Ingham county, states that she has been a model prisoner and has been "very helpful" in the kitchen department of the jail. Her two little boys are with friends in Detroit.

Within a few days the itinerary and dates of the Santa Maria will be announced. At present the tentative plan is that she will fly from Detroit across Lake St. Clair to Mt. Clemens, and thence over the St. Clair river to Port Huron. Her course will then be around the Huron peninsula into Saginaw Bay where she will make stops at Bay City and Saginaw. From the latter city she will fly to Thunder Bay and alight at Alpena, after which she will round the Michigan peninsula and come to a landing at Cheboygan. Then once over the waters of Lake Michigan she will make stops at Mackinaw, Petoskey, Charlevoix, Traverse City, Manistee, Ludington, Muskegon, Milwaukee, Racine, Benton Harbor and St. Joseph.

NEW TEAMS IN BASEBALL LEAGUE

Cross Village and Loeb Farms Replaced by East Jordan and Brutus

Loeb Farms and Cross Village have given up their franchises in the North Michigan Amateur Baseball league, and these franchises have been awarded to East Jordan and Brutus. This action was taken at a meeting of league officials held last Wednesday evening at Petoskey.

East Jordan is to fill the schedule of the Loeb Farms team and Brutus will fill the Cross Village schedule. Action of the league in switching these franchises came as a result of dissatisfaction among the teams.

At this meeting of officers, offer of the Charlevoix County Fair association for a series of games between two league teams at the annual Charlevoix county fair in East Jordan was accepted. The Charlevoix county association offers a purse of \$500 for a series of games. The games are to be between the league champions and the runner-ups or between the league champions and the champions of the league on the east side of the state.

Pure Cane Sugar only \$7.00 per hundred this week. S. Orłowski & Son. 29t1

SOON TO BEGIN HER LONG FLIGHT

DATE OF SANTA MARIA FLIGHT
GROWS NEAR

Charlevoix Anxiously Awaits for
Arrival of the Largest Passenger
Flying Boat

When the magnificent Pageant of Progress Exposition opens in the mammoth Municipal Pier at Chicago on July 30th the largest passenger carrying flying boat in the world will take its proud position as the culmination of the progress in transportation. It is the giant Aeromarine flying cruiser, Santa Maria, which is about to begin an aerial circumnavigation of the Great Lakes with fourteen passengers in its luxurious cabin.

Through the energy and initiative of Mayor William Hale Thompson of Chicago, complete arrangements have been made for the arrival of the Santa Maria in Chicago at the opening of the Exposition, where it will take its place as the last word in transportation developed by man. It will be one of the most outstanding exhibits in an exposition that bids fair to rank high with other important world shows of the past.

The Santa Maria will not be merely an exhibit, however, she will daily show her ability to conquer the rarest medium which man has forced into his service for the transportation of himself and his goods. She will be queen of the great course of aerial craft that is being concentrated about the shores of Lake Michigan for the aerial demonstrations that are being arranged as part of the Pageant of Progress.

The Santa Maria is about to begin her epoch-making flight from Detroit around the giant peninsula of Michigan. Within her two enclosed cabins eleven of the most prominent personages in the country will recline comfortably in the upholstered wicker chairs while she is plunging along the airways above the placid waters of the big lakes. In all probability Colonel Theodore Roosevelt assistant secretary of the navy, will make the memorable flight. At any rate he has expressed his desire to do so, and announced his intention of going if the dictates of public business in Washington will permit him.

At every city and town along the lake shores an eager anticipation of witnessing the arrival of the giant cruiser exists, and the greatest enthusiasm in the history of the great lakes cities prevails. Every city is vying with its neighbor for the honor of being a stopping place on the route of the Santa Maria.

Within a few days the itinerary and dates of the Santa Maria will be announced. At present the tentative plan is that she will fly from Detroit across Lake St. Clair to Mt. Clemens, and thence over the St. Clair river to Port Huron. Her course will then be around the Huron peninsula into Saginaw Bay where she will make stops at Bay City and Saginaw. From the latter city she will fly to Thunder Bay and alight at Alpena, after which she will round the Michigan peninsula and come to a landing at Cheboygan. Then once over the waters of Lake Michigan she will make stops at Mackinaw, Petoskey, Charlevoix, Traverse City, Manistee, Ludington, Muskegon, Milwaukee, Racine, Benton Harbor and St. Joseph.

Along the brief shore of Indiana similar stops will be made at Michigan City and Gary, after which she will proceed to Chicago to take her rightful place in the Pageant of Progress. The start from Detroit however, will be made in sufficient time to permit the Santa Maria to stay a sufficient length of time at of the Lake cities to completely demonstrate the last word in aerial transportation, and also permit the citizens to view what real luxury can be implied within the cruisers of the skies.

The tentative itinerary outlined above looks very impressive, but it must not be forgotten that time in transportation has been practically annihilated by aircraft. The Santa Maria will accomplish in minutes the distance between cities that takes hours with existing means of transit.

Her two Liberty motors of four hundred horsepower each send her through the air at more than a hundred miles an hour, and her course

between cities does not have to follow the configuration of land. She travels in a straight line between the beginning and end of her flight, and everyone knows the elementary principle that the shortest distance between two points is a straight line.

ONE OF FIVE HELD IN STATE

Charlevoix Scheduled for Regional
Grange Meeting

A regional grange meeting will be held in the city park in this city on Friday, August 19. State Master Cook of Owosso, and other prominent grangers, both from national and state granges will be present.

Charlevoix is especially fortunate in securing this meeting as it is one of five of its kind held in the state. Grangers from all points in northern Michigan will be present and plans are being made for one of the biggest gatherings of grangers ever witnessed in this section.

A complete program will appear in these columns as soon as obtainable.

WHEN DO YOU EXPECT TO DIE?

OR WHAT ARE YOUR CHANCES
FOR LIVING?

Local Man of Forty Says He Figures
On at Least Fifteen
Years More

How old do you expect to get before you die?

That was the question which came to the writer's mind the other morning when he heard a local man say that he was forty years of age and that he had just fifteen years more to live, basing his prediction on the fact that he would live to be as old but no older than his father, who had died at the age of 55.

According to figures which we obtained from the department of labor the death rate varies for different occupations giving the average for all men and women as 43 years of age.

Farmers	58
Bricklayers	55
Cool Miners	51
Cigar Makers	50
Textile workers	48
Machinists	44
Plumbers	40
Railway engineers and trainmen	37
Railway track and yard men	51
Blacksmiths	55
Laborers	52
Bakers	50
Iron Molders	48
Roustabouts	47
Office workers	36
Painters and paper hangers	49
Teamsters and Chauffeurs	42

The farmer has the best chance of living. An office worker's life averages the shortest.

We all know farmers who have died young. And occasionally in an office we find an old man who looks as if he came over with Columbus. But the figures do reveal the effects of hazard and indoor confinement on a worker's lifetime. They should be of especial interest to the young man uncertain about what line of work he will follow through life.

Our friends' father had been employed at various occupations, while the man to whom we were talking has followed one trade steadily, whose average age at death is stated in the above compilation of figures to be 40 years. He has already reached the average age for his occupation and feels confident that he will live to be about the same age as his father was, but does not expect to live beyond that age.

How does the table effect you and have you or will you live beyond the average?

MORRIS ACKERT BADLY BURNED

Was Working in High Tension Wires
on Clinton Street

Morris Ackert, an employee of the city, received a badly burned hand while working on the city's electric wires at the corner of Clinton street and Grant street Thursday forenoon.

His hand came into contact with a high tension wire, badly burning it between the thumb and the first finger. He was taken to Charlevoix hospital, where at last reports he is recovering.

KEEP IT OUT OF THE PAPER

FREQUENT REQUEST MADE TO
LOCAL EDITORS

The Heart of the Country Weekly
Beats Sympathetically With
Its Many Readers

There is something wrong with a system of existence that brings tears to the eyes of an old man and causes his shoulders to be shaken by a sob. When one has passed through the years of trial and sorrow, raised a family and toiled all along the way, he should know a few years of peace and love and tender care before he lays down the burden.

This is inspired by an incident that touched us a few days ago. An old and respected father stopped us on the street and told us of a distressing incident that had happened to his family. "If I want to ask you to keep it out of the paper," he said, and then the tears came and the pent-up anguish burst into sobs.

It always hurts to see a child cry. We stopped on the way to the office this morning to wipe the tears from the dirty face of a little fellow who said: "A big boy hit me in the jaw," but to see a man past eighty with tears rolling down his withered cheeks simply is too much.

Indeed we'll keep it out of the paper, old friend, along with many unprinted columns of sadness and sorrow and sin that we have kept out of the paper these many years. We sometimes think we are a pretty poor sort of an editor, after all. When we get a good story, from the city reporter's point of view, we always see the gray-haired mother or the proud sister who will be hurt by the publication of the sordid details and we kill it.

Recently in a neighboring town poor little sick girl suddenly wandered from home and the sensational city paper played it up with a scare head across the front page and even insinuated that the young lady had been enticed away. While the frantic mother was anxiously awaiting any information that would lead to the return of her child the young lady came back and a hasty message to the city newspaper told of the return of the sick daughter.

"Oh, hell!" answered the voice over the phone, "we had it all played up for the front page."

No thought of the bleeding hearts or tormenting fears of anguished parents ever weighs with these ghouls of the pencil who pry into sacred tragedies and haul family skeletons out to be stared at by an unsympathetic public. Anything for a sensation. Anything to sell the papers. There is no heart or soul in the city newspapers, but thank God the little old country weekly, the home town paper, still has a heart and it still beats in sympathy for the friends and neighbors who watch for its coming each week.

RETURN FUND TO CHARLEVOIX COUNTY

Of \$8,555.60 Collected for Motor
Vehicle Tax Half Comes Back

Of the \$1,270,731.43 received by the state from motor vehicle taxes during the three-month period ending June 30, 1921, \$654,141.67 will be apportioned back to the counties. The following shows, respectively, the amount collected and the amount turned back in Charlevoix and Emmet counties:

Charlevoix, \$8,555.60—\$4,377.80,
Emmet, \$9,387.50—\$4,693.76.

Throw away that old suit case and buy a good leather bag. Vacation time is here. Go prepared to travel and let us outfit you. Benj. Brown. 29t2

PHELPS

Leslie Klooster is spending a week with his cousin, George Klooster of Ellsworth.
A parents' meeting was held in the schoolhouse Monday evening. Ice cream and cake were served.
Mr. and Mrs. Earl Shapton and son, Warren and Lisle, were Sunday evening guests of Mr. and Mrs. E. Shaver.
The Farmer's Warehouse is receiving a very much needed coat of paint. Others in Phelps have the same fever.
Mr. and Mrs. M. Jackson and children and Mr. and Mrs. Chas. Stevens and children spent Sunday at the Ralph Klooster home.
Mrs. Frank Boyd and two children of Ellsworth returned home Tuesday after a week's visit with Mrs. N. P. Griffin and family.

Mr. and Mrs. F. S. Blanchard of Wailand, Mont., and her mother of Perry, Mich., are enjoying a visit with Clint Blanchard and family.
The Holiness camp meeting closed Sunday night, there being a very large crowd of people in attendance. These meetings were enjoyed by all who attended and we trust that we may realize a good result.

F. R. Klooster left Monday morning for Jamestown, Mich., where he was called by the sudden death of his mother, Mrs. K. Klooster. He was accompanied by his brothers, George Klooster of Ellsworth and Mr. and Mrs. Henry Klooster of Atwood. They are making the trip by auto.

NORWOOD

Cecil Richardson spent Saturday and Sunday in Charlevoix.
Mrs. Varges of Chicago is visiting her cousin, Mrs. F. E. Richardson.
Jim Cook and wife of Marion were callers at Harold Stafford's home Sunday.
Mr. and Mrs. George Light of Charlevoix called at F. E. Richardson's Sunday.
Mr. and Mrs. Clarence Beattie of Barnard were callers at the Swart-out home Sunday.
Mr. and Mrs. Gardner and children of East Jordan visited at Mrs. Henry Jennette's Sunday.
Mr. and Mrs. Colon McKenzie and children of Charlevoix visited at Merrill Richardson's Sunday.
Mr. and Mrs. W. S. Turner, son Kenneth and daughters Muriel and Deloris of Morey are visiting at Dr. C. W. Hewitt's.
The Misses Maud and Ada Johnson and Katherine Gibbons of Chicago are guests at the Holecreek home this week.
Mr. and Mrs. Louis Brown of

THE U. S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependable economy which is not exceeded by any tire in its class.

United States Tires are Good Tires

U. S. USCO TREAD
U. S. CHAIN TREAD
U. S. NOBBY TREAD
U. S. ROYAL CORD
U. S. RED & GREY TUBES

The standard tire likes nothing better than to prove its service

PEOPLE used to be secretly envious of the young fellow who came tearing up the street and stopped his car with a jerk.

Now they are inclined to criticize such abuse of tires. A mark of the growing consciousness about tires—their service, their work, their value.

This same respect for a good tire is the reason why the four-square tire dealer has passed up odds and ends, "job lots", "seconds", "cut prices"—and come out squarely with the standard quality service of U. S. Tires.

He is getting a bigger, and also better, tire business than he ever had before.

He is dealing now with his own kind

of people. The substantial citizen. The man who knows that you can't get something for nothing. The steady customer—not the bargain hunter.

To the man who has not yet learned the standard tire service he is entitled to we say—

Go to the dealer in U. S. Tires and make him show you.

Here is a man in close touch with one of the 92 U. S. Factory Branches—a constant supply of fresh, live U. S. Tires.

The U. S. Tire you buy is a tire built for current demands. No overproduction. No piling up of stock. No loss of mileage by hanging around on the dealer's racks.

Every way you look at it, a par quality tire at a net price.

"Here is a man in close touch with one of the 92 U. S. Factory Branches"

United States Tires

United States Rubber Company

H. B. WOOD, Local Distributor

Chesaning and Miss Gladys Slick of Manton motored to the Harris Pierce home Monday.

Miss Mildred Howe who is to teach in this district the coming year and uncle, Robert Struthers, called at F. A. Swartout's Monday evening.

BARNARD

Some cooler! Dr. Hugh Kennedy of Detroit preached on Sunday to a small but appreciative audience.

A young son arrived on Sunday to reside with Mr. and Mrs. Percy Woolley. He will be called Joseph. Percy Woolley had the misfortune to lose his barn on his farm in East Marion by fire last week. The crop of hay in it was also burned.

Our county agent and state veterinarian are in the neighborhood testing cattle for tuberculosis this week.

A great many Barnard people attended the Dean Scroggie funeral in Charlevoix on Sunday afternoon.

Mr. and Mrs. A. J. Bolhuis had as guests last Sunday, Chas. Lamoreaux from near Los Angeles, Calif., also Mr. Holmes and Mrs. Aldrich of Charlevoix. Mr. Lamoreaux is an old friend of the family whom they had not seen for twenty years.

BAYSHORE

Mrs. John Gilmartin returned to Detroit with Mrs. R. Dickhoff Saturday morning.

Mr. and Mrs. Fred Long of Jackson are at the home of their parents, Mr. and Mrs. Frank Burnett.

The lime kilns at Bayshore have been shut down for repairs making the burg quite dull for some time.

J. W. Hooper, Mrs. Minnie Scroggie, Miss Beatrice Scroggie and Mrs. Ray Dickhoff motored through from Detroit one day last week.

George Berdsal, an old resident of Bayshore, dropped dead at the National bank corner in Petoskey last

Monday night as he was returning from work.

Frank Vonschowick, an old resident of Bayshore, motored ap from Flint with his family to visit his mother and old friends before leaving for California.

The churches and A. O. O. G. of Bayshore will hold a community picnic July 30. There will be a ball game promptly at 10:00 standard time between the Resort Stars, a team of young ladies and the Bayshore Indians. A very interesting program will follow at the close of the ball game. Everybody welcome and bring a full basket.

Advertise in the Courier.

ATWOOD

James Zylstra spent Sunday at the home of his parents here.

Harm Essenburg is working for Mike Zylstra for a month.

Mr. and Mrs. H. Klooster returned from Jamestown, Mich., Friday evening.

Will Petter has work in southern Michigan and expects to stay for some time.

Mrs. I. L. Brown spent Friday and Saturday with her daughter in Central Lake.

I. L. Brown made a trip to Ironton Saturday to his brother Lou's Brown returning Sunday.

Mrs. Ida Blow and son Robert and two grand-children left for their home in Washington last Monday.

Albert Harwood accompanied by Will Knight and J. J. Smith attended lodge at Torch-Lake Saturday evening.

Ty Coeling has charge of the work of remodeling the stables on the Adrian Bos place and expects to finish the work this week.

Mrs. John Veenstra was taken to

Every kernel of the carefully selected wheat used in making Occident Flour is washed and scoured before it is milled. Then only the choicest part of the flour ground is made into Occident Flour.

This is one of the many reasons why Occident makes lighter, whiter, better-tasting bread—so much better than ordinary flour that we guarantee it. Money back if it does not please you.

the Charlevoix hospital for examination last Friday and it is feared she is suffering from cancer.

The oat harvest is on this week and never before have crops been so far advanced this early in the season. Corn is doing exceptionally

well. Don't forget that the stores in Banks township are closed Wednesday afternoons but that they will be closed Thursday afternoon the week of the barbecue at Ellsworth and open Wednesday.

CONCRETE ROADS VS. GR. & S. S.

COMPARISON AS TO COST OF
BUILDING

Concrete Road Promised on Dixie
Highway—Geo. H. VanPelt
Reviews Situation

Reviewing the situation of Charlevoix county's road system, we must analyze the thought of G. C. R. (good concrete roads) vs. Gr. and S. S. (gravel and soft stuff) construction, from a different angle than those who live where only gravel and soft stuff roads have been built, because we have the advantage of living in a county which has built both kinds and have ridden over them and know the advantages and benefits of one kind over the other.

Our G. C. R. (good concrete road) was built twelve years ago and that for all we can see it is as good now as when first built. We know the upkeep is next to nothing—only fourteen dollars (\$14.00) per mile for twelve years, or one dollar and twenty-seven cents per mile per year—and that it has only worn 3-32 of an inch. No one in Charlevoix county knows either the cost of the Gr. and S. S. (gravel and soft stuff) road or the upkeep of same but we do know that we have between five and six hundred thousand dollars invested in roads and that about all we have to show for it is four or five miles of G. C. R. and 50 or 60 miles of the other Gr. and S. S.

I would not build any of the cross roads now of concrete but we have twelve miles on the Dixie Highway—the road over which most of our tourists come here to spend the summer with us—and it is a national highway. This road, I say most emphatically, should be built of concrete because of its durability and the large amount of expense it will save in the upkeep for same.

We can and should take advantage of getting federal aid for this 12 miles of road, because we can get 50 per cent of the cost of it from 47 states which they will contribute to us on the price of the road. I think so and so does everybody else except perhaps a few. We can get state aid for building state roads. This money is from funds which we have contributed but here is an opportunity to get the sum needed from our neighboring 47 states. The southern part of the state is getting federal aid in "large quantities" and they get it because they can go for it and when we banded for our one hundred and fifty thousand dollars,

AFTER EIGHT YEARS

Charlevoix Testimony Remains Unshaken

Time is the best test of truth. Here is a Charlevoix story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. John Cook, 307 Mason St., Charlevoix, says: "I have used Doan's Kidney Pills for kidney disorder and backache and they have always given me splendid results."

Over eight years later, on May 4, 1920, Mrs. Cook said: "I haven't had occasion to use Doan's for some time, as they made a cure which has lasted."

60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

it was for a concrete road on the Dixie Highway. Frank Rogers, our state highway commissioner, promised us that we should have it for the Dixie Highway. Now I say while we can get the federal aid, let's go for it. It's for you taxpayers that I am talking and not for myself. Why? Because I have disposed of my property here and will not have the high tax to pay that you will have to pay on account of your present road system. It is the duty of every taxpayer to know what he pays his tax for and to see that he gets it. We should not calculate our county road problem singly as one against the other but collectively as a county unit, and all of us using as much federal aid as we can get.

My contest between the building of G. C. R. and Gr. and S. S. roads is not with individuals, but with the rotten system and it is not necessary for me to refer to it. You all know it and why in the d—d you stand for it is more than I know. Say, fellows, let's see if we cannot make more of our opportunities than we do. Let's ask ourselves a few questions. Am I doing all I can to make Charlevoix county a better place to live in? Is my example such as commands the respect of old friends and neighbors and all law-abiding citizens? Do I obey the Golden Rule? Retire to the quiet of your own domicile and answer these questions and if any others pop up answer them too—and then act according to the dictates of an honest conscience.

Yours for the good of Charlevoix county,

"Uncle" George VanPelt.

There is no argument concerning the kind of a road to build. A trip over the county's gravel roads should convince any right-minded person that they will not stand up under the present traffic, not taking into consideration the yearly increase in gas driven vehicles, especially trucks of one to three ton capacity. Right at the present time there is not a mile of gravel road in this vicinity that does not need immediate repairs. The same situation confronts us each year. It might be safe to say that we will be compelled to entirely rebuild our present roads every five or six years, and then we have but gravel roads, with the same situation confronting us.

We believe that all trunk lines should be built of concrete or of material that will stand the traffic. If we cannot have a sixteen foot build a twelve or nine foot road. Build it of material that the cost of upkeep will not within five or six years exceed the original cost of building.

The road situation in Charlevoix county needs the attention of every taxpayer. Our present system, as Van says, is wrong.

If you want your cows to produce milk, keep the flies off them. Use Fleck's Fly Chaser. Benj. Brown. 28tf

AT THE MOVIES

There is a romantic color and dash about "The Fourteenth Man," the picture coming to the Majestic Theatre next Saturday and Sunday. Robert Warwick is the featured player, and the film was adapted from the English stage success, "The Man from Blinckley's."

Capt. Gordon, the central figure in the picture, is a modern Sir Galahad who does not hesitate to don boxing gloves and do battle in the prize ring when occasion demands it. Forced to leave England because of an encounter with a superior officer, Gordon comes to New York and in a bohemian artist's colony meets Marjory Seaton, art student and heiress

Incognito. He champions her in her efforts to keep her unscrupulous guardians from swindling her out of her inheritance. After exciting events their romance ends happily. Pretty Bebe Daniels has the role of the girl and Kid McCoy, the prizefighter, Walter Hiers, and Sylvia Ashton are in the cast. Joseph Henabery directed.

Chara Kimball Young's achievement in her latest vehicle, "Mid-Channel," coming to Palace Theatre next Saturday and Sunday, reveals new wonders in the versatility of her interpretation. With every new effort this ingratiating actress leaps ever higher in the affections of the public. Whether her success in "Mid-Channel" is partly due to the throbbing timeliness of the play which deals with the most trying period of married life and bristles with moments of dramatic height that have rarely been attained in any pleasure—whether it is the tremendous popularity of the drama as a result of Ethel Barrymore's success in the leading role when it was presented on Broadway—the fact remains that Miss Young's performance in this masterpiece of Sir Arthur Wing Pinero's is a genuine surprise.

Flies rob your milk pail. Keep them off your cows by using Fleck's Fly Chaser. Benj. Brown has it. 28tf

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES.

A Greeley man who was suddenly knocked down on the road thought someone had hit him with a baseball bat, but later learned that he had been struck by lightning. "I know I'm not so fast as I once was, but he needn't try to be insulting," says the one who was supposed to have the bat.

Prisoners at the Hillsdale jail are extremely fond of Sheriff Bates and his wife, because they are fed just the same as the family, even to chicken, cantaloupe, and strawberries. The jail is carefully guarded, however, and no attempt of a freed man to regain his captivity has ever been successful.

Workmen digging in a gravel pit four miles south of Lawton discovered a Ford automobile. A geologist will be called, we understand, to examine the stratum, and determine whether the car belongs to a period any earlier than some of those specimens already seen on the streets.

On a farm near Ironton lives a man 68 years old who keeps cool these days pitching hay. "I have to rest in the middle of the day more than I used to, but I begin early in the morning and work until dark every night, except for the noon-day rest," says he, wiping the lee from his brow.

A Corunna boy has invented a hidden automobile switch for use in foiling thieves. When the owner leaves the car he opens the switch, and if an attempt is made to start the car, the ignition is cut off, the motor is killed, and the horn blows continuously until the switch is cut off, or until the neighbors come and shoot the owner.

Of the 196,447 farms in Michigan 159,254 are occupied by their owners, 34,883 by tenants and 2,310 by managers according to reports received by Verne H. Church of the federal bureau of crop estimates. The value of the farms per acre is an average of \$75.54 as compared with an average value of \$47.58 in 1910. The average value of farms and buildings is \$7,319, as compared to \$4,354 ten years ago. The total value of farm lands and buildings is given as \$1,437,862,310, as compared with \$901,138,299 in 1910. The number of farms in the state has decreased in the past ten years, but the average size has increased. In 1910 there were 206,960 farms comprising a total acreage of 18,940,644. In 1920 the number of farms had dropped to 196,447, but the acreage had increased to 19,034,210.

KEEP ROADS OPEN IN WINTER

Federal Highway Commission Suggests That Special Efforts Be Made by State Officials.

It is suggested by the federal highway council that state and county highway departments make a special effort to keep the roads clear of snow during the winter months and thus permit of uninterrupted traffic. The transportation of certain commodities is really more important during the winter than in summer and it is then that the roads are more difficult to pass over. Then, too, the rural mail must be carried whether roads are good or bad, and when the snow drifts several feet deep over the roads the life of the rural mail carrier is anything but pleasant. As the snow melts it transforms many roads into a mire that is almost impassable. On any road, no matter how good, there is a

All In a Day's Work

His gun held ready, his eyes glancing about eagerly, a man in hunter's garb moved silently through a North Michigan swamp. Suddenly the beat of flapping wings sounded. Quickly raising gun to shoulder, he fired. "A miss!" he growled disappointedly as the duck rose high into the air and disappeared from view. But—had the duck hunter missed?

Called from his bed that night (it was raining) one of the repair men went out to investigate the trouble. Following the toll lead, he drove more than a score of miles in the darkness and rain and tramped additional miles through a swamp. Using a flashlight, he finally found the source of the trouble—an insulator that had been shot off.

In a telephone booth in a hotel 30 miles distant, that same evening, a brisk, alert-looking business man put in a call for Detroit. Ordinarily, ten minutes would suffice for the connection. The business man waited. Finally, with the explanation that the delay was due to poor transmission, the operator announced that Detroit was on the line. The operator then immediately notified the Repair Department of line trouble.

Interruptions in telephone service, we repeat, may be due to a thousand and one causes. The foregoing is a statement of an actual incident. A thousand similar stories could be written. The point is just this: Through all such difficulties, night and day, regardless of weather conditions, the people of the Telephone Company are doing their duty to the public by being constantly on the job to keep service up to its high standard.

on the subgrade, and loosen the base under the wearing surface, thus causing great damage to the road.

Road officials could do nothing better than to keep their equipment busy in the winter removing the snow from the road surfaces. It is one form of maintenance work that is very essential in lengthening the life and usefulness of the highways.

BENEFIT TO SUBURBAN LAND

One Advantage of Road Improvement Would Be to Open Up Territory for Homesteads.

Another change in the use of land which may result from road improvement, especially near towns and cities, is to make it available for suburban development. This might better be termed increasing the home value of the land, and it will be found to apply where the land is retained for its original use as well as where, following road improvement, it is utilized so as to yield a higher return on agricultural products. The home value of land is one to be given consideration.

Roadside Tree Planting. Roadside tree planting had best not be in formal rows, but in groups or as a specimen tree at irregular intervals. Street trees should be in straight rows of the same species for ten or twelve blocks.

A NATIONAL INSURANCE FRANCHISE

When Congress passes the McFadden-Kenyon farm credit insurance measure, it will create the first insurance company to have a national charter. It will obliterate State lines in insurance. It will end the conflicting regulatory laws of forty-eight states in this most important economic service. It will create one insurance company with the right to do business in all the states without meeting hindrance or the prejudice of local politics.

It will do more than this in creating the first great insurance corporation that will be in truth mutual, whose control will actually rest with the policy-holders. The great need of this as a stabilizer of insurance is abundantly provided in the scandals disclosed by the Undermyer investigation, which are but a piece with conditions disclosed by previous investigations. It is evident that those who control these

great financial institutions with their hundreds of millions of capital, have forgotten nothing in speculative finance, and have learned nothing of financial decency in the moral obligation as to trust funds.

This Federal franchise contemplates its acceptance by one of the present life insurance companies having a capital of not less than \$400,000,000, by surrendering its present state franchise. It would retain its present business and establish departments for fire, stock and crop insurance under broad powers. So far as is humanly possible, the provisions endeavor to assure that the control shall always remain and be actually exercised by the insured. This, however, is in turn so guarded as to provide for trained and continuous business management by a system which leaves the working management in a comparatively small voting body over whom the larger body has the power of recall by a "negative"

vote. Moreover, the absolute safety and wise control of the funds are protected. It will not be possible to repeat what has been uncovered by the Lockwood committee as a duplicate of the earlier Hughes investigation. It is provided that any officer, director, trustee, or other representative of the company, "who knowingly, without first obtaining the written approval of the censors, make a contract or enacts a by-law for the league through which he is to acquire a direct personal pecuniary interest" shall be deemed guilty of a misdemeanor and shall upon conviction be imprisoned for not less than two nor more than ten years.

These censors are to be approved and experienced public accountants who serve for one year and cannot be named again. They not only have their professional reputations at stake but if their successors discover that one of them has colluded with any officer, he is guilty of the same offense and liable to the same penalty. It is provided that: "The censors shall have power and authority to supervise all elections, call confidence elections, audit the accounts, verify the statements, and inspect the books, papers, transactions, and properties of the league, become the custodians of one of the keys to the securities vault, and approve each by-law, contract, and agreement in which a director, trustee, or officer making the same is to acquire a direct personal interest."

It is this insurance company that is to finance the agricultural credit system organized under a separate franchise in the same bill. It, however, will have no control over the credit system or of the series of credit banks or their management. The only liaison between them will be through the insurance corporation's auditors. But it will, while financing the credits extended by the farm communities through the branch State banks, write insurance on the subjects of the loans, which can be made only for productive purposes.

Whether the subject of the loan is cattle, stock, machinery, silos, clearing or what not, this insurance will be collateral of the loan, insuring payment. Both these branches of what is in fact one great system of establishing limitless agricultural credit for production uses, are to be as free as any other private enterprise from government control. The control will rest with their

MYSTERY LEASES

HINT OIL FINDS

Ten Recorded on 760 Acres in McKinley Township

Ten mysterious leases recorded on June 30 with the Emmet county register of deeds, running from various folks in McKinley township to Amos Peterson of Cheboygan, and given "for the purpose of mining and operating for water, oil, gas and coal," have brought up the question as to whether somebody has found oil in that vicinity and is gathering in all the rights possible before the secret is discovered, says the Petoskey Evening News.

Seven hundred and sixty acres of land are involved in the deal and as gas and coal in that region are admittedly impossible, and as so large a tract would not be leased for water privileges, oil seems the most probable motive. The Petoskey mineral well was originally sunk in hopes of finding oil, and there was one or two other attempts, but thus far no oil has ever been found in Emmet county.

The leases grant the rights for ten years with the privilege of continuing for fifty years if what is sought is found. It is specified that all oil and other products taken are to belong to the lessees, with the proviso that 5 per cent thereof shall go to the lessors. No cash consideration as to rent is mentioned.

Save the cow and horse by using Fleck's Fly Chaser. Behl. Brown has it.

DEATH TAKES

MRS. CRUICKSHANK

Died Last Thursday at the Home of Her Daughter

Mrs. Fronia Cruickshank was born in Isosco county, Mich., September 11, 1846, and died Thursday, July 14th, at the home of her daughter, Mrs. P. E. Vandermade from a general breakdown.

December 25, 1874, Fronia Hartford was united in marriage to Andrew Dunn Cruickshank at her girlhood home in Isosco county, after which they resided in Fowlerville prior to taking up their residence in Charlevoix about forty years ago.

Deceased is survived by her daughter, Mrs. P. E. Vandermade, her husband having died 22 years ago. The funeral was held Saturday morning, July 16, from the Vandermade home on Petoskey avenue, Rev. James A. Smith of the Congregational church officiating. Interment in Brookside.

Married Sunday Evening

The marriage of Mrs. Norman Briggs to Thomas Covey of Lansing took place Sunday evening at the home of Mrs. Briggs on Upright avenue, with about forty guests in attendance. Rev. C. A. Rice of the Baptist church read the service.

The Catholic ladies will hold their annual bazaar on July 28, 29 and 30 in the Masonic Building. Refreshments afternoon and evening. 2911

ROSESWIFT PLANE

ARRIVED SATURDAY

Preparations Made for Regular Flying Here

The big single passenger aeroplane owned by the Rosesswift company of Grand Rapids, arrived in Charlevoix Friday evening about six o'clock with pilot Wallace Young and Mr. Coats, a representative of the company.

This machine was sent here on account of the late arrival of the regular machine, the "Charlevoix," a two-passenger machine, which will be stationed here during the summer season. The "Charlevoix" is a new machine, purchased especially for

passenger carrying, but the manufacturers were delayed in making shipment to the Rosesswift people.

Pilot Young returned to Grand Rapids Monday with the single passenger machine and will return by Friday with the Charlevoix, making flights each day for the balance of the season.

Ran Into Road Fence

Some speed demon or person who had gone asleep while driving a car, ran into the fence along the road just east of the Struthers' farm on the Petoskey-Charlevoix road, and broke off three posts and smashed the heavy planking. Must have been a Ford or serious results would have been reported.

LOCAL NEWS BRIEFLY TOLD

Get the Habit—Read the Courier

BE CAREFUL WHAT YOU SAY
In speaking of a person's faults,
Pray don't forget your own;
Remember those of homes of glass
Should never throw a stone,
If we had nothing else to do
Then talk of those who sin,
'Tis better we commence at home,
And from that point begin.

We have no right to judge a man
Until he's fairly tried;
Should we not like his company,
We know the world is wide.
Some may have faults—and who
Has not?
The old as well as young;
Perhaps we may, for aught we know
Have fifty to their one.

Then let us all when we begin
To slander friend or foe,
Think of the harm one word may do
To those we little know.
Remember, curses sometimes, like
Our chickens, roost at home.
Don't speak of others' faults
Until you have none of your own.

Charlevoix has returned to the city
and taken a position in Linda Vista
for the summer.

Dr. Andrew Swinton returned to
his home in Marquette Monday hav-
ing been in the city the past three
days on business.

Frank Courier, clerk at the Banj.
Brown Auto Sales spent Sunday with
his parents, Mr. and Mrs. Joe Cour-
ler in East Jordan.

Mr. and Mrs. H. Mead and Mr.
and Mrs. Harry Deering of Battle
Creek were guests of Mrs. Oluf Nor-
drum and family several days last
week.

Mr. and Mrs. David Howard re-
turned to their home in Muskegon
Saturday after renewing old ac-
quaintances in Charlevoix the past
week.

Mr. and Mrs. Geo. Zipp, Mr. and
Mrs. Wilbur Zipp and Homer Zipp
of Petoskey were in Charlevoix Sun-
day to attend the funeral of Dean
Scroggie.

Sears R. McLain of the Holland
Sugar Co., of Holland, Mich., and J.
R. Cooper left the first of the week
for a ten day fishing trip in the up-
per peninsula.

Mr. and Mrs. A. J. Davidson, son
Lawrence and daughters, Gwendolyn
and Janet of St. Louis were guests
at the Charlea See home from Satur-
day to Tuesday.

George Bouzer and two daughters
Irene and Ann and brother Frank of
Grand Rapids motored here Satur-
day and were guests at the home of
Mrs. Oluf Nordrum.

Mrs. Walter S. Beebe and Mrs.
Walter B. Beebe of Columbus, O.,
arrived Thursday on the steamship
Manitou to be the guests of Miss
Fanny Arms at the Tea Kitchen for
two weeks.

Mrs. Carl Falkenheimer formerly
Miss Jane Ferguson and son Charles
and her sister Mrs. Larry Chase left
Tuesday night on the steamship
Manitou for Chicago where Mrs.
Chase will be the guest of her sister
for a few weeks before leaving
for her home in Deer Lodge, Mont.

A marriage license was recently
issued to Norman Metzger of Ind-
ianapolis and Miss Mary Hogan of
the same city. The Metzger family
is well known to Charlevoix sum-
mer people having occupied their
cottage on the Belvedere for sev-
eral seasons.

John H. Oldham and son, Harold,
of Detroit, arrived Sunday for a
few days' visit with Mr. Oldham's
parents, Mr. and Mrs. John Oldham,
Sr., and other relatives. Mrs. Edw.
Smith, sister and daughter Marion,
will make the return trip with them
as far as Kent City.

NEW PALACE THEATRE

Especially Good Attractions For This Week

FRIDAY, JULY 22nd—Realart presents
Constance Binney in "The Magic
Cup." Also a Rowland comedy,
"Rush Orders."

SATURDAY and SUNDAY, JULY 23rd
and 24th—Harry Gordon presents
Clara Kimball Young in Ethel Barry-
more's sensational stage success,
"Mid-Channel." Supported by an
all-star cast. "Mid-Channel" is a mas-
ter play from the hand of a master
dramatist, Sir Arthur Wing Pinero.
Played by a chosen cast it brings to
the screen unquestionably one of the
greatest pictures in years and one of
the finest pictures in which Clara
Kimball has ever appeared. Also a
Booth Tarkington Edgars comedy,
"Edgar the Explorer."

MONDAY, JULY 25—Samuel Goldwyn
and Rex Beach presents Gouverneur

Morris' famous story, "The Penalty,"
starring Lon Chaney supported by an
all-star cast. You'll follow the career
of Blizard, legless king of San Fran-
cisco's underworld with breathless in-
terest. A picture that will set the
whole town talking. Also a Hearst
News Reel.

TUESDAY, JULY 26th—Select pictures
presents Elaine Hammerstein in "The
Miracle of Manhattan." Also a Hearst
news reel.

WEDNESDAY, JULY 27—Metro pic-
tures presents May Allison in "Extrav-
agance." Also a Mutt and Jeff car-
toon reel.

COMING—Goldwyn's big, new special
production, "Wet Gold."

THE MAJESTIC THEATRE

SATURDAY and SUNDAY, JULY 23rd
and 24th—Robert Warwick in "The
14th Man," with a great supporting
cast. Including Bebe Daniels, Walter
Hiers, Sylvia Ashton and Kid McCoy.
A romantic comedy picture. See Robt.
Warwick in the big fight scene with
Kid McCoy in this picture. Also a
two reel Sunshine comedy, "Hold Me
Tight."

TUESDAY, JULY 26th—Universal pre-
sents Harry Carey in one of his latest
pictures "The Wallop." A two-fisted

five-reel western picture. See Harry
Carey, king of the galloper in his
newest, biggest fighting picture.

WEDNESDAY, JULY 27—Carl Laem-
mle presents Stroheim's wonder play,
"Blind Husbands." A big eight-reel
production staged amidst Alpine
scenery. This drama of two men and
a neglected wife rises to heights of
emotion as towering as the mighty
peaks which are the silent witnesses
of the great disaster and surprise at
the end. See this without fail.

A Self Provider

By RALPH HAMILTON

(Copyright, 1920, Western Newspaper Union)

They made a pathetic and sorrowful picture. Elsie Danforth and a great Dane dog, Victor. She sat on the grass, her arms around the dog's head, looking at it with a sad and loving gaze. The dog would break. The intelligent animal bent his affectionate gaze upon her with wistful, troubled eyes as though striving to comprehend the grief of his fair young mistress.

"Oh, father, has it got to be?" murmured the young girl brokenly.

"Yes, father, Elsie wants a dog to watch his melon patch and the orchard, and he will take the very best of care of Victor. He can afford to keep the animal. We can't. I'm sorry, Elsie, but with meat at forty cents a pound, Victor would have to go hungry."

"Why, father, what has straightened you out?" exclaimed Elsie.

"I am always short of cash till the crops come in, and John Devan, the banker, called me on a note unexpectedly. It was a mean turn to serve an old-time client, but I managed to meet the demand. Robins will be here soon. I'll get a chain for Victor."

"But I promised Alvin to care for dear old Victor as if he was our own," said Elsie. "I think he would ever forgive me if anything happened to him."

Abel Danforth went to the stable and brought back a dog chain. As it clanked to the ground Victor eyed it askance.

"He seems to know we are plotting against him," choked up Elsie.

"Oh, there is Mr. Robins now," and father and daughter went towards the road to greet the visitor who was to convey Victor to his farm, ten miles distant.

Absorbed in pleading for the tendered care for Victor his mistress occupied several minutes. When her father turned to hand over the animal, Victor had disappeared. The light of hope came into Elsie's eyes as she said:

"The poor fellow knows we were going to cruelly abandon him and has gone into hiding."

Farmer Robins delayed in home return to the mill. "I'll be this way day after tomorrow," he finally advised, "and you'd better have him chained up and ready."

Elsie was relieved at even a temporary respite for Victor. Then as the farmer's wagon rattled away she burst into an exultant and ecstatic laugh. Her father, following the direction of her glance, saw what she saw—the head of wise, cautious Victor peered from the door of the hay-loft, looking this way and that for the enemy he had instinctively recognized in Farmer Robins.

Alvin Marsh was the owner of Victor and was the accepted lover of Elsie Danforth. A month previous they had postponed their intended marriage, while he went to the far South on account of some legal wrangle as to some property his uncle had left him. His secumment meant a good deal to the engaged pair, for Alvin had counted on trading it for a little home. He had left Victor in charge of Elsie. Sparse crops necessitated strict economy with her father, Victor was a big eater and choice as to the kind of food he ate and his keep really meant a charge the Danforths could not very well meet.

The intelligent animal frisked about Elsie as if like herself appreciating the postponement of his banishment. An hour before dusk he disappeared in

the direction of the town. Elsie was looking for him quite anxiously an hour later, when he reappeared carrying between his jaws a clean bone with fresh raw meat adhering to it. He looked up into Elsie's face as if indicating that he had realized that he was a burden on the family, and would not tax their larger supply as long as there were meat shops in the town.

The next day, twice during its passing hours Victor disappeared and reappeared with a very fair meat supply. What with this and some bread and milk he seemed fed comfortably and Mr. Danforth said:

"You feel so bad about parting with Victor, Elsie, that we'll put Robins off as long as the animal can supply the bulk of his own provender. Oh! heard the news? Some sharp fellows sneaked a lot of money and securities from Devan's office today while he was away at lunch."

In that same circumstance Victor played a fateful part. He, of course, was never able to put it in words, but it was figured out afterwards by imaginative human minds. Rambling about the morning after the robbery, Victor had come upon the two men in the woods who had committed the crime. They were discussing a meal of bread and ham, and had placed beside them a wallet holding some money and a package containing over fifty Liberty bonds they had secured at the Devan office. The latter was done up in a newspaper that had come in contact with that holding the greasy ham. Victor scented sure food within, snatched up the package between his teeth and half an hour later was tearing it open in the home yard where Elsie discovered its contents.

It was only natural that John Devan should pay a reward for the recovery of the bulk of his stolen possessions. Victor was not sent away, the lack of money was tide over, Alvin Marsh returned successful in his mission, and happiness and plenty smiled upon the happy group, including clever, loyal Victor.

Better Roads

BETTER TO BUILD UP ROADS

Continuous Care Has Been Largely Responsible for Improved Highways in Maryland.

It is better to build a cheap road and keep it in good condition by adequate maintenance than to build the most expensive highway and permit it to deteriorate for want of care, say officials of the bureau of public roads of the United States Department of Agriculture.

and, which has one of the finest systems of improved highways in the States if not the best.

Patching a Macadamized Road in Maryland.

has consistently followed this practice. The originally improved roads in Maryland were comparatively inexpensive, costing only what the taxpayers were willing to pay for. The first few years the average cost was less than \$10,000 a mile. In some cases the work entailed consisted of grading and drainage, but in others it amounted simply to resurfacing the old turnpikes, which had already been graded and drained.

Generally the roads built at that time were macadam, 12 feet wide and six inches thick. Soon the width was increased to 14 feet. Later many were widened still further, some very successfully, by adding concrete shoulders on each side of the existing macadam. This method of improving roads makes it possible for traffic to continue to be ped on the road while the work is going on.

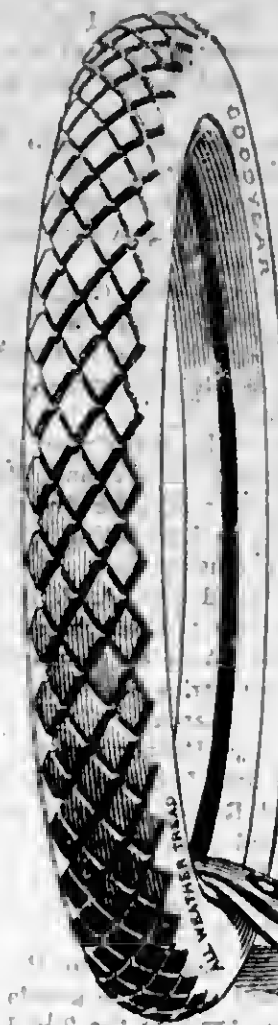

The macadam roads in Maryland have given very good satisfaction, but continuous care has been largely responsible for their success. The roads are constantly patrolled and no hole of any size is allowed to go unrepaired. Materials for patching is kept at convenient points along the road for the use of the patrolmen. From a relatively small investment in an admittedly low-type road it builds up a better one from year to year, always conserving the bulk of the previous investment.

COUNCIL PROCEEDINGS

Council Chamber, July 18, 1921
The Common Council of the City of Charlevoix met on the above date Mayor Wilbur presiding. Ald. present, Bergeon, Geneit, Levinson, Miller and Wood.

Minutes of meeting held July 11th were read and approved.
Entered Ald. Hamilton.
Moved by Ald. Levinson seconded by Ald. Wood that the Mayor and Clerk be authorized and instructed to enter into contract with the Michigan Mutual Liability Insurance company for Compensation Insurance for one year. Carried by fol-

Bigger, Stronger, More Durable Than Ever Before

For months, we have worked to make Goodyear Tires for passenger cars even better. We have increased the size of our clincher type Goodyear Cords, made the tread thicker, the carcass heavier, the bead stronger. Today our larger size Cords are likewise bigger, stronger, more durable. And fabric-tires, and inner tubes, too, show added value. Whatever car you drive, there are improved Goodyear Tires and Tubes now ready for it, at the nearest Goodyear Service Station.

lowing aye and nay vote. Ayes, Ald. Bergeon, Geneit, Hamilton, Levinson, Miller and Wood. Nays none.

The Council having under consideration the matter of the hearing of the petition for the construction of a sewer on that part of E. Upright avenue lying between May street and Alice street and there being no objections or suggestions from the owners of the lands abutting on said street, or from any other persons interested, Ald. Levinson offered the following resolution and moved its adoption:

Resolution
East Upright avenue sewer district No. 28.

Resolved by the Common Council of the City of Charlevoix that the construction of a sewer in that part of east Upright avenue lying between May street and Alice street in accordance with the plans, plats, diagrams and specifications on file be and the same is hereby declared a necessary public improvement.

Resolved further, that the City Clerk be instructed to advertise for sealed bids for the construction of said sewer including the furnishing of all labor and materials therefore and receive such bids up to five o'clock p. m. of July 25th, 1921, such advertisement to be published in the Charlevoix Courier one issue before said date.

Resolved further, that the Council reserve the right to reject any or all bids so received. All bids to be accompanied by a certified check in an amount equal to five per cent of the bids as security that the bidder will enter into contract in accordance with the terms of his bid.

Adopted at a regular meeting of the Common Council held in the Council rooms in said city, on July 18th, 1921, by aye and nay vote as follows: Ayes, Ald. Bergeon, Geneit, Hamilton, Levinson, Miller and Wood. Nays, none.

Oscar E. Wilbur, Mayor.

Moved by Ald. Miller seconded by Ald. Bergeon the acceptance of H. D. Marshall bid for construction of State street sewer, extension for \$3,593.00 and the Mayor and Clerk be authorized to enter into contract for the construction of same.

Carried by following aye and nay vote: Ayes, Ald. Bergeon, Geneit, Hamilton, Levinson, Miller and Wood. Nays, none.

Moved by Ald. Miller seconded by Ald. Wood the Council adjourn.

Carried.
Archie Livingston, City Clerk

LEGAL NOTICES

Notice
Sealed bids for the construction of a sewer in that part of East Upright avenue in the City of Charlevoix lying between May street and Alice street in accordance with the plans, profiles and specifications therefore, on file, will be received at my office in the council rooms up to Monday, July 25th, 1921, at five o'clock p. m. Bids must be accompanied by certified check or deposit of money in an amount equal to five per cent of the bid as security that the bidder will, if required, enter into contract to construct such sewer in accordance with the terms of his bid. The City reserves the right to reject any or all bids.
Dated July 19th, 1921.
Archie Livingston, City Clerk 2911

A MODERN AND COMPLETE BANK

PRIVATE MATTERS

Why, Friend Farmer, do you place your valuable papers in some convenient drawers about the house?

Some of these days you will need them badly.

Soon you may forget where you put them and spend a lot of time and worry trying to find them.

The Charlevoix State Savings Bank can provide you with a private box in its fire and burglar proof steel vault, so they cannot be lost or destroyed.

Only fifteen days more and we'll meet you at the barbecue.

Mrs. A. L. Ely was on the sick list the first of the week but is some better at present.

Mrs. Floyd Turk of Petoskey spent last week with her parents, Mr. and Mrs. Joe Alward.

Miss Esther Goldstick of Bellaire visited at the Wells home on Tuesday of this week.

Edd. Moblo of Traverse City is spending a few days with his mother Mrs. Adam Martin.

Eugene Best and daughter Helen spent from Saturday until Monday with relatives in Levering.

Miss Mae Skow who has been teaching at Cape May, N. J. for the past year is home for the summer.

The Donald Patterson home is receiving a new coat of paint at present. F. O. Gillett is doing the work.

Jake and Bernie Klooster left on Tuesday of this week for a visit with relatives at Grand Rapids and Holland.

Mrs. Savilla Mayer of Indianapolis has been visiting at the W. A. Boss home and looking after business interests during the past week.

On account of the barbecue on August 4th, all business places will remain open the preceding day both afternoon and evening and will close on the day of the barbecue at 10:00 a. m. and remain closed until after half game is finished.

John Beuker, Henry Elzinga, and Elmer Klooster will start by water for an outing to Old Mission, Traverse City and Northport this week and expect to be gone six days. The trip will be made with a fourteen foot row boat with out-board motor.

D. E. Carpenter is at home again after a trip to Bowersville, O., called there by the illness of his mother who died shortly after his arrival. On his return trip he visited his daughter, Mrs. Fred Bartley at Diamondale and his brother-in-law Heuston Bently at Lansing.

Largest Pin Factory.
The largest pin factory is in Birmingham, England, where something like 50,000,000 pins are manufactured every working day.

SUNDAY SCHOOLS OF THE COUNTY

TO MEET IN ANNUAL CONVENTION JULY 26 AND 27

Elaborate and Interesting Program Prepared for the Two-Day Session at Ellsworth

A fine program has been prepared for the great convention to be held at Ellsworth July 26 and 27. Ellsworth is doing its best in preparing for the entertainment of the delegates and visitors from all over the county. In addition to the best local talent one or two state workers will be present on the program. Among the subjects to be discussed are such as "The Relation of the Home to the S. S.," "The Missionary Idea in the S. S.," and the possibilities of thorough organization.

The Sunday school is about the strongest single force for a righteous democracy. Its fruits are always good and lasting.

The state workers always give addresses full of unusual inspiration and help to all. Ask those who have heard them.

A good representation is expected from every Sunday school and church in the county; from every township. Plan a trip and take in this convention.

Following is the program:
Tuesday Morning
Registration of delegates.
10:30, song service.
Devotional by Rev. Bouma.
11:00, "Why a County Convention," by Rev. E. E. Clark.
"The Benefit of County Association to Local School," by Ernest Holmes.
Announcements.
Closing song.

Tuesday Afternoon
1:30, Song Service.
Devotional by Rev. N. E. Pritchard.
2:00, "The Relation of the Home to the Sunday School," by Mrs. Chas. Coy.
"Stewardship in the Sunday School by Rev. R. O. Holman.
"Benefit Received from Rallies," by Nick DeYoung.
Appointment of nominating committee.
Closing song.

Tuesday Evening
7:00, Song service.
Devotional by Rev. C. S. Jenkyn.
Song.
7:30, Welcome by E. Chellis.
Music.
Offering.
8:00, Address by E. K. Mohr, State Officer.

Wednesday Morning
9:00, Song service.
Devotional by Rev. D. A. Road.
9:30, Roll call of all Sunday school superintendents and delegates for reports of schools.
10:15, "The S. S. and Church of the Future," by Rev. C. E. Thies.
"Missions in the S. S.," by Rev. N. F. Jenkins.
Discussion.
11:00, Business session.
Report of County Officers.
Report of Nominating Committee.
Election of Officers.
County Budget and Pledges of Districts to County Work.
Pledge to State Association.
Election of Delegate to State Convention.
The Next County Convention.
Closing song.

Wednesday Afternoon
12:45, Training Conference for County Officers. Conducted by State Worker.
1:30 Song service.
Devotional by Rev. H. K. Beute.
1:45, "Importance of Sunday School Rallies," by G. Leshner.
Discussion.
2:30, Address by E. K. Mohr.

ANNUAL MISSION FESTIVAL JULY 27th
To Be Held in Peebles Grove Wednesday of Next Week

Following is the program of the Annual Mission Festival to be held Wednesday, July 27th, in Peebles Grove, beginning at 10:00 a. m.
Singing by the audience.
Prayer by Rev. H. K. Beute of Ellsworth, president of the day.
Address of welcome by Rev. Beute (Holland).
Orchestra.
Singing by Atwood quartet.
Beharizing der Zending. Een heerlijk werk (Holland), by Rev. Bouma of Atwood.

Hot Weather is Here

Are you still doing your daily cooking over that hot range?

No wonder you are cross and tired out after each day's work. It would try the temper of a Saint to do it—and we are not all saints by any means. How to avoid it? Why, just buy a

Everything for QUALITY —nothing for show

THAT'S OUR IDEA in making
CAMELS—the Quality Cigarette.

Why, just buy Camels and look at the package! It's the best packing science has devised to keep cigarettes fresh and full flavored for your taste. Heavy paper outside—secure foil wrapping inside and the revenue stamp over the end to seal the package and keep it air-tight.

And note this! There's nothing flashy about the Camel package. No extra wrappings that do not improve the smoke. Not a cent of needless expense that must come out of the quality of the tobacco.

Camels wonderful and exclusive Quality wins on merit alone.

Because, men smoke Camels who want the taste and fragrance of the finest tobaccos, expertly blended. Men smoke Camels for Camels smooth, refreshing mildness and their freedom from cigarettey aftertaste.

Camels are made for men who think for themselves.

If you want your cows to produce milk, keep the flies off them. Use Fleck's Fly Chaser. Benj. Brown, 291f

ODD FELLOWS TO HOLD PICNIC

Held This Year at State Park on July 28

The Charlevoix county Odd Fellows' picnic will be held this year at the State Park, on Thursday, July 28th.

These gatherings have become very popular and it is expected this year will witness the largest attendance in the history of the association.

Grand Secretary Rogers of Lansing has wired his intention of being present, and Grand Master Crampton will come if his duties at Washington will permit. Both of these gentlemen are forceful speakers, and Congressman Crampton, having upon several occasions visited the Old Country always proves himself unusually interesting.

It is expected the State Park will be in perfect readiness for such a gathering by the date decided upon.

Pure Cane Sugar only \$7.00 per hundred this week. S. Orłowski & Son, 291f

Northern Michigan Dentists

Northern Michigan dentists held a meeting in Petoskey Wednesday evening for the purpose of organizing a district society. A six o'clock dinner was served at the Hotel Perry followed by instructive addresses by "Dents" from other parts of the state. Doctors Auld, Wilkinson and Mitchell were the Charlevoix dentists in attendance.

Throw away that old suit case and buy a good leather bag. Vacation time is here. Go prepared to travel and let us outfit you. Benj. Brown, 291f

Lost Eight Cows

Martin Ruhling, a farmer living about a mile north of East Jordan lost eight valuable Durham milch cows by being struck by lightning in the storm Monday afternoon. A barn in that neighborhood was also burned. The heavy downpour of rain did considerable damage to roads and crops.

There will be a dance at the Iron-ton Grange hall, Friday evening, July 29. Good music, good order and a good crowd. Come. 291f

Entertained Tuesday Evening

Miss Ruth Mitchell entertained Tuesday from 3 to 6:30 at the Mitchell home on Antrim street for the pleasure of Dorothy Armstrong, Helen Parsons, and Pauline Markham, who will be August and September brides. The eighteen guests made many gifts in linen which were presented by the hostess. A two-course luncheon was served.

Tribute to the Pen.

The pen, like the sword, has a dark side to its history. Not only has it created a good deal of rubbish, but it has appended to the evil passions of the ignorant and the dishonest; it has incited anarchy, sedition and hatred. But to the pen we are indebted for all the books of the world. It has enabled poets to sing to us, historians to charm us, philosophers and men of science to share with us their valuable knowledge; it gives us the bible, it inspired civilization. It is a mighty agent "beneath the rule of men actually great."

CAR OVERTURNS ON BAD CORNER

Too Much Speed Cause of Serious Mishap

A seven-passenger Nash touring car, owned by Mr. Dudek of Petoskey, driven by his son Walter, overturned on the H. H. Smith, corner, east of the city on the Boyne City road, Monday forenoon, with the result that its occupants were more or less injured and the car badly damaged.

They were driving to Charlevoix when the accident happened, and turned the corner at high speed, the car overturning several times and landing in the ditch. Walter Dudek, the driver, received injuries to his leg and painful scratches on his face. One other occupant of the car had his collar bone broken, and the other was hurt internally.

The injured men were taken to Charlevoix hospital and given medical attention.

Pint Mason Fruit Jars 85c a doz.

 Half Gallon Mason Fruit Jars for \$1.25 per doz. S. Orłowski & Son, 291f

SIXTY-EIGHT CASES DISPOSED OF

Prosecuting Attorney Reports Work of First Six Months

Prosecuting Attorney Rueggger reports that a total of 68 cases were disposed of in our county during the first half of this year, as follows:

Fifty-five cases resulted in convictions.

Two cases resulted in acquittals. Four cases were nolle prossed. Seven cases a settlement was made.

Of those convicted eight served sentences in jail, and forty-two paid fines and costs. The amount of fines paid in to the county was reported at \$379.00.

Our line of trunks, suit cases and bags was never more complete. See us before buying. Benj. Brown 291f

M. E. CHURCH NOTES

Despite the storm last Sunday night an excellent congregation of young people greeted the leader of the Epworth League, John Walker made the service exceedingly interesting by live discussions on up-to-date topics. Miss Lottie Withers will have charge of the service next Sunday night at 8:30. The president, John Walker, announced a social for next Monday at the church, young and old are invited.

Dr. Hugh Kennedy made a splendid impression on those who heard him last Sunday. Dr. Kennedy is secretary of the Detroit Area which extends into several states adjoining Michigan. Mr. Kennedy presented facts which demonstrate that Methodism is doing bigger and better work today than ever in its history. Last year the church made the largest gain in membership and sent more missionaries into the foreign field than ever before, also, our theological schools are sending large numbers of young men into the ministry of the church.

Services for next Sunday as follows:

Preaching at 10:30 and 7:30; Sunday school with classes for all ages at 12 o'clock; Epworth League at 6:30.

Prayer service every Thursday evening at 7:30.

Our line of trunks, suit cases and bags was never more complete. See us before buying. Benj. Brown 291f

Hold Regular Meeting

The Charlevoix order of Royal Neighbors held their regular business meeting Friday evening at the home of Mrs. D. Eckinger on the south terrace. Mrs. Loper of Flint was the only visiting member. The hostess served light refreshments later in the evening.

There will be a dance at Maple Grove Grange, Wednesday evening, July 27th. Everybody welcome. 291f

Miss Harrington Entertains

Miss Beatrice Harrington entertained Saturday from 3 to 5 o'clock for the pleasure of Miss Norma Swift of Harbor Springs, who has been her guest the past week-end. Those present were former students of Alma college. Refreshments were served at the Sugar Bowl.

Card of Thanks

We wish to express our sincere thanks and appreciation to our friends and neighbors for the many acts of kindness and sympathy shown us on the return of the remains of our beloved son and brother, Dean C., also for the many beautiful floral offerings. To the members of the American Legion we wish to state their efforts in our behalf are more than appreciated.

GIANT SEAPLANE VISITS OUR CITY

LANDS HERE SATURDAY ON
LAKE TRIP

Lieut. P. N. L. Bellinger, Command-
of Famous N. C. 1 in Charge
of Huge Plane

The giant seaplane, "Santa Maria," eagerly looked for by hundreds of people of this vicinity, landed in Pine Lake near the Inn, Saturday afternoon about six o'clock. The arrival of the beautiful flying boat was unexpected, no notification being received until about an hour before she reached the harbor. This was a disappointment to many, as plans had been made to welcome its arrival by a large delegation of citizens.

On board were Lieutenant Commander P. N. L. Bellinger, U. S. N., who commanded the N. C. 1 during her famous trans-Atlantic flight; Dr. James W. Inches, city physician of Detroit; Jack Binns who won world fame when he sent out his celebrated S. O. S. wireless when the ocean liner Republic was rammed by an Italian vessel in the night twelve years ago and thereby saved the lives of 5,000 passengers of the two vessels by calling the Baltic; C. F. Redden, president of the aeronautic airways; Ed. Musick, pilot; Charlie Barbour, assistant pilot, and W. W. Richards helper.

The seaplane remained over night and Sunday morning shortly after ten o'clock made a flight to Boyne City with a party consisting of E. B. Ward, president of the Association of Commerce; Judge F. W. Mayne, Miss Adeline Holley, A. L. Livingston of the State Savings Bank, Mr. and Mrs. Ira Adams and A. J. Usher, representatives of the local press.

The flight to Boyne City and return was made in twenty-five minutes, and it is beyond us to describe the trip in a manner that it is entitled to. We will say however, that while we knew Charlevoix and its surroundings were beautiful as seen from the earth, the view from an altitude of eight hundred feet surpasses anything we have seen or can imagine. We have been asked "how we felt" as we shot through the air at a speed of from eighty to ninety miles an hour. We experienced no strange sensation at all. It seemed that we remained almost stationary, and the earth was moving below us. In fact the trip was almost over before we realized it. But the memory of that ride will remain ever with us.

During the forenoon a sister ship of six passenger capacity arrived here and during the day made numerous flights with passengers.

Both seaplanes left the city between six and seven o'clock in the afternoon for Traverse City, and will continue their flight from there to Chicago, stopping at various points enroute.

DON'T BE UNDULY ALARMED OVER WATER SITUATION

"How about the city water?" This has been the question asked thousands of times during the past week. Stories of conflicting nature have been reported, added to, until the real situation was lost entirely. The facts are: A sample of city water was sent to Ann Arbor for analysis by one of our summer visitors. The analysis of this water returned was that it was unfit to drink.

The condition was at once reported to city health officials and investigations made. At the city plant conditions were discovered that needed immediate attention. Everything possible is being done by both local health authorities and state board of health members to as quickly as possible remedy any defect in the city water supply, and it is hoped that within the next 48 hours that Charlevoix's drinking water will be pronounced absolutely pure.

Charlevoix has been noted for its pure drinking water. Analysis after analysis has been made, and each time the water has been pronounced PURE! There has been no typhoid or any other kind of fever, nor epidemic of any kind here for the past 20 years. There is none NOW, nor will there be.

But until present conditions are corrected it is a measure of safety to boil all water to be used for drinking purposes. City officials ask your co-operation.

PROHIBITION ENFORCE- MENT COSTS NOTHING

Statement of Senator Broussard Not
Founded on Facts

According to press dispatches, Senator Broussard of Louisiana asserted "Millions of dollars were being wasted in enforcing prohibition." Senator Broussard knows or ought to know that the enforcement of prohibition is not only not costing the government one cent, but is an important source of revenue. It was to get a portion of this revenue that led nearly all states under the "concurrent power" clause of the amendment, to enact state enforcement laws. It is asserted by those in a position to know that all states with the possible exception of Louisiana, will enact such legislation.

The Senator's statement is an insult to the intelligence of the United States Senate and is a serious reflection upon the candor and motives of the Senator himself.

At probably the same hour these remarks were being made, the city auditor of Columbus, O., was preparing his report which shows the prosecution of the lid-lifters was turning thousands of dollars into the city's treasury. The same is true in all parts of the country where dry law enforcement prevails.

The Senator's objections hold equally against all law enforcement and if put in effect, would result in a state of anarchy.

As an example of servile playing to the galleries, the Senator's observations are not often matched.

"BETTER SIRE SPECIAL" COMING

COUNTY MAKING EXTENSIVE
PREPARATIONS

Seven Cars Included in the Train—
Boyne City Planning on a
Big Bargain Day

Charlevoix county is making extensive preparations to receive the "better sire special" which will tour lower peninsula of Michigan the first three weeks of August through co-operative arrangements made by the Michigan Holstein-Friesian association, M. A. C., the New York Central and Pennsylvania railroads and other state agricultural organizations.

The Boyne City Chamber of Commerce has offered to pay \$50 toward the purchase price of each pure bred bull placed in an adjacent community, provided that farmers in the community will pay the remainder, either in cash or in scrub sires. Merchants are also planning for a bargain day for August 12, when the train is scheduled to stop there. Field agents from the dairy department at M. A. C. report splendid co-operation from the business men of the other towns in the county.

At least seven cars in all will be included in the train—two to carry the pure bred bulls which will be traded, two exhibit cars, one car of demonstration cattle, one flat car for demonstration purposes and a lecture car.

The first exhibit car will show the food value of milk and the care and uses of milk and milk products on the farm. It will be of interest chiefly to housewives and will be in charge of Mrs. Louise Campbell of M. A. C., home demonstration agent leader. In the second car will be the combined exhibits of the dairy husbandry, dairy manufacturing, crops, soils, and farm mechanics departments of M. A. C. The need of considering several different phases of farming in order to be successful in the dairy industry will be stressed.

A Rare Treat

The young people of the city are putting on a series of very interesting Epworth League services at 8:30 p. m. every Sunday after the evening service. A large and enthusiastic crowd greeted the leader last Sunday night. Next Sunday night musical numbers will be rendered by graduates and students of Heidelberg college besides local talent. Miss Barker from the Belvedere will read for us. All the young people both summer and home, are urged to spend this hour in the League service. Throw away your hammer, buy a horn, and come.

Vacation time soon and you will need a new trunk, bag or suit case. We have just what you want. Benj. Brown.

MANY RESORTERS VISIT FOX FARM

ACCEPT INVITATION TO VIEW
SILVER-BLACK BEAUTIES

The Animals are of Rare Strain and
Their Home Life is Said
To Be Interesting

Many Charlevoix resorters are taking advantage of the invitation issued by the Petoskey Pioneer Silver-Black Fox company and are driving to the ranch on the Harbor Springs road five miles north of Petoskey to see the eight pair of shining black beauties that make the place their home. Although the company has foxes and shares in the business for sale, the invitation is to everybody who wants to see all the sights in the Petoskey region.

There are baby foxes too, and the story of breeding and raising these valuable creatures as told by Messrs. Gaffney and Leonard, officers of the company who are on hand to entertain visitors, is interesting and instructive.

The eight pair are all breeders, and as many as five have been raised from one litter. The animals are the best strains, of Tulpin, Outton, Gordon, Raynor, Eastern and Sir Wilfred stock. The company is incorporated, and this is the first ranch of its kind to be established in this part of the state.

Because of the fast disappearance of high grade fur bearing animals the government is urging fur farming. Before 1914 the silver-black fox was exclusively the fur of the nobility, and the masses knew nothing of its beauty or its rarity. Since that date, however, the United States has become a source of distribution for this beautiful fur, and it is now estimated that New York alone could use the entire world's production of silver-black fox pelts.

CHARLEVOIX GETS PROMINENT CHIRO

Dr. John H. Albert Decides to Lo-
cate in This City

Dr. John H. Albert of Detroit who has been spending the summer in northern Michigan has decided to locate in this city.

Dr. Albert is one of the early chiropractors starting practice when little was known of the science, forsaking the drug business for chiropractic after having practiced pharmacy for a number of years and becoming convinced that health was not to be had out of a bottle.

The practice of chiropractic consists of adjusting the movable segments of the spine relieving pressure on the spinal nerves thereby restoring the normal functioning of the affected parts. Chiropractors give no medicine and unlike osteopathy does not depend on massage or local treatment for results.

During the past few years Chiropractors have come in for much notice because of some seeming miraculous recoveries recorded through this system among which is one of Dr. Albert's former patients, Miss Alice Sharvet of Detroit making a complete recovery from a seeming hopeless condition.

Dr. Albert will be located in the postoffice building in Charlevoix.

WILL MAKE HOME IN MILWAUKEE

Lloyd A. Auld and Bride Home on
a Visit

Lloyd B. Auld, son of Mr. and Mrs. J. A. Auld of Charlevoix, was united in marriage to Miss Sylvia A. Krause, daughter of Mr. and Mrs. Karl Krause of Manitowish, at the Presbyterian manse in that city, at 9:30 Wednesday evening, July 20.

Following the ceremony a wedding supper was served at the home of the bride's parents to the immediate relatives.

The young couple left Thursday for an extended motor trip through the upper peninsula, after which they arrived in Charlevoix, Saturday for two weeks at the home of Mr. and Mrs. J. A. Auld on Antrim street. They will make their home in Milwaukee.

Held for Moonshining.

Ten Antrim county persons have been held for trial in circuit court on charge of moonshining. Prosecuting Attorney H. E. Wellman is handling the cases.

FARM PROFITS COMING BACK

ALL BUSINESS HAS ITS UPS
AND DOWNS

Many Reasons are Given Why the
Farmer May Look Forward
to Better Times

It is a law of nature that action is equal to reaction in the opposite direction. For instance, a pendulum always swings almost as far one way as it went in the opposite direction on the preceding swing. A slight tap when it starts back may send it farther than it went on the up stroke.

Business has its ups and downs as does the pendulum. In many respects business expansions and depressions are almost as regular as the ticking of the clock. When business reaches the peak of its climb we can always rest assured that there will be a decline at least nearly as far. The world war really served as a vigorous push rather than a light tap on the business pendulum of the world and, sent it up and up almost to its zenith, in fact, many feared the force of the impact would cause it to dash from the beaten path and crash to destruction. But the upward swing stopped before the break, and for the last year and a half we have been witnessing the backward swing.

Many facts indicate that it is now about time for the business pendulum of the United States to return in the direction of business recovery. And in the revival of business which is sure to occur we anticipate that forming will be one of the first lines of business to be benefited.

There are several reasons why the farmer now should take an optimistic view of his business situation. The wheat carry over from this season has been the smallest in years. The latest information indicates that the 1921 crop is no larger than the 1920 crop.

Stocks of wheat at terminals and in country elevators are reported to be more than 50 per cent lower than a year ago. The visible supply is the smallest in eighteen years.

The supply of flour in the hands of merchants as well as consumers is very low. There was 20 per cent less flour manufactured during the year ending June 1st than during the preceding year.

Of vital interest to farmers is the fact that there is a decided shortage in live stock. If per capita consumption of meat and meat products were suddenly to return to normal, the demand for meat would be far greater than the supply.

During the first five months of 1921 there were 7,716 business failures in the United States as compared with 2,678 for the corresponding period of 1920. An expert statistician estimates that at present there are about three million persons employed in industries in the United States out of employment. It has been demonstrated that the family of a man who has employment consumes three times as much of the things people eat, wear and use, as is done when the head of the family is out of employment. Latest information indicates that the number of unemployed has probably reached the maximum and that unemployment is now on the decline.

One can readily see that as workers in textile mills, shoe factories, automobile factories, furniture factories, etc., are resuming employment, their requirements will be proportionately increased. Certainly this means a greater demand and better prices for all the things which are produced by farmers. Lack of employment cannot be improved until utilization of products produced is resumed.

Add to all this the determination of the farmers of the country to take a hand in the marketing of their own products, which most assuredly will result in farmers get-

N. M. A. B. LEAGUE Standings of Clubs

	Won	Lost	Pct.
Boyne City	6	2	.750
Pellston	5	2	.714
Charlevoix	5	3	.625
Mancelona	5	3	.625
Brutus	1	1	.500
Petoskey	2	6	.250
Harbor Springs	1	7	.125
East Jordan	0	2	.000

ting better prices or at least getting a larger percentage of the final selling price of their stuff, together with the probable reduction in freight rates, and we have ample reason for feeling optimistic in regard to the situation the farmer will find himself in a few months hence.

There are other favorable signs and we will admit a few clouds on the horizon, but taking it all in all the situation warrants reasonable optimism. Better times for agriculture are coming, and coming soon. The farmers who profit most during the next few years will be those who keep their eyes and ears wide open for every bit of information that will help them to judge what is best for them to do in the conduct of their own business.

Buy the things you need to enable you to produce crops and live stock economically. If you can cut the cost of producing a bushel of wheat 10 cents that is equivalent to getting 10 cents a bushel more for it.

Held Field Meet

The field met held at the Methodist church last Monday night was a great success. There was something doing every minute. The summer young people showed their appreciation of clean sport by entering heartily into it. The college yells given by the Heidelberg and Albion bunches added much to the enthusiasm of the evening. Light refreshments were served. The out-of-town guests voted the Charlevoix young people to be royal entertainers.

POMONA GRANGE MEETS THURSDAY

AUGUST MEETING HELD WITH
HARMONY GRANGE

Interesting Program Prepared for
Both Afternoon and Ev-
ening Sessions

Charlevoix Pomona Grange will hold its August session with Harmony Grange on Thursday of this week, and it is expected a good representation from all subordinate granges in the county will be present.

Lecturer May L. Stewart, although at present attending school in Chicago, has prepared an interesting program for both afternoon and evening sessions. The program follows:

11:00 a. m., Roll call. Name the benefits from shows in your community with names of helpful shows. What books in your home library are helpful to you?

Poultry diseases by Mr. Pearsall. Debate, "The profits of the Poultry should be given undivided to the Farmer's Wife." Affirmative, Sidney Lumley, Addie Barber, Mrs. Mundy. Negative, Edith Meggison, Mrs. Elmer Ingalls, Eliza Black.

Rural Health by Dr. McMillan. Question Box by R. V. Otto.

Evening—

Reading of the markets and prediction on same by H. Barber.

Debate, "Resolved that it pays the farmer better to keep pure bred stock than grades." Affirmative, R. V. Otto, Elmer Ingalls, R. F. Sloan. Negative, C. W. Wing, Henry Korthase, Richard Walker.

Question Box by Lee Barnum.

Song by Pomona Trio.

Recreation number, "A Womanless Wedding."

DIED AFTER A SHORT ILLNESS

Death Takes Young Son of Mr. and
Mrs. Walter Scott

Howard, the eleven year old son of Mr. and Mrs. Walter Scott of Charlevoix died at the home of his parents on Antrim street Tuesday afternoon.

Walter was born in Bayshore, February 9, 1910, but has attended the Charlevoix schools, being in the fourth grade the past year. He has been slightly ill about three weeks, but his condition was not considered serious until Sunday night when a physician was called.

The funeral will be held from the family home on Antrim street, although the exact time has not been set as yet. Interment will be in Brookside.

Flowerstitching done on all dresses, blouses, gowns, underwear, sheets, pillow slips. All linens. 202 State street, at Mrs. Lamphear's. 30t2pd

Circulation counts—we have it

LOCALS WIN TWO GOOD GAMES

LOOMIS' PITCHES A NO HIT NO
RUN GAME

Willis Holds Bay View to Three Hits
and One Run—Out for the
Championship Pennant

Loomis, in the box for Charlevoix pitched the first no hit no run game in the history of the Northern Michigan Amateur Baseball League against Petoskey, Sunday, on the local grounds. After the first inning the visitors never had a chance to score and the result of the game was never in doubt. The batting and base running of Curtis and Hoeford featured, as well as some fine stops by Hanna on second.

On Tuesday Willis with fine support back of him, held Bay View to three hits, the visitors being helpless before him throughout the entire game. "Cobble" Burden made the first home run ever made on the local grounds, and Humphrey and Call came across with a three-bagger and double at opportune times. Hanna again played a fine game in the field.

Charlevoix is now tied with Mancelona for third place in the standings, Pellston and Boyne City leading. The locals have a fine chance to win the pennant, as their last three home games are with Mancelona, Boyne City and Pellston, the only other teams having a chance.

Cheboygan, one of the fastest teams in Northern Michigan, will play here Thursday, August 4th, and the locals go to Bay View for a return game August 3rd.

Mancelona plays here Sunday, August 7th. Other league games are as follows:

Mancelona 8, Boyne City 2.
Brutus 27, Harbor Springs 21.
Pellston 4, East Jordan 3.

IMPORTANT CHANGES IN SCHOOL LAWS

Months of School Term Decided by
District Valuation

Notification of a change in the Michigan school laws which will make it imperative for every district school in Charlevoix county to be in session nine months out of every year has reached Miss Mae Stewart county school commissioner.

A summary of school legislation for the 1921 session of the Michigan legislature has been compiled by the department of public instruction and a number of copies of this have been sent to Miss Stewart for distribution among persons interested.

The portion of the newly-enacted laws lengthening the school term here to nine months is as follows: "A school term in each of the school districts in Michigan shall not be less than nine months in any one year, except districts having a valuation of less than \$75,000, the minimum number of months may be eight and in school districts having an assessed valuation of less than \$30,000 and having less than thirty children of school age in the district, the minimum number of months may be seven."

I will fill silos for 50 and 75 cents a foot. Jay Kuiper, Ellsworth, Mich. 30t5pd

BEAUTY HINT APPLICABLE TO LOCAL CONDITIONS

When unexpectedly after three long immersions in the lake with intervals of indiscreet basking in the sun, your nose is discovered to have the hue of a certain ripe vegetable, your legs burn as they do when your pants tighten about them after standing too near the fireplace, and your back can be compared to but a smoking griddle—when these surprising facts occur and when at the same time you learn that the cold cream was omitted from your kit—then you may anoint yourself with butter, says Madame Qui Vive, the effect will be none the less soothing if the butter is not salt.

It is well enough to tan yourself for hours between the wind and sun; and it isn't fatal either, if you can awaken quickly, to fall asleep at night and dream you are stretched on a sizzling gridiron in the Devil's own kitchen.

THINGS THAT NEVER HAPPEN

Copyright, Inter-nat'l Cartoon Co., N. Y.

BARNARD

Nearly thrashing time again. Miss Jennie Smith of Detroit spent a few days visiting at John and Clyde Smith's home last week.

Mrs. Delbert Matchett and two children of Miami, Fla., are spending a few weeks with relatives in our vicinity and Boyne City.

Mr. and Mrs. Frank Kader of Boyne City also Mrs. Kinsella, Mrs. Kaden's mother, spent Sunday at the Frank Matchett home.

Recent visitors at the Joseph Clark home were Mrs. E. J. Stanhope and Mrs. H. Willoughby of Sault Ste. Marie, Ont., and Mr. and Mrs. James Simmons and daughter.

Mr. and Mrs. Arthur vonDoleke, Miss Ann vonDoleke of Detroit and Mr. Watkins of the Beach Hotel orchestra visited at the home of Joseph Clark on Monday of last week.

Little Channing Clarke, two year old son of John Clarke, had the misfortune to get hold of a carbolic acid bottle and spilling it on his face and chest but fortunately did not take any internally and was not seriously injured.

Save the cow and horse by using Fleck's Fly Chaser. Benj. Brown has it. 28tf

NORWOOD

Mr. and Mrs. Clark of Bellaire visited their son, Floyd Moore, on Sunday of last week.

Gains Hammond and mother, Mrs. Roy Hammond of East Jordan spent Sunday at the Swartout home.

Wilbur Haskins, who has been visiting his grandmother, Mrs. Haskins, has returned to his home in Grand Rapids.

Mr. and Mrs. Chas. Raher and daughter Mildred of Charlevoix visited at the Harris Pierce home Sunday.

\$100 Reward, \$100

Cataract is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surface of the system. HALL'S CATARRH MEDICINE destroys the foundation of the disease, gives the patient strength by improving the general health and enables him to do his work. \$100 for any case of Cataract that HALL'S CATARRH MEDICINE fails to cure. DRUGGISTS: T. C. Teutoniensis free. F. J. Chaney & Co., Toledo, Ohio.

Sterling Tire Shields

save their cost in a short time. They are molded over tire forms. Sterling Tire Shields will increase your mileage one-third. They eliminate blow-outs, and are 90 per cent puncture proof. Sterling Tire Shields are not common reliners but are made of triple twisted cord and may be used over and over again in several casings.

Sterling Tire Shields are not sold through garages or Tire dealers, but through duly appointed salesmen who sell only direct to auto owners. Such concerns are not interested in selling a high grade tire shield. You can guess why.

SOLD BY

C. B. Sheldon

301 Ferry Ave. Charlevoix

Mrs. Kimball's sister and brother-in-law who spent a month at the Kimball home left for their home in New York city Monday evening.

Mrs. Joel King from Lansing, now visiting Ironton friends, spent a week in East Jordan with her grandchildren. At present she is visiting Mrs. Mary Hammond.

Walter Peterson was married Saturday to a lady from Rockford, Ill. The young folks gave the bride and groom an old time balling Saturday evening.

Thomas Reber and Miss Rosa Langue were married by the Rev. Smith in Charlevoix, Wednesday at six p. m. Mr. and Mrs. Clyde were the witnesses. After the ceremony the party drove to Wildwood, their home, where the bride's friends had a bountiful supper waiting for them. Sixty of their friends were present.

If you want your cows to produce milk, keep the flies off them. Use Fleck's Fly Chaser. Benj. Brown. 28tf

BAYSHORE

Grain binding is the order of the day in Hayes township.

Mrs. Chas. Sprn and baby Geraldine, have returned to Detroit.

Mrs. Hazel Hawes is visiting relatives and friends at Baysboro.

Mrs. Polson who has been very ill with heart trouble is much better at this writing.

The cement road job is nearly completed. They expect to finish by Thursday, July 28.

Mrs. Paul Scernil of Aurora, Ill., is visiting at the home of her parents, Mr. and Mrs. Wm. Gray.

Mrs. Irene Crites of Jackson arrived Sunday morning to visit at the home of her parents, Mr. and Mrs. Wm. Gregory.

All plans are complete for the community picnic. Ice cream will be sold and hot coffee served free to all. Bring your cups and dishes.

There is quite a lot of community work being done in this neighborhood such as distributing Sunday school papers and magazines. People of the country appreciate those things especially if they are shut in by ill health.

FAIRM STOCK

HOG-CHOLERA LOSS REDUCED

Estimated Saving of \$6000 to Farmers of Alameda County Brought About by County Agent.

Losses by hog cholera have been materially reduced in Alameda county, Alameda, as a result of the work of the county agent in training farmers in various centers throughout the county to use the serum and apparatus developed by the United States Department of Agriculture. Forty-nine cures of

Vaccinating a Hog for Cholera—Don't Run Risks or Waste Feed With Unhealthy Live Stock.

hogs, 3,928 head, have been marketed from the county through co-operative work, with an estimated saving of \$6,000. In Houston county the department's representative taught 18 men to vaccinate hogs. Six sets of instruments owned by the Dothan Rotary club were supplied to the demonstrators and a serum-distributing point was established in charge of a reliable veterinarian. More than 9,000 head of hogs were treated. In many cases it was found that sickness, other than cholera, was due to some incidental cause, such as bad peanut meal, and balanced rations were advised. The county agent's work resulted in 32 farmers establishing pastures to keep their hogs off the open range, the land thus pastured being freed from many noxious weeds by the rooting of the animals, and prepared for future cultivation. Forty-four farmers in the county were interested in stump removing, and about 2,000 acres of land was cleared in this movement. About five tons of dynamite was bought for the purpose largely on the co-operative plan.

Mrs. Fred Clark of Chicago has been visiting at the home of Will Knight and Rollie Baumbach the past week.

Florence Greeley returned to her work in Grand Rapids, Saturday after a visit with her parents, Mr. and Mrs. Charles Greeley.

Mr. and Mrs. Merrill Filo returned to their home at Lansing this week. Mr. Filo's sister Mrs. Guy Empey accompanied them.

Sunday school has been reorganized and something special for each Sunday is planned. Everyone is welcome and we hope to have a large attendance each Sunday.

Mrs. Fred Clark of Chicago has and wife of Chesaning started on their return trip Friday morning. They were accompanied by Mrs. Pierce's niece, Miss Gladys Slick of Manton.

The farm known as the Whitlock place has been purchased by Glenn Pearl of Charlevoix who moved there Monday. Henry Supernaw who formerly lived there has moved into the small house on the Will Supernaw farm.

The Misses Viola Eppler and Celia Wright and Messrs. Ivor Morford and Alford Depew of Petoskey motored to the Swartout home Sunday. Mr. Swartout returned to Petoskey with them and expects to visit friends and relatives at Petoskey, Canby, Cheboygan and Vanderbilt before returning home.

The ball game between Norwood and Atwood last Saturday seemed very much enjoyed by the few spectators present. Norwood was defeated by a score of 9 to 11. Our boys are planning to do better at the next game scheduled with Atwood, August 6th, at 2:00 p. m. The boys say they would like better support so let's go.

CLARION

J. E. Wenver returned Wednesday to Eastport.

Frank House of Boyne City was in town on business Friday.

Mrs. Darrach returned Wednesday from a visit to Petoskey friends.

N. C. Griswold and family were Boyne City visitors on Saturday.

Miss Marian Griswold left Friday for Alma for a short visit with relatives.

Mr. and Mrs. J. A. Dodgson have adopted a baby girl from Petoskey Hospital.

Mrs. Minna Ludlow who has been the guest of Mr. and Mrs. R. Kalbfleisch returned Saturday to her home in Ionia.

The fly is the biggest menace to life—human and animal. Fleck's Fly Chaser will protect you. Get it from Benj. Brown. 28tf

IRONTON

Mrs. Alexander who was sick is much better.

The sick child of Ed Cunningham is improved a little.

Mr. and Mrs. Doan Reber of Wildwood spent a few days at the Ogden home.

Miss Norma Sherman who worked in Charlevoix is home at present with stomach trouble.

Mr. Brown received word Saturday from Portland, Mich., of the death of his step-father, Mr. Baldwin.

Mr. and Mrs. Henry Webb and Mrs. Woodworth went to Boyne City Saturday. Mrs. Webb is being treated by a Boyne City doctor.

Bride of an Hour

By ALVAN J. GARTH

(Copyright, 1930, Western Newspaper Union.)

Blotting among the daisies, there seemed to be a sunbeam on her tongue as Theda Hoscoe whiffled blithely in response to welcoming bird calls. The golden brim of day seemed to infuse her with sheer love of life, dancing in the bloomy arms of June barefooted, the air like wine, a baw of joy, cool, clean meadows under foot, smooth and velvety.

She had never known luxury, and barely comfort, she had never visited the outside world. She had only dreamed of great ladies, and knights of chivalry, and flashing jewels, and lace, and silk, and satin. Of a sudden all these dazzled her bewildered vision as she glided through the woodland. There was a tent, several automobiles, a score or more of persons, male and female, a man elevated on a tree stump with a roll of manuscript and beyond him two men manipulating a moving picture camera.

So abruptly had she appeared, so artless was her rare grace and beauty that every member of that group of movie people directed their attention to her. A lady faultlessly attired, with a sweet winning face ran forward to meet her with outstretched welcoming hands.

"You dear, delicious little creature!" she cried, "have you dropped from the clouds? Oh, Mr. Brocton!" she called back to the group, "here is your subject for the barefooted bride all ready to order. Dear," to Theda "you understand, do you not? We are movie artists, and for five minutes' acting as I shall direct you, a ten dollar gold piece shall be yours."

The young man summoned as Mr. Brocton had approached. He regarded Theda with interest. "The character is ten years older in the scenario when next she appears," he said. "So she will do more than finely for the girl model. Instruct her, Mrs. Wylie, and we will make the picture."

Half understanding, shy, confused, Theda, allowed the lady to lead her under a spreading oak, one of the actors donned a clerical costume, the young man called Brocton took his place beside her, clasping her hand, and both knelt. The ministry of hasty woodland marriage was gone through, no words being spoken except when the make-up clerkman asked Brocton if he had a ring, which was produced and placed on Theda's finger. There was a mock blessing with outstretched hands, the bridegroom kissed the bride and Mrs. Wylie led the dazzled Theda apart, gave her the money promised and, speaking motherly, caressing words, watched her disappear.

Theda went to the woods again next day, but the movie people had departed. She moved about in a sort of dream. The dramatic scene had irresistibly drawn her within its influence, the ring, which they had forgotten to take away from her, the kiss, the ceremony—it had all been so real that she felt as though a split bridegroom seemed ever attracting her toward the mysterious and unknown.

The event was bound to stir up all the latent romanticism in Theda's receptive nature. Then, too, it led to her going forth into that world the portals of which had ever been closed against her. With a part of the ten dollar gold piece she bought a pair of shoes, pride and necessity both urging the investment. Her stepfather, dissolute, miserly old Martin Druse, questioned her as to the source of the money. Theda's mother had left quite a small estate, but Druse was his curator and had provided Theda with the bare necessities of life, planning only to get all he could for himself out of the estate while he was her guardian. When Theda told of the movie people the old tyrant affected a horror against "such iniquitous people."

Theda escaped from the house at midnight and the next day reached the city with half of her golden store left. She was a worker and, first washing dishes in a restaurant kitchen, then as a checker, and later working for a hair goods emporium Theda progressed wonderfully. Within a year there came a lawyer from her home town telling that her stepfather was dead. What he had held in trust was now unrestrictedly her own. She was helpless to what was probably of fully twenty thousand dollars' value.

It was necessary that Theda go back home to settle up the estate. That last day in the city, passing an automobile at the curb, some one called to her.

"Oh, my dear!" hailed Mrs. Wylie, "I can't be mistaken, you are our little woodland flower," and she insisted on Theda sitting beside her while she asked her all about herself.

"You remember Mr. Brocton?" she asked Theda, and the latter covertly concealed the hand that bore his ring. "He has met with hard misfortune, a road venture failed, he lost all he had and has been in the hospital for a month."

When Theda left Mrs. Wylie she hastened to the institution where Victor Brocton was. Upon him now all her thoughts were centered. It was like her earnest, sincere nature to tell him how he had been the central figure of her young life. She told him, too, of her little fortune, what a few months next to nature would do for him in the way of health, and, facile as some story, romance, working out their interwoven destinies, began to form the warp and woof of a natural love that made them one.

G. O. P. POINTS WITH GREAT PRIDE TO THE FULFILLMENT OF CAM- PAIGN PLEDGES

Work Accomplished Pointed Out by
Republican Publicity Associa-
tion—Pushing Profiteers

"Those carping critics who try to make their fellowmen believe that the Republican administration is doing nothing in fulfillment of campaign pledges should cast their eyes over the legislative and executive field in Washington," declares the Republican Publicity Association through its president, Hon. Jonathan Bourne, Jr. "They should see: A peace established after two and a half years of impotency on the part of the former administration to accomplish that end."

"A tariff bill in process of enactment that will bring independence to American labor and industry from the menace of destructive foreign competition."

"The stage all set for the perfection of an internal revenue law that will take from the back of business the heaviest load it has been forced to carry since the organization of the government."

"An economy program in active operation that will save the taxpayers tens of millions of dollars."

"A vigorous campaign being waged against war profiteers with the object of restoring ill gotten gains to the treasury and lodging the criminals behind the bars."

"The courageous publication of facts concerning the soldier bonus bill that will correct the mistaken impressions of well-meaning but ill-informed citizens regarding the effect of that measure upon the country's welfare."

"The extension of helpful aid to the railroads to enable them to recover from the awful depression that followed the 26 months of Democratic mismanagement."

"The postmaster general engaged in a determined effort to make of the postal savings system a real help to the poorer members of society and an aid in the financial operations of the government."

"A budget law enacted and in full operation that will not only save hundreds of millions in the next fis-

cal year, but will be relied upon to cut down substantially the expenses of the government during the year that began on July 1st."

"The first meeting in history of all the chiefs of executive departments and bureaus, presided over by the president, for the sole object of finding ways and means for cutting down federal expenses."

"The retirement of scores of obsolete ships and the sale of surplus materials, unused real estate, etc., in the navy department."

"The rigid curtailing of army establishments in accordance with the law of Congress that the enlisted personnel must be cut to 150,000."

"The promulgation of an order that all bureaus must turn in to the general supply committee every piece of surplus equipment, and that no new pieces shall be purchased that can be obtained from the stock of that committee."

"The work of the War Risk Insurance Bureau brought up to date for the first time since its organization in the early days of the war."

"The veterans bureau bill enacted into law, and the work of consolidating under a single head all soldier relief activities in full swing."

"Huge appropriations granted by congress for the construction of adequate hospital accommodations for our disabled soldiers, and the granting of authority to use army buildings, not needed for military purposes, for the same work."

"The conduct of experiments never attempted before in the history of the world to determine the part to be assigned in possible future wars to battleships and aircraft."

"A comprehensive survey of conditions in the Philippine Islands by experts, upon which to frame a definite policy toward those possessions."

"One of the foremost business men in the country at the head of the shipping board engaged, with able assistants, in liquidating the greatest commercial wreck in the history of the world."

"The notification to the world in readily understood language that the United States in the future will insist on the maintenance of its rights, whether won in the war or otherwise acquired."

"A settlement of the years old controversy with Colombia by a treaty in which American honor and dignity are fully upheld."

"The adjustment of a political feud in Cuba that threatened to engulf that little republic in another war."

"The suppression of rival factions in Panama and Costa Rica that seemed bent on precipitating a war

in the immediate vicinity of the Panama Canal."

"The adjustment of domestic labor through the friendly interference of the department of labor."

"The complete elimination of the spirit of autocracy that prevailed for eight years and the substitution of the democracy that distinguished the nation from its beginning."

"The initiation of a program for a great conference on the subject of disarmament to be participated in by the world powers represented at Washington."

"And yet some people tell us that the period from March 4 has been barren of accomplishments."

Flies rob your milk pail. Keep them off your cows by using Fleck's Fly Chaser. Benj. Brown has it. 2817

POULTRY

DIFFERENT KINDS OF GEESSE

Toulouse is Most Popular, on Account of Large Size—Emden and Chinese Are Liked.

The Toulouse is the giant of the geese family. It is a native of France. Its ordinary weight is from 15 to 20 pounds, but it is not uncommon to find specimens weighing from 25 to 30 pounds. This is the typical gray goose, but beneath and behind these body feathers are white areas in the plumage.

It is said by those who have had experience with this breed that young geese during the first year lay from 15 to 25 eggs, when older they may lay from 25 to 40.

The Emden is a popular breed in some places. The bodies of the birds are snowy white, the legs and bills yellow. They have good type and conformation. In size it is the same as standard for the Toulouse, though it is said a smaller number of Emden reach the standard than the Toulouse.

The Emden, when well bred, properly fed and prepared, makes a carcass that sells well on the market. But it is said that many breeders in this country have not given much attention to fine quality.

There are two varieties of Chinese geese, Brown and White. This breed has different characteristics from the others mentioned. The birds stand more erect and have longer and slenderer necks than the others. The Brown Chinese have at the base of the bill a peculiar dark-colored knob. The Brown is considered the most prolific of all the geese. The standard weight for the gander is 15 pounds, goose 12 pounds. The female is said to lay from 40 to 50 eggs, sometimes more. A large per cent of the eggs are generally fertile.

The African is not at all common in this country. The color of this breed is dark gray on the back and light beneath. There is a dark stripe on the neck that extends well down the back. The bill is black and has a knob something like that of the Brown Chinese.

The color of the eggs is orange. The geese of this breed lay better than Emden, but not so well as the

A Toulouse Goose.

Toulouse. The carcasses of old birds are rather hard to prepare for market. The skin is dark and there is down and also pin feathers that give the carcass a poor appearance on the market.

TUBERCULOSIS IN CHICKENS

Disease is Quite Common and is Caused by Quarters Being Poorly Ventilated and Lighted.

Tuberculosis in poultry results in a loss of weight. The birds may look all right for a time, but they will be found to be light. Mr. Barton, of the North Dakota Agricultural college, states that in the later stages the birds become weak, often they cannot fly onto the roosts, but sit in a corner, and after a little die. According to Mr. Barton, this disease is quite common, affecting turkeys as well as chickens. One way to tell if the birds have tuberculosis is to cut them open. If the bird is light in weight and the liver is enlarged and spotted it may be quite safe to say that it has been suffering from tuberculosis.

He states that small quarters, poorly ventilated, poorly lighted, and damp are conducive to the spread of the disease. The best remedy is to dispose of all infected birds and if the flock is badly infected to dispose of all the

The Olden Knights Wore Shields

with certain family devices painted thereon. To protect the fair fame of these escutcheons, they fought hard and well and dealt squarely and openly.

Knaves without device lived fairly or unfairly as their humor suited. They had no names to protect.

Today the knights of industry have devices—the advertised trademarks of their products. It is even more necessary for them to preserve a bright and spotless trademark than it was for an olden knight to keep his shield clean and fair.

Advertising focuses a million searchlights on a trademark. If it be worthy, it immediately

leaps into confidence and popularity. If it be unworthy it fails.

Buy advertised products. Read the advertisements to choose what you will buy. You can be certain that every consistently advertised product is good.

The test of a million searchlights has proved it. The name of the manufacturer guarantees it. The trademark is your warrant of true quality. Read the advertisements. Buy advertised products.

SPINOLOGY

By John H. Albert, D. C.
Post Office Block
Charlevoix - Michigan

The spinal origin of disease was first brought to the attention of the general public through the chance discovery of a so-called magnetic healer, who finding a mal-alignment in the spine of a deaf, negro, thrust it into position with his hands, and to his surprise as much as the negro's, the deafness was relieved.

The science was developed, slowly at first, named chiropractic (chiro-praktik) from two Greek words meaning done with the hands or hand practice. Within a few years more had been learned of the function of the spinal nerves than in the two thousand years that had gone before. It was learned that certain definite nerves controlled certain definite organs that a pinching on a nerve caused an abnormal functioning of the organ which this nerve supplied with life giving energy and that the organ would become diseased. The symptoms expressed depended on the degree and character of the pinch.

At first the only patients that came to the chiropractic-physician were those that were positively beyond hope for any other system of healing to even give relief of the most temporary kind. Much to the surprise of the patients and their friends they actually did recover. Gradually, very gradually, the patients whose complaints had not become chronic began to drift into the chiropractor's office and found that the chiropractor by his adjustments relieved the more recent ailments as well. At the present time there are ten thousand chiropractic-physicians in the United States alone, you will find them in nearly every country, you will find millions of people in the United States who now call the chiropractor first, not waiting for patients vitality to be lowered by dosing, until the chances of recovery are less.

Now that chiropractic is becoming so wide spread and so thoroughly well known by intelligent and advanced people in all parts of the country it is arousing a great many inquiries on the part of those who have been slower to see its value, and adopt it as being of use to them.

People have thought that chiropractic is just a sort of indifferent manipulation or limited massage which might be of benefit in a case of sore muscles, a back ache, or something of that kind and are now surprised to learn that chiropractic is not limited; but is of broad and general application to the entire subject of disease. Thousands of the more conservative people are now coming enthusiastically to the use of chiropractic, not only for themselves but for their families. They are hearing of its value and as a matter of information are now desirous of knowing what chiropractic will do and how it does it.

I shall endeavor to give you this information in a series of articles—first taking the more ordinary disorders of the body and later the less frequently met with diseases and endeavoring to show how and why a pinched nerve will cause abnormal functions (disease) why the chiropractor adjusts the spine and why recovery follows these adjustments.

The following definition of chiropractic will be of benefit in the reading of the articles that are to follow and will help the reader to come to an understanding of what chiropractic really is.

"Chiropractic is the science that teaches health in anatomic relation and disease or abnormality in anatomic dislocation, and teaches the art of restoring anatomic relation by a process of adjusting by hand."

LIST OF JURORS FOR CIRCUIT COURT

Beaver Island Woman Among Those Drawn

About the first woman to be drawn as juror in Charlevoix county in the circuit court is Mrs. Fred Nackerman of Peaine, Beaver Island whose name appears among the jurors for the August term of court. The list follows:

Walter Roger, Charlevoix township.

CHURCH OF GOD
CAMP MEETING

To Be Held August 5 to 14 on the
Grounds South of City

The annual northern Michigan camp meeting of the Church of God will be held at the grounds south of the city August 5 to 14. This is an annual event and grows more popular as each year passes.

Able ministers will preach the gospel and meetings will be held three times daily. There is ample room for all and lodging house, store, excellent camping place is provided.

An old-time meeting is anticipated and without doubt the attendance will be large. Read further announcement on another page.

Entertained Brides-to-Be
Mrs. W. W. Mitchell entertained Alma College girls of Charlevoix, Thursday afternoon at her home on Park avenue for the pleasure of the Misses Dorothy Armstrong, Helen Parsons, and Pauline Markham. The time was spent in sewing for the brides-to-be after which the hostess served a delightful luncheon.

Save the cow and horse by using Fleck's Fly Chaser. Benj. Brown has it.

ILLNESS COVERED PERIOD OF YEARS

Death Releases Myrtle Durance from Long Suffering

Myrtle, the sixteen year old daughter of Mr. and Mrs. George Durance, died at the home of her parents, south of the city, Saturday, July 23rd, from diabetes.

Myrtle was born November 10, 1904, and has lived all her life in the vicinity of Charlevoix, attending the north side public school until ten years of age when she was stricken with the disease which caused her death. Her critical illness dated from Thursday.

She is survived by her parents, Mr. and Mrs. George Durance, two sisters, Genevieve of Flint and Frances of Charlevoix, and two brothers, William and Albin also of Charlevoix. The funeral was held from the family home at 2:00 o'clock, Monday, Rev. James A. Smith officiating. Interment in Brookside.

SERVE LUNCHES AND CHICKEN DINNERS

Maple Grove Farm is An Ideal Location

Mr. and Mrs. R. S. Shapton, owners of Maple Grove Farm, two miles south of the city, have made preparations to serve lunches and chicken extending an invitation to Charlevoix citizens and resorters to pay them a visit.

The farm is ideally located for a place of this kind. But a short distance to drive, ideal shade, and there is no question but that the service will be all that could be asked for.

PETOSKEY GUN CLUB HOLD TOURNAMENT

Trapshooters to Gather There for
Three-Day Event

Trapshooters from northern Michigan and all parts of the state will meet in Petoskey July 30-31, to attend a tournament held under the auspices of the American Trapshooting Association.

Eight events are scheduled for all classes of shooters including men, women and boys. Liberal purses are offered and it is expected the event will be the largest ever held in northern Michigan.

Birthday Anniversary

Glen Heise, son of Mr. and Mrs. William Heise, Jr., was the host to a party of playmates last Friday, from 5 to 7 o'clock p. m., at the home of his parents on Mason street, the occasion being his ninth birthday anniversary. Cake and ice cream was served to the fourteen guests who then presented their small host with gifts as reminders of the occasion.

Enjoyed Boat Ride

Clare Cartier aided and abetted by some two dozen other young men of Charlevoix, entertained the girls of the Beach Hotel annex last Wednesday evening, with a boat trip on the launch "Enchantress." Afterward they all enjoyed a "wineie" roast on the shore of Pine Lake.

FEEDING GARBAGE TO SWINE

Practical Means of Producing Pork,
According to Department of Agriculture Bulletin.

When properly managed, the feeding of garbage to swine is a practical means of pork production, according to Farmers' Bulletin 1133 issued by the United States Department of Agriculture.

In addition it helps to settle a problem which confronts many cities and towns—that of effective and economical garbage disposal. The wholesomeness of garbage depends greatly on the care it receives in households. Tin cans, glass, paper, oyster shells, sawdust, soap, and other foreign materials when mixed with garbage may cause numerous losses of hogs. But it has been found that this evil can be minimized by proper precaution and published requests to householders to be careful.

Immunizing of hogs is necessary to prevent hog cholera and frequent collection is urged to keep the feed fresh. Copies of the bulletin may be had free by applying to the United States Department of Agriculture.

Now Pen Wiper

An Englishman has invented a pen wiper consisting of a glass cap filled with a sponge saturated with glycerine, which has a preservative effect on pens.

Flee rob your milk pail. Keep them off your cows by using Fleck's Fly Chaser. Benj. Brown has it. 281f

RECKLESS DRIVER GETS SIXTY DAYS

Petoskey Judge Through with Fining
Auto Drivers

An accident on Charlevoix avenue, Petoskey, in which two automobiles were more or less damaged July 19th resulted in the arresting and sentencing to the county jail for sixty days of Claud Keech, who pleaded guilty to driving an automobile while intoxicated. Judge Montgomery passed sentence last Wednesday morning. The car driven by Keech was wrecked and that operated by Andrew Neiger was considerably damaged. The accident happened at a point near the county fair grounds. Maurice Perkins and Myron Shannon with Keech when the accident happened paid fines on charges of being drunk.

Judge Montgomery said: "I am through fining people who drive automobiles in an intoxicated condition, and hereafter I will send them to jail. I hope to cure those caught and to scare a lot more. We would like to stop the practice altogether. Most of those caught appear to have been drinking moonshine."

Little Will & Son have on exhibition in their window a cameo stein made of blue glass fused over white, on which is exquisitely carved a hunting scene. The work on the carving is wonderful, even the hair on the horses' mane and the flowers on its riders hat being visible.

FIRE DESTROYS BARN AND CONTENTS

Horton Bay Farmer is Victim of
Spirks from Separator

The barn on the F. B. Barkley farm on the upper Horton Bay road was destroyed by fire Monday morning at ten o'clock. Besides the contents of the building a threshing machine owned by Wilbur Barkley and Earl Griffin was also destroyed. Loss is estimated at \$4,000 with insurance on the barn only.

The fire is supposed to have been started by friction when a stone became lodged in the separator while rye was being threshed. Wilbur Barkley, cousin of the owner of the

barn was badly burned about the arms and neck while rescuing the tractor furnishing the motive power.

CAMEO STEIN 200 YEARS OLD

Now on Exhibition in Local Jewelry
Store Window

The stein was carved by a grandfather of Hawkes, oldest glass cutter, at the time living in Germany, and it is over 200 years old. The stein is a piece of work seldom seen and of great value.

Everybody knows that discipline is a fine thing for everybody else.

Mrs. Will Smith returned to her
home in Port Huron last week after
an extended visit with Mrs. Joe
Smith at the Smith home on Antrim
street and other relatives in New-
berry.

W. J. Gallagher of St. James was
in the city Monday where he was
joined by his daughter, Miss May
Gallagher of Potoskey, enroute to
Beaver Island for a visit with his
parents.

Dr. F. F. McMillan left Monday
afternoon for Traverse City accom-
panied by Mrs. McMillan to under-
go a serious operation on his ear.
Dr. Farris N. Smith of Grand Rapids
will perform the operation.

Rev. and Mrs. Quinton Walker
and daughter Louise of Hastings,
are in Charlevoix renewing old ac-
quaintances for two weeks. Mr.
Walker will be remembered as pas-
tor of the Methodist church.

Remember that every precaution
is being taken in the present water
situation. We are promised before
the week is out that our water supply
will be pronounced absolutely pure.
Co-operate with the city officials.

Mr. and Mrs. Harry Gebeau, son
Billie, Mr. and Mrs. W. J. Goodman,
Mr. and Mrs. Joe Cooper, Mr. and
Mrs. Roy Ripley and Mr. and Mrs.
Guy Olney spent Sunday at the Har-
ry Glossenger home in Potoskey.

Mrs. Helen Hatch of Union City
Pa., and Mrs. Bernice Carlveg of
Chicago returned to their homes on
the steamship Manitou Thursday af-
ter spending a week in Charlevoix
the guests of Dr. and Mrs. Frank
Wilkinson.

Dr. Barney of Grand Rapids and
brother, Fred Barney of Lansing,
arrived in Charlevoix Friday on a
combined business and pleasure trip.
Dr. Barney will be remembered by
many Charlevoix people as a former
dentist in the city.

Oluf Nordrum, representative of
the Booth Fisheries of Chicago, was
a week-end visitor in the city. Mr.
Nordrum left Monday for a trip to
the Soo and other northern points,
looking after the interests of the
company.

Marriage licenses recently issued
at the office of the county clerk are
as follows: Horace Richardson to
Mary Putnam, both of Boyne City;
Valdemar Petersen of East Jordan
to Anna Frigsten of Rockford, Ill.;
Minos Fletcher, Jr., to Emma Ban-
zer Schwab, both of Nashville, Tenn.

Grandma Shores' famous place of
"good eats" surprised her many
guests last Sunday by a fine spring
turkey dinner, something unusual.
Grandma often beats the season a
little because she buys all of her
poultry from the Jeffery Poultry
Farm, and has for many years.

Miss Gladys Trufont and Miss Ro-
bena Bement leave Friday for De-
troit. Miss Trufont has been visiting
Irene Finucan the past two weeks
while Miss Bement who will be re-
membered as a former teacher in
the high school has been with friends
in Charlevoix for a month.

The Congregational ladies will
hold a bazaar in the Masonic Temple
building, August 11, 12 and 13. Full
particulars later.

**CHARLEVOIX DENTIST
ELECTED TO OFFICE**

At a Meeting of the Northern Mich-
igan Dental Association

Twenty-two northern Michigan
dentists gathered at Potoskey last
Wednesday night and organized the
12th District Dental society with
Dr. G. A. Parmenter, of Potoskey, as
president. The dentists were ban-
queted at the Hotel Perry and wel-
comed to Potoskey by City Manager
J. Frank Quinn.

Addresses were given by Dr. Rus-
sell H. Bunting of Ann Arbor, and
by Dr. Clare Bates, Durand, presi-
dent of the Michigan Dental Society.
The latter assisted in perfecting the
organization of the district society.

Membership in the new district or-
ganization includes dentists from
Emmet, Charlevoix, Cheboygan, Ot-
sego and Antrim counties, and Al-
pena, Presque Isle and Montmorency
may be added to the list.

Officers elected were:
President, Dr. G. A. Parmenter,
Potoskey.

Vice-president, Dr. A. E. Sangster,
Cheboygan.

Secretary and Treasurer, Dr. W.
W. Mitchell, Charlevoix.

NEW PALACE THEATRE

Especially Good Attractions For This Week

THURSDAY, JULY 28—Goldwyn pre-
sents Madge Kennedy in "The Girl
with the Jazz Heart." Also Bell's
famous Hawaiians.

FRIDAY, JULY 29th—Realart pre-
sents Wanda Hawley in "The House
Jazz Built." A brisk comedy-drama.
Also a Rowland comedy, "Hobgob-
lina." Come and have the time of your
life at "The House Jazz Built."

**SATURDAY and SUNDAY, JULY 30th
and 31st**—Goldwyn presents a new
sensational special production, "Wet
Gold." Directed by Ralph Ince. The
most remarkable picture ever made.
What lies at the bottom of the sea is
a mystery that has puzzled all man-
kind since the beginning of time.
"Wet Gold," photographed by the
wonderful aid of a submarine camera.
Takes you to the very floor of the
ocean and shows you a thrilling
drama of love and adventure and an
exciting hunt for sunken treasure.
Ralph Ince and a fine cast of players
help make "Wet Gold" a picture
that is an adventure, a drama and an
educational all packed into six reels.

A splendid entertainment. Also an
Outing Chester Scenic reel, "Mr. Out-
ing Floats a Dream."

MONDAY, AUGUST 1—Goldwyn pre-
sents Reginald Barker's production of
"Godless Men," adapted from the
famous story, "Black Pawl," produc-
ed by a special cast. A battle of
brawn and emotions that will hold
you breathless and spellbound. Also
a Hearst News Reel.

TUESDAY, AUGUST 2—A Thomas H.
Ince production, "Red Foam," with a
special cast. Also a Hearst News
Reel.

WEDNESDAY, AUGUST 3rd—Realart
presents Bebe Daniels in "Ducks and
Drakes." One of the peepiest pictures
of the year. Bebe Daniels in a role
that is irresistible supported by Jack
Holt, Edward Mantindel, Wm. Law-
rence and Wade Boteler. Also a Mutt
and Jeff Cartoon.

COMING—Saturday and Sunday, Aug-
ust 6th and 7th, United Artists latest
release, "The Carnival."

THE MAJESTIC THEATRE

THURSDAY, JULY 28—Carl Laemmle
presents Von Stroheim's special de
luxe production, "Blind Husbands."

**SATURDAY and SUNDAY, July 30 and
31**—Paramount presents Charles Ray
in "When Homer comes Home." Also

a two reel Clyde Cook comedy, "All
Wrong."

WEDNESDAY, AUGUST 3—Metro Pic-
tures presents, "Someone in the
House."

COUNCIL PROCEEDINGS

Moved by Ald. Hamilton seconded by Ald. Wood that the hours for using City water for sprinkling be fixed at from six o'clock a. m. to nine o'clock a. m. and the use of such water at all other times be prohibited and the superintendent of the water plant be instructed to enforce this rule by discontinuance of service for all violators.
Motion carried.
Resolution
State street sewer extension No. 1.
Resolved by the Common Council of the City of Charlevoix that the construction of a sewer in that part of State street lying between the center line of Huribut and the center line of West Garfield avenue having been heretofore declared by the Council to be a necessary public improvement, the said sewer be and is hereby ordered constructed in accordance with the plans now on file.
Resolved further that the estimate of the cost of said sewer as made and filed with the City Clerk, be and the same is hereby amended to read in the sum of Thirty-seven Hundred dollars, said sum including the cost of labor and material in accordance to the lowest bid therefor and the cost and expenses of inspection, supervision, printing and legal proceedings.
Resolved further, that the cost of construction be borne and defrayed as follows:
1. That the sum of eight hundred dollars (\$800.00) be borne and paid out of the general sewer funds of said city.
2. That the remainder of said sum of thirty-seven hundred dollars, namely, the sum of twenty-nine hun-

dred (\$2900.00) be borne and paid by the lands abutting on said State street between the south line of Huribut avenue and the north line of said West Garfield avenue in direct benefit and the additional lands hereinafter described in proportionate benefit according to a special assessment made therefor as provided by law.

Resolved further, that the Board of Special Assessors of said city, be and hereby are directed to make and spread a special assessment of said sum of twenty-nine hundred dollars upon the lots and premises in the District heretofore described and designated by the Council as the special assessment district for the construction of said sewer, according to the benefits to the respective lots, parts of lots, lands and premises included therein, said Board of Special Assessors to meet in the Council Rooms in said city on Thursday, July 28th, at nine o'clock a. m. for the purposes of making said assessment and upon the completion of the same to file it with the City Clerk for public examination.

Resolved further, that the City Clerk be and hereby is directed to deliver to said Board of Special Assessors a true copy of this resolution together with the plans, plats, and diagrams of said sewer on file in his office.

Resolved further, that the district to be assessed for the part of the cost of construction to be borne by special assessment as aforesaid be designated as follows:

All lots, parts of lots, lands and premises abutting on either side of the following described parts of streets, viz:

State street from the south line of West Huribut avenue to the north line of Stover road.

Grant street from the north line (extended) of lot 126 of Upright and Huribut addition to said city south to Carpenter avenue.

Bridge street from West Garfield avenue south to Carpenter avenue, except lot 53 of Mason's 2nd addition to said city.

West Upright avenue from State street west to west line of lot 125 of the aforesaid addition.

West Lincoln avenue from State street west to the west line (extended) of lot 185 of said addition.

West Garfield avenue from State street west to the west line (extended) of lot 240 of said addition.

West Carpenter avenue from Grant street east to Bridge street.

Green avenue from State street to Bridge street.

Wood avenue from State street to Bridge street.

Robinson avenue from State street to Bridge street.

Also, all lots, lands, and premises abutting on the north side of Stover road from State street westerly to the West City Corporation line.

Adopted at a regular meeting of the Common Council of said city held in the Council Rooms in said city on the 25th day of July, A. D. 1921, by aye and nay vote as follows: Ayes, Aldermen Bergeson, Genelt, Hamilton, Levinson, Miller and Wood.

Nays none.
Oscar E. Wilbur, Mayor
Archie Livingston, Clerk.
On motion of Ald. Bergeson supported by Ald. Miller the Council adjourned.

Save the cow and horse by using Fleck's Fly Chaser. Benj. Brown has it.

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

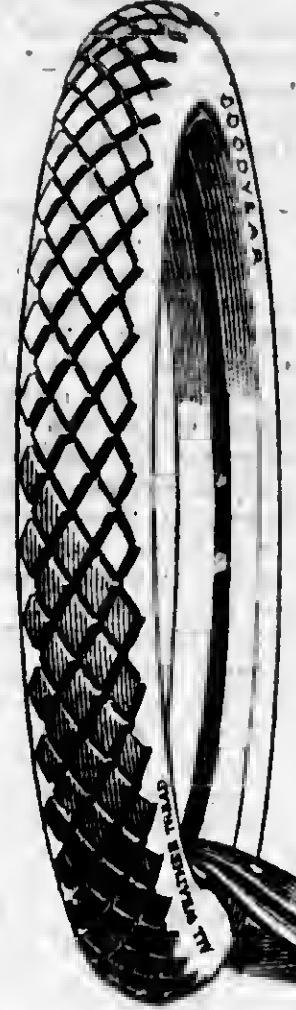

"I sold 18 acres of this shore property for \$2,500 seven years ago," relates a farmer who lives near this place. "And last week I sold 275 feet, reaching from the road to the lake, for \$25 a foot—\$6,875. If I'd a known seven years ago what this automobile would do, if I could-a-day I'd been worth \$100,000 today. Yes, sir, \$100,000," he repeats with emphasis and widening eye which peer into yours until you have registered amazement and then gaze pensively away into the distance. One can see that this is his favorite part, his one best line in the drama of local country life, the telling line that repeated 100,000 times in store, in field, and by the roadside, with slowly perfected intonation and gestures, has made him the great, conspicuous figure among his fellows that he probably is.—Detroit News.

Mrs. Ena Ruth, wife of Hiram McPherson, passed away very suddenly Thursday night, July 14th, at their home in Eveline township. She was 26 years of age and was the daughter of Mr. and Mrs. George Hosler. Funeral services were held Saturday afternoon from the Churchhill schoolhouse, conducted by Rev. Marshall. Interment at Densmore cemetery.

Wm. Sexton, a well known resident of East Jordan for years, passed away at the home of his son, George Sexton, Sunday, July 10th, from pulmonary tuberculosis. Deceased was born March 31, 1865, in Kentucky. The remains were taken to his former home at Mancelona, Tuesday, and the funeral services held from the Methodist church, conducted by Elder Dudley of the L. D. S. church.

The quiet summer resort colony at Bay View was thrown into disorder Monday of last week by a revolver shot fired in the Monosmith cottage, where Mrs. M. R. Monosmith

Better Today Than They Have Ever Been

We expect Goodyear Tires for passenger cars to excel in future even the wonderful performance they have delivered in the past. They are better tires today than they have ever been. We are making both tires and tubes larger, stronger, heavier, more durable, than ever before. If you want the most economical and satisfactory tire equipment this season that it is possible to buy, be sure you get Goodyear Tires and Tubes. The nearest Goodyear Service Station Dealer has them.

PHONE 60

405 BRIDGE STREET, CHARLEVOIX

of Wayland, and Arthur Lytton of Battle Creek engaged in a scuffle and hot words over the collection of a bill. Lytton claimed Mrs. Monosmith struck him with a revolver and that during a scuffle which followed the gun was discharged, the bullet piercing Mrs. Monosmith's arm, then entering Lytton's hip. Mrs. Monosmith is held in jail and Lytton is in a hospital. Mrs. Monosmith is in the real estate and taxicab business at Bay View and Lytton was there for his health.

While twenty automobile loads of picnickers looked helplessly on, last Sunday, George McDonald, 11 year old son of Mr. and Mrs. John McDonald of Fiva Mills Creek, and Joseph Kramer, 18 year old son of Mr. and Mrs. Joseph Kramer, also of Fiva Mills Creek, were drowned while bathing at seven-mile point, near Harbor Springs. The Kramer boy lost his life while attempting to rescue his companion. The bodies of the boys were recovered.

Dangerous Maladies.
There are more deaths from measles and whooping cough than from smallpox. Greater efforts in school hygiene would seem to be the only way in which this problem can be combated successfully. Combined with the education of parents in the necessity for the observation of quarantine and isolation procedures even for these shaple diseases.

No "National" in Title.
There is now only one national bank in the United States which does not have "national" as a part of its name. It is the Bank of North America of Philadelphia. A special act of congress is required to permit a national bank to operate as such without indicating the fact that it is a national bank in its name.

Experiment with Air.
A man wished to measure the force that drives the sap upward in trees and shrubs. He cut a vine and tied a bladder over its end. In two hours the bladder was greatly distended, and inside of three hours it burst with a pop, so great was the force that drives sap upward.

LEGAL NOTICES

Notice
Sealed bids for the construction of a sewer in that part of East Upright avenue in the City of Charlevoix lying between May street and Alice street in accordance with the plans, profiles and specifications therefore on file, will be received at my office in the council rooms up to Monday, July 25th, 1921, at five o'clock p. m. Bids must be accompanied by certified check or deposit of money in an amount equal to five per cent of the bid as security that the bidder will, if required, enter into contract to construct such sewer in accordance with the terms of his bid. The City reserves the right to reject any or all bids.
Dated July 19th, 1921.

Ellsworth Section

ELLSWORTH

The county road commission was in town on business on Thursday of last week.

Mrs. A. L. Ely was visiting relatives at Traverse City from Friday until Tuesday.

H. H. Elzinga and family spent Sunday at the Edd Klooster home at Charlevoix.

Miss Jennie Baar of Grand Rapids arrived last week and will spend the summer with relatives here.

Chas. Edson and family and James Drake and family spent last Sunday picnicking at the bay near Eastport.

D. E. Clow, M. R. Nelson, and A. L. Ely were at Bellaire one day this week advertising the barbecue.

Attorney Geo. Nicholls of Ionia visited his brother, A. N. Nicholls and family, several days last week.

Miss Alida Beuker of Battle Creek is spending a few weeks at the home of her parents, Mr. and Mrs. B. J. Beuker.

Alan Aardema is in dry dock with a badly twisted knee and is spending a few days at the home of his mother Mrs. Wm. Drenth.

Harry Feltner of Muskegon, formerly of Ellsworth was shaking hands with old friends here one day last week.

Mrs. S. P. Baar and children arrived home on Friday of last week after a two weeks visit with relatives at Grand Rapids.

Mr. and Mrs. Harry Kiddy are

spending a few weeks at St. Ignace and Mackinaw and other northern Michigan points.

Mr. and Mrs. Adolph Peppin left the first of the week for Courtland, N. Y., where they expect to make their future home.

Dr. Beuker and John Aardema were at Bellaire on Sunday attending the funeral of a member of the A. E. P. whose body was recently brought home.

Miss Jennie VanDerHelde was at Petoskey on Friday of last week to see her sister who is recovering from an operation at Lockwood Hospital.

The Libby, McNeill & Libby pickle station opened on Tuesday of last week and prospects are bright for a big year. The acreage is large and the stand and vine growth above the normal and with a continuance of favorable weather conditions the prospects are bright for a bumper crop.

WILDWOOD

Mrs. Shaw is recovering from a severe attack of rheumatism. Hud Sherer and George Cady were callers at Wildwood on Sunday.

Geo. Cady attended the military funeral in Bellaire on Sunday afternoon.

The Chas. Shaw family visited friends in Pleasant Valley on Sunday last.

Jim Wilson is giving his threshers a thorough overhauling preparatory to starting work on Monday next.

Emery Wilson and Laura Peebles attended the military funeral of David Fox at Bellaire on Sunday.

Mr. and Mrs. H. B. Phelps returned to their Detroit home on Sunday evening after a two weeks' outing at the Wildwood cottage.

Mrs. Mary Cross is spending a couple of weeks with relatives and friends here while her house in town is being occupied by tourists.

Mrs. John Crawford and daughter, Ellen, made a business trip to Traverse City the last of the week and attended the chataqua at Bellaire on their return.

Lee Hyde has been entertaining a felon on his left hand of late but from the expression on his face also his speech we judge he is not enjoying it very much.

Harry Hyde has a Chevrolet car which he purchased from Mr. White manager of the clay pit while Mr. White has a new Ford roadster he purchased recently.

DAY STARTS WITH BAND CONCERT

Twenty-one Athletic Events Scheduled for Barbecue Day

One week more and the air of Campbell's Park at Ellsworth will be filled with music, happiness and the odor of roast ox and those unfortunate enough to be absent will have something to regret all their lives.

Starting with a band concert at 10:15 a. m., there will be something doing every minute of the day.

Singing will be furnished by a girls' chorus and a musical novelty will be bagpipe music by Prof. Geo. McCay. Dr. C. W. Hewitt, Hon. Thos. D. Meggison and Senator Engle will be the speakers of the day and a program of field sports consisting of twenty-one events will be followed by a baseball game between the Loeb Farms and Gaylord. Buns may be purchased on the grounds and hot coffee will be furnished free. Bring your lunch baskets and enjoy a good old-fashioned picnic dinner in the finest picnic grounds in northern Michigan. Plan to be the first one to arrive and the last one to leave. Let's go!

FISHING WAS NEVER BETTER

Splendid Catches Made in Surrounding Lakes

Fishermen in this vicinity are having the time of their lives this year as never in years past have better catches been made than are being brought in daily at present.

One party stopping at the New Orient took a string of sixteen large mouth bass last Sunday morning, the smallest weighing over two pounds and the largest tipping the scales at three and three-quarters.

Other catches of a similar nature have been regularly made all summer, the good fishing seeming to gain as the season advances.

"OUR AMERICA AND ITS NEEDS"

Subject of Dr. C. W. Hewitt's Address at Barbecue

C. Wilbur Hewitt, D. D., is to speak at the barbecue at Ellsworth August 4th, eleven o'clock a. m. Doctor Hewitt is without doubt the most interesting, plain English platform speaker of the state. Don't fail to hear him on the subject, "Our America and Its Needs." Thousands have enjoyed Mr. Hewitt's writings, "Out of Darkness and Into Light," "The Gospel Question Box," etc. Efforts are being made to secure Dr. Hewitt for the evening entertainment also. Should he speak in the evening the subject will be, "Chickens Come Home to Roost."

MILES DISTRICT

Mr. and Mrs. Art Gidley and little son Dick spent Friday evening at the Miles farm.

Mrs. Jerry Moble spent last week in Charlevoix visiting her daughter, Miss Katherine.

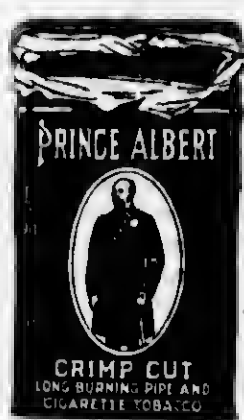

Mr. and Mrs. James Holben went to Central Lake Saturday to attend quarterly meeting.

Mrs. A. Steenhagen of Grand Rapids is visiting at the farm home of Mr. and Mrs. G. Steenhagen.

Mr. and Mrs. Art Gidley of Ellsworth and Mr. and Mrs. Lyman Miles and children of Chaddock district and Mrs. and Mrs. A. Miles and daughter Manila and Clyde Strong spent Sunday at the St. Clair point.

Extravagance. Bridge Player (to partner who is playing worse even than usually)—Whenever I have you for a partner, Emyle, I feel I'm living beyond my means.

Prince Albert is sold in tippy red bags, tidy red tins, handsome pound and half pound tin humidors and in the pound crystal glass humidors with sponge moisture top.

Improved Roads

IMMENSE SUM FOR HIGHWAYS
During Year 1919 Over \$400,000,000 Was Expended for Rural Highways and Bridges.

During the calendar year 1919, 46 states of the Union expended over \$400,000,000 on their rural roads and bridges, the bureau of public roads of the United States Department of Agriculture recently announced. This total is made up of the actual cash expenditures for such items as labor, materials, supervision and administration, amounting to \$389,455,981, and convict labor and statute labor, the value of which, not definitely known, is estimated at about \$132,000,000. So far as possible, all expenditures on city streets within incorporated towns

Building an Up-to-Date Highway.

and cities and all items of sinking fund payments or the redemption and interest payments on road and bridge bonds have been excluded.

The road and bridge expenditures for 1919 show an increase of approximately 33 1-3 per cent over those of 1918 and 70 per cent over those of 1914. More striking, however, is the increase in the proportion of the total funds supervised by the several state highway departments. In 1918 the expenditures by or under the supervision of the state highway departments amounted to \$117,268,268, while the local road funds, over which they exercised no control whatever, amounted to \$168,812,628. In 1919, however, the state highway departments supervised the expenditure of \$200,292,664 against the total of \$180,163,287 expended by the local road and bridge authorities.

A girl looks forward to marriage and then she looks backward to singleness.

Circulation counts—we have it.

You'll get somewhere with a pipe and P. A.!

Start fresh all over again at the beginning! Get a pipe—and forget every smoke experience you ever had that spilled the beans! For a jimmy pipe, packed brimful with Prince Albert, will trim any degree of smokejoy you ever registered! It's a revelation!

Put a pin in here! Prince Albert can't bite your tongue or parch your throat. Both are cut out by our exclusive patented process. So, just pass up any old idea you may have stored away that you can't smoke a pipe! We tell you that you can—and just have the time of your life on every fire-up—if you play Prince Albert for packing!

What P. A. hands you in a pipe it will duplicate in a home-made cigarette! Gee—but you'll have a lot of fun rolling 'em with Prince Albert; and, it's a cinch because P. A. is crimp cut and stays put!

PRINCE ALBERT

Mrs. W. Bement who has been the guest of her daughter, Miss Robena Bement the past ten days returned to her home in Grand Rapids Saturday.

Mr. and Mrs. Laurence Ackert of Minneapolis, Minn., arrived Monday for a ten days' visit with Mr. Ack-

ert's parents, Mr. and Mrs. John Ackert, Sr., and other relatives. Richard Brown and wife of Alma, arrived in the city Monday evening and are guests at the home of Mr. and Mrs. Charles Rabar.

STATE TO INSPECT ALL HEAVY SCALES

Department of Agriculture Purchases Two Trucks

Recognizing that reliable weighing and measuring devices are as necessary to good business as dependable currency and that 75 per cent of the products of Michigan agriculture passes over heavy platform scales each year, the Bureau of Weights and Measures of the State Department of Agriculture will add two enclosed trucks for inspection purposes to its heavy scale equipment. Funds for the purchase of the trucks were allowed in the budget by the 1921 legislature.

Each truck will be equipped with measures to test gasoline pumps, used at filling stations, and one ton of test weights for heavy scales. Correction of errors detected in scales will be made by the inspectors whenever possible. Frequently, it is said, the faults may be corrected by minor adjustments which the inspectors can easily make, obviating the necessity of merchants sending for scale experts.

"In the past," says H. H. Halladay, commissioner of agriculture, "the Bureau of Weights and Measures has not been able to look after any scale work except complaints on individual scales. Under the old system the test weights had to be shipped by freight, often taking weeks before the scales were examined. Systematic examinations can now be carried out by the department which will in time bring the scales of every county in the state to a higher degree of accuracy."

"The only parts of the state heretofore that have been getting scale inspection have been the more progressive communities having local sealers of weights. The new truck equipment will be at the disposal of the local officials wherever it is needed."

AT THE MOVIES

In "Homer Comes Home," to be shown at the Majestic Theatre next Saturday and Sunday, Charles Ray has another of those country boy roles for which he is famous on the screen. Thomas H. Ince produced the picture.

The story centers around Homer Covender, who, having exhausted all the jobs of Moinesville, goes to the city and becomes a clerk. Having accumulated a few hundred dollars he returns home on his vacation and creates a big impression with the townsfolk as a man of wealth and affairs. He renews his acquaintance with pretty Rachael Prouty, completely outshining his rival, Arthur Machim, son of the local hotel proprietor. On the last day of his visit, Homer remembering a chance remark of his boss's, starts selling stock to build in Moinesville a branch factory of the concern for which he works as clerk.

Thinking Homer must be at least a partner in the firm, the villagers fall. But young Machim learns the truth and proceeds to ruin Homer's little scheme. However, things turn out happily, and Homer wins not only the girl, but the managership of the Moinesville factory. Priscilla Bonner is the leading woman in "Homer Comes Home." The picture which is a Paramount Artaft, was directed by Jerome Storm.

Science is daily unveiling the mysteries with which life is enshrouded. One of the most recent discoveries that has added to our growing stock of general knowledge is due to the perfecting of a device for photographing under water by Mr. J. Ernest Williamson, who has applied his knowledge in a remarkable photograph entitled "Wet Gold." This picture, which will be shown at the Palace Theatre for two days beginning Saturday reveals the actual struggle of men with the creatures of the sea. It was taken on the ocean floor off the Bahama Islands. The men are seen threatening their way through the soft mud of the ocean bottom, in and out of the beautiful coral and rock formations and avoiding the thousands of fish and other creatures that swim about them.

Shakespeare Club Meets

The Shakespeare Club held the only summer meeting last Friday at the R. W. Paddock farm south of Charlevoix. The members made the trip in the early afternoon in cars, their husbands joining them at supper, which was served in the grove, picnic style, to the thirty-five guests present. This is the only club meeting until October.

A Sentimental Bath

By VICTOR REDCLIFFE

(Copyright, 1920, Western Newspaper Union)

Nancy Marvin had got out of bed on the wrong side, her honest, bubbly, good-natured husband, Seth, insisted when she began the day with a voluble tirade against the lodge that had kept him out until after 11 the night previous.

"Don't scold me, Nancy," advised Seth in perfect temper. It was a special meeting to raise funds for a family nearly all sick and likely to be turned out to starve if the good brethren hadn't rallied to the rescue. But Nancy refused to be mollified. She covertly alluded to charity beginning at home, she found fault with Seth because some of his clothes were spread about the room, and finally made manifest to him the fact that the Billvans across the street had a new phonograph which they had brought over and set playing to while away Nancy's lonely hours.

Nancy pettishly alluded to their own old melodeon, worse than out of repair and no one to play it, and Seth made a mental note as to a substitute.

Things went wrong at the breakfast table, where Seth upset the cream jug and Nancy, nervous and excited, broke the handle from a treasured china cup. Matters grew worse when she gathered up the dishes at the sink and Seth as usual came up to kiss her good-by for the day. She had a bowl of water in her hand as he swung on arm about her waist. "Good-by, Nancy dear!" he cried in his jolliest tone, but she resented all familiarity and affectionate demonstration on this particular occasion. "Get along, now!" scolded Nancy. "I'm in no mood for nonsense!" and then all her daffy temper flared forth. With a sharp dip she directed the bowl towards the hovering face.

Splash! Seth staggered back, choking, blinded, dripping. Nancy smiled. She had gone further than she had expected and was sorry for it. Half frightened as she was, however, her lips set obstinately. She gave a great gasp as without a word, but very serious looking even amid his ludicrous condition from the involuntary bath, Seth proceeded calmly to the door, shook away the trickling drops and went outside. Overcome with a sense of her unutterable violence and assault against ordinary decorum, Nancy gave utterance to a low wail, dropped flat upon the floor and sat there rocking two and four, her face buried in her hands, a realization of her act overpowering her. Seth, passing the side window, glanced in and discerned the apparent contrition or remorse of his emotional better half. His rugged features softened somewhat.

"She's a good sort," he soliloquized, "but I mustn't encourage her in kicking over the traces this way. It might be dishes or the rolling pin next. Oh, well, she's mostly sunshine, and will be nice as pie when I come home tonight. I suppose it does sort of upset her to have the Billvans folks get things I don't buy her, but I'll humor this last whim."

Nancy was thoroughly ashamed of herself for her impetuous action an hour after its commission. Usually Seth did not come home at noon, but she hoped that he would that special day. She spent the morning cooking up a variety of toothsome delicacies, and was quite mellowed down by the time noon came around. She was upstairs making the beds when a hullabaloo outside on the part of excited children coming home from school sent her swiftly down the stairs. The lower part of the house was full of smoke and soot and the thrilling words reached her ears from outside:

"Fire! Telephone the hose company!"

There were no flames in the kitchen, but the chimney was belching forth flames and cinders and the shingles on the roof were smoking. Nancy began excitedly moving her best parlor furniture to the front porch. Then as the fire engine dashed into the yard and the hose was unrolled, she started for the kitchen and reached its open rear door in time to receive a broad, flushing deluge of water that drove her back, soaked from head to foot.

"Hill! play on the chimney and roof—that's where the fire is," came a stentorian command through the brass trumpet of the fire chief.

"That's it! All out!" announced the pipewoman a minute later. Just then Seth dashed up.

"Where's Nancy—is she safe?" he panted, and his chilled, half fainting helpmeet, clinging to the towel rack to recover from the shock of her bath, felt her heart warm at the anxious, loving tones.

"You dear!" shouted Seth, clasping her in his arms, a veritable dripping rag as to attire, streaked of wet, her hair plastered down like fawn moss, and he clung to her as if he would never let go.

"It's retribution!" sobbed the penitent Nancy.

"It's the luck of the world that you are unhurt and safe," exulted Seth, giving her another hug. "I'll take the afternoon off getting things to rights. Then we'll spend a pleasant evening on the porch listening to the music of the phonograph that will be here this afternoon. And when it plays 'That Old Sweetheart of Mine' we'll just kiss and make up like the fond foolish children that we are, won't we, Nancy, dear!"

CHARLEVOIX COURIER

VOLUME 29. NUMBER 31.

EIGHT PAGES.

COURIER, CHARLEVOIX, MICH., WEDNESDAY, AUGUST 3, 1921

PRICE \$2.00 PER YEAR

AUGUST 6TH IS TAG DAY

FOR BENEFIT OF STARR COMMONWEALTH BOYS

Contributions to be Received for Benefit of Scores of Homeless and Neglected Children

Saturday, August 6, will be Tag Day in Charlevoix for the benefit of the Starr Commonwealth boys, and residents of the city are asked to do their share towards the maintenance of this worthy cause.

The object of the Commonwealth is to maintain a real home for the homeless, friendless and independent boy; to give to the wild, wayward child of the street, the so-called "bad boy," a chance to make good; to direct, wisely and lovingly, the misunderstood, badgered and benten child of ignorant or immoral parents and to provide for the incorrigible a normal, healthful environment, where the lads will be taught the meaning of responsibility and the purpose of law.

Not the iron hand of repression but the sympathetic heart bent of unselfish love is needed, if the boys are to become good men and true. What the boy starting wrong needs is the magnetism of sympathy, an honest belief in his own power and desire to do better, and some normal outlet for his activity. Convinced that somebody cares, that somebody expects much of him and that there is an opportunity for him to do well, in nine cases out of ten a little fellow will right about face, leave the down grade and climb up hill, finally to take his place among those who do good service to the country and the age. No boy wants to be bad. No boy would be bad if only he could have a chance.

Headquarters for tag day will be at the Charlevoix Hardware Co. A number of Charlevoix ladies will assist the representatives of the Starr Commonwealth and thus do everything possible to make the day a successful one financially.

To the boys and girls who sell the largest number of tags during the day, the following prizes will be awarded:

Girls' Prizes

- 1st—Gold pin with ruby. Little Will & Son.
- 2nd—Tourist tablet, Regal Gift Shop.
- 3rd—Pair of silk stockings, M. A. Levinson & Co.
- 4th—Two pound box of candy, The Sugar Bowl, Geo. Glados.

A FEW REASONS

WHY WE LOSE ALL FAITH IN—

The man who strives to be a leader of men if he be blindfolded either by foolish optimism or insane pessimism or by advocating public improvements which will be of direct financial benefit to himself.

We do not want to be led and will not submit to being pushed. What we do want, what we really hanker after, are kindly suggestions from the man of poise, from the man who has been over the road, makes his own observations and knows the way.

We like to snuggle up right close to the man who stands straight. To the man who does not lean forward in his attempt to outshine or outstrip his fellowmen, or bend backwards as his shyness and obstinate mind forces him to tie up to traditions.

We lose faith in the man who is always looking for knot-holes and specks. The man who thinks that all rich men came by their money dishonestly and that all poor men are loafers and incompetent.

We lose faith in any man who takes himself too blamed seriously, any man who swells with importance and is always bragging about what he has done and the important men with whom he is a personal friend, any man who insists the world is going to the bow-wows, any man who thinks there is no honesty in men or no virtue in women.

And lastly we lose faith in that man and that woman who are too empty of home "Civic Pride" and too lazy to improve their own standing in the neighborhood, and at the same time benefit the general appearance of their home city of Charlevoix, by keeping their lawns neatly mowed and clean, and their home an object of admiration for those who pass by.

Boys' Prizes
1st—Good fishing rod, Charlevoix Hardware Co.
2nd—Watch, F. G. Bellinger.
3rd—Box of candy, Central Drug Store, B. A. Herman.
4th—Wilkinson motor boat, McHugh's Bazaar.

LOW DEATH RATES IN COUNTY

High Birth Rates Also Prevail in Entire District

High birth rates and low death rates prevailed in Charlevoix county during the first six months of 1921, according to semi-annual compilations of the division of vital statistics of the state department of health.

Rural districts of the county with 156 births and 67 deaths reported from January 1 to July 1 had a birth rate of 27.1 and a general death rate of 11.6 per 1,000 population. Ten infant deaths reported in rural communities correspond to an infant mortality rate of 64.1 per 1,000 living births.

Bozette City reported 58 births and 22 deaths. This is equivalent to a birth rate of 27.1 and a general death rate of 10.2. Deaths of three children under one year of age gave the city an infant mortality rate of 51.7.

LOCAL TEAM WINS AGAIN

DEFEATED BRUTUS SUNDAY BY SCORE 6 TO 3

League Race Tightens With Four Teams Tied for Second—Cheboygan Here Thursday

Charlevoix's baseball team did what was expected Sunday in defeating the Brutus club 6 to 3, although the little town has a team which plays a good game and no team can run away with them.

A large bunch of rooters accompanied the team to Brutus. The game was featured by two good catches by Gill, timely hitting by Hanna and Hosford, and the good catching of Hineckley. Loomis struck out fifteen men.

Bozette City leads the league standings, having lost two games and won seven, and as Charlevoix is the only team with a game to be played with them, practically the only chance to tie or win from them. To win we must defeat Mancelona here next Sunday and Bozette City and Pellston on succeeding Sundays.

The team plays a return game with Bay View at Bay View, Wednesday, and meets the fast Cheboygan team here Thursday. Cheboygan has defeated many of the best teams of this section and a good game is sure to be seen.

For the remainder of the games to be played an admission of twenty-five cents will be charged for ladies. This charge has not been made at previous games, but on account of a shortage of funds to meet actual expenses, this will be necessary. It costs money to run a ball team and those in charge do not feel that it is up to them to stand any shortage that may be incurred. It is but a small amount anyway, and we doubt if there is a woman who tends the games who will not be willing to pay this small admission charge under the circumstances set forth above.

J. E. BAYLISS AS STATE DRY CHIEF

Former Legislator in Line for Appointment to Important Post

From authoritative sources it is learned that Joseph E. Bayliss, of Midland, former sheriff of Chippewa county, is in line for appointment as prohibition enforcement officer for Michigan.

Bayliss was a member of the 1913 Michigan legislature and afterward was a candidate for the Republican nomination for congress from the 11th district, losing after a hard fight to Congressman Frank D. Scott the present incumbent. It is expected the appointment will be officially announced in a few days.

Warning

If the person who took a wool shawl and bed pillow from George Trimble's porch does not return same by Friday, August 5th, arrest will follow as you were seen taking them.

George Weaver, Sheriff 311f

CHARLEVOIX NOW SWIMMING TOWN

SUMMER GIRLS WEAR BATHING SUITS ALL DAY

Take Naps on Shore and Policemen Don't Make 'Em Put on Their Clothes Either

Charlevoix has stepped into the limelight as a "bathing suit town."

There are girls there who don their bathing suits when they doff their nightgowns and wear them all day. Some of them have gotten so brown, excepting for the smaller portions of their shapely anatomies that do not show, that they resemble the members of the tribe that once owned the site of Charlevoix, and youths play baseball and tennis in abbreviated water suits.

Girls take naps on the grassy shores of Pine Lake, and sometimes their bathing suits don't even get wet all day, but most of the girls are good swimmers and expert divers and pass almost as much time in the water as they do on land. And they make pretty pictures as they wander beneath the trees on the shore near the Inn and Belvedere or recline on the sands.

And there's nothing scandalous about it; no, indeed! Policemen don't chase them like those rude Chicago policemen would, because Charlevoix policemen think they look nice, and, besides, isn't Charlevoix a place where they come to relax? And doesn't Charlevoix want the pretty mermaids to come back again next summer? To be sure she does!

Sometimes the girls go riding in their bathing suits, but they haven't gone shopping yet, like girls at other places told of by newspapers; but the season is young, the bathing suit habit is growing, and you can't make them generally sometimes tell.

The above article is taken from the Petoskey Evening News of recent issue. Whether it covers the situation here is up to the reader to decide. Our summer people come here for a good time and from all reports are having it.

If they want to take a nap, dressed in their bathing suits, it's their privilege. Charlevoix newspapermen have made no comment in this respect. We haven't seen any of them riding horseback in the manner stated above. Possibly they have. But what of it? And it's a safe bet our city police won't bother them if they do. Go to it—everybody—make the best of it and come back again next season.

DEATH OF AGED SUMMER RESIDENT

John W. Teasdale Succumbs After a Short Illness

John W. Teasdale of St. Louis, Mo., died at his home, 303 Michigan avenue, Sunday morning at 6:00 o'clock, after an illness from the previous Friday, the direct cause of his death being hemorrhage of the stomach.

Mr. Teasdale and wife came to Charlevoix in early June to spend the summer at their cottage, it being his twenty-third season spent in the city. He had been in poor health for some time, but was in hopes that the change of climate would be beneficial to him. He was 82 years old the 13th of last November.

Few among Charlevoix's summer visitors was better known nor enjoyed a larger acquaintance here than Mr. Teasdale. One of the most familiar sights here during the season was this aged man accompanied by his wife, driving about the city, with a kindly smile and cheery greeting to those whom he knew.

John W. Teasdale was a Virginian by birth, and went to St. Louis when a boy of 10 years. For over 70 years he has been known as one of the successful business men of that city. His father was a Baptist minister, and Mr. Teasdale has been a member of the same religious denomination since childhood.

The remains were taken to St. Louis Monday night, and funeral services were held from his old home Wednesday afternoon. On account of advanced years and the fatiguing trip Mrs. Teasdale did not accompany the remains, and will spend the balance of the season here.

Vacation time soon and you will need a new trunk, bag or suit case. We have just what you want. Benj. Brown, 291f

EARLY POTATOES A LIGHT CROP

BREAK IN HEAT WAVE HELPS MICHIGAN CROPS

Recent Rains Have Caused a Second Growth in Tubers—Corn Crop Above Average

Reports of damage by heat and drought are being received from throughout the Michigan potato belt, according to Verne H. Church, of the federal bureau of crop estimates. Indications are, according to his weekly crop report for the state, that there will be a light yield of late potatoes. Early potatoes are a light crop and recent rains are causing a second growth. This fact, instead of being favorable, is likely to prevent a heavy yield, even under the most favorable growing conditions later in the season.

Corn, which 'up to this time has been regarded as the most favored showing above the ten year average, continues to make good advancement the report states, but is in need of rain. Hot weather has caused it to roll on the lighter soils. Most of it has tasseled and cultivation is about at an end for the year. The yield will depend greatly upon moisture conditions during the next two weeks.

A brighter outlook for all other classes of crops is general since the heat wave was broken by rains last week. The precipitation was heavy in the upper peninsula and the northern part of the lower peninsula, where extreme drought had prevailed for more than two weeks.

Wheat and rye threshing is progressing throughout the greater part of the state. Variable yields are reported in keeping with the spotted condition of the growth. Wheat yields range from 5 to 30 bushels an acre and rye from 8 to 34 bushels. Harvesting of oats is practically completed in the southern peninsula and some have been threshed. The general run of the crop is reported light. The same condition applies to barley. Beans continue to make good growth and very few reports of damage have been received.

None of the leading fruit states east of the Rocky Mountains reports a better apple crop than Michigan. The crop for the United States, it is estimated, will be the lightest since 1890. The crop in Michigan is much better in the northern than in the southern half of the state. Nationwide reports indicate that Washington will rank first this season in apple yield, New York second and Michigan third, and buyers are eagerly snatching up contracts in these three states. Peaches, pears, and plums will be light crops, but indications are favorable so far. Grapes are a light crop and warnings have been issued by the Horticultural department of the Michigan Agricultural College that weather conditions have been favorable for the development of rot.

WORK COMPLETED ON CONCRETE ROAD

Charlevoix-Petoskey Highway Soon to be Opened

Work of laying concrete on the Charlevoix-Petoskey highway was completed last Saturday noon, and within a short time the road will be opened to traffic.

The work was commenced on this road in the summer of 1919, but owing to shortage of material, and many other matters, which retarded the work, was not completed until last week.

When opened this will furnish one of the best highways in northern Michigan and will be appreciated by not only our local people, but hundreds of resorters and tourists who travel by auto.

There will be a dance at the Iron-ton Grange hall on Friday evening, August 12. The usual good time is promised those who attend. 311f

ODD FELLOWS ENJOY PICNIC

Over 250 Present and Fully Enjoy the Occasion

The annual County Odd Fellows picnic, held Thursday at the State Park, was a good one. About 250 were present and enjoyed the day to the utmost. The Picnic Association furnished several freezers of ice cream and a sufficient quantity of coffee, cream and sugar, and the crowd brought their own basket lunches. The representative of the State Park Commission had erected benches and every one was comfortable.

After dinner, E. E. Ormsby, in the absence of the president of the association, was chosen chairman and he introduced the speaker of the day, Fred A. Rogers, Grand Secretary of the Grand Lodge I. O. O. F. of Michigan. Mr. Rogers gave a very fine address, after which a small portion of the crowd had their picture taken.

The sports committee provided a good program consisting of jumping races, swimming races—and of course, a ball game.

The following officers were elected by the Picnic Association for the ensuing year—President, E. E. Ormsby, Bozette City; Vice-President, Newton Jones, East Jordan; Secretary, M. M. Ellis, Bozette City; Treasurer, Richard Lewis, Charlevoix.

BOOSTING FOR CONCRETE ROADS

LITTLE REPAIR WORK NEEDED FOR YEARS

"Uncle George" VanPelt Reviews the Road Situation in County and Advises Kind to Build

"Uncle" Geo. H. VanPelt, like the "proverbial cat," has come back to remain with old friends during the summer months. He thought he could stay away but couldn't. He came up on a short business trip and while here received a letter from his daughter stating she had spent the Fourth in the hills of New Hampshire where the thermometer then registered 102. Knowing Charlevoix weather and its water-washed air, she advised him to remain here and he has taken her advice.

The best proof we have that "Uncle George" intended to spend his summers in the east is that on his "fool cards" as he calls them, he changed "Charlevoix-the-Beautiful" to "Charming New England in the Good Old Summer Time." He told us it was hard for him to make this change, after talking about the beauties of Charlevoix (also Norway, his old home for 37 years) at every place he visits, he decided to come back to "his first love" and remain here.

He was never more interested in G. C. R. (good concrete roads) than he is now, nor has had less use for Gr. and S. S. (gravel and soft stuff). He says we have sufficient money to build a good nine foot concrete road from Charlevoix to the Antrim county line over the proposed new road, and if later we want to widen it, this can easily be done. He informs us that Antrim county intends to build a sixteen foot G. & S. S. (gravel and soft stuff) road through their end of the route, the kind that you have to rebuild every five or six years, making the same error Charlevoix has done over practically her entire county road system.

His advice is to build only concrete roads on main trunk lines. They cost less in the end, as has been proven by the roads built here.

BUSINESS MEN TO MEET FRIDAY

Hold Regular Monthly Meeting in Masonic Temple

The regular monthly business meeting of the Charlevoix Association of Commerce will be held in the Masonic Temple on Friday evening of this week, at 7:30 p. m.

On account of the busy season, the regular six o'clock supper usually held has been postponed until the first Friday evening in September, when the usual crowd will be able to attend.

Several matters of importance will come up at the meeting Friday evening, and members who can possibly attend are urged to be present.

CONSIDER YOUR BAGGAGE FIRST

WHEN GETTING READY FOR A VACATION

Few Well Chosen Articles of Clothing with Absolute Necessities Make for Easy Touring

You are getting ready for a vacation trip and the question arises as you look over your wardrobe, "What shall I take with me?" A better question if you wish real comfort will be, "What can I leave behind?" Not, "I might need this so will put it in," but better, "I could do without that so will leave it at home." The old Roman did well when he called his baggage impedimenta for, an impediment it remains to the present day, to any who travels.

The first rule for comfortable travel is to determine the irreducible minimum for your baggage. Since a woman, like an elephant, should never be separated from her trunk she will do well to prevent such a catastrophe by limiting her to a commodious suit case or traveling bag which can go with her at every change. Into it must go a compact roll of the necessities for the toilet, and another containing the essentials for a repair kit which include thread suited to the various garments, not entire spools but a few yards of each wound on a small cardboard reel. Pullman slippers that fold and so fit into a small case, and a kimono for Pullman and bedroom wear should find a place. A sheep's wool mitt for dusting pumps, and a small whisk broom will be worth the space they occupy.

Both underwear and summer gowns should be selected with reference to folding into small space, and ease in laundering. Thin gauze, crepe, or crepe de chine are good materials for undergarments, and dark voile crepe de chine will be the favorable materials for dresses from the packer's point of view. Whether you will or no, you will view life from the packer's standpoint much of your time if you are making a series of short visits, either to friends or to points of scenic interest—the usual course of the summer traveler.

It is astonishing how comfortable you can be with a very few well chosen changes of costume, and you will be more welcome as a guest than if accompanied by a huge trunk.

POOR ATTENDANCE AT POMONA MEETING

Too Many Other Meetings Booked for That Day

Owing to other picnics and the busy season not a very large crowd attended Pomona during the day but made up for it at night. The program was carried out as advertised with few exceptions.

Miss May L. Stewart, Messrs. T. S. Barber and Frank Bird were appointed to work with other committees.

Money was voted for prizes in races and Peninsula ball team has challenged for a ball game.

Bozette River extended an invitation to meet with them for next Pomona.

THOSE SPOONING AUTOISTS ARE A PUBLIC NUISANCE

Not infrequently, and in daylight, one sees some fellow holding a girl on his knees as she attempts to guide the car over the road. One can invariably detect this combination from afar by the way the car comes seersawing along the road. One wonders if it will escape the ditch or manage to go through the sides of the bridge. And often the held-girl is not in the driver's seat but occupying a place in the tonneau where she is being hugged, and where she is apparently enjoying herself. One sees much of this sort of thing and the thought accompanying the sight is unpleasant. One also sees many cars in the woods with the lights out, at night, and we believe such cases are fit subject for examination by the police, state and local. The matter is one of sufficient seriousness to warrant very close attention by the authorities. Parents ought to pay a little more attention to where their girls are of nights. A little attention to them might save much sorrow later. The automobile is proving a curse to many girls throughout the country.

The blackberry season is on and everyone who has been after them has come home well laden.

Mrs. Bruce Jordan and little son, Glenn of Traverse City visited Mrs. Jordan's old school friend Mrs. Clyde Smith a few days last week.

The Ladies Aid Society will meet with Mrs. Peter Block on Wednesday August 17. Everyone is urged to remember the date and be present.

Lawrence Boss and family spent last Thursday at Mrs. Boss' parents, Mr. and Mrs. DeGroot, of Ellsworth. The occasion was Mrs. DeGroot's birthday.

MARION

Raymond, son of Mr. and Mrs. Edward Cunningham, is still very ill.

Mr. and Mrs. Barnes of Petoskey Mr. and Mrs. Irving Harmley of Flint are the guests at the home of Joseph Guild.

J. R. Ross, wife and daughter, Katherine of Detroit, are visiting at the homes of Mrs. Adams, Robert Gregory, Jay Adams and Charles Pierce.

ACCOUNT OF BABY

By MARGUERITE RAND.

(© 1921, by McClure Newspaper Syndicate)

Little Mrs. Fenway sat alone in her pretty living room, too miserable even to wipe away the tears that rolled steadily down her cheeks. Unheeded, they splashed upon the new gingham dress that she had bought only a week ago because Tom liked to see her in pink and white. Even the baby's gurgling laugh out on the porch could not win a smile from her; indeed, it added to her wretchedness, for was not the baby, that most adorable bit of humanity, the cause of all her trouble?

"Oh, dear," wept Mrs. Fenway, "I wouldn't have believed that Tom could be so brutal! What shall I do? Oh, I'm so miserable!"

Suddenly, like a ray of hope, came the thought of Aunt Marena.

"She always helped me out of my troubles at school; perhaps she can think of some way to help me now."

Embracing some powder on her nose, and hoping that no one would notice her red eyes, she hurried to the telephone station, and an hour later Aunt Marena was thrown into consternation by the following message:

"Am I in a dreadful trouble. Can't you come out once? Dot."

The old lady was busy preserving peaches, but with visions of terrible calamities before her, she left the fruit to its fate, hastily picked a bag and responded to her niece's call.

"Well, Dot, what's the matter?" she asked as soon as the first greetings were over. "Merely how you frightened me! Is the baby sick?"

Dot shook her head.

"Well, is anything the matter with Tom? Where is he? For heaven's sake, tell me what the trouble is!"

At these questions the floodgates opened again, and between sobs Dot gasped: "I don't know. He hasn't been home for three whole days and nights."

"Not come home!" echoed Aunt Marena in astonishment. "Why not?"

"We—we quarreled," groaned Dot. "Just because I love the baby so much. He says I won't go anywhere, or have any fun, or—do anything."

"Well, is it true?" asked Aunt Marena briskly.

"Maybe it is," acknowledged Dot.

"But how can I bear to leave my baby? He's so adorable. Why, Aunt Marena, even when he's asleep it's lovely just to sit by his crib and watch him breathing softly. Tom thought so at first, but now he wants to go out to theaters and dinners, instead of

precious baby."

"Oh, good heavens!" ejaculated Aunt Marena. "You don't suppose Tom Fenway's whole nature is changed just because you and he have a baby, do you? Tom was always the most popular fellow in town. Of course, he isn't going to settle down at home with nothing to do but hang over a baby's cradle—even as fine a baby as Tom, Jr.," finished Aunt Marena promptly.

"That's just what he said—that he couldn't spend all his time hanging over baby's crib. Our own darling baby! Oh, wasn't he beautiful?"

"Not a bit of it," laughed Aunt Marena. "He's sensible. Now look here, you don't want to lose Tom altogether, do you?"

"No, no," cried Dot miserably. "I couldn't live without Tom." Her eyes widened with sudden fear. "Why, you don't think—"

"Yes, I do," Aunt Marena's tone was decisive. "Tom's bound to enjoy life, and if you won't share his pleasures, some one else will. You'd better make up with him, then! His mother, the nurse is competent to take care of the baby, isn't she?"

"Yes," Dot spoke slowly, "she knows more about babies than I do. I do want Tom to come home, but I can't ask him to. I don't believe he loves me or the baby, or he wouldn't have gone away."

"Nonsense!" Aunt Marena laughed ruthlessly. "You hate to give in, that's all; but you'd better pocket your pride. Doesn't he come to see the baby?"

"No, not here," sobbed Dot. "He said he wouldn't until I was ready to be what he calls sensible. But he stops in the park every day when baby is out with his nurse. I can see them from my window."

"Well," suggested Aunt Marena, "can't you walk through the park and pretend that you've met him by accident?"

Dot pondered a moment, then a mischievous smile brought out the dimples in her cheeks.

Late next afternoon Aunt Marena sat sewing in the living room when Dot dashed in, her eyes shining and a big box of roses in her hands. Upstairs a cheerful whistle sounded from Tom's room.

"It worked, didn't it?" said Aunt Marena with a smile.

"Oh, you old dear, let me hug you," exclaimed Dot impulsively. "I'm so glad I followed your advice. Tom really loves baby just as much as I do, but he has different ways of showing it. Now I've got to dress, for we're going to the theater tonight. Tom says we don't want to turn into stupid, old-fogy parents yet. We've got to keep ourselves young and jolly, especially on account of the baby."

"That's right," called Aunt Marena as Dot flew up the stairs, "and while you're dressing I will pack my bag. I've got to get home to those peaches."

Hair Dyes Not Needed. Hair dyes are unknown among Chinese women, as their hair is uniformly black, becoming gray only in extreme old age.

I ought to know—I grow tobacco

You can't beat a Camel, because you can't beat the tobacco that goes into Camels.

That's why Camels are the choice of men who know and love fine tobacco. They know what makes Camels so smooth, so fragrant and mellow-mild.

They'll tell you that the expert Camel blend of choice Turkish and Domestic tobaccos makes a cigarette smoke you can't equal—no matter what you pay.

But it doesn't take an expert to tell Camel quality. You'll spot it the very first puff. Try Camels yourself.

GIPSY-JESS

By MOLLIE NEATHER.

(© 1921, Western Newspaper Union.)
The sewing circle sat in Tillie White's neat living-room busy with scissors and needle. Various articles of cast-off clothing were being ripped and repaired for the poor and needy, while tongues flew fast as fingers.

"It's always been my opinion," said Mrs. Rawlins "that birds of a feather flock together" and that's all I've got against this new-comer. If she wanted to get in the town's good graces, and be taken up by respectable people, why did she pick up with a harem-scum nobody like that Walrus girl? See 'em together most every place I go, and they are at the movies besides—chair by chair."

"I know it," answered Mrs. Cummins, "and evenings boys that the school principal can't do a thing with are over there in her house singing songs—and anyway, what's a young strange woman mean by rentin' a house alone?"

"If you mean Miss Jessie Bonnie, who has moved into the Welcott house," the minister's mother said gently, "I believe she is here to rest from her musical studies before going abroad to enter upon a concert career. And I understand that she does not live with her folks because she has none. The girl is alone in the world."

Members of the sewing circle exchanged meaningful glances. It had been noted that the earnest young leader of their parish paid open attention to the new and welcome stranger.

"He's probably trying to convert her," Mrs. Rawlins had suggested.

"But I reckon she's poor material," said one of the older women.

"They say," snubbed Tillie White, that the Walrus girl and them boys are calling her Gipsy; that is when they ain't calling her Jess. But I'll admit she's not far from lookin' a gipsy with her dark eyes and tangled curly hair. And them red beads and dangling things that she wears, did you notice 'em?"

"I thought," the young pastor's mother said pathetically, "that Miss Bonnie was a bright, pretty creature, and it's natural for the young to like pretty things. I thought that it might be a good thing for us to befriend the girl, and—"

"She's chosen her friends," Mrs. Cummins sharply remarked. "Did that Walrus girl ever want to come in among us? And could we ever bribe those rollicking young men into our entertainments? No, they'd rather be on the streets. It's plain the Gipsy person ain't our kind."

The pastor's mother sewed on vaguely troubled. Were they right after all? Well, she knew her fine, honest son, his interest in this gay little stranger was deeper than others could realize. She alone could read that interest in the tone of his dear voice, the shine of his eyes.

The success of Paul's life and calling meant much to her. She and the father gone had sacrificed for it through many years. An outer door opened into Tillie White's sitting room and a girl's piquant face showed smilingly.

"I did not knock," said the girl, "for I knew you were busy assembled. I could see you through the window. I came—" she paused abashed before the forbidding silence.

"Gipsy Jess," ejaculated Tillie White, unconsciously.

Then the girl laughed.

"You have learned my nickname, I see," she said; "young town people are great with nicknames. Well, then, I am introduced. But what I called about, was this—"

She threw back her dark cloak disclosing its crimson silk lining, the girl's jaunty little turban was crimson, too.

"This," she continued, and placed on the table.

"It's my old winter coat," she explained, "but almost new. I really did not need another, and bought this, I think, because of its pretty lining."

The Olden Knights Wore Shields

with certain family devices painted thereon. To protect the fair fame of these escutcheons, they fought hard and well and dealt squarely and openly.

Knaves without device lived fairly or unfairly as their humor suited. They had no names to protect.

Today the knights of industry have devices—the advertised trademarks of their products. It is even more necessary for them to preserve a bright and spotless trademark than it was for an olden knight to keep his shield clean and fair.

Advertising focuses a million searchlights on a trademark. If it be worthy, it immediately leaps into confidence and popularity. If it be unworthy it fails.

Buy advertised products. Read the advertisements to choose what you will buy.

You can be certain that every consistently advertised product is good.

The test of a million searchlights has proved it. The name of the manufacturer guarantees it. The trademark is your warrant of true quality.

PROSPECTS FOR CATTLE MEN

Nebraska College of Agriculture Encouraging Farmers to Increase Their Operations.

The Nebraska College of Agriculture is encouraging farmers to expand their live stock operations. The scarcity of all kinds of stock, especially cattle, points to continued good prices. With feed prices going lower better days seem to be near for both the live stock raiser and the live stock feeder. While it is true that many feeders lost money in the last two years, feed prices may be 50 per cent lower than last year. Likewise cheaper feed and labor should stimulate live stock raising. The number of cattle in the United States has been decreasing at an alarming rate. The number in the United States has decreased from 89 head for every 100 persons in 1900 to 42 head in 1919. During the same period the rate of slaughter increased 3,000,000 head annually. Some people go so far as to predict that in a few years only millionaires can have beefsteak on their tables, unless live stock production is stimulated.

FORAGE FOR BREEDING EWES

Supply Is Necessary to Produce Strong, Vigorous Lambs—Helps to Balance Ration.

Breeding ewes must have some good forage in order to produce strong young, and the growing and developing lambs must have it in order to make good healthy ewes for breeding, and the fattening sheep should have some good forage to help balance their ration. Grain alone fed to sheep that are intended for the block will not produce the best results. They must have a combination of feeds, with some good forage forming the principal portion of the ration.

Camp Meeting

The Northern Michigan Camp Meeting of the Church of God will be held

August 5th to 14th

on their beautiful grounds two miles south of the Belvedere station. The grounds are equipped with a pavilion, dining hall, lodging rooms, store, barn and furnished with good water and plenty of shade for tents. Those coming by rail get off at the Belvedere station.

Trains will be met by Busses the first two days

after that by appointment. Those desiring lodging please bring bedding. All expenses will be met on the free-will offering. Plain, able ministers will be present to preach the gospel in its purity, simplicity and power.

SPINOLOGY

by John H. Albert, D. C.
Postoffice Bldg.
Charlevoix, Michigan

Typhoid Fever

Typhoid fever is also known as enteric fever, abdominal fever, abdominal typhus, and autumnal fever. It is an acute febrile disease characterized by a general fever and localized ulcerative inflammation of Peyer's patches of the small intestines. During the initial stage there is a swelling of the mucous membrane of the small intestine, and especially of the solitary glands. Peyer's patches become enlarged, whitened and raised above the surface of the mucous membrane of the intestine. The blood vessels of the intestinal mucosa are congested and an exudation soon follows. This becomes purulent in character because of the necrosis that rapidly ensues. During this stage the glands slough off, leaving deep ulcers at their former sites. During the stage of cicatrization, the connective tissue cells in the floor of the ulcers begin to proliferate, thus forming scar tissue, which contracts, thus obliterating the former ulcer.

Typhoid fever begins slowly, with prodromal symptoms of headache, malaise, anorexia, nausea, and vomiting, cough, epistaxis and chilliness, but no real rigors; there is pain and tenderness in the region of the spine, especially over the kidneys, usually constipation early in the disease, which may turn to diarrhea later. The fever rises gradually until the seventh or eighth day the temperature has reached 101 to 105 degrees. At from the sixth to the twelfth day there is a rash over the region of the abdomen. There are other symptoms of less importance but the foregoing is the main manifestation of the disease when allowed to run its usual time of from 28 days which consists of the so-called regular course to 56 days in rare cases.

What does a chiropractor do in case of typhoid? The specific adjustment is the center place or fifth dorsal, kidney place or eleventh dorsal and the upper lumbar, usually the second lumbar vertebra. The adjusting of the fifth dorsal vertebra affects the thermogenetic subsidiary centers and especially those of the liver, thus decreasing the amount of heat production. The adjusting of the eleventh dorsal vertebra affects the thermolytic subsidiary centers, thus increasing heat dissipation via the skin and kidneys, while the adjustment of the second lumbar vertebra affects the local pathological condition of the small intestine, restoring normal function to its parts, which affects its restoration to normal. Under adjustments the disease does not run its usual course of 28 days and in fact, if adjustments are given in time recovery is so rapid that often the affection would not be recognized as typhoid 24 hours after the first adjustment has been given. Under chiropractic adjustments there is seldom complications or sequelae, while under ordinary treatment and nursing there is usually both.

Typhoid fever is claimed to be a germ disease caused by the bacillus of Eberth which is a microscopic organism formerly classified as among the infusoria, but now regarded as belonging to the vegetable kingdom. In one sense it is a germ disease but like other so-called germ diseases is not capable of a successful attack until there is a diminished nerve supply and in the case of typhoid fever in a diminished supply to the small intestines. Kidneys that are functioning abnormally help to increase the chances of bacillus of Eberth making a successful attack. This explains why two persons drinking the same infected water; one will have an attack of typhoid and the other will not. A perfect spine allowing normal supply to all organs is the surest health insurance.

Don't worry about what the other fellow says about you—worry about what he does to you.

AMERICAN LEGION TO HOLD PICNIC

World War Veterans Inaugurate a Day of Fun and Frolic

On Thursday, August 25th, members of Leslie T. Shapton Post No. 226, American Legion, will stage a picnic and day of fun in this city, at which various stunts will be pulled off in an endeavor to raise funds for a memorial.

While the details at present are not completed, what has already been mentioned will be well worth seeing, and the boys will "go over the top" in their effort to entertain.

Posters and bills will tell you all about the big affair, the car, and the bull that will be given away. Watch for their announcements and set this date aside for a holiday to be spent with them.

MORE CO-OPERATION IS NEEDED

Greater Michigan Association of Directors Hold Meeting

Directors of the Greater Michigan Association met in Grand Rapids July 27, and urged business men in all cities to give greater co-operation to the farmers.

"The movement in Michigan is back to the farm," stated E. B. Ward, Charlevoix. "Those who need help are mostly young men who left the farm to work for higher wages in the factories and then had to send home for money to get back to the farm. They are in a worse condition than before."

The association decided to employ a field secretary and have three representatives in each county to aid in development work.

Former Governor Woodhridge N. Ferris, Big Rapids, presided at the session.

A Social Evening

Monday evening at 8:00 o'clock you will receive the glad hand at the Epworth League social hour at the Methodist church. A fine program has been arranged. Bushels of fun and frolic—something doing every minute. Young and old are cordially invited. Slip ten cents in your pocket. Something to hear, eat, and do. Paste this in your hat so you will not forget the time and place.

Epworth League

Follow the crowd Sunday night at 8:30 to the Epworth League meeting at the M. E. church. Richard Lewis of Columbus will be the leader. Special music and a real pep meeting are in store for you. The atmosphere of these meetings is charged with the real joy of Jesus. Come and bring your friends.

THE TITLE OF YOUR CAR

You must now file with the secretary of state a paper showing the ownership of your automobile. The blank must have the number of your car and motor, with all the information surrounding the purchase. If you have bought on the installment plan you must also state the fact in your return. The idea is to keep track of all cars so that in case of theft they may be more easily traced. It will cost you a dollar to make the registration but it may be worth the price some morning when you find your car missing.

Marriage Licenses

Minor Fletcher, Jr., and Miss Emma Ranger Schwab, both of Nashville, Tenn.

WILL MOVE INTO NEW QUARTERS

Fessenden, Druggist, To Occupy the Bartholomew Building

F. J. Fessenden of Central Lake, who recently purchased the F. G. Hines drug store, will remove the same to the store building formerly occupied by F. S. Blanchard, corner Bridge street and Park avenue about November 1st.

In the meantime the two stores will be entirely remodeled and placed into the best possible condition. One room will be used for the drug department and the other for an ice cream parlor.

Mr. Fessenden has announced that he will conduct a first class drug store and ice cream parlor, and when completed, his store will have no equal in northern Michigan.

Save the cow and horse by using Fleck's Fly Chaser. Benj. Brown has it. 28tf

A Government Picture
The United States Government picture at Majestic Theatre, Tuesday August 9th.

The sight of marching troops, barges, air raids and the advancement of our boys in the only authentic picture of the Battle of Chateau Thierry, starring the men of the Michigan Red Arrow Division in action, is a sample of what will be seen in "Under Four Flags" at Majestic Theatre. Admission children 10 cents, adults 25 cents.

It's a story of the aftermath of the war and of reconstruction, with a tear behind each smile. A picture never to be forgotten.

Death of Joe Hyland

Friends who knew Joseph Hyland will be surprised to hear of his death which occurred at the Traverse City hospital July 27. He was 80 years of age and came to Charlevoix at the age of 42 years and spent quite a number of years here. The remains were taken to Manistee for burial.

First Church of Christ, Scientist
Sunday service at 10:45 a. m. subject, "Spirit."

Sunday school discontinued until September 11th.

Reading room open Tuesday, Thursday and Saturday, 2 to 5 p. m.

Vacation time soon and you will need a new trunk, bag or suit case. We have just what you want. Benj. Brown. 29tf

Church of God

No services will be held at the Church of God chapel from August 5 to 14 on account of the camp meeting being held at this date, two and one-half miles south of the city. After that time services will continue as usual.

SUN REDUCES CHOLERA BILL

Unwise and Uneconomical to Depend Entirely on Serum to Protect Swine From Disease.

A few days' work in the pig pens and yards scraping, disinfecting and cleaning is pretty good hog-cholera insurance, says the United States Department of Agriculture. Strict sanitation is the best and the farmer can

Hog Cholera Thrives in Such Surroundings as These.

give to the work of the hog-cholera serum. It is unwise and uneconomical to depend entirely upon the serum to protect the swine from this costly disease. In 1918 the farmers paid a serum bill of over \$5,000,000 and they still lost \$3,000,000 worth of pigs. There can be no doubt as to the effectiveness of the serum treatment, but the sensible farmer will do what he can with shovel, hoe and disinfectant to remove the cause of the trouble. The threat of cholera is always present so long as there are unclean cesspools and wallows. Straw stacks should never be left from one year to the next if they are where the hogs can reach them. Shelters and pens should be so constructed that they may be easily cleaned and exposed to the sunlight. A few days devoted to work of this sort in the fall when the hogs have been taken from the pens will do much to protect the herds of another year.

Homesteading done on nil dresses, blouses, gowns, underwear, sheets, pillow slips. All linens. 202 State street, at Mrs. Lamphear's. 3012pd

CONGREGATIONAL CHURCH

Morning worship and sermon at 10:30. Dr. Jones, minister of the First Presbyterian church, Evanston, Ill., will preach the sermon from the subject, "The Unveiled Face." The many friends of Dr. Jones will be glad for this opportunity to hear him.

During this month the pulpit will be filled by visiting ministers.

The Jewish people hold their services of worship in this church each Friday evening during the resort season.

Church school at 12 m.

At eight o'clock the minister, Rev. Smith, will deliver his address, "The Jewish People as a World Asset."

A very cordial invitation is extended to all to worship with us.

Notice of Examinations

Regular examinations for teachers of Charlevoix county will be held at the Court House in the city of Charlevoix, August 11th to 13th, Thursday to Saturday beginning at 8:30 each morning. For further information, write the commissioner of schools at East Jordan.

May L. Stewart,
Co. Com'r of Schools.

INTERESTING BITS OF INFORMATION CLIPPED FROM OUR EXCHANGES

The queerest of all the queer happenings ever seen in Bay View took place one day last week when a boy fell from one of the paddock horses he was riding. When he fell he held on to the bridle and the horse swerved around sharply. As he swung he encountered a woman on the sidewalk, and, fearing to injure her, he jumped over her head. As

he passed over her his knees struck her on the chest and knocked her unconscious. She was taken to a nearby house and a physician called. She returned to her senses in a short time and was none the worse for her experience. But in the meantime the unfortunate boy who was the cause of the mishap was crying bitterly in the belief that he had killed somebody.

The total population of Michigan, 3,668,412, comprises 1,928,436 males and 1,739,976 females. During the decade the total population increased by 30.5 per cent, the male population by 32.6 per cent and the female population by 28.4 per cent. The ratio of males to females in 1920 was 110.8 to 100. The distribution of population according to color in 1920 was as follows: White 3,601,627; Negro 60,082; Indian 5,641; Chinese 792; Japanese 184. All others 113. During the decade the white population increased by 29.3 per cent while the Negro population increased by 251 per cent. The foreign born white population of Michigan totaled 726,215 in 1920, as against 595,524 in 1910. This element constituted 18.8 per cent of the total population in 1920, as against 21.2 per cent in 1910.

The actual loss because of the Belleaire fire, according to the record of the buildings totally destroyed, was \$16,700, with insurance of \$5,700. Considerable damage was also done to several buildings that were partially burned and also much loss to stocks of goods and household furniture removed or destroyed in the buildings.

Seth LaValley of East Jordan pleaded guilty last week to driving a car without lights and payed a fine of \$25.00. The trouble seems to start after a dance which was held at Deer Lake. Mr. LaValley while driving home in his darkened car ran into a rig occupied by two elderly people, throwing them from the vehicle and causing them to sustain sundry bruises. It is barely possible the incident is not yet closed.

Announcement of the annual summer meeting of the Michigan Beekeepers' Association at Alpena on August 3 and 4 is made by R. H. Kelly of M. A. C., secretary and treasurer of the association. Besides an auto tour of the beekeeping territory surrounding the program is expected to include addresses by E. W. Atkins of the G. B. Lewis company, either Ernest Root or George Demuth of the A. I. Root company, and B. F. Kindig, state apiary inspector. Persons who make the trip by auto from southern Michigan are advised to go by way of Bay City taking the Dixie Highway north from there. Last year the meeting was held in Boyne City and was attended by 200 beekeepers.

Save the cow and horse by using Fleck's Fly Chaser. Benj. Brown has it.

LUCKY SALLY

By GERTRUDE CUSHING.

(Copyright, 1921, by McClure Newspaper Syndicate.)

"Wasn't Dorlee glorious tonight? Oh! She made me feel as if I wanted to cry and cry for hours on end. Do you suppose I'll ever sing like that?" The speaker dropped her chin into her cupped hands and stared across the shabby little cafe with a gaze of almost tragic wistfulness.

A few blocks away the great opera house was once more a silent, darkened cavern. In her dressing room the prima donna whose "litterfly" had moved eager hundreds to envy, sadness or admiration—as the case might be—was fretfully removing her make-up and thinking of the check in her handbag and the delayed dinner which would be ready in her apartment.

"Un bel il," hunched the girl in the little cafe. "Oh! do you think it will ever come to me?"

Her companion, a big, dark-eyed girl, set down a cup of viciously strong black coffee and gripped her fists tensely on the edge of the table. "Don't ever give it up. I never will. It's worth any struggle—any sacrifice."

A little old man sat opposite the two girls. He was sipping tea, munching a ham sandwich, and around the side of his newspaper regarded them with kindly quizzical eyes.

"I take it you're music students?" he advanced, courteously.

For the first time the girl became aware of his presence.

"Yes, we are."

The old man's face grew genial and encouraging. The girls responded: "Did you hear Dorlee tonight? Wasn't she superb?"

"Madame Dorlee is a very great artist. I know her. I have known her for a great many years. I have a fancy she would like you to hear her story. You particularly." He indicated the dark-eyed girl who had last spoken.

They bent forward glowing and expectant. Coffee and tea were forgotten.

"She was born in a small town out West. Sally Gerrish her name was—'Lucky Sally'—that's what they called her. It began when my brother sent her East to study singing. You saw my niece and she were chums, almost inseparable, and there was money in our family while the Gerrishes were poor, at least too poor for that sort of thing."

"Well, they came on here, found a good teacher and settled down to hard work. They were as different as any two girls you ever saw. My niece was a quiet little thing. Took everything pretty sober and thought a long while before she made up her mind."

"At the end of a year they were both getting ahead fine, but my niece had taken up with a beau and she was doing a lot of thinking about more things than music. I never saw him, but I guess he was pretty handsome looking, and he was rich and sort of a swell. Well, about this time someone heard my niece taking her lessons, and he was crazy about her voice. He was looking for a soprano for his church, and he lured her up and offered her the position."

"I don't know in this day the whole thing, but Crystal's young man had something to do with Sally's getting the church. She did get it, and the folks back home said again, 'Sally's luck, and did anyone ever see anything like it?'"

"There's a lot of things you can't see right from a distance. My niece was the lucky one that time, though no one knew it. Her fine beau kinder drifted away from her, and the next thing we knew he and Sally sailed for Europe on the same steamer. My niece never talked much about it. She went home and she never came back to study. She kept on with her singing, and we all think in our town that there never was a voice quite so beautiful. She's married now to a top-top man, and she's got a nice home and three children—splendid youngsters. The boy's named for me."

"Sally never went back home till last spring. She stayed over in Europe most of the time and the newspapers became her letters. We never heard much any other way. She kept her own counsel. The world knows her as a great singer. She's rich and she's generous to her people and back home they still call her 'Lucky Sally.' The man who led the two girls to the turning point of their lives lives in New York. He's married, too."

"Last spring when Madame Dorlee went home she stayed three days, and most of the time she spent at my niece's playing with the children. She was there when the telegram came with an offer that took her post haste to Paris. My niece laughed when she read it. 'You'll always be Lucky Sally,' she said to her."

"Sally turned on her like a tigress, she says. 'Don't let those words ever cross your lips again. Lucky Sally! Oh! the mockery of it!' Those were just her words, and for some time she peeped back and forth without speaking. Finally she got quiet and bade my niece good-bye. At the door she turned and said: 'Crystal, you've got two things I'd give all I have in the world to own. Then she pointed to the plain ring on my niece's left hand and to the baby in his cradle.'

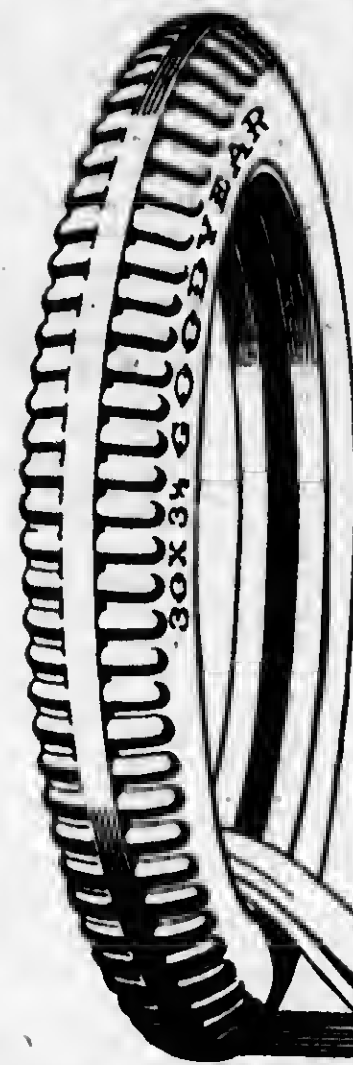

"I guess perhaps that isn't just the kind of story you expected, but maybe some time I'll help you if you're ever at a crossroads. Good-night."

The old man slipped his chilled tea, folded his paper, and bowed himself from the cafe.

Circulation counts—we have it.

GOOD YEAR

A Real Bargain for Owners of Small Cars

In the past five years nearly 5,000,000 of these popular 30 x 3 1/2 inch Goodyear non-skid tires have gone into service. More than a million of them are in use today.

Now you can buy these tires, of big size, strong construction, and long-wearing treads, at the same price you are asked to pay for unknown brands.

Why take a chance on unknown tires, when you can get Goodyear quality at as low a price? See your Goodyear Service Station Dealer today.

LEGAL NOTICES

Notice to Contractors
Emmet and Grand Traverse State Road, Marion township, Charlevoix county, Michigan.

Sealed proposals will be received at the office of the Board of County Road Commissioners of Charlevoix county, Michigan, until 1:30 o'clock p. m., central standard time, Monday, August 15th, 1921, by the Charlevoix County Road Commissioners, for improving one mile of road in Marion township, Charlevoix county, Michigan. The work will consist of shaping the road, constructing the necessary drainage structures, and surfacing to a width of fifteen (15) feet with a base course of stone and gravel.

Plans may be examined and instructions to bidders, specifications and proposal blanks obtained at the office of the Board of County Road Commissioners of Charlevoix County, Court House, Charlevoix, Michigan.

The right is reserved to reject any or all proposals.
Charlevoix County Road Com.
Richard Lewis, Clerk.
Charlevoix, Mich., Aug. 1, 1921.

Ellsworth Section

ELLSWORTH

John Thorpe of Charlevoix is spending the week with relatives in this vicinity.

Miss Emily Brosche of Traverse City visited at the A. L. Ely home from Tuesday until Sunday.

Mrs. Wallace Welas was at Bellaire on business connected with the probate office one day last week.

Mr. and Mrs. Herbert Van Eenennaam of Zeeland, Mich., visited from Wednesday until Monday with relatives here and at Atwood.

Work is progressing rapidly on Wm. Cole's new house. Mr. Cole expects the work to be finished by September 1st.

Quite a number from here are making plans to attend the Holiness camp meetings at Boyne City starting on August 4th.

George Hoogewerf of Chicago arrived on Monday for a visit with his father H. Hoogewerf. He expects to remain about two weeks.

Myrenus Hooker and family and Jake Hooker and family of Muskegon are visiting their sister, Mrs. Koo Klooster and family this week.

Mrs. LaRue Mesde and baby daughter and Miss Emma Brosche of Minneapolis, Minn., are spending the week with their sister, Mrs. A. L. Ely.

Mrs. Victor Lawler of Augusta, Mich., who has been spending the past few days at the B. J. Beuker home left for Augusta on Thursday of last week.

Rev. Sturk returned last week from Eldorado, Kan., where he has been for the past fifteen days conducting the song service at the state Holiness meeting.

Adam Martin is advertising an auction sale at his home here on Saturday, August 13th. A copy of the sale bill appears in this issue of the Courier.

Mrs. Harry Elzinga is very ill at her home here. The Elzings recently returned from Colorado where they went about a year ago for Mrs. Elzinga's health.

T. Coeling of Grand Rapids who has been doing carpenter work here and at Atwood has decided to locate here and has purchased a lot from F. H. Skow on which he expects to erect a cottage some time this year.

Word was received from Detroit this week of the serious injury of James Logue formerly of Ellsworth but at present an employee of the Ford plant. The injury was caused by hot iron being dropped on Mr. Logue's foot and he is at present recuperating in the Ford hospital.

Lewis Crompt had the misfortune to lose a valuable cow one day last week her death resulting in a peculiar manner. The pasture where the animal was kept was inclosed with a barbed wire fence and one of the lower wires became loosened from the post. In some way the cow be-

came entangled in the wire which formed a half hitch around one front leg and threw her, death resulting before she was discovered.

J. M. Elzinga, manager of the Banks Township Marketing association during the past two years has resigned to take effect August 15th, and his successor has not yet been appointed. Mr. Elzinga has accepted a position with the Glesner Clearing House association, formerly the Lewylyn Bean Co., of Grand Rapids. The members of the Marketing association as well as the citizens of Ellsworth deeply regret the loss of Mr. Elzinga but extend their best wishes for his success in his new venture.

ELLSWORTH ELECTRIC LIGHT COMPANY, LTD.

New Organization Formed to Light Up the Village

The electric lighting project for Ellsworth which has been up in the air for the past month, came to the ground the first of last week with the organization of the Ellsworth Light Co., Ltd., and the purchase of a 3 kilowatt DeLoe light plant capable of carrying three hundred 40 watt lamps.

A building for the plant has already been erected at the rear of the Ellsworth Garage in which the plant has already been placed and linemen and electricians are expected daily to run wires and start things going.

The principal streets of the town will be wired and street lights will be arranged for a feature which will add greatly to the appearance of the town and something which has been long needed.

The officers of the company consist of Geo. Klooster, chairman; M. R. Nelson, vice-chairman; D. E. Clow, secretary; S. P. Baar, treasurer; and J. H. Elzinga, F. H. Skow and I. Horrenga directors. This company is not a public service corporation, lights being furnished to stockholders only. It is expected that the plant will be in operation within ten days.

ROCK ELM

Miss Julia Jensen who has been spending her vacation at the home of her parents, has returned to Detroit. Rev. E. E. Branch and wife of Ionia visited at the home of his sister, Mrs. A. B. Lawton, for a few days last week.

Thomas Crothers died at his farm home at 7 a. m., July 20, aged about 73 years. His health had been failing for some time but he was only confined to his bed a few days. He is survived by his wife, one son, two daughters and a number of grandchildren besides many other relatives and friends who will greatly miss him. At 2 p. m. of the same day Mrs. Crothers' sister also passed away in the same home. She was an invalid and had been with Mrs. Crothers about five weeks. Funeral services for Mr. Crothers were conducted by Rev. Little at the home on Friday. Saturday morning Mrs. Crothers left to accompany the body of her sister to their old home in the upper peninsula. She has the sympathy of the entire community in her double bereavement.

Circulation counts—we have it.

GIVEN MILITARY FUNERAL

FRIENDS PAY HONOR TO DECEASED VETERAN

Remains of Floyd Hodson Laid to Rest in Boss Cemetery Under Auspices of Legion

The first military funeral held in Ellsworth in years occurred at 10:00 a. m. on Sunday, when the body of Floyd Hodson was laid to rest in the family lot at Boss cemetery, the ceremony being conducted by the American Legion Post of East Jordan with Rev. E. E. Clark of the Ellsworth M. E. church speaking the funeral service.

Floyd Hodson was born in Ellsworth on November 28, 1896. He enlisted in a sanitary train shortly before America entered the war, transferring to the 19th Field Artillery. Just before he sailed for overseas he was on application, transferred to the 125th Infantry, thus being placed with his old friends and school mates from East Jordan and Ellsworth. He was wounded at Soissons on August 28, 1918, dying in the ambulance enroute to the hospital less than two hours after being struck.

Floyd was a member of Co. A, 125th Inf., 3rd Div., and in a letter to his mother, Mrs. Wm. Russell, written during the latter part of July 1918, he explained how hot things were getting but said he would rather be taking his chances there than trying to explain to the folks at home why he did not go over.

He leaves besides his mother, three brothers and two sisters who even in their sorrow may well feel proud of his record as a citizen and a soldier who did his duty and with his face to the front.

The impressive funeral services were attended by one of the largest crowds ever attending a funeral here, the church being crowded and many being unable to gain standing room in the building.

Among the out-of-town people who gathered to pay their last respects were Mrs. A. J. Howard and son Lisle, Mrs. Benj. Coatta, Mr. and Mrs. J. Udell and Mr. and Mrs. Geo. Paseo of Mantelona, Judson Hardy and wife of Charlevoix, Lorraine Clark of East Jordan and Mr. and Mrs. Thos. Roulty of Bellaire.

Tuesday, August 16th, is the date when J. Leahy, the Optometrist, will be at the hotel in Ellsworth. Classes guaranteed to fit. 312

RAIN HINDERED MISSION FESTIVAL

But Meeting was the Most Successful in Years

Sandwiched in between April showers in the morning and a regular downpour in the afternoon the annual Mission Festival held by the United Holland churches at Peebles' Grove on Wednesday of last week proved to be one of the best ever held and a decided success in both a religious and a financial way.

The showers of early morning made the outlook gloomy but by the time to start for the grounds the sun was smiling and continued to smile until the last person had reached their homes when it was again hidden and the earth was drenched with one of the hardest rains of the year.

Music was furnished by the Christian Reformed orchestra and by singing by the different Sunday schools. The list of speakers this year was excellent and everyone who attended were well repaid for their trip.

The committee in charge of the arrangements wish to thank all those whose assistance made the affair a success.

CONVENTION WAS NOTEWORTHY ONE

Attended by Hundreds of Enthusiastic Church Workers

The Sunday school convention at Ellsworth was well attended by an enthusiastic crowd. Lively discussions on "Stewardship", "The Relation of the Home to the Sunday School" and the many interests of Sunday school work kept all intensely interested and alive notwithstanding the warm weather.

Geo. Weaver gave two addresses on the missionary aspect of extension work, and on the last evening of the convention Rev. Dykstra, a

ADDITIONAL LOCALS

Camp meeting starts next Friday at the camp ground south of the city.

Mrs. Sadie Duers of Detroit is spending a few weeks with her mother, Mrs. Roy Ranger of Belvedere avenue.

Miss Ruth Esinga of Grand Rapids spent the week-end with Miss Jennie Black.

Mrs. R. C. Korth and Mrs. Raber leave Wednesday for a week's stay at the Soo.

Miss Iva Light of East Jordan spent the week with her sister, Mrs. C. Evans.

Rose Zeitler has resigned her position at the local telephone exchange.

Mrs. John Roen and family are spending the week with her mother Mrs. Lynklop.

Katherine Mohlo of the county clerk's office, spent the week-end in East Jordan.

Ted Jones of Detroit spent the week-end with his wife and son at their country home.

Lawrence Ackert and wife leave on the Missouri Wednesday, for their home in Minneapolis.

John Harsha and family of Detroit, are spending several weeks at the H. S. Harsha home.

Hosea Bills and family of Detroit are visiting at the home of Mr. and Mrs. Bert Sheldon.

Martha Burns and Harold Meggison spent Monday evening at the James Meggison home.

Mrs. William Niece and daughter of East Jordan spent Sunday evening at the Watkins home.

Mrs. Elwyn Johnson underwent an operation for appendicitis at the

Charlevoix hospital and is doing nicely.

Miss Hilda Carlisle spent the week-end in Ironton as the guest of Mr. and Mrs. Sam Alexander.

Mr. and Mrs. Harry Gebeau, Miss Grace Shapton and Mrs. Hinstead spent Sunday in Central Lake.

Ben Nowland is building a stucco bungalow on Carpenter avenue. Ma-dill and Zeitler have the contract.

Mr. and Mrs. Covey, Mr. and Mrs. Shearer, and Mrs. T. D. Nowland were Petoskey shoppers Saturday.

Mr. and Mrs. Covey, Mr. and Mrs. Bert Staley and Mrs. Olive Nowland motored to Harbor Springs Sunday.

Mr. and Mrs. Arba Cameron of Chicago are visiting Mrs. Cameron's mother, Mrs. P. D. Campbell of Dixon avenue.

Any person desiring the use of a wheel chair for invalids can obtain one if they call at the Benj. Brown Garage.

Mr. and Mrs. William Covey, Mr. and Mrs. Harold McCann of Petoskey were callers at the James McCann home Sunday.

Genevieve McCann and Hilda Anderson arrived from Detroit Tuesday to spend the summer with James McCann and family.

Mr. and Mrs. Isaac DeVoe from Detroit and son and wife of Mr. Pleasant, are spending a couple of weeks in the city.

Mr. and Mrs. Warren Johnson and daughter, Eva, of Fairgrove, Mich., and George Hunter spent the week-end at the Elmer Johnson home.

Mrs. W. T. Driggett, Sr., left Friday for a few weeks' visit with her parents, Mr. and Mrs. James Hamrock of St. James, Beaver Island.

Mr. and Mrs. Irving Hernley arrived this week from Flint to spend the summer with Mrs. Hernley's par-

ents, Mr. and Mrs. Joseph Guilds.

Mr. and Mrs. A. D. Crimmins and daughter of Grand Rapids are spending two weeks in Charlevoix among friends. Mr. Crimmins was formerly cashier of the State Savings Bank.

John Martin, two sons, Charles and Joe, and Miss Mable Poole motored here Thursday from Chicago for a three weeks' visit with the latter's parents, Mr. and Mrs. Wm. Poole.

Mr. and Mrs. Joe Cooper and Mr. and Mrs. Gordon returned to their homes in Greenville Thursday, after a three weeks' visit with the latter's daughter, Mrs. Harry Gebeau and family.

Mr. and Mrs. Emrey Pierce of Sault Ste. Marie, arrived in Charlevoix last week, after an extended motor trip through Canada, New York and Pennsylvania, and will spend the remainder of the summer with Mrs. Pierce's parents, Mr. and Mrs. John O'Neill, and other relatives.

Harold Eckinger entertained two of his boy friends Sunday, George Smith and George Beennan, the occasion being his birthday anniversary. On account of his parents being away, Harold donned his mother's apron and prepared the feast. His friends were quite anxious as to their health for a day or two afterward, but we are glad to state no alarming symptoms have developed.

STOLEN ARTICLES WERE RECOVERED

Missing Diamond Ring and Gold Watch Returned to Owner

Gordon Thorpe of Charlevoix, and Grace Ablanap of Detroit, formerly of Beaver Island were placed under arrest last week, charged with the theft of a diamond ring and a gold watch.

The theft occurred on Thursday of last week. Thorpe, who has been in the employ of H. B. Wood as a jitney driver, accompanied by the Ablanap woman made a trip to Petoskey, and were asked by Little Will & Son, local jewelers, to deliver a package containing a ring and watch. While on the trip the package was opened and the ring and watch was found missing when received by the jeweler.

Thorpe and the woman were arrested for theft and the missing articles recovered. Thorpe is out on bail and the woman is spending the time in the county jail.

M. E. CHURCH NOTES

The musical meeting given by the Epworth League of the Methodist Episcopal church last Sunday night proved to be one of the largest attended and most interesting services ever given by the young people of the church. Miss Louise Walker, daughter of Rev. Walker, was the efficient leader. In a very pleasing and capable manner she gave a brief account of the circumstances under which a number of the great hymns of the church were composed. Following this history of the composition of each hymn the congregation which filled the auditorium, sang a few of the verses. Many present availed themselves of the opportunity given to name their favorite hymn. Miss Margaret Ball of Heidelberg university sang a very beautiful solo and Frank Poole and his sister, Mrs. V. Wakeman, rendered a very fine duet. They were accompanied on the piano by Mrs. E. Edwards.

The Epworth League social was attended by almost one hundred young people. John Winkler lead the games, refreshments were served and one of the finest socials enjoyed by all present. These socials will be given every two weeks. Save your Monday nights for these good times.

It is only necessary to announce that Dick Lewis will have charge of the Epworth League service next Sunday night at 8:30 to insure a large attendance.

Fourth Quarterly Conference will meet the 29th of August. Members of this church will remember that our fiscal year closes the 1st of September. Kindly have all your financial obligations met by this date.

J. W. Stover will present a stereopticon entertainment in the church on the 11th of this month. He comes very highly recommended.

Miss Margaret Ball of Heidelberg University has kindly consented to sing at the church service next Sunday night at 7:30.

Card of Thanks

We wish to thank our friends of Ellsworth and the American Legion of East Jordan for their assistance and sympathy during the funeral services of our beloved son and brother, Floyd.

Mrs. Wm. Russell and children.

AT THE MOVIES

"Snow Blind" at the Palace Theatre, Thursday, August 11th. Russell Simpson, Cullen Landis, Pauline Starke and Mary Alden head the cast in the newest Goldwyn picture, "Snow Blind." It was produced by Reginald Barker from the stirring novel by Katherine Newlin Burt which ran in the Red Book magazine. It is a powerful drama upon a background of amazing scenic beauty—drama so intensely realistic that one cannot behold it without deep and lasting enjoyment.

Tom Mix does some more hair-raising stunts in his latest William Fox picture, "The Road Demon," which will open at the Majestic Theatre next Saturday and Sunday evenings.

Mix's famous horse Tony has a rival in "The Road Demon," because Tom uses a racing car for many of the thrills and daredevil escapades. But Tony is there just the same, and will do his usual best to help Mix entertain. The big part of the story hinges on two big auto races. It is comedy too, and of the liveliest sort. Claire Anderson is Mix's leading woman in "The Road Demon."

The cast of "Carnival," the impressive international screen spectacles, produced in its original locales by Harley Knoles, and released by United Artists, is "all-star" in every sense of the word. This wonderful picture will be the feature at the Palace Theatre next Saturday and Sunday.

Flies rob your milk pail. Keep them off your cows by using Fleck's Fly Chaser. Benj. Brown has it. 28tr

PRETTY OUT-DOOR WEDDING

AT HOME OF DR. AND MRS. R. B. ARMSTRONG

Dorothy Alice Armstrong Happily Wedded to George Edward Wantz Wednesday

One of the most attractive weddings of the season was that of Miss Dorothy Alice Armstrong, second daughter of Doctor and Mrs. R. B. Armstrong of this city to Mr. George Edward Wantz, of Oak Park, Ill., on Wednesday, August 10th.

The lawn setting was perfect and the day ideal for this out-door occasion.

Promptly at four-thirty o'clock, to the strains of the Lohengrin wedding march, played by Dorothy Ann Wood, of Chicago, and William G. King of Detroit Symphony Orchestra, the bride party, led by little Dorothy Vandermade, namesake of the bride, approached the improvised altar of gladiolas and cedar.

Bruce Armstrong and Cornelius Wantz, brothers of the bride and groom, stretched the satin ribbons, acting as ushers.

Miss Muriella Oldham, charmingly attired, bore the white satin ring pillow. Gowned in variegated costumes of gold, lavender, green and blue, with argand hats and carrying mixed bouquets chosen from an old fashioned garden, the sisters of the bride, Helen and Phila, and Miss Elizabeth Wantz preceded the bride.

The bride, who was given away by her father, was gown in white canton crepe trimmed in applique lace and wore a tulle veil held in place by a circlet of pearls.

Rev. James A. Smith performed the ceremony which was the full Episcopal service.

The wedding collation was of three courses served to the hundred and fifty guests under the direction of Miss Carolyn, Geiken and Miss Helen Parsons and a dozen girl friends of Miss Phila.

The decorations of the house, lawn and porches were beautiful and were supervised by Miss Marian Parsons and Miss Pauline Markham.

Numerous handbills and costly wedding presents were received by the happy young couple.

The real thrill of the afternoon was experienced when Wally Sheldon, noted air pilot of the Rose-swift Co., flew over this lovely scene and dropped flowers "to Mrs. George Wantz," waving from his airship the host of good wishes, which were heartily voiced many times by the friends assembled, all of whom were life-long friends of the family.

After a two weeks' trip through the East the young couple will be at home at "The Arconne" in St. Louis, where Mr. Wantz is connected with the Victor X-ray corporation of Chicago.

Among the "out-of-town" guests were Mr. and Mrs. J. B. Wantz and family of Oak Park, and Mrs. S. Wantz, grandmother of the groom and Mrs. Strudor, grandmother of the bride and Misses Ralph and Zahner of Saginaw, Mrs. Rouse DeVries and Mrs. Russell Fouts of Grand Rapids.

Miss Dorothy Armstrong, graduated two years ago from the literary department of the University of Michigan and the University School of Music and has recently finished a successful year as head of the literary department of the Potoskey High School.

Mr. Wantz served two years overseas as First Lieutenant and was instructor in the X-ray department with headquarters at Coblenz, after the Armistice.

Mr. and Mrs. Joseph Chant of Wingleton, Mich., announce the engagement of their daughter, Pearl Mary Luella, to Thomas E. Howard of Muskegon, Mich. The wedding will take place in the early part of the spring.

\$320.30 RAISED BY SALE OF TAGS

Residents of Charlevoix Contribute Freely to Cause

Tag Day in Charlevoix for the benefit of the Starr Commonwealth, held Saturday last was a great success both financially and otherwise, and those in charge deeply appreciate the interest shown by our citizens and summer people.

Altogether \$320.30 was realized from the sale of tags and private donations. This is the largest amount raised here during tag sales of previous years, and one hundred dollars of this came from tag sales at the Charlevoix Beach Hotel. The Loeb Farms presented those in charge with \$50.00, the largest private gift.

The boys and girls who sold tags did excellent work and are worthy of special mention. The winners of the prizes offered by the merchants are as follows:

Girls—1st, Dorothy Hooker; 2nd, Benita Bollinger; 3rd, Helen Graves; 4th, Clara Kelderhouse.

Boys—1st, Harold Dutcher; 2nd, Ralph Burns; 3rd, Freddie Kruger; 4th, John Dutcher. A special prize of a pocket knife was given Johnnie Wood, a close second for the fourth prize offered.

LOCALS NEARER THE PENNANT

LARGE CROWD SEE HOME TEAM WIN FINE GAME

Charlevoix Defeats Mancelona by a Score of 5 to 4 Before Season's Largest Crowd

Between nine hundred and a thousand people saw our local ball team defeat Mancelona in a fast game here Sunday afternoon by a score of five to four.

From the first ball to the last neither team had a decided advantage. Shilson for Mancelona and Loomis for Charlevoix pitched good ball, but the latter received better support from his team mates.

Cole, Cartier and Hosford got every ball that went to the outfield. Burden at short made one fine stop which shut off Mancelona runs. Hinkley, behind the bat, caught his usual steady game and held the runners glued to the bases, no one even attempting to steal. Hanna, playing with a badly sprained ankle, handled a number of chances without error.

By defeating Mancelona the local team gains possession of second place in the league race, with a fine chance of being on top at the end of the race. The only obstacle is Boyne City whom we have a chance to act back here on the local grounds Sunday, August 21st.

Charlevoix won two other games outside of the league last week, defeating Bay View by a score of 8 to 7 and Cheboygan here 16 to 8.

Sunday's crowd was the second largest of the year in spite of a cold dark day and game at the K. of C. picnic and at Loeb Farms.

MANY ADMIRE FINE OIL PAINTING

Work of H. H. Betts Making a Hit Among Summer Colony

H. H. Betts of Chicago, an artist who has spent several seasons in Charlevoix, is receiving numerous congratulations on a picture of Mrs. Mary T. Goldman of St. Paul, Minn., which he has just completed.

The painting is excellent, and more than demonstrates Mr. Betts' ability as an artist. The painting is on exhibition in the Inn, where both the subject and artist are being complimented.

The excellent likeness and remarkable color work of this picture is resulting in Mr. Betts' being engaged to reproduce pictures of many of the summer visitors, not only at the Inn, but other summer hotels as well.

Missing Ford Found

A Ford touring car, left standing Monday night on Clinton street near the school grounds, was identified Wednesday morning as having been stolen from the Northern Auto Co., of East Jordan. Sheriff Weaver took possession of the car and returned it to the owners.

Who wants it? Marmion speed model, newly painted, a wonderful car and a bargain. Brown Auto Sales.

AUTOS KILL 176; 63 ARE CHILDREN

APALLING RESULT FROM CARELESS DRIVING

State Official Suggests Special License for Careless Drivers to Curb Accidents

A blazing yellow license plate, with the words "Careless" and "Reckless" in large green letters, to be carried on the front of the car by every automobile driver who has abused his privileges and endangered public safety, is the penalty suggested by Dr. William J. V. Deacon of the Michigan Department of Health as a means of cutting down the number of auto accidents and deaths.

One hundred and seventy-six deaths, of which 63 were children under 15 years of age, were caused by automobiles during the first six months of 1921, reports of the division of vital statistics show. Of this number 127 were males and 40 females, 60 of the deaths occurring in Detroit and 116 throughout the state.

"Each succeeding year sees an increase in the mortality rate from automobile accidents and injuries," says Dr. Deacon, "and each year it becomes increasingly dangerous for children to walk along the streets. Traffic regulations will in time improve and prevent many accidents, but what is most needed now is some adequate punishment for careless and reckless drivers who take the chance of crippling a life to save a minute."

"Fines are not sufficient. A state law compelling drivers, who have been judged careless and reckless, to carry—for a period set at the discretion of the court—some sort of a special license which would label them to the public as careless or dangerous, would be more likely to get results. Public sentiment would then make careless driving unsafe for the careless driver."

BALL GAMES AT LEGION PICNIC

Plans Underway for Wonderful Day of Fun and Frolic

Members of the American Legion are busy making preparations for the big picnic and day of fun and frolic to be staged at North Side Park, Thursday August 15.

Boys and Charlevoix leagues ball teams will meet on the diamond for a good game of ball during the afternoon, and other attractions, possibly a boxing match, are being considered.

Members in charge are trying to get in touch with Vice-President Marshall for speaker of the day. Other speakers of considerable note have already signified their intention of being here, and the speaker list will be one worthy of the occasion.

The details as yet are not completed, but full announcement of the day's program will be made next week.

A Chance of a Lifetime

Next Monday evening you will have an opportunity to spend the most enjoyable evening possible. The occasion is a taffy-pull. The place is the M. E. church. The time is 8:15. The date is August 15, 1921. The host is the Epworth League. The guests are you and your friends. The table is set for you. Be there when your name is called.

Who wants it? Marmion speed model, newly painted, a wonderful car and a bargain. Brown Auto Sales.

BOUNTIES PAID ONLY ON WOOD-CHUCKS AND CROWS

In a letter received by County Treasurer Charles Emrey from the Auditor General's department of the state of Michigan, notice was given relative to the payment of bounties on noxious birds and animals. After August 18th of the present year, no bounties will be paid except on woodchucks and crows. The bounties on these have been reduced from fifty cents to twenty-five cents.

A number have inquired of the county treasurer's office with reference to bounties, but it will be well to bear in mind that after the 18th of this month woodchucks and crows will be the only animal and bird on which any bounty will be paid.

FEWER FARMS THAN IN 1910

BUT LAND VALUES SHOW A BIG INCREASE

Advance in Charlevoix and Emmet More Than \$1,000,000—Annual Statistics

The Potoskey Evening News says: At the beginning of the year 1920 Emmet county had 1,298 farms totaling 125,218 acres, 61,537 of which were improved. One thousand two hundred and seventeen were operated by managers and owners and 81 by tenants. Eighteen were in the hands of colored folks. These facts are taken from the report of the census bureau just received.

The number of farms in 1920 was about 11 per cent less than in 1910 and during that decade the number of tenant farmers decreased about 30 per cent. Values of land and buildings had increased more than \$1,000,000.

This report shows that the number of horses on these farms increased from 2,681 to 2,843 in the decade, and the number of cattle from 7,356 to 9,129. Sheep increased from 1,605 to 2,253, and swine dropped from 4,067 to 2,574. Oats were only about one-half at the end of the ten years as compared to the beginning, and corn dropped from 108,073 to 86,169 bushels. Rye increased and hay jumped from 6,777 tons to 15,132.

The number of farms in Charlevoix county decreased about the same as in Emmet, the figures being 1,460 and 1,306. Total acreage increased from 127,025 to 134,723, and improved from 61,587 to 64,744. Value of land and buildings jumped from \$3,098,595 to \$4,780,680. Horses increased in number, and so also did cattle, but sheep dropped from 5,000 to 3,985. Swine decreased. The potato output was less by almost 50,000 bushels but hay nearly doubled. Oats and corn were less.

Cheboygan county farms decreased from 1,499 to 1,186, and total acreage from 120,418 to 127,197. Land and building values rose from \$2,662,000 to \$4,031,000, and cattle, sheep and horses increased while other domestic farm animals decreased. Oats and potatoes suffered a heavy drop, but rye and hay almost doubled in output.

Kalkaska, Wexford, Mackinac, Grand Traverse, Antrim and Alpena counties show big increases in value of farm lands and buildings, the two last counties named being almost double. All show fewer farms in 1920 than in 1910.

LEG BROKEN IN AUTO ACCIDENT

Heavily Loaded Dodge Delivery Car Turns Turtle

An auto accident occurred on the Charlevoix-Potoskey road last Monday afternoon, which resulted in Henry Coon of this city receiving a broken leg, besides other bruises, and the car being somewhat damaged. Coon has been in the employ of Arthur Bateman, who is operating a truck line between Charlevoix, Potoskey, Boyne City and East Jordan. He was on his way to Charlevoix with a heavy load of freight, some 2,700 pounds, and in turning out to allow a car to pass, turned completely over.

The accident happened near the Portland Cement Co.'s holdings, and the injured man was taken to the Potoskey hospital for medical aid. Bateman, who was with him, escaped without injury.

Marriages Licenses

August 3—Ernest Dietz, age 23, Boyne City; Lavina O'Neill, age 19, Boyne City.

August 6—Geo. Bennett, age 20, Flint; Lillian Guild, age 21, Charlevoix.

August 8—Allie Moore, age 37, Charlevoix; Alma Schrek, age 37, Cincinnati, O.

George Edward Wantz, 24, Oak Park, Ill.; Dorothy Alice Armstrong, 24, Charlevoix.

Martin Harju, 21, Newberry; Anna Martell, 16, East Jordan.

Who wants it? Marmion speed model, newly painted, a wonderful car and a bargain. Brown Auto Sales.

Two good Dodge touring cars and several Ford touring cars for sale at the right price. Where? Brown's Garage.

ANNUAL REGATTA WEEK OF AUGUST 16

Charlevoix Yacht Club Prepares for Week of Contests

The annual regatta held under the auspices of the Charlevoix Yacht Club is scheduled to take place during the week of August 16, on the waters of Pine Lake.

The regatta held last year was a success in every way, and some of the best and fastest races ever pulled off in this section occurred during the week.

Boats of all kinds from northern Michigan waters are extended an invitation to take part in the many events scheduled. The first contest sailing races, are scheduled for August 16, at 10:00 a. m., August 17, at 2:30 p. m., August 18 at 10:00 a. m. and August 10 at 2:30 p. m.

Free-for-all sailing races will take place on August 20 at 10:00 a. m. Canoe, swimming and diving contests on August 20, at 2:30 p. m. near the Pine Lake dock.

Boats of every description are expected to enter into the many contests, and this event will attract hundreds of people from northern Michigan resorts.

LOEB FARMS TAKES TWO GAMES

DEFEAT REED CITY IN GAMES SATURDAY AND SUNDAY

Ransom Makes Five Clouts in Five Times to Bat—Play Frankfort Next Sunday

Loeb Farms took two well contested ball games from Reed City's fast team Saturday and Sunday. Stall, mound man for the visitors, suffered his first defeat in eighteen starts. For the Farms, Sutherland hurled a consistent game, his spitter holding the down-state lads safe except in the fifth inning, when Reed City led with six runs, mainly the result of sun field flies and battery errors.

Freddie Ransom's bludgeon, however, saved the day for the "Aggies," making five clouts in five chances, including two three-baggers with the bases loaded and with two on. Pitcher Stall starred for Reed City.

The score:

1 2 3 4 5 6 7 8 9

Loeb's . . . 1 0 0 1 0 2 3 6 * 13

Reed City . . . 0 0 0 0 6 0 1 0 0 7

Sunday's game was closer, but no more interesting than Saturday's.

Again Reed City led, the score at the end of the sixth being 4-3. Frank Tubbs was pitted against Spismaker in this combat, and speed won out against the spit ball.

Away to a poor start, Tubbs soon settled down, registering his usual number of strike-outs and blanking the opposition in the four final innings.

The score:

1 2 3 4 5 6 7 8 9

Loeb's . . . 0 3 0 0 0 0 0 3 * 6

Reed City . . . 2 0 1 0 1 0 0 0 4

Loeb Farms will meet Frankfort on the home diamond next Sunday, August 14. Game called at 2:30 p. m. The game should be close.

AEROPLANE MAKING DAILY FLIGHTS

Flying is Fast Becoming Popular Among Charlevoix Residents

The new aeroplane, "Charlevoix," owned by the Rosewift Co., of Grand Rapids, and piloted by W. S. Young, arrived last week and has since made several flights daily, carrying passengers.

The "Charlevoix" is a new machine, of two passenger capacity, and presents a beautiful sight sailing through the air at the high speed it travels.

Among those who have made flights during the past week are Eleanor Donnelly, Adolphus Allard, A. J. Rafferty, L. Bourison, Thomas Edwards, John Rowe, W. J. Saunders, J. M. Saunders, E. O. Block, Anna DeKraker, Helen Boss, Edd Pierce, Ed. Klooster, Richard Hammett and Arthur Weststaff.

First Church of Christ, Scientist Sunday service at 10:45 a. m. subject, "Soul."

Sunday school discontinued until September 11th.

Reading room open Tuesday, Thursday and Saturday, 2 to 5 p. m.

Just given them air the mileage is there if it's a Mason. At the Charlevoix Co-Operative Association. 32tf

INVEST IN GOOD ROADS

BUILD PERMANENT ONES AND SAVE UPKEEP

"Uncle" Gen. H. VanPelt Explains Why Concrete Roads Have to Be Dynamited

After one year of patient waiting and three years of daylight and darkness, rain and hail, mud and snow, we are informed that the good concrete road between Charlevoix and Potoskey is at last finished and will be ready for use in two weeks (all concrete roads should be properly protected and stand three weeks before being used).

At the same time we are informed that owing to a mistake made on one of the curves, about 20 feet of the road will have to be dynamited, re-engineered, newly-laid, re-graded and new cement laid in this stretch. This means we will have to detour four weeks longer. Why didn't they give the job to the Chiesgo contractor. It would then have been all finished in the fall of 1919. The correction of this error will cost between eight and nine hundred dollars, we are told, besides the inconvenience of the delay.

Blunders like this, we suppose will happen, and it only proves the statement I have often made—that the present system of road building is wrong. Not only wrong, but is costing the taxpayers of Charlevoix more hard earned cash than it ought to.

Not only this, but it is a reminder that we have six hundred thousand dollars invested in our county roads and all we have to show for it is about ten miles of concrete road, some 50 miles of grading and the same number of miles of "gravel trail," nearly all of it in immediate need of expensive repair work. Some of it may even have to be rebuilt.

In all probability these 50 miles will be rebuilt of Gr. and S. S. (gravel and soft stuff). Then again comes the work of repairing and the accompanying expense. This upkeep (absolutely necessary where roads are built of gravel) will go on forever, or until we build permanent concrete roads.

The dynamiting of the 200 feet of road on the Charlevoix-Potoskey concrete road, where the error took place, should be a lesson to the taxpayers of Charlevoix county. Did you ever hear or know of an instance where it was necessary to dynamite a gravel road? No, you never have where it was necessary to rebuild it. And probably you never will.

The very fact that it was necessary to dynamite this piece of road proves that roads built of concrete are PERMANENT. This concrete was only laid a few weeks ago and yet it was so strong that when a charge of two sticks of dynamite was exploded, it only scaled off a piece (Continued on page 8)

LITTLE RED ANTS START PANIC IN MICHIGAN HOMES

A peril threatens the Michigan home. It isn't uncensored movieies this time nor the divorce court. It's the little red ant, says a news story sent out from the Michigan Agricultural College.

The invasion seems to be statewide, for complaints are pouring in at the office of Mrs. Louise M. Campbell, of M. A. C., state home demonstration agent leader, from every section of Michigan. Housewives are frantic as a result of the invasions of the thousands of tiny insects. Of course the family may dodge the pest by going to the seashore, but that doesn't prevent these unwanted guests from multiplying and obtaining a still firmer hold in the domicile. And it's too costly to burn the house down.

But, curiously enough, the remedy is to induce the ants to efface their own colonies from the neighborhood. R. H. Pettit, professor of entomology, of M. A. C., has this to say: "In order permanently to rid a dwelling of these nuisances it is necessary that their nests be destroyed and the easiest way to destroy these nests is to induce the ants themselves to do the work for you. A mixture of tartar emetic and extracted honey seems about the right combination. It kills the ants eventually but not quickly enough to hinder their getting back home and destroying their nests."

CORRESPONDENCE

CLARION

Charles Hiss has purchased a new car.

James Milne has purchased the O. V. Hally house.

Miss Blanche Perro has returned to her home at Marion.

Mrs. Violet Irish went to Traverse City on Friday.

Mrs. Rose Hunt was taken to Petoskey Hospital on Monday.

Mr. and Mrs. Charles Hiss were East Jordan visitors one day last week.

Little Doreen Banks visited friends in Harbor Springs for a few days.

James Flashman of Walloon Lake has suffered another stroke of paralysis.

A. E. Greenhoe is in Charlevoix this week as a juror from Melrose township.

Carl Hinkley left Friday for Detroit where he will visit his sister, Mrs. Glenn Plank.

Mr. and Mrs. Hunt, Mr. McIntyre and Charles Geyer were in Boyne City Saturday evening.

Sterling Tire Shields

save their cost in a short time. They are molded over tire forms. Sterling Tire Shields will increase your mileage one-third. They eliminate blow-outs, and are 90 per cent puncture proof. Sterling Tire Shields are not common reliners but are made of triple twisted cord and may be used over and over again in several casings.

Sterling Tire Shields are not sold through garages or tire dealers, but through duly appointed salesmen who sell only direct to auto owners. Such concerns are not interested in selling a high grade tire shield. You can guess why.

SOLD BY

C. B. Sheldon
301 Ferry Ave. Charlevoix

Best Ever LAUNDRY TABLET

A wonderful new discovery. "Makes a play-day of wash-day." Contains no wax, lime, lye or potash. Will not injure the finest fabrics.

Best Ever Products Co.,
Petoskey, Mich.

Gentlemen:
I have tried your Best Ever Laundry Tablets and like them very much. Would like to know where I can get more.

Yours truly,
Mrs. _____

Best Ever Laundry Tablets are now on sale at most groceries and at McHugh's Bazaar. If your nearest dealer doesn't handle them write us and we will mail you a free sample sufficient for one washing.

Directions—Soak clothes first and soap soiled spots. Into half a boiler of water slice a half bar of soap and add two tablets. Little or no rubbing will be required according to how soiled the clothes are. Blueing is unnecessary.

Try half a tablet in your dish water and watch results.

"Once Tried, Always Used"

Best Ever Products Co.
PETOSKEY, MICHIGAN

Miss Violet Johnson has returned home from Marquette where she has been attending school.

Mrs. Younce was called to Petoskey on Monday by the serious illness of her daughter, Mrs. Inez Norton.

Miss Marion Griswold has returned from a brief visit with Alma friends. She was accompanied by her aunt, Mrs. Violet Irish.

Joe Turnick who has been the guest of his uncle, W. G. Weaver, and wife has returned to his home in Bremen, Ind.

Mr. and Mrs. Clarence Budd of Marion visited Mrs. Budd's parents, Mr. and Mrs. G. W. Taylor for a few days this week.

The two year old daughter of Mr. and Mrs. William Connell died Saturday and was buried Monday in the Boyne Falls cemetery.

Mr. and Mrs. N. C. Griswold motored to Traverse City Saturday evening returning on Sunday. Miss Violet Irish returned with them.

A party of young people, F. Regan, Mark Milne, Emrey Fuller and the Misses Myrtle Taylor, Lois Milne and Rose Lewis were Wolverine visitors Saturday evening.

There is much sickness among the children here. Kenneth Milne, Laurence Milne, Doreen Banks, Carl Hinkley, Lina Hime and little David Kent were all sick last week.

The school board has secured the services of Mrs. Loretta Johnson as teacher for the grammar grades and Miss Thayer of Boyne City as teacher in the primary department. School will commence on September 5th.

Mrs. Mary E. Long, wife of O. P. Long, died suddenly at Bay View on Saturday of heart trouble. Mr. and Mrs. Long have been residents of Clarion and vicinity for many years.

The fly is the biggest menace to life—human and animal. Fleck's Fly Chaser will protect you. Get it from Benj. Brown.

IRONTON

Miss Elsie Ward, who works in Charlevoix was home on a week's visit.

Miss Eva Brown who is working in Charlevoix was home on a week's visit.

Mrs. Lee Barnum returned Saturday from Cadillac where she has been visiting.

Mr. and Mrs. Metz of Charlevoix moved on the Vaughan Orvis property on Pine Lake.

Miss Shirley Webb of Boyne City spent Thursday with her grandmother, Mrs. Henry Webb.

Mr. Barnum, manager of the Breezy Point farm says he has the best corn in the county.

Mr. and Mrs. Jerry Saunders left Tuesday for Chicago to visit friends and at St. Charles they will visit Mrs. Saunders' sister, Mrs. Johnson.

Ed. Williams and family from Chicago are visiting Mrs. Williams, Alfred Williams, Mrs. Tumath and Mrs. McMullen.

Mrs. Joel King of Lansing spent two months visiting friends in Ironton. She has gone to Ozark, Mich., to spend some time with her daughter, Mrs. Dell.

Mrs. Harris and daughters, Edith

\$100 Reward, \$100

Cataract is a local disease greatly influenced by constitutional conditions. It therefore requires constitutional treatment. HALL'S CATARH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system. Druggists 75c. Testimonials free. F. J. Cheney & Co., Toledo, Ohio.

and Elizabeth and Mrs. Leveton and children of Oak Park, Ill., are spending the summer in the Riffenburg cottage. Mr. Harris recently bought that property and is having it repaired by Will Webb of Boyne City.

Get prices on Mason Tires. They will surprise you. Charlevoix Co-operative Association.

NORWOOD

William Janette spent Sunday at home.

The Misses Thompson of Chicago are occupying their cottage here for a couple of weeks.

Mr. and Mrs. Henry Wagner of Charlevoix visited at the home of F. E. Richardson Sunday.

Several from this vicinity attended the barbecue at Ellsworth, Thursday and all report a good time.

Mrs. Albert Beattie and Mr. and Mrs. John Beattie of Barnard called at the F. A. Swartout home Sunday.

Mr. and Mrs. John Racignol and two children of Petoskey are visiting at the Merrill Richardson home.

Mr. and Mrs. George Light of Charlevoix called at the Floyd Wagner and F. E. Richardson homes Sunday.

The ball game between Norwood and Atwood Saturday, resulted in Norwood's defeat by a score of 17-20.

Mrs. Crosby and son, Howard and Mrs. Crosby's mother, Mrs. A. Miller, of Chicago are spending a couple of weeks at their cottage here.

There were twenty-six present at church and Sunday school Sunday. We would like to see you all again next Sunday and bring someone with you.

Miss Grace Stafford accompanied Mr. and Mrs. A. Stafford, Mr. George Parsons, and children and Mrs. Morehouse and Samuel to Boyne City Sunday of last week.

Mason Cord Tires and Heavy duty tubes at the Charlevoix Co-operative Association.

BAYSHORE

Mrs. Fred Long returned to her home in Jackson, Sunday evening.

Mrs. Ida Rush came up from Detroit for a visit with her daughter, Mrs. Wm. Gregory, Jr.

Mr. and Mrs. Arlo Crites and baby returned to Jackson after a week's visit their parents, Mr. and Mrs. Wm. Gregory, Sr.

The community picnic was voted a complete success in spite of the sudden downpour of rain which sent everyone into the church for shelter. The program was continued under cover while waiting for the ground to dry. Senator Baker declared rain was in his favor.

Married at the residence of Rev. Weaver of Petoskey, Friday, August 5, George Blair of Hayes township and Miss Freda Kebo of Resort township. They left for Muskegon by auto Saturday, August 6, where Mr. Blair expects to work at his trade.

Rev. Alexander of the Presbyterian church of Bayshore is taking a vacation through the month of August. In his absence there will be preaching at the church by different ministers. Rev. Guyer of Horton Bay filled the pulpit August 7, preaching a good stirring sermon. All who missed this service missed a rare treat.

DEER LAKE

(Too late for last week)

Mr. and Mrs. H. W. Grutsch drove to Bear Lake Sunday to visit relatives and friends.

Miss lone Barber returned to Belding this week after spending her vacation with her parents, Mr. and Mrs. T. S. Barber.

Mrs. Ernest Haney and son returned to their home at Bear Lake Sunday after visiting her brother and sister, Bert and Sidney Lumley.

Matt Hardy is having an addition built to his house. His brother Elmer Hardy of Big Rapids is doing the carpenter work and Will Gould the mason work.

Forty samples of milk were tested at the Farm Bureau meeting at Afton last Wednesday evening. The following officers were elected: President E. S. Brintnall; Vice-Pres. T. S. Barber; Secy.-Treas. Sidney Lumley; delegate number one, Otto Kurnert; delegate number two, A. R. Nowland. At the next meeting which will be held the last Wednesday of August, feeds and feedings will be discussed.

BARNARD

These cool days remind us that summer is nearly over.

Miss Ellen Gornell visited at Howard Gornell's on Monday.

Mrs. James Mobio and son Harry of Chicago are spending their vacation at the home of Wm. Burns.

Mrs. Joel King of Lansing and Mrs. Hugh King and children of Ironton visited at the W. Burns' home.

Miss Maud Shapton spent a few days in Bay View the first of the week, taking advantage of the special music and lectures at the assembly.

Circulation counts—we have it.

A BELATED GIFT

By JENNIE LITTLE.

(© 1921, by McClure Newspaper Syndicate.)

The sun enveloped the great hospital that 26th day of December as if determined to transform its grim walls and quiet corridors, with their suggestions of dread and pain, into chambers of hope and victory. The youngest doctor on the staff, teasingly dubbed the infant by his older colleagues, rounded a corner and bumped squarely into a pile of fresh linen, carried by the youngest nurse.

"A thousand pardons," he cried jovially. "Christmas has gone to my head, as usual. The top of the morning after to you, Miss Rutledge. Gee! I love the whole world today, even the cranky old dowager in room 3.

"Because why? The only girl said 'Yes,' last night, and in three months more, no lonesome bachelor quarters, but a little 'Home, Sweet Home,' for mine. Gee! Isn't it a grand and glorious feeling? Did you get both your stockings full, as you deserve?"

He stopped suddenly, for the little nurse was winking with all her might to keep back the tears.

"All we nurses," she said soberly,

"agreed to give all we could spare to the Red Cross and Salvation Army instead of buying presents for each other, so my stockings hung all limp and lank, for I have no other friends in the city. I am truly glad for you, Doctor O'Connor," and she hurried away.

Later, detailed for special duty in room 5, Nurse Rutledge walked softly to the bedside and laid a plying hand above the bandaged eyes, for she couldn't seem to harden her heart against suffering, as they told her she should to make a success. "Medicine time," she announced cheerily; then caught her breath as if icy water had struck her, and went all trembly, like a little popular leaf in a storm.

"Kit!" cried the patient, half imploringly, half ludicrously. "Little Kit! Answer! Is it you?" and with his free hand tried to tear the bandage off.

"Mr. Rand, don't risk your sight!" she begged in horror. "Oh, why did I ever come here? How did you get hurt like this?"

The one good hand had found her now and held her helpless prisoner.

"Kit, why did you run away? Every day since I have been searching, but couldn't uncover the ghost of a trail. This morning a little kid was out trying his Christmas sled and shot right in front of a loaded truck. He wasn't hurt but I got a broken arm and leg, and something happened to my eyes.

"The only thing I minded was to be delayed in finding you, and after all it led me straight where you were. Wonderful! Now tell me something or I shall raise a riot and bring down everlasting disgrace upon the rules of this hospital. What was the trouble?"

She gulped hard, for the words tried to stick in her throat unspoken.

"Your Cousin Nora told me, that day you went to Chicago, that it was outrageous for my father to saddle you with the care of me, at my age, and everybody knew it was just a scheme to get you for my husband instead of guardian. And she said that your mother, though she was so good to me, had long ago set her heart on having Nora as her daughter-in-law and I would make her very unhappy if I was the cause of trouble between you. So just because I loved your mother—and you—so much, and because I was ashamed, I ran away."

"Oh, woman, woman," growled the man. "I always knew she had hid sharp claws under that soft fur, but I didn't think she would stoop to cattiness. And you believed them! Have you been happy away from us, foolish little girl?"

"Not a single minute," she confessed, "and sometimes I have almost given up and asked you to take me back again. I've washed floors and helped at terrible operations and the only thing that carried me through was the thought of doing it for your good."

"Kit," said the man, "in my coat pocket is a ring which I have carried ever since I came from Chicago, thinking to put it on your finger that night. Will you find it for me, please, and let me put it there now? And as soon as I am mended, will you marry me, and take me home? Mother is longing for you. The first week you came there, she told me that nothing could make her happier than to have you for a daughter."

"But Nora," said Kit, perplexedly. The patient laughed.

"It was only a case of the dog in the manger, dear. Besides, she married rich old Ezra Lakeman a month ago. Are you bringing me the ring? Must I get up a temperature before I am obeyed? And listen. A normal man, being engaged, is entitled to a kiss, but a man who is down, with only one leg, one arm and no eyes, gets two, without being charged with profiteering."

When Doctor O'Connor entered the room, the nurse was industriously studying a chart, but in her eyes were a thousand dancing lights, and in her cheeks the hints of the trailing arabesque, while happiness seemed to radiate from the patient, splints, bandages and all.

"Feels like the spirit of Christmas, continued," he remarked tentatively. "Might you are," said the patient. "I searched for my Christmas gift for weeks without success, and found her the day after, as soon as I was blindfolded. This is a great old world, isn't it? And the doctor echoed understandingly. "Right you are!"

INVEST IN GOOD ROADS

(Continued from page one)

about as large and as thick as a man's hand.

Do you realize that the center of the concrete road on Dixon avenue, Charlevoix, shows only three-thirty-seconds of an inch wear and it has been in constant use for about 12 years? And during the first four years after it was laid heavy wagons with iron tires were driven over it night and day. This should be convincing proof that concrete wears and roads built of it are permanent.

Now the question arises: "If it takes 12 years to wear three-thirty-seconds of an inch, how long will it take to wear one inch? Answer—128 years."

Taxpayers, think of this. No one has been able as yet to tell how long a good concrete road will last. But the above mentioned experience should prove a boomerang for GOOD CONCRETE ROADS. Age adds to the value of concrete. This is an additional credit.

A contract, I understand, will soon be let for the building of about 12 miles of road south of the city, on the Dixie Highway. I advise the

building of a sixteen-foot road, nine feet of concrete and the balance of gravel. Then if at any time we should desire to widen the road, the gravel can easily be scraped aside and the road widened to 16 feet with concrete. This method of road building is used in practically every state in the union. Build of concrete if but nine feet in width. The gravel shoulder will give the necessary width and will not be used as much as the concrete, which will stand up under the heaviest of traffic. Get the habit of building roads of concrete and do away with the present upkeep expense of gravel roads.

Below I submit a report on the cost of two kinds of roads from Charlevoix south on the Dixie Highway to the Antrim county line:

"The comparative costs of a 16 foot gravel road and a 9 foot concrete road on the State Trunk Line Road from Charlevoix south to the Antrim county line resolves itself into a comparison of the cost of concrete and gravel. The cost of concrete is \$13,509.60 per mile and the cost of gravel is \$17,404.80 per mile."

"This is true for the reason that the amount of grading and the drainage structures will be the same regardless of the type of surfacing used. This cost of grading and drainage structure may therefore be omitted in a comparison of the cost of the two types of road."

"At the road letting on August 3 in Traverse City, a bid of \$2.16 per

square yard of concrete pavement was received from a responsible bidder on the two miles of concrete road.

"The gravel situation here is similar to that at Traverse City, that is local gravel can be obtained. Therefore \$2.16 per square yard or \$11,404.80 per mile is a fair estimate for a 9 foot concrete slab. Then if we add \$6,000 per mile for grading and drainage the total cost of the road would be \$17,404.80 per mile."

"At \$8.80 per square yard gravel surface a 16 foot gravel surface would cost \$7,509.60 per mile and adding \$6,000 for grading and drainage gives a total cost of \$13,509.60 per mile."

"The difference between the above costs per mile is \$3,895.20, that is the 9 foot concrete road will cost that much more than the 16 foot gravel road."

This means that the county will pay 20 per cent of \$3,895.20, amounting to \$779 per mile, and the state and federal aid will pay 80 per cent, amounting to \$3,116 per mile, for concrete road. Which is the best proposition for us? Concrete or gravel. And how long will the difference of cost between gravel and concrete last when the yearly upkeep of gravel road is taken into consideration?

The above report was made by a highly competent engineer who is well qualified to do the work, and whose reputation for ability and honesty is unquestioned.

Yours for Good Roads,

"Uncle" Geo. H. VanPelt.

"It makes me laugh when I see a big truck of soft stuff going to a place where a gang is building a so-called road. If they can soak the county for a big sum they put in a lot of it, if not they take what they can get, but the results are all the same. It is like giving a horse with 'wheezes' a thimbleful of goose grease, or like buying a pint of oil to run a car across the continent or like a drop of castor oil to physic a man."

Get prices on Mason Tires. They will surprise you. Charlevoix Co-Operative Association. 32tf

AT THE MOVIES

Coming to the Palace Theatre next Saturday and Sunday, Charlie Chaplin in "The Kid." Six reels of joy.

"The Kid" which will be the attraction at this theatre next Saturday and Sunday is the most striking venture of Charlie Chaplin into the field of six-reel attractions. The production is about three times the length of the comedian's previous pictures and is considerably more than three times funnier than anything he has ever done. The story has a real plot, and the humor is caused by situation in a real story and is doubly laughable because of the comical antics Chaplin can always be counted upon in any situation.

Do not depend on anyone else to tell you about it. You won't be able to understand them because of the laughing memories it will cause.

Dorothy Phillips in "The Right of Happiness" coming to Majestic Theatre next Saturday and Sunday.

Into the Jewish quarter of the old St. Petersburg of nineteen years ago swept a horde of bloodthirsty Cossacks. With sword, rifle and torch they slaughtered the inhabitants and burned their homes, not even sparing the residence of Andrew Harcastle, an American millionaire. They killed the Jewish nurse of Harcastle's baby twin daughters and caused the separation of the children. When Harcastle returned from a business trip next morning, he found his paternal home a mass of charred and smoking ruins. One of his baby treasures was gone.

With bitter hatred in his heart he went to America and became a money-mad power, despising his fellow-man, seeking only to extract the last drop of blood from his workmen and extort the last farthing from their pay. His daughter was reared in idleness and luxury caring only for herself. Her chief amusement was toying with a maddled lover.

But what of the lost baby? Adopted by a Russian family, she was reared in radicalism. She loved humanity with a love so overwhelming that she knew not how to direct her deeds. She became a radical leader, an agitator, a little comrade of the nihilists, and as such was sent to America to sow the seeds of unrest and discontent. And at length she led an angry half-crazed mob against the home of her own father.

Such is one of the dramatic elements on which Allen Holubar has created "The Right of Happiness," his last super-production featuring America's great emotionalist, the radiant Dorothy Phillips. In it is told the world's greatest love story. See it all at the Majestic Theatre.

DAIRY POINTS

SWINGING CHURN IS FAVORED

Durability of Homemade Device Is Measured in Terms of Half a Lifetime.—Cost Is Small.

Consult your tinsmith, follow the specifications as outlined by Miss L. Dorman, a farmette of Mississippi, and the results will be a swing churn—a product that is at once new, sanitary, and a labor-saver. It is a homemade device, its durability is measured in terms of half a lifetime, and the cost is negligible.

For a churn of two and one-half gallons capacity, obtain a heavy quality of block tin and shape it in an 18-

This Easily Made Swing Churn Is Merely Shoved Back and Forth When It Is Filled With Cream. It Is Quickly Cleaned and Keeps Out All Dust or Dirt.

by 20-inch square. Place it on 2-inch legs, arrange a handle for each end as propellers, and carve a 6-inch opening through the top for pouring the cream.

The covering to the opening fits snugly on the inside, like an old-fashioned bucket lid. A substantial wire handle is soldered at each end of the churn, with a ring in the center. One end of a cord is passed through the ring and the other fastened to another ring, or hook, in a beam overhead.

Ready for operation, the swinging device can be adjusted to any height. A small child can operate the churn, which is shoved back and forth. The sudden impact of the cream against the churn affords the friction for making the butter.—S. H. Winters in Popular Science Monthly.

If you want your cows to produce milk, keep the flies off them. Use Fleck's Fly Chaser. Benj. Brown. 28tf

Sparks and Bathrobes.

In lighting a match when wearing a bathrobe, be more than ordinarily careful, as a spark will set the surface of the robe blazing with the rapidity of an explosion.

The fly is the biggest menace to life—human and animal. Fleck's Fly Chaser will protect you. Get it from Benj. Brown. 28tf

THREE-CENT POSTAGE

It is reported that congressional leaders, casting about for taxation schemes to produce additional revenue, are thinking of restoring the three-cent rate on first class mail that prevailed during the war.

The public has supposed that the three-cent stamp had disappeared for good. It was of doubtful utility, even during the inflated period when everybody had money. It seems still more doubtful now, when business is in the doldrums and when everybody realizes the desirability of getting costs as nearly as possible back to normal.

An immense amount of this country's business is transacted by mail, and the postage bills of most business institutions are a big item. It is no light thing to increase them 50 per cent just at a time when all expenses are felt seriously, and when business men are putting forth special efforts for a revival of trade. The psychological effect, too, of such a move would probably be had. There could be no more effective way of impressing the general public with the heavy tax burdens the country has to bear. That is a step backward. What the public needs is a new, constructive spirit of freedom and enterprise.

It is doubtful whether the government itself would profit much directly, because of the discouragement that higher postage would offer to the liberal use of the mails. Indirectly there would almost certainly be a loss in revenue, through the shrinkage of business done and the corresponding decrease in taxable profits.

"SUPREME GUIDANCE"

"The men and women who came here to found in a wilderness, across a thousand leagues of ocean waste, a new state, came with a high and conscious purpose of achieving a great human end. Out of their voluminous letters, memoirs, public records and historical writings we constantly get the impression of their deep conviction that they had been called as divine instruments to accomplish a work of supremest significance. Some have seen in this nothing more than the basis for an indictment on the ground of zealotry, bigotry, even fanaticism. But bigotry, extremism, fanaticism, never found their fruition in noble ends achieved, in freedom, established, in mankind emancipated, in great states raised up as guardians of unshackled thought and unchained souls. We will find no philosophy based on such unworthy assumptions which will explain the miracle that was here performed. We will have to look higher, to see more clearly, to deal more fairly with human nature, to estimate more generously the purpose of those whose generations of men have honored. No merely human philosophy is capable of explaining such marvels as these. But, when we lift our eyes we will recognize the supreme guidance, the divine inspiration, which alone could have wrought these ends."—President Harding at Plymouth.

WILL HE ACCEPT?

It is rumored that General Leonard Wood will be tendered an appointment as Governor General of the Philippines upon his return to this country, and that he will accept. It is expected that his present

tour of investigation of conditions in the islands will be ended and that he will be home in September, before which time no action will be taken toward the appointment of a new Governor General. Should General Wood receive and accept the appointment, the Philippines would be assured of one of the most efficient administrations in the history of the territory.

FAST CUTTING EXPENSES

Secretary of War Weeks announces that by July 31, the personnel of the Army will have been reduced to 150,000 men, as required by the recent Act of Congress. It had not been expected that that figure could be reached before October, but such have been the applications for discharge, that the earlier date will see the Army within the maximum size provided by law.

A HAPPY MEDIUM

Importers declare that the tariff duties on cotton textiles carried in the Fordney bill are too high, and the domestic textile men declare they are too low. So they may be just about right.

Washington Post—"Made in America" will get a new boom from the Republican safe and sane tariff.

Looks as though the business pendulum is at the bottom and is beginning its swing upward.

Save the cow and horse by using Fleck's Fly Chaser. Benj. Brown has it.

FARMERS' RALLY FRIDAY, AUGUST 19

Regional Grange Meeting to be Held Here in City Park

A big farmers' rally in the form of a regional grange meeting under the auspices of the state grange, will be held in the city park, Charlevoix, Friday, August 19.

A conference of grange officers will be held at 11:00 a. m. conducted by State Master A. B. Cook and State Lecturer Dora H. Stockman. Everybody holding a grange office of any kind should attend this conference to get ideas and formulate plans for building up their grange.

State Master Cook will preside at the afternoon program. State Lecturer Mrs. Dora H. Stockman and someone from the National Grange will be speakers. Music and entertainment will be interspersed.

At 4:00 o'clock a ball game and other sports will round out a day devoted to sociability, education, feasting and recreation for farm people.

The Best Yet

The Epworth League meetings this summer have been full of pep and helpfulness. The church has been comfortably filled every evening. Miss Charlotte Rathert of St. Louis, Mo., has charge of the League next Sunday evening. Miss Rathert is a student at the University of Washington. The League is fortunate in securing such a helpful and capable leader. She has a message you can't afford to miss. Special music has been arranged. Come and take advantage of this rare opportunity.

A silver-tongued orator seldom objects to exchanging gold for his silver tones.

If you're hard-hearted, you will impose upon others; if kind-hearted they will impose upon you.

APPOINTED TO STATE OFFICE

Commissioner, Stewart Now State
County Normal Supervisor

A letter from Com'r May L. Stewart to County Clerk Richard Lewis, Wednesday, from Lansing, stated that she had been appointed State County Normal Inspector, and was sending in her resignation as Commissioner of Schools of Charlevoix county.

The appointment comes as a deserved promotion to one of the best school workers that Charlevoix county has ever had. During her years as commissioner, Miss Stewart has worked faithfully for the upbuilding of our rural schools, and she has accomplished much in their advancement. Her work has been commended on various occasions by state officials, and the appointment comes as a fitting promotion.

While her retiring from the supervision of our rural schools is a matter of sincere regret, her many friends in Charlevoix and Charlevoix county join in congratulating her on the promotion.

The Aid Society of the Congregational church will hold a bazaar and baked goods sale in the Legion room Masonic Temple building, Friday and Saturday, August 12 and 13. Ice Cream and cake will be served each afternoon. 3211

CHARLEVOIX NOTED FOR ITS BERRIES

Mrs. George Cook Holds Record for
Largest Blackberries

Charlevoix and northern Michigan has for years enjoyed the reputation of being able to produce the most luscious fruit grown anywhere, especially in the berry line. This fact is most convincingly proven by several samples of blackberries brought to this office by Mrs. George Cook, Sr.

The berries, five in all, average in size 3 by 3 and 15-16ths inches. Mrs. Cook says she brought to us five of an average size, and that she had picked and sold many as large or larger.

The berries are of the Lawton variety and are grown at her home on the north side. The berries are the largest we ever saw, and are sweet and luscious to eat.

CONGREGATIONAL CHURCH

Morning worship with sermon at 10:30. Dr. Vanee of Cincinnati, O., will preach the sermon.

Church school at 12 m. Prayer service and Bible study on Thursday evening at 7:30.

The people of the Jewish faith occupy the church each Friday evening.

The best kind of a "business head" is one that co-operates with a pair of good business hands.

After you are dead, the community will flock in and ask: "Is there anything I can do?"

GIVING OUT

The Struggle Discourages Many a
Citizen of Charlevoix

Around all day with an aching back. Can't rest at night. Enough to make anyone "give out."

Doan's Kidney Pills are helping thousands.

They are for kidney backache. And other kidney ills.

Here is Charlevoix proof of their merit:

Mrs. James Bogart, 903 Bridge St., says: "My back was lame and sore. The irregular action of my kidneys had me all worn out, too. I purchased Doan's Kidney Pills at Hines & Co.'s Drug Store. Doan's cured me in a splendid manner." 60c at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

SPINOLOGY

by John H. Albert, D. C.
Postoffice Bldg.
Charlevoix, Michigan

Appendicitis

Appendicitis is an inflammation or excessive heat of the vermiform appendix, a long, narrow worm shaped musculo-membranous tube. This tube contains glands which secrete a saline fluid which acts as a lubricant to the large intestine. So you see that after all the creator made no mistake in placing it.

The appendix receives its principal nerve supply from the nerves passing through the 21st intervertebral foramen (the opening between the first and second lumbar vertebra). Pressure on the nerves in this region brings about an abnormal expression of heat function to the appendix and is manifested as an inflammation of the appendix or appendicitis.

In appendicitis the chiropractor releases the pressure on the nerves leading to the appendix restoring normal function and where there is normal function there can be no disease, for disease is the result of abnormal function.

The specific adjustment in appendicitis is always the first or second lumbar vertebra and when the impingement is corrected the recovery is rapid.

BURNS FAMILY

HOLD REUNION

Decendents of Late Bernard Burns
Meet in City Park

A reunion of the decendents of Bernard Burns, now deceased, was held Sunday in the City Park with a picnic dinner. Sixty relatives were present.

The out-of-town relatives present were Mr. and Mrs. Ed. Williams and children, Samuel Zipp, brother of Mrs. Ed. Williams, and Harry Noble of Chicago; Mrs. Dell Matchett of Miami, Fla.; Mr. and Mrs. Frank Kaden and daughter, Florida and Mrs. Abigail Kinsella of Boyne City.

Boys Caught Stealing

Joe Thomas, Haynes township resident, heard a noise where he keeps his car when he returned home the other night. Upon investigation he discovered two young lads near the place and that the batteries had been removed from the car. The boys settled for the damage and promised to be good in the future. This should be an object lesson to not only them but others. Some men may not be so lenient as Mr. Thomas.

NEW PALACE THEATRE

Especially Good Attractions For This Week

THURSDAY, AUGUST 11th—Goldwyn presents Reginald Barker's production of "Snowblind." The motion pictures you remember are the ones that make you think. "Snowblind" is such a picture.

FRIDAY, AUGUST 12th—Realart presents Mary Miles Minter in "Don't Call Me Little Girl." You will like Jerry, the little spit-fire heroine of the breeziest comedy of the season. Clean fun for the whole family, including your little girl. Also a Rowland comedy "Hurry West."

SATURDAY AND SUNDAY, AUGUST 13th and 14th—Charlie Chaplin in his super-comedy "The Kid." Written and directed by Charlie Chaplin. You're going to yell when you see Charlie wander through the trials of motherhood. You're going to laugh and laugh as you follow the humorous pair through the comedy on which the world-famous comedian worked for a year. Edna Purviance is in it too, and the Kid is Jackie Coogan, the funniest youngster ever seen on the screen. 6 reels of joy. And Chaplin's in it every minute. Special admission prices of children 15 cents, adults 30 cents. Tax included.

MONDAY, AUGUST 15—Goldwyn presents Tom Moore in "Hold Your Horses." A 100 per cent comedy picture. And the best acting Tom Moore has ever done. And the best picture he has ever made. Also a Hearst News Reel.

TUESDAY, AUGUST 16—Realart presents Wanda Hawley in "The Outside Woman." Dorothy, bride of a month, couldn't see why hubby had to tear himself away to work. Probably he wouldn't have gone if he had foreseen all the excitement his gentle bride was going to stir up in that apartment during his absence. See Wanda Hawley, the daintiest of stars in the merriest of domestic comedy. Also a Hearst News Reel.

WEDNESDAY, AUGUST 17th—Metro pictures presents a special all-star cast in "Hearts are Trumps." Also a Mutt and Jeff cartoon, "Watering Elephants."

COMING—Saturday and Sunday, August 20 and 21; Jackie Coogan the star in "The Kid" in "Peck's Bad Boy."

THE MAJESTIC THEATRE

SATURDAY AND SUNDAY, AUGUST 13 and 14—Dorothy Phillips in Allen Holubar production "The Right to Happiness." A Universal-Jewell special eight-reel picture. The picture you will never forget. 5,000 people; eight great acts. A city built and burned. And the screen's greatest emotional actress, Dorothy Phillips, the star in "Heart of Humanity." See

this one. It's amazing, wonderful, inspiring, beautiful. Nothing ever filmed like it. All star cast.

WEDNESDAY, AUGUST 17th—Select pictures present Eugene O'Brien in "Broadway and Home."

COMING—Saturday, August 20; Tom Mix in his latest picture "The Big Town Round Up."

GREAT BELL AND HARMON FURNACES

PIPE AND PIPELESS

These furnaces are designed and constructed to heat your home in a satisfactory manner. We are prepared to furnish everything required to install these furnaces complete, including registers, pipe fittings where piping is needed to separate rooms.

THE BELL PIPELESS FURNACE

This furnace is constructed especially to be used without hot air pipes. It embodies the latest principles of furnace making and is guaranteed to heat your home to a temperature of 75 degrees. We offer you a proposition of satisfaction or your money back.

If you are interested in a new heating plant, drop me a card or phone me at Charlevoix.

COUNCIL PROCEEDINGS

Council Chamber, August 8, 1921
The Common Council of the City of Charlevoix met on the above date Alderman Geneit President of the Council presiding. Ald. present, Bergeon, Geneit, Hamilton, Levinson and Wood.
Minutes of meeting held August 1, 1921, were read and approved.
Moved by Ald. Wood seconded by Ald. Bergeon that the Clerk be instructed to issue duplicate of check No. 17373, \$105.00 to Obenchain Beyer Co., and stop payment on the original. Motion carried.

Moved by Ald. Levinson seconded by Ald. Hamilton the adoption of the following resolution:

Resolution

East Upright avenue sewer district No. 28.
Resolved by the Common Council of the City of Charlevoix that the bid of Henry D. Marshall to construct a sewer in that part of East Upright avenue lying between May street and Alice street in said city in accordance with the plans and specifications therefore now on file in the office of the City Clerk, be accepted and the Mayor and City Clerk be authorized to enter into contract with the bidder in accordance with the terms of the bid, such bid being the lowest bid received therefor.

Resolved further that the estimate of the cost of such construction be amended to read in the sum of one thousand three hundred thirty-one dollars such amended estimate to include the cost of supervision, inspection and expenses of proceedings.

Resolved further, that the cost of construction of such sewer according to such amended estimate be borne and defrayed as follows:

First. That one sixth of said cost namely the sum of two hundred twenty-one dollars and eighty-four cents be borne and paid out of the general sewer fund of said city.

Second. That the remainder of such cost, namely the sum of one thousand, one hundred nine dollars and sixteen cents be borne and paid by the owners of lands and premises abutting on either side of said street according to benefits, to be met by a special assessment on said lands as provided by law.

Resolved further, that the Board of Special Assessors of said city be and hereby are instructed to make and spread a special assessment of said sum of eleven hundred nine dollars and sixteen cents upon the lots, parts of lots, lands and premises abutting on either side of the part of said street herein described according to benefits thereto as provided by law, which lands and premises are hereby made and designated a special assessment district for such purposes.

Resolved further, that said Board of Special Assessors meet in the Council rooms in said city on Tuesday, August 9th, at nine o'clock a. m. for the purpose of making such assessment and upon the completion thereof to file the same with the City Clerk.

Resolved further, that the City Clerk be and hereby is directed to deliver to said Board of Special Assessors a true copy of this resolution together with the plans, and specifications for sewer now on file.

Adopted at a regular meeting of the Common Council held in the Council Rooms in said city the 8th day of August, 1921, by aye and nay vote as follows: Ayes, Ald. Bergeon, Geneit, Hamilton, Levinson, and Wood. Nays, none.

Grover Geneit, Mayor, Pro Tem.

Archie Livingston, City Clerk.

SUCCESSFUL MILK CAMPAIGN
Dairy Division Co-operating With State Organizations to Promote Consumption of Milk.

(Prepared by the United States Department of Agriculture)
The dairy division of the United States Department of Agriculture is co-operating in campaigns to promote a greater consumption of milk, and the results so far have been remarkable. Experts of the division co-operate with the extension departments of the state agricultural colleges in organizing the work and securing the aid of local boards of health, boards of education, chambers of commerce, welfare societies, and similar bodies. The work consists of child-feeding demonstrations, lectures, published material, etc. Special work is done in schools, homes and factories.

About 35 campaigns thus far have been conducted in this manner, covering the country from Boston to Seattle. Cities having an aggregate population of over 5,000,000 have had milk campaigns lasting from one to two weeks. Careful reports show that these cities have increased their milk consumption about 10 per cent since the beginning of the campaigns.

Probate Notice

State of Michigan, the Probate Court for the county of Charlevoix.

At a session of said Court, held at the Probate Office in the city of Charlevoix in said county, on the 6th day of August, A. D. 1921, Present: Hon. Servetus A. Correll, Judge of Probate.

In the matter of the estate of Alvine Geneit Polack, deceased, Chillion S. Smith having filed in said court his final administration account, and his petition praying for the allowance thereof and for the assignment and distribution of the residue of said estate.

It is ordered that the 29th day of August, A. D. 1921, at ten o'clock in the forenoon, at said probate office be and is hereby appointed for examining and allowing said account and hearing said petition;

It is further ordered, that public notice thereof be given by publication of a copy of this order, for three successive weeks previous to said day of hearing in the Charlevoix Courier a newspaper printed and circulated in said county.

Servetus A. Correll, Judge of Probate. 3213

Ellsworth Section

ELLSWORTH

Mrs. E. A. Dean is spending the week with relatives at Petoskey. Little Billy Moon is spending the week with his mother at Traverse City.

A. H. Hemstreet of Bellaire was an Ellsworth visitor on Tuesday of this week.

Mr. and Mrs. Henry Black entertained the former's father from Charlevoix several days last week.

Benjamin Reed of the East Jordan firm of Reer and Graft was in town on business on Monday of this week.

F. O. Gillett is driving a Dodge touring car purchased from Nick Prince of Central Lake one day last week.

Miss Blanche Boss is taking a two weeks vacation from her duties at the Citizens Bank. She will spend them with friends at Detroit.

Mrs. J. Feldman of Detroit and Mrs. H. Kaufman of Charlevoix spent the first of the week with Mrs. W. Weiss at her home here.

The annual picnic of the Gleaners will be held at Eastport on Thursday of this week and quite a lot from here are making plans to attend.

Mr. and Mrs. E. L. Rogers, son Edward and daughter Rosamond, of Oceana county, spent several days last week at the home of Rev. and Mrs. E. E. Clark. Mrs. Clark and Mr. Rogers are brother and sister.

Dan McPhee of Detroit arrived on Sunday to spend a few days at the Deline home. Mrs. McPhee and son who have been spending the past six weeks here will return with him. Mrs. McPhee was formerly Miss Hazel Deline.

Mr. and Mrs. S. G. Thompson were called to Boyne City on Tuesday to attend the funeral of a sister-in-law, Mrs. Claude Thompson. Deceased was quite well known here having spent some time at the S. G. Thompson home here following the death of her husband which occurred in November 1919.

Last Saturday was the burner day at the Libby, McNeill & Libby pickle station here when 42 loads of pickles amounting to three hundred and sixty bushels were taken in. This is the biggest in the history of the station, but with a fair amount of rain and warm weather this day's record will probably be broken several times this year.

COURIER BARGAIN COLUMN.

Courier Want Ads. are One Cent per word per insertion. Minimum charge is 20 cents per insertion, for anything under 20 words. All Want Ads. are strictly cash in advance except to those who have ledger accounts. Please remember this when sending in your copy.

FOR SALE—A number of young pigs and a good five months old boar. John Glas, Charlevoix, Rt. 1. 3212pd

FOUND—On barbecue grounds at Ellsworth, one watch. Owner may have same by identifying and paying for this adv. John Drenth, Ellsworth, Rt. 1. 3214

H. L. DAWSON

Funeral Director
Licensed Embalmer
Motor Funeral Car, Motor Ambulance
Twenty-four Hour Service
Harris Bldg. Ellsworth, Mich.

At a meeting of the directors of the Banks Township Marketing association on Saturday evening of last week E. R. Harris was chosen as manager to take the place of J. M. Elzinga, resigned. Mr. Harris has had considerable experience in this line of work and the directors have no doubt made a wise choice. He will probably take charge about the first of next week.

The dedication of the M. E. church will occur on Monday, August 15th, the services starting at one o'clock in the afternoon. Among the speakers will be Bishop Henderson of Detroit, Dr. Slee of Traverse City and Rev. John W. Sheehan of Petoskey. Special singing and music has been arranged for and those who fail to attend will miss a rare treat. Alterations and repairs on the old church have made practically a new building and one of which the people of Ellsworth and vicinity may be proud.

ATWOOD.

Picnic season is here and all are enjoying themselves.

Born to Mr. and Mrs. Merrill Richardson a baby boy.

Threshing is well underway and a great many have commenced fall plowing.

Mrs. John Veenstra returned from the Charlevoix hospital last week and is feeling quite well.

Rev. S. Bouma and James Heeres were delegates to the classis of the Christian Reformed churches held in Muskegon.

Miss Maggie VanderHeide who underwent an operation for appendicitis at Lockwood hospital Petoskey is at home and recovering rapidly.

Mr. and Mrs. J. VanUnen and daughter, Mrs. L. Marcus, are making a trip to southern Michigan with John VanderSlik in the latter's car.

The Atwood boys organized a baseball team and have played three games so far winning two of them. Next Saturday they play the team from the Chamberlain district on their grounds.

Among the summer visitors here the past few weeks were Mr. and Mrs. Dekker from Chicago, Mr. and Mrs. R. Veldkamp of the same place and Henry Petter from southern Michigan. Also Harry Kooman and daughter from Jamestown, Mich., Mr. and Mrs. Horace Hall of Gitchell, Mich., Mr. and Mrs. Alex Kloosterman of Forest Grove, Mich., and Mr. and Mrs. J. Van Klompenburg of Zeeland, Mich.

The community was shocked to hear of the death of the eight year old son of Mr. and Mrs. Jake Hocksman. He had been ill but a few days with infantile paralysis. The sympathy of the community is herewith extended to the grief-stricken parents.

MILES DISTRICT

A large crowd attended the sale of Robert Cook's Friday afternoon. Mr. and Mrs. E. Miles and Clyde Strong went to Boyne City Friday. James Holben went to Charlevoix Saturday to attend the camp meeting.

Most everyone in this neighborhood attended the barbecue at Ellsworth.

Ruth Hyatt of Detroit is visiting her aunt, Mrs. Chas. Hillman and other relatives.

Mrs. J. Stephan and children of Lansing are visiting her brother, Charles Millman.

Mrs. Anna LaLonde, Clarence, Esther and Agnes went near Deward to pick blackberries Sunday.

Mrs. Cramer and daughter, Mae of Traverse and Mrs. White of Ells-

worth spent the day with Mrs. Jerry Moble.

Mr. and Mrs. Archie Kowalski and children of East Jordan, grandpa and Lewis Kowalski of Rock Elm, district, Mr. and Mrs. A. Miles and daughter, Manila and Mrs. James Holben spent Sunday at Snow Flake and heard the lecture on spiritualism.

BARBECUE A GREAT SUCCESS

ELLSWORTH KNOWS HOW TO ENTERTAIN PEOPLE

Largest Crowd in History at Annual Barbecue Thursday—Ball Game a Feature

Once more Ellsworth has proven to the surrounding towns and country that it not only draws crowds, but it can and does entertain said crowds when they arrive.

The number at the barbecue last Thursday far surpassed any of previous years and from the start of the band concert at 10:15 a. m. until the last man was out in the ninth inning of the ball game, there was not a dull moment.

The speaking was excellent as were the sports and a feature which made a decided hit was the bagpipe music by Prof. McKay and the dancing of the Highland Fling by L. A. McKinnon.

The baseball game was somewhat one sided, the Loeb Farms team carrying away the long end of the 7-1 count, but the relative ability of the two teams was not fairly demonstrated by the final score, as a part of the Gaylord team worked during the forenoon and made the trip from Gaylord, a distance of over fifty miles, just in time to step into the game. Both teams, however, put up a clean, snappy contest and a large per cent of the spectators have expressed their desire to see both teams in action at some future date.

The barbecue committee and the people of Ellsworth wish to thank all those who either by assistance or attendance helped to make the day a success and hope to see them again in August of next year.

DAIRY FACTS

MILK PRODUCTION PROBLEMS

Department of Agriculture Has Been Carrying on Interesting and Instructive Studies.

(Prepared by the United States Department of Agriculture.)

For 180 cows that average less than 5,000 pounds of milk annually, the part of the milk check that represented profit and reimbursement for the owner's managerial ability was 23 per cent. For 257 cows averaging more than 5,000 pounds annually, the per cent remaining for profit and the owner's skill was 41 per cent.

For the last five years the dairy division, United States Department of Agriculture, has been making studies which bear on this problem in many dairy sections of the country; and two-year investigations on the requirements for producing milk have now been completed on groups of dairy farms in six of these communities. One of the latest of these studies, carried on in Vermont, is the one on which the above figures are based. What it has disclosed in regard to economy of production and the requirements for producing milk, may be of value to the dairyman who is interested in finding out where milk returns are going.

These figures, which were obtained from a study of the production records of 387 cows which remained in the herds a full year, show that the average annual production of the 180 lower-producing cows was 4,146 pounds; also that the average production of 257 higher producers was 7,114 pounds a year. After subtracting from 4,146 pounds the amounts of milk required to pay production costs (feed, 1,810 pounds of milk; labor, 806 pounds of milk; and other costs 570 pounds of milk) only 960 pounds of milk remained for the profit and skill of the owner. For the high-producing group, however, 2,974 pounds of milk remained after the following deductions had been made: For feed, 2,302 pounds of milk; labor, 806 pounds of milk; and other costs 982 pounds of milk.

Here, then, were cows to the same locality, in some cases standing side by side, and all requiring about the same labor; yet some were producing three times as much profit as others, even

Come on along!

Fill up your makin's papers with P. A.

Greatest sport you know to pull out your makin's papers and some Prince Albert and roll up a cigarette! That's because P. A. is so delightfully good and refreshing in a cigarette—just like it is in a jimmy pipe! You never seem to get your fill—P. A.'s so joyously friendly and appetizing.

Prince Albert will be a revelation to your taste! No other tobacco at any price is in its class! And, it rolls up

easily because it's crimp cut and it stays put.

It's the best bet you ever laid that you'll like Prince Albert better than any cigarette you ever rolled!

And listen! If you have a jimmy pipe hankering—by all means know what Prince Albert can do for you! It's a revelation in a pipe as well as in a cigarette! P. A. can't bite or parch. Both are cut out by our exclusive patented process.

Prince Albert is sold in tippy red bags, tidy red tins, handsome pouch and half pound tin handkerchiefs and in the pound crystal glass jar and our own's sponge moistener top.

Copyright 1921 by R. J. Reynolds Tobacco Co., Winston-Salem, N. C.

PRINCE ALBERT

the national joy smoke

though they were charged with greater quantities of feed and a large amount of "other costs."

The figures adduced are significant also in that they show that in milk checks size is not always a true measure of real value; but that the per cent of profit, as determined by the cows that are kept, plays an important part.

The figures upon which this comparison is based were actual records of production; feed, labor, and other costs were obtained by monthly full-day visits on each of the farms for a period of two years. Careful records were made on these visits of the daily milk production of each cow, feed consumed, labor required, overhead costs, etc. Using these data, the requirements for producing 100 pounds of milk were worked out. So far as possible the requirements were determined in terms of pounds of feed, hours of labor, etc., so that constantly fluctuating prices would have no effect on the value of the figures. Results may be interpreted at any time by using prevailing prices.

The requirements for producing 100 pounds of milk, based on 847 cows, with an average annual production of 5,252 pounds of 8.9 per cent milk, were as follows:

	Winter	Summer
Grain (pounds).....	21.1	17.7
Hay and other dry roughage (pounds).....	129.3	15.7
Slake and other succulent roughage (pounds).....	19.0	27.8

WATER OF MUCH IMPORTANCE

Cow Should Have 150 Pounds a Day in Summer and About 100 Pounds in Winter Season.

A cow will drink 150 pounds of water a day at a temperature of 60 degrees, but if the water is too cold she will not drink all she needs. She will, however, be chilled through and will eat more to get warm. She ought to have in summer time at least 150 pounds of water a day and in winter time about 100 pounds.

FALL FRESHENING IS URGED

Calves Are More Easily Raised and Cows Will Give More Milk—Farmer Has More Time.

The man who had his dairy cows freshen this fall is thanking his lucky stars that most of his work is counting when he has most time to do it and when dairy products bring a higher price. Men who have had experience with both spring and fall freshenings will argue that fall freshening is better because of the two advantages given here and because the calves are more easily raised and the cows in the course of a year will give more milk. Spring freshening has but few advantages despite the fact that it is the rule. The main part of the work comes during the summer, when one is busy in the field and flies annoy both cows and milker. Fall freshenings go dry in July and August, the time of year when milking cows is anything but pleasant.

Farms Should Be Fenced

The days of the old rail or brush fence has passed. They proved their usefulness in day past, but today are being passed into the discard. Fence your farm with wire fencing, the kind that lasts. We have

Jackson Stiff-Stay Wire Fence

in all widths. We believe this is the best fence on the market today. Those who have used it are more than pleased with the way it stands up. We also have Barbed Wire and Nails, also Chicken Wire of all widths.

DISASTROUS FIRE AT ROARING BROOK

A Beautiful Summer Home Now a Mass of Ruins

A man and a woman lie dangerously burned in Petoskey Hospital as a result of the total destruction by fire last Wednesday morning of the beautiful summer home of Mrs. W. Y. Cartwright, of Cincinnati, on the bay shore near the Roaring Brook dock.

Mrs. James Lord, of Canton, O., who is Mrs. Cartwright's maid, and Frank Tompkins, of Cincinnati, her chauffeur, were the victims, and they met with their terrible injuries when they were opening a barrel of high test gasoline in the garage behind the cottage, and which exploded throwing the burning oil over them, and consuming most of the clothing on their bodies. The gasoline was to have been used in running the lighting system in the cottage.

Tompkins, although suffering intensely, did not lose his presence of mind for an instant. He let others attend to the flames that were rapidly consuming the garage and spreading to the house, and bundling Mrs. Lord into the Cartwright car that was standing near, he drove at breakneck speed to Petoskey and entered himself and his companion as patients.

The Cartwright summer home was erected within the last two years by W. Y. Cartwright, an official of the Cincinnati Gas company, who died last winter. It was equipped with a double fireplace, finished in stone, was modern in every respect, and attracted much attention as one of the finest places along the bay front.

M. E. CHURCH NOTES

Dr. J. H. Engle, newly appointed superintendent of the Michigan Sunday School association was the speaker at the Methodist Episcopal church last Sunday morning. Dr. Engle shows all the evidences of the scholarly gentlemen. In the afternoon Dr. Engle presided over a meeting in which was represented the various denominations of the city; the purpose of the meeting being the organization of a Charlevoix County Sunday School association.

The Epworth League last Sunday night, under the leadership of Mr. Lewis, a student of Ohio State University, proved of special interest. The church was well filled with young folks. The subject dealt with "Amusements" always a vital topic in a Methodist meeting. In relating their experience in college the various speakers came to the conclusion that the smaller college was more conducive to high Christian ideals than the larger schools; although the attitude of the individual student determines largely his moral and spiritual status.

The semi-weekly Epworth League social last Monday night was well attended. New games and various stunts were a part of the program; prizes were given to those excelling in the contests; pop corn and candy was the final number. There was a generous representation of the older folks present and they got as much fun out of the evening's entertainment as the younger set.

Stereopticon entertainment next Thursday, August 11th, by Mr. J. W. Stover. The pictures are said to be fine. The price of admission is 15 and 25 cents. By attending you will enjoy a clean and educational entertainment and you will also help the church financially. Come.

Two good Dodge touring cars and several Ford touring cars for sale at the right price. Where? Brown's Garage. 32tf

CANNING NOTES

Home Economics Dept.

Why can beets and carrots when they may be stored in the cellar in the fall and kept until late winter or early spring?

First, because the small tender vegetables have a better flavor than the older ones gathered in the fall. Second, because in thinning the rows of beets or carrots, some may be kept for winter use which would otherwise be wasted.

Third, they are cooked and ready to serve at a moment's notice, and one fire does for a number of meals.

Fourth, they may be used late in the spring after the stored vegetables are all gone or no longer fresh and crisp.

Beets and carrots canned by the cold pack method taste like the fresh product when opened in the winter.

Select small, uniform sized vegetables.

Leave one-inch of stem and tail on beets to keep them from losing color in blanching.

You will be even more delighted with your

COMMUNITY SILVER

when you see it outside of the store, than when you purchased it—for its artistic designs have a lasting beauty.

Besides, this famous ware has a solid silver disc overlaid at the wearing points, besides being plated with a triple-plus plate.

CHARLEVOIX COURIER

VOLUME 29. NUMBER 33.

EIGHT PAGES

COURIER, CHARLEVOIX, MICH., WEDNESDAY, AUGUST 17, 1921

PRICE \$2.00 PER YEAR

LEGIONAIRES TO HAVE BIG DAY

TO BE HELD AT CHARLEVOIX THURSDAY, AUGUST 25th

Prominent Speakers of National Importance Including Ex-Vice-President Marshall

Charlevoix will have its first big Legion Day, August 25th, and from the class of entertainment to be furnished the local post should be congratulated. They have shown excellent judgment in their efforts to secure such men as Ex-Vice-President Marshall and Ex-Ass't. Secretary of Agriculture Vrooman.

Mr. Marshall's presence on this occasion, as well as adding much dignity, is unique in that it is the first public appearance of any vice-president in our city.

Mr. Vrooman understands the agricultural situation in our country perhaps better than any other man in the United States. Mr. Vrooman is now in Washington where his personal efforts have been one of the leading factors in the passage of the Farmer's Relief Bill, known as the Administration Bill, by the United States senate. He is a forceful speaker and no doubt will attract large numbers, not only from neighboring towns but from rural districts as well.

The exhibition ball game between Boyne City and Charlevoix is the main topic of conversation in Boyne City. A keen rivalry exists between the two cities and especially between the teams who are fighting for the Northern Michigan League pennant.

Four rounds of exhibition boxing will be staged by two local boys, Joe Sanford and "Mickey" Meggison. Sanford has been assistant boxing instructor at Notre-Dame university this last year. This will not be the first public appearance of Meggison who although an amateur, is capable of putting up a good bout.

Mothers, wives, sisters and daughters of all ex-service men should put forth every effort to attend a meeting which will be addressed by Mrs. Sangster, president of the Women's auxiliary of Michigan. At this meeting a local branch of the auxiliary will be formed.

Call at the Legion club rooms on the main floor of the Masonic Temple for any information desired.

FIRE TAKES BARN OF WALLACE BROS.

THOUGHT SPONTANEOUS COMBUSTION CAUSE OF BLAZE

Modern Structure, Machinery and Produce Worth Thousands are a Total Loss

One of the most disastrous and unfortunate fires hereabouts in recent months occurred early Friday morning when the fine barn and all the valuable farm machinery, tools, hay, grain, etc., belonging to the Wallace brothers at their place near Bys-shore were totally consumed.

The fire was first discovered at daylight when little flames were seen emerging from the cupola of the structure. Prompt action was taken, but the dry wood of the building and the hay burned fiercely and all efforts to save anything were futile.

The barn was one of the most up-to-date in construction and equipment in Northern Michigan. A new ventilation system recently had been installed at a cost of \$600, and two additions to the building had been made. Practically all that the Wallace brothers owned in the way of farm working paraphernalia were under the one roof.

The blaze is thought to have been of spontaneous origin, starting as it did at such a time and in such a place. No evidences of incendiaryism or carelessness have been discovered. The family, aroused so early in the morning, had little chance to move articles from the structure, and it was with great difficulty that the house was saved, and it was stated that if the wind had been otherwise the home would have been lost. The total financial loss will run well into the thousands of dollars.

Circulation counts—we have it.

PLAN TO OPERATE THE YEAR ROUND

Northern Creamery and Cold Storage Co. to Enlarge Building

John Hartwick, manager of the local branch of the Northern Creamery & Cold Storage Co., with headquarters at Traverse City, asked permission of the council Monday evening to build a twenty foot addition to the north end of the ice cream factory on Clinton street.

It is the intention of the company to operate here the year round, making ice cream during the summer season and taking care of the cream, which will be manufactured into butter, during the remainder of the year.

There is little reason why cream should be shipped from Charlevoix to Traverse City, or any other point for that matter, then made into butter, shipped back again to Charlevoix, thereby adding to the cost of the butter freight rates two ways.

The running of this plant will result in better prices for cream to the farmer, and cheaper butter to the consumer. Charlevoix needs more small industries of this kind and they should receive both encouragement and patronage from our home people.

"AGGIES" WIN FROM FRANKFORT

ALTHOUGH VISITORS WERE A BUNCH OF HARD HITTERS

Ideal Weather Conditions and Visiting Airplane Add to Pleasure of Day—Features of Game

A lot of fun was on tap at Loeb Farms Sunday afternoon, the occasion being the defeat of the speedy lads from down state by a final count of 10 to 5.

Considerable clouting to the outer gardens, clever fielding by both teams, ideal weather and an airplane far above combined to put the crowd in good humor. Even the "ump" Jack Craig of Cincinnati, gave entire satisfaction at all times.

Loeb Farms went into an early lead of 4 to 0, but Frankfort reduced this by a tally in the third and knotted the count by scoring a trio in the fifth. Both sides drew blanks in the sixth. But in the seventh the Farms unlimbered its heavy artillery, the redoubtable Mr. Ransom, who is said to be a small edition of Babe Ruth, landing on a straight one for one of his long drives. This put the set-to on ice for the "Aggies."

Tubbs pitched a consistent game though the Frankfort boys are better hitters than the average team playing here. They have a nice pitcher in Ward, a big fellow who uses considerable change of pace. He was nicely handled by Reams, who was always after the ball. For the home boys, the fielding of Hicks featured, taking one fly right out of the sun and another after a dive through the ozone as graceful as a leap by Paul Sloan's good dog Rex.

Come again, Frankfort.

The score:

	1	2	3	4	5	6	7	8	9
Loeb's	1	3	0	0	0	3	3	*	10
Frankfort	0	0	1	0	3	0	0	1	5

In a close game at St. Ignace Tuesday afternoon, Loeb Farms again won by a 2 to 1 score. Freddie Ransom's playing won the game when he met a swift one for a home run with one man on the bases. Sutherland did the hurling with Foster on the receiving end.

DEATH SADDENS BABCOCK HOME

Mr. and Mrs. Eri Babcock Lose Their Small Son

Word comes from Atlanta, Mich., of the death of Joseph, four year old son of Mr. and Mrs. Eri Babcock, formerly of this city, which occurred August 5.

The little fellow was taken ill on July 29 and passed away a week later from cholera infantum, and was buried the following Sunday.

A second son was later ill from the same disease, but will recover. The sudden bereavement in the loss of their little son was more apparent on account of the condition of the mother, who on August 3rd, gave birth to an infant son.

The bereaved family have the sympathy of a large number of Charlevoix friends and relatives.

Subscribe for the Courier!

ANNUAL SHORTAGE OF PUBLIC NECESSITIES IN CHARLEVOIX SOON TO BE A THING OF THE PAST

CITY OFFICIALS HAVE AT LAST LAID THE FOUNDATION TO MOVEMENT WHICH WILL PLACE CITY'S PUBLIC UTILITIES ON A SUBSTANTIAL BASIS

A movement by the Common Council of the City of Charlevoix which will do away with one of the city's most persistent summer visitors of long standing, "Light and Water Shortage," was taken at their regular meeting Monday evening, and at a very early date we shall know whether or not this habitual visitor of ours is to be done away with or if it is merely a threat cast in his direction which will pass away upon the close of the summer season to remain dormant until next year.

It is useless to go back over the late years, which number as far as the time Charlevoix first broke into the lime-light as a resort center, and review the lighting situation as it is and has been. We are well enough acquainted with the problem and with little pleasure recall summer after summer of ill-lighted dwellings, places of business and public streets. This was one of the inducements we had to offer the summer visitors that we were trying to draw to our city in order that it might exist and flourish. And each summer as the difficulty faced the city, some slight measure more or less ineffective was taken, and with the good grace of God and the clemency of the weather, we have managed to pull through each summer. Each time the trouble arose, instead of meeting it face to face and handling it as it should have been handled, those at the head of the city government have sought to find some less expensive way, and today we find ourselves, outside of the newly acquired Richardi plant at Bellaire, worse off than we have every been before and it is a certainty that if the right method is not adopted this time, this obstacle coupled with the other conditions is going to give Charlevoix a set-back that cannot be overcome without years of struggle.

In the past we have been wont to brag of Charlevoix, of our beautiful resort, and of the large number of people who gather here from all over the United States and we have patted ourselves on the back for what we have done and the progress we have made. But in reality all we have done for our beautiful Charlevoix is to shove into our every-ready pockets the dollars that the resorters spent here. And in return for the money we are offering nothing, not even sufficient lights to enjoy an evening's walk or water enough to sprinkle his lawn, and then when he starts to talk of moving, everyone throws up their hands in despair and wonders what it is all about. Charlevoix is purely and simply a resort town and never will be anything else, and the summer people are the "geese that lay the golden eggs," and the city of Charlevoix through neglect and other ways has come as close to killing the geese as they could.

Now that we have told in outline what has been done, a few words may be mentioned as to what the present proposed plan is going to be.

Therefore we can make the following promises, that next summer will find Charlevoix:

With light and water facilities that are equal to any city in the state.

With light that is good and water that is 100 per cent pure. With people who will endeavor to give service which will make summer life in Charlevoix more of a pleasure.

That an honest effort will be made to give the people who are spending their money here value received for each dollar spent.

With an auxiliary lighting plant of double capacity to be installed in the city.

In closing we will say to the taxpayers of the city of Charlevoix. This issue will be placed before you to decide, and you know now that our summer business means your existence in this city. Upon it depends the valuation of your property and your business. In answer to the rumor in circulation as to moving the present city water plant and water tower, there is nothing to this report and this property will remain where it is. It will be well for everyone to read the report of the council proceedings on page six and then get behind the movement that is about to start and give the council your heartiest support.

THE GREATEST ROAD MEETING AT FLINT

Under Auspices of State Good Roads Assn. and Highway Dept.

The Michigan State Good Roads association in conjunction with the Michigan State Highway department will hold its annual meeting at Flint August 30th, 31st, and September 1st.

This will be the most notable meeting of its kind that has yet been held in the state. Manufacturers of both road machinery and materials made application for assignments early and those already entered into contracts for exhibitions surpass the Lansing meeting.

Hon. Frank F. Rogers, state highway commissioner, has a most attractive program covering 1921 legislation, construction work for 1921,

trunk line maintenance, roadside development, experimental road maintenance together, with other important subjects including the reports of commissioners of counties, that will not fail to make this part of the program an institute which every commissioner, whether township or county should attend.

It is rare indeed that a combination of attractive and instructive features of road construction and maintenance can be combined giving to the various counties the benefits to be attained by such a meeting.

BUY HOLSTEIN SIRE FROM LOEB FARMS

North Bay Farmers Form Local Bull Association

Progressive farmers and stock raisers in the neighborhood of North Bay met Monday night at the home of Albert Bathke and formed what will be known as the North Bay Bull association, the object being to promote the breeding of better cattle, both for market and dairy purposes.

Roy V. Otto of the Loeb Farms, presided at the meeting and formulated the plans of the association. It is the intention of the men as a body to unite and purchase a registered sire, and a deal was closed with the Loeb Farms for the purchase of a registered animal.

It is planned to form three associations in the neighborhood of the same character and each purchase a registered sire, thus giving them an opportunity to breed from registered stock for a six year period.

Farmers and stockmen of Charlevoix county, especially of Bay township are fully alive to the possibilities of producing a better grade of cattle, and by banding themselves together are able to purchase a registered sire, thus by co-operation working together to this end.

LOCALS WIN 9TH STRAIGHT GAME

TAKE HARBOR SPRINGS INTO CAMP SUNDAY

Neither Team Scored Until the Last Half of Fifth Inning—To Play Boyne City Here Sunday

Our local pennant chasers won their ninth straight game Sunday at Harbor Springs, taking the Harbor Springs team down for a 10 to 3 count.

Neither team scored until the last half of the fifth inning, when Harbor Springs scored on an error in the outfield. Charlevoix came back with four runs in their half of the sixth inning and after that the losers never had a chance.

Figg, pitching for Harbor Springs, had plenty of speed for five innings but after that was found for nine hits. With perfect support Loomis should have scored another shut-out.

Next Sunday, August 21st, is big Sunday for baseball in Charlevoix this season, Boyne City playing here in the most important game of the year. If Charlevoix wins they will be tied for first place in the race, with a fine chance to win out in the play-off in the event neither team is defeated in their two remaining games of the season.

Boyne City fans are coming 500 strong to help their team win. The first game of the season between these two teams resulted in a 13 to 12 victory for Boyne on the Fourth of July, so it is apparent they are evenly matched. Cooper of Levering will umpire the game, he being considered one of the best in this section at this difficult job.

Results of last Sunday's games among the league teams are as follows:

Charlevoix 10, Harbor Springs 3.
Boyne City 18, Petoskey 3.
East Jordan 10, Brutus 5.
Pellston 7, Muskegon 2.

VIEWING CHARLEVOIX FROM THE AIR

Many City People and Resorters Ride in Aeroplane

Seeing Charlevoix from the air is becoming a fad among both Charlevoix residents and resorters, and many are each day making a trip in the aeroplane "Charlevoix" operated by the Roserwitz Co., of Grand Rapids.

All acknowledge the city and surroundings beautiful; but when seen from a high altitude it surpasses one's fondest expectations. Pilots who have flown in foreign countries say they have never seen anything that equals the beauty spots of northern Michigan.

Those who have ridden in the plane recently are: Dr. John A. Albert, Dorothy Thomas, Glenn Thomas, Earl A. Shapton, E. A. Young, William Ives, Richard Phillips, Carmen Sheldon, Mrs. Hallett and Clara J. Nowland.

The ladies of the O. E. S. will have a bazaar and baked goods sale at the Masonic Temple on Friday and Saturday, August 19th and 20th. 331tpd

SCHOOLS TO GET OVER TEN MILLION

PRIMARY MONEY IS LARGEST IN STATE'S HISTORY

Charlevoix County will Receive \$53,298.00, Based on \$10.50 for Each Student

County Treasurer Charles H. Emrey, reports that he will disburse to the several school districts in the county at an early date the 1921 Primary School money in the amount of \$53,298.00.

The Library Money which has accumulated during the fiscal year ending May 31, 1921, and which is derived from justice fines in the amount of \$886.50 will also be disbursed with the primary school money.

The primary school money is based at \$10.50 for each student and the library money at \$0.17 3-4 for each student. A schedule of the districts and their respective amounts is as follows:

Township	School Money	Library Money
Bay	\$1,291.50	\$21.85
Boyne Valley	3,139.50	49.36
Chandler	840.00	16.86
Charlevoix	6,793.50	114.85
Evangeline	15,172.50	256.50
Eveline	2,173.50	36.76
Hayes	2,608.50	45.63
Hudson	724.50	12.27
Marion	2,299.50	38.89
Melrose	1,428.00	24.16
Norwood	1,197.00	20.25
Peaine	787.50	9.96
St. James	2,026.50	24.52
South Arm	11,056.50	186.91
Wilson	1,669.50	28.24

Totals...\$53,298.00 \$886.50
Michigan's primary school interest funds this year will eclipse in amount that of any other year in the state's history.

This fund of \$10,260,568.50 av- among the eighty-three counties on a basis of the largest school population ever reported in Michigan.

This fund of \$10,260,568.50 averages \$10.50 per capita for the 977,197 persons in the state between the school ages of 5 and 21 years.

This is also the largest per capita of any one year for the fund. Last year the per capita was \$10, with 937,622 persons of school age, the total amount distributed being \$9,346,024.50.

The counties apportion the money to the school districts.

This school fund is derived from the taxes paid by the railroads, telephone, telegraph and car companies on properties in this state.

The schools have received primary school money since the constitution was adopted in 1850.

A Great Success

The taffy-pull given by the Epworth League last Monday evening was a great success in the superlative degree. Fully one hundred young people were there and participated in the evening's entertainment. The young people left the church in high spirits, confident that they would hold fond memories of the taffy-pull for years to come.

Just given them air the mileage is there if it's a Mason. At the Charlevoix Co-Operative Association. 32tf

LATE CHANGES IN GAME LAWS FOR FISHERMEN

Local fishermen will do well to read up on the new fish law that went into effect Thursday. It is now unlawful to catch perch under seven inches in length, and that thirty will constitute a day's limit, while the angler with more than fifty perch in his possession at one time, will be subject to a fine. The old law did not place a limit on the number caught and the legal length was five inches. In the case of bluegills only six inches in length can be retained instead of five inches. White bass and crappies must be seven instead of six inches in length to be lawfully retained. Sunfish must measure six instead of five inches.

Charlevoix nimrods, especially those among the summer colony, will be more than pleased to learn that the season on rainbow trout and steelhead has been extended from the 15th of September to the first of October. This will give those who love to fish a chance at this wonderful game fish at the time when they will strike an artificial or live bait.

LUCKY STRIKE cigarette

CORRESPONDENCE

BARNARD

Special music is promised for the church services next Sunday.

Mrs. James Noble goes to Iron-ton and Boyne City this week to visit relatives in those places.

Harry Noble returned to his home in Chicago after a vacation spent with his relatives, Mr. and Mrs. Burns.

The Marion Center Cleaners met for a social meeting at the home of Mr. and Mrs. Alex Kerr last Friday evening.

Mr. and Mrs. Lawrence Boss and son also Mike Garber spent last Wednesday in Boyne City visiting Mr. and Mrs. Jerome Cole.

A. B. Clark has been filling the M. E. church pulpit in East Jordan the past two or three Sundays during the absence of their regular pastor.

Mrs. Ronald Reed and children of

Detroit are visiting her parents, Mr. and Mrs. Joe Clark. Mr. and Mrs. Sims Clark and children are also visiting them.

Rev. and Mrs. Mayhew and four children motored through from Stanton last week to spend their vacation with Mrs. Mayhew's sister, Mrs. Wm. Shapton.

Quite a few of our people attended the dedication of the Ellsworth church on Monday reporting a fine service. Miss Shapton's singing was one of the features of the program.

Wm. Shapton and Miss Maude Shapton attended church services in East Jordan last Sunday where Miss Shapton sang, which we are sure was enjoyed by the East Jordan audience.

The Bowdish family reunion was held on Tuesday at the beach in Charlevoix. The Bowdish, Mayhew, and Shapton families were present, also other relatives. Needless to say the occasion was enjoyed by all.

The funeral of another of our returned soldiers, Harry Potter, took place at the South Barnard church on Monday at 10:00 a. m. A large crowd gathered to pay their last respects to the third of Barnard's boys to give his life for his country. Interment took place in the Holland cemetery near Atwood.

Our line of leather bags is hard to beat. All kinds of prices. Benj. Brown. 32tf

CLARION

W. G. Taylor was a Cadillac visitor one day last week.

Little Eva Hime was quite sick last week.

D. B. Hinckley was in Gaylord on Wednesday.

Miss Gladys Arnold was in Boyne Falls on Sunday.

Miss Ecker of Boyne City was in town several days last week.

Mrs. J. E. Darrah was quite sick for a few days last week.

G. E. Brown and wife of Boyne Falls were Clarion visitors on Sunday.

J. E. Weaver and sister, Mrs. Kauffman of Eastport were in town Thursday.

Mrs. O. C. Johnson went to Charlevoix on Wednesday to attend the teachers examination.

Mrs. Amanda Wareham and Mrs. Elzinn Rothberger of Bremen, Ind., are the guests of their mother, Mrs. W. G. Wener.

Mrs. Violet Irish, who has been the guest of her sister, Mrs. N. C. Griswold for the past two weeks re-

turned to her home in Alma Thursday.

Mr. and Mrs. Lester Fox of Boyne City and Mrs. F. B. Darrah and son Robert, of Petoskey, were in town a short time on Sunday.

Mrs. Elizabeth Akers and grandson, Carl Irish, who has been visiting Mrs. Akers' daughter, Mrs. Griswold, left Monday for a few days visit in Traverse City before going on to their home at Alma.

Mr. and Mrs. Jackson, Mr. and Mrs. Leischer and Mrs. Leona Annis of Petoskey and Mrs. Edna Annis of Wabeme attended the funeral of Mrs. Inez Norton here on Friday.

Mrs. Inez Norton, eldest daughter of Mrs. Lulu B. Younce died at her home in Petoskey on Wednesday. The funeral services were held here on Friday at the United Brethren church.

Mrs. Rose Hunt who underwent an operation for appendicitis at Petoskey hospital on Monday, died at that place on Wednesday. The funeral was held Friday at Boyne City from the Saints' church.

Peter McIntyre and family of St. Ignace, Henry McIntyre and wife, Daniel and Frank McIntyre of Lansing, John McIntyre of Newago, Chas. McIntyre of Muskegon, Mrs. Maggie Revolt of Grand Rapids, Mrs. Nettie Longdo and family of Detroit and Mrs. Grace Newberry and family of Mt. Pleasant, were called here by the death of their mother, Mrs. Rose McIntyre Hunt.

If you are going on a long trip, you'll need a new trunk. We have the best line in this section. Benj. Brown. 32tf

NORWOOD

Miss Golda Jensen of Walloon is spending a few days in Norwood.

Vance Swartout has accepted a position at Dr. Mitchell's office for a few weeks.

Willard Spalding of Detroit passed away at his home last week. He was a very well known resident here.

Mrs. Varges of Chicago returned to her home after visiting her cousin, Mrs. F. E. Richardson, for five weeks.

Percy Empey and wife of Atwood spent Sunday at the home of his parents, Mr. and Mrs. Nelson Empey.

John and Derrick Sprick were called home on the account of the illness of their mother, Mrs. Joe Sprick.

Mrs. A. Stafford and daughter June and sons Raymond and Raphael spent Sunday at Ted Pearl's home in Charlevoix.

Ned Chase and wife and Miss Giero and father, Mr. Giero, are visiting at the home of Mrs. Sam Chase at their cottage here.

Mr. and Mrs. F. E. Richardson and son Cecil, and Mrs. Varges of Chicago motored to Traverse City Friday spending Friday and Saturday with Charles Dye.

Mr. and Mrs. Ed. Jones and daughter Anne of Inwood and Mr. Jones' brother, Guy Jones, wife and daughter, were in this vicinity Sunday.

Throw away that old suit case and buy a new one for that trip you intend to take this fall. We have them. Benj. Brown. 32tf

EAST CHANDLER

Cecil Hughes went to Grand Ledge last Tuesday night.

Henry Miller and Wm. Hughes were Boyne Falls callers Friday.

Miss Edith Quinn of Petoskey was a pleasant caller in our vicinity Wednesday.

Frank Atkin and John Eastwood attended the ball game at Boyne City Sunday.

Mr. and Mrs. Chester Townsend of Detroit are visiting at the home of his father, Will Townsend.

Little Lois Clark, daughter of Mr. and Mrs. Carl Clark, who has been very ill, is much better at this writing.

Mrs. Orpha Snyder who has been helping to care for her grand daughter, Lois Clark, returned to her home Tuesday evening.

Get prices on Mason Tires. They will surprise you. Charlevoix Co-operative Association. 32tf

IRONTON

Miss Elnora King is on the sick list.

Miss Shirley Webb of Boyne City spent a few days in Ironton.

Mr. and Mrs. Will Stolt and sons of Petoskey spent Sunday at the Ogden home.

Mr. and Mrs. Hartman of Lima, O., are the guests of Mr. and Mrs. Emerson Price.

Mr. and Mrs. Clint Bowen of East Jordan spent Sunday at the Grant Hammond home.

Mr. and Mrs. Ed. Williams and family returned to their summer home in Muskegon Friday.

Mr. Harbers and son and daughter, Mrs. Beisterling left Thursday for their home in Peoria, Ill.

Traveling Bags, Suit Cases, and Trunks of all kinds at Benj. Brown's. Make your choice while the selection is good. 32tf

GOLDEN WEDDING

By ELIZABETH R. GREENE.

(© 1921, by McClure Newspaper Syndicate.)

"Where are you going, mother?" Nancy looked up from her packing long enough to note her mother's sun-bonneted head disappearing through the doorway.

Without answering, Mother Mitchell walked out into the September sunshine to join her husband. Her dazed mind could not comprehend how it had all come about, but two facts she understood with torturing clearness—Eben was going to John's and she was going to Nancy's; the old home was being broken up.

Eben spoke presently: "You'll be warm and comfortable there? Nancy's, mother—thank God. I shan't have to worry over that. An' Nancy'll have the specialist for your eyes—she promised me that."

The woman stirred restlessly. "I don't need no specialist!" she asserted stoutly. "An', father, what'll you do when you have them cramps in the night? John won't understand 'em."

He smiled at her bravely.

"Now, what do you think I'd be taking in their cramps along with me for?" he demanded humorously. "I'm leaving 'em to home, where they belong."

It was an unlucky speech. She turned toward him with a stifled cry.

"Where we belong, too!" she sobbed, the floodgates of her pent-up sorrow flung wide. "They've an right to separate us; it's wicked. Oh, Eben, let's not go—let's not go!"

"There, there, mother," he soothed.

"We can get along all right, Eben," she said eagerly. "The hens ain't gone yet, an' they're laying good. There's wood enough to last quite a spell an'—"

"No, no, dear heart," he interrupted huskily. "I could never forgive myself if I let you suffer needlessly. I oughter had enough saved to tide us along now," he reproached himself bitterly, "but somehow I never had the knack o' keepin' much ahead."

"It's because you've been so good to everybody," she dashed, "that we ain't nothin' now!"

"When John wanted to go to college you sold the wood lot an' sent him, stead o' lettin' him work his way—"

"'Twould be hard on the boy, Comfort," responded the old man gently.

She went on as if she had not heard, her old-worn hands clasped in her lap.

"After John got settled in business an' it looked 's if we might get a little help from him now an' then, he got married; an' that was the end o' that."

"Yes; but 'tain't good for man to live alone," quoted Eben smilingly, trying to draw her from the strange mood she was in.

"Then Nancy took sick," she continued wearily, "an' it took all our rainy day savin's to pay for her operation—"

Trying to comfort her with hand and voice, he was too distressed to see that his daughter was speeding up the path toward the house, in back of the oak.

While sobbing, Nancy reached the house. She had gone to the field to ask her mother if they hadn't better sell the clock with the rest of the things tomorrow. Approaching the oak unseen, beneath which her parents sat, she heard the conversation which saved her from many bitter regrets later.

An eager, broken talk through the telephone with John set the plan in motion; then Nancy, a chastened, awakened Nancy, went about many mysterious errands in the little village.

Returning home finally, her mother met her anxiously.

"What time 't'orrow you havin' the auction, Nancy?"

"John won't be here till tomorrow night," answered her daughter lightly. "We'll settle everything Saturday."

Saturday! Their golden wedding day! In silent anguish mother left the room.

Never had the sunlight streamed so brightly into the old home as on that Saturday morning, never had Nancy sung so joyously, or John whistled so merrily. The gay sounds commingled with savory odors floated up the stairway to the room where Father and Mother Mitchell still lingered.

Then suddenly Nancy's voice called from the hall.

"Yes, we're comin', Nancy," answered her mother, tremulously.

Hand in hand the two old lovers went downstairs together, each vowing for the other's sake to be brave that day.

But what was this?

Father and Mother Mitchell stared bewilderingly at the table spread with snowy cloth, the blue willow-ware and a steaming breakfast, whose crowning glory was a bowl of 50 yellow roses.

"A happy golden wedding day!" chorused John and Nancy, leading them to the table where two piles of fifty shining dollars dazlingly reflected the sunlight in two blue plates.

"Children, what does this mean?" faltered Mother Mitchell.

"It means that there's a hundred more coming every month," said John, his hand on his father's shoulder.

"Nan and I have decided we don't want the old home broken up; it means too mighty much to us," he cleared his throat, "and if you'll stay, you'll find there's about everything you'll be needing for awhile."

If they'd stay! The old couple looked at each other dazedly.

Nancy's tremulous voice broke the tension.

"There! I forgot those biscuits!" Circulation counts—we have it.

MID-SUMMER

Well, well; here we are in August—off on the downhill side of summer almost before we have accustomed ourselves to the season.

It was Hawthorne who, somewhere told rather beautifully how, in the midst of summer, we find those little evidences which bear in upon our realization the fact that the season has already begun its decline. This season the evidences have come earlier than usual because of the dryness and the incessant heat; but, even so, it is difficult to realize how swiftly summer's end draws nigh.

With August, coal in the chute rattles more incessantly into the cellar windows of our neighbors, the cricket is much more insistent with his song at nightfall. Yet, in spite of all that should keep us informed of the significance of fast-slipping time, we are a little agnost when of an evening, after a little lull in the porch conversation, someone speaks up and says, "My how short the days are getting." Somehow, we let ourselves believe, through the first long days of summer that days must run the season through; but, in reality, the longest days come just about as we are beginning to fully trust the open.

No, summer is not over; but the upspringing, joyous development is past. There will be a period of rounding out and of fulfillment, but

there is left little more of that fine expectancy which comes with the springtime when we see the world full of uncharted joys. Every garden every rosebush, then, is a veritable fountain of surprises, the like of which we are confident we have never seen before. But, now, Nature's pageant has paraded past; she may feast our senses with actors more voluptuously garbed, but for all that we have seen the season's cast. We know the time for surprises is past.

There is a little note of sadness, almost indistinguishable, that comes creeping in with mid-summer, with the realization that the season has done its best and that is is beginning those imperceptible preparations for going on the long, back trail which leads to winter. True, cold weather is still weeks away; true, some vegetation will flourish and stand bravely green through weeks to come, but, in spite of all, we cannot do otherwise than feel that the season, of which we hoped so much through the long cold months of spring, has come and has given us its best.

The sun will blaze hot through the remaining August days, but it is then that come the cooler nights which hint of the stirring times of fall.

Here we are over summer's high hill.

BAD ETHICS

The former government employee who takes a claim case against the

government in transactions in which he was a participant, is as guilty of bad ethics as a lawyer who would take a case against a former client and use his confidential information to further the case. Congressional Committees are doing the right thing in framing a law to prohibit practice of this kind. It is no defense for the former government employee to say that if the government no longer wanted his services at his price, he is free, it is true, to take employment anywhere else except in the prosecution of claims against the government in connection with business concerning which he gained information as a government employee.

Naturally, in the course of political events, all the higher officials of the Wilson administration, the department heads and bureau chiefs, were let out in order that their places might be filled by men pledged to reform the extravagant, wasteful and inefficient methods prevailing in the government service. Now it appears that a horde of these deserving Democrats have settled down in Washington, have got in touch with men who had dealings with their bureaus while they were in office, and are prosecuting their claims against the government. There is no need to characterize that sort of legal practice. Every citizen can easily make up his mind what he thinks of it.

It is to be hoped that not only will Congress enact a law effectually stopping this practice, but will conduct a public investigation which will disclose the names and official connections of the men who are thus betraying their country.

DUE PROCESS OF LAW

Whatever one may think of the prohibition law, there should be no difference of opinion on the question of search and seizure without a warrant. The Federal Constitution declares that "The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable searches and seizures, shall not be violated, and no warrants shall issue, but upon probable cause, supported by oath or affirmation, and particularly describing the place to be searched, and the persons or things to be seized." That provision was the result of experience with a British despot. Experience in our own government shows that frequently a bureaucrat becomes a despot, from whom the people need protection. "Due process of law" is as important today as it was prior to the Revolution.

PROTECTION FOLLOWS INDUSTRY

With the erection of a cotton mill in Arkansas, the cotton manufacturing industry extends its territory. With the extension of manufacturing will come a spreading of the support for the principle of a protective tariff. In the old days, when the South produced the cotton but left all the manufacturing to the North, there was little sentiment for protection South of the Mason and Dixon line. But North Carolina has become extensively engaged in manufacturing and there is a strong protection sentiment there, although the Democratic leaders are still able to control the state by appealing to prejudice more than half a century old.

Providence Journal—Every now and then Mr. Harding, in his capacity as Skipper of the Ship of State, lets it be known that his own firm hand is on the helm and the word is "Steady!"

Get prices on Mason Tires. They will surprise you. Charlevoix Co-operative Association. 32tf

CHARLEVOIX COUNTY AGRICULTURAL EXTENSION WORK

The recent demonstrations in poultry culling, conducted by E. C. Foreman, throughout the county were well attended. Mr. Foreman showed how five things should be learned about any hen. These five things were as follows:

1. Is the hen laying? 2. Is she going to continue to lay? or is she through laying for the year? 3. How many eggs has she laid during the season? 4. How many times has she been broody or taken a rest? 5. Does she lay three eggs a week or six eggs a week.

When these questions are answered, a person has a good idea whether or not a hen is a profitable one to keep in his flock. All those who heard and saw Mr. Foreman were able to answer these questions with a reasonable degree of accuracy and we feel that his work was very profitable to the county.

The Better Sires demonstration train, which arrived at Boyne City August 12, was enthusiastically received. Two good bulls were left in the county; one with T. S. Tunison at Bayshore and one with Albert Bathke and Frank Fox at Harton.

The Olden Knights Wore Shields

with certain family devices painted thereon. To protect the fair fame of these escutcheons, they fought hard and well and dealt squarely and openly.

Knaves without device lived fairly or unfairly as their bumper suited. They had no names to protect.

Today the knights of industry have devices—the advertised trademarks of their products. It is even more necessary for them to preserve a bright and spotless trademark than it was for an olden knight to keep his shield clean and fair.

Advertising focuses a million searchlights on a trademark. If it be worthy, it immediately

leaps into confidence and popularity. If it be unworthy it fails.

Buy advertised products. Read the advertisements to choose what you will buy.

You can be certain that every consistently advertised product is good.

The test of a million searchlights has proved it. The name of the manufacturer guarantees it. The trademark is your warrant of true quality.

Bay. The work of the Cow Testing association is progressing very nicely and showing some very interesting results. Elmer Ingalls of Charlevoix, owns the cow making the highest butterfat record for July. It is a grade Holstein and made 73.6 pounds of butterfat for the month. The Breezy Point Farm owns the cow which gave the greatest milk production, is producing 1,922 pounds for the month of July. These are very good records for common farm care and twice-a-day milking. Eleven cows produced over 50 pounds of fat and seventeen cows 1,250 pounds of milk. The average production of the 108 cows tested was 886 pounds of milk and 32.6 pounds of butterfat.

TIN CAN TOURISTS TO VIEW BEAUTIES OF TRAVERSE CITY

Word has been received here that the week beginning August 22, has been selected as the date of the summer convention of the Tin Can Tourists of the World at Traverse City, and it is expected that during that week several thousand members of this organization will flock here for this summer objective of the organization.

The Tin Can Tourists of the World issue a weekly newspaper and the edition of August 6 will be devoted entirely to the trip to that city, setting forth its advantages and the beauties of a tour through the surrounding country. Although no formal entertainment has yet been devised for the visitors, it is planned to stage several events for their benefit. The tourists will park at the fairgrounds, furnishing their own camping equipment.

Fred D. Curtis of Elk Rapids, proprietor of Ye Wayside Inn, a member of the organization and upon whose invitation at the Florida convention last winter the Tin Canners are going there, will confer with the local chamber of commerce officials concerning entertainment for the travelers.

You'll need a new traveling bag when you go on that vacation. Benj. Brown has a choice assortment to select from. 32tf

PROPER SHELTER FOR GEESE

Some Protection Should Be Provided During Winter and Stormy Weather—Have It Dry.

Except in winter or during stormy weather, when some protection should be provided, mature geese do not usually need a house. Some kind of shelter, such as a shed open on the south side, a poultry house, or a barn, is usually provided. The goose house should be kept clean and plenty of clean straw provided for the floor.

They're getting fewer but there still exists the kind of lawyer who thinks every judge and all jurors are deaf.

SUICIDES CLAIM 215 IN STATE

DEATH RATE HIGHER THAN FOR
TYPHOID FEVER

Estimate Michigan Loses 2,000 Years
of Productive Labor Through
Suicidal Deaths

While suicides do not show as morbid an increase in Michigan as in several states, the number of deaths from this cause is still alarmingly high, according to reports for the first six months of 1921 received by the division of vital statistics of the state department of health.

Suicidal deaths totaled 215 from January 1 to July 1, giving Michigan a death rate from this cause of 11.3 per 100,000 population, a rate higher than the typhoid fever death rate. Of this number, 166 were males and 49 females; 122 were married, and 47 were single, and the remainder widowed or divorced.

Firearms led all causes of suicide with 60 deaths, 56 of which were males and 4 females; poison claimed 49 deaths, 32 men and 17 women; strangulation 47 deaths, 39 men and 8 women; instruments 23 deaths, 17 men and 6 women; drowning 16 deaths, 11 men and 5 women; asphyxia 13 deaths, 6 men and 7 women; other means 7 deaths.

The age averaged forty-three years of those committing suicide, though in reality comparatively few persons in this age group were included, the preponderance of individuals being either considerably younger or older than 43 years. Statisticians of the division estimate that Michigan lost the equivalent of 2,000 years of one person's productive labor through suicides during the first half of the present year.

Card of Thanks

We wish to extend our sincere thanks to our friends and neighbors for sympathy shown us on the arrival of the remains from France of our beloved son and brother, Harry, and also for services rendered by Rev. Mayhew and A. B. Clark and also for singers and for neighbors lending their cars.

Mr. and Mrs. H. J. Potter and children.

"NEVER AGAIN," SAYS GEORGE LUSK, JR.

Admits Booze Interferes With Safe
Auto Driving

"Never again," says George Lusk, Jr., arrested Sunday for reckless driving after imbibing too freely of a brand of tanglefoot that made him believe that an ordinary country road was at least five rods in width and that he was entitled to occupy every foot of it with his automobile.

George while driving at a furious speed on the road leading to the Loeb Farms Sunday afternoon, forced a car driven by F. A. Cook and wife of Grand Rapids, and Miss Margerie Weaver of this city into the ditch and later ran into the young daughter of Mr. and Mrs. Dave Schweitzer, who was riding on her wheel, smashing the wheel and badly bruising the girl.

When brought before Justice Cooper Monday, he was in a repentant mood, and promised to be good in the future and "never again" drive his flivver while under the influence of booze. He drew a fine of \$50 and costs, with the admonition that if he repeated the stunt it meant a jail sentence and his driver's license revoked.

There are several others not a great distance from Charlevoix who deserve the same dose. An intoxicated man driving an automobile is a menace and may result in the death of some person or persons. This may be an object lesson to some of these men.

Mason Tires make more mileage. See Charlevoix Co-Operative Association. 32tf

WILL BE A LOSS TO COMMUNITY

Rev. Henry Candler Announces Intention of Leaving

Rev. Henry Candler who has had the leadership of the Charlevoix M. E. church has announced his resignation from this church and informs us that he has requested that he be removed from this circuit.

Rev. Candler came to this city from Petoskey three years ago. At Petoskey he left behind him a wonderful record and has continued to perform work of equal merit since coming to Charlevoix. It is doubtful if Charlevoix has ever had a pastor who has created the same feeling as has Rev. Candler. In announcing his departure we can but

quote the following statement taken from the Petoskey Evening News: "May the success that attended his work here be but a prophecy of a more splendid attainment in the city to which he goes, and may he ever bear in mind that the fervent, loyal, patriotic spirit which marked his work here in the various war activities, and his 100 per cent American utterances will not be forgotten."

Throw away that old suit case and buy a new one for that trip you intend to take this fall. We have them. Benj. Brown. 33tf

DEATH CLAIMS MRS. JOSEPH SPIRK

Deceased Leaves a Husband and Three Children

May Sprik, wife of Joseph Sprik, died at her home in Norwood township Tuesday morning, August 16th, at the age of 59 years.

The deceased was born in East Saugatuck and has long been a resident of his section during which she has made many warm and faithful friends by whom she will be greatly missed. She leaves to mourn her departure, her husband Joseph Sprik and three boys, Berk, John and Elmer.

The funeral will be held Friday morning from the Atwood church and the remains will be laid to rest in the Atwood cemetery.

If you are going on a long trip, you'll need a new trunk. We have the best line in this section. Benj. Brown. 33tf

Returned from Long Auto Trip
Orton Vandusen, wife and daughters, Hazel and Lulu, and Alfred Vandusen of near Charlevoix, returned Sunday from Mayville, Wis., where they had been spending ten day visiting Mrs. Vandusen's uncle, L. D. Blanchard. They made the trip by auto to Ludington, thence across Lake Michigan to Milwaukee by boat, and from there to Mayville by auto.

CONGREGATIONAL CHURCH

Morning worship with sermon at 10:30. Dr. Lampe will preach the sermon from the subject, "The More Excellent Way." Dr. Lampe needs no introduction to Charlevoix summer audiences and his many friends will be delighted to hear him this season.

There will be a dance at the Maple Grove Grange hall, Wednesday, August 24. Everybody come. 321f

COURT ADJOURNS TO SEPTEMBER 5th

Some of the Cases Disposed of During Short Session

The August term of circuit court has been adjourned to September 5th, when it is hoped many cases will be cleared up. During the few days the court was in session, the following cases were disposed of:

Vandorne Riffenburg, charged with larceny, plead guilty and is being held for disposal.

Albert Sczap, the young lad who held up a resort on the golf links plead guilty and was sentenced to 10 months to serve from one to five years. The judge recommended 18 months.

Gordon Thorpe and Grace Aphlanalp, charged with grand larceny. These two were mixed up in a deal where a diamond ring and watch were found missing while being taken to Petoskey. Grace plead guilty and Thorpe not guilty and will stand trial.

Frank Trombley, the young lad who has been the cause of Sheriff Weaver spending many sleepless nights, and who recently escaped from the county jail, charged with burglary drew a sentence of from one to five years at 10 months, with recommendation of 18 months from the judge.

Charles McClintock, in for larceny, and Alton Dye for taking improper liberties with a female child, were sent to the State Industrial school, McClintock until he is 18 and Dye until he is 17 years of age.

Two other cases of minor importance were disposed of, and the eighteen men seeking to become American citizens were heard Tuesday.

Coming Again

Another one of those rousing Epworth League socials where everyone has a good time laughing at the other fellow. Forget your old age and grow young once more. \$5.00 FINE MAY BE ASSESSED

UNDER NEW STATE LAW RE-
CENTLY PASSED

Against Those Who Neglect to Equip
Their Wagons and Buggies, and
Other Vehicles with Lights

According to the new law passed, all horse-drawn vehicles must be provided with a tail light, the same as automobiles. House enrolled Act No. 73 provides:

"Section 1. It is hereby declared to be unlawful for any person to drive, or cause or permit to be driven, upon any incorporated village or city street or a trunk line highway of this state, any vehicle, including wagons, buggies and carriages, drawn by horses or other draft animals, during the period, or any part or portion thereof, from one hour after sunset to one hour before sunrise, unless there shall be displayed in a conspicuous place on the left side of such vehicle a light of such an arrangement and character that the same may be plainly seen from the front or rear at a distance of not less than three hundred feet.

"Section 2. Any person violating the provisions of this act shall be

deemed guilty of a misdemeanor and upon conviction thereof shall be liable to a fine of not more than five dollars."

House enrolled Act No. 60, which amends Act 132 P. A., 1917, is an act to regulate the operation and use of vehicles on the highways. It reads:

"Section 1. It shall be unlawful to operate any vehicle upon the public highways of this state, the gross weight of which exceeds fourteen tons: Provided that in no case shall the weight of the load of any motor vehicle so operated, other than trucks, having a rated capacity of two tons or less and equipped with pneumatic or cushion tires, exceed the carrying capacity of such vehicle as rated by the manufacturer.

"Section 7. All motor trucks or trailers, now operating or hereafter placed in operation, upon the public highways of this state, shall have placed upon them information relative to their height of wheel, width of tire, gauge, width over all, weight and carrying capacity as rated by the manufacturer. This information shall be conspicuously placed upon the vehicle.

"Section 17. For the purpose of carrying out the provisions of this act all county and township highway commissioners shall have all the powers that are or may be vested by law in deputy sheriffs and it shall be their duty to enforce the provisions hereof. Said officers shall have power to arrest on sight or upon warrant any person having violated any provision of this act. Any such commissioner who shall wilfully disregard enforcing the provisions of this act shall be guilty of a neglect of duty, punishable by removal from office. Any such commissioner so removed shall be disqualified from holding said office for a period of two years thereafter."

Mason Tires make more mileage. See Charlevoix Co-Operative Association.

Early Savings Banks.

The first savings bank in America was opened in Boston 104 years ago, December 13, 1816. In the same year an institution called the Philadelphia Savings Fund society was established. The third institution of this kind in America was founded in New York in 1819. The first regular savings bank was established in Hamburg in 1778 and the second in Bern, Switzerland, in 1787. The oldest savings bank in the world is in Zurich, Switzerland, and is now in its one hundred and seventeenth year. The first regular savings bank in Great Britain was opened in Edinburgh 107 years ago.

The Happy Man.

That man is always happy who is in the presence of something which he cannot know to the full, which he is always going on to know. This is the necessary condition of a finite creature with divinely rooted and divinely directed intelligence; thus, therefore, his happy state—but observe, a state, not of triumph of joy in what he knows, but of joy rather in the continual discovery of new ignorance, continual self-abasement, continual astonishment.—Huskin.

Burmese Fond of Flowers.

Who would suspect that in the tropics, in sun-drenched Burma itself, there are acres of gardens given over to nothing else but the cultivation of roses? All through the hot weather, in Lower Burma, they flourish; not till the rains break are they bent to earth and almost wasted away. The Burmese are very fond of flowers; no Burmese house is without them; they are lavished on the pagodas, and women decorate their hair with them.

Before the Speech.

Some orators start with a rush, others begin quite slowly. A speaker we know has the habit of striding meditatively across the stage once or twice before he begins his address. On one occasion we heard a lively young fellow in front of us whisper to his girl with reference to the peripatetic gentleman on the platform: "That, I suppose, is his preamble."—Boston Transcript.

COUNCIL PROCEEDINGS

Council Chambers, August 15, 1921

The Common Council of the City of Charlevoix met on the above date Mayor Wilbur presiding. Ald. presen-

ber, Bergeon, Genett, Hamilton, Levinson and Wood.

Minutes of meeting held August 8th, 1921, were read and approved.

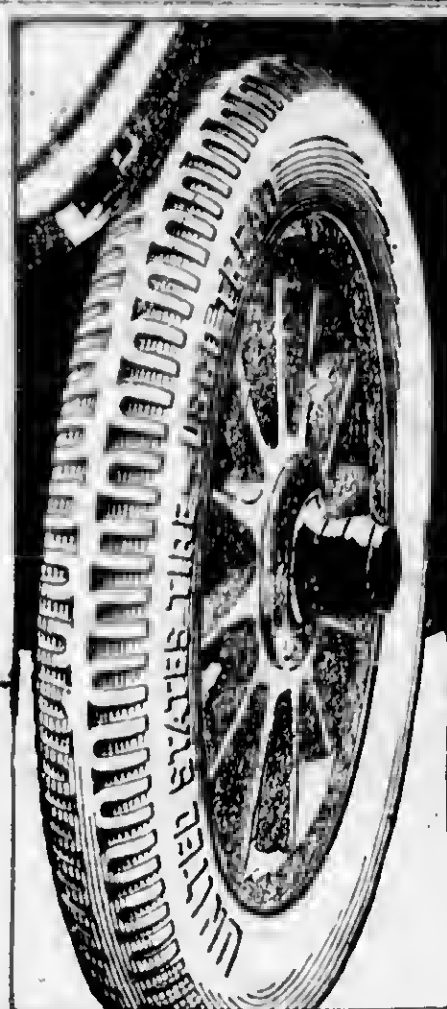

The Communication from Charlevoix Baseball Club was referred to Advertising Committee.

Moved by Ald. Levinson seconded by Ald. Genett that the report of Electric Committee be accepted and made a part of the minutes. Motion carried.

To the Honorable, the Mayor and Common Council of the City of Charlevoix:

Your Committee on Electric Light having had under consideration a preliminary investigation of the present electric lighting situation begs leave to submit the following partial and preliminary report:

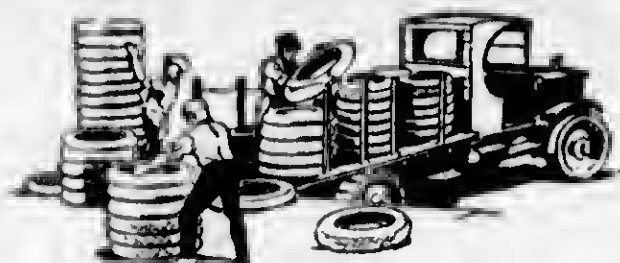

The need of an auxiliary power plant is, in the opinion of your committee beyond all question. With the maximum head of water at the Bellaire dam and the plant running at full capacity the load will be all or more than can be carried. With another adequate water pump in operation and the contemplated street

THE U.S. USCO TREAD

Here is the U. S. Usco Tread, with a long-established standard of service among motorists who have an eye to value, as well as to price. While selling for less than the other tires in the U. S. Fabric line, the Usco has earned a reputation for quality and dependability economy which is not exceeded by any tire in its class.

From the makers of U.S. Royal Cords to the users of Fabric Tires

"Giving to the fabric tire user fresh, live tires. Being made now. Being shipped now."

In all of modern merchandising the biggest conundrum is the fabric tire situation.

Around 70% of all car owners use fabric tires.

Their instinct for quality is as strong and insistent as any one else's.

Why, then, are they offered such hodge-podge stocks of "discount tires," "odd lots," "seconds," "retreads" and other so-called bargains of uncertain origin?

Sooner or later the public always seeks out quality. As a matter of self-protection—if for no other reason. The out-and-out opinion in favor of U. S. Fabric Tires has spread more this year than it ever did.

People have gotten very close to the U. S. policy. Felt it. Benefited by it. And passed the word along.

It's a policy settled to one standard for all U. S. Tires. Whether fabrics or cords. Small sizes or large.

Giving to the fabric tire user fresh, live tires. Being made now. Being shipped now.

All the original U. S. vitality and service comes through when you buy a U. S. Fabric Tire.

"Usco," "Chain," "Nobby." Three different treads.

Built by the same brains, the same policy, the same quality ideals that have made U. S. Royal Cords the standard measure of tire worth.

Ellsworth Section

ELLSWORTH

Arthur Gidley and family spent Sunday with friends at East Jordan. Mr. and Mrs. A. N. Nicholls entertained friends from Lansing the first of the week.

Reed and Craft of East Jordan are busy this week wiring the town for electric lights.

The painting on the Donald Patterson home is nearly completed and presents a classy appearance.

Ellsworth and Phelps are scheduled for a ball game at Ellsworth grounds on Wednesday, August 24. Mrs. Hans DeYoung is at Lockwood hospital recovering from an operation performed by Dr. B. J. Benker.

Harry Kling and family of East Jordan and A. J. Goldstick and family of Bellaire spent Sunday at the Weiss home.

Rev. L. W. Sturk is wearing a smile over the arrival of a new son, which occurred on Monday evening of this week.

Mr. and Mrs. A. J. Usher and daughters Lucille and Alice of Charlevoix were Sunday callers at the A. L. Ely home.

A. H. Hicht of Detroit who has been spending the past two months at the New Orient Hotel left on Sunday for his home at Detroit.

Mrs. Truhrick, Mr. and Mrs. Howard Bailey and daughter and Mr. Jarvis of Alba were Sunday guests of Mrs. Grace McElroy and family.

Mrs. John Aardema is busy this week entertaining her mother, Mrs. Workman and sister, Mrs. Peter Huizinga and daughter of Chicago. E. A. Cranmer and Bun Anderson of Alden were in town one day last week advertising the annual regatta held at Alden on Wednesday of this week.

Rev. E. F. Vane and family of Empire spent Monday and Tuesday at the Robert Speyer home and attended the re-dedication of the M. E. church.

Rev. G. W. Heeres of Kingswood, Ky., will give an address at the Holiness church on Sunday evening, August 21. His subject will be, "Signs of the Times Fulfilling Bible Prophecy." This will be very interesting and you are cordially invited to attend.

Julius Elzinga left for Grand Rapids on Saturday where he will begin

work for the Gleaners Clearing House association. On Wednesday evening about thirty of his friends and neighbors gathered at the home of his parents, Mr. and Mrs. Martin Elzinga to wish him good luck.

Mr. and Mrs. Dan McPhee and little son, who have been visiting for the past two weeks at the Dellne home, left the first of the week for Evart enroute to their home at Detroit.

Dr. and Mrs. C. C. Vardon of Detroit who have been visiting friends here and at East Jordan for the past week spent from Friday until Sunday at the Dr. Beuker home.

Mr. and Mrs. Arthur Palmer and son, Perry, and Mr. and Mrs. Geo. Watson of Chicago, arrived at the Geo. Liberty home on Monday after a motor trip through Illinois, Wisconsin and the upper peninsula of Michigan by way of Duluth. They report the roads of the upper peninsula the best of any over which they traveled.

The re-dedication of the M. E. church which took place on Monday afternoon of this week was attended by a large crowd each and every one of whom enjoyed the services. The principal address was delivered by Bishop Henderson of Detroit and splendid talks were also given by District Superintendent R. J. Slee, of Traverse City; Dr. Hugh Kennedy, of Detroit, secretary of the centenary; and the Rev. John W. Sheehan of Petoskey. Over thirteen hundred dollars was subscribed during the services.

MILES DISTRICT

Mr. and Mrs. E. Miles went to East Jordan to see the ball game.

Clarence LaLonde is again on the job hauling gravel this morning, Monday.

Loberta Stewart and Vera Hipp and Josie Hammond of East Jordan visited with Esther LaLonde a few days last week.

Mrs. Anna LaLonde received a box of oranges last week from her brother-in-law, John Swoboda of El Capon, Calif.

Lewis Kowalski of Rock Elm district and Clyde Strong and Mr. and Mrs. A. Miles and Manila Miles spent Sunday at the camp, Snowflake.

Mrs. Carl VanTenBurg and children and her sister Marion Schilling of Grand Rapids is visiting at the home of her sister-in-law, Mr. and Mrs. John Steenhagen.

Chester Shaw of Detroit, who was visiting his uncle, Mr. and Mrs. Fred Bancroft returned to his home last Saturday. His brother Earl who has spent some time here went home with him.

Clarence LaLonde and mother and sister took dinner Sunday with the Stewart family in East Jordan and from there motored to Charlevoix to the home of Mr. and Mrs. Chas. Withers for the evening.

FAIRVIEW, BANKS

George Postmus is home from Lansing.

The threshing machine is in the neighborhood.

Richard Kass is home after attending school at Big Rapids this summer.

Jessette Shooks is recovering from a severe attack of bronchial pneumonia.

Cora Kuiper of Kalamazoo is visiting with friends and relatives in this neighborhood.

Rev. Beute and family left last week on their vacation in the southern part of the state.

Charley Wielenga and John Hofstra of Grand Rapids are visiting relatives and friends here.

Mr. and Mrs. John DeGroot and children of Maple Villa were Friday visitors at the DeGroot home.

Wm. Staal, Sr., and John Timmer, Sr., of Zeeland, Mich., are visiting at the home of H. J. Timmer for an indefinite time.

Mr. and Mrs. G. Bogart of Grand Rapids returned Friday after spending their vacation with their parents Mr. and Mrs. S. Venema.

Mason Cord Tires and Heavy duty tubes at the Charlevoix Co-Operative Association.

POTATO OUTLOOK IN MANY COUNTIES

Manager of Ellsworth Produce Co. Tours Western Michigan

In an endeavor to obtain a fair estimate of the potato outlook for this section of Michigan for this year, Mr. and Mrs. C. E. Bearss and Mr. and Mrs. M. R. Nelson spent from Friday until Tuesday in a motor trip in which the counties of Grand Traverse, Manistee, Mason, Lake, Oceana, Newaygo, Mecosta, Osceola, and Wexford were visited and the following is reported by Mr. Nelson: Eight hundred fifty eight fields were inspected with the following estimate: 418 fields showed a probable crop of from 150 to 200 bushels or over; 250 fields were fair showing a probable yield of from 100 to 150 bushels per acre and 190 fields were poor a probable yield of less than 100 bushels being the prospect.

Inquiry shows a much larger acreage than last year and an excellent rainfall for the potato crop is being had.

During a 42-mile drive in Mecosta county only two poor fields of potatoes were encountered the showing in this county being the best on the route while Oceana county was the poorest seen on the trip. The sandy land and dry weather early in the season probably accounting for this. Bean prospects are only fair with a short acreage.

EXTERMINATE CHICKEN LICE

Several Kinds of Powdered Substances Found to Be Effective Against Parasites.

Experiments to determine what substances are best for exterminating or keeping under control chicken lice have been made by the United States Department of Agriculture.

The following is a list of powdered substances that were found to be effective against chicken lice when used as dusts: Arsenic trioxide, barium fluoride, barium tetrachloride, borax, boracic acid, cloves, naphthalene, paradichlorobenzene, salicylic acid, sodium fluoride, sodium borate, and sulfur. Only a few of these materials can, however, be considered of any

Sodium Fluoride Dusted in Feathers Will Keep Lice and Mites Off of Fowls.

practical value in the control of chicken lice. Arsenic trioxide is too poisonous, barium fluoride, cloves, salicylic acid and paradichlorobenzene are too expensive, or not readily available in large quantities; naphthalene is dangerous if applied too freely, and barium tetrachloride does not kill all the lice. Sodium fluoride is the most practical remedy given in this list.

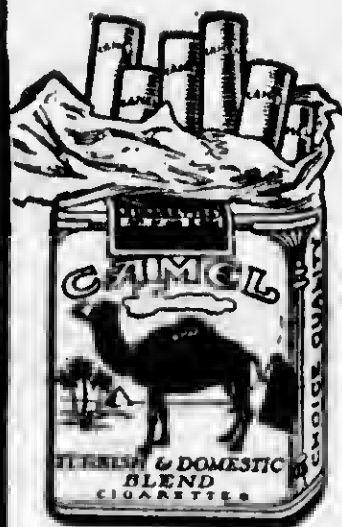

The materials listed below were found to be of no value against chicken lice in spite of popular opinion regarding many of them:

Angellin root, calcium carbonate, calcium fluoride, calcium hydroxide, calcium oxide, calcium sulphate, colcothine, finely divided earth, dolomite lime, finely divided leaves, ferrous oxide, flour, gypsum, kieselguhr, lime (air slaked), lime (water slaked), magnesium carbonate, magnesium oxide, magnesium silicate, orris root, quassin chips, road dust, silica, sodium bicarbonate, vermillion, yellow ochre.

The fact that 26 different finely powdered materials—7 organic and 19 inorganic—were found to be of no value shows the fallacy of the old idea that any fine powder is effective against chicken lice if dusted into the feathers.

If your tongue is hasty your progress will be slow.

Here's why CAMELS are the quality cigarette

BECAUSE we put the utmost quality into this one brand. Camels are as good as it's possible for skill, money and lifelong knowledge of fine tobaccos to make a cigarette.

Nothing is too good for Camels. And bear this in mind! Everything is done to make Camels the best cigarette it's possible to buy. Nothing is done simply for show.

Take the Camel package for instance. It's the most perfect packing science can devise to protect cigarettes and keep them fresh. Heavy paper—secure foil wrapping—revenue stamp to seal the fold and make the package air-tight. But there's nothing flashy about it. You'll find no extra wrappers. No frills or furbelows.

Such things do not improve the smoke any more than premiums or coupons. And remember—you must pay their extra cost or get lowered quality.

If you want the smoothest, mellowest, mildest cigarette you can imagine—and one entirely free from cigarettey aftertaste,

It's Camels for you.

SPINOLOGY

by John H. Albert, D. C.
Postoffice Bldg.
Charlevoix, Michigan

Chiropractic is the manipulation of the spine to relieve pinched nerves. Much misinformation has been given about chiropractic by persons who know little or nothing about it. Many times people are led to believe that chiropractic adjustments are severe and painful. This is not the case except in rare instances where the subluxation are gross and of long standing and then not as painful as people are led to believe by the enemies of chiropractic.

Why all this stress on the spine? Because it is from the spine that every function of the body is controlled.

The spine is a wonderfully clever and complex structure made up of many bones called vertebrae. Twenty-four of these are set one upon the other like a column of blocks. The spinal column is the foundation of the whole body, and upon its integrity depends the health and strength of every individual.

If the spine was a solid column, its function would be to merely give support to the body. But this is not the entire function of the spine. In fact only a minor part of the function of this wonderfully constructed column. The blocks that go to make up the spine are of irregular shapes in part, they are hollow, being set upon each other these hollows form a tube or canal which contains the extremely delicate and important structure, the spinal cord.

The spinal cord is made up of nerve fibres and is really an extension of the brain. Between each of the spinal vertebrae a bundle of nerve tissue is given off through what is known as foramen. These various branches control the various organs of the body. It is at these places that nerves become impinged or pinched, such pinching causing the organ supplied by the particular bundle to function abnormally. That is why the chiropractic physician adjusts certain definite vertebrae for certain definite disorders.

The failure of an organ to work is a symptom or effect of an underlying cause; the effect is not the cause. The chiropractor goes beyond the effect relieving the pressure on the pinched nerve thereby removing the cause of the disease.

Dr. Osier, "Dean of American medicine" says, "sensible doctors have reached the conclusion that typhoid fever is not a disease to be treated with medicine." Dr. Arthur D. Revan of Chicago, says, "Drug treatment is useless in cases of pneumonia." Sir Frederick Treves, once physician to the King of England, once said, "the time is not far distant when people will leave off the extraordinary habit of taking medicine when they are sick."

Chiropractors have been telling you this for twenty-five years and pointing to the logical and sensible way to get well when you are sick—"remove the cause." To stay well get your spine remains normal.

WATER SCARE NOT WARRANTED

DOCTORS DECLARE NO DANGER FROM INFANTILE PARALYSIS

Has Been But Two Cases in City During Summer Which Were Far Apart

The scare that has developed in Charlevoix recently in regard to the so-called infantile paralysis epidemic is subsiding due to the fact that the rumor circulated is absolutely without grounds. Many summer visitors were frightened by the stories circulated, but upon consulting the local physicians have found out the facts in the case and are remaining.

It is true that there has been two cases of infantile paralysis in the city this summer, the first developing on the Belvedere on July 20th. The patient in the case is now practically recovered. The second case broke out on the 10th of this month on Michigan avenue, nearly a mile away and in neither case is the water responsible. The child on the Belvedere had been drinking the water from the mineral spring which is absolutely pure.

The reports that have been in circulation that throngs of people were leaving Charlevoix is also untrue. Some have left due to the scare it is true, but more have left due to the cooler weather and the ending of vacations, and the number was far from the 300 as stated in a Chicago newspaper.

Our line of leather bags is hard to beat. All kinds of prices. Benj. Brown.

MANY ATTRACTIONS AT FARMERS' RALLY

Long List of Sports Besides Speakers and Ball Game

Plans made for the Farmers' Rally here on August 19th indicate that there will not be a dull moment during the entire day, and the hundreds of grangers expected in attendance will be entertained in a manner they will not soon forget.

State Master A. B. Cook's address alone will be well worth coming miles to hear, and State Lecturer Dora H. Stockman is a drawing card for any event of this kind.

Peninsular Grange has challenged any grange team in the county for a ball game, and without doubt will meet a team that can put up a good game. Other stunts booked for the afternoon are as follows:

Boys' running race, 100 yards, 16 years and under.
Boys' running race, 100 yards, 17 years and over.
Girls' running race, 100 yards, 16 years and under.
Girls' running race, 100 yards, 17 years and over.
Fat man's race, 100 yards.
Sack race, 50 yards.
Three-legged race, 50 yards.
Boys' running broad jump, 16 years and under.
Boys' running broad jump, 17 years and over.
Free for all boxing match.

Attention! Get in line and follow the crowd next Sunday evening and enjoy one of the largest and most helpful young peoples' meeting ever held in our city. Miss Cora Driggett is the leader. She has something worth while in store for you. The music will be fine. The topics are interesting. The leaders are helpful. The services are profitable. You can't afford to be the loser by not attending. The time is 8:30. Come early and get a seat.

BAPTIST CHURCH

Services at 10:30. Joseph Hazen, D. D., of Peoria, Ill., will preach for us.
Sunday school at 11:45.
Preaching and B. Y. P. U. at eight sharp.
Annual business meeting the first Monday in September.

THAT DULL ACHING

Don't worry and complain about a bad back. Get rid of it! For weak kidneys, lame and aching backs, your neighbors recommend Doan's Kidney Pills. Ask your neighbor! Read this statement:
Mrs. Leo Allard, 210 W. Upright Ave., Charlevoix, says: "There was a constant, dull, heavy ache in the lower part of my back. My kidneys acted irregularly. Doan's Kidney Pills, which I got at Metcalf's Drug Store, cured me."

AT THE MOVIES

E. H. Griffith is the director of Miss Marguerite Clark's latest production, "Scrambled Wives," which will be the attraction at the Palace Theatre for next Tuesday. Mr. Griffith has made a record for himself in a number of recent successful productions, among them "The Garter Girl," "The Vice of Fools," and more recently "If Women Only Knew."

Tom Mix is announced by the Majestic Theatre as the attraction at that house for next Saturday and Sunday. He is to appear in his latest Fox picture, a "Western" entitled "The Big Town Round-Up," of which William McLeod Raine, the noted fictionist is the author.

According to report Mix has been a story which keeps him at "concert pitch" from start to finish. In fact it is declared that for speedily and sensational action it never has been surpassed by any photoplay in this lively star's long list of successes. That statement certainly sets a pace calculated to interest anyone who has seen Mix on the screen in a Fox production.

Mix so often has made a new record in daring stunts after he had apparently reached the limit, that nothing is now likely to surprise his army of admirers. But all who are strangers to his work might well carry shock absorbers with them to the theatre. For he simply can't help doing things which thrill in the nth degree.

The reason there are so many poor people is that so many huy things with the money they hope to get.

The Store Where Economy Rules

Economical housewives have come to realize that the place to trade is where fair and reasonable charges are asked for every day in the week. A comparison of prices has convinced many. Are you one of them? As leaders we will offer:

5 lb. Can Calumet Baking Powder	\$1.00
Large Box Oatmeal for	30c
Butter Crackers by the box, per lb.	14c
No. 1 Red Salmon, per can	35c
Large Can of Pork and Beans	10c
Lb. Cans of Sardines	18c

MEAT DEPARTMENT

In the lines of Meats, Poultry, Fish or Smoked Meats, you will find us well supplied with just what you want:

Home Dressed Spring Chickens, per lb.	38c
Home Dressed Hens, per lb.	32c
Leg of Spring Lamb, per lb.	35c
Shoulder of Spring Lamb, per lb.	25c
Lamb Stew, per lb.	12c

CHARLEVOIX COURIER

VOLUME 29. NUMBER 34.

EIGHT PAGES

COURIER, CHARLEVOIX, MICH., WEDNESDAY, AUGUST 24, 1921

PRICE \$2.00 PER YEAR

CHARLEVOIX WATER PRONOUNCED PURE

SOURCE OF CONTAMINATION DISCOVERED AND CORRECTED—CITY OFFICIALS HAVE PUT FORTH EVERY EFFORT TO RECTIFY AND ADJUST CONDITIONS

Again we are drinking PURE water, the kind of water that has made Charlevoix famous the world over as a resort and playground for summer visitors from every state in the Union.

R. M. Olin, M. D., head of the State Department of Health, under whose direction the recent trouble has been handled, has pronounced our city water pure and perfectly safe for drinking purposes. This information relieves a situation that has been tense for the past five weeks or more. When the information was first given out by the City Health Officer, R. B. Armstrong, that our water supply was contaminated, it was hard to believe, especially as samples of the water had been sent to Ann Arbor for analysis in May, and pronounced pure. But subsequent tests revealed a situation that was bad and immediately every effort was put forth to discover the source of contamination.

It was found at the water works plant. Conditions unsuspected, also unwarranted, were discovered. Who's to blame? Many ask this question. No one particularly—just a sudden climax, created largely by the extremely abnormal weather conditions which have existed during the present season. More water by thousands of gallons have been used in the city this year than ever before. In fact, at one time more water was being used than could be pumped from the wells.

But these conditions, especially the source of contamination, have been corrected. Every city official has been on the job day and night, with the result that today we can say to all, "drink your fill of our water, it is pure."

The State Board of Health made certain recommendations and changes about the plant. These have been accomplished to the letter. City Engineer R. F. Sloan, under whose directions this "reconstruction period" has been carried on, states that every recommendation of the State Board of Health has been made. Nothing has been overlooked. Charlevoix's water supply is being zealously guarded day and night, and WILL be from now on.

We can safely say to our summer visitors as well as year round residents that no recurrence of water contamination in Charlevoix will ever happen again. We believe the disastrous results of the present situation will be a lesson never to be forgotten. We do not criticize our summer people for becoming alarmed over the situation, as they had just cause. But we do ask them to bear with us by what assistance they can render, help in the corrections being made.

Charlevoix has been, using the popular term, "up against it" this year in more ways than one. But we have overcome the water situation, we promise pure water and all that is needed. If our present wells are inadequate, new wells will be sunk, which will furnish all needed. Next season you will not be asked to refrain from sprinkling your lawns or to curtail the use of water in any manner whatsoever. The supply will be adequate.

Below we print in full the report received by Mayor O. E. Wilbur from the State Board of Health, and following this is the progress report and recommendations of City Engineer R. F. Sloan. Read both carefully as the real situation is given therein:

Michigan Department of Health.
Lansing, August 22, 1921.
Mr. O. E. Wilbur,
Charlevoix, Mich.

Dear Sir—An investigation made on July 24, by a representative from the Resort Sanitation Unit of the Michigan Department of Health, disclosed several conditions about the city water works which were a menace to the safety of this supply and a danger to the health of the water users.

To protect the health of persons using the Charlevoix water supply, representatives from this department have informed members of the City Council that it was necessary that immediate steps be taken to remove all sanitary sewers from the immediate vicinity of the well and infiltration gallery and that as soon as reasonably possible, further improvements should be made to insure the safety of this supply.

Nine samples of water taken from the collection and distribution system were examined in the laboratory of the Resort Sanitation Unit between the dates of July 24th and 31st, and found to be dangerously contaminated.

On July 31st an emergency chlorinator was installed and it was hoped that this would soon care for the dangerous condition, but it was found that unreliable pumping machinery made it necessary to use different pumps connected with separate suction mains at different times and as the chlorinator could not be readily moved, chlorination could not be carried out continuously.

On August 4th a chlorinator was ordered from the manufacturer by

your city officials and was installed a few days later. The emergency chlorinator installed by the State Department of Health is still being used at the pumping station.

The chlorination if continuously and carefully carried out, will safely protect the water users in your city. Sixteen samples collected from the water system since chlorination was begun have shown the water to be safe for use.

I believe that the improvements outlined by your engineer will, when completed, result in a good, safe water supply for your community, but until these improvements are finished, it will be necessary to continue chlorination to properly protect the water users.

To safely control any water purification process, it is necessary that frequent laboratory examinations be made to show results of the treatment. A resolution of the State Department of Health, a copy of which is enclosed, requires that suitable laboratory facilities be provided by the city and monthly reports from these laboratories be forwarded to the State Department of Health.

It will be necessary for the proper protection of health in your community to continue chlorination until necessary improvements to the water system are finished and laboratory results have shown that all danger has been removed.

For satisfactory laboratory control of the purification process, it will be necessary to establish a laboratory in your city and place this in the hands of a competent analyst

(Continued on page 8)

RAN HEAD-ON INTO CEMENT BRIDGE

Accident Took Place While on Return Trip from Kinsman, O.

An auto accident which could easily have resulted in death or serious injury to both driver and companion, took place about 8:30 Saturday evening while Mr. and Mrs. R. L. Lewis were returning from an auto trip to Kinsman, O., where they had been visiting Mrs. Lewis' parents.

They were but a short distance from Paris, near Grund Rapids, where the road narrows down and crosses a cement bridge. In some manner Mr. Lewis, who was driving, failed to remember this point which is dangerous and where several accidents of a like nature have taken place, and kept to the side of the road, striking the cement abutment of the bridge, head-on.

Mrs. Lewis was thrown by the impact of the car, against the windshield, breaking the heavy glass and denting the framework. Besides having her nose broken, she received painful bruises about the head, which almost rendered her unconscious, but after a short rest while the car was being repaired, continued on the trip home, arriving here Sunday.

Mr. Lewis states the weather was extremely cold and with the curtains up and the windshield covered with frost, he was hardly able to keep in the road.

SPEED LIMIT NOW 35 MILES

NEW STATE LAW WENT INTO EFFECT AUGUST 18

Trucks Must Be Equipped with Mirrors That Give View of Road to the Rear

You can step on 'er now. The new state law, increasing the speed limit on country roads from 25 to 35 miles per hour became effective August 18.

Just what difference the effectiveness of the increased speed limit will make, in all but a few localities, is somewhat of a question. Ever since the law was enacted state officials have been frowning upon the practice of arresting violators of the old law—if they stayed under the limit of the new law. Sheriffs and local authorities were notified of the change and asked to use discretion until the eighteenth. According to reports received here, they have done so except in a few localities. In those few apparently the local officers insisted upon upholding their belief that the law is the law.

Along with the increased speed limit comes several other changes in the statutes governing the operation of motor vehicles. Mirrors must be carried on all motor trucks of more than 1 1/2 ton capacity on country roads. All cars, when parked within the city limits of any city, must display both rear and front lights. There are several other minor changes in the laws regulating lights and license plates.
